## **Disclaimer**

The attachment to this disclaimer does not constitute an offer to sell, or a solicitation of an offer to buy, any securities in the United States or in any other jurisdiction and neither the attachment, nor anything contained therein, shall form the basis of any contract or commitment. The attachment is being provided solely for information purposes to satisfy Australian Securities Exchange Listing Rules.

Neither the U.S.\$1,750,000,000 4.011% 3-Year Fixed Rate Covered Bonds due April 30, 2029 (the “Covered Bonds”) nor any other securities of CBA and its subsidiaries have been, or will be, registered under the U.S. Securities Act of 1933, as amended (“Securities Act”) or the securities laws of any state or other jurisdiction of the United States. Accordingly, neither the Covered Bonds nor any other securities of CBA may be offered or sold, directly or indirectly, in the United States unless they have been registered under the Securities Act or are offered and sold pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and any other applicable securities laws.

## IMPORTANT NOTICE

**THIS OFFERING IS AVAILABLE ONLY TO INVESTORS WHO ARE EITHER (1) QUALIFIED INSTITUTIONAL BUYERS (QIBs) AS DEFINED IN RULE 144A UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE SECURITIES ACT), OR (2) NOT IN THE UNITED STATES AND NOT U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT) IN COMPLIANCE WITH REGULATION S.**

**IMPORTANT: You must read the following before continuing.** The following applies to the Offering Circular following this notice (the **Offering Circular**), and you are therefore advised to read this carefully before reading, accessing or making any other use of the Offering Circular. In accessing the Offering Circular, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from us as a result of such access.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER OF SECURITIES FOR SALE OR THE SOLICITATION OF AN OFFER TO BUY ANY SECURITIES IN ANY JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE COVERED BONDS AND THE COVERED BOND GUARANTEE HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE SECURITIES ACT OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR ANY JURISDICTION, AND THE COVERED BONDS MAY NOT BE OFFERED OR SOLD IN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR THE BENEFIT OF, U.S. PERSONS (WITHIN THE MEANING OF REGULATION S UNDER THE SECURITIES ACT) UNLESS AN EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT IS AVAILABLE AND IN ACCORDANCE WITH ALL APPLICABLE STATE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES. THE OFFERING CIRCULAR MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORIZED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

You are reminded that the Offering Circular has been delivered to you on the basis that you are a person into whose possession the Offering Circular may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not, nor are you authorized to, deliver or disclose the Offering Circular to any other person.

The materials relating to the offering do not constitute, and may not be used in connection with, an offer or solicitation in any place where offers or solicitations are not permitted by law. If a jurisdiction requires that the offering be made by a licensed broker or dealer and the Relevant Dealer(s) or any affiliate of the Relevant Dealer(s) is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by such Relevant Dealer or such affiliate on behalf of the Commonwealth Bank of Australia (the **Issuer**) in such jurisdiction.

**Confirmation Of Your Representation:** In order to be eligible to view the Offering Circular or make an investment decision with respect to the Covered Bonds, investors must either be (1) QIBs or (2) persons who are not in the United States and not US persons (within the meaning of Regulation S under the Securities Act). The Offering Circular is being delivered to you by electronic transmission at your request and by accepting the e-mail and accessing the Offering Circular, you shall be deemed to have represented and confirmed to the Issuer, the Covered Bond Guarantor and the Relevant Dealer(s) that (1) you have understood and agree to the terms set out herein, (2) you consent to delivery of the Offering Circular and any amended offering documents by electronic transmission, (3) you and any customers you represent are either (a) QIBs or (b) not US persons and that the electronic mail address that you have given to us and to which this e-mail has been delivered is not located in the United States, its territories and possessions (including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands) or the District of Columbia, (4) if you are a person in the United Kingdom, then you are a person who (a) is an investment professional within the meaning of Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended (the **FPO**), (b) falls within Article 49(2)(a) to (d) of the FPO or (c) is any other person to whom the Offering Circular may otherwise be lawfully communicated in accordance with the FPO (all such persons in (a), (b) and (c) together being referred to as **relevant persons**) and (5) if you are a person in Australia you are a (a) sophisticated investor, (b) a professional investor or (c) a person in respect of whom disclosure is not required under Parts 6D.2 or 7.9 of

the Australian Corporations Act. In the United Kingdom, the Offering Circular must not be acted on or relied on by persons who are not relevant persons. In the United Kingdom, any investment or investment activity to which the Offering Circular relates is available only to relevant persons and will be engaged in only with relevant persons.

The Offering Circular has been sent to you in an electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of electronic transmission and consequently none of the Issuer, the Covered Bond Guarantor, the Arranger, the Lead Manager (if applicable) or the Relevant Dealer(s) or any person who controls any such person or any director, officer, employee nor agent of any such person (or affiliate of any such person) accepts any liability or responsibility whatsoever in respect of any difference between the Offering Circular distributed to you in electronic format and the hard copy version available to you on request from the Issuer or the Relevant Dealer(s).

Under the U.S.\$40,000,000,000 CBA Covered Bond Programme (the **Programme**) established by Commonwealth Bank of Australia ABN 48 123 123 124 (the **Bank** or the **Issuer**), the Issuer may from time to time issue bonds (**Covered Bonds**) denominated in any currency agreed between the Issuer and the Relevant Dealer(s) (as defined below). The price and amount of the Covered Bonds to be issued under the Programme will be determined by the Issuer and the Relevant Dealer(s) at the time of issue in accordance with the prevailing market conditions. Any Covered Bonds issued under the Programme on or after the date of this Offering Circular are issued subject to the provisions described in this Offering Circular.

Perpetual Corporate Trust Limited ABN 99 000 341 533 in its capacity as trustee of the CBA Covered Bond Trust (the **Trust** and, in such capacity, the **Covered Bond Guarantor**) has guaranteed payments of interest and principal under the Covered Bonds pursuant to a guarantee which is secured over the Mortgage Loan Rights (as defined in this Offering Circular) and the other Assets (as defined in this Offering Circular) of the Trust. Recourse against the Covered Bond Guarantor under its guarantee is limited to the Assets of the Trust.

The maximum aggregate nominal amount of all Covered Bonds from time to time outstanding under the Programme will not exceed U.S.\$40,000,000,000 (or its equivalent in other currencies calculated by reference to the spot rate for the sale of U.S. dollars against the purchase of such currency in the London foreign exchange market quoted by any leading bank selected by the Issuer on the relevant date of the agreement to issue between the Issuer and the Relevant Dealer(s) (as defined below)), subject to any increase as described in this Offering Circular.

The Covered Bonds may be issued on a continuing basis to the Dealers specified under the section headed “*Programme Overview*” in this Offering Circular and any additional Dealer appointed under the Programme from time to time by the Issuer (each, a **Dealer** and together, the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Offering Circular to the **Relevant Dealer(s)** will, in the case of an issue of Covered Bonds being (or intended to be) subscribed for by: (i) more than one Dealer, be to all Dealers; or (ii) a single Dealer, be to such Dealer, in each case agreeing to subscribe for such Covered Bonds.

**Prospective investors should have regard to the factors described under the section entitled “*Risk Factors*” on pages 36 to 70 of this Offering Circular and the section entitled “*Risk Factors*” in the 2025 U.S. Annual Disclosure Document (as defined herein), as supplemented by the section entitled “*Risk Factors*” included in the 2026 U.S. Half-Year Disclosure Document (as defined herein). This Offering Circular does not describe all of the risks of an investment in the Covered Bonds.**

**Prospective investors in Covered Bonds should ensure that they understand the nature of the relevant Covered Bonds and the extent of their exposure to risks and that they consider the suitability of the relevant Covered Bonds as an investment in the light of their own circumstances and financial condition. CERTAIN ASPECTS OF COVERED BONDS INVOLVE A DEGREE OF RISK AND INVESTORS SHOULD BE PREPARED TO SUSTAIN A LOSS OF ALL OR PART OF THEIR INVESTMENT. It is the responsibility of prospective investors to ensure that they have sufficient knowledge, experience and professional advice to make their own legal, financial, tax, accounting and other business evaluation of the merits and risks of investing in the Covered Bonds and are not relying on the advice of the Issuer, the Covered Bond Guarantor, the Trust Manager (as defined in this Offering Circular), the Security Trustee (as defined in this Offering Circular) or the Bond Trustee (as defined in this Offering Circular), the Relevant Dealer(s) or any other party to a Programme Document (as defined in this Offering Circular).**

Notice of the aggregate nominal amount of Covered Bonds, interest (if any) payable in respect of Covered Bonds, the issue price of Covered Bonds and any other terms and conditions not contained in this Offering Circular which are applicable to each Tranche of Covered Bonds will be set out in a pricing supplement for that Tranche (each, the **Pricing Supplement**).

Unless otherwise indicated in the applicable Pricing Supplement, the Covered Bonds issued pursuant to this Offering Circular will not be listed or admitted to trading on any securities exchange or regulated or unregulated markets.

Each purchaser of the Covered Bonds offered hereby in making its purchase will be deemed to have made certain acknowledgements, representations and agreements intended to restrict the resale or other transfer of such Covered Bonds and may in certain circumstances be

required to provide confirmation of compliance with such resale or other transfer restrictions below and as set forth in “*Notice to purchasers*” and “*Subscription and Sale and Selling Restrictions*”.

**The Covered Bonds are being offered and sold without registration under the United States Securities Act of 1933, as amended (the Securities Act) (a) in reliance on Section 4(a)(2) of, and Rule 144A (Rule 144A) and Regulation D under, the Securities Act to “qualified institutional buyers” (as defined in Rule 144A) (QIBs) and/or (b) in accordance with Regulation S under the Securities Act (Regulation S) to non-U.S. persons in offshore transactions. Prospective purchasers are hereby notified that the sellers of the Covered Bonds may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A.**

The Covered Bonds (including N Covered Bonds, as defined in the section “*Glossary*” in this Offering Circular) may also be offered and sold in accordance with Regulation S solely to non-U.S. persons outside the United States in offshore transactions under a separate offering document. In addition, AS Registered Covered Bonds may also be offered and sold under a separate offering document. Accordingly, unless the context otherwise requires or as otherwise stated in this Offering Circular, references to Covered Bonds in this Offering Circular are references to both Covered Bonds issued pursuant to this Offering Circular and Covered Bonds issued pursuant to the separate offering documents. All such Covered Bonds will rank *pari passu* without any preference or priority among themselves.

The Issuer and the Covered Bond Guarantor may agree with any Dealer, the Bond Trustee and the U.S. Paying Agent that Covered Bonds may be issued in a form not contemplated under “*Terms and Conditions of the Covered Bonds*” in this Offering Circular, in which event a supplementary offering circular, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Covered Bonds.

The Issuer has been rated Aa2 by Moody’s Investors Service Pty Limited (**Moody’s**) and AA- by Fitch Australia Pty Ltd (**Fitch**, and together with Moody’s only, the **Rating Agencies**). The rating of certain Series or Tranches of Covered Bonds to be issued under the Programme may be specified in the applicable Pricing Supplement. Unless otherwise specified in the applicable Pricing Supplement, Moody’s and Fitch will assign such ratings. Please also refer to “*Ratings of the Covered Bonds*” in the Risk Factors section of this Offering Circular. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time (including as a result of changes to rating methodologies). The Rating Agencies are not advisers, and nor do the Rating Agencies provide investors or any other party any financial advice, or any legal, auditing, accounting, appraisal, valuation or actuarial services. A credit rating should not be viewed as a replacement for such advice or services.

Neither of the Rating Agencies is established in the European Union (the **EU**) or in the United Kingdom (the **UK**), and neither of the Rating Agencies has applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the **EU CRA Regulation**) or under Regulation (EC) No. 1060/2009 as it forms part of domestic law of the UK by virtue of the European Union (Withdrawal) Act 2018, as amended (the **EUWA**) (the **UK CRA Regulation**). In general, EU regulated investors are restricted under the EU CRA Regulation from using a credit rating for regulatory purposes in the European Economic Area (the **EEA**) unless such credit rating is issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation or, if issued by a non-EEA credit rating agency, is endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation (and such endorsement or registration, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances) or the relevant third country is the subject of an equivalence decision by the European Commission and the credit rating agency is certified in accordance with the EU CRA Regulation.

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, for UK regulatory purposes, UK regulated investors are required to use ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by non-UK credit rating agencies, such third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

If the status of the rating agency rating the Covered Bonds changes for the purposes of the EU CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Covered Bonds may have a different regulatory treatment, which may impact the value of the Covered Bonds and their liquidity in the secondary market.

The rating by Moody’s has been endorsed by Moody’s Deutschland GmbH and the rating by Fitch has been endorsed by Fitch Ratings Ireland Limited, each in accordance with the EU CRA Regulation, and as of the date of this Offering Circular such endorsements have not been withdrawn. Each of Moody’s Deutschland GmbH and Fitch Ratings Ireland Limited is established in the EU and registered under the EU CRA Regulation. Moody’s Deutschland GmbH and Fitch Ratings Ireland Limited are included in the list of credit rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website (at [www.esma.europa.eu/page/List-registered-and-certified-CRAs](http://www.esma.europa.eu/page/List-registered-and-certified-CRAs)) (**ESMA Website**) in accordance with the EU CRA Regulation.

The rating by Moody’s has been endorsed by Moody’s Investors Service Limited and the rating by Fitch has been endorsed by Fitch Ratings Limited, in each case in accordance with the UK CRA Regulation and as of the date of this Offering Circular such endorsements have not been withdrawn. Each of Moody’s Investors Service Limited and Fitch Ratings Limited is established in the UK and is registered in accordance with the UK CRA Regulation, and each appears on the list of credit rating agencies registered or certified with the UK’s Financial Conduct Authority (the **FCA**) published on its website <https://www.fca.org.uk/firms/credit-rating-agencies> (**FCA Website**) in accordance with the UK CRA Regulation.

There can be no assurance that the endorsement of the credit ratings in the EU or the UK of Moody’s and Fitch will continue.

The Covered Bonds are not deposits, deposit liabilities or protected accounts for the purpose of the Australian Banking Act and are not insured or guaranteed by the United States Federal Deposit Insurance Corporation (**FDIC**) or any government, governmental agency or compensation scheme of the United States, Australia (including but not limited to the Australian Government’s Financial Claims Scheme) or any other jurisdiction or by any other party.

The Covered Bonds will be issued in registered, book-entry form and will be eligible for clearance through the facilities of The Depository Trust Company (**DTC**) and its direct and indirect participants, including Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**), or may be deposited on the issue date with a common depository on behalf of Euroclear and Clearstream.

The Covered Bond Guarantor is not a “covered fund” for purposes of Section 619 of the U.S. Dodd-Frank Wall Street Reform and Consumer Protection Act (such statutory provision together with such implementing regulations are also referred to collectively as the **Volcker Rule**).

The Covered Bond Guarantor will be relying on an exclusion or exemption from the definition of “investment company” under the Investment Company Act of 1940, as amended (the **Investment Company Act**), contained in Section 3(c)(5)(C) of the Investment Company Act, although there may be additional exclusions or exemptions available to the Covered Bond Guarantor.

The date of this Offering Circular is March 2, 2026.

The Issuer accepts responsibility for the information in this Offering Circular and the applicable Pricing Supplement for each Tranche of Covered Bonds issued by it under the Programme. The Covered Bond Guarantor (in its capacity as Trustee of the Trust) accepts responsibility for the information contained in the section entitled “*The CBA Covered Bond Trust – Covered Bond Guarantor*” in this Offering Circular. To the best of the knowledge of each of the Issuer and the Covered Bond Guarantor only in relation to the information for which it is responsible, the information contained in this Offering Circular is in accordance with the facts and this Offering Circular makes no omission likely to affect its import.

This Offering Circular is to be read in conjunction with all documents which are deemed to be incorporated in this Offering Circular by reference (see the section “*Documents Incorporated by Reference*” below). This Offering Circular will be read and construed on the basis that such documents are so incorporated and form part of this Offering Circular.

The information contained or incorporated by reference in this Offering Circular was obtained from the Issuer and the Covered Bond Guarantor (and other sources identified in this Offering Circular or the incorporated documents), but no assurance can be given by the Arranger, the Dealers, the Agents, the Bond Trustee, the Trust Manager, the Seller, the Servicer, the Intercompany Loan Provider, the Demand Loan Provider, the Lead Manager (if applicable), the Security Trustee, the Account Bank, the Cover Pool Monitor, any Swap Provider or the Covered Bond Guarantor (other than the information for which it accepts responsibility as set out above) as to the accuracy or completeness of this information. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Arranger, the Dealers, the Agents, the Bond Trustee, the Trust Manager, the Seller, the Servicer, the Intercompany Loan Provider, the Demand Loan Provider, the Lead Manager (if applicable), the Security Trustee, the Account Bank, the Cover Pool Monitor, any Swap Provider or the Covered Bond Guarantor (other than the information for which it accepts responsibility as set out above) as to the accuracy or completeness of the information contained or incorporated by reference in this Offering Circular or any other information (including the applicable Pricing Supplement) provided by the Issuer or the Covered Bond Guarantor in connection with the Programme. Neither the Arranger, the Dealers, the Agents, the Bond Trustee, the Trust Manager, the Seller, the Servicer, the Intercompany Loan Provider, the Demand Loan Provider, the Lead Manager (if applicable), the Security Trustee, the Account Bank, the Cover Pool Monitor, any Swap Provider nor the Covered Bond Guarantor (other than the information for which it accepts responsibility as set out above) accepts any liability in relation to the information contained or incorporated by reference in this Offering Circular or any other information provided by the Issuer in connection with the Programme.

No person has been authorized by the Issuer, the Covered Bond Guarantor, the Arranger, the Dealers, the Agents, the Bond Trustee, the Trust Manager, the Seller, the Servicer, the Intercompany Loan Provider, the Demand Loan Provider, the Lead Manager (if applicable), the Security Trustee, the Account Bank, the Cover Pool Monitor or any Swap Provider to give any information or to make any representation not contained in this Offering Circular or any other information (including the applicable Pricing Supplement) provided by the Issuer or the Covered Bond Guarantor in connection with the Programme or the Covered Bonds and, if given or made, such information or representation must not be relied upon as having been authorized by the Issuer, the Covered Bond Guarantor, the Arranger, the Dealers, the Agents, the Bond Trustee, the Trust Manager, the Seller, the Servicer, the Intercompany Loan Provider, the Demand Loan Provider, the Lead Manager (if applicable), the Security Trustee, the Account Bank, the Cover Pool Monitor or any Swap Provider.

Neither this Offering Circular nor any other information provided by the Issuer or the Covered Bond Guarantor in connection with the Programme or any Covered Bonds (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation by the Issuer, the Covered Bond Guarantor, the Seller, the Servicer, the Intercompany Loan Provider, the Demand Loan Provider, the Lead Manager (if applicable), the Arranger, the Dealers, the Agents, the Bond Trustee, the Trust Manager, the Security Trustee, the Account Bank, the Cover Pool Monitor or any Swap Provider that any recipient of this Offering Circular or any such other information should purchase any Covered Bonds. Each investor contemplating purchasing any Covered Bonds should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer and/or the Covered Bond Guarantor and/or any other relevant party to the Programme. Neither this Offering Circular nor any other information supplied in connection with the Programme or the issue of any Covered Bonds constitutes an offer or invitation by or on behalf of the Seller, the Servicer, the Intercompany Loan Provider, the Demand Loan Provider, the Arranger, the Bond Trustee, the Trust Manager, the Security Trustee, the Account Bank, the Cover Pool Monitor or any Swap Provider to any person to subscribe for or to purchase any Covered Bonds.

Neither the delivery of this Offering Circular nor the offering, sale or delivery of any Covered Bonds will in any circumstances imply (i) that the information contained in this Offering Circular concerning the Issuer and/or the

Covered Bond Guarantor is correct at any time subsequent to the date of this Offering Circular, (ii) that the information contained in any document incorporated by reference in this Offering Circular is correct at any time subsequent to the date of such document or (iii) that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Arranger, the Dealers, the Lead Manager (if applicable), the Agents, the Bond Trustee, the Trust Manager, the Seller, Servicer, the Intercompany Loan Provider, the Demand Loan Provider, the Security Trustee, the Account Bank, the Cover Pool Monitor, any Swap Provider and the Covered Bond Guarantor (in respect of the Issuer) expressly do not undertake to review the financial condition or affairs of the Issuer or the Covered Bond Guarantor or any other relevant party to the Programme during the life of the Programme or to advise any investor in the Covered Bonds of any information coming to their attention. Investors should review, inter alia, the most recently published documents incorporated by reference into this Offering Circular when deciding whether or not to purchase any Covered Bonds.

The Covered Bonds are being offered and sold without registration under the Securities Act (a) in reliance on Section 4(a)(2) of, and Rule 144A and Regulation D under, the Securities Act to QIBs and/or (b) in accordance with Regulation S to non-U.S. persons in offshore transactions. Prospective purchasers are hereby notified that the sellers of the Covered Bonds may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A.

The Covered Bonds (including N Covered Bonds) may also be offered and sold in accordance with Regulation S solely to non-U.S. persons outside the United States in offshore transactions under a separate offering document. In addition, A\$ Registered Covered Bonds may also be offered and sold under a separate offering document. Accordingly, unless the context otherwise requires or as otherwise stated in this Offering Circular, references to Covered Bonds in this Offering Circular are references to both Covered Bonds issued pursuant to this Offering Circular and Covered Bonds issued pursuant to the separate offering documents. All such Covered Bonds will rank *pari passu* without any preference or priority among themselves and all payments of principal and interest payable under all such Covered Bonds will be guaranteed by the Covered Bond Guarantor pursuant to the terms of the Covered Bond Guarantee.

The Arranger has not made, and reference to it in this Offering Circular as the Arranger does not constitute, an offer to sell or the solicitation of an offer to buy any Covered Bonds in any jurisdiction to any person.

This Offering Circular does not constitute an offer to sell or the solicitation of an offer to buy any Covered Bonds in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Offering Circular and the offer or sale of Covered Bonds may be restricted by law in certain jurisdictions. The Issuer, the Covered Bond Guarantor, the Arranger, the Lead Manager (if applicable), the Dealers, the Bond Trustee, the Trust Manager, the Seller, the Servicer, the Intercompany Loan Provider, the Demand Loan Provider, the Security Trustee, the Account Bank, the Cover Pool Monitor and any Swap Provider do not represent that this Offering Circular may be lawfully distributed, or that any Covered Bonds may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Covered Bond Guarantor, the Arranger, the Lead Manager (if applicable), the Dealers, the Bond Trustee, the Trust Manager, the Seller, the Servicer, the Intercompany Loan Provider, the Demand Loan Provider, the Security Trustee, the Account Bank, the Cover Pool Monitor and any Swap Provider which would permit a public offering of the Covered Bonds offered under this Offering Circular or distribution of this Offering Circular in any jurisdiction where action for that purpose is required. Accordingly, no Covered Bonds may be offered or sold, directly or indirectly, and neither this Offering Circular nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Offering Circular or any Covered Bonds may come must inform themselves about, and observe, any such restrictions on the distribution of this Offering Circular and the offering and sale of Covered Bonds. In particular, there are restrictions on the distribution of this Offering Circular and the offer or sale of Covered Bonds in the United States of America, the EEA (including additional restrictions applicable to offers and sales in Belgium, the Grand Duchy of Luxembourg and the Republic of Italy), the UK, Australia, Canada, Hong Kong, Japan, Macau, New Zealand, the People's Republic of China, the Republic of Korea, Singapore, Switzerland and Taiwan (see the section "*Subscription and Sale and Selling Restrictions*" in this Offering Circular).

All references to **U.S. dollars** and **U.S.\$** are to the currency of the United States of America, to **A\$, Australian \$, AUD** and **Australian dollars** are to the lawful currency of Australia, to **NZ\$** are to the lawful currency of New Zealand, to **Sterling** and **£** are to the lawful currency of the UK, to **Yen** are to the lawful currency of Japan and to

**euro** and **€** are to the currency introduced at the start of the third stage of the European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended. In this Offering Circular, unless the contrary intention appears, a reference to a law or a provision of a law is a reference to that law or provision as extended, amended or re-enacted.

In connection with the issue of any Covered Bonds, the Dealer(s) (if any) named as the Stabilising Manager(s) (or person acting on behalf of any Stabilising Manager(s)) in the applicable Pricing Supplement may over-allot Covered Bonds or effect transactions outside Australia and on a market operated outside Australia with a view to supporting the market price of the Covered Bonds at a level higher than that which might otherwise prevail. However, stabilization may not necessarily occur. Any stabilization action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Covered Bonds is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Covered Bonds and 60 days after the date of the allotment of the relevant Covered Bonds. Any stabilization action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules. Stabilization activities may only be carried on outside Australia and on a financial market operated outside Australia.

None of the Issuer, the Arranger, the Lead Manager (if applicable), the Dealers, the Covered Bond Guarantor, the Agents, the Security Trustee, the Trust Manager, the Bond Trustee nor any other party to the Programme Documents makes any representation to any investor in the Covered Bonds regarding the legality of its investment under any applicable laws. Any investor in the Covered Bonds should be able to bear the economic risk of an investment in the Covered Bonds for an indefinite period of time.

Each potential investor in the Covered Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should: (a) have sufficient knowledge and experience to make a meaningful evaluation of the Covered Bonds, the merits and risks of investing in the Covered Bonds and the information contained or incorporated by reference in this Offering Circular or any applicable supplement; (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Covered Bonds and the impact the Covered Bonds will have on its overall investment portfolio; (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Covered Bonds, including Covered Bonds with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency; (d) understand thoroughly the terms of the Covered Bonds; and (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (a) Covered Bonds are legal investments for it, (b) Covered Bonds can be used as collateral for various types of borrowing, (c) Covered Bonds can be used as repo-eligible securities and (d) other restrictions apply to its purchase or pledge of any Covered Bonds. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Covered Bonds under any applicable risk-based capital or similar rules. No predictions can be made as to the precise effects of such matters on any investor and none of the Issuer, the Covered Bond Guarantor, the Security Trustee, the Bond Trustee, the Arranger or the Dealers makes any representation to any prospective investor or purchaser of the Covered Bonds regarding the treatment of their investment as at the date of this Offering Circular or at any time in the future.

Covered Bonds are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Covered Bonds unless it has the expertise (either alone or with a financial adviser) to evaluate how the Covered Bonds will perform under changing conditions, the resulting effects on the value of the Covered Bonds and the impact this investment will have on the potential investor's overall investment portfolio.

In the event that the Bank becomes insolvent, insolvency proceedings in respect of the Bank will be governed by Australian law. Potential investors should be aware that Australian insolvency laws are different from the insolvency laws in other jurisdictions. In particular, the voluntary administration procedure under the Australian Corporations Act, which provides for the potential re-organization of an insolvent company, differs significantly from similar provisions under the insolvency laws of other jurisdictions.

Subject as provided in the applicable Pricing Supplement, the only persons authorized to use this Offering Circular (and, therefore, acting in association with the Issuer) in connection with an offer of Covered Bonds are the persons named in the applicable Pricing Supplement as the Relevant Dealer(s).

Copies of the applicable Pricing Supplement for each Tranche of Covered Bonds issued under this Offering Circular, subject to the provisions described in this Offering Circular, will be available by appointment from the registered office of the Issuer and the specified office set out below of the U.S. Paying Agent (as defined below). The applicable Pricing Supplement will only be obtainable by a Covered Bondholder subject to production of evidence as to its holding of Covered Bonds and identity as set out in the Conditions. The Principal Paying Agent may provide such documents for inspection by electronic means.

The Covered Bonds will not represent an obligation or be the responsibility of the Arranger, the Lead Manager (if applicable), the Dealers, the Bond Trustee, the Security Trustee, any member of the Group (other than the Bank in its capacity as Issuer under the Programme Documents) or any other party to the Programme, their officers, members, directors, employees, security holders or incorporators, other than the Issuer and, under the Covered Bond Guarantee, the Covered Bond Guarantor. The Issuer will be liable solely in its corporate capacity for its obligations in respect of the Covered Bonds. The Covered Bond Guarantor will be liable solely in its capacity as trustee of the Trust (but not in its personal capacity) for its obligations in respect of the Covered Bond Guarantee. In each case, such obligations will not be the obligations of their respective officers, members, directors, employees, security holders or incorporators.

## NOTICE TO PURCHASERS

THE COVERED BONDS OFFERED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OR THE SECURITIES LAWS OF ANY STATE AND HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION (THE SEC) OR ANY STATE SECURITIES AUTHORITY. NEITHER THE SEC NOR ANY STATE SECURITIES AUTHORITY HAS PASSED UPON THE ACCURACY OR ADEQUACY OF THIS OFFERING CIRCULAR OR ANY SUPPLEMENT HERETO. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE. THE COVERED BONDS ARE BEING OFFERED AND SOLD TO QUALIFIED INSTITUTIONAL BUYERS IN THE UNITED STATES WITHIN THE MEANING OF AND IN RELIANCE UPON THE EXEMPTION PROVIDED BY RULE 144A, SECTION 4(a)(2) OF AND REGULATION D UNDER THE SECURITIES ACT AND OUTSIDE THE UNITED STATES TO CERTAIN PERSONS IN RELIANCE ON REGULATION S UNDER THE SECURITIES ACT.

Each purchaser of a Covered Bond or Covered Bonds will be deemed to have acknowledged, represented and agreed as follows:

- (1) The Covered Bonds have not been and will not be registered under the Securities Act or any other applicable securities law and, accordingly, none of the Covered Bonds may be offered, sold, transferred, pledged, encumbered or otherwise disposed of unless in a transaction exempt from registration under the Securities Act and any other applicable securities law.
- (2) (A) It is a QIB, and is purchasing for its own account or solely for the account of one or more accounts for which it acts as a fiduciary or agent, each of which is a QIB, and such purchaser acknowledges that it is aware that the seller may rely upon the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A thereunder or (B) it is a purchaser acquiring such Covered Bonds in an offshore transaction occurring outside the United States within the meaning of Regulation S and that it is not a "U.S. person" (and is not acquiring such Covered Bonds for the account or benefit of a U.S. person) within the meaning of Regulation S.
- (3) It agrees on its own behalf and on behalf of any account for which it is purchasing Covered Bonds, to offer, sell or otherwise transfer such Covered Bonds (A) only in the minimum principal amounts specified in the applicable Pricing Supplement and (B) prior to the date that is one year after the later of (i) the last issue date for the Series or Tranche of such Covered Bonds and (ii) the last date on which the Issuer or any of its affiliates was the beneficial owner of such Covered Bonds (or any predecessor of such Covered Bonds) only (a) pursuant to the exemption from the registration requirements of the Securities Act provided by either Rule 144A or Regulation S, (b) to the Issuer or any of its affiliates, (c) pursuant to an effective registration statement under the Securities Act or (d) pursuant to an exemption from such registration requirements as confirmed in an opinion of counsel satisfactory to the Issuer. It acknowledges that each Covered Bond will contain a legend substantially to the effect of the foregoing paragraph (1) and this paragraph (3).
- (4) It acknowledges that the U.S. Transfer Agent referred to herein will register the transfer of any Covered Bonds resold or otherwise transferred by such purchaser pursuant to clause (c) of the foregoing paragraph (3) only upon receipt of an opinion of counsel satisfactory to the Issuer.
- (5) (A) it is not an employee benefit plan subject to the U.S. Employee Retirement Income Security Act of 1974, as amended (**ERISA**) or a plan subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the **Code**), it is not purchasing the Covered Bonds on behalf of or with "plan assets" of any such plan, and it is not a governmental or church or other plan subject to provisions under applicable federal, state, local or foreign law that are similar to the requirements of ERISA or Section 4975 of the Code (**similar law**) or (B) its purchase and holding of such Covered Bonds will not constitute a non-exempt prohibited transaction under ERISA or the Code or a similar violation of the provisions of any similar law.
- (6) It agrees to notify each person to whom it transfers the Covered Bonds of the foregoing restrictions.
- (7) It acknowledges that the Issuer, the Covered Bond Guarantor, the Dealers and others will rely upon the truth and accuracy of the foregoing acknowledgments, representations and agreements and it agrees that, if any of the acknowledgments, representations or warranties deemed to have been made by it in connection with its purchase of Covered Bonds are no longer accurate, it shall promptly notify the Issuer

and the Dealer, if any, through which it purchased any Covered Bonds. If it is acquiring any Covered Bonds as a fiduciary or agent for one or more accounts, it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgments, representations and agreements on behalf of each such account.

