LONG-TERM DIESEL SUPPLY AGREEMENT SECURED WITH CAMBRIDGE GULF FOR SORBY HILLS

Boab Metals Limited (“Boab” or “the Company”) advises that its wholly owned subsidiary, Sorby Management Pty Ltd, has executed a **six-year Diesel Supply Agreement** with **CGL Fuel Pty Ltd**, a subsidiary of Cambridge Gulf Limited, for the Sorby Hills Silver-Lead-Zinc Project (“Sorby Hills, the Project”).

The Diesel Supply Agreement (“the Agreement”) provides a **secure, reliable and long-term fuel supply solution for Sorby Hills** during construction, commissioning and operations, and further strengthens the Project’s readiness as development progresses towards first concentrate production in the second half of 2027.

Highlights

- Long-term Diesel Supply Agreement for Sorby Hills executed.
- Secure, locally supported supply chain through Wyndham Port and direct delivery to site.
- Onsite fuel storage and dispensing infrastructure to be provided as part of the Agreement.
- Enhanced cost predictability and operational resilience to support the transition of Sorby Hills from construction to first production and beyond.

Boab Metals CEO, Simon Noon, said:

*“This agreement ensures Sorby Hills has a **stable, local and dependable fuel supply** as we move through construction and into operations. With recent regulatory approvals and early works advancing, securing this arrangement with Cambridge Gulf further de-risks the Project and supports our pathway to first production.”*

Authorised for release by the Board of Boab Metals Limited.
