

PERIOD ENDING MARCH 2026 QUARTERLY ACTIVITIES REPORT 30th April 2026

HIGHLIGHTS

Mt Monger Gold Project

- Acquisition of 100% of the Mt Monger Gold Project complete with 8,620,690 fully paid ordinary shares issued to Metallium Limited (MTM) as consideration as approved by shareholders. The Mt Monger Project comprises the Duchess of York, Kiaki Soaks and Gladiator Prospects.
- High-resolution ground gravity survey completed at Mt Monger, with 3D inversion modelling underway to support drill targeting across the central corridor.
- Maiden soil geochemical sampling at the Gladiator Prospect returned a coherent gold anomaly over more than 800 m of strike, open to the north, with a peak result of 123 ppb Au¹ from 489 samples collected.
- The Gladiator soil anomaly is spatially associated with a north-south trending gravity feature within the project's central structural corridor.
- RC drilling at the Duchess of York Prospect is planned for early May, with K-Drill engaged as drilling contractor.
- Application awarded for the WA Government's Exploration Incentive Scheme co-funding, for up to an amount of \$150,000, for a diamond drill hole targeting the interpreted intrusive system at depth at Mt Monger².

Leonora Gold Project

- Binding Tenement Sale Agreement executed to acquire 100% of the Randwick Tenements from Kin East Pty Ltd, increasing total Leonora landholding to approximately 81 km².
- Randwick comprises granted Mining Leases and Prospecting Licences covering approximately 1,800 ha in the Randwick Goldfield.
- Heritage surveys, geochemical sampling and drill target generation planned at Randwick.

Corporate

- Completed a A\$5.23 million placement at A\$0.035 per share, of which A\$3.162 million is subject to shareholder approval at the upcoming 30 April 2026 General Meeting.
- Cash position of \$2,282,000 at 31 March 2026 (refer Appendix 5B), excluding the balance of the capital raising in the amount of A\$3.162 million.

¹ EG1 ASX Announcement, New Gold Target Defined at Gladiator Prospect, dated 1 April 2026

² EG1 ASX Announcement, Co-funded Drilling Grant Secured for Gladiator, Mt Monger, WA, dated 29th April 2026

Evergold Minerals Limited (ASX: EG1) (“Evergold” or “the Company”) reports on its quarterly activities for the period ending 31 March 2026, highlighting significant progress at the Mt Monger Gold Project, expansion of the Leonora Gold Project, and strengthened corporate position.

EXPLORATION UPDATE

Mt Monger Gold Project

Evergold completed the acquisition of 100% of the Mt Monger Gold Project on 24 February 2026, following shareholder approval, with 8,620,690 fully paid ordinary shares issued to Metallium Limited (MTM) as consideration. This consolidates Evergold's exposure to the Bare Hill Shear Zone, a regionally significant structure that hosts multiple producing operations within a district with over 1.7 Moz of Gold of historical production.

A high-resolution ground gravity survey (100 m × 100 m spacing) was completed in February 2026, processed by Southern Geoscience Consultants (SGC). Data integration with magnetics is feeding 3D inversion modelling to refine drill targets along the central structural corridor³.

Gladiator Prospect – New Regional Gold Target Defined⁴

A new gold target has been defined at the Gladiator Prospect, located in the northern portion of the survey area. A total of 489 soil samples were collected along approximately 28 traverses and submitted to Intertek Genalysis for multi-element analysis.

Against a typical background of less than 10 ppb Au, 24 samples exceeded the Company's 40 ppb anomaly threshold, with 10 assays returning results greater than 70 ppb Au¹. At Gladiator, a coherent north-trending gold-in-soil anomaly extends across multiple traverses over a strike length exceeding 800 m and remains open to the north. The anomaly has potential to extend beyond 1.6 km, subject to normalisation for transported regolith.

Significant soil anomalies (≥70 ppb Au) at the Gladiator Prospect include:

- 123 ppb Au (MMA0155)
- 109 ppb Au (MMA0166)
- 105 ppb Au (MMA0006 and MMA0007)
- 95 ppb Au (MMA0069)
- 94 ppb Au (MMA0032)

The gold-in-soil anomaly at Gladiator is spatially coincident with a linear north-south trending density contrast identified in the concurrent gravity survey, interpreted to represent a structural boundary or fault contact that may have acted as a pathway for mineralising fluids. The integration of

³ EG1 ASX Announcement, Amended Release - Evergold Gravity Survey Targets Upgraded Gold Potential at Mt Monger, dated 26 February 2026

⁴ EG1 ASX Announcement, New Gold Target Defined at Gladiator Prospect, dated 1 April 2026

geochemical and geophysical datasets supports the interpretation of a bedrock-hosted gold system at shallow depth.

The Gladiator anomaly lies within the central structural corridor of the Mt Monger Gold Project, proximal to the Bare Hill Shear Zone, and may be related to the same hydrothermal system that has mineralised the Duchess of York, Hickman's Find, and Red Dale North prospects.