Each person receiving this Offering Circular and any supplement hereto acknowledges that (i) such person has been afforded an opportunity to request from the Issuer or the Covered Bond Guarantor and to review, and has received, all additional information considered by it to be necessary to verify the accuracy and completeness of the information contained and incorporated by reference herein, (ii) it has not relied on any Dealer or any person affiliated with any Dealer in connection with its investigation of the accuracy and completeness of such information or its investment decision and (iii) no person has been authorized to give any information or to make any representation concerning the Issuer, the Covered Bond Guarantor or the Covered Bonds offered hereby other than those contained herein and, if given or made, such other information or representation should not be relied upon as having been authorized by the Issuer, the Covered Bond Guarantor or any Dealer.

This Offering Circular and any supplement hereto does not constitute, and may not be used for the purposes of, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorized or to any person to whom it is unlawful to make such offer or solicitation, and no action is being taken to permit an offering of the Covered Bonds or the distribution of this Offering Circular or any supplement hereto in any jurisdiction where such action is required.

There are selling restrictions in relation to the United States of America, the EEA (including additional restrictions applicable to offers and sales in Belgium, the Grand Duchy of Luxembourg, the Republic of Italy and Switzerland), the UK, Australia, Canada, Hong Kong, Japan, Macau, New Zealand, the People's Republic of China, the Republic of Korea, Singapore, Taiwan and such other jurisdictions as may be required in connection with the offering and sale of the Covered Bonds. See "*Subscription and Sale and Selling Restrictions*" for more information.

The Covered Bonds are subject to restrictions on transferability and resale. Investors may not transfer or resell the Covered Bonds except as described in this Offering Circular or any supplement hereto and as permitted under the Securities Act and other applicable securities laws. Investors may be required to bear the financial risks of an investment in the Covered Bonds for an indefinite period of time.

In connection with an offering of Covered Bonds purchased by one or more Dealers as principal on a fixed offering price basis, such Dealer(s) will be permitted to over-allot or engage in transactions that stabilize the price of Covered Bonds. These transactions may consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of Covered Bonds. If the Dealer creates or the Dealers create, as the case may be, a short position in Covered Bonds, that is, if it sells or they sell Covered Bonds in an aggregate principal amount exceeding that set forth in the applicable Pricing Supplement, such Dealer(s) may reduce that short position by purchasing Covered Bonds in the open market. In general, purchase of Covered Bonds for the purpose of stabilization or to reduce a short position could cause the price of Covered Bonds to be higher than it might be in the absence of such purchases. Such stabilization if commenced, may be discontinued at any time and must be brought to an end after a limited period. Stabilization activities may only be carried on outside Australia and on a financial market operated outside Australia.

#### NOTICE TO PROSPECTIVE INVESTORS IN THE EEA AND IN THE UK

None of this Offering Circular, any supplement hereto, or any related Pricing Supplement is a prospectus for the purposes of Regulation (EU) 2017/1129 (as amended, the **EU Prospectus Regulation**) or the Prospectus Rules: Admission to Trading on a Regulated Market sourcebook (**PRM**).

**MiFID II product governance / target market** – The Pricing Supplement in respect of any Covered Bonds may include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Covered Bonds and which channels for distribution of the Covered Bonds are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU (as amended, **MiFID II**) is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID II Product Governance rules under the EU Delegated Directive 2017/593 (the **MiFID II Product Governance Rules**), any

Dealer subscribing for any Covered Bonds is a manufacturer in respect of such Covered Bonds, but otherwise none of the Issuer, the Arranger, the Dealers or any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules.

**UK MiFIR product governance / target market** – The Pricing Supplement in respect of any Covered Bonds may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Covered Bonds and which channels for distribution of the Covered Bonds are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a **UK distributor**) should take into consideration the target market assessment; however, a UK distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Covered Bonds is a manufacturer in respect of such Covered Bonds, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

**IMPORTANT – EEA RETAIL INVESTORS** – If the applicable Pricing Supplement in respect of any Covered Bonds includes a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a **retail investor** means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97, as amended (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014, as amended (the **PRIPs Regulation**), for offering or selling the Covered Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

**IMPORTANT – UK RETAIL INVESTORS** – If the Pricing Supplement in respect of any Covered Bonds includes a legend entitled “Prohibition of Sales to UK Retail Investors”, the Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is neither: (i) a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law in the UK by virtue of the EUWA; nor (ii) a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024 (the **POATRs**). Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law in the UK by virtue of the EUWA (the **UK PRIIPs Regulation**) for offering or selling the Covered Bonds or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

This Offering Circular, any supplement hereto and any related Pricing Supplement have been prepared on the basis that any Covered Bonds with a minimum denomination of less than €100,000 (or equivalent in another currency) will, with respect to the EEA, only be offered to the public in an EEA Member State pursuant to an exemption under Article 1(4) of the EU Prospectus Regulation and with respect to the UK, only be offered to the public in circumstances falling within Part 1 of Schedule 1 to the POATRs.

This Offering Circular, any supplement hereto and any related Pricing Supplement have been prepared on the basis that (i) any offer of Covered Bonds in any Member State of the EEA will be made pursuant to an exemption under the EU Prospectus Regulation from the requirement to publish a prospectus for offers of Covered Bonds; and (ii) no prospectus will be required to be prepared for the purposes of the PRM. Accordingly any person making or intending to make an offer in any Member State of the EEA or in the UK of Covered Bonds which are the subject of the offering contemplated in this Offering Circular may only do so in circumstances in which (i) no obligation arises for the Issuer or any of the Dealers to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation in relation to such offer and (ii) no prospectus will be required to be prepared for the purposes of the PRM. Neither the Issuer, the Covered Bond Guarantor, the Trust Manager, the Dealers, the Lead Manager (if applicable) nor any other party to the Programme Documents have authorized, nor do they authorize, the making of any offer of Covered Bonds in circumstances in which an obligation arises for the Issuer, the Covered Bond Guarantor, the Trust Manager, the Dealers, the Lead Manager (if applicable) or any other party to

the Programme Documents to publish a prospectus for such offer. If a jurisdiction requires that the offering be made by a licensed broker or dealer and the Dealers or any affiliate of the Dealers is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by that Dealer or its affiliate on behalf of the Issuer in such jurisdiction.

#### **NOTICE TO INVESTORS IN THE UK**

The communication of this Offering Circular, any supplement hereto, any related Pricing Supplement and any other document or materials relating to the issue of the Covered Bonds offered hereby is not being made, and such documents and/or materials have not been approved, by an authorized person for the purposes of section 21 of the Financial Services and Markets Act 2000, as amended (the **FSMA**). Accordingly, this Offering Circular, any supplement hereto, any related Pricing Supplement and such other documents and/or materials are not being distributed to, and must not be passed on to, the general public in the UK. This Offering Circular, any supplement hereto, any related Pricing Supplement and such other documents and/or materials are for distribution only to persons who (i) have professional experience in matters relating to investments and who fall within the definition of investment professionals (as defined in Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended (the **FPO**)); (ii) fall within Article 49(2)(a) to (d) of the FPO; (iii) are outside the UK, or (iv) are other persons to whom this Offering Circular may otherwise lawfully be communicated or distributed in accordance with the FPO (all such persons together being referred to as **relevant persons**). This Offering Circular is directed only at relevant persons and must not be acted on or relied on by persons who are not relevant persons. In the UK, any investment or investment activity to which this Offering Circular, any supplement hereto, any related Pricing Supplement and any such other document or materials relate will be engaged in only with relevant persons. Any person in the UK that is not a relevant person should not act or rely on this Offering Circular, any supplement hereto, any related Pricing Supplement, or any other documents and/or materials relating to the issue of the Covered Bonds offered hereby or any of their contents.

#### **NOTICE TO INVESTORS IN SINGAPORE**

Solely for the purposes of its obligations pursuant to Sections 309B(1)(a) and 309B(1)(c) of the Securities and Futures Act 2001 of Singapore, as amended from time to time (the **SFA**), and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the **CMP Regulations 2018**), the Issuer has determined and hereby notifies all relevant persons as defined in Section 309A(1) of the SFA, unless otherwise stated in the Pricing Supplement in respect of any Covered Bonds, that all Covered Bonds issued or to be issued under the Programme are classified as capital markets products other than prescribed capital markets products (as defined in the CMP Regulations 2018) and Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

#### **SALES TO ONTARIO PERMITTED INVESTORS**

The Covered Bonds may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. Any resale of the Covered Bonds must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Offering Circular (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal advisor.

If applicable, pursuant to section 3A.3 (or, in the case of securities issued or guaranteed by the government of a non-Canadian jurisdiction, section 3A.4) of National Instrument 33-105 Underwriting Conflicts (NI 33-105), the Dealers are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with the offering of any Covered Bonds.

## NO ACQUISITIONS BY OFFSHORE ASSOCIATES OF THE ISSUER

Under current Australian law, interest and other amounts paid on the Covered Bonds by the Issuer will not be subject to Australian interest withholding tax if the Covered Bonds are issued in accordance with certain prescribed conditions set out in section 128F of the Income Tax Assessment Act 1936 (Cth). One of these conditions is that the Issuer must not know, or have reasonable grounds to suspect, that a Covered Bond, or an interest in a Covered Bond, was being, or would later be, acquired directly or indirectly by an Offshore Associate of the Issuer, other than in the capacity of a dealer, manager, or underwriter in relation to the placement of the relevant Covered Bond, or a clearing house, custodian, funds manager or responsible entity of a registered scheme. Accordingly, the Covered Bonds must not be acquired by an Offshore Associate of the Issuer (other than in these specified capacities). For these purposes, an Offshore Associate means an “associate” (as defined in section 128F(9) of the Income Tax Assessment Act 1936 (Cth)) who is either (i) a non-resident of Australia that does not acquire a Covered Bond, or an interest in a Covered Bond, in carrying on a business in Australia at or through a permanent establishment of the associate in Australia, or (ii) a resident of Australia that acquires a Covered Bond, or an interest in a Covered Bond, in carrying on a business in a country outside Australia at or through a permanent establishment of the associate in that country. “Associate” is defined broadly and may include, but is not limited to, any entity that is under common control with the Issuer. Any prospective investor that believes that it may be affiliated with or related to any of the above-mentioned entities or who otherwise believes it may be an Offshore Associate of the Issuer, should make appropriate enquiries before investing in any of the Covered Bonds. For more details, see “*Taxation—Australian Taxation*”.

## BENCHMARKS REGULATIONS

Amounts payable on certain Floating Rate Covered Bonds issued under the Programme may be calculated by reference to the Euro Interbank Offered Rate (**EURIBOR**), the Sterling Overnight Index Average (**SONIA**) or the Secured Overnight Financing Rate (**SOFR**), which constitute “benchmarks” under Regulation (EU) 2016/1011, as amended (the **EU Benchmarks Regulation**) and/or Regulation (EU) No 2016/1011 as it forms part of domestic law in the UK by virtue of the EUWA (the **UK Benchmarks Regulation**), as specified in the applicable Pricing Supplement. As at the date of this Offering Circular, the administrator of EURIBOR, European Money Markets Institute, is included in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 of the EU Benchmarks Regulation (the **EU Benchmarks Register**) and in the register of administrators and benchmarks established and maintained by the FCA pursuant to Article 36 of the UK Benchmarks Regulation (the **UK Benchmarks Register**). As at the date of this Offering Circular, neither the Bank of England nor the Federal Reserve Bank of New York, as the administrators of SONIA and SOFR, respectively, is included in such registers. As far as the Issuer is aware, under Article 2 of the EU Benchmarks Regulation and the UK Benchmarks Regulation, respectively, neither the Bank of England nor the Federal Reserve Bank of New York is required to obtain authorization or registration.

The registration status of any administrator under the EU Benchmarks Regulation or the UK Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the applicable Pricing Supplement in respect of any Covered Bonds to reflect any change in the registration status of the administrator.

## DOCUMENTS INCORPORATED BY REFERENCE

In this Offering Circular, the Issuer “incorporates by reference” certain information that the Issuer makes available to prospective purchasers of Covered Bonds regarding itself and the Covered Bond Guarantor as described below. The information incorporated by reference is considered part of this Offering Circular and later information made available to prospective purchasers of Covered Bonds as described below will update and, to the extent inconsistent, supersede earlier information included or incorporated by reference in this Offering Circular and any supplement hereto. The Issuer incorporates by reference into this Offering Circular the following documents contained on the “Supplementary business and financial disclosure” page of the Issuer’s website at <https://www.commbank.com.au/about-us/investors/us-investors.html> (the **U.S. Investor Website**):

- (a) the Group’s Half-Year U.S. Disclosure Document for the half-year ended December 31, 2025, which contains the Group’s financial statements for the half-years ended December 31, 2024, June 30, 2025 and December 31, 2025 (the **2026 U.S. Half-Year Disclosure Document**);

- (b) the Group’s Annual U.S. Disclosure Document for the year ended June 30, 2025 (the **2025 U.S. Annual Disclosure Document**);
- (c) the Group’s Annual Financial Report for the year ended June 30, 2025, which contains the Group’s financial statements for the years ended June 30, 2023, 2024 and 2025 and as of June 30, 2024 and 2025 (the **2025 Financial Report**);
- (d) the Group’s Annual Financial Report for the year ended June 30, 2024, which contains the Group’s financial statements for the years ended June 30, 2022, 2023 and 2024 and as of June 30, 2023 and 2024 (the **2024 Financial Report** and, together with the 2025 Financial Report, the **Financial Reports**);
- (e) the Group’s Basel III Pillar 3 Capital Adequacy and Risks Disclosures as at June 30, 2025 and the Group’s Basel III Pillar 3 Capital Adequacy and Risks Disclosures as at December 31, 2025 (together, the **Capital Disclosure Reports**); and
- (f) CBA’s Constitution (the **Constitution**) incorporating amendments up to and including all amendments passed at CBA’s annual general meeting on October 16, 2019.

The other materials on the U.S. Investor Website dated prior to the date of this Offering Circular are not incorporated by reference herein.

After the date of this Offering Circular, the Issuer may put additional information on the U.S. Investor Website regarding itself and the Covered Bond Guarantor. Such additional information shall be deemed to be incorporated by reference in this Offering Circular and any supplement hereto and shall be deemed to update and, to the extent inconsistent, supersede prior information included or incorporated by reference in this Offering Circular and any supplement hereto. Each person who receives this Offering Circular and each purchaser of Covered Bonds hereunder expressly acknowledges and agrees that the information included or incorporated by reference herein shall for all purposes form a part of this Offering Circular and be deemed to have been delivered to such person herewith.

Except with respect to the documents available on the U.S. Investor Website at the address designated above that are incorporated or deemed to be incorporated by reference in this Offering Circular, none of the information on the Issuer’s website is incorporated by reference in this Offering Circular or otherwise deemed to be a part of this Offering Circular and any references thereto are for information purposes only. Copies of the 2026 U.S. Half-Year Disclosure Document, the 2025 U.S. Annual Disclosure Document, the Financial Reports, the Capital Disclosure Reports, the Constitution and all other information incorporated by reference in this Offering Circular can also be obtained from the Issuer upon request. Requests should be directed to the Commonwealth Bank of Australia, Commonwealth Bank Place South, Level 1, 11 Harbour Street, Sydney, New South Wales, 2000, Australia; Attention: Head of Term Funding. Telephone requests may be directed to +61 (2) 9118-1342 or +1 (212) 848-9200.

#### **AVAILABLE INFORMATION**

Each prospective purchaser of the Covered Bonds is hereby offered the opportunity to ask questions of the Issuer and the Covered Bond Guarantor concerning the terms and conditions of the offering and to request from the Issuer and the Covered Bond Guarantor any additional information such prospective purchaser may consider necessary in making an informed investment decision or in order to verify the information contained or incorporated by reference in this Offering Circular.

While any Covered Bonds remain outstanding and are “restricted securities” under the Securities Act, the Issuer and the Covered Bond Guarantor will, during any period in which it is not subject to Section 13 or 15(d) of the U.S. Securities Exchange Act of 1934, as amended (the **Exchange Act**), or exempt from reporting pursuant to Rule 12g3-2(b) under the Exchange Act, make available to any QIB who holds any Covered Bond and any prospective purchaser of a Covered Bond who is a QIB designated by such holder of such Covered Bond, upon the request of such holder or prospective purchaser, the information concerning the Issuer, the Trust and the Covered Bond Guarantor required to be provided to such holder or prospective purchaser by Rule 144A(d)(4) under the Securities Act.

The Issuer will provide, without charge, to each person to whom a copy of this Offering Circular has been delivered, upon the request of such person, a copy of certain documents relating to the Programme, as described under “*General Information—Documents Available*”.

## ENFORCEMENT OF LIABILITIES; SERVICE OF PROCESS

The Issuer is a public limited liability company incorporated in Australia and Perpetual Corporate Trust Limited is a limited liability company incorporated in Australia and as Covered Bond Guarantor is the trustee of the Trust, a trust established under the laws of New South Wales, Australia. All of the Issuer's and Covered Bond Guarantor's directors reside outside the United States (principally in Australia); and all or a substantial portion of the assets of the Issuer and the Covered Bond Guarantor and of such directors are located outside the United States (principally in Australia). As a result, it may not be possible for investors to effect service of process within the United States upon the Issuer or the Covered Bond Guarantor, as applicable, or such directors, or to enforce in foreign courts judgments against them obtained in the United States predicated upon, among other things, civil liabilities of the Issuer or the Covered Bond Guarantor, as applicable, or such directors, including any judgment predicated upon United States federal securities laws. There is doubt as to the enforceability in Australia in original actions or in actions for enforcement of judgments of United States courts of civil liabilities predicated solely upon federal or state securities laws of the United States.

The financial statements included in the 2026 U.S. Half-Year Disclosure Document, which are incorporated herein by reference, are not audited, but the financial statements included in the Financial Reports, which are also incorporated herein by reference, are audited by PricewaterhouseCoopers, an Australian partnership (**PwC Australia**). PwC Australia reported that they have applied limited procedures in accordance with professional standards for a review of the financial statements in the 2026 U.S. Half-Year Disclosure Document. As the auditor for the Group and the Trust, PwC Australia may be able to assert a limitation of liability with respect to claims arising out of their audit reports to the extent it is subject to the limitations set forth in the Professional Standards Act of 1994 of New South Wales, Australia (the **Professional Standards Act**) and the Chartered Accountants Australia and New Zealand (NSW) Scheme adopted by Chartered Accountants Australia and New Zealand and approved by the New South Wales Professional Standards Council pursuant to the Professional Standards Act (the **NSW Accountants Scheme**). The Professional Standards Act and the NSW Accountants Scheme may limit the liability of the Group's and the Trust's respective auditors for damages with respect to certain civil claims arising in, or governed by the laws of, New South Wales directly or vicariously from anything done or omitted in the performance of their professional services to the Group or the Trust, including, without limitation, their audits of the Group's or the Trust's financial statements, to A\$75 million. The limit does not apply to claims for breach of trust, fraud or dishonesty.

To the extent they apply, the foregoing limitation of liability may limit enforcement in Australian courts of any judgment under United States or other foreign laws rendered against the Group's or the Trust's respective auditors based on, or related to, its audit of the Group's or the Trust's respective financial statements. However, the Professional Standards Act and the NSW Accountants Scheme have not been subject to extensive judicial consideration and, therefore, how the limitation may be applied by courts and the effect of the limitation remain untested in a number of aspects, including its effect in respect of the enforcement of foreign judgments.

## FORWARD-LOOKING STATEMENTS

This Offering Circular contains various forward-looking statements regarding events and trends that are subject to risks and uncertainties that could cause the actual results and financial position of the Bank and its subsidiaries (collectively, the **Group**) to differ materially from the information presented in this Offering Circular. When used in this Offering Circular, the words "estimate", "project", "intend", "anticipate", "believe", "expect", "should" and similar expressions, as they relate to the Group and its management, are intended to identify such forward-looking statements. See "*Special Note Regarding Forward-Looking Statements*" in the 2026 U.S. Half-Year Disclosure Document.

Projections are necessarily speculative in nature, and some or all of the assumptions underlying the projections may not materialize or may vary significantly from actual results. Consequently, future results may differ from the Issuer's expectations due to a variety of factors, including (but not limited to) strategic risk arising from changes in the Group's external and internal operating environment, a downturn in the macroeconomic environment, particularly in the Australian or New Zealand economies, further declines in the residential and commercial property sectors, being subject to extensive regulation and operating in an environment that is subject to political scrutiny, competition and digital disruption, environmental and social risks, organizational capability and culture risks, failure to maintain capital adequacy requirements, reputational risk, risks related to acquisitions, divestments and investments, credit risk, operational risk associated with being a large financial institution, cybersecurity risk, technology risk, data management risk, third party risk, transaction processing risk, business disruption risk, artificial intelligence risk, modelling risk, fraud risk, employment risk, accounting and taxation risk, compliance risk, the possibility of incurring substantial legal liability or regulatory action being taken against

the Group, inappropriate staff conduct, financial crime legislation compliance risk, privacy legislation compliance risk, liquidity and funding risks, inability to access international debt markets due to adverse financial and credit market conditions, failure to maintain adequate levels of liquidity and funding, failure to maintain credit ratings, failure to hedge effectively against market risks (including adverse fluctuations in exchange rates) and insurance risk. Given these risks, uncertainties and other factors, potential investors are cautioned not to place undue reliance on such forward-looking statements. Details on significant risk factors applicable to the Issuer and the Covered Bond Guarantor are detailed under the section “*Risk Factors*” in this Offering Circular.

Moreover, past financial performance should not be considered a reliable indicator of future performance and prospective purchasers of the Covered Bonds are cautioned that any such statements are not guarantees of performance and involve risks and uncertainties, many of which are beyond the control of the Issuer and/or the Covered Bond Guarantor. Neither the Arranger nor the Dealers have attempted to verify any such statements, nor do they make any representations, express or implied, with respect to such statements.

None of the Arranger, the Dealers, the Lead Manager (if applicable), the Issuer, the Covered Bond Guarantor, the Security Trustee, the Bond Trustee nor any other party to a Programme Document has any obligation to update or otherwise revise any projections, including any revisions to reflect changes in economic conditions or other circumstances arising after the date of this Offering Circular or to reflect the occurrence of unanticipated events, even if the underlying assumptions do not come to fruition.

## **GLOSSARY**

Unless otherwise indicated, capitalized terms used in this Offering Circular have the meaning set out in this Offering Circular. A glossary of defined terms appears at the back of this Offering Circular in the section entitled “*Glossary*”.

Covered Bonds may be unlisted or may be listed or admitted to trading, as the case may be, on stock exchanges or regulated or unregulated markets, as may be agreed between the Issuer and the Relevant Dealer(s) or Lead Manager in relation to each issue. The applicable Pricing Supplement relating to each Series or Tranche of the Covered

Bonds will state whether or not the Covered Bonds are to be listed and/or admitted to trading and, if so, on which stock exchange(s) and/or markets.

## STRUCTURE OVERVIEW

The information in this section is an overview of the structure relating to the Programme and does not purport to be complete. The information is taken from, and is qualified in its entirety by, the remainder of this Offering Circular. Words and expressions defined elsewhere in this Offering Circular shall have the same meanings in this overview.

### Structure Diagram

### Credit Structure

The Covered Bonds will be direct, unsecured, unsubordinated and unconditional obligations of the Issuer. The Covered Bond Guarantor has no obligation to pay the Guaranteed Amounts under the Covered Bond Guarantee until the occurrence of: (i) an Issuer Event of Default and service by the Bond Trustee on the Issuer of an Issuer Acceleration Notice and on the Covered Bond Guarantor of a Notice to Pay; or (ii) if earlier, following the occurrence of a Covered Bond Guarantor Event of Default and service by the Bond Trustee on the Covered Bond Guarantor and the Issuer of a Covered Bond Guarantee Acceleration Notice. The Issuer will not be relying on any payments by the Covered Bond Guarantor under the Intercompany Loan Agreement or the Demand Loan Agreement in order to pay interest or repay principal under the Covered Bonds.

There are a number of features of the Programme which enhance the likelihood of timely and, as applicable, ultimate payments to Covered Bondholders, as follows:

- (a) the Covered Bond Guarantee provides credit support in respect of obligations of the Issuer under the Covered Bonds and the Assets of the Trust provide security for the obligations of the Covered Bond Guarantor;
- (b) the Pre-Maturity Test is intended to provide liquidity to the Covered Bond Guarantor in relation to amounts of principal due on the Final Maturity Date of the Hard Bullet Covered Bonds;
- (c) the Asset Coverage Test is intended to test, on a monthly basis, prior to the service of a Notice to Pay on the Covered Bond Guarantor, the asset coverage of the Assets of the Trust held from time to time by the Covered Bond Guarantor in respect of the Covered Bonds;
- (d) the Amortisation Test is intended to test, on a monthly basis, following the service of a Notice to Pay on the Covered Bond Guarantor (but prior to the service of a Covered Bond Guarantee Acceleration Notice

on the Covered Bond Guarantor and the Issuer), the asset coverage of the Assets of the Trust held from time to time by the Covered Bond Guarantor in respect of the Covered Bonds;

- (e) a Reserve Fund will be established in the GIC Account, which will be funded from Available Income Amounts or by crediting the remaining proceeds of a Term Advance or a Demand Loan Advance up to the Reserve Fund Required Amount, if the Issuer's credit rating falls below the Moody's Specified Ratings and/or the Fitch Specified Rating; and
- (f) under the terms of the Account Bank Agreement, the Account Bank has agreed to pay a rate of interest per annum equal to the 30 day Bank Bill Rate which will be at the rate determined by the Account Bank on the first day of each Collection Period (or, in the case of the first Collection Period, the first Closing Date) on all amounts held by the Covered Bond Guarantor in the GIC Account.

Certain of these factors are considered more fully in the remainder of this section and in the section entitled "*Credit Structure*" in this Offering Circular.

#### *Asset Coverage Test*

The Programme provides that, prior to the service of a Notice to Pay on the Covered Bond Guarantor and/or the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, the Assets of the Trust held from time to time by the Covered Bond Guarantor are subject to the Asset Coverage Test. Accordingly, for so long as Covered Bonds remain outstanding, the Trust Manager must ensure that on each Determination Date prior to the service of a Notice to Pay on the Covered Bond Guarantor and/or the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, the Adjusted Aggregate Mortgage Loan Amount is an amount at least equal to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Determination Date. The Asset Coverage Test will be tested on a monthly basis by the Trust Manager on each Determination Date.

If on any Determination Date the Adjusted Aggregate Mortgage Loan Amount is less than the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of all Covered Bonds on that Determination Date, the Asset Coverage Test will not be satisfied. If on the immediately following Determination Date the Asset Coverage Test remains unsatisfied, the Bond Trustee will serve an Asset Coverage Test Breach Notice on the Covered Bond Guarantor (subject to the Bond Trustee receiving notification from the Trust Manager or, if earlier, having actual knowledge or express notice that the Asset Coverage Test remains unsatisfied). The Bond Trustee will be deemed to revoke an Asset Coverage Test Breach Notice if, on the next Determination Date to occur following the service of an Asset Coverage Test Breach Notice, the Asset Coverage Test is satisfied and neither a Notice to Pay nor a Covered Bond Guarantee Acceleration Notice has been served. If an Asset Coverage Test Breach Notice is not deemed to have been revoked on the next Determination Date after service of such Asset Coverage Test Breach Notice, an Issuer Event of Default will occur and the Bond Trustee will be entitled (and in certain circumstances may be required) to serve an Issuer Acceleration Notice. Following service of an Issuer Acceleration Notice, the Bond Trustee will be required to serve a Notice to Pay on the Covered Bond Guarantor. The Asset Coverage Test will also be tested by the Trust Manager at any time required for the purposes of facilitating repayment of the Demand Loan to the extent such repayment is subject to the Asset Coverage Test being satisfied (notwithstanding the service of a Notice to Pay on the Covered Bond Guarantor).

#### *Amortisation Test*

On each Determination Date following service of a Notice to Pay on the Covered Bond Guarantor (but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer) and, for so long as Covered Bonds remain outstanding, the Trust Manager must ensure that the Amortisation Test Aggregate Mortgage Loan Amount, as calculated on such Determination Date, will be at least equal to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds on such Determination Date. A breach of the Amortisation Test will constitute a Covered Bond Guarantor Event of Default and the Bond Trustee will be entitled (and, in certain circumstances, may be required) to serve a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer declaring the Covered Bonds immediately due and repayable and the Security Trustee will be entitled and, in certain circumstances, may be required, to enforce the Security.

#### *Legislated Collateralisation Test*

In addition to the Asset Coverage Test and the Amortisation Test, the Programme benefits from the Issuer's obligation to comply with the minimum over-collateralization requirements set out in the Australian Banking Act

and, for that purpose, the Legislated Collateralisation Test as described in the section “*Overview of the Principal Documents – Establishment Deed – Legislated Collateralisation Test*” in this Offering Circular. As the Legislated Collateralisation Test is a minimum requirement, the Issuer expects that the Legislated Collateralisation Test will be satisfied in all circumstances in which the Asset Coverage Test or the Amortisation Test, as applicable, is satisfied.

#### *Pre-Maturity Test*

Each Series of Hard Bullet Covered Bonds is subject to the Pre-Maturity Test on each Local Business Day during the Pre-Maturity Test Period for that Series of Hard Bullet Covered Bonds prior to the occurrence of an Issuer Event of Default and/or a Covered Bond Guarantor Event of Default. The Pre-Maturity Test is intended to provide liquidity for such Covered Bonds when the Issuer’s short term credit ratings are below a certain level within a specified period prior to the maturity of such Covered Bonds. If the Pre-Maturity Test is breached within such specified period and certain actions are not taken, an Issuer Event of Default will occur (and the Bond Trustee will be entitled (and in certain circumstances may be required) to serve an Issuer Acceleration Notice. Following service of an Issuer Acceleration Notice, the Bond Trustee will be required to serve a Notice to Pay on the Covered Bond Guarantor (see the section “*Overview of the Principal Documents – Establishment Deed – Sale of Selected Mortgage Loan Rights if the Pre-Maturity Test is breached*” in this Offering Circular for further information).

As at the date of this Offering Circular, the Pre-Maturity Test has not been breached in relation to any Outstanding Series of Hard Bullet Covered Bonds.

#### *Extendable obligations under the Covered Bond Guarantee*

An Extended Due for Payment Date may be specified as applying in relation to a Series of Covered Bonds in the applicable Pricing Supplement. This means that if the Issuer fails to pay the Final Redemption Amount of the relevant Series of Covered Bonds on the Final Maturity Date (subject to applicable grace periods) and if the Covered Bond Guarantor, following service of a Notice to Pay, fails to pay the Guaranteed Amounts equal to the unpaid portion of the Final Redemption Amount of the relevant Series of Covered Bonds in full by the Extension Determination Date (for example, because following the service of a Notice to Pay on the Covered Bond Guarantor, the Covered Bond Guarantor has insufficient moneys available in accordance with the Guarantee Priority of Payments to pay in full the Guaranteed Amounts corresponding to the unpaid portion of the Final Redemption Amount of the relevant Series of Covered Bonds) then payment of the unpaid amount pursuant to the Covered Bond Guarantee will be automatically deferred (without a Covered Bond Guarantor Event of Default occurring as a result of such non-payment) and will be due and payable on the Extended Due for Payment Date (subject to any applicable grace period). However, to the extent that monies are available in accordance with the Guarantee Priority of Payments, any amount representing the Final Redemption Amount due and remaining unpaid on the Extension Determination Date may be paid by the Covered Bond Guarantor on any Interest Payment Date thereafter, up to (and including) the relevant Extended Due for Payment Date. Interest will continue to accrue on any unpaid amount during such extended period and be payable on the Original Due for Payment Date and on the Extended Due for Payment Date in accordance with Condition 4 of the Programme Conditions and clause 3 of the N Covered Bond Confirmation Terms (as applicable).

