

TD1 Q3-FY26 ACTIVITIES REPORT & APPENDIX 4C

HIGHLIGHTS

- The Company consolidated YCDI! with a view to expanding and enhancing its products and programmes, including through leveraging the use of AI technologies.
- The YCDI! refreshment and upgrading continued with:
 - (a) the completion of the migration to the CANVAS LMS (Learning Management System) platform; the launch of flexible subscription tiers and Term 2 sales;
 - (b) YCDI Tuesday THRIVE 3-2-1 LIFT OFF! 🚀 re-engagement EDM (Electronic Direct Mail) achieving a 69% open rate; 32 online school meetings and tailored webinars were delivered in Term 1, with a full-database Term 2 webinar securing over 80 registrations ahead of the April 30 session; and
 - (c) confirmation of Mental Health First Aid instructor certification for May 2026, enabling whole-school staff accreditation across Australian schools, with certified instructor rollout planned for Q3CY26.
- Financial performance remains stable, with low operating cash burn and refreshed positioning for sales with the 2026 program suite launch. Cash balance at the end of the March Quarter was \$1.12 million.
- The Company is actively seeking and assessing strategic M&A opportunities in the high-growth AI sector, targeting assets both complementary to the YCDI! platform and those with potential alternative or broader applications. Through these opportunities the Company aims to accelerate development in YCDI! of a comprehensive, AI-assisted universal platform that enhances Social-Emotional Learning (SEL), educational outcomes, and personal development.

COMPANY UPDATE

The Company is actively seeking and assessing strategic M&A opportunities in the high-growth AI sector. Target acquisitions may serve to complement the existing YCDI! platform or have alternative applications, or both. The Company's overarching objective for YCDI! is to build a comprehensive, AI-assisted universal platform that enhances Social-Emotional Learning (SEL), educational outcomes, and personal development. The quality and scope of the YCDI! programmes continue to be enhanced, and the Company recognises the opportunity to accelerate the vision to broaden its offerings to a wider audience through strategic acquisitions, including AI technologies.

Financially, the Company remains in a stable position. Subscription sales during the quarter for YCDI! were below expectations, as detailed below, following the now completed implementation of new processes and technology upgrades. Trading income remained consistent, cost management

remained prudent, and operating cash burn stayed low and in line with guidance. Flexible subscription terms and new partnership-driven offerings, together with a planned price increase aligned with the launch of the refreshed 2026 program suite, are expected to support revenue growth in 2026. In addition, the Company is actively assessing other assets and opportunities to immediately bolster the quality and range of our products to further drive revenue.

YCDI! EDUCATION UPDATE

Digital Transformation and Platform Migration

Migration to the CANVAS LMS is complete. The new platform delivers video-based learning, embedded pre- and post-course surveys, and improved reporting tools. Flexible subscription tiers have been introduced, along with dedicated technical support and onboarding of resources for schools. A bundle pathway quiz is now embedded on the website to personalise product recommendations, and a YCDI! podcast has been integrated into CANVAS to support ongoing professional learning.

Customer Engagement and Re-engagement

Three EDM campaigns were issued during the quarter, with the most recent achieving a 69% open rate. A new “YCDI Tuesday Thrive” campaign has been launched to drive regular re-engagement. Three staff webinars were delivered in March, and a Term 2 full-database webinar attracted over 60 registrations. A membership-style webinar series is in development to deepen school relationships and reduce attrition. The Term 2 sales launch was commenced and social media engagement has been prioritised through targeted campaigns, video content, and collaboration with Creative Seed.

Q1 Financial Performance

Revenue for Q1 FY26 was \$119k, compared to \$148k in Q1 FY25 — a decline driven by fewer training events, lower royalties, and the conclusion of a university contract. Operating costs reflect one-off expenses associated with the now completed LMS migration. Customer attrition remains an area of focus with active measures to engage current and previous subscribers.