Duchess of York Drilling

RC drilling campaign at the Duchess of York Prospect, to be undertaken by K-Drill, is scheduled to commence in May 2026. The maiden program will target along-strike extensions and structural offsets supported by notable historic intercepts including 20m @ 2.87 g/t Au from 56m, 4m @ 5.01 g/t Au from 45m, and 3m @ 17.6 g/t Au from 13m⁵.

The Company has also received approval from DMIRS for separate RC drilling campaigns at Duchess of York (1,800m) and Kiaki Soaks (1,200m).

Air core (AC) drilling is in the planning stage to further define the Gladiator gold anomaly and test bedrock gold potential beneath the surface geochemical response, while an application for EIS co-funded stratigraphic diamond drilling was submitted to DMIRS in early February 2026 to test the interpreted sanukitoid intrusive at depth.

Leonora Goldfield Project

The Leonora Goldfields Project increased in scale during the quarter following the execution of a binding Tenement Sale Agreement on 27 January 2026 with Kin East Pty Ltd (a subsidiary of Patronus Resources Pty Ltd) to acquire 100% of the Randwick Tenements⁶. The acquisition comprises two granted Mining Leases (M37/1316, M37/1343) and ten granted Prospecting Licences covering approximately 1,800 hectares in the Randwick Goldfield, located approximately 45 km north-east of Leonora within the Kurnalpi Terrane of the Eastern Goldfields Greenstone Terrane.

The Randwick tenements recorded historical production of approximately 11,000 ounces of gold at an average grade of 25 g/t Au, predominantly between 1904 and 1911⁶. Previous exploration has been limited, with prior work by Patronus Resources focused on the Cardinia asset.

The acquisition was completed for total consideration of A\$250,000 in shares (subject to shareholder approval), with additional contingent consideration payable upon the definition of a mineral resource. Total Leonora landholding has increased to approximately 81 km².

⁵ EG1 ASX Announcement, EG1 acquires Queens and Mt Monger Gold Projects to expand Gold Portfolio in WA's Premier Goldfields, dated 26 August 2025

⁶ EG1 ASX Announcement, Evergold acquires Randwick tenements in Leonora Goldfields, WA, dated 28 January 2026

Access to the Randwick tenements has been granted. Planned activities include heritage surveys, first-pass geochemical surface sampling and development of drill targets in areas of transported cover. A high-resolution magnetic survey is planned to assist in delineating structural controls at the Craigs Rest Prospect, with follow-up RC drilling at the Victor Bore and Craigs Rest Prospects under consideration.

Conversion of five prospecting licences to mining leases remains in progress. The project is located within an established mining region with access to sealed roads, grid power, an available workforce and nearby processing infrastructure.

Bynoe Project

At the Bynoe Project in the Northern Territory, the Company continues to assess its strategic options following previously reported drilling results.

CORPORATE AND FINANCIAL UPDATE

During the quarter, the Company completed a capital raising of A\$5.23 million via the issue of 149,428,572 fully paid ordinary shares at A\$0.035 per share. The funds raised are being applied to exploration activities at the Mt Monger and Leonora Projects, as well as for general working capital purposes.

The Placement is proceeding in two tranches:

- (i) Tranche 1: 59,066,785 shares, issued to non-related parties on 13 February 2026, utilising existing ASX Listing Rules 7.1 and 7.1A capacity, being a total consideration of A\$2.067 million;
- (ii) Tranche 2: 90,361,787 shares, subject to shareholder approval at an upcoming General Meeting on 30 April 2026, being a total consideration of A\$3.162 million.

For clarity, only Tranche 1 is reflected in the cashflows in the Appendix 5B for the quarter ended 31 March 2026.

Financial update

Cash and cash equivalents as at 31 March 2026 were \$2,282k compared with \$648k as at 31 December 2025, including receipt of funds from Tranche 1 of the capital raise during the quarter.

Corporate and administration costs of \$215k decreased by \$265k from the previous quarter mainly due to annual insurance premiums, audit fees, higher share registry and consultancy costs incurred in the previous quarter. Staff costs of \$152k were in line with previous quarter's staff costs of \$143k. Exploration and evaluation expenditure of \$197k increased marginally over previous quarter's costs of \$178k.

Directors, being related parties of the Company were remunerated to the amount of \$133k in director and consulting fees during the quarter. An additional \$4.4k was paid to a related entity of a director as settlement of rent expenses for the quarter.

Refer to the Appendix 5B for an overview of the Company's financial activities during the quarter.