#### *Reserve Fund*

The Covered Bond Guarantor may be required, on a Distribution Date, to deposit into the GIC Account (with a corresponding credit to the Reserve Ledger) any Available Income Amount or the relevant proceeds of a Term Advance or Demand Loan Advance up to an amount equal to the Reserve Fund Required Amount. The Reserve Fund Required Amount on any day will depend on the credit ratings of the Issuer. If the Issuer’s short-term unsecured, unsubordinated and unguaranteed debt obligations are rated at least F1+ by Fitch (the **Fitch Specified Rating**) and at least P-1 by Moody’s (the **Moody’s Specified Rating**), the Reserve Fund Required Amount is nil (or such other amount as the Issuer notifies the Covered Bond Guarantor). If the Issuer is not rated the Fitch Specified Rating and/or the Moody’s Specified Rating the determination of the Reserve Fund Required Amount will depend on the relevant rating trigger(s) not met.

### **The Programme**

Pursuant to the terms of the Programme, the Issuer will issue Covered Bonds to the Covered Bondholders on an Issue Date. The Covered Bonds will be direct, unsecured, unsubordinated and unconditional obligations of the Issuer.

The Issuer's indebtedness in respect of the Covered Bonds is affected by applicable laws which include (but are not limited to) sections 13A and 16 of the Australian Banking Act and section 86 of the Australian Reserve Bank Act. These provisions provide that in the event that the Issuer becomes unable to meet its obligations or suspends payment, its assets in Australia are to be available to meet its liabilities to, among others, the Australian Prudential Regulation Authority (APRA), the RBA and holders of protected accounts held in Australia, in priority to all other liabilities, including the Covered Bonds.

The Covered Bonds will not be protected accounts, deposits or deposit liabilities of the Issuer for the purposes of the Australian Banking Act.

The Australian Banking Act also provides that the Issuer's assets in Australia for these purposes do not include the assets in a cover pool (as defined in the Australian Banking Act).

In addition, the Covered Bonds are not deposits, deposit liabilities or protected accounts for the purpose of the Australian Banking Act and are not insured or guaranteed by the FDIC or any government, governmental agency or compensation scheme of the United States, Australia (including but not limited to the Australian Government's Financial Claims Scheme) or any other jurisdiction or by any other party.

#### *Covered Bonds issued under the Programme*

Except in respect of the first issue of Covered Bonds, Covered Bonds issued under the Programme will either be fungible with an existing Series of Covered Bonds (in which case they will form part of such Series) or have different terms to an existing Series of Covered Bonds (in which case they will constitute a new Series).

All Covered Bonds issued from time to time will rank *pari passu* with each other in all respects (except as set out in the Guarantee Priority of Payments) and will share in the Security granted by the Covered Bond Guarantor under the Security Deed.

In order to ensure that any further issue of Covered Bonds under the Programme does not adversely affect existing Covered Bondholders:

- (a) the Bank (as Intercompany Loan Provider) will, subject to certain conditions precedent, be obliged to make a Term Advance to the Covered Bond Guarantor in an amount equal to either (i) the Principal Amount Outstanding on the Issue Date of such further issue of Covered Bonds in the Specified Currency of the relevant Series or Tranche of Covered Bonds; or (ii) the Australian Dollar Equivalent of the Principal Amount Outstanding on the Issue Date of such further issue of Covered Bonds, and (in each case) for a matching term.

The Covered Bond Guarantor may only use the proceeds of such Term Advance (if not denominated in Australian Dollars, upon exchange into Australian Dollars under the applicable Non-Forward Starting Covered Bond Swap): (i) to fund (in whole or in part) the Consideration for any Mortgage Loan Rights to be acquired from the Seller in accordance with the terms of the Mortgage Sale Agreement; and/or (ii) acting in accordance with the Establishment Deed, to invest in Substitution Assets in an amount not exceeding the prescribed limit (as set out in the section "*Overview of the Principal Documents – Establishment Deed – Limit on Investing in Substitution Assets and Authorized Investments*" in this Offering Circular) to the extent required to meet the Asset Coverage Test; and thereafter or otherwise the Covered Bond Guarantor may use such proceeds (subject to complying with the Asset Coverage Test): (A) if an existing Series or Tranche or part of an existing Series or Tranche of Covered Bonds is being refinanced (by the issue of a further Series or Tranche of Covered Bonds to which the Term Advance relates) to repay the Term Advance(s) corresponding to the Covered Bonds being so refinanced (after exchange into the currency of the Term Advance(s) being repaid, if necessary); and/or (B) to make a repayment of the Demand Loan, provided that the Trust Manager has determined the outstanding balance of the Demand Loan by calculating the Asset Coverage Test as at the Intercompany Loan Drawdown Date having taken into account such repayment and the Trust Manager has confirmed that the Asset Coverage Test will continue to be met after giving effect to such repayment; and/or (C) subject to the terms of the Establishment Deed, to make a deposit of all or part of the proceeds into the GIC Account (including, without limitation, to fund the Reserve Fund to an amount not exceeding the Reserve Fund Required Amount); and

- (b) further Covered Bonds may not be issued if an Asset Coverage Test Breach Notice has been served and is outstanding.

There is no assurance that the issue of a further Series of Covered Bonds will not be ultimately adverse to the interests of any existing holder of Covered Bonds because, for instance, the level of collateralization in the cover pool is reduced or because of the timing subordination risk (as described in the section “*Risk Factors – Risk Factors Related to the Nature of the Covered Bonds – Final Maturity Date and extendable obligations under the Covered Bond Guarantee*” in this Offering Circular). See also the section “*Risk Factors – Risk Factors Related to the Nature of the Covered Bonds – APRA’s powers under the Australian Banking Act – Power to prevent further issue of covered bonds*” below in relation to restrictions on the Bank (as Issuer) from issuing covered bonds under the Australian Banking Act.

The Seller will, subject to the satisfaction of certain conditions (including the criteria for Eligible Mortgage Loans) offer to sell Mortgage Loan Rights to the Covered Bond Guarantor from time to time.

#### *Intercompany Loan Agreement*

Pursuant to the terms of the Intercompany Loan Agreement, the Bank as Intercompany Loan Provider will make a Term Advance to the Covered Bond Guarantor in an amount equal to either (i) if a Non-Forward Starting Covered Bond Swap is entered into on the relevant Issue Date, the Principal Amount Outstanding on the Issue Date of the relevant Series or, as applicable, Tranche of Covered Bonds in the Specified Currency of the relevant Series or Tranche of Covered Bonds or (ii) if a Forward Starting Covered Bond Swap is entered into on the relevant Issue Date, the Australian Dollar Equivalent of the Principal Amount Outstanding on the Issue Date of the relevant Series or, as applicable, Tranche of Covered Bonds, and (in each case) for a matching term. Payments by the Issuer of amounts due under the Covered Bonds will not be conditional upon receipt by the Bank of payments from the Covered Bond Guarantor pursuant to the Intercompany Loan Agreement. The payment of amounts owed by the Covered Bond Guarantor under the Intercompany Loan Agreement will be subordinated to the payment of amounts owed by the Covered Bond Guarantor under the Covered Bond Guarantee in accordance with the Guarantee Priority of Payments and the Post-Enforcement Priority of Payments.

The Covered Bond Guarantor may only use the proceeds of the Term Advances received under the Intercompany Loan Agreement from time to time (if not denominated in Australian Dollars, upon exchange into Australian Dollars under the applicable Non-Forward Starting Covered Bond Swap): (i) to fund (in whole or part) the Consideration payable to the Seller for the Mortgage Loan Rights to be acquired from the Seller in accordance with the terms of the Mortgage Sale Agreement; and/or (ii) acting in accordance with the Establishment Deed, to invest in Substitution Assets in an amount not exceeding the prescribed limit (as set out in the section “*Overview of the Principal Documents – Establishment Deed – Limit on Investing in Substitution Assets and Authorized Investments*” in this Offering Circular) to the extent required to meet the Asset Coverage Test; and thereafter or otherwise the Covered Bond Guarantor may use such proceeds (subject to complying with the Asset Coverage Test (as described below)): (A) if an existing Series or Tranche or part of an existing Series or Tranche of Covered Bonds is being refinanced (by the issue of a further Series or Tranche of Covered Bonds to which the Term Advance relates) to repay the Term Advance(s) corresponding to the Covered Bonds being so refinanced (after exchange into the currency of the Term Advance(s) being repaid, if necessary); and/or (B) to make a repayment of the Demand Loan, provided that the Trust Manager has determined the outstanding balance of the Demand Loan by calculating the Asset Coverage Test as at the Intercompany Loan Drawdown Date having taken into account such repayment and the Trust Manager has confirmed that the Asset Coverage Test will continue to be met after giving effect to such repayment; and/or (C) subject to the terms of the Establishment Deed, to make a deposit of all or part of the proceeds into the GIC Account (including, without limitation, to fund the Reserve Fund).

#### *Demand Loan Agreement*

Pursuant to the Demand Loan Agreement, the Bank as Demand Loan Provider will make a Demand Loan Facility available to the Covered Bond Guarantor. The Covered Bond Guarantor may draw Demand Loan Advances denominated in Australian Dollars from time to time under the Demand Loan Facility. The Demand Loan Facility is a revolving credit facility. Demand Loan Advances may only be used by the Covered Bond Guarantor: (i) to fund (in whole or in part) the Consideration payable to the Seller for the acquisition of Mortgage Loan Rights from the Seller on a Closing Date to the extent the aggregate of the proceeds of a Term Advance and/or the Available Principal Amount on that date are not sufficient to pay such Consideration; (ii) to repay a Term Advance on the date on which the Series of Covered Bonds corresponding to such Term Advance matures; (iii) to rectify a failure to meet the Asset Coverage Test, such funds to be deposited into the GIC Account, invested in Substitution Assets (not exceeding the prescribed limit described in the section “*Overview of the Principal Documents – Establishment Deed – Limit on Investing in Substitution Assets and Authorized Investments*” in this Offering Circular) and/or used to purchase Mortgage Loan Rights from the Seller; (iv) to rectify a breach of the Pre-

Maturity Test; (v) to rectify an Interest Rate Shortfall; (vi) to make a deposit to the OC Account if agreed between the Trust Manager and the Demand Loan Provider; or (vii) for any other purpose whatsoever as may be agreed from time to time between the Covered Bond Guarantor (acting on the directions of the Trust Manager) and the Demand Loan Provider (including, without limitation, to fund the Reserve Fund if required). Each Demand Loan Advance will be consolidated to form the Demand Loan.

Repayment of the principal amount owed by the Covered Bond Guarantor under the Demand Loan Agreement may:

- (i) provided that the Asset Coverage Test is met after giving effect to such repayment, be made:
  - (A) on any day an applicable Term Advance is made, by way of set-off by application of the proceeds of the Term Advance as described in “*Overview of the Principal Documents – Intercompany Loan Agreement*” in this Offering Circular;
  - (B) on any Local Business Day, by the Demand Loan Provider (in its capacity as the Account Bank in respect of the OC Account) setting-off the balance standing to the credit of the OC Account against the repayment amount (if the Local Business Day is a Distribution Date, in priority to amounts owed by the Covered Bond Guarantor under the Intercompany Loan Agreement and the Covered Bond Guarantee); or
  - (C) on any Distribution Date, by an in specie distribution of Mortgage Loan Rights (the value of which will be determined by reference to the Current Principal Balance plus arrears of interest and accrued interest thereon in respect of the corresponding Mortgage Loans calculated as at the date of the relevant in specie distribution) to the Demand Loan Provider in priority to amounts owed by the Covered Bond Guarantor under the Intercompany Loan Agreement and the Covered Bond Guarantee; or
- (ii) otherwise, be subordinated to amounts owed by the Covered Bond Guarantor under the Covered Bond Guarantee and under the Intercompany Loan Agreement, as applicable, in accordance with the applicable Priority of Payments (and repayment of such amounts may be also satisfied by an in specie distribution of Mortgage Loan Rights, at the discretion of the Trust Manager or, in the case of the Post-Enforcement Priority of Payments, the Security Trustee).

For further details see the section “*Overview of the Principal Documents – Demand Loan Agreement*” in this Offering Circular.

#### *Mortgage Sale Agreement*

The Seller may, subject to the satisfaction of certain conditions (including the criteria for Eligible Mortgage Loans), offer to sell Mortgage Loan Rights to the Covered Bond Guarantor from time to time.

Under the terms of the Mortgage Sale Agreement, the consideration payable to the Seller for the sale of Mortgage Loan Rights, originated by the Seller, to the Covered Bond Guarantor will be a payment paid by the Covered Bond Guarantor to the Seller on the applicable Closing Date (except to the extent the Seller and the Covered Bond Guarantor have agreed that the Consideration will be set-off against any amount payable on the relevant Closing Date by the Bank as Intercompany Loan Provider and/or Demand Loan Provider).

#### *Servicing Deed*

In its capacity as Servicer, the Bank has entered into the Servicing Deed with, amongst others, the Covered Bond Guarantor and the Security Trustee, pursuant to which the Servicer has agreed to administer and service the Mortgage Loan Rights sold by the Bank (in its capacity as Seller) to the Covered Bond Guarantor.

#### *Covered Bond Guarantee*

Pursuant to the terms of the Bond Trust Deed, the Covered Bond Guarantor has guaranteed payments of interest and principal under the Covered Bonds issued by the Issuer. The Covered Bond Guarantor has agreed to pay an amount equal to the Guaranteed Amounts when the same become Due for Payment but which would otherwise be unpaid by the Issuer. The obligations of the Covered Bond Guarantor under the Covered Bond Guarantee constitute (following service of a Notice to Pay or a Covered Bond Guarantee Acceleration Notice) direct and unconditional obligations of the Covered Bond Guarantor, secured against the Assets of the Trust held from time

to time by the Covered Bond Guarantor as provided in the Security Deed and recourse against the Covered Bond Guarantor is limited to such Assets (see “*Covered Bond Guarantor’s Liability*” below). Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice upon the Issuer (whereupon the Covered Bonds will become immediately due and payable as against the Issuer but not at such time as against the Covered Bond Guarantor), the Bond Trustee will be required to serve a Notice to Pay on the Covered Bond Guarantor (copied to the Trust Manager and the Security Trustee).

A Covered Bond Guarantee Acceleration Notice may be served by the Bond Trustee on the Issuer and the Covered Bond Guarantor following the occurrence of a Covered Bond Guarantor Event of Default. If a Covered Bond Guarantee Acceleration Notice is served, the Covered Bonds will become immediately due and payable against the Issuer (if they have not already become due and payable) and the obligations of the Covered Bond Guarantor under the Covered Bond Guarantee will be accelerated and the Security Trustee will be entitled to enforce the Security. Prior to the service of a Covered Bond Guarantee Acceleration Notice, payments made by the Covered Bond Guarantor under the Covered Bond Guarantee will be made subject to, and in accordance with, the Guarantee Priority of Payments. All monies recovered or received by the Security Trustee or any receiver after the service of a Covered Bond Acceleration Notice will be held by it in the Trust Accounts to be applied, together with any applicable In Specie Mortgage Loan Rights, in accordance with the Post-Enforcement Priority of Payments (other than Third Party Amounts due to the Seller and any Swap Collateral Excluded Amounts due to the relevant Swap Providers by the Covered Bond Guarantor under the relevant Swap Agreements which will be paid directly to the relevant Swap Providers in accordance with the relevant Swap Agreements).

### ***Covered Bond Guarantor’s Liability***

The Covered Bond Guarantor is party to the Programme Documents only in its capacity as trustee of the Trust and in no other capacity. A liability arising under or in connection with the Programme Documents is limited to and can be enforced against the Covered Bond Guarantor only to the extent to which it can be satisfied out of Assets of the Trust out of which the Covered Bond Guarantor is actually indemnified for the liability. This limitation of the Covered Bond Guarantor’s liability applies despite any other provision of the Programme Documents (other than as a result of the Covered Bond Guarantor’s fraud, negligence or wilful default) and extends to all liabilities and obligations of the Covered Bond Guarantor in any way connected with any representation, warranty, conduct, omission, agreement or transaction related to a Programme Document.

In relation to the Trust, no party to a Programme Document other than the Covered Bond Guarantor may sue the Covered Bond Guarantor in any capacity other than as trustee of the Trust, including seeking the appointment of a receiver (except in relation to the Assets of the Trust), a liquidator, an administrator or any similar person to the Covered Bond Guarantor or prove in any liquidation, administration or arrangements of or affecting the Covered Bond Guarantor (except in relation to the Assets of the Trust).

The above will not apply to any obligation or liability of the Covered Bond Guarantor to the extent that it is not satisfied because under the Programme Documents or by operation of law there is a reduction in the extent of the Covered Bond Guarantor’s indemnification out of the Assets of the Trust, as a result of the Covered Bond Guarantor’s fraud, negligence or wilful default. See further the definitions of “fraud”, “negligence” and “wilful default” in the section “*Glossary*” in this Offering Circular.

The Transaction Parties are each responsible under the Programme Documents for performing a variety of obligations relating to the Trust. No act or omission of the Covered Bond Guarantor (including any related failure to satisfy its obligations or breach of representation or warranty under any Programme Document) will be considered fraud, negligence or wilful default of the Covered Bond Guarantor to the extent to which the act or omission was caused or contributed to by any failure by any Transaction Party (other than the Covered Bond Guarantor) or any other person to fulfil its obligations relating to the Trust or by any other act or omission of any Transaction Party (other than the Covered Bond Guarantor) or any other person.

No attorney, agent, receiver or receiver and manager appointed in accordance with the Programme Documents has authority to act on behalf of the Covered Bond Guarantor in a way which exposes the Covered Bond Guarantor to any personal liability and no act or omission of any such person will be considered fraud, negligence or wilful default of the Covered Bond Guarantor. See further the definitions of “fraud”, “negligence” and “wilful default” in the section “*Glossary*” in this Offering Circular.

The Covered Bond Guarantor is not obliged to do or refrain from doing anything under the Programme Documents (including incur any liability) unless the Covered Bond Guarantor’s liability is limited in the same manner as described above.

### *Dual recourse: Excess Proceeds to be paid to Covered Bond Guarantor*

Following the occurrence of an Issuer Event of Default, the Bond Trustee may (and, in certain circumstances, must) serve an Issuer Acceleration Notice on the Issuer and a Notice to Pay on the Covered Bond Guarantor.

Following service of an Issuer Acceleration Notice and a Notice to Pay, any moneys received by the Bond Trustee from the Issuer (or any administrator, receiver, manager, liquidator, controller, statutory manager or other similar official appointed in relation to the Issuer) (**Excess Proceeds**) will be paid by the Bond Trustee to the Covered Bond Guarantor and shall be used by the Covered Bond Guarantor in the same manner as all other moneys standing to the credit of the GIC Account pursuant to the Security Deed and the Establishment Deed.

At any time after the service of a Notice to Pay but prior to the service of a Covered Bond Guarantee Acceleration Notice, payments by the Covered Bond Guarantor under the Covered Bond Guarantee will be made in accordance with the Guarantee Priority of Payments.

### *Security Deed*

To secure its obligations under the Covered Bond Guarantee and the Programme Documents to which it is a party, the Covered Bond Guarantor has granted security over the Charged Property (being all the Assets of the Trust acquired by or accruing to the Covered Bond Guarantor after the date of first execution of the Security Deed) in favor of the Security Trustee (for itself and on behalf of the other Secured Creditors) pursuant to the Security Deed.

### *Security Trustee's Liability*

Notwithstanding any provision of the Programme Documents, the Security Trustee is party to the Programme Documents only in its capacity as trustee of the Security Trust and in no other capacity and the Security Trustee has no liability under or in connection with the Programme Documents (whether to the Secured Creditors, the Covered Bond Guarantor or any other person) other than to the extent to which the liability is able to be satisfied out of the property of the Security Trust from which the Security Trustee is actually indemnified for the liability. This limitation will not apply to a liability of the Security Trustee to the extent that it is not satisfied because, under the Programme Documents or by operation of law, there is a reduction in the extent of the Security Trustee's indemnification out of the Security Trust as a result of the Security Trustee's fraud, negligence or wilful default. See further the definitions of "fraud", "negligence" and "wilful default" in the section "*Glossary*" in this Offering Circular.

### **Priorities of Payment**

#### *Pre-Acceleration Income Priority of Payments and Pre-Acceleration Principal Priority of Payments*

Prior to the service of a Notice to Pay and/or service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, the Covered Bond Guarantor (acting on the directions of the Trust Manager) will, on each Distribution Date:

- (a) apply the Available Income Amount (A) to pay amounts due, or to become due and payable (excluding principal amounts) on the Term Advances and/or (B) to pay amounts due, or to become due and payable (excluding principal amounts) on the Demand Loan. However, these payments will only be made after payment of certain items ranking higher in the Pre-Acceleration Income Priority of Payments (including, but not limited to, certain expenses and amounts due to the Interest Rate Swap Provider); and
- (b) apply the Available Principal Amount, together with (in relation to the repayment of the Demand Loan only) any applicable In Specie Mortgage Loan Rights and any amount standing to the credit of the OC Account, towards making repayments of the principal amount outstanding on the Demand Loan (by way of setting-off the amount standing to the credit of the OC Account and, if applicable, by an in specie distribution of Mortgage Loan Rights) and the Term Advances but only after payment of certain items ranking higher in the Pre-Acceleration Principal Priority of Payments (including, but not limited to, the reimbursement of Trust Further Advances made by the Seller, funding any liquidity that may be required in respect of Hard Bullet Covered Bonds following any breach of the Pre-Maturity Test and acquiring Mortgage Loans Rights offered by the Seller to the Covered Bond Guarantor from time to time). Provided that the Asset Coverage Test will be satisfied following any such repayment of the Demand Loan, the repayment of the Demand Loan will rank in priority to the repayment of the Term Advances to the extent of a demand made by the Demand Loan Provider for repayment. Such a demand may only be satisfied

by setting-off the balance standing to the credit of the OC Account and, if applicable, by an in specie distribution of Mortgage Loan Rights to the Demand Loan Provider. However, if for any reason an in specie distribution is not made by the Covered Bond Guarantor following such demand (being an **In Specie Failure**), such repayment along with the repayment of the remaining portion of the Demand Loan under the terms of the Demand Loan Agreement will be subordinated to the repayment of the Term Advances.

*Application of moneys following service of an Asset Coverage Test Breach Notice*

At any time after service on the Covered Bond Guarantor of an Asset Coverage Test Breach Notice (which has not been deemed to have been revoked), but prior to the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice (or the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer):

- (a) the Available Income Amount will continue to be applied in accordance with the Pre-Acceleration Income Priority of Payments except that, whilst any Covered Bonds remain outstanding, no moneys will be applied: (i) to pay any amounts due or to become due and payable (excluding principal amounts) to the Intercompany Loan Provider in respect of each Term Advance; (ii) to pay any amounts due or to become due and payable (excluding principal amounts) on the Demand Loan; or (iii) to the Income Unitholder in whole or partial satisfaction of any entitlement to the Net Trust Income of the Trust and the remainder (if any) after such application will be deposited into the GIC Account and will form part of the Available Income Amount to be applied on the next following Distribution Date; and
- (b) the Available Principal Amount will continue to be applied in accordance with the Pre-Acceleration Principal Priority of Payments except that, whilst any Covered Bonds remain outstanding, moneys will not be applied: (i) to acquire Mortgage Loan Rights from the Seller and/or to acquire Substitution Assets in an amount sufficient to ensure the Asset Coverage Test is satisfied; (ii) to pay any amounts in respect of principal due or payable or to become due and payable to the Intercompany Loan Provider in respect of each Term Advance; (iii) to pay the Consideration for Mortgage Loan Rights assigned by the Seller to the Covered Bond Guarantor in accordance with the Mortgage Sale Agreement; (iv) to repay principal amounts outstanding under the Demand Loan; (v) to the Income Unitholder (in whole or partial satisfaction of any entitlement to Net Trust Income of the Trust); or (vi) to pay any amounts to the Capital Unitholder, and the remainder (if any) after such application will be deposited into the GIC Account and will form part of the Available Principal Amount to be applied on the following Distribution Date.

*Application of moneys following service of a Notice to Pay*

Following service on the Covered Bond Guarantor of a Notice to Pay (but prior to the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer) the Covered Bond Guarantor will apply the Available Income Amount and the Available Principal Amount on each Distribution Date to pay Guaranteed Amounts in respect of the Covered Bonds when the same become Due for Payment, subject to paying certain higher ranking obligations of the Covered Bond Guarantor in the Guarantee Priority of Payments. In such circumstances:

- (a) the Demand Loan Provider will be entitled to repayment of the Demand Loan pursuant to the terms of the Demand Loan Agreement, provided that the Asset Coverage Test is satisfied after giving effect to such repayment, in priority to payment of Guaranteed Amounts in respect of the Covered Bonds, in circumstances where the Demand Loan Provider has demanded repayment of the Demand Loan or there are no Covered Bonds outstanding and the Issuer has confirmed that no further Covered Bonds will be issued under the Programme. The Covered Bond Guarantor (acting on the directions of the Trust Manager) must only set-off the balance standing to the credit of the OC Account or, if applicable, distribute Mortgage Loan Rights of the Trust in specie (the value of which will be determined by reference to the Current Principal Balance plus arrears of interest and accrued interest thereon in respect of the corresponding Mortgage Loan calculated as at the date of the in specie distribution) to satisfy any such repayment obligation of the Covered Bond Guarantor to the Demand Loan Provider; and
- (b) the Intercompany Loan Provider and the Demand Loan Provider will only be entitled to receive any remaining amounts (in the case of the Demand Loan Provider, to the extent any amounts due and payable have not been satisfied as described in paragraph (a) above) after all amounts due under the Covered Bond Guarantee in respect of the Covered Bonds have been paid in full or have otherwise been provided for. The Trust Manager may (at its discretion) direct the Covered Bond Guarantor to distribute any

Mortgage Loan Rights of the Trust in full in specie to satisfy any such outstanding payment obligations to the Demand Loan Provider.

*Acceleration of the Covered Bonds following a Covered Bond Guarantor Event of Default*

Following the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, the Covered Bonds will become immediately due and repayable (if not already due and payable as against the Issuer) and each of the Bond Trustee and the Security Trustee may or must take such proceedings or steps in accordance with the first and third paragraphs, respectively, of Condition 9.3 of the Programme Conditions and the Bond Trustee (for the benefit of the Covered Bondholders) will have a claim against the Covered Bond Guarantor, under the Covered Bond Guarantee, for an amount equal to the Early Redemption Amount in respect of each Covered Bond of each Series together with accrued interest and any other amount due under the Covered Bonds (other than additional amounts payable by the Issuer under Condition 7 of the Programme Conditions and Condition 6 of the N Covered Bond Conditions (as applicable)) and the Security created by the Covered Bond Guarantor over the Charged Property will become enforceable (if not already realized). Any moneys received or recovered by the Security Trustee (or a Receiver) following service of a Covered Bond Guarantee Acceleration Notice, together with any applicable In Specie Mortgage Loan Rights and the amount standing to the credit of the OC Account, will be distributed according to the Post-Enforcement Priority of Payments (other than Third Party Amounts due to the Seller and any Swap Collateral Excluded Amounts due to the relevant Swap Providers by the Covered Bond Guarantor under the relevant Swap Agreements, which will be paid directly to the relevant Swap Providers in accordance with the relevant Swap Agreements).

For a more detailed description of the transactions summarized above relating to the Covered Bonds see, among other relevant sections, the sections “*Programme Overview*”, “*Risk Factors*”, “*Overview of the Principal Documents*”, “*Credit Structure*”, “*Cashflows*”, “*The Mortgage Loan Rights*” and “*Terms and Conditions of the Covered Bonds*” in this Offering Circular.

## PROGRAMME OVERVIEW

*The following overview does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Offering Circular and, in relation to the terms and conditions of any particular Series or Tranche of Covered Bonds, the applicable Pricing Supplement. Words and expressions defined elsewhere in this Offering Circular will have the same meanings in this overview.*

*This Overview constitutes a general description of the Programme for the purposes of Article 25(1) of Commission Delegated Regulation (EU) No 2019/980 and Delegated Regulation (EU) No 2019/980 as it forms part of domestic law of the UK by virtue of the EUWA.*

### **The Parties**

**Issuer:** Commonwealth Bank of Australia ABN 48 123 123 124, incorporated as a company with limited liability in the Commonwealth of Australia and having an office at Commonwealth Bank Place South, Level 1, 11 Harbour Street, Sydney NSW 2000, Australia.

For a more detailed description of the Issuer see “*Commonwealth Bank of Australia*”.

**Issuer Legal Entity Identifier:** MSFSBD3QN1GSN7Q6C537.

**Covered Bond Guarantor:** Perpetual Corporate Trust Limited ABN 99 000 341 533, incorporated as a company with limited liability in the Commonwealth of Australia and having an office at Level 14, 123 Pitt Street, Sydney NSW 2000, Australia, as trustee of the CBA Covered Bond Trust.

In its capacity as trustee of the Trust, the Covered Bond Guarantor’s principal business is to acquire, inter alia, Mortgage Loan Rights from the Seller pursuant to the terms of the Mortgage Sale Agreement and to guarantee certain payments in respect of the Covered Bonds. The Covered Bond Guarantor will hold the Mortgage Loan Rights forming part of the Assets of the Trust and the other Charged Property in accordance with the terms of the Programme Documents.

The Covered Bond Guarantor has provided a guarantee covering all Guaranteed Amounts when the same become Due for Payment, but only following service on the Issuer of an Issuer Acceleration Notice and service on the Covered Bond Guarantor of a Notice to Pay, or if earlier, service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer. The obligations of the Covered Bond Guarantor under the Covered Bond Guarantee and the other Programme Documents to which it is a party are secured by the Security Deed over the Charged Property from time to time of the Covered Bond Guarantor.

The liability of the Covered Bond Guarantor to make payments under the Programme Documents (including under the Covered Bond Guarantee) is limited to its right of indemnity from the Assets of the Trust. Except in the case of, and to the extent that the Covered Bond Guarantor’s right of indemnification against the Assets of the Trust is reduced as a result of fraud, negligence or wilful default, no rights may be enforced against the personal assets of the Covered Bond Guarantor by any person and no proceedings may be brought against the Covered Bond Guarantor except to the extent of the Covered Bond Guarantor’s right of indemnity and reimbursement out of the Assets of the Trust. Other than in the

exception previously mentioned, the personal assets of the Covered Bond Guarantor are not available to meet payments under the Covered Bond Guarantee.

<b>Programme Size:</b>	Up to U.S.\$40,000,000,000 (or its equivalent in other currencies determined in relation to a Tranche of Covered Bonds by reference to the spot rate for the sale of U.S. dollars against the purchase of the currency of such Covered Bonds in the London foreign exchange market quoted by any leading bank selected by the Issuer on the date of the agreement to issue such Covered Bonds between the Issuer and the Relevant Dealer(s)) outstanding at any time. The Issuer may increase the amount of the Programme in accordance with the terms of the Programme Agreements.
<b>Distribution:</b>	Covered Bonds may be distributed by way of private or public placement and in each case on a syndicated or non-syndicated basis, subject to the restrictions set forth in " <i>Subscription and Sale and Selling Restrictions</i> " below.
<b>Specified Currencies:</b>	Subject to any applicable legal or regulatory restrictions, Covered Bonds may be issued in such currency or currencies as may be agreed from time to time by the Issuer, the Relevant Dealer(s), the U.S. Paying Agent and the Bond Trustee (as set out in the applicable Pricing Supplement).
<b>Certain Restrictions:</b>	Each issue of Covered Bonds denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see " <i>Subscription and Sale and Selling Restrictions</i> ").
<b>Issue Price:</b>	Covered Bonds may be issued at par or at a premium or discount to par on a fully-paid basis or partly-paid basis (as set out in the applicable Pricing Supplement).
<b>Form of Covered Bonds:</b>	The Covered Bonds will be issued in registered form as described in " <i>Form of the Covered Bonds</i> ".

Covered Bonds may be Fixed Rate Covered Bonds or Floating Rate Covered Bonds, depending upon the Interest Basis specified in the applicable Pricing Supplement, and subject, in each case, to issuance of a Rating Affirmation Notice by the Issuer.

**Fixed Rate Covered Bonds:**

Fixed Rate Covered Bonds will bear interest at a fixed rate which will be payable on such date or dates as may be agreed between the Issuer and the Relevant Dealer(s) and on redemption and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the Relevant Dealer(s) (in each case as set out in the applicable Pricing Supplement).

**Floating Rate Covered Bonds:**

Floating Rate Covered Bonds will bear interest at a rate determined on the basis of the reference rate set out in the applicable Pricing Supplement.

Interest on Floating Rate Covered Bonds in respect of each Interest Period, as agreed prior to issue by the Issuer and the Relevant Dealer(s), will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, as may be agreed between the Issuer and the Relevant Dealer(s).

The Margin (if any) relating to such floating rate will be agreed between the Issuer and the Relevant Dealer(s) for each issue of Floating Rate Covered Bonds (as set out in the applicable Pricing Supplement).

**Benchmark Discontinuation:**

In the case of Floating Rate Covered Bonds (other than where the Reference Rate is specified in the applicable Pricing Supplement as being Compounded Daily SONIA or Compounded Daily SOFR, in which case the provisions of Conditions 4.2(e)(ii) and 4.2(f)(ii), respectively, shall apply instead), if the Issuer, acting in good faith and in a commercially reasonable manner, determines that a Benchmark Event (as defined in the Conditions of the Covered Bonds) has occurred, the Original Reference Rate will be replaced by a Successor Rate (as defined in the Conditions of the Covered Bonds) or, if there is no Successor Rate but the Issuer determines there is an Alternative Rate (as defined in the Conditions of the Covered Bonds), by such Alternative Rate. An Adjustment Spread (as defined in the Conditions of the Covered Bonds) may also be applied to the Successor Rate or the Alternative Rate, as the case may be, subject (where not formally recommended or provided for) to a determination made by the Issuer. Benchmark Amendments (being amendments to the Conditions, the Bond Trust Deed, the Principal Agency Agreement and/or the Calculation Agent, as applicable, necessary to ensure the proper operation of any Successor Rate, Alternative Rate and/or Adjustment Spread) as determined by the Issuer, may be agreed by the Issuer, the Bond Trustee and the Agents, without the consent or approval of the Covered Bondholders. Any determination by the Issuer in relation to Alternative Rates, Adjustment Spread (where applicable) and Benchmark Amendments is required to be made by it in good faith and in a commercially reasonable manner, and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser (as defined in the Conditions of the

Covered Bonds). For further information, see Condition 4.7 (*Benchmark Discontinuation*).

**Hard Bullet Covered Bonds:**

Hard Bullet Covered Bonds may be offered and will be subject to a Pre-Maturity Test. The intention of the Pre-Maturity Test is to provide liquidity for the Hard Bullet Covered Bonds if the Issuer's credit ratings have fallen below a certain level.

**Maturities:**

Subject to compliance with all applicable legal, regulatory and/or central bank requirements, Covered Bonds may be issued with such maturities as may be agreed between the Issuer and the Relevant Dealer(s) (as set out in the applicable Pricing Supplement).

**Redemption:**

The Pricing Supplement for a Series of Covered Bonds will indicate either that the relevant Covered Bonds of such Series cannot be redeemed prior to their stated maturity (other than in specified instalments, if applicable, or for taxation reasons or if it becomes unlawful for any Term Advance or the Demand Loan to remain outstanding) or that such Covered Bonds will be redeemable at the option of the Issuer upon giving notice to the Covered Bondholders, on a date or dates specified prior to such stated maturity and at a price or prices and on such other terms as may be agreed between the Issuer and the Relevant Dealer(s) or that such Covered Bonds will be redeemable at the option of the Covered Bondholders upon giving notice to the Issuer, on a date or dates specified prior to such stated maturity and at their Optional Redemption Amount as specified in the applicable Pricing Supplement.

**Final Redemption:**

Unless an Extended Due for Payment Date is specified as applicable in the applicable Pricing Supplement for a Series of Covered Bonds, if that Series of Covered Bonds has not already been redeemed or purchased and cancelled in full in accordance with their terms and conditions, those Covered Bonds will be redeemed at their Final Redemption Amount on the Final Maturity Date for such Covered Bonds, as set out in the applicable Pricing Supplement.

**Use of Proceeds:**

The net proceeds from each issue of Covered Bonds will be applied by the Issuer for its general corporate purposes, unless stated otherwise in the applicable Pricing Supplement.

**Extendable obligations under the Covered Bond Guarantee:**

If an Extended Due for Payment Date is specified as applicable in the applicable Pricing Supplement for a Series of Covered Bonds and (i) the Issuer fails to pay, in full, the Final Redemption Amount for such Covered Bonds on the Final Maturity Date for such Covered Bonds (or by the end of the applicable grace period) and (ii) following the service of a Notice to Pay on the Covered Bond Guarantor by no later than the date falling one Business Day prior to the Extension Determination Date, the Covered Bond Guarantor has insufficient monies available under the Guarantee Priority of Payments to pay, in full, the Guaranteed Amounts equal to the unpaid portion of such Final Redemption Amount by the earlier of (a) the date which falls two Business Days after service of such Notice to Pay on the Covered Bond Guarantor (or if later, the Final Maturity Date) under the terms of the Covered Bond Guarantee and (b) the Extension Determination Date for such Covered Bonds in accordance with the terms of the Covered Bond Guarantee (for example because, following

the service of a Notice to Pay on the Covered Bond Guarantor, there are insufficient moneys available to it to pay, in accordance with the Guarantee Priority of Payments, such Guaranteed Amounts in full), then the obligation of the Covered Bond Guarantor to pay the unpaid portion of such Guaranteed Amount, or any part thereof will be deferred (and a Covered Bond Guarantor Event of Default will not occur as a result of such failure) until the Interest Payment Date thereafter on which sufficient moneys are available (after providing for liabilities ranking in priority thereto or *pari passu* therewith subject to and in accordance with the Guarantee Priority of Payments) to fund the payment of such unpaid portion, or any part thereof, provided that such payment shall not be deferred beyond the Extended Due for Payment Date when the unpaid portion of such Guaranteed Amount (together with accrued interest) will be due and payable. Interest will accrue on any such unpaid portion during such extended period and will be due and payable on each Interest Payment Date up to, and including, the Extended Due for Payment Date in accordance with Condition 4 of the Programme Conditions and clause 3.3 of the N Covered Bond Confirmation Terms (as applicable).

For further information see the section “*Risk Factors – Risk Factors Related to the Nature of the Covered Bonds – Final Maturity Date and extendable obligations under the Covered Bond Guarantee*” in this Offering Circular.

**Denomination of Covered Bonds:**

The Covered Bonds will be issued in such denominations as may be agreed between the Issuer and the Relevant Dealer(s) and set out in the applicable Pricing Supplement except that, other than in certain limited circumstances (including as stated below), the minimum denomination of each Covered Bond will be €100,000 (or, if the Covered Bonds are denominated in a currency other than euro, the equivalent amount in such currency) or such other higher amount as is required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency.

Unless otherwise stated in the applicable Pricing Supplement, the minimum denomination of each Rule 144A Covered Bond will be at least U.S.\$250,000 and integral multiples of U.S.\$1,000, or its approximate equivalent in other Specified Currencies.

**Taxation:**

All payments in respect of principal and interest on the Covered Bonds will be made without deduction or withholding for or on account of any taxes whatsoever, subject as provided in Condition 7 of the Programme Conditions and Condition 6 of the N Covered Bond Conditions (as applicable). If any such deduction or withholding is made by the Issuer, the Issuer will, except in the specified circumstances provided in Condition 7 of the Programme Conditions and Condition 6 of the N Covered Bond Conditions (as applicable), pay additional amounts in respect of the amounts so deducted or withheld.

If any payments made by the Covered Bond Guarantor under the Covered Bond Guarantee are or become subject to any such withholding or deduction, the Covered Bond Guarantor will not be obliged to pay any additional amount as a

consequence under Condition 7 of the Programme Conditions and Condition 6 of the N Covered Bond Conditions (as applicable). The Guaranteed Amounts payable by the Covered Bond Guarantor under the Covered Bond Guarantee will not include any additional amounts the Issuer would be obliged to pay as a result of any deduction or withholding in accordance with Condition 7 of the Programme Conditions and Condition 6 of the N Covered Bond Conditions (as applicable). For a further discussion of any withholding tax obligations see the section “*Taxation*” in this Offering Circular.

**Payments under Covered Bond Guarantee:**

If a Notice to Pay is served in respect of any Series of Covered Bonds, then the Covered Bond Guarantor will be required to make payments of Guaranteed Amounts in respect of all Series of Covered Bonds outstanding when the same becomes Due for Payment in accordance with the terms of the Covered Bond Guarantee. If a Covered Bond Guarantee Acceleration Notice is served in respect of any Series of Covered Bonds, then the obligation of the Covered Bond Guarantor to pay Guaranteed Amounts in respect of all Series of Covered Bonds outstanding will be accelerated.

**Status of the Covered Bonds:**

The Covered Bonds will constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and will rank *pari passu* without any preference or priority among themselves and at least equally with all other present and future unsecured and unsubordinated obligations of the Issuer (other than any obligation preferred by mandatory provisions of applicable law including, without limitation, sections 13A and 16 of the Australian Banking Act and section 86 of the Australian Reserve Bank Act), from time to time outstanding.

The Covered Bonds are not deposits, deposit liabilities or protected accounts for the purpose of the Australian Banking Act and are not insured or guaranteed by the FDIC or any government, governmental agency or compensation scheme of the United States, Australia (including but not limited to the Australian Government’s Financial Claims Scheme) or any other jurisdiction or by any other party.

**Covered Bond Guarantee:**

Payment of Guaranteed Amounts in respect of the Covered Bonds when Due for Payment will be unconditionally and irrevocably guaranteed by the Covered Bond Guarantor under the Covered Bond Guarantee. The Covered Bond Guarantor will be under no obligation to make payment in respect of the Guaranteed Amounts when Due for Payment unless (i) an Issuer Event of Default has occurred, an Issuer Acceleration Notice is served on the Issuer by the Bond Trustee and a Notice to Pay is served on the Covered Bond Guarantor, or (ii) a Covered Bond Guarantor Event of Default has occurred and a Covered Bond Guarantee Acceleration Notice is served on the Covered Bond Guarantor and the Issuer by the Bond Trustee. The obligations of the Covered Bond Guarantor under the Covered Bond Guarantee will accelerate against the Covered Bond Guarantor and the Guaranteed Amounts will become immediately due and payable upon the service of a Covered Bond Guarantee Acceleration Notice. The obligations of the Covered Bond Guarantor under the Covered Bond Guarantee constitute (following service of a Notice to Pay or a Covered Bond Guarantee Acceleration Notice) direct and unconditional obligations of the Covered Bond Guarantor secured against the

Assets of the Trust held from time to time by the Covered Bond Guarantor as provided in the Security Deed.

The liability of the Covered Bond Guarantor to make payments under the Programme Documents (including under the Covered Bond Guarantee) is limited to its right of indemnity from the Assets of the Trust. Except and to the extent that the Covered Bond Guarantor's right of indemnification against the Assets of the Trust is reduced as a result of fraud, negligence or wilful default, no rights may be enforced against the personal assets of the Covered Bond Guarantor by any person and no proceedings may be brought against the Covered Bond Guarantor except to the extent of the Covered Bond Guarantor's right of indemnity and reimbursement out of the Assets of the Trust. Other than in the exception previously mentioned, the personal assets of the Covered Bond Guarantor are not available to meet payments under the Covered Bond Guarantee.

**Ratings:**

Unless otherwise specified in the applicable Pricing Supplement, each Series or Tranche of Covered Bonds to be issued under the Programme is expected to be rated "Aaa" by Moody's and "AAA" by Fitch. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning Rating Agency. There is no obligation on the Issuer to maintain the credit ratings in respect of any Series of Covered Bonds.

The credit rating of a Series of Covered Bonds to be issued under the Programme may be specified in the applicable Pricing Supplement on issuance.

A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time (including as a result of changes to rating methodologies). The Rating Agencies are not advisers, and nor do the Rating Agencies provide investors or any other party any financial advice, or any legal, auditing, accounting, appraisal, valuation or actuarial services. A credit rating should not be viewed as a replacement for such advice or services

Neither of the Rating Agencies is established in the EU or in the UK, and neither of the Rating Agencies has applied for registration under the EU CRA Regulation or the UK CRA Regulation. In general, EU regulated investors are restricted under the EU CRA Regulation from using a credit rating for regulatory purposes in the EEA unless such credit rating is issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation or, if issued by a non-EEA credit rating agency, is endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation (and such endorsement or registration, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances) or the relevant third country is the subject of an equivalence decision by the European Commission and the credit rating agency is certified in accordance with the EU CRA Regulation.

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, for UK regulatory purposes, UK regulated investors are required to use ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by non-UK credit rating agencies, such third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

If the status of the rating agency rating the Covered Bonds changes for the purposes of the EU CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Covered Bonds may have a different regulatory treatment, which may impact the value of the Covered Bonds and their liquidity in the secondary market.

The rating by Moody's has been endorsed by Moody's Deutschland GmbH and the rating by Fitch has been endorsed by Fitch Ratings Ireland Limited, each in accordance with the EU CRA Regulation, and such endorsements have not been withdrawn. Moody's Deutschland GmbH and Fitch Ratings Ireland Limited are established in the EU and registered under the EU CRA Regulation. Moody's Deutschland GmbH and Fitch Ratings Ireland Limited are included in the list of credit rating agencies published by ESMA on the ESMA Website in accordance with the EU CRA Regulation.

The rating by Moody's has been endorsed by Moody's Investors Service Limited and the rating by Fitch has been endorsed by Fitch Ratings Limited, in each case in accordance with the UK CRA Regulation and such endorsements have not been withdrawn. Each of Moody's Investors Service Limited and Fitch Ratings Limited is established in the UK and is registered in accordance with the UK CRA Regulation, and each appears on the list of credit rating agencies registered or certified with the FCA published on the FCA Website.

There can be no assurance that the endorsement of the credit ratings in the EU or the UK of Moody's and Fitch will continue.

**Listing and admission to trading:**

Unless otherwise indicated in the applicable Pricing Supplement, the Covered Bonds issued pursuant to this Offering Circular will not be listed or admitted to trading on any securities exchange or regulated or unregulated markets. In connection with any offering and sale of any Tranche of Covered Bonds, application may be made for such Covered Bonds to be listed or admitted to trading, as the case may be, on stock exchanges or regulated or unregulated markets, as may be agreed between the Issuer, the Covered Bond Guarantor, the Bond Trustee and the Relevant Dealer in relation to each issue. The applicable Pricing Supplement relating to each Series or Tranche of the Covered Bonds will state whether or not the Covered Bonds are to be listed and/or

admitted to trading and, if so, on which stock exchange(s) and/or markets.

**Governing Law:**

The U.S. Distribution Agreement is governed by, and will be construed in accordance with, New York law, except as to authorization and execution by the Issuer and Covered Bond Guarantor, which are governed by the laws of the Commonwealth of Australia.

The Establishment Deed, the Mortgage Sale Agreement, the Servicing Deed, the Intercompany Loan Agreement, the Demand Loan Agreement, the Management Agreement, the Security Deed, the Definitions Schedule, the Cover Pool Monitor Agreement and the Account Bank Agreement, the Interest Rate Swap Agreement and each Covered Bond Swap Agreement are governed by, and will be construed in accordance with, the laws applying in the State of New South Wales, Australia.

Unless specifically stated to the contrary in the relevant document (as detailed in the following paragraphs), the Bond Trust Deed (including the Covered Bond Guarantee), the Principal Agency Agreement, the Covered Bonds (other than any A\$ Registered Covered Bonds and any N Covered Bonds), and the Coupons and any non-contractual obligations arising out of or in connection with them are governed by, and will be construed in accordance with, the laws of England and Wales.

The covenant to pay made by the Issuer to the Bond Trustee in respect of the Covered Bonds in the Bond Trust Deed (but only, in respect of such provisions, to the extent that they relate to any A\$ Registered Covered Bonds), the provisions relating to the issuance of A\$ Registered Covered Bonds and maintenance of the A\$ Register in respect of the A\$ Registered Covered Bonds in the Bond Trust Deed and the provisions relating to limiting recourse to the Covered Bond Guarantor and the Security Trustee in the Bond Trust Deed, the Principal Agency Agreement and the A\$ Registered Covered Bonds are governed by, and will be construed in accordance with, the laws applying in the State of New South Wales, Australia.

Other than Condition 2.2 of the N Covered Bond Conditions, clause 4 of the N Covered Bond Assignment Agreement, the N Covered Bond Confirmation and the N Covered Bond Confirmation Terms (which are governed by, and will be construed in accordance with, English law), the N Covered Bonds are governed by, and will be construed in accordance with, German law.

**Selling Restrictions:**

There are restrictions on the offer, sale and transfer of any Tranche of Covered Bonds (see the section “*Subscription and Sale and Selling Restrictions*” in this Offering Circular).

## RISK FACTORS

### Introduction

*Any investment in the Covered Bonds issued under the Programme will involve risks including those described in this section. All principal or material risks that have been identified by the Issuer are included in this section, in the section entitled “Risk Factors” in the 2025 U.S. Annual Disclosure Document, as supplemented by the section entitled “Risk Factors” included in the 2026 U.S. Half-Year Disclosure Document and any other information incorporated by reference herein. The risks and uncertainties described below, in the 2025 U.S. Annual Disclosure Document, as supplemented by the 2026 U.S. Half-Year Disclosure Document, and in the information incorporated by reference herein are not the only ones that the Issuer or the Covered Bond Guarantor may face. Additional risks and uncertainties that the Issuer is unaware of, or that it currently deems to be immaterial, may also become important risk factors that affect the Issuer or the Covered Bond Guarantor.*

*In each category of factors set out below, the Issuer believes that each factor included in each category of factors is material, with the most material in each category (based on the Issuer's assessment of the probability of its occurrence and the expected magnitude of its negative impact) being described first in each category.*

*Noting the points set out above by the Issuer with respect to its assessment of the level, order of materiality and potential of occurrence of the risks set out below, prospective investors should carefully consider the following discussion of the risk factors and the other information in this Offering Circular, the 2025 U.S. Annual Disclosure Document, as supplemented by the 2026 U.S. Half-Year Disclosure Document, and the information incorporated by reference herein and consult their own financial and legal advisers about the risks associated with the Covered Bonds before deciding whether an investment in the Covered Bonds is suitable for them. Prospective investors should be aware that the risks set forth below, in the 2025 U.S. Annual Disclosure Document, as supplemented by the 2026 U.S. Half-Year Disclosure Document, and in the information incorporated by reference herein are not exhaustive (as these will not include those risks that have not been identified by the Issuer) and should carefully consider the following factors, the factors in the 2025 U.S. Annual Disclosure Document, as supplemented by the 2026 U.S. Half-Year Disclosure Document, and the information incorporated by reference herein in addition to the matters set out elsewhere in this Offering Circular before investing in the Covered Bonds offered under this Offering Circular.*

*As at the date of this Offering Circular, the Issuer believes that the following risk factors, the risk factors in the 2025 U.S. Annual Disclosure Document, as supplemented by the 2026 U.S. Half-Year Disclosure Document, and the risk factors incorporated by reference herein may affect the Issuer's ability to fulfil its obligations or the Covered Bond Guarantor's ability to perform its obligations, under or in respect of the Covered Bonds or the Covered Bond Guarantee and could be material for the purpose of assessing the market risks associated with the Covered Bonds.*

*If any of the listed or unlisted risks actually occur, the Issuer's and/or the Covered Bond Guarantor's business operations, financial condition or reputation could be materially adversely affected, with the result that the trading price of the Covered Bonds of the Issuer could decline and an investor could lose all or part of its investment. Prospective investors should also read the detailed information set out elsewhere in this Offering Circular and reach their own views prior to making any investment decision.*

### RISK FACTORS RELATED TO THE NATURE OF THE COVERED BONDS

#### ***Limited recourse against the Issuer***

No Covered Bondholder will be entitled to institute proceedings directly against the Issuer or the Covered Bond Guarantor or to take any step or action with respect to the Bond Trust Deed, the Covered Bonds or the Security unless the Bond Trustee or the Security Trustee, as applicable, having become bound so to proceed, fails so to do within a reasonable time and such failure is continuing, in which event any Covered Bondholder may prove in the winding up, administration or liquidation of the Issuer or the Covered Bond Guarantor to the same extent and in the same jurisdiction (but not further or otherwise than the Bond Trustee would have been entitled to do so in respect of the Covered Bonds and/or the Bond Trust Deed) (see further Condition 9.3 of the Programme Conditions).

There can be no assurance that the actions, or the failure to act, by the Bond Trustee or the Security Trustee, as the case may be, will not adversely affect any Covered Bondholder.

### ***Limited recourse to Covered Bond Guarantor***

The Assets of the Trust will be the sole source of payments by the Covered Bond Guarantor under the Programme Documents (including under the Covered Bond Guarantee). The Covered Bond Guarantor's personal assets or any other assets held as trustee of another trust will not be available to make such payments unless, in the case of personal assets, there is a reduction in the extent of the Covered Bond Guarantor's indemnification out of the Assets of the Trust as a result of the Covered Bond Guarantor's fraud, negligence or wilful default. Therefore, if the Assets of the Trust are insufficient to enable the Covered Bond Guarantor to meet those obligations (including in respect of the Covered Bond Guarantee), this may affect the timing or amount of interest and principal payments under the Covered Bonds following an Issuer Event of Default and service of a Notice to Pay on the Covered Bond Guarantor.

### ***Submission to jurisdiction***

The Issuer and the Covered Bond Guarantor have agreed to submit to (i) the exclusive jurisdiction of the courts of England and Wales in any action arising out of or related to the Principal Agency Agreement, (ii) the jurisdiction of the courts of England and Wales in any action arising out of or related to the Bond Trust Deed and the Covered Bonds issued under this Offering Circular (and, in the case of Australian courts, in so far as such action involves the Issuer or the Covered Bond Guarantor) and (iii) the non-exclusive jurisdiction of the courts of New South Wales, Australia in any action arising out of or related to the Security Deed, the Establishment Deed, the Mortgage Sale Agreement, the Servicing Deed, the Intercompany Loan Agreement, the Demand Loan Agreement, the Management Agreement, the Cover Pool Monitor Agreement, the Account Bank Agreement, the Total Return Interest Rate Swap Agreement and each Covered Bond Swap Agreement. However, neither the Issuer nor the Covered Bond Guarantor has expressly agreed to submit to the jurisdiction of any United States federal court or New York state court or the court of any other jurisdiction in the United States or appointed an agent for service of process with respect to any action commenced in any such courts by any Covered Bondholder. Accordingly, in the limited instances where a Covered Bondholder may proceed directly against the Issuer or the Covered Bond Guarantor due to a failure to act by the Bond Trustee or the Security Trustee, as the case may be, as described herein (see Condition 9.3 of the Programme Conditions), it may be necessary for such Covered Bondholder to bring a suit in the courts of England and Wales or New South Wales, Australia (as applicable) to enforce its rights against the Issuer or the Covered Bond Guarantor, as the case may be, with respect to the Bond Trust Deed, the Principal Agency Agreement, the Covered Bonds, the Security Deed or any other Programme Document.

### ***Final Maturity Date and extendable obligations under the Covered Bond Guarantee***

The Final Maturity Dates for different Series of Covered Bonds may not be the same. In the case of a Series of Extendable Maturity Covered Bonds, if the principal amounts have not been repaid in full by the Extension Determination Date, then the repayment of unpaid principal amounts will be deferred until the Extended Due for Payment Date. This means that a Series of Covered Bonds having an earlier Final Maturity Date than such Extended Due for Payment Date may start receiving principal repayments in advance of the Series of Extendable Maturity Covered Bonds in respect of which unpaid principal amounts have been deferred until such Extended Due for Payment Date.

The Extended Due for Payment Dates for different Series of Extendable Maturity Covered Bonds may not be the same. On each Distribution Date following the service of a Notice to Pay on the Covered Bond Guarantor (but prior to the service of a Covered Bond Guarantee Acceleration Notice), the Covered Bond Guarantor will apply the Available Income Amount and the Available Principal Amount in accordance with the Guarantee Priority of Payments. To the extent that the amount available for distribution under the Guarantee Priority of Payments would be insufficient to pay the Scheduled Interest, the Scheduled Principal or the Final Redemption Amount of any Series of Covered Bonds to which an Extended Due for Payment Date applies, the shortfall will be divided amongst all such Series of Covered Bonds on a *pari passu* and ratable basis.

The Covered Bond Guarantor will be entitled to apply the Available Principal Amount in order to repay earlier maturing Series of Covered Bonds, which may mean that there may be fewer Assets available to support later maturing Series of Covered Bonds.

### ***Repayment of Demand Loan ranks senior provided that the Asset Coverage Test is met***

The Demand Loan Provider is entitled to require repayment of any principal amount of the Demand Loan at any time by notice in writing to the Covered Bond Guarantor and the Trust Manager. Any amount so demanded must be repaid on the next Distribution Date after the demand is made by the Demand Loan Provider (or, within one

Local Business Day of a demand, if so elected by the Demand Loan Provider), provided that the Asset Coverage Test will continue to be satisfied after giving effect to such repayment and that no Asset Coverage Test Breach Notice has been given on or prior to such day which has not been deemed to be revoked.

Repayment of the Demand Loan in those circumstances will be made first, by way of the Demand Loan Provider (in its capacity as the Account Bank in respect of the OC Account) setting-off the amount standing to the credit of the OC Account against the repayment amount and second, (other than where repaid on a day that is not a Distribution Date) by an in specie distribution of Mortgage Loan Rights to the Demand Loan Provider in accordance with the applicable Priority of Payments. In the Pre-Acceleration Principal Priority of Payments, the Guarantee Priority of Payments and the Post-Enforcement Priority of Payments repayment of the Demand Loan following such a demand ranks senior, provided that the Asset Coverage Test continues to be met after such repayment, to the amounts due and payable by the Covered Bond Guarantor to the Covered Bondholders and Couponholders under the Covered Bond Guarantee (if applicable) and to the Intercompany Loan Provider under the Intercompany Loan. This means that the Covered Bondholders and Couponholders will not have the benefit of any voluntary over-collateralization in the Programme (any over-collateralization that exceeds the amount required to ensure compliance with the Asset Coverage Test, which includes any amount standing to the credit of the OC Account) if the Demand Loan Provider exercises its right to require repayment of the Demand Loan. This may adversely affect the ability of the Covered Bond Guarantor to meet its obligations under the Covered Bond Guarantee.

### ***Risks related to the structure of a particular issue of Covered Bonds***

A wide range of Covered Bonds may be issued under the Programme. A number of these Covered Bonds may have features which contain particular risks for potential investors. Set out below is a description of the material known risks of Covered Bonds with the following features:

#### *Covered Bonds subject to optional redemption by the Issuer*

An optional redemption feature of Covered Bonds is likely to limit their market value. During any period when the Issuer may elect to redeem Covered Bonds, the market value of those Covered Bonds generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. The Issuer may be expected to redeem Covered Bonds when its cost of borrowing is lower than the interest rate on the Covered Bonds. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Covered Bonds being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

#### *Fixed Rate Covered Bonds*

Investment in Fixed Rate Covered Bonds involves the risk that subsequent changes in the market interest rates applying to fixed rate debt instruments issued in the same currency and having the same term to maturity as those Fixed Rate Covered Bonds may adversely affect the value of the Fixed Rate Covered Bonds as an equivalent investment issued at the current market interest rate may be more attractive to investors.

#### *Fixed Rate Covered Bonds or Floating Rate Covered Bonds*

Fixed Rate Covered Bonds or Floating Rate Covered Bonds may bear interest at a rate that converts from a fixed rate to a floating rate or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Covered Bonds since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed Rate Covered Bonds or Floating Rate Covered Bonds may be less favorable than then prevailing spreads on comparable Floating Rate Covered Bonds tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Covered Bonds. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Covered Bonds.

#### *Covered Bonds issued at a substantial discount or premium*

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. Such volatility could have a material adverse effect on the value and return of any such Covered Bonds.

In the future, the Issuer may issue, not under this Offering Circular, Covered Bonds with different features and different risks associated with them such as index linked, dual currency and partly paid covered bonds. It is not expected that the consent of the Covered Bondholders will be obtained in order to provide for the inclusion of such Covered Bonds in the Programme. See further section “*The Bond Trustee and the Security Trustee may agree to modifications to the Programme Documents without, respectively, the Covered Bondholders or other Secured Creditors’ prior consent*” below.

### ***Ratings of the Covered Bonds***

The credit ratings assigned to a Tranche of Covered Bonds to be issued under the Programme by Fitch address the probability of default and of the recovery given a default of the Covered Bonds. The credit ratings assigned to the Covered Bonds to be issued under the Programme by Moody’s address the probability of default, the loss given by default and the expected loss posed to potential investors. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time (including as a result of changes to rating methodologies). The Rating Agencies are not advisers, and nor do the Rating Agencies provide investors or any other party any financial advice, or any legal, auditing, accounting, appraisal, valuation or actuarial services. A credit rating should not be viewed as a replacement for such advice or services. A credit rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed above and other factors that may affect the value of the Covered Bonds. A downgrade in the corporate credit rating of the Bank or the sovereign rating of Australia may have a negative impact on the credit ratings of the Covered Bonds.

In the event that a credit rating assigned to the Covered Bonds or the Bank (in its capacity as Issuer) is subsequently lowered or withdrawn or qualified for any reason, no other person or entity is obliged to provide any additional support or credit enhancement with respect to the Covered Bonds. The Issuer may be adversely affected, the market value of the Covered Bonds is likely to be adversely affected and the ability of the Issuer to make payment under the Covered Bonds may be adversely affected.

Neither of the Rating Agencies is established in the EU or in the UK, and neither of the Rating Agencies has applied for registration under the EU CRA Regulation or the UK CRA Regulation. In general, EU regulated investors are restricted under the EU CRA Regulation from using a credit rating for regulatory purposes in the EEA unless such credit rating is issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation or, if issued by a non-EEA credit rating agency, is endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation (and such endorsement or registration, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances) or the relevant third country is the subject of an equivalence decision by the European Commission and the credit rating agency is certified in accordance with the EU CRA Regulation.

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, for UK regulatory purposes, UK regulated investors are required to use ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by non-UK credit rating agencies, such third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

If the status of the rating agency rating the Covered Bonds changes for the purposes of the EU CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Covered Bonds may have a different regulatory treatment, which may impact the value of the Covered Bonds and their liquidity in the secondary market.

There can be no assurance that the endorsement of the credit ratings in the EU or the UK of Moody’s and Fitch will continue.

Certain information with respect to the applicable credit rating agencies and ratings may be disclosed in the applicable Pricing Supplement.

### ***Rating Affirmation Notice in respect of Covered Bonds may not be available in all circumstances***

By acquiring the Covered Bonds, investors will be deemed to have acknowledged and agreed that, notwithstanding the foregoing, a credit rating is an assessment and does not address all matters that may be of relevance to Covered Bondholders, including, without limitation, in connection with a Rating Affirmation Notice, whether any action

proposed to be taken by the Issuer, the Covered Bond Guarantor, the Seller, the Servicer, the Trust Manager, the Bond Trustee, the Security Trustee or any other party to a Programme Document is either (a) permitted by the terms of the relevant Programme Document, or (b) in the best interests of, or not materially prejudicial to, some or all of the Covered Bondholders. The fact that the Rating Agencies have not advised that the then current ratings of the Covered Bonds would not be adversely affected or withdrawn does not impose or extend any actual or contingent liability on the Rating Agencies to the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee, the Secured Creditors (including the Covered Bondholders) or any other person or create any legal relations between the Rating Agencies and the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee, the Secured Creditors (including the Covered Bondholders) or any other person whether by way of contract or otherwise.

The terms of certain of the Programme Documents provide that, if certain events or circumstances occur, the Trust Manager must deliver a Rating Affirmation Notice to the Covered Bond Guarantor and the Bond Trustee (and copied to the Seller and each Rating Agency) confirming that it has notified the Rating Agencies of the event or circumstance and that the Trust Manager is satisfied, for purposes of the Programme Documents, following discussions with the Rating Agencies, that the event or circumstance, as applicable, will not result in a reduction, qualification or withdrawal of the ratings then assigned by the Rating Agencies.

