## RIGHTS ISSUE ALLOTMENT

Emu NL (**ASX: EMU**; “**EMU**” or “**the Company**”) advises that under the terms of the non-renounceable rights issue prospectus dated 25 March 2026 (**Offer**), the Offer closed on 16 April 2026.

The Offer comprised a pro rata non-renounceable entitlement issue of approximately 146,610,377 fully paid ordinary shares in the capital of Company to Eligible Shareholders on the basis of:

**One (1) new fully paid ordinary share (FPO Share) for every two (2) Shares held as at 5.00pm (AWST) on Monday 30 March 2026 (the Record Date) at an offer price of \$0.025 each:**

**Applicants will also be issued with one (1) free attaching option for every one (1) FPO Share applied for, with these options being exercisable at \$0.03 each on or before 31 January 2027 (New Options).**

Eligible shareholders have subscribed ~\$1,634,240 for ~ 65,369,577 shares. The Company appreciates very much that support and advises that holder statements in relation to accepted entitlements are expected to be issued tomorrow.

As previously advised, funds raised will be directed toward a focused reverse circulation and diamond drilling programme at Yataga Valley to directly test the core of the system.

The programme is designed to drill beneath coherent copper anomalies, intersect geophysical chargeability zones interpreted as sulphide mineralisation, and validate the geological and structural framework of the intrusive core. It is also expected to deliver high-quality geological data to refine the model and guide follow-up drilling.

Drill targets have been generated, and a contractor has been engaged, with appropriate rigs and support equipment secured for an estimated 10,000 metre programme.

This will be the first meaningful test of the heart of the Yataga Intrusive Complex.

The shortfall of ~\$2,031,020 (~81,240,800 shares) (the “**Shortfall**”) is not underwritten, but Martin Place Securities Pty Ltd (**MPS**) were appointed as lead broker on a best endeavours basis and Lazarus Advisory Pty Ltd (**Lazarus**) appointed as advisors to the Offer. The Company has notified MPS and Lazarus of that Shortfall.

The capital structure of the Company following issue of these securities will be as follows:
