## QUARTERLY ACTIVITIES REPORT

### FOR THE THREE MONTHS ENDING 31 MARCH 2026

Perth, Western Australia – 28<sup>th</sup> April 2026 – Oil and gas producer, Stonehorse Energy Limited (**ASX:SHE**) (**Stonehorse** or the **Company**) is pleased to present this Quarterly Report for the quarter ended 31<sup>st</sup> March 2026.

#### Operational Highlights:

The consolidated financial results across the Stonehorse group entities: Stonehorse Energy Limited (SHE), Stonehorse Canada Corporation (SCC), and Lone Star Energy Limited (LSE) for the Quarter ending 31<sup>st</sup> March 2026 have been consistent with no significant disruptions to operations.

SCC participated in 3 additional Drumheller development wells in the quarter. The Drumheller 2, 3 & 4 were all safely drilled and completed to plan and below budget. A production performance update will be released in May 2026, following well flow-back and clean-up.

#### Key Financial Highlights

##### Income from Operations:

With a full quarter of production from the Drumheller #1, the company's Canadian business provided a significant portion of the revenue. Higher oil prices in March through the end of the quarter improved netbacks and revenue for both SCC and LSE assets.

The company continues to focus on production growth by participating in oil weighted opportunities in Western Canada.

For the quarter, the Canadian and US portfolio of producing wells generated A\$848k of revenue. Total cash and cash equivalents as at March 31, 2026, was approximately A\$2 million.

##### Operating Expenses

Stonehorse Canada has incurred operating expenses in line with expectations. US operations costs were consistent with a mature producing asset.

## Corporate Activities

Stonehorse Canada continues to execute to strategic plan with participation in the oil weighted Drumheller Development. The company continues to look for other oil weighted opportunities in the Western Canadian Sedimentary Basin.

Following the successful Drumheller #1, SCC has participated in 3 additional development wells during the quarter and anticipates production sales late April 2026. With the improved oil price environment and continued strong well performance the company anticipates participating in additional wells throughout the rest of 2026.

## Operational Activities

### Canadian Assets

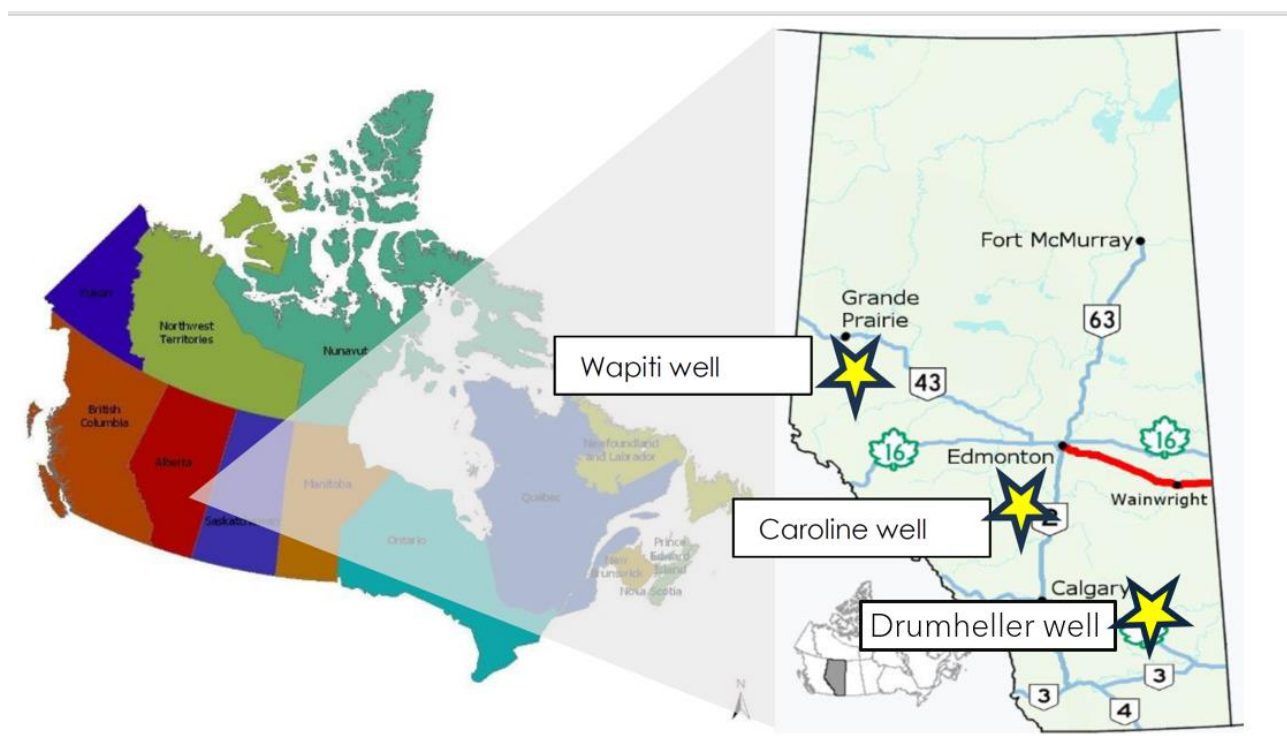

Figure 1: Location of the Caroline, Wapiti and Drumheller wells located in Alberta, CA.