If a Rating Agency confirmation is required for the purposes of the Programme Documents and the Rating Agency does not consider such confirmation necessary, the Trust Manager shall be entitled to assume that the then current rating of the Covered Bonds from that Rating Agency will not be downgraded, qualified or withdrawn by such Rating Agency as a result of such event or circumstance. However, investors should be aware that any such non-response or cooperation will not be interpreted to mean that such Rating Agency has given any deemed confirmation or affirmation of rating or other response in respect of such action or step. Investors should also be aware that, depending on the timing of delivery of the request and any information needed to be provided as part of any such request, it may be the case that a Rating Agency cannot provide a confirmation, affirmation or response in the time available or at all, and the Rating Agency will not be responsible for the consequences thereof. Such confirmation, affirmation or response by a Rating Agency, if given, will be given at the sole discretion of the relevant Rating Agency on the basis of the facts and circumstances prevailing at the relevant time, and in the context of cumulative changes to the transaction of which the Covered Bonds form part since the relevant issuance closing date which may result in a reduction, qualification or withdrawal of the ratings then assigned by the Rating Agencies and could have a material adverse effect on the value or liquidity of any such Covered Bonds.

***Security Trustee's powers may affect the interests of the Covered Bondholders***

The Security Trustee will not be obliged (other than as expressly provided in the Security Deed) to take any steps or exercise any of its powers, rights, trusts, authorities, duties, functions or discretions (including to require anything to be done, form any opinion or view, make any determination or give any notice, consent, waiver or approval) under or pursuant to the Security Deed or any other Programme Document to which the Security Trustee is a party (a) unless the Security Trustee has been directed to do so by the Bond Trustee (if any Covered Bonds are outstanding) or by the Majority Secured Creditors (if no Covered Bonds are outstanding) and (b) the Security Trustee has been indemnified and/or secured and/or pre-funded to its satisfaction against all Liabilities to which it may thereby render itself liable and all Liabilities which it may incur by so doing and (c) provided always that the Security Trustee is not bound to take any enforcement proceedings which may, in the opinion of the Security Trustee in its absolute discretion, result in the Security Trustee failing to receive any payment to which it is or would be entitled. As a result of these limitations, there is no guarantee the Security Trustee will act in a timely manner to take any steps or exercise any power, trusts, authorities and discretions.

If there is at any time a conflict between a duty owed by the Security Trustee to the Covered Bondholders and a duty owed by the Security Trustee to any other Secured Creditor or class of Secured Creditor, then the Security Trustee must have regard only to the interests of the Covered Bondholders while any of the Covered Bonds remain outstanding and will not be required to have regard to the interests of any other Secured Creditor or any other person or to act upon or comply with any direction or request of any other Secured Creditor or any other person while any amount remains owing to any Covered Bondholders.

Where in connection with the exercise of its powers, trusts, authorities and discretions (including any modifications, waiver, authorization or determination) the Security Trustee is required to have regard to the Covered Bondholders (or any Series thereof), it must have regard to the general interests of the Covered Bondholders (or any Series thereof) as a class and must not have regard to any interests arising from circumstances particular to individual Covered Bondholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular country,

territory or any political subdivision thereof and the Security Trustee will not be entitled to require, nor will any Covered Bondholder be entitled to claim from, the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Covered Bondholders, except to the extent already provided for in Condition 7 of the Programme Conditions and Condition 6 of the N Covered Bond Conditions (as applicable).

If, in connection with the exercise of its powers, trusts, authorities or discretions, the Security Trustee is of the opinion that the interests of the holders of the Covered Bonds of any one or more Series could or would be materially prejudiced, the Security Trustee may determine that it will not exercise such power, trust, authority or discretion without the approval of such Covered Bondholders by Extraordinary Resolution or by a direction in writing of such Covered Bondholders of not less than 25% of the Australian Dollar Equivalent of the Principal Amount Outstanding of the Covered Bonds of the relevant Series then outstanding, and which has not been contradicted by a direction in writing of such Covered Bondholders of an equal or greater Australian Dollar Equivalent received by the Security Trustee prior to exercise of the relevant power, trust, authority or discretion, as the case may be.

Provided that the Security Trustee acts in good faith, as described in the preceding paragraphs, it will not incur any liability to any Secured Creditor or any other person for so doing.

***The Bond Trustee and the Security Trustee may agree to modifications to the Programme Documents without, respectively, the Covered Bondholders' or other Secured Creditors' prior consent***

Pursuant to the terms of the Bond Trust Deed, the Bond Trustee may without the consent or sanction of any of the Covered Bondholders of any Series and without the consent of the other Secured Creditors (other than any Secured Creditor who is a party to the relevant document) at any time and from time to time concur with the Issuer and the Covered Bond Guarantor (acting on the directions of the Trust Manager) and any other party and/or direct the Security Trustee to concur with the Issuer, the Covered Bond Guarantor (acting on the directions of the Trust Manager) or any other party, in making any modification to the Covered Bonds of one or more Series or any Programme Document: (a) which does not relate to a Series Reserved Matter and which, in the opinion of the Bond Trustee, will not be materially prejudicial to the interests of the Covered Bondholders of any Series; or (b) which in the opinion of the Bond Trustee, is: (i) of a formal, minor or technical nature; (ii) made to correct a manifest error; or (iii) to comply with mandatory provisions of law (and for the purpose of this item (iii) the Bond Trustee may disregard whether such modification relates to a Series Reserved Matter). In forming its opinion as to whether the Covered Bonds or any one or more Series or any Programme Document is subject to a manifest error, the Bond Trustee may have regard to any evidence which it considers reasonable to rely on (including a certificate from the Issuer as to certain matters and a Rating Affirmation Notice issued by the Issuer).

In addition, pursuant to Condition 4.2, certain changes may be made to the interest calculation provisions of the Floating Rate Covered Bonds in the circumstances set out in the applicable provisions of those Conditions, without the consent of the Covered Bondholders. See "*The occurrence of a Benchmark Event or SOFR Benchmark Transition Event, as applicable, may adversely affect the return on and the market value of Floating Rate Covered Bonds*" below.

Pursuant to the terms of the Security Deed, the Security Trustee may without the consent or sanction of any of the Covered Bondholders of any Series (while there are Covered Bonds outstanding), and without the consent of the other Secured Creditors (other than any Secured Creditor who is party to the relevant document) at any time and from time to time concur with the Issuer and the Covered Bond Guarantor (acting on the directions of the Trust Manager) or any other party in making any modification to the Covered Bonds of one or more Series or to any Programme Documents if either (a) the Security Trustee is directed to do so by the Bond Trustee (if any Covered Bonds are outstanding) or the Majority Secured Creditors (if no Covered Bonds are outstanding) or (b) the modification is of a formal, minor or technical nature, made to correct a manifest error or an error established as such to the Security Trustee's satisfaction or made to comply with mandatory provisions of law and, if any Covered Bonds are outstanding, the Bond Trustee has approved the modification.

The Security Trustee and the Bond Trustee will be obliged to concur in and to effect modifications to the Programme Documents requested by the Issuer, the Covered Bond Guarantor or the Trust Manager to: (a) accommodate accession of a new Servicer, new Swap Provider, new Trust Manager, new Account Bank, new Cover Pool Monitor or new Agent to the Programme if certain conditions are met; (b) take into account any changes in the ratings criteria of the Rating Agencies in relation to covered bonds where, absent such modifications, the Issuer is reasonably satisfied following discussions with the relevant Rating Agency that the ratings assigned by that relevant Rating Agency to any Covered Bonds may be subject to downgrade, withdrawal

or qualification and even if such changes are, or may be, prejudicial or materially prejudicial to the interests of the Covered Bondholders of any Series; (c) allow a Swap Provider to transfer securities as Swap Collateral under a relevant Swap Agreement Credit Support Annex, including to appoint a custodian to hold such securities in a custody account pursuant to a custody agreement; (d) ensure compliance of the Programme or the Issuer, as applicable, with, or ensure that the Issuer may benefit from, any existing, new or amended legislation, regulation, directive, prudential standard or prudential guidance note of any regulatory body (including APRA) in relation to covered bonds provided that the Issuer and the Trust Manager has certified to the Security Trustee and the Bond Trustee in writing that such modifications are required in order to comply with or benefit from such legislation, regulation, directive, prudential standard or prudential guidance note, as the case may be; (e) effect any Benchmark Amendments in the circumstances and as otherwise set out in Condition 4.7(c) without the consent of the Covered Bondholders or the Couponholders; or (f) take into account any new covered bonds ratings criteria of the Rating Agencies, or any changes or updates to, or any replacement of, the covered bonds ratings criteria of the Rating Agencies (including, without limitation, any manner in which a Rating Agency applies or construes any then existing covered bonds ratings criteria), subject to receipt by the Bond Trustee and the Security Trustee of a Rating Affirmation Notice from the Issuer and receipt by the Bond Trustee and the Security Trustee of a certificate signed by two Authorised Signatories of the Issuer or the Trust Manager each certifying to the Bond Trustee and the Security Trustee that such modifications are required in order to take into account, apply or construe any such new covered bonds ratings criteria of the Rating Agencies, or any such changes or updates to, any replacement of, or any application or construction of the covered bonds ratings criteria of the Rating Agencies ratings.

#### ***Certain decisions of the Covered Bondholders taken at Programme level***

Any Extraordinary Resolution to direct the Bond Trustee to serve an Issuer Acceleration Notice following an Issuer Event of Default, to direct the Bond Trustee to serve a Covered Bond Guarantee Acceleration Notice following a Covered Bond Guarantor Event of Default or to direct the Bond Trustee or the Security Trustee (or to direct the Bond Trustee to direct the Security Trustee) to take any enforcement action or to direct the Bond Trustee to determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such must be passed at a single meeting of all Covered Bondholders of all Series then outstanding and therefore the holders of a single Series of Covered Bonds may not be able to give any directions to the Bond Trustee or the Security Trustee without the agreement of the holders of other outstanding Series of Covered Bonds.

Neither the Bond Trustee nor the Security Trustee will be bound to take enforcement proceedings in relation to the Bond Trust Deed, the Covered Bonds, the Security or any other Programme Document unless the Bond Trustee or Security Trustee, as applicable, has been indemnified and/or prefunded and/or secured to its satisfaction and provided that the Security Trustee will not be bound to take any enforcement proceedings which may, in the opinion of the Security Trustee in its absolute discretion, result in the Security Trustee failing to receive any payment to which it is or would be entitled.

#### ***Absence of secondary market; lack of liquidity***

There is no assurance that any secondary market for the Covered Bonds will develop, that it will provide liquidity of investment or that it will continue for the life of the Covered Bonds. The risk that a secondary market in the Covered Bonds will not develop, cease to develop or fail is increased during major disruptions in the capital markets. Such disruptions may not be limited to issues which are directly relevant to the Issuer or the Assets of the Trust and which therefore may appear to be unrelated to the Covered Bonds. For example, there has been a significant downturn in the global credit markets in recent times and there can be no assurance that a secondary market for the Covered Bonds issued by the Issuer will develop. The Covered Bonds are subject to certain restrictions on the resale and transfer thereof as set forth under the section “*Subscription and Sale and Selling Restrictions*” below. Neither the Issuer nor its affiliates has an obligation to make a market with respect to the Covered Bonds and makes no commitment to make a market in or repurchase the Covered Bonds. Furthermore, the ability of the Dealers and other market participants to make a market in the Covered Bonds may be impacted by changes in regulatory requirements (and interpretations thereof) applicable to the marketing, holding and trading of, and issuing quotations with respect to, the Covered Bonds. These factors may affect the price investors receive for such Covered Bonds or the ability to sell such Covered Bonds at all.

If a secondary market does develop, it may not continue for the life of the Covered Bonds or it may not provide sufficient liquidity with the result that a holder of the Covered Bonds may not be able to find a buyer to buy its Covered Bonds readily or at prices that will enable the holder of the Covered Bonds to realize a desired yield. This is particularly the case for Covered Bonds that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies, are being issued to a single investor or a limited

number of investors or have been structured to meet the investment requirements of limited categories of investors. These types of Covered Bonds generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Covered Bonds.

In addition, as at the date of this Offering Circular, the secondary market for covered bonds and mortgage-backed securities generally is experiencing severe disruptions resulting from reduced investor demand for such securities. This has had a materially adverse impact on the market value of covered bonds and resulted in the secondary market for such securities experiencing very limited liquidity. Limited liquidity in the secondary market may continue to have an adverse effect on the market value of covered bonds and mortgage-backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the requirements of limited categories of investors. Consequently, whilst these market conditions continue to persist, an investor in Covered Bonds may not be able to sell or acquire credit protection on its Covered Bonds readily and market values of covered bonds are likely to fluctuate. Any of these fluctuations may be significant and could result in significant losses to Covered Bondholders. It is not known for how long the market conditions will continue or whether they will worsen. Further deterioration in wholesale funding markets may have an adverse effect on the Issuer and the Covered Bond Guarantor.

In addition, the current market conditions have affected the primary market for a number of financial products including covered bonds and mortgage-backed securities. While it is possible that the current market conditions may soon alleviate, there can be no assurance that the market for covered bonds and mortgage-backed securities will recover at the same time or to the same degree as such other recovering global credit market sectors.

Potential investors must therefore be able to bear the risks of any investment by them in the Covered Bonds for an indefinite period of time.

#### ***APRA's powers under the Australian Banking Act***

##### *Power to direct the return of certain assets*

The Australian Banking Act provides that, in certain circumstances, APRA has the power to direct the Covered Bond Guarantor to return certain assets to the Issuer. The Covered Bond Guarantor will be required to comply with APRA's direction despite anything in its constitution or any contract or arrangement to which it is a party.

Specifically, APRA has the power to direct the Covered Bond Guarantor to return to the Issuer an Asset of the Trust which is held by the Covered Bond Guarantor to the extent that, at the time the direction is given, that Asset of the Trust does not secure "covered bond liabilities". A "covered bond liability" (as defined in the Australian Banking Act) is a liability of the Issuer or the Covered Bond Guarantor to holders of Covered Bonds and any other liability which is secured by Assets beneficially owned by the Covered Bond Guarantor. A liability of the Covered Bond Guarantor to the Issuer (other than a liability relating to derivatives or the provision of services) which is secured in priority to any liability to the Covered Bondholders is not a "covered bond liability". Accordingly, APRA may direct the Covered Bond Guarantor to return Assets of the Trust which secure such senior-ranking liabilities of the Covered Bond Guarantor to the Bank. In the context of this Programme this would extend to Assets that secure the Covered Bond Guarantor's senior obligation to repay the Demand Loan (which includes any amount standing to the credit of the OC Account) where the Demand Loan Provider has demanded repayment in circumstances where the Asset Coverage Test would be met after giving effect to such repayment. Under the Australian prudential standard regulating covered bonds (APS 121), the Issuer is required to maintain an accurate and up-to-date register of the Assets of the Trust which secure "covered bond liabilities".

APRA's power to give a direction to the Covered Bond Guarantor as described in this section is also subject to secrecy requirements which means that investors will not receive any notice or otherwise be aware that APRA has given the Covered Bond Guarantor any such direction.

If APRA exercises its power to direct the return of assets to the Issuer, this may adversely affect the ability of the Covered Bond Guarantor to meet its obligations under the Covered Bond Guarantee.

##### *Power to prevent additional sales to meet Asset Coverage Test on any day*

The Australian Banking Act permits APRA to direct the Issuer, in certain circumstances, not to transfer any asset to the Covered Bond Guarantor (that is, to prevent the Issuer "topping up" the Assets of the Trust). Those circumstances include where APRA has reason to believe that the Issuer is unable to meet its liabilities, there has been a material deterioration in the Issuer's financial condition, the Issuer is conducting its affairs in an improper

or financially unsound way, the failure to issue a direction would materially prejudice the interests of the Issuer's depositors or the Issuer is conducting its affairs in a way that may cause or promote instability of the Australian financial system. This power could potentially lead to the depletion of the Assets of the Trust which may adversely affect the ability of the Covered Bond Guarantor to meet its obligations under the Covered Bond Guarantee.

*Power to prevent further issue of covered bonds*

Apart from and in addition to the Australian Banking Act restriction that the Issuer is precluded from issuing covered bonds if, at the time of issuance, the value of the assets in all cover pools maintained by the authorized deposit-taking institution (**ADI**) exceeds 8% (or such other percentage prescribed by regulation for the purposes of section 28 of the Australian Banking Act) of the ADI's assets in Australia at that time, APRA has the power to direct the Issuer not to issue covered bonds pursuant to section 11CA of the Australian Banking Act or in circumstances where APRA has reason to believe that the ADI has contravened the covered bonds provisions of the Australian Banking Act, the Australian Banking Act or any other prudential requirement regulation or a prudential standard relating to covered bonds.

*The market continues to develop in relation to SONIA and SOFR and such rates may be more volatile than other benchmarks or market rates*

Where the applicable Pricing Supplement for a series of Floating Rate Covered Bonds specifies that the interest rate for such Floating Rate Covered Bonds will be determined by reference to SONIA or SOFR (**SONIA-Linked Covered Bonds** and **SOFR-Linked Covered Bonds**, respectively), interest will be determined on the basis of Compounded Daily SONIA or Compounded Daily SOFR, respectively (each as defined in the Conditions of the Covered Bonds). Compounded Daily SONIA and Compounded Daily SOFR differ from the now discontinued Sterling London Interbank Offered Rate (**LIBOR**) and U.S. dollar LIBOR in a number of material respects, including (without limitation) that Compounded Daily SONIA and Compounded Daily SOFR are backwards-looking, compounded, risk-free or secured overnight rates, whereas U.S. dollar LIBOR is, and Sterling LIBOR was, expressed on the basis of a forward-looking term plus a credit risk element based on inter-bank lending. As such, investors should be aware that there may be a material difference in the past behavior of Sterling LIBOR and SONIA or the behavior of U.S. dollar LIBOR and SOFR as interest reference rates for Floating Rate Covered Bonds.

Each of the Bank of England and the Federal Reserve Bank of New York (the **FRBNY**) publish certain historical indicative secured overnight financing rates, although such historical indicative data inherently involves assumptions, estimates and approximations. Potential investors in SONIA-Linked Covered Bonds and SOFR-Linked Covered Bonds should not rely on such historical indicative data or on any historical changes or trends in SONIA or SOFR, as the case may be, as an indicator of the future performance of SONIA or SOFR, respectively. For example, since the initial publication of SOFR, daily changes in SOFR have, on occasion, been more volatile than daily changes in comparable benchmark or market rates. As a result, the return on and value and market price of Floating Rate Covered Bonds that reference Compounded Daily SOFR may fluctuate more than floating rate debt securities that are linked to less volatile rates. In addition, the volatility of SOFR has reflected the underlying volatility of the overnight U.S. Treasury repo market. The FRBNY has at times conducted operations in the overnight U.S. Treasury repo market in order to help maintain the federal funds rate within a target range. There can be no assurance that the FRBNY will continue to conduct such operations in the future, and the duration and extent of any such operations is inherently uncertain. Similar considerations may also apply in respect of SONIA. Accordingly, SONIA and SOFR over the term of any SONIA-Linked Covered Bonds or SOFR-Linked Covered Bonds, respectively, may bear little or no relation to the historical actual or indicative data.

Prospective investors in any Floating Rate Covered Bonds referencing Compounded Daily SONIA or Compounded Daily SOFR should be aware that the market continues to develop in relation to each of SONIA and SOFR as a reference rate in the capital markets and its adoption as an alternative to the discontinued Sterling LIBOR and U.S. dollar LIBOR, respectively. For example, 'term' SONIA or SOFR reference rates, which seek to measure the market's forward expectation of an average SONIA or SOFR rate over a designated term, were adopted by the respective working groups in 2021. The adoption of SONIA or SOFR may also see component inputs into swap rates or other composite rates transferring from Sterling LIBOR or U.S. dollar LIBOR, respectively, or another reference rate to SONIA or SOFR.

The market or a significant part thereof may adopt an application of SONIA or SOFR that differs significantly from that set out in the Conditions in the case of Floating Rate Covered Bonds for which Compounded Daily SONIA or Compounded Daily SOFR, respectively, is specified as being applicable in the applicable Pricing Supplement. Equally, in such circumstances, it may be difficult for the Covered Bond Guarantor to find any future

required Swap Provider to properly hedge its then interest rate exposure on such a Floating Rate Covered Bond should a Swap Provider need to be replaced and such Floating Rate Covered Bond at that time uses an application of SONIA that then differs from products then prepared to be hedged by Swap Providers. Furthermore, the Issuer may in the future issue Floating Rate Covered Bonds referencing SONIA or SOFR that differ materially in terms of the interest determination provisions when compared with the provisions for such determination as set out in Condition 4.2(e) and Condition 4.2(f), respectively. The continued development of SONIA and SOFR-based rates for the bond markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA and SOFR-referenced Floating Rate Covered Bonds issued under the Programme from time to time.

In addition, the manner of adoption or application of SONIA or SOFR reference rates in the bond markets may differ materially compared with the application and adoption of SONIA or SOFR in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SONIA or SOFR reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Floating Rate Covered Bonds referencing Compounded Daily SONIA or Compounded Daily SOFR.

There can also be no guarantee that SONIA or SOFR will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in such Covered Bonds. If the manner in which SONIA or SOFR is calculated is changed, that change may result in a reduction in the amount of interest payable on Floating Rate Covered Bonds referencing Compounded Daily SONIA or Compounded Daily SOFR, respectively, and the trading prices of such Covered Bonds.

Investors should carefully consider these matters when making their investment decision with respect to any such Floating Rate Covered Bonds.

***The amount of interest payable with respect to each Floating Interest Period will only be determined near the end of the Interest Period for SONIA-Linked Covered Bonds and SOFR-Linked Covered Bonds***

The Rate of Interest on Floating Rate Covered Bonds referencing Compounded Daily SONIA and Compounded Daily SOFR is only capable of being determined at the end of the relevant SONIA Observation Period (as defined in Condition 4.2(e) or SOFR Observation Period (as defined in Condition 4.2(f)) and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in any such Floating Rate Covered Bonds to estimate reliably the amount of interest that will be payable on such Floating Rate Covered Bonds on each Interest Payment Date. Further, if Floating Rate Covered Bonds referencing Compounded Daily SONIA or Compounded Daily SOFR are redeemed or otherwise become due and payable early on a date that is not an Interest Payment Date, the final rate of interest payable in respect of such Floating Rate Covered Bonds shall only be determined by reference to a shortened period ending immediately prior to the date on which the Floating Rate Covered Bonds become due and payable.

***The interest rate on SONIA-Linked Covered Bonds and SOFR-Linked Covered Bonds are based on Compounded Daily SONIA and Compounded Daily SOFR, respectively, which are determined by reference to the SONIA Compounded Index or the SOFR Index, respectively, and may differ from interest rates on other SONIA or SOFR-linked investments that use an alternative basis to determine the applicable interest rate***

For each Floating Interest Period, the interest rate on any Floating Rate Covered Bonds referencing Compounded Daily SONIA or Compounded Daily SOFR is based on Compounded SONIA or Compounded SOFR, respectively, which is calculated on a daily compounded basis (or, where Index Determination is specified as being applicable in the applicable Pricing Supplement, by reference to the relevant index) and not the SOFR rate published on or in respect of a particular date during such Floating Interest Period or an arithmetic average of SOFR rates during such Floating Interest Period. Each of the SONIA Compounded Index and the SOFR Index measures the cumulative impact of compounding SONIA or SOFR, respectively, on a unit of investment over time. The value of the SONIA Compounded Index or the SOFR Index on a particular business day reflects the effect of compounding SONIA or SOFR, respectively, on such business day and allows the calculation of compounded SONIA or SOFR averages, as applicable, over custom time periods. For this and other reasons, the interest rate on Floating Rate Covered Bonds referencing Compounded Daily SONIA or Compounded Daily SOFR during any Floating Interest Period will not necessarily be the same as the interest rate on other SONIA or SOFR-linked investments that use an alternative basis to determine the applicable interest rate. Further, if the SONIA or SOFR rate in respect of a particular date during a Floating Interest Period is negative, its contribution to the relevant compounded rate will be less than one, resulting in a reduction to such compounded rate used to

calculate the interest payable on any Floating Rate Covered Bonds referencing Compounded Daily SONIA or Compounded Daily SOFR on the interest payment date for such Floating Interest Period.

***There can be no assurance that SONIA or the SONIA Compounded Index, or SOFR or the SOFR Index, will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of holders of SONIA-Linked Covered Bonds or SOFR-Linked Covered Bonds, respectively***

SONIA and SOFR and their respective indices, namely the SONIA Compounded Index and SOFR Index, are published by the Bank of England and the FRBNY as the respective administrators of SONIA and the SONIA Compounded Index, and SOFR and the SOFR Index. The Issuer has no control over the determination, calculation or publication of SONIA or SOFR or their respective indices. The administrator of SONIA or SOFR or their respective indices may make changes that could change the value of SONIA or SOFR or their respective indices, as the case may be, or discontinue SONIA or SOFR or their respective indices, respectively, and has no obligation to consider the interests of holders of SONIA-Linked Covered Bonds or SOFR-Linked Covered Bonds in doing so. Each of the Bank of England or the FRBNY (or, in each case, a successor), as administrator of SONIA and its respective index, and SOFR and its respective index, respectively, may make methodological or other changes that could change the value of SONIA or SOFR or their respective indices, including changes related to the method by which SONIA or SOFR or their respective indices is calculated, eligibility criteria applicable to the transactions used to calculate SONIA or SOFR or their respective indices, or timing related to the publication of SONIA or SOFR or their respective indices. In addition, the administrator of SONIA and its respective index, or SOFR and its respective index, may alter, discontinue or suspend calculation or dissemination of SONIA or SOFR, respectively (in which case a fallback method of determining the interest rate on any SONIA-Linked Covered Bonds or SOFR-Linked Covered Bonds, respectively, will apply, as further described in Conditions 4.2(e) and 4.2(f), respectively).

There can be no assurance that SONIA or SOFR or their respective indices will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of holders of SONIA-Linked Covered Bonds or SOFR-Linked Covered Bonds, respectively. If the manner in which SONIA or SOFR or their respective indices is calculated is changed, that change may result in a reduction of the amount of interest payable on any respective SONIA-Linked Covered Bonds or SOFR-Linked Covered Bonds, which may adversely affect the trading prices of such Covered Bonds. If the rate at which interest accrues on any SONIA-Linked Covered Bonds or SOFR-Linked Covered Bonds for any Floating Interest Period declines to zero or becomes negative, no interest will be payable on such Covered Bonds on the Interest Payment Date for such Floating Interest Period. The administrator of each of SONIA and its respective index, and SOFR and its respective index, has no obligation to consider the interests of holders of SONIA-Linked Covered Bonds or SOFR-Linked Covered Bonds, respectively, in calculating, adjusting, converting, revising or discontinuing SONIA or SOFR or their respective indices, as the case may be. In addition, the administrator of each of SONIA and its respective index, or SOFR and its respective index, may withdraw, modify or amend the published SONIA or SOFR rate or their respective indices or other SONIA or SOFR data, respectively, in its sole discretion and without notice.

***The regulation and reform of benchmarks may adversely affect the value of Covered Bonds linked to or referencing such benchmarks***

Interest rates and indices that are deemed to be “benchmarks” (including EURIBOR) are the subject of national and international regulatory guidance and reform aimed at supporting the transition to robust benchmarks. Most reforms have now reached their planned conclusion (including the transition away from LIBOR), and “benchmarks” remain subject to ongoing monitoring. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on the value or liquidity of, and return on, any Floating Rate Covered Bonds or any other Covered Bonds which are linked to or reference a “benchmark”.

In Europe, the EU Benchmarks Regulation applies to the provision of in-scope “benchmarks”, the contribution of input data to an in-scope “benchmark” and the use of an in-scope “benchmark” within the EU. Among other things, it (i) requires benchmark administrators to be authorized or registered (or, if non-EU based, to be subject to an equivalent regime or otherwise recognized or to have their benchmarks endorsed) and (ii) prevents certain uses by EU supervised entities of in-scope “benchmarks” of administrators that are not authorized or registered (or, if non-EU based, not deemed equivalent or recognized or have not had their benchmarks endorsed). In the UK, the UK Benchmarks Regulation among other things, applies to the provision of benchmarks, the contribution of input data to a “benchmark” and the use of a benchmark in the UK. Similarly, it prohibits the use in the UK by UK supervised entities of benchmarks of administrators that are not authorized by the FCA or registered on the

FCA register (or, if non-UK based, not deemed equivalent or recognized or have not had their benchmarks endorsed).

The EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material impact on any Covered Bonds linked to or referencing a “benchmark” which is in-scope of one or both regulations, in particular, if the methodology or other terms of the benchmark are changed in order to comply with the requirements of the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the “benchmark”.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have (without limitation) the following effects on certain “benchmarks”: (i) discouraging market participants from continuing to administer or contribute to a “benchmark”; (ii) triggering changes in the rules or methodologies used in the “benchmark” and/or (iii) leading to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Covered Bonds linked to, referencing, or otherwise dependent (in whole or in part) upon, a “benchmark”.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, or any of the international or national reforms in making any investment decision with respect to any Covered Bonds linked to or referencing a “benchmark”.

***The occurrence of a Benchmark Event or SOFR Benchmark Transition Event, as applicable, may adversely affect the return on and the market value of Floating Rate Covered Bonds***

Investors should be aware that in the case of Floating Rate Covered Bonds, the Conditions of the Covered Bonds provide for certain fall-back arrangements in the event that a published benchmark, including SONIA, SOFR, an inter-bank offered rate such as EURIBOR or other relevant reference rates, ceases to exist or be published or another Benchmark Event or SOFR Benchmark Transition Event, as applicable, occurs.

These fall-back arrangements include the possibility that the Rate of Interest could be determined by reference to a Successor Rate or an Alternative Rate or a SOFR Benchmark Replacement, as applicable, and that an Adjustment Spread or a SOFR Benchmark Replacement, respectively, may be applied to such Successor Rate or Alternative Rate or a SOFR Benchmark Replacement, as the case may be, as a result of the replacement of the relevant benchmark or screen rate (as applicable) originally specified with the Successor Rate or the Alternative Rate or a SOFR Benchmark Replacement (as the case may be). Certain Benchmark Amendments or other amendments, in the case of SOFR to the Conditions of such Covered Bonds may also be made without the consent or approval of holders of the relevant Floating Rate Covered Bonds. In the case of any Alternative Rate, any Adjustment Spread unless formally recommended or provided for and any Benchmark Amendments and any SOFR Benchmark Replacement, SOFR Benchmark Replacement Adjustment and related amendments, the relevant replacement and adjustment (if any) and any such amendments shall be determined by the Issuer (acting in good faith in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser) or, in the case of SOFR the Issuer or the SOFR Benchmark Replacement Agent, if any. Any Adjustment Spread or SOFR Benchmark Replacement Adjustment that is applied may not be effective to reduce or eliminate economic prejudice to investors. The use of a Successor Rate or Alternative Rate (including with the application of an Adjustment Spread) or SOFR Benchmark replacement (including with the application of a SOFR Benchmark Replacement Adjustment) will still result in any Covered Bonds linked to or referencing a benchmark performing differently (which may include payment of a lower Rate of Interest) than they would if the relevant benchmark were to continue to apply in its current form.

In certain circumstances the ultimate fall-back for the purposes of calculation of interest for a particular Floating Interest Period may result in the Rate of Interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Covered Bonds based on the rate which was last observed on the Relevant Screen Page or the initial Rate of Interest applicable to such Covered Bonds on the Interest Commencement Date. In addition, due to the uncertainty concerning the availability of any Successor Rate or Alternative Rate, any determinations that may need to be made by the Issuer and the involvement of any Independent Adviser, the relevant fall-back provisions may not operate as intended at the relevant time.

Based on the foregoing, prospective investors should in particular also be aware that in the case of Floating Rate Covered Bonds, if EURIBOR or any other relevant interest rate benchmark is discontinued there can be no

assurance that the applicable fall-back provisions under the Covered Bond Swap Agreements would operate to allow the transactions under the Covered Bond Swap Agreements to effectively mitigate interest rate risk in respect of such Floating Rate Covered Bonds.