Product Fulfilment and Marketing

New puppet designs for the “early years” have been launched and have been very well received. Currently there is a “Buy 3, Get 1 Free” promotion to drive school uptake. A Puppet Activity Book and Take-Home Travel Bag has been launched to expand the at-home and classroom product suite.

Product Development and Innovation

Insights from school engagement are driving a targeted new program pipeline. Key program initiatives planned for development include:

- Neurodivergent Learning Strategies for All: Supporting social and emotional learning for neurodivergent students.
- YCDI Coaching Program: Live sessions to complement digital offerings.
- AI for Educators: Equipping teachers with future-ready skills for the ethical use of AI in learning environments.
- 21-Day Reset for Educators: A wellbeing and resilience program supporting sustainable professional practice.

YCDI! is expanding its market presence through Early Childhood Cluster Registries (in progress) and has secured Victorian Principal Association membership following the March conference.

Partnership Opportunities & Market Expansion

Existing partnerships with School of Play and Destination Happiness are active, delivering complementary wellbeing programs through the YCDI! platform under a shared commercial model. Additional high-value partnership opportunities are currently being explored, including with Independent Schools Victoria, as well as active sponsorship of the Victorian Association of Catholic Primary School Principals (VACPSP).

Further growth opportunities have been identified in New South Wales and Western Australia. International interest is being explored across Estonia, Romania, Saudi Arabia, New Zealand, and Japan.

LOOKING AHEAD for YCDI! - 2026 PRIORITIES

Key YCDI! priorities are:

- Drive sales growth: Launch Term 2 programs, expand webinar cadence, and leverage the new bundle quiz and flexible subscription tiers to increase uptake and average spend per customer. Formalise customer loyalty processes and membership support.

- The confirmation of Mental Health First Aid instructor certification for May 2026 enables whole-school staff accreditation across Australian schools, with certified instructor rollout planned for Q3CY26.
- Appoint Head of Education to drive pedagogical strategy, build sector credibility, and accelerate program development across digital and blended learning.
- Build impact evidence: Scale the teacher survey program and publish outcome data to support school retention and new business development.

Overall, the YCDI! Business is well-positioned for sustainable growth, supported by a trusted brand, loyal customer base, innovative program development, and a robust digital and partnership strategy. The Company enters its next phase with a clear focus on whole-school impact, national scale, and measurable outcomes for the education community.

The Company is actively evaluating strategic M&A opportunities, with a focus on high-growth targets in the AI sector. These potential acquisitions may serve as standalone opportunities or complement the existing YCDI! platform.

FINANCE UPDATE

About TALi Digital

TALi Digital Limited (ASX: TD1) is a digital health company focused on delivering diagnostic and therapeutic solutions to enhance attention and overall cognitive function. The Company built a patented platform technology targeting cognitive attention skills incorporated into training modules (ReadyAttentionGo!). This program is designed to be a play-based interaction that can be complementary to existing therapy. The Company has at the forefront a vision to improve childhood cognitive performance through early intervention. The ReadyAttentionGo! program is being considered as a component of the neurodivergent learning strategies being developed to support SEL (Social-Emotional Learning) and education in the YCDI! programs for children aged 3 to 18. The Company's broader focus is technologies that can be a platform to enhance learning.

Learn more at talidigital.com.

In June 2025, TALi Digital expanded its portfolio with the acquisition of You Can Do It! Education (YCDI!), a leading Australian social-emotional learning program. YCDI! has reached over one million students and is aligned with the ACARA national curriculum. Recognised by Beyond Blue's Be You initiative, it provides evidence-based programs for children aged 3 to 18, self-paced tertiary online courses, professional development for educators, and parent education micro courses. These programs focus on five essential social-emotional skills: confidence, persistence, organisation, getting along, and resilience. This acquisition enhances TALi's presence in the education sector and underscores its dedication to delivering innovative and accessible solutions for SEL and personal development.