The Company's Canadian working interests in oil and gas wells generated approximately 24,500 BOE or 266 BOE per day for the quarter.

The Drumheller #1 well is producing above expectations, started production early November and has produced 11,538 BOE (70% Liquids) for the quarter and ending the quarter at an average production rate of 128 BOE per day. The Caroline well also continues with steady production at 16,717 BOE or 186 BOED per day for the quarter.

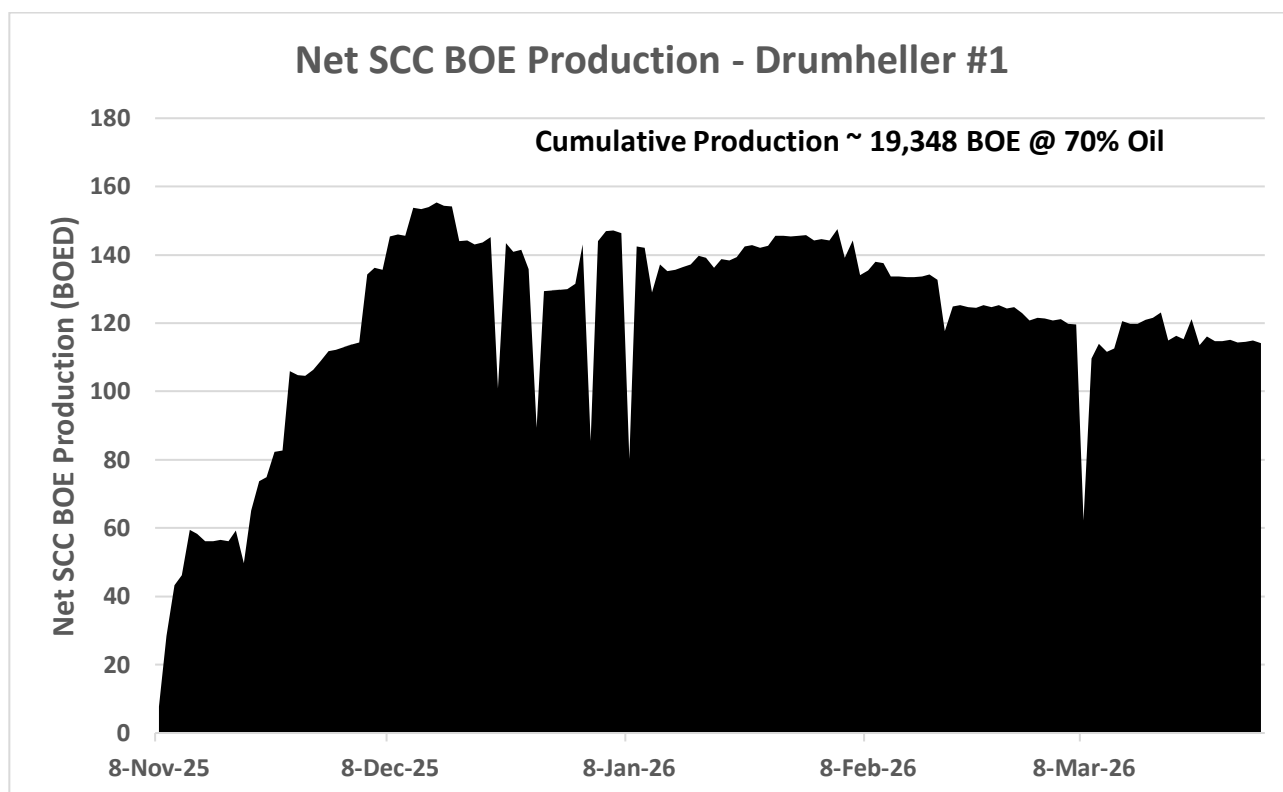

Figure 2: SCC's Drumheller development well production performance from initial production through March 2026.

### United States Assets

The Company's US portfolio of working interests in oil and gas wells generated approximately 10,815 BOE net or 120 BOEPD net for the quarter ending March.

### Australian Assets

Stonehorse has 25% working interest in the Myall Creek property located in the Surat Basin, Queensland. Stonehorse has been advised Myall Creek-2 workover and Tinowon-C fracture stimulation are only feasible as part of a multi-well campaign with a start date yet to be determined.

### Asset Portfolio Table

Well Name	Reference Number	Working Interest	County, State	Operator
<b>Stonehorse, United States of America</b>				
Burgess	28-1	96.81%	Ellis, Oklahoma	Black Mesa Energy

(Name of body or officer authorising release – see note 4)

**Notes**

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