In addition, it should be noted that broadly divergent interest rate calculation methodologies may develop and apply as between the Covered Bonds and/or the Covered Bond Swap Agreements due to applicable fall-back provisions or other matters and the effects of this are uncertain but could include a reduction in the amounts available to the Covered Bond Guarantor to meet its payment obligations in respect of the Covered Bonds.

Any such consequences could have a material adverse effect on the value, market price or liquidity of and return on any such Covered Bonds. Any other significant change to the setting or existence of any relevant reference rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Covered Bonds and could also have a material adverse effect on the value, market price or liquidity of, and the amount payable under, the Floating Rate Covered Bonds. Investors should consider these matters when making their investment decision with respect to the relevant Floating Rate Covered Bonds.

### **RISK FACTORS RELATING TO THE COVERED BOND GUARANTOR, INCLUDING THE ABILITY OF THE COVERED BOND GUARANTOR TO FULFIL ITS OBLIGATIONS IN RELATION TO THE COVERED BOND GUARANTEE**

#### ***Covered Bond Guarantor only obliged to pay Guaranteed Amounts when the same are Due for Payment***

Subsequent to an Issuer Event of Default, the Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25% of the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds then outstanding or if so directed by an Extraordinary Resolution of the Covered Bondholders will, give an Issuer Acceleration Notice to the Issuer with the effect that as against the Issuer (but not, for the avoidance of doubt, as against the Covered Bond Guarantor under the Covered Bond Guarantee) each Covered Bond will thereupon immediately become due and repayable at its Early Redemption Amount together with accrued interest.

Upon the Covered Bonds becoming immediately due and repayable against the Issuer, the Bond Trustee must immediately serve a Notice to Pay on the Covered Bond Guarantor and the Covered Bond Guarantor will be required to make payments of Guaranteed Amounts when the same become Due for Payment in accordance with the terms of the Covered Bond Guarantee.

Following service of a Notice to Pay on the Covered Bond Guarantor, the Covered Bond Guarantor will pay or procure to be paid on each Scheduled Payment Date to or to the order of the Bond Trustee (for the benefit of Covered Bondholders) an amount equal to those Guaranteed Amounts which have become Due for Payment in accordance with the terms of the Bond Trust Deed but which have not been paid by the Issuer provided that no Notice to Pay will be served on the Covered Bond Guarantor until an Issuer Acceleration Notice has been served by the Bond Trustee on the Issuer.

All payments of principal and interest (if any) in respect of Covered Bonds will be made subject to withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges required by law. In the event of a withholding or deduction being made by the Covered Bond Guarantor, the Covered Bond Guarantor will not be obliged to pay any additional amounts as a consequence. In addition, the Covered Bond Guarantor will not be obliged at any time to make any payments in respect of additional amounts which may become payable by the Issuer under Condition 7 of the Programme Conditions and Condition 6 of the N Covered Bond Conditions (as applicable). Prior to the service on the Covered Bond Guarantor and the Issuer of a Covered Bond Guarantee Acceleration Notice, the Covered Bond Guarantor will not be obliged to make payment in respect of any additional amounts relating to prepayments, early redemption, broken funding indemnities, penalties, premiums, default interest or interest upon interest which may accrue on or in respect of the Covered Bonds.

Subject to any grace period, if the Covered Bond Guarantor fails to make a payment when Due for Payment under the Covered Bond Guarantee or any other Covered Bond Guarantor Event of Default occurs and is continuing, then the Bond Trustee may, and if so requested in writing by the holders of at least 25% of the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds then outstanding or if so directed by an Extraordinary Resolution of all the Covered Bondholders will, accelerate the obligations of the Covered Bond Guarantor under the Covered Bond Guarantee by service of a Covered Bond Guarantee Acceleration Notice, whereupon the Bond Trustee will have a claim under the Covered Bond Guarantee for an amount equal to the Early Redemption Amount of each Covered Bond, together with accrued interest and all other amounts then due

under the Covered Bonds (other than additional amounts payable under Condition 7 of the Programme Conditions and Condition 6 of the N Covered Bond Conditions (as applicable)). Following service of a Covered Bond Guarantee Acceleration Notice, the Security Trustee may enforce the Security over the Charged Property. Pursuant to the terms of the Security Deed, the proceeds of enforcement and realization of the Security will be required to be applied by the Security Trustee in accordance with the Post-Enforcement Priority of Payments in the Security Deed, and Covered Bondholders will receive amounts from the Covered Bond Guarantor (if any) on an accelerated basis.

It is possible that payments by the Covered Bond Guarantor that relate to interest on the Covered Bonds would be treated as interest for Australian withholding tax purposes and therefore subject to withholding tax. Please refer to the section “*Taxation – Australian Taxation – Payments by the Covered Bond Guarantor*” in this Offering Circular. Investors should be aware that in the event payments by the Covered Bond Guarantor are subject to any withholding or deduction for or on account of tax, the Covered Bond Guarantor will not be required to pay any additional amounts to Covered Bondholders.

#### ***Excess Proceeds received by the Bond Trustee***

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Bond Trustee may receive Excess Proceeds. In accordance with the Bond Trust Deed, the Excess Proceeds will be paid by the Bond Trustee on behalf of the Covered Bondholders of the relevant Series to the Covered Bond Guarantor for its own account, as soon as practicable, and will be held by the Covered Bond Guarantor in the GIC Account and the Excess Proceeds will thereafter form part of the Security and will be used by the Covered Bond Guarantor in the same manner as all other moneys from time to time standing to the credit of the GIC Account. Any Excess Proceeds received by the Bond Trustee will discharge *pro tanto* the obligations of the Issuer in respect of the Covered Bonds and Coupons (subject to restitution of the same if such Excess Proceeds will be required to be repaid by the Bond Trustee or by the Covered Bond Guarantor). However, the obligations of the Covered Bond Guarantor under the Covered Bond Guarantee are (following service of a Notice to Pay or a Covered Bond Guarantee Acceleration Notice) unconditional and irrevocable and the receipt by the Bond Trustee of any Excess Proceeds will not reduce or discharge any such obligations.

By subscribing for Covered Bonds, each holder of the Covered Bonds will be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the Covered Bond Guarantor for application in the manner described above.

#### ***Finite resources available to the Covered Bond Guarantor to make payments due under the Covered Bond Guarantee***

Following the service of a Notice to Pay on the Covered Bond Guarantor, the Covered Bond Guarantor’s ability to meet its obligations under the Covered Bond Guarantee will depend on (a) the realizable value of Selected Mortgage Loan Rights forming part of the Assets of the Trust, (b) the Principal Collections and Finance Charge Collections generated by the Mortgage Loan Rights forming part of the Assets of the Trust and the timing thereof, (c) amounts received from the Swap Providers, (d) the realizable value of Substitution Assets and Authorized Investments held by it and (e) the receipt by it of credit balances and interest on credit balances on the GIC Account. Recourse against the Covered Bond Guarantor under the Covered Bond Guarantee is limited to the aforementioned assets and the Covered Bond Guarantor will not have any other source of funds available to meet its obligations under the Covered Bond Guarantee.

If a Covered Bond Guarantor Event of Default occurs and is continuing and the Security created by or pursuant to the Security Deed is enforced, the realization of the Charged Property may not be sufficient to meet the claims of all the Secured Creditors, including the Covered Bondholders.

If, following enforcement of the Security constituted by or pursuant to the Security Deed, the Secured Creditors have not received the full amount due to them pursuant to the terms of the Programme Documents, then they may still have an unsecured claim against the Issuer for the shortfall. There is no guarantee that the Issuer will have sufficient funds to pay that shortfall.

Covered Bondholders should note that the Asset Coverage Test has been structured to ensure that the Adjusted Aggregate Mortgage Loan Amount is an amount at least equal to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds for so long as Covered Bonds remain outstanding prior to the service of a Notice to Pay on the Covered Bond Guarantor and/or, a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, which should reduce the risk of there ever being a shortfall

(although there is no assurance of this – in particular, the sale of further Mortgage Loan Rights by the Seller to the Covered Bond Guarantor may be required to remedy a breach of the Asset Coverage Test).

The Trust Manager will be required to ensure that, following the service of a Notice to Pay on the Covered Bond Guarantor (but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer), the Amortisation Test is satisfied on each Determination Date. A breach of the Amortisation Test will constitute a Covered Bond Guarantor Event of Default and if it continues it will entitle the Bond Trustee to serve a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer.

The Asset Coverage Test, the Amortisation Test, the Interest Rate Shortfall Test, the Yield Shortfall Test and the Pre-Maturity Test have in the aggregate been structured to ensure that the Assets of the Trust are sufficient to pay amounts due on the Covered Bonds and senior expenses (which will include costs relating to the maintenance, administration and winding-up of the Assets of the Trust whilst the Covered Bonds are outstanding). However, no assurance can be given that the Assets of the Trust will in fact generate sufficient amounts for such purposes (see “*Overview of the Principal Documents – Establishment Deed – Asset Coverage Test*” and “*Credit Structure – Asset Coverage Test*”, “*Overview of the Principal Documents – Establishment Deed – Amortisation Test*” and “*Credit Structure – Amortisation Test*”, “*Overview of the Principal Documents – Servicing Deed – Interest Rate Shortfall Test*”, “*Overview of the Principal Documents – Servicing Deed – Interest Rate Shortfall Test – Yield Shortfall Test*”, “*Overview of the Principal Documents – Establishment Deed – Sale of Selected Mortgage Loan Rights if the Pre-Maturity Test is breached*” and “*Credit Structure – Pre-Maturity Test*”).

Further, in some instances, the Bank, as Seller, will be entitled to receive amounts in priority to payments of principal to the Covered Bondholders. In particular, the Seller may be reimbursed from Principal Collections available on any day for any Trust Further Advances made by the Seller on that day. Any amounts so applied from Principal Collections will not form part of the Available Principal Amount to be applied by the Covered Bond Guarantor in accordance with the Pre-Acceleration Principal Priority of Payments on the next following Distribution Date.

#### ***Reliance of the Covered Bond Guarantor on third parties***

The Covered Bond Guarantor has entered into agreements with a number of third parties, which have agreed to perform services for the Covered Bond Guarantor. In particular, but without limitation:

- (a) the Servicer has been appointed to act as servicer of the Mortgage Loan Rights forming part of the Assets of the Trust on behalf of the Covered Bond Guarantor pursuant to the provisions of the Servicing Deed;
- (b) the Trust Manager has been appointed to provide the administration and cash management services set out in the Programme Documents including, without limitation, assisting the Covered Bond Guarantor in operating the Trust Accounts, keeping and maintaining records, causing annual accounts of the Trust to be audited and directing the Covered Bond Guarantor in relation to investing moneys standing to the credit of the GIC Account in Substitution Assets or Authorized Investments;
- (c) the Trust Manager has been appointed to provide the calculation services set out in the Programme Documents including, without limitation, doing all calculations on each Determination Date which are required to determine whether the Legislated Collateralisation Test and the Asset Coverage Test or the Amortisation Test or the Pre-Maturity Test, as the case may be, are satisfied or otherwise and providing information to the Cover Pool Monitor;
- (d) the Cover Pool Monitor has been appointed to perform agreed upon procedures for the purpose of verifying the Trust Manager’s calculations in respect of the Asset Coverage Test or the Amortisation Test, as the case may be, and the Legislated Collateralisation Test. The functions of the Cover Pool Monitor in respect of the Trust for the purposes of the Australian Banking Act include assessing the keeping by the Trust Manager of an accurate register of the Assets of the Trust and assessing compliance by the Bank with the requirements of sections 31 and 31A of the Australian Banking Act; and
- (e) the Account Bank has been appointed to operate each of the Trust Accounts in accordance with the relevant account bank mandate pursuant to the Account Bank Agreement.

In the event that any of those third parties fails to perform its obligations under the relevant Programme Documents to which it is a party, the realizable value of the Mortgage Loan Rights forming part of the Assets of the Trust and other Assets of the Trust or pending such realization (if the Mortgage Loan Rights forming part of the Assets of

the Trust and other Assets of the Trust cannot be sold) the ability of the Covered Bond Guarantor to make payments under the Covered Bond Guarantee may be affected. For example, if the Servicer fails to adequately administer the Mortgage Loans forming part of the Assets of the Trust, this may lead to higher incidences of non-payment or default by Borrowers.

The Covered Bond Guarantor will also be reliant on the Swap Providers to provide it with the funds sufficient to meet its obligations under the Intercompany Loan Agreement, the Demand Loan Agreement and the Covered Bond Guarantee, as described below.

If the Trust Manager has determined that, among other things, a Servicer Default has occurred and is continuing, then the Trust Manager must, by written notice to the Servicer, immediately terminate the rights and obligations of the Servicer and appoint another appropriately qualified organization to act in its place. The purported appointment of a Substitute Servicer following such termination has no effect until the Substitute Servicer executes an agreement under which it covenants to act as servicer in accordance with the Servicing Deed and all other Programme Documents to which the Servicer is a party. The Trust Manager must notify the Security Trustee, the Bond Trustee and the Rating Agencies of the identity of the Substitute Servicer. Until the appointment of the Substitute Servicer is complete, the Covered Bond Guarantor must act as Servicer (and is entitled to the relevant fees for the period it so acts). There can be no assurance that a Substitute Servicer with sufficient experience of administering mortgages of residential properties would be found who would be willing and able to service the Mortgage Loan Rights forming part of the Assets of the Trust on the terms of the Servicing Deed or that the Servicer will be able to continue to perform this role until such Substitute Servicer is appointed, particularly if the Servicer's termination is as a result of an Insolvency Event occurring in respect of the Servicer.

The ability of a Substitute Servicer or the Covered Bond Guarantor (when acting as Servicer) to perform fully the required services as Servicer would depend, among other things, on the information, software and records available at the time of the appointment or it being required to act as Servicer, respectively. Any delay or inability to appoint a Substitute Servicer may affect payments on the Mortgage Loan Rights forming part of the Assets of the Trust, the realizable value of such Mortgage Loan Rights and/or the ability of the Covered Bond Guarantor to make payments under the Covered Bond Guarantee.

The Servicer has no liability for any obligations of the Borrowers in respect of the Mortgage Loan Rights forming part of the Assets of the Trust. Covered Bondholders will have no right to consent to or approve of any actions taken by the Servicer under the Servicing Deed.

The Servicer is required to act as collecting agent for the Covered Bond Guarantor (for itself and as trustee of the CBA Trust) in respect of all payments in respect of the Mortgage Loan Rights forming part of the Assets of the Trust (including, without limitation, a Mortgage Loan Scheduled Payment). If the Servicer receives, during a Collection Period, any money whatsoever arising from the Mortgage Loan Rights forming part of the Assets of the Trust which money belongs to the Covered Bond Guarantor and such money is to be paid to the GIC Account pursuant to the Servicing Deed, the Servicer will hold such money on trust for the Covered Bond Guarantor. The Servicer is entitled to commingle such money with any other money held by it. In the event of an insolvency of the Servicer, the ability of the Covered Bond Guarantor to trace and recover any such commingled money may be impaired. The risk of the Servicer not making payment on each Distribution Date immediately following the end of a Collection Period is mitigated by an obligation of the Servicer to transfer the collections into the GIC Account within two Local Business Days of receipt if the Servicer's credit ratings are downgraded below a short term credit rating of P-1 from Moody's or F1 from Fitch or a long term credit rating of A from Fitch (or, if Fitch has placed the Servicer on ratings watch negative at the relevant time, below a short term credit rating of F1+ from Fitch or a long term credit rating of A+ from Fitch).

None of the Covered Bond Guarantor, the Security Trustee nor the Bond Trustee is obliged in any circumstances to act as a Servicer or to monitor the performance by the Servicer of its obligations.

While a Trust Manager Default is subsisting and after the Covered Bond Guarantor becomes aware of the Trust Manager Default, the Covered Bond Guarantor must, upon giving written notice to the Issuer, the Security Trustee, the Trust Manager and the Rating Agencies, immediately terminate the rights and obligations of the Trust Manager under the Programme Documents and appoint another entity to act in its place. Until the appointment of the Substitute Trust Manager is complete, the Covered Bond Guarantor must act as Trust Manager (and is entitled to the relevant fees for the period it so acts). There can be no assurance that a Substitute Trust Manager would be found who would be willing and able to provide such trust management services on the terms of the Establishment Deed and the Management Agreement or that the Trust Manager will be able to continue to perform this role until such Substitute Trust Manager is appointed, particularly if the Trust Manager's termination is as a result of an

Insolvency Event occurring in respect of the Trust Manager. Neither the Security Trustee nor the Bond Trustee will be obliged in any circumstances to act as a Trust Manager or to monitor or supervise the performance by the Trust Manager (or any Substitute Trust Manager) of its obligations.

The ability of a Substitute Trust Manager or the Covered Bond Guarantor (when acting as Trust Manager) to perform fully the required trust management services as Trust Manager would depend, among other things, on the information, software and records available at the time of the appointment or it being required to act as Trust Manager, respectively. Any delay or inability to appoint a Substitute Trust Manager may affect payments to and from the Trust Accounts in accordance with the terms of the Programme Documents, and/or the provision of the Asset Coverage Reports and other information to, inter alia, the Rating Agencies, the Security Trustee and the Covered Bond Guarantor and may ultimately affect the ability of the Covered Bond Guarantor to make payments under the Covered Bond Guarantee.

The Trust Manager has no obligation itself to advance payments that Borrowers fail to make in a timely fashion. Covered Bondholders will have no right to consent to or approve of any actions taken by the Trust Manager under the Establishment Deed and/or the Management Agreement.

### ***Change of counterparties***

The parties to the Programme Documents who receive and hold moneys pursuant to the terms of such documents (such as the Servicer and the Account Bank) will be required to satisfy certain criteria in order to continue to receive and hold such moneys. These criteria will include requirements in relation to the short-term and/or long-term, unguaranteed and unsecured credit ratings ascribed to such party by Fitch and Moody's.

If the party concerned ceases to satisfy the applicable criteria, including such credit ratings criteria, then the rights and obligations of that party (including the right or obligation to receive moneys on behalf of the Covered Bond Guarantor) may be required to be transferred to another entity which does satisfy the applicable criteria. If the rights and obligations of that counterparty are transferred to another entity, then the terms agreed with the replacement entity may not be as favorable as those agreed with the original party pursuant to the Programme Documents. There is no guarantee that a replacement counterparty could be found.

In addition, should the applicable criteria cease to be satisfied, then the parties to the relevant Programme Document may agree to amend or waive certain of the terms of such document, including the applicable criteria, in order to avoid the need for a replacement entity to be appointed. The consent of Covered Bondholders may not be required in relation to such amendments and/or waivers.

### ***Reliance on Swap Providers***

In order to hedge certain interest rate, currency or other risks in respect of amounts received by the Covered Bond Guarantor under the Mortgage Loans, the amounts standing to the credit of the GIC Account, any Substitution Assets or Authorized Investments and any other assets that the Covered Bond Guarantor may hold from time to time, and amounts payable by the Covered Bond Guarantor under the Intercompany Loan Agreement and/or the Demand Loan Agreement to the Bank and/or amounts payable by the Covered Bond Guarantor under the Covered Bond Guarantee to Covered Bondholders in respect of the Covered Bonds on issue, the Covered Bond Guarantor will enter into certain swap transactions with swap providers (each, a **Swap Provider**).

If the Covered Bond Guarantor fails to make timely payments (except where the terms of the relevant Swap Agreement provide for a pro rata reduction on both legs of any relevant transaction thereunder where the Covered Bond Guarantor has insufficient funds to make the payment in full) of amounts due under any Swap Agreement, then it will have defaulted under that Swap Agreement and such Swap Agreement may be terminated. Further, a Swap Provider is only obliged to make payments to the Covered Bond Guarantor if the Covered Bond Guarantor complies with its payment obligations under the relevant Swap Agreement. If a Swap Agreement (or any transactions thereunder) terminates or the relevant Swap Provider is not obliged to make payments or if it defaults in its obligations to make payments of amounts in the relevant currency equal to the full amount to be paid to the Covered Bond Guarantor on the relevant payment date under such Swap Agreement, the Covered Bond Guarantor will be exposed to changes in the relevant currency exchange rates to Australian Dollars (where relevant) and to any changes in the relevant rates of interest. Unless a replacement swap is entered into, the Covered Bond Guarantor may have insufficient funds to make payments under the Intercompany Loan Agreement, the Demand Loan Agreement or the Covered Bond Guarantee.

If a Swap Agreement (or any transactions thereunder) terminates, then the Covered Bond Guarantor may be obliged to make a termination payment to the relevant Swap Provider. There can be no assurance that the Covered

Bond Guarantor will have sufficient funds available to make a termination payment under the relevant Swap Agreement or to make any upfront payment required by a replacement swap counterparty, nor can there be any assurance that the Covered Bond Guarantor will be able to find a replacement swap counterparty which has both sufficiently high ratings as may be required by any of the Rating Agencies and which agrees to enter into a replacement swap agreement on similar commercial terms.

If the Covered Bond Guarantor is obliged to pay a termination payment under any Swap Agreement:

- (i) (if the Issuer is not the Interest Rate Swap Provider) any such termination payment in respect of the Interest Rate Swap will rank ahead of amounts due on the Covered Bonds; and
- (ii) any such termination payment in respect of a Covered Bond Swap and (if the Issuer is the Interest Rate Swap Provider) the Interest Rate Swap will rank *pari passu* and ratably with amounts due on the Covered Bonds,

except where default by, or downgrade of, the relevant Swap Provider has caused the relevant Swap Agreement to terminate.

The obligation to pay a termination payment may adversely affect the ability of the Covered Bond Guarantor to meet its obligations under the Covered Bond Guarantee.

#### ***Limited description of the Mortgage Loan Rights***

Covered Bondholders may not receive detailed statistics or information in relation to the Mortgage Loan Rights forming part of the Assets of the Trust because it is expected that the constitution of the Mortgage Loan Rights forming part of the Assets of the Trust will frequently change due to, for instance:

- (a) the Seller selling additional Mortgage Loan Rights to the Covered Bond Guarantor;
- (b) payments by the Borrowers on those Mortgage Loans; and
- (c) the Covered Bond Guarantor's interest in the Mortgage Loan Rights being transferred to or extinguished in favor of the Seller in accordance with the Mortgage Sale Agreement, in particular, in relation to non-compliance with the Representations and Warranties (see "*Overview of the Principal Documents – Mortgage Sale Agreement – Repurchase by the Seller following breach of Representations and Warranties*").

There is no assurance that the characteristics of any Mortgage Loan Rights sold to the Covered Bond Guarantor on any Closing Date will be the same as those of the other Mortgage Loan Rights forming part of the Assets of the Trust as at the relevant Closing Date. However, each Mortgage Loan sold to the Covered Bond Guarantor will be required to be an Eligible Mortgage Loan and the Seller will also be required to make the Representations and Warranties set out in the Mortgage Sale Agreement on such date (see "*Overview of the Principal Documents – Mortgage Sale Agreement – Sale by the Seller of Mortgage Loan Rights*") (although the criteria for Eligible Mortgage Loans and Representations and Warranties may change in certain circumstances (see "*The Bond Trustee and the Security Trustee may agree to modifications to the Programme Documents without, respectively, the Covered Bondholders' or other Secured Creditors' prior consent*" above)). In addition, the Asset Coverage Test is intended to ensure that on each Determination Date the Adjusted Aggregate Mortgage Loan Amount is an amount at least equal to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds for so long as Covered Bonds remain outstanding (prior to the Service of a Notice to Pay or, if earlier, a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer) and the Trust Manager will provide monthly reports that will set out certain information in relation to the Asset Coverage Test.

The Servicing Guidelines may be amended or revised by the Bank from time to time. If any Mortgage Loans have been originated under amended or revised Servicing Guidelines and the Mortgage Loans are then sold to the Covered Bond Guarantor in accordance with and pursuant to the terms of the Mortgage Sale Agreement, the characteristics of the Mortgage Loan Rights forming part of the Assets of the Trust could at such time change. This could adversely affect the ability of the Covered Bond Guarantor to meet its obligations under the Covered Bond Guarantee.

## ***Maintenance of Mortgage Loan Rights***

### *Asset Coverage Test*

The Asset Coverage Test is intended to test the asset coverage of the Assets of the Trust held from time to time by the Covered Bond Guarantor in respect of the Covered Bonds on a monthly basis, prior to the service of a Notice to Pay on the Covered Bond Guarantor and/or a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer. This is to ensure that the Assets of the Trust held from time to time by the Covered Bond Guarantor do not fall below a certain threshold and are sufficient for the Covered Bond Guarantor to meet its obligations under the Covered Bond Guarantee and senior expenses which rank in priority to or *pari passu* and ratably with amounts due on the Covered Bonds. See further “*Overview of the Principal Documents – Establishment Deed – Asset Coverage Test*”.

In the event that the Asset Coverage Test is not satisfied on a Determination Date and also on the next following Determination Date, the Bond Trustee will serve an Asset Coverage Test Breach Notice on the Covered Bond Guarantor (subject to the Bond Trustee receiving notification from the Trust Manager or, if earlier, having actual knowledge or express notice of the breach). The Bond Trustee will be deemed to revoke an Asset Coverage Test Breach Notice if, on the next Determination Date to occur following the service of an Asset Coverage Test Breach Notice, the Asset Coverage Test is satisfied and neither a Notice to Pay nor a Covered Bond Guarantee Acceleration Notice has been served. If the Bond Trustee is deemed to revoke an Asset Coverage Test Breach Notice, the Trust Manager must immediately notify in writing the Bond Trustee thereof. If the Asset Coverage Test Breach Notice is not deemed to be revoked by the Bond Trustee on or before the next Determination Date, then an Issuer Event of Default will occur. The Bond Trustee will be entitled, and in certain circumstances required, to serve an Issuer Acceleration Notice. Following service of an Issuer Acceleration Notice, the Bond Trustee will be required to serve a Notice to Pay on the Covered Bond Guarantor.

### *Amortisation Test*

The Amortisation Test is intended to ensure that, following service of a Notice to Pay on the Covered Bond Guarantor (but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer), the Assets of the Trust held from time to time by the Covered Bond Guarantor do not fall below a certain threshold to ensure that the Assets of the Trust are sufficient to meet the Covered Bond Guarantor’s obligations under the Covered Bond Guarantee and senior expenses which rank in priority to or *pari passu* and ratably with amounts due on the Covered Bonds. See further “*Overview of the Principal Documents – Establishment Deed – Amortisation Test*”.

If the aggregate collateral value of the Mortgage Loan Rights forming part of the Assets of the Trust has not been maintained in accordance with the Amortisation Test, then that may affect the realizable value of the Mortgage Loan Rights forming part of the Assets of the Trust (both before and after the occurrence of a Covered Bond Guarantor Event of Default) and/or the ability of the Covered Bond Guarantor to make payments under the Covered Bond Guarantee. Failure to satisfy the Amortisation Test on any Determination Date following an Issuer Event of Default that is continuing and service of a Notice to Pay on the Covered Bond Guarantor will constitute a Covered Bond Guarantor Event of Default and will entitle the Bond Trustee to accelerate the Covered Bond Guarantor’s obligations under the Covered Bond Guarantee against the Covered Bond Guarantor subject to and in accordance with the Conditions.

### *Cover Pool Monitor to verify the Trust Manager’s calculations and assess the keeping of an accurate register of the Assets and compliance with the Australian Banking Act*

Prior to the service of a Notice to Pay on the Covered Bond Guarantor, the Cover Pool Monitor will, subject to receipt of the relevant information from the Trust Manager, verify the calculations performed by the Trust Manager in relation to the Asset Coverage Test on the Determination Date immediately preceding each half-yearly and yearly anniversary of the Programme Date.

Following receipt of notice that a Notice to Pay has been served on the Covered Bond Guarantor but prior to the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice, the Cover Pool Monitor will, subject to receipt of the relevant information from the Trust Manager, verify the calculations performed by the Trust Manager in relation to the Amortisation Test on the Determination Date immediately preceding each yearly anniversary of the Programme Date.

In addition, the Cover Pool Monitor will, subject to receipt of the relevant information from the Trust Manager, verify the calculations performed by the Trust Manager in relation to the Legislated Collateralisation Test on the

Determination Date immediately preceding each half-yearly and yearly anniversary of the Programme Date on which any Covered Bonds are outstanding.

If and for so long as the long-term unsecured, unguaranteed and unsubordinated debt obligation credit ratings of the Issuer fall below Baa3 by Moody's or BBB- by Fitch (or, if Fitch has placed the Issuer on ratings watch negative at the relevant time, fall below BBB by Fitch), the Trust Manager must give written notice of that fact to the Cover Pool Monitor and upon receipt of such notice, the Cover Pool Monitor will conduct the tests of the Trust Manager's calculations in respect of the Asset Coverage Test or the Amortisation Test, as the case may be, on every Determination Date thereafter.

The Cover Pool Monitor will also be required, as soon as reasonably practicable following each Determination Date immediately preceding each half-yearly and yearly anniversary of the Programme Date and following receipt of all necessary information, to assess compliance by the Bank with the requirements sections 31 and 31A of the Australian Banking Act and to assess the keeping by the Trust Manager of an accurate register of the Assets of the Trust.

See further the section "*Overview of the Principal Documents – Cover Pool Monitor Agreement*" in this Offering Circular.

None of the Covered Bond Guarantor, the Bond Trustee nor the Security Trustee will be responsible for monitoring compliance with, nor the monitoring of, the Asset Coverage Test, the Amortisation Test, the Legislated Collateralisation Test or any other test, compliance of the Mortgage Loan Rights forming part of the Assets of the Trust with the Australian Banking Act requirements or supervising the performance by any other party of its obligations under any Programme Document.

It should be noted that the Asset Coverage Test and the Amortisation Test have been designed to mitigate certain economic and legal stresses in connection with the performance and valuation of the Assets of the Trust held from time to time by the Covered Bond Guarantor, to ensure that the Covered Bond Guarantor is able to meet its ongoing requirements at all relevant times. In setting the values and criteria for such tests, modelling has been undertaken on the basis of certain assumptions in certain stress scenarios. However, no assurance can be given that the modelling and the assumptions utilized in such modelling have been able to incorporate or examine all possible scenarios that may occur in respect of the Covered Bond Guarantor and the Assets of the Trust. As such, no assurance can be given that the methodology and modelling utilized to set the relevant values and criteria within such tests will be sufficient in all scenarios to ensure that the Covered Bond Guarantor will be able to meet its obligations in full.

#### ***Sale of Selected Mortgage Loan Rights following the occurrence of certain events***

Following the occurrence of any of the following events:

- (a) a breach of the Pre-Maturity Test;
- (b) the service of an Asset Coverage Test Breach Notice on the Covered Bond Guarantor (which has not been deemed to be revoked); or
- (c) the service of a Notice to Pay on the Covered Bond Guarantor,

but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, the Trust Manager must direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must, sell Selected Mortgage Loan Rights (selected on a basis that is representative of the Mortgage Loan Rights then forming part of the Assets of the Trust).

The proceeds from any such sale must be deposited into the GIC Account and applied in accordance with the applicable Priority of Payments (see "*Overview of the Principal Documents – Mortgage Sale Agreement – Sale by the Seller of Mortgage Loan Rights*").

There is no guarantee the Covered Bond Guarantor will, where the Covered Bond Guarantor is obliged to sell Selected Mortgage Loan Rights, find a buyer to buy Selected Mortgage Loan Rights at the times required and there can be no guarantee or assurance as to the price which may be able to be obtained, which may affect payments under the Covered Bond Guarantee. The Covered Bond Guarantor will offer the Selected Mortgage Loan Rights for the best price reasonably available but in any event, following the service of an Asset Coverage Test Breach Notice (but prior to the service of a Notice to Pay), the Selected Mortgage Loan Rights may not be

sold by the Covered Bond Guarantor for an amount less than the Current Principal Balance of the Mortgage Loans in respect of the Selected Mortgage Loan Rights plus the arrears of interest and accrued interest thereon. Following a breach of the Pre-Maturity Test or service of a Notice to Pay on the Covered Bond Guarantor, the Selected Mortgage Loan Rights may not be sold by the Covered Bond Guarantor for an amount less than the Adjusted Required Redemption Amount for the relevant Series of Covered Bonds. However, if the Selected Mortgage Loan Rights have not been sold by the date which is six months prior to either (a) the Final Maturity Date in respect of the Earliest Maturing Covered Bonds, or (b) the Extended Due for Payment Date in respect of the Earliest Maturing Covered Bonds, or (c) in respect of a sale in connection with the Pre-Maturity Test, the Final Maturity Date of the relevant Series of Hard Bullet Covered Bonds, the Trust Manager must direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must, offer the Selected Mortgage Loan Rights for sale for the best price reasonably available notwithstanding that such amount may be less than the Adjusted Required Redemption Amount.