Tenement Summary

Pursuant to Listing Rule 5.3.3 for the quarter ended 31 March 2026, the mining tenements held at the end of the quarter and their location were:

March 2026 Quarter ASX Announcements

Additional details including JORC 2012 reporting tables, where applicable, can be found in the following relevant announcements lodged with the ASX prior, during, and after the review period:

- 28/01/2026 – Evergold acquires Randwick tenements in Leonora Goldfields, WA
- 06/02/2026 – Evergold Raises A\$5.23 Million to Accelerate Gold Exploration in WA's Premier Districts
- 20/02/2026 – Evergold Gravity Survey Targets Upgraded Gold Potential at Mt Monger
- 24/02/2026 – Completion of Mt Monger Gold Project Acquisition, Share Issuance and Cleansing Notice
- 01/04/2026 – New Gold Target Defined at Gladiator Prospect
- 13/11/2025 – EG1 Executes Binding Option Agreement for Mt Monger Gold Project
- 09/07/2025 – EG1 Commences Exploration at Leonora Goldfields Project

ABOUT EVERGOLD MINERALS

Evergold Minerals Limited (ASX: EG1) is an Australian exploration company focused on discovering and developing gold projects across Australia. The company currently holds the Leonora Goldfields Project and the Mt Monger Gold Project in Western Australia's Goldfields region, along with the Bynoe Project in the Northern Territory. Evergold is actively evaluating and pursuing additional high-quality gold exploration opportunities to enhance and diversify its project portfolio.

Competent Persons Statement

The information in this release that relates to Exploration Results or Mineral Resources is based on information compiled by Glenn Grayson who is a Member of the Australian Institute of Mining and Metallurgy (AusIMM). Mr. Grayson has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserve'. Mr. Grayson consents to the inclusion in the release of the matters based on his information in the form and context in which it appears. All exploration results reported have previously been released to ASX. The Company confirms it is not aware of any new information that materially affects the information included in the original announcement. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original announcements.

Forward Looking Statements

This announcement may contain certain forward-looking statements and projections. Such forward-looking statements/projections are estimates for discussion purposes only and should not be relied upon. Forward-looking statements/projections are inherently uncertain and may therefore differ materially from results ultimately achieved. Evergold Minerals Limited does not make any representations and provides no warranties concerning the accuracy of the projections and disclaims any obligation to update or revise any forward-looking statements/projects based on new information, future events or otherwise except to the extent required by applicable laws. While the information contained in this report has been prepared in good faith, neither Evergold Minerals Limited or any of its directors, officers, agents, employees or advisors give any representation or warranty, express or implied, as to the fairness, accuracy, completeness or correctness of the information, opinions and conclusions contained in this announcement.

Listing Rule 5.23.2

In respect of this announcement, where EG1 has referred to, or referenced, prior ASX market announcements, EG1 confirms that it is not aware of any new information or data that materially affects the information included in the relevant market announcement (unless otherwise stated) and, in the case of estimates of mineral resources or ore reserves, that all material assumptions and technical parameters underpinning the estimates in the prior relevant market announcement continue to apply and have not materially changed.

6.2 Aggregate amount of payments to related parties and their associates included in item 2	-

Directors, being related parties of the Company were remunerated to the amount of \$133k in director and consulting fees during the quarter. An additional \$4.4k was paid to a related entity of a Director as settlement of rent expenses for the quarter. These figures are GST inclusive.

7. Financing facilities	Total facility amount at quarter end \$A'000	Amount drawn at quarter end \$A'000
<i>Note: the term "facility" includes all forms of financing arrangements available to the entity.</i>		
<i>Add notes as necessary for an understanding of the sources of finance available to the entity.</i>		
7.1 Loan facilities	-	-
7.2 Credit standby arrangements	-	-
7.3 Other (please specify)	-	-
7.4 Total financing facilities	-	-
7.5 Unused financing facilities available at quarter end		-
7.6 Include in the box below a description of each facility above, including the lender, interest rate, maturity date and whether it is secured or unsecured. If any additional financing facilities have been entered into or are proposed to be entered into after quarter end, include a note providing details of those facilities as well.		
N/A		

8. Estimated cash available for future operating activities	\$A'000
8.1 Net cash from / (used in) operating activities (item 1.9)	(415)
8.2 (Payments for exploration & evaluation classified as investing activities) (item 2.1(d))	(197)
8.3 Total relevant outgoings (item 8.1 + item 8.2)	(612)
8.4 Cash and cash equivalents at quarter end (item 4.6)	2,282
8.5 Unused finance facilities available at quarter end (item 7.5)	-
8.6 Total available funding (item 8.4 + item 8.5)	2,282
8.7 Estimated quarters of funding available (item 8.6 divided by item 8.3)	3.73
<i>Note: if the entity has reported positive relevant outgoings (ie a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.</i>	
8.8 If item 8.7 is less than 2 quarters, please provide answers to the following questions:	
8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
Answer: N/A	
8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
Answer: N/A	

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: N/A

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.

Compliance statement

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

Date: 30 April 2026.....

Authorised by: By Order of the Board.....
(Name of body or officer authorising release – see note 4)

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [*name of board committee – eg Audit and Risk Committee*]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
