True North Copper Investor Webinar

True North Copper Limited (ASX:TNC) (True North, TNC or the Company) is pleased to invite investors and shareholders to an Investor Webinar, which will be hosted by Managing Director & CEO Andrew Mooney.

The March 2026 quarter marked a step-change for True North Copper, with a strengthened team and early mobilisation of drilling from mid-February establishing momentum across both the Mt Oxide and Cloncurry Copper Projects. Despite minor seasonal wet weather impacts, this progress positions the Company strongly for continued growth within the Mt Isa Inlier.

This momentum supports an active year ahead, with extensive drilling programs and Pre-Feasibility Study activities advancing toward delivery late 2026. TNC is progressing a clear copper growth strategy, with multiple workstreams expected to deliver a series of re-rate catalysts through CY2026.

Andrew will speak to key milestones achieved by TNC over the previous Quarter, as well as how the company's upcoming exploration and operational works program will continue to strengthen its three-platform growth strategy: GROW Mt Oxide, DEVELOP Cloncurry Copper Project, and DISCOVER regional targets.