If Selected Mortgage Loan Rights are not sold for an amount equal to or in excess of the Adjusted Required Redemption Amount, the Covered Bond Guarantor may have insufficient funds available to make payment in respect of the Covered Bonds.

At any time after the service of a Notice to Pay on the Covered Bond Guarantor (but prior to service of a Covered Bond Acceleration Notice on the Covered Bond Guarantor and the Issuer), on each Distribution Date the Covered Bond Guarantor will apply the Available Income Amount and Available Principal Amount to redeem or repay in part the relevant Series of Covered Bonds, to the extent that the Covered Bond Guarantor has sufficient moneys available to make such payments in accordance with the Guarantee Priority of Payments. The Available Income Amount will include, among other things, the sale proceeds of Selected Mortgage Loan Rights to the extent such proceeds comprise accrued interest or arrears of interest (if any) that has been, or is to be, on the immediately following Distribution Date, credited to the Income Ledger on the GIC Account. The Available Principal Amount will include, among other things, the sale proceeds of Selected Mortgage Loan Rights (including any excess sale proceeds resulting from the sale of Selected Mortgage Loan Rights sold in respect of another Series of Covered Bonds but excluding accrued interest and arrears of interest which will form part of the Available Income Amount) that have been, or are to be, on the immediately following Distribution Date, credited to the Principal Ledger on the GIC Account, and all principal repayments received on the Mortgage Loans forming part of the Assets of the Trust generally. This may adversely affect repayment of later maturing Series of Covered Bonds if the Selected Mortgage Loan Rights sold to redeem or repay in part an earlier maturing Series of Covered Bonds are sold for less than the Adjusted Required Redemption Amount and accordingly the Covered Bond Guarantor is required to apply other assets forming part of the Assets of the Trust (such as Principal Collections) to redeem that earlier maturing Series of Covered Bonds.

#### ***Sale of Selected Mortgage Loan Rights if Pre-Maturity Test is breached***

The Establishment Deed provides for the sale of Selected Mortgage Loan Rights in circumstances where the Pre-Maturity Test has been breached in relation to a Series of Hard Bullet Covered Bonds. The Pre-Maturity Test will be breached in relation to a Series of Hard Bullet Covered Bonds if the Issuer's short-term credit rating from Moody's falls to P-2 (or lower) or from Fitch is less than F1+ and the Final Maturity Date of the Series of Hard Bullet Covered Bonds falls within 12 months from the relevant Pre-Maturity Test Date. If the Pre-Maturity Test is breached within that period the Covered Bond Guarantor will, after taking into account the amount standing to the credit of the Pre-Maturity Ledger and subject to first utilizing the proceeds of any advance made by the Demand Loan Provider under the Demand Loan Agreement, be obliged to commence an offer process to sell Selected Mortgage Loan Rights in order to enable the Covered Bond Guarantor, following service of a Notice to Pay (if any), to pay the Australian Dollar Equivalent of the Required Redemption Amount on a Series of Hard Bullet Covered Bonds under the Covered Bond Guarantee on the Final Maturity Date for such Covered Bonds. In the event that the Pre-Maturity Test is breached in respect of any Series of Hard Bullet Covered Bonds during the Pre-Maturity Test Period and the amount standing to the credit of the Pre-Maturity Ledger of the GIC Account is less than the Australian Dollar Equivalent of the Required Redemption Amount for each Series of Hard Bullet Covered Bonds in respect of which the Pre-Maturity Test has been breached on the earlier to occur of (i) the later of the date which is 10 Local Business Days from the date that the Seller is notified of the breach and the date which is six months prior to the Final Maturity Date of the relevant Series of Hard Bullet Covered Bonds and (ii) the Final Maturity Date of that Series of Hard Bullet Covered Bonds, an Issuer Event of Default will occur.

There is no guarantee that a suitable buyer will be found to acquire the Selected Mortgage Loan Rights at the times required and there can be no guarantee or assurance as to the price which the Covered Bond Guarantor may be able to obtain, which may affect payments under the Covered Bond Guarantee.

As at the date of this Offering Circular, the Pre-Maturity Test has not been breached in relation to any Outstanding Series of Hard Bullet Covered Bonds.

***Realization of Charged Property following the occurrence of a Covered Bond Guarantor Event of Default***

If a Covered Bond Guarantor Event of Default occurs and is continuing and a Covered Bond Guarantee Acceleration Notice is served on the Covered Bond Guarantor and the Issuer, then the Security Trustee will be entitled to enforce the Security created under and pursuant to the Security Deed and the proceeds from the realization of the Charged Property, together with any applicable In Specie Mortgage Loan Rights, will be applied by the Security Trustee towards payment of all secured obligations in accordance with the Post-Enforcement Priority of Payments described in “*Cashflows*” below (other than Third Party Amounts due to the Seller and any Swap Collateral Excluded Amounts due to the relevant Swap Providers by the Covered Bond Guarantor under the relevant Swap Agreements, which will be paid directly to the relevant Swap Providers in accordance with the relevant Swap Agreements).

The Security Trustee’s (or any receiver’s) right to realize the Mortgage Loan Rights is subject to the Seller’s rights of pre-emption described in “*Overview of the Principal Documents – Security Deed – Enforcement*” below.

There is no guarantee that the proceeds of realization of the Charged Property will be in an amount sufficient to repay all amounts due to the Secured Creditors (including the Covered Bondholders) under the Covered Bonds and the Programme Documents.

If a Covered Bond Guarantee Acceleration Notice is served on the Covered Bond Guarantor and the Issuer, then the Covered Bonds may be repaid sooner or later than expected or not at all.

***Factors that may affect the realizable value of the Mortgage Loan Rights forming part of the Assets of the Trust or the ability of the Covered Bond Guarantor to make payments under the Covered Bond Guarantee***

The realizable value of Selected Mortgage Loan Rights forming part of the Assets of the Trust may be reduced (which may affect the ability of the Covered Bond Guarantor to make payments under the Covered Bond Guarantee) by:

- (a) representations or warranties not being given by the Covered Bond Guarantor or the Seller unless expressly agreed by the Security Trustee or otherwise agreed with the Seller;
- (b) default by Borrowers of amounts due on their Mortgage Loans;
- (c) changes to the Servicing Guidelines of the Seller;
- (d) the Covered Bond Guarantor not having legal title to the Mortgage Loan Rights forming part of the Assets of the Trust;
- (e) risks in relation to some types of Mortgage Loans which may adversely affect the value of the Mortgage Loan Rights forming part of the Assets of the Trust;
- (f) changes in interest rates which may adversely affect the value of fixed rate Mortgage Loans;
- (g) limited recourse to the Seller;
- (h) possible regulatory changes by ASIC in Australia and other regulatory authorities;
- (i) the state of the Australian economy and/or residential mortgage market (which may impact potential buyers);
- (j) regulations in Australia that could lead to some terms of the Mortgage Loan Rights being unenforceable; and
- (k) other issues which impact on the enforceability of the Mortgage Loan Rights.

Some of these factors are considered in more detail below. However, it should be noted that the Asset Coverage Test, the Amortisation Test, the Pre-Maturity Test and the criteria for Eligible Mortgage Loans are intended to ensure that there will be an adequate amount of Mortgage Loan Rights forming part of the Assets of the Trust and moneys standing to the credit of the GIC Account to enable the Covered Bond Guarantor to repay the Covered

Bonds following an Issuer Event of Default that is continuing, service of an Issuer Acceleration Notice on the Issuer and service of a Notice to Pay on the Covered Bond Guarantor and accordingly it is expected (but there is no assurance) that Selected Mortgage Loan Rights could be realized for sufficient values to enable the Covered Bond Guarantor to meet its obligations under the Covered Bond Guarantee.

#### ***Value of the Mortgage Loan Rights forming part of the Assets of the Trust***

The guarantee granted by the Covered Bond Guarantor in respect of the Covered Bonds, will, inter alia, be backed by the Covered Bond Guarantor's interest in the Mortgage Loan Rights forming part of the Assets of the Trust. Since the economic value of the Mortgage Loan Rights forming part of the Assets of the Trust may increase or decrease, the value of the Covered Bond Guarantor's assets may decrease (for example if there is a general decline in property values). Neither the Issuer nor the Covered Bond Guarantor makes any representation, warranty or guarantee that the value of Land secured by a Mortgage will remain at the same level as it was on the date of the origination of the related Mortgage Loan or at any other time. The value of the Mortgage Loan Rights forming part of the Assets of the Trust may have been significantly reduced by the overall decline in property values experienced by the residential property market in Australia and may also be further reduced by any additional decline in the value of properties related to the Mortgage Loan Rights forming part of the Assets of the Trust. This, ultimately, may result in losses to the Covered Bondholders if such security is required to be enforced.

#### ***Limited recourse to the Seller in respect of a breach of Representations and Warranties***

The Covered Bond Guarantor, the Bond Trustee and the Security Trustee will not undertake any investigations, searches or other actions on any Mortgage Loan Rights and will rely instead on the Representations and Warranties given in the Mortgage Sale Agreement by the Seller in respect of the Mortgage Loan Rights sold by the Seller to the Covered Bond Guarantor.

In the event of a material breach of any of the Representations and Warranties made by the Seller or if any of the Representations and Warranties proves to be materially incorrect, in each case in respect of any Mortgage Loan Rights forming part of the Assets of the Trust as at the date on which such representation and warranty is given (having regard to, among other things, whether a loss is likely to be incurred in respect of the Mortgage Loan to which the breach relates after taking into account the likelihood of recoverability or otherwise of any sums under any applicable Insurance Policies), then following notice being given by the Trust Manager or the Seller to the Covered Bond Guarantor or the Covered Bond Guarantor giving notice to the Seller, if the breach is not remedied to the Covered Bond Guarantor's satisfaction within five Local Business Days of the Seller or the Trust Manager giving or receiving the notice, the Seller will be required to pay the Covered Bond Guarantor an amount equal to the sum of the Current Principal Balance of the relevant Mortgage Loan and arrears of interest and accrued interest, following which the Covered Bond Guarantor will treat the Mortgage Loan as having been paid in full and will hold the relevant Mortgage Loan Rights as trustee of the CBA Trust.

There can be no assurance that the Seller, in the future, will have the financial resources to repurchase Mortgage Loan Rights from the Covered Bond Guarantor. However, if the Seller does not repurchase those Mortgage Loan Rights which are in material breach of the Representations and Warranties as at the date which these are given then the LVR Adjusted Mortgage Loan Balance Amount or the Asset Percentage Adjusted Mortgage Loan Balance Amount of those Mortgage Loans (as applicable) will be deducted from the calculation of the Adjusted Aggregate Mortgage Loan Amount in the calculation of the Asset Coverage Test (except for any Defaulted Mortgage Loans, which for the purposes of calculating the LVR Adjusted Mortgage Loan Balance Amount and the Asset Percentage Adjusted Mortgage Loan Balance Amount, as the case may be, are given a zero value). There is no further recourse to the Seller in respect of a material breach of a Representation or Warranty.

#### ***No representations or warranties to be given by the Covered Bond Guarantor or the Seller if Selected Mortgage Loan Rights are to be sold***

Following a breach of the Pre-Maturity Test and/or the occurrence of an Issuer Event of Default that is continuing, service on the Issuer of an Issuer Acceleration Notice and service on the Covered Bond Guarantor of a Notice to Pay (but prior to the service of a Covered Bond Guarantee Acceleration Notice), the Covered Bond Guarantor will be obliged to commence an offer process to sell Selected Mortgage Loan Rights to third party purchasers, subject to a right of pre-emption enjoyed by the Seller pursuant to the terms of the Mortgage Sale Agreement (see "*Overview of the Principal Documents – Establishment Deed – Method of Sale of Selected Mortgage Loan Rights*"). In respect of any sale of Selected Mortgage Loan Rights to third parties, however, the Covered Bond Guarantor will not be permitted to give representations or warranties in respect of those Selected Mortgage Loan Rights (unless expressly agreed by the Security Trustee or otherwise agreed with the Seller). There is no assurance that the Seller would give any warranties or representations in respect of the Selected Mortgage Loan Rights. Any

Representations or Warranties previously given by the Seller in respect of the Mortgage Loans forming part of the Assets of the Trust may not have value for a third party purchaser if the Seller is then insolvent. Accordingly, there is a risk that the realizable value of the Selected Mortgage Loan Rights could be adversely affected by the lack of representations and warranties which in turn could adversely affect the ability of the Covered Bond Guarantor to meet its obligations under the Covered Bond Guarantee.

### ***Australian Mortgage Market***

The Bank's business includes mortgage lending in Australia with loans secured against residential property. Any deterioration in the quality of the Mortgage Loan Rights forming part of the Assets of the Trust could have an adverse effect on the Covered Bond Guarantor's ability to make payment under the Covered Bond Guarantee. There can be no assurance that the housing market will not deteriorate. An increase in household indebtedness, a decline in house prices or an increase in interest rates could have an adverse effect on the Australian mortgage market, which could be exacerbated by different types of mortgages in the market, such as interest-only loans.

The current Australian economic environment may affect the rate at which the Seller originates new Mortgage Loans and may also affect the level of attrition of the Seller's existing Borrowers, which could in turn adversely affect the ability of the Covered Bond Guarantor to make payments under the Covered Bond Guarantee.

See also the section "*Australian Macroeconomic Conditions and the Australian Housing Market*" in this Offering Circular.

### ***Geographic concentration of the Mortgage Loans***

To the extent that specific geographic regions have experienced or may experience in the future weaker regional economic conditions and housing markets than other regions, a concentration of the Mortgage Loans in such a region may be expected to exacerbate any or all of the risks relating to the Mortgage Loans described in this section. The Covered Bond Guarantor can predict neither when nor where such regional economic declines may occur nor to what extent or for how long such conditions may continue but if the timing and payment of the Mortgage Loans forming part of the Assets of the Trust is adversely affected as described above, the ability of the Covered Bond Guarantor to make payments under the Covered Bond Guarantee could be reduced or delayed. See also the section "*Australian Macroeconomic Conditions and the Australian Housing Market*" in this Offering Circular.

In particular, all of the Land in respect of the Mortgage Loans is located in Australia and a weakening in the Australian economy could adversely affect both the Borrowers in relation to such Mortgage Loans and the Issuer.

There is no guarantee that the geographic concentration risk within Australia will be mitigated by the way the pool of Mortgage Loans is selected for the Trust, as the Mortgage Loans may not be selected from different geographic regions within Australia.

### ***Default by Borrowers in paying amounts due on their Mortgage Loans***

Borrowers may default on their obligations due under the Mortgage Loans. Defaults may occur for a variety of reasons. The Mortgage Loans are affected by credit, liquidity and interest rate risks. Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment of interest and principal on the Mortgage Loans. These factors include climatic events, geological events, such as volcanic or seismic activity, wildfires, plant or animal diseases or other extrinsic events, such as pandemics, and changes in the national, regional or international economic climate such as: volatility in interest rates; lack of liquidity in wholesale funding markets in periods of stressed economic conditions, economic or political crisis; housing market illiquidity and downward price pressure; commencement of recession and employment fluctuations; the availability of financing; consumer perception as to the continuing availability of credit and price competition which may have an adverse impact on delinquency and repossession rates; inflation; yields on alternative investments; and political developments and government policies, including changes in tax laws. Other factors in Borrowers' individual, personal or financial circumstances may also affect the ability of Borrowers to repay the Mortgage Loans. Loss of earnings, illness, separation, divorce, unemployment and other similar factors may lead to an increase in delinquencies by and bankruptcies of Borrowers, and could ultimately have an adverse impact on the ability of Borrowers to repay the Mortgage Loans. These factors may have a more significant effect on a Borrower's ability to repay depending on the Borrower's type of mortgage.

The rate of prepayments on Mortgage Loans may be increased due to Borrowers refinancing their Mortgage Loans and sales of any property charged by a Mortgage (either voluntarily by Borrowers or as a result of enforcement action taken), as well as the receipt of proceeds from other investments, buildings insurance and life assurance

policies. The rate of prepayment of Mortgage Loans may also be influenced by the presence or absence of early repayment charges.

In addition, the ability of a Borrower to sell a property charged by a Mortgage which secures a Mortgage Loan at a price sufficient to repay the amounts outstanding under that Mortgage Loan will depend upon a number of factors, including the availability of buyers for that property, the value of that property and property values and the property market in general at the time of such proposed sale. Downturns in the Australian economy have had, and could continue to have, a negative effect on the housing market.

Further, the mortgage loan market in Australia is highly competitive. This competitive environment may affect the rate at which the Seller originates new Mortgage Loans, the lending spreads and may also affect the repayment rate of existing Mortgage Loans.

If the timing and payment of the Mortgage Loans is adversely affected by any of the events described above, the ability of the Covered Bond Guarantor to make payments under the Covered Bond Guarantee could be reduced or delayed. In addition, the risks described above could limit the ability of the Bank, as Seller, to originate new Mortgage Loans to sell to the Covered Bond Guarantor in order to satisfy the Asset Coverage Test.

The Current Principal Balance of any Mortgage Loans forming part of the Assets of the Trust that are Defaulted Mortgage Loans will be given a zero value for the purposes of any calculation of the Asset Coverage Test and the Amortisation Test and the Legislated Collateralisation Test.

***Enforcement of Mortgage Loans can involve substantial costs and delays and may not permit full recovery by the Servicer***

In order to enforce the Mortgage Loans in certain situations, such as Defaulted Mortgage Loans, a court order or other judicial or administrative proceedings may be needed in order to establish the Borrower's obligation to pay and to enable a sale by executive measures. Such proceedings may involve substantial legal costs and delays before the Servicer is able to enforce such Defaulted Mortgage Loan and any related Mortgage Loan Rights. Such proceedings may face a variety of impediments, including, but not limited to: (i) regulatory and judicial policies and procedures designed to protect Borrowers' rights, (ii) judicial or administrative proceedings instigated by Borrowers, other creditors or other third parties, (iii) changes in applicable law that may affect the enforceability or amount recoverable in respect of Mortgage Loans and (iv) equitable judicial powers that could delay or halt judicial enforcement proceedings. Even if a sale is successfully completed, the value recovered from a Defaulted Mortgage Loan will also depend upon the prevailing market conditions. Pursuant to the Servicing Deed, the Servicer is not required to pursue such enforcement if it has reasonable grounds to believe that the expenses of such litigation may outweigh the proceeds from such litigation.

***Seller to initially retain legal title to the Mortgage Loan Rights***

The Seller will initially retain legal title to the Mortgage Loan Rights and custody of the mortgage title documents. The Covered Bond Guarantor will initially hold only equitable title to the Mortgage Loan Rights forming part of the Assets of the Trust as the Borrower in respect of the relevant Mortgage Loan will not be notified of the assignment of that Mortgage Loan Rights to the Covered Bond Guarantor. This is different to holding legal title which would require that the Covered Bond Guarantor not only has possession of the mortgage title documents, but also that transfers of Mortgages to the Covered Bond Guarantor be filed with the land title offices in the appropriate Australian jurisdictions and that notice of such assignment be given to the Borrower. The Covered Bond Guarantor will take certain steps to protect its interest in, and title to, the Mortgage Loan Rights forming part of the Assets of the Trust if and only in the limited circumstances described in "*Overview of the Principal Documents – Mortgage Sale Agreement – Transfer of Title to the Mortgage Loan Rights to the Covered Bond Guarantor*" and until such right arises the Covered Bond Guarantor will not give notice of the sale of the Mortgage Loan Rights to any Borrower or register or record its interest in the Mortgages at any land title offices or take any other steps to perfect its title to the Mortgages.

At any time during which the Covered Bond Guarantor does not hold legal title to the Mortgage Loan Rights or has not provided notification to the relevant Borrower, the following risks exist:

- (a) first, if the Seller wrongly sells Mortgage Loan Rights, which have already been sold to the Covered Bond Guarantor, to another person, that person would acquire an interest in such Mortgage Loan Rights either:

- i. free of any interest of the Covered Bond Guarantor if that acquisition was made for value and any security interest held by the Covered Bond Guarantor in relation to the Mortgage Loan Rights was not perfected for the purposes of the PPSA at the time of the acquisition; or
- ii. ranking in priority to the Covered Bond Guarantor's interest if that person acquires a perfected security interest in the Mortgage Loan Rights where the Covered Bond Guarantor's interest was not perfected for the purposes of the PPSA at the time that person's security interest was perfected.

However, the risk of third party claims obtaining priority to the interests of the Covered Bond Guarantor would be likely to be limited to circumstances arising from a breach by the Seller of its contractual obligations or fraud, negligence or mistake on the part of the Seller or the Covered Bond Guarantor or their respective personnel or agents. Additionally, for the purpose of protecting the Covered Bond Guarantor's interests and security interests in the Mortgage Loan Rights, the Trust Manager has agreed to do all things reasonably necessary to permit any security interest held by the Covered Bond Guarantor in relation to the Mortgage Loan Rights to be perfected by registration on the PPSA register. However, if such registration is not completed or is completed incorrectly, the Covered Bond Guarantor's security interest in relation to a Mortgage Loan Right may not be perfected and a third party may be able to take an interest in that Mortgage Loan Right free of any interest held by the Covered Bond Guarantor or take a security interest which ranks in priority to any security interest of the Covered Bond Guarantor;

- (b) secondly, until notice of the transfer to the Covered Bond Guarantor has been provided to the relevant Borrowers, the rights of the Covered Bond Guarantor may be subject to the rights of the Borrowers against the Seller, as applicable, such as rights of set-off, which occur in relation to transactions made between Borrowers and the Seller, and the rights of Borrowers to redeem their Mortgages by repaying the Mortgage Loans directly to the Seller. In addition, section 80(7) of the PPSA provides that an obligor in relation to a receivable will be entitled to make payments to, and obtain a good discharge from, the seller of a receivable rather than directly to, and from, the purchaser of the receivable until such time as the obligor receives a notice of the assignment of the relevant receivable that complies with the requirements of section 80(7)(a) of the PPSA (including a statement that payment is to be made to the purchaser of the receivable). If, however, an obligor receives a notice that complies with the requirements of section 80(7)(a) of the PPSA from any person other than the seller of the receivable, the obligor requests the purchaser of the receivable to provide proof of the assignment and the purchaser of the receivable fails to provide that proof within 5 business days of the request, the obligor may continue to make payments to the seller. Accordingly, after a Perfection of Title Event has occurred and legal title to the Mortgage Loan Rights has been transferred to the Covered Bond Guarantor, a Borrower in relation to any Mortgage Loan may in certain circumstances nevertheless make payments to the Seller and obtain a good discharge from the Seller notwithstanding the legal assignment of the relevant Mortgage Loan Rights to the Covered Bond Guarantor, if the Covered Bond Guarantor fails to comply with these notice requirements. However, this risk is mitigated by the fact that the Seller has provided the Covered Bond Guarantor with powers of attorney to permit it to give notice of such an assignment of the Mortgage Loan Rights to the relevant Borrower in the name of the Seller; and
- (c) thirdly, unless the Covered Bond Guarantor has perfected its title to the Mortgage Loan Rights (which it is only entitled to do in certain limited circumstances), the Covered Bond Guarantor would not be able to enforce any Borrower's obligations under a Mortgage Loan Rights itself but would have to join the Seller as a party to any legal proceedings.

If the risks described in paragraphs (a), (b) or (c) above were to occur, then the realizable value of the Mortgage Loan Rights forming part of the Assets of the Trust or any part thereof and/or the ability of the Covered Bond Guarantor to make payments under the Covered Bond Guarantee may be affected.

### ***Set-off***

The Mortgage Loans can only be sold free of set-off to the Covered Bond Guarantor to the extent permitted by law. The consequence of this is that if a Borrower in connection with the Mortgage Loan has funds standing to the credit of an account with the Bank or amounts are otherwise payable to such a person by the Bank, that person may have a right on the enforcement of the Mortgage Loan or on the insolvency of the Bank to set-off the Bank's liability to that person in reduction of the amount owing by that person in connection with the Mortgage Loan. If the Bank becomes insolvent, it can be expected that Borrowers will exercise their set-off rights to a significant degree. If such set-off rights were to be exercised, there remains the risk that the realizable value of the Mortgage

Loans may be adversely affected, which will in turn adversely impact the ability of the Covered Bond Guarantor to make payments under the Covered Bond Guarantee.

### ***The Servicing Guidelines***

Each of the Mortgage Loans forming part of the Assets of the Trust originated by the Seller will have been originated in accordance with the Seller's policies and guidelines applicable at the time of origination. In the event of the sale of any new Mortgage Loan Rights to the Covered Bond Guarantor, representations and warranties will at such time be given by the Seller to the Covered Bond Guarantor that the Mortgage Loans relating to such new Mortgage Loan Rights were originated in the ordinary course of the Seller's business and since that time the Seller has dealt with those Mortgage Loans in accordance with the Servicing Guidelines and the Servicing Standards. The Seller's policies and guidelines consider a variety of factors such as a potential Borrower's credit history, employment history and status and repayment ability, as well as the value of the Land to be mortgaged. The Seller retains the right to amend or revise its Servicing Guidelines as determined from time to time.

If any new Mortgage Loan Rights which have been originated under revised Servicing Guidelines are then sold to the Covered Bond Guarantor pursuant to the terms of the Mortgage Sale Agreement, the characteristics of the Mortgage Loan Rights forming part of the Assets of the Trust could at such time change. This could lead to a delay or reduction in the payments received by the Covered Bondholders under the Covered Bond Guarantee.

## **LEGAL AND OTHER CONSIDERATIONS**

### ***Changes to the current law and/or regulations***

No assurance can be given that additional regulations, laws or guidance from regulatory authorities in Australia will not arise with regard to the mortgage market in Australia generally, the Seller's particular sector in that market, specifically in relation to the Seller or in relation to the issuance of covered bonds by deposit-taking institutions regulated under the Australian Banking Act. Any such action or developments or compliance costs may have a material adverse effect on the Mortgage Loan Rights, the Seller, the Covered Bond Guarantor, the Issuer and/or the Servicer and their respective businesses and operations. This may adversely affect the ability of the Covered Bond Guarantor to dispose of any Mortgage Loan Rights forming part of the Assets of the Trust in a timely manner and/or the realizable value of the Mortgage Loan Rights forming part of the Assets of the Trust or any part thereof and accordingly affect the ability of the Covered Bond Guarantor to meet its obligations under the Covered Bond Guarantee when due.

### ***Capital adequacy framework***

Subject to finalization of APRA's revisions to the capital framework for removal of Additional Tier 1 (AT1) capital, the APRA prudential standards prescribe a minimum Common Equity Tier 1 (CET1) Capital Ratio of 10.25% for Internal Ratings-based ADIs such as the Bank, which is comprised of a minimum Prudential Capital Requirement of 4.5% and a capital conservation buffer of 5.75%, which includes a domestic systemically important bank (D-SIBs) buffer of 1% and a baseline countercyclical capital buffer (CCyB) set at 1%. The CCyB, which may be varied by APRA in the range of 0% to 3.5% can be released in times of systemic stress and post-stress recovery.

The Group expects to operate with a post-dividend CET1 Capital Ratio of greater than 11%, compared to the APRA minimum of 10.25%, except in circumstances of unexpected capital volatility. As at December 31, 2025, the Group's CET1 Capital Ratio was 12.3%, well above APRA's minimum regulatory requirement.

The APRA minimum Tier 1 requirement is 11.75%.

The minimum Total Capital ratio requirement for D-SIBs, including the Bank, has increased from 16.75% to 18.25%, effective from January 1, 2026.

### ***Restrictions on Transfer***

The Covered Bonds and the Covered Bond Guarantee have not been and will not be registered under the Securities Act, and may not be offered or sold in the United States or to or for the benefit of U.S. persons unless such securities are registered under the Securities Act or pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

No sale, assignment, participation, pledge or transfer of a Covered Bond or any interest therein may be made unless made in compliance with the transfer and selling restrictions set forth under “*Subscription and Sale and Selling Restrictions*” below.

***As Covered Bonds will be held by a clearing system, investors will have to rely on their procedures for transfer, payment and communication with the Issuer***

Covered Bonds issued under the Programme may be represented by one or more Registered Global Covered Bonds. Such Registered Global Covered Bonds will be deposited with a common depository for DTC and/or Euroclear and/or Clearstream, Luxembourg and/or an Alternative Clearing System. Apart from the circumstances described in the relevant Registered Global Covered Bond, investors will not be entitled to Covered Bonds in definitive form.

DTC and/or Euroclear and/or Clearstream, Luxembourg and/or any relevant Alternative Clearing System will maintain records of the beneficial interests in the Registered Global Covered Bonds. While the Covered Bonds are represented by one or more Registered Global Covered Bonds, investors will be able to trade their beneficial interests only through DTC and/or Euroclear and/or Clearstream, Luxembourg and/or, in each case, any Alternative Clearing System.

While the Covered Bonds are represented by one or more Registered Global Covered Bonds, the Issuer will discharge its payment obligations under the Covered Bonds by making payments to the common depository for DTC and/or Euroclear and/or Clearstream, Luxembourg and/or any Alternative Clearing System, for distribution to their relevant account holders. A holder of a beneficial interest in a Registered Global Covered Bond must rely on the procedures of DTC and/or Euroclear and/or Clearstream, Luxembourg and/or any relevant Alternative Clearing System to receive payments under the relevant Covered Bonds. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Registered Global Covered Bonds.

Holders of beneficial interests in the Registered Global Covered Bonds will not have a direct right to vote in respect of the relevant Covered Bonds. Instead, such holders will be permitted to act only to the extent that they are enabled by DTC and/or Euroclear and/or Clearstream, Luxembourg and/or any relevant Alternative Clearing System to appoint appropriate proxies or to act through participating organizations.

***U.S. Foreign Account Tax Compliance Act***

The Foreign Account Tax Compliance Act (**FATCA**) imposes a 30% withholding tax on certain payments to certain non-U.S. financial institutions, investment funds and other non-U.S. persons that fail to comply with information reporting requirements or certification requirements in respect of their direct and indirect United States shareholders and/or United States account-holders. United States account-holders subject to such information reporting or certification requirements may include holders of Covered Bonds, and the Issuer may be required to withhold on a portion of any payment made under the Covered Bonds. In addition, the Issuer may be required to withhold on a portion of any payment under any Covered Bond that is made to a non-U.S. financial institution, investment fund or other non-U.S. person that has not agreed to comply with these information reporting requirements. Such withholding may be imposed at any point in a chain of payments if a non-U.S. payee fails to comply with U.S. information reporting, certification and related requirements. Accordingly, Covered Bonds held through a non-compliant institution may be subject to withholding even if the holder of the Covered Bond otherwise would not be subject to withholding. However, under proposed Treasury regulations, such withholding will not apply to payments made before the date that is two years after the date on which final regulations defining the term “foreign passthru payment” are enacted. Moreover, such withholding would only apply to Covered Bonds that are issued at least six months after the date on which final regulations defining the term “foreign passthru payment” are enacted. If a holder of a Covered Bond is subject to withholding pursuant to this paragraph, there will be no additional amounts payable by way of compensation to the holder of a Covered Bond for the deducted amount.

The Australian Government and the U.S. Government signed an intergovernmental agreement on April 28, 2014 (the **IGA**), providing an alternative means for Australian financial institutions such as us to comply with FATCA. The obligations for Australian financial institutions under the IGA include Internal Revenue Service (**IRS**) registration and due diligence and reporting obligations. On May 29, 2014, the Australian Government implemented domestic legislation that enacted the IGA obligations into Australian law. The IGA obligations for Australian financial institutions commenced on July 1, 2014. The Issuer may be subject to U.S. withholding tax if the Issuer fails to either (i) implement such IGA obligations or (ii) enter into an agreement with the IRS to report certain information about holders of the Covered Bonds (an **IRS Agreement**). Holders of the Covered Bonds may

become subject to U.S. withholding if such holders fail to provide information requested by us in order to comply with an IRS Agreement.

