

ASX Announcement

Investor Webinar – Friday 1 May @ 11:30 am AEST

29 April 2026, RocketDNA Ltd (ASX: RKT) (RocketDNA or the Company), a technology services company that leverages AI and Autonomous Drones to provide mission-critical services for enterprise customers, is pleased to invite shareholders and interested parties to an Investor Webinar.

Chris Clark, MD and CEO of RocketDNA, presents the March 2026 quarterly results.

Q1 delivered the Company's first positive operating cash flow (\$62k), revenue up 49% year-on-year, and MRR of \$602k in March, up 13% on February. The session covers the financial drivers, the live Skylink deployment with a Tier-1 mining customer, BMA scale-up, and the June quarter outlook.

Investor Q&A to follow.

RocketDNA Ltd (ASX: RKT) is a multinational drone-based data service and technology provider, listed on the ASX, offering aerial surveying, mapping, security, surveillance, and asset inspection for enterprise customers in the mining, agricultural, and engineering sectors. Through fully outsourced, AI-driven solutions, RocketDNA remotely operates drone systems, enabling customers to focus on ground operations while ensuring a fast data turnaround. The company generates revenue through multi-year contracts and short-term projects with major clients, including Tier 1 and Tier 2 miners such as Rio Tinto, BHP, South32, Newmont, Vault Minerals, and Seriti Coal. RocketDNA operates primarily in Australia and Africa, with regional offices in Perth, Johannesburg, and Accra.

Forward-Looking Statement

This announcement contains forward-looking statements that are based on current expectations, estimates and assumptions. Actual results may differ materially due to risks and uncertainties outside the Company's control. Contract values disclosed represent total order values and are subject to standard operational, safety, regulatory and customer conditions, including standard commercial terms and customer operational requirements.