The Issuer will not pay any additional amounts in respect of FATCA Withholding Tax, so if this withholding applies, you will receive significantly less than the amount that you would have otherwise received with respect to your Covered Bonds. Depending on your circumstances, you may be entitled to a refund or credit in respect of some or all of this withholding. However, even if you are entitled to have any such withholding refunded, the required procedures could be cumbersome and significantly delay the holder's receipt of any amounts withheld.

Prospective investors should consult their tax advisors and their banks or brokers regarding the possibility of this withholding.

#### ***Other Withholding Tax Obligations***

There may be other occasions in which an amount of, or in respect of, tax is required to be withheld from a payment in respect of any Covered Bond and in respect of which neither the Issuer, the Covered Bond Guarantor, any Paying Agent nor any other person would be obliged to pay additional amounts with respect to such Covered Bond as set out in Condition 7 of the Programme Conditions and Condition 6 of the N Covered Bond Conditions (as applicable) (see the section "*Terms and Conditions of the Covered Bonds*" in this Offering Circular).

#### ***Differences in timings of obligations of the Covered Bond Guarantor and the Covered Bond Swap Provider under the Covered Bond Swaps***

The Covered Bond Guarantor will, following service of a Notice to Pay on the Covered Bond Guarantor, pay or provide for payment of an amount to each corresponding Covered Bond Swap Provider on a monthly basis. The Covered Bond Swap Provider may not be obliged to make corresponding swap payments to the Covered Bond Guarantor under a Covered Bond Swap until amounts are Due for Payment under the Covered Bond Guarantee. If a Covered Bond Swap Provider does not meet its payment obligations to the Covered Bond Guarantor under the relevant Covered Bond Swap Agreement or such Covered Bond Swap Provider does not make a termination payment that has become due from it to the Covered Bond Guarantor under the relevant Covered Bond Swap Agreement, the Covered Bond Guarantor may have a larger shortfall in funds with which to make payments under the Covered Bond Guarantee with respect to the Covered Bonds than if the Covered Bond Swap Provider's payment obligations coincided with the Covered Bond Guarantor's payment obligations under the relevant Covered Bond Swap. Hence, the difference in timing between the obligations of the Covered Bond Guarantor and the obligations of the Covered Bond Swap Providers under the Covered Bond Swaps may affect the Covered Bond Guarantor's ability to make payments, following service of a Notice to Pay on the Covered Bond Guarantor, under the Covered Bond Guarantee with respect to the Covered Bonds. A Covered Bond Swap Provider may be required, following a downgrade of its credit ratings below the credit ratings specified in the relevant Covered Bond Swap Agreement pursuant to the terms of that Covered Bond Swap Agreement, to post collateral with the Covered Bond Guarantor.

#### ***Covered Bonds where denominations involve integral multiples: definitive Covered Bonds***

In relation to any issue of Covered Bonds that have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Covered Bonds may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case, a Covered Bondholder who, as a result of trading such amounts, holds a principal amount which (after deducting integral multiples of such minimum Specified Denomination) is less than the minimum Specified Denomination in its account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Covered Bonds at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a Definitive Covered Bond in respect of such holding (should Definitive Covered Bonds be printed) and would need to purchase an additional principal amount of Covered Bonds at or in excess of the minimum Specified Denomination such that it is holding amounts to the minimum Specified Denomination.

If such Definitive Covered Bonds are issued, Covered Bondholders should be aware that Definitive Covered Bonds that have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

### ***Currency exchange rate risks and exchange controls***

The Issuer will pay principal and interest on the Covered Bonds and the Covered Bond Guarantor will make any payments under the Covered Bond Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency or the Specified Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Covered Bonds, (2) the Investor's Currency-equivalent value of the principal payable on the Covered Bonds and (3) the Investor's Currency-equivalent market value of the Covered Bonds. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal in respect of Covered Bonds.

### ***Changes of law and/or regulatory, accounting and/or administrative practices***

The structure of the issue of the Covered Bonds and the ratings which are to be assigned to them are based on Australian law, regulatory, accounting and administrative practice in effect as at the date of this Offering Circular, and having due regard to the expected tax treatment of all relevant entities under Australian tax law and the published practice of the Australian Taxation Office (**ATO**) in force or applied in Australia as at the date of this Offering Circular. No assurance can be given as to the impact of any possible change to Australian law, regulatory, accounting or administrative practice in Australia or to Australian tax law, or the interpretation or administration thereof, or to the published practice of the ATO as applied in Australia after the date of this Offering Circular, nor can any assurance be given as to whether any such change would adversely affect the ability of the Issuer to make payments under the Covered Bonds when due or the ability of the Covered Bond Guarantor to make payments under the Covered Bond Guarantee when due.

### ***Reforms to Australia's Anti-Money Laundering and Counter-Terrorism Financing (AML/CTF) laws***

Significant reforms to Australia's AML/CTF laws have been introduced under the Anti-Money Laundering and Counter-Terrorism Financing Amendment Act 2024 (Cth), resulting in changes to legal requirements including those relating to AML/CTF programs, risk assessments, customer due diligence, reporting of suspicious matters, threshold transaction reports and value transfers (currently known as international funds transfer instructions). A substantial number of requirements commence on March 31, 2026, including provisions that will apply to CBA and its subsidiaries, including in relation to designated services provided offshore. Given the scale and complexity of these reforms, the Group will not be compliant with all new requirements by March 31, 2026. Australian Transaction Reports and Analysis Centre (**AUSTRAC**) acknowledged there are industry-wide compliance challenges given the timeframe to comply and the complexity of the reforms, and has published its regulatory expectations noting that entities should have a documented implementation plan where they are unable to meet new or changed obligations within the required timeframes. AUSTRAC has indicated that it expects reporting entities to show sustained effort and reasonable progress against an implementation plan and that money laundering and terrorism financing risks are being effectively managed. The Australian Government has also stated its intention to adopt transitional rules to allow additional periods of time for reporting entities to comply with some of the new obligations (**Transitional rules**). It is not yet known when the Transitional rules will be finalized. The Group is developing and implementing a large-scale implementation plan across multiple years to seek to achieve compliance with these reforms. The Group continues to engage with AUSTRAC on the reforms. Risks associated with the reforms include that the Group's implementation plan (in whole or in part) may not align with AUSTRAC's expectations and the foreshadowed transitional rules, including with regard to timeframes, that implementation of the Group's implementation plan may be delayed or not achieve the intended compliance outcomes, and that the Group may be subject to regulatory scrutiny or enforcement action and penalties in relation to inadequate compliance with the amended AML/CTF laws. A failure to adequately update the Group's systems and processes to address the evolving complexity of financial crime risk could result in breach of financial crime laws, including AML/CTF laws, which may result in substantial financial penalties, reputational damage or materially adversely impact the Group.

### ***Personal Property Securities regime***

The Personal Property Securities Act 2009 (**PPSA**) established a national system for the registration of security interests in personal property, together with new rules for the creation, priority and enforcement of security interests in personal property. The PPSA took effect on January 30, 2012 (**PPSA Start Date**). Security interests

for the purposes of the PPSA include traditional securities such as charges and mortgages. However, they also include transactions that in substance, secure payment or performance of an obligation but may not be legally classified as securities. Further, certain other interests are deemed to be security interests whether or not they secure payment or performance of an obligation, these deemed security interests include assignments of certain property.

A person who holds a security interest under the PPSA will need to register (or otherwise perfect) the security interest to ensure that the security interest has priority over competing interests (and in some cases, to ensure that the security interest survives the insolvency of the grantor). If they do not do so:

- (a) another security interest may take priority;
- (b) another person may acquire an interest in the assets which are subject to the security interest free of their security interest; or
- (c) they may not be able to enforce the security interest against a grantor who becomes insolvent.

Security interests which were not migrated, or which were not registered on any existing registers as at the PPSA Start Date, were required to have been registered on the PPSA register (or otherwise perfected) prior to the conclusion of the two year transitional period to preserve priority. This means that transactions which were not regarded as security interests under the law prior to the commencement of the PPSA but are security interests under the PPSA, either because they are “in substance” security interests or deemed security interests, need to be registered. The Programme Documents contain such security interests.

The Trust Manager has arranged for any security interests arising under the Programme Documents (or a transaction in connection with them other than the Mortgage Loans or the Mortgages themselves) to be perfected under the PPSA.

There is uncertainty on aspects of the implementation of the PPSA regime from a legal and practical perspective because the PPSA significantly altered the law relating to secured transactions. There are issues and ambiguities in respect of which a market view or practice will evolve over time.

### ***Consumer Credit Legislation***

#### *Consumer Credit Legislation*

Some of the Mortgage Loans and related Mortgages and guarantees are regulated by the National Consumer Credit Protection Laws. Obligations under the National Consumer Credit Protection Laws also apply (with some limited exceptions) to loans that were regulated under the Consumer Credit Code before the commencement of the NCCP in July 2010.

The National Consumer Credit Protection Laws require anyone that engages in a credit activity, including by providing credit or exercising the rights and obligations of a credit provider, to be appropriately authorized to do so. This requires those persons to either hold an Australian Credit Licence, be exempt from this requirement or be a credit representative of a licensed person.

The National Consumer Credit Protection Laws impose a range of disclosure and conduct obligations on persons engaging in a credit activity. For example, any increase of the credit limit of a regulated loan must be considered and made in accordance with the responsible lending obligations of the National Consumer Credit Protection Laws.

Failure to comply with the National Consumer Credit Protection Laws may mean that court action is brought by the borrower, guarantor, mortgagor or by ASIC to:

- (a) in the case of a debtor, vary the terms of a Mortgage Loan on the grounds of hardship;
- (b) vary the terms of a Mortgage Loan and related Mortgage or guarantee, or a change to such documents, that are unjust, and reopen the transaction that gave rise to the Mortgage Loan and any related mortgage or guarantee, or change;
- (c) in the case of a debtor or guarantor, reduce or cancel any interest rate payable on the Mortgage Loan arising from a change to that rate which is unconscionable;

- (d) have certain provisions of the Mortgage Loan or a related Mortgage or guarantee which are in breach of the legislation declared void or unenforceable;
- (e) obtain restitution or compensation from the credit provider in relation to any breaches of the National Consumer Credit Protection Laws in relation to the Mortgage Loan or a related Mortgage or guarantee;
- (f) seek various remedies for other breaches of the National Consumer Credit Protection Laws;
- (g) grant an injunction preventing a regulated Mortgage Loan from being enforced (or any other action in relation to the Mortgage Loan) if to do so would breach the National Consumer Credit Protection Laws;
- (h) order compensation to be paid for loss or damage suffered (or likely to be suffered) as a result of a breach of a civil penalty provision or a criminal offence in the National Consumer Credit Protection Laws; or
- (i) if a credit activity has been engaged in without a license and no relevant exemption applies, an order it considers appropriate so that no profiting can be made from the activity, to compensate for loss and to prevent loss. This could include an order declaring a contract, or part of a contract, to be void, varying the contract, refusing to enforce, ordering a refund of money or return of property, payment for loss or damage or being ordered to supply specified services.

Applications may also be made to relevant external dispute resolution schemes, which have the power to resolve disputes where the amount in dispute is A\$500,000 or less. There is no ability to appeal from an adverse determination by an external dispute resolution scheme, including on the basis of bias, manifest error or want of jurisdiction.

Where a systemic contravention affects contract disclosures across multiple Mortgage Loans, there is a risk of a representative or class action under which a civil penalty could be imposed in respect of all affected Mortgage Loan contracts. If borrowers, guarantors or mortgagors suffer any loss, orders for compensation may be made.

Under the National Consumer Credit Protection Laws, ASIC will also be able to make an application to vary the terms of a contract or a class of contracts on the above grounds if this is in the public interest (rather than limiting these rights to affected debtors).

Any such order may affect the timing or amount of interest, fees or charges or principal payments under the relevant Mortgage Loan (which might in turn affect the timing or amount of interest or principal payments under the Covered Bonds by the Covered Bond Guarantor, following the occurrence of an Issuer Event of Default and the service of an Issuer Acceleration Notice or the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice).

Breaches of the National Consumer Credit Protection Laws may also lead to civil penalties or criminal fines being imposed on the Bank, for so long as it holds legal title to the Mortgage Loans and the related Mortgages. If the Covered Bond Guarantor acquires legal title, it will then become primarily responsible for compliance with the National Consumer Credit Protection Laws.

The Covered Bond Guarantor will be indemnified out of the Assets of the Trust for liabilities it incurs under the National Consumer Credit Protection Laws. Where the Covered Bond Guarantor is held liable for breaches of the National Consumer Credit Protection Laws, the Covered Bond Guarantor must seek relief initially under any indemnities provided to it by the Servicer before exercising its rights to recover against any Assets of the Trust.

The Seller will give certain representations and warranties that the Mortgages relating to the Mortgage Loans complied in all material respects with all applicable laws when those Mortgages were entered into. The Servicer has also undertaken to comply with the National Consumer Credit Protection Laws in carrying out its obligations under the Programme Documents. In certain circumstances the Covered Bond Guarantor may have the right to claim damages from the Bank (as Seller or Servicer), as the case may be, where the Covered Bond Guarantor suffers loss in connection with a breach of the National Consumer Credit Protection Laws which is caused by a breach of a relevant representation or undertaking.

#### *Federal Consumer Credit Regime*

In 2009, the NCCP and certain related legislation were enacted. The NCCP and related legislation was part of a package of reforms directed towards the introduction of a new national consumer credit law to replace state-based regimes.

The NCCP has significant consequences for a wide range of participants in the credit industry, including credit providers, finance brokers and other intermediaries. Amongst other things, the NCCP:

- (a) introduces a national licensing regime, which requires credit providers and certain other intermediaries, firstly, to register and then once registered apply to ASIC for an Australian Credit Licence (all persons engaging in credit activities will need to be licensed from July 1, 2011 at the latest);
- (b) imposes responsible lending requirements on holders of Australian Credit Licences and others designed to protect consumers from being offered loans that are unsuitable for them;
- (c) imposes new disclosure obligations on holders of Australian Credit Licences and others;
- (d) gives ASIC broad powers to enforce the new legislation (including the National Credit Code, which essentially replaces the Consumer Credit Code);
- (e) provides consumers with improved access to remedies; and
- (f) imposes civil and criminal penalties for certain breaches of the legislation.

#### *Unfair Terms*

The terms of a Mortgage Loan or a related mortgage or guarantee may be subject to review for being “unfair” under Part 2 of the Australian Competition and Consumer Act 2010 (Cth) and the Australian Securities and Investments Commission Act 2001 (Cth) (**ASIC Act**) and/or Part 2B of the Fair Trading Act 1999 (Vic) (the **Fair Trading Act**), depending on when the relevant credit contract was entered into.

From January 1, 2011 the unfair contract terms provisions in the ASIC Act were aligned to the equivalent provisions in the Australian Consumer Law (the **ACL**) contained at Schedule 2 of the Australian Competition and Consumer Act 2010 (Cth), a single, Australian national consumer law which replaces provisions in 17 Australian national, State and Territory consumer laws. The unfair contract terms regime under the ASIC Act commenced on July 1, 2010, while the application of the unfair contract terms regime to credit contracts under the Fair Trading Act commenced in June 2009.

The regime under the ASIC Act and/or the Fair Trading Act may apply to a Mortgage Loan or a related mortgage or guarantee depending on when it was entered into; however, given that the unfair contract terms provisions in the Fair Trading Act were repealed in favor of the ACL, a Mortgage Loan or a related mortgage or guarantee entered into after January 1, 2011 will only be subject to the ASIC Act. Mortgage Loans or a related mortgage or guarantee entered into become subject to the ASIC Act regime going forward if those contracts are renewed or a term is varied (although where a term is varied, the regime only applies to the varied term).

Under the ASIC Act and/or the Fair Trading Act, as applicable, unfair terms in standard form consumer contracts will be void. However, a contract will continue to bind the parties to the contract to the extent that the contract is capable of operating without the unfair term. Relevantly, the contracts documenting Mortgage Loans or a related mortgage or guarantee will be considered standard form contracts.

Under the ASIC Act and/or the Fair Trading Act, as applicable, a term of a standard-form consumer contract will be unfair, and therefore void, if it is a proscribed unfair term (in the case of a consumer contract subject to the Fair Trading Act only) or it causes a significant imbalance in the parties’ rights and obligations under the contract, is not reasonably necessary to protect the supplier’s legitimate interests (in the case of consumer contracts entered into from June 1, 2010 only) and would cause detriment to the consumer if it were relied on. Therefore, the effect of this provision will depend on the actual term of the agreement or contract that was declared unfair.

#### *Effect of Orders*

An order made under any of the above consumer credit laws may affect the timing or amount of collections under the relevant Mortgage Loans which may in turn affect the timing or amount of interest and principal payments under the Covered Bonds by the Covered Bond Guarantor, following the occurrence of an Issuer Event of Default and the service of an Issuer Acceleration Notice or the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice.

### *Seller and Servicer obligations*

The Seller has made certain representations and warranties that at the time the Seller entered into the Mortgage relating to the Mortgage Loan each Mortgage, Loan Agreement and Collateral Security complied in all material respects with applicable laws (including applicable Consumer Credit Code laws and the National Consumer Credit Protection Laws, as applicable) and, as at the Cut-Off Date, the Seller is not aware of any failure by it to comply with the National Consumer Credit Protection Laws (if applicable) in relation to the Mortgage Loan.

The Servicer has undertaken to comply with the requirements of any relevant laws in carrying out its obligations under the Programme Documents, including the Consumer Credit Code and the National Consumer Credit Protection Laws.

### ***Volcker Rule***

The Bank is subject to certain provisions of the Volcker Rule, which prohibits banks and their affiliates from engaging in certain “proprietary trading” and limits the sponsorship of, and investment in, “covered funds” (which include private equity funds and hedge funds) subject to certain important exceptions and exemptions.

Under the Volcker Rule, unless otherwise jointly determined otherwise by specified federal regulators, a “covered fund” does not include an issuer that may rely on an exclusion or exemption from the definition of “investment company” under the Investment Company Act other than the exclusions contained in Section 3(c)(1) and Section 3(c)(7) of the Investment Company Act. The Covered Bond Guarantor is not a “covered fund” for purposes of the Volcker Rule, and will be relying on an exclusion or exemption from the definition of “investment company” under the Investment Company Act contained in Section 3(c)(5)(C) of the Investment Company Act, although there may be additional exclusions or exemptions available to the Covered Bond Guarantor.

It is possible that U.S. regulators could determine, as they are permitted to do under the final rules, that vehicles such as the Covered Bond Guarantor should not be excepted or exempt under the Volcker Rule. In that event, certain of the activities of the Covered Bond Guarantor may need to be modified to comply with the Volcker Rule.

The general effects of the Volcker Rule remain uncertain. Any prospective investor in the Covered Bonds, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisors regarding such matters and other effects of the Volcker Rule.

### ***The ability of holders of Covered Bonds to enforce certain rights in connection with the Covered Bonds may be limited or affected by reforms to Australian insolvency legislation relating to “ipso facto” rights***

Under the Treasury Laws Amendment (2017 Enterprise Incentives No. 2) Act 2017 (Cth) (the **Act**), any right under a contract, agreement or arrangement (such as a right entitling a creditor to terminate a contract or to accelerate a payment under a contract) arising merely because a company, among other circumstances, is under administration, has appointed a managing controller or is the subject of an application under section 411 of the Australian Corporations Act (i.e. **ipso facto rights**), will not be enforceable during a prescribed moratorium period.

The Act applies to ipso facto rights arising under contracts, agreements or arrangements, subject to certain exclusions. The Corporations Amendment (Stay on Enforcing Certain Rights) Regulations 2018 (the **Regulations**) sets out the types of contracts that are excluded from the operation of the stay on the enforcement of “ipso facto rights”.

The Regulations provide that a contract, agreement or arrangement that is for, or governs securities, financial products, bonds or promissory notes is exempt from the “ipso facto” moratorium. Furthermore, a contract, agreement or arrangement under which a party is or may be liable to subscribe for, or to procure subscribers for, securities, financial products, bonds or promissory notes is also excluded from the stay. Accordingly, the Regulations should exclude the Covered Bonds from the stay. However, since their commencement in 2018, the Act and the Regulations have rarely been the subject of reported judicial interpretation. If the Regulations are determined not to exclude the Covered Bonds from their operation under the exclusions mentioned above or any other exclusion under the Regulations, this may render provisions of the Covered Bonds unenforceable in Australia where those provisions are conditioned solely on the occurrence of events giving rise to “ipso facto rights”. Investors should seek independent advice on the implications (if any) of these laws and regulations on their investment in the Covered Bonds.

***APRA has powers to issue directions to the Bank and, in certain circumstances, to appoint a “Banking Act statutory manager” to take control of the Bank’s business***

Under the Australian Banking Act, APRA has powers to issue directions to the Bank and, in certain circumstances, to appoint a “Banking Act statutory manager” to take control of the Bank’s business. The powers of APRA and the powers of any “Banking Act statutory manager” (appointed to the Bank):

- (a) are broad and include a power of the statutory manager to cancel shares or any right to acquire shares in the Bank, and may be exercised to intervene in the performance of obligations and the exercise of rights under the Covered Bonds; and
- (b) may be exercised in a way which adversely affects our ability to comply with our obligations in respect of the Covered Bonds.

The Financial Sector Legislation Amendment (Crisis Resolution Powers and Other Measures) Act 2018 of Australia (the **Crisis Management Act**) also enhances APRA’s powers to facilitate the orderly resolution of the entities it regulates (and their subsidiaries) in times of distress. Powers given to APRA under the Crisis Management Act which could impact the Bank and potentially the position of the holders of the Covered Bonds, include greater oversight, management and directions powers in relation to the Group entities which were previously not regulated by APRA, increased statutory management powers over regulated entities within the Group and changes which are designed to give statutory recognition to the conversion or write-off of regulatory capital instruments.

In addition, APRA may, in certain circumstances, require the Bank to transfer all or part of its business to another entity under the Financial Sector (Transfer and Restructure) Act 1999 of Australia (the **Australian FSBT Act**). A transfer under the Australian FSBT Act overrides anything in any contract or agreement to which the Bank is party, including the terms of the Covered Bonds.

The foregoing may adversely affect the position of holders of the Covered Bonds.

APRA’s powers under the Australian Banking Act and the Australian FSBT Act are discretionary and may more likely be exercised by it in circumstances where the Bank is in material breach of applicable banking laws and/or regulations or is in financial distress, including where the Bank has contravened the Australian Banking Act (or any related regulations or other instruments made, or conditions imposed, under the Australian Banking Act) or where the Bank has informed APRA that it is likely to become unable to meet its obligations, or that it is about to suspend payment. In these circumstances, APRA is required to have regard to protecting the interests of the Bank’s depositors and to the stability of the Australian financial system, but not necessarily to the interests of the Bank’s other creditors (including holders of the Covered Bonds).

## FORM OF THE COVERED BONDS

The Covered Bonds of each Series issued under this Offering Circular will be issued in registered form. Except as the context otherwise requires, references in this section to “Covered Bonds” mean the Covered Bonds issued under this Offering Circular. Registered Covered Bonds issued under this Offering Circular will be issued within the United States to QIBs in reliance on Rule 144A or outside the United States to non-U.S. persons in reliance on the safe harbor from registration provided by Regulation S. The Covered Bonds (including N Covered Bonds) may also be offered and sold in reliance on Regulation S solely to non-U.S. persons outside the United States in offshore transactions under a separate offering document. A\$ Registered Covered Bonds may also be offered and sold under a separate offering document.

### Registered Covered Bonds

The Registered Covered Bonds of each Tranche offered and sold in reliance on Regulation S will initially be represented by a global covered bond in registered form (a **Regulation S Global Covered Bond**). Prior to expiry of the Distribution Compliance Period applicable to each Tranche of Covered Bonds, beneficial interests in a Regulation S Global Covered Bond may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in Condition 2 of the Programme Conditions and may not be held otherwise than through Euroclear or Clearstream, Luxembourg, and such Regulation S Global Covered Bond will bear a legend regarding such restrictions on transfer (see “*Subscription and Sale and Selling Restrictions*”).

The Registered Covered Bonds of each Tranche offered and sold in the United States or to U.S. persons (as defined in Regulation S) will only be offered and sold in private transactions to QIBs who agree to purchase the Covered Bonds for their own account and not with a view to the distribution thereof.

The Registered Covered Bonds of each Tranche sold to QIBs will be represented by a global covered bond in registered form (a **Rule 144A Global Covered Bond** and, together with a Regulation S Global Covered Bond, the **Registered Global Covered Bonds**).

Depending on the manner of offering of the Registered Global Covered Bonds (whether in reliance on Rule 144A only or in reliance on both Rule 144A and Regulation S, or in reliance on Regulation S only), Registered Global Covered Bonds will either (i) be deposited with a custodian for DTC, and registered in the name of DTC or its nominee or (ii) be deposited with the common depository for, and registered in the name of a nominee for the common depository of, Euroclear and Clearstream, Luxembourg, as specified in the applicable Pricing Supplement, provided, however that Covered Bonds sold only in reliance on Rule 144A will be deposited with a custodian for DTC and registered in the name of DTC or its nominee. Prior to the end of the distribution compliance period (as defined in Regulation S) applicable to the Covered Bonds represented by a Regulation S Global Covered Bond, interests in such Regulation S Global Covered Bond may only be held through the accounts of Euroclear and Clearstream, Luxembourg. Indirect access to DTC or to Euroclear and Clearstream, Luxembourg, as the case may be, is available to other institutions that clear through or maintain a custodial relationship with an account holder of DTC, Euroclear or Clearstream, Luxembourg. Persons holding beneficial interests in Registered Global Covered Bonds will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Definitive Covered Bonds in fully registered form.

Payments of principal in respect of Registered Covered Bonds (whether or not in Global form) will be made against presentation and surrender of such Registered Covered Bonds at the specified office of the U.S. Registrar. Payments of interest in respect of the Registered Covered Bonds will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 6.2 of the Programme Conditions) immediately preceding the due date for payment in the manner provided in that Condition. None of the Issuer, the Bond Trustee, the Covered Bond Guarantor nor the Agents will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Interests in a Registered Global Covered Bond will be exchangeable (free of charge), in whole but not in part, for Registered Definitive Covered Bonds only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (a) in the case of a Registered Global Covered Bond registered in the name of DTC or its nominee, either (i) DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Registered Global Covered Bonds or DTC has ceased to constitute a clearing agency registered under the Exchange Act and the Issuer fails to appoint a successor depository within 90 days, or (ii) an Event of Default

with respect to the relevant Covered Bonds has occurred and is continuing or (iii) the Issuer notifies the Bond Trustee that it elects to have Definitive Global Covered Bonds issued in place of the relevant Registered Global Covered Bond or (b) in the case of a Registered Global Covered Bond registered in the name of a nominee of the common depository, (i) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, whether statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available, (ii) an Event of Default with respect to the relevant Covered Bonds has occurred and is continuing or (iii) the Issuer notifies the Bond Trustee that it elects to have Definitive Global Covered Bonds issued in place of the relevant Registered Global Covered Bond. The Issuer will promptly give notice to Covered Bondholders of each Series of Registered Global Covered Bonds in accordance with Condition 12 of the Programme Conditions if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any registered holder of an interest in such Registered Global Covered Bond) or the Bond Trustee may give notice to the U.S. Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the U.S. Registrar.

### **Transfer of Interests**

Interests in a Registered Global Covered Bond may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Covered Bond with written certification from the transferor if required in accordance with the provisions of the Principal Agency Agreement. No beneficial owner of an interest in a Registered Global Covered Bond will be able to transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear and Clearstream, Luxembourg, in each case to the extent applicable. Registered Covered Bonds are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions, see “*Subscription and Sale and Selling Restrictions*”.

As a result of such restrictions, there can be no assurance as to the existence of a secondary market for the Covered Bonds or the liquidity of such market if one develops. Consequently, you must be able to bear the economic risk of an investment in your Covered Bonds for an indefinite period of time.

### **Payments Due in Other Currencies**

The Issuer will follow the practice described in this subsection when paying amounts that are due in a Specified Currency other than U.S. dollars.

#### *Payments on Registered Global Covered Bonds*

The Issuer will make payments on a Registered Global Covered Bond in accordance with the applicable policies as in effect from time to time of the depository, which will be DTC, Euroclear or Clearstream, Luxembourg. If DTC is specified in the applicable Pricing Supplement as the depository for Registered Global Covered Bonds, the following, which the Issuer understands are DTC’s policies, as currently in effect, will apply.

Unless otherwise indicated in the applicable Pricing Supplement, if you are an indirect owner of Registered Global Covered Bonds denominated in a Specified Currency other than U.S. dollars and if you have the right to elect to receive payments in that other currency and do so elect, you must notify the participant through which your interest in the Registered Global Covered Bonds is held of your election:

on or before the applicable Record Date, in the case of a payment of interest; or

on or before the 16th day before the stated maturity, or any redemption or repayment date, in the case of payment of principal or any premium.

Your participant must, in turn, notify DTC of your election on or before the 3rd DTC business day after that Record Date, in the case of a payment of interest, and on or before the 12th DTC business day before the stated maturity, or on the redemption or repayment date if your Covered Bond is redeemed or repaid earlier, in the case of a payment of principal or any premium. A **DTC business day** is a day on which DTC is open for business.

DTC, in turn, will notify the U.S. Paying Agent of your election in accordance with DTC’s procedures.

If complete instructions are received by the participant and forwarded by the participant to DTC, and by DTC to the U.S. Paying Agent, on or before the dates noted above, the U.S. Paying Agent, in accordance with DTC's instructions, will make the payments to you or your participant by wire transfer of immediately available funds to an account maintained by the payee with a bank located in the country issuing the Specified Currency or in another jurisdiction acceptable to the Issuer and the U.S. Paying Agent.

If the foregoing steps are not properly completed, the Issuer expects DTC to inform the U.S. Paying Agent that payment is to be made in U.S. dollars. In that case, the Issuer or the Exchange Agent will convert the payment to U.S. dollars in the manner described below. The Issuer expects that it or the Exchange Agent will then make the payment in U.S. dollars to DTC, and that DTC in turn will pass it along to its participants.

Book-entry and other indirect owners of a Registered Global Covered Bond denominated in a currency other than U.S. dollars should consult their banks or brokers for information on how to request payment in the Specified Currency.

#### *Payments on Definitive Covered Bonds*

Except as described in the next to last paragraph under this heading, the Issuer will make payments on Definitive Covered Bonds in the applicable Specified Currency. The Issuer will make these payments by wire transfer of immediately available funds to any account that is maintained in the applicable Specified Currency at a bank designated by the holder and is acceptable to the Issuer and the U.S. Paying Agent. To designate an account for wire payment, the holder must give the U.S. Paying Agent appropriate wire instructions at least five business days before the requested wire payment is due. In the case of any interest payment due on an interest payment date, the instructions must be given by the person or entity who is the holder on the Record Date. In the case of any other payment, the payment will be made only after the Covered Bond is surrendered to the U.S. Paying Agent. Any instructions, once properly given, will remain in effect unless and until new instructions are properly given in the manner described above.

If a holder fails to give instructions as described above, the Issuer will notify the holder at the address in the U.S. Paying Agent's records and will make the payment within five business days after the holder provides appropriate instructions. Any late payment made in these circumstances will be treated under the Principal Agency Agreement as if made on the due date, and no interest will accrue on the late payment from the due date to the date paid.

Although a payment on a Definitive Covered Bond may be due in a Specified Currency other than U.S. dollars, the Issuer will make the payment in U.S. dollars if the holder asks the Issuer to do so. To request U.S. dollar payment, the holder must provide appropriate written notice to the U.S. Paying Agent at least five business days before the next due date for which payment in U.S. dollars is requested. In the case of any interest payment due on an interest payment date, the request must be made by the person or entity who is the holder on the Record Date. Any request, once properly made, will remain in effect unless and until revoked by notice properly given in the manner described above.

Book-entry and other indirect owners of a Definitive Covered Bond with a Specified Currency other than U.S. dollars should contact their banks or brokers for information about how to receive payments in the Specified Currency or in U.S. dollars.

#### *Conversion to U.S. Dollars*

When the Issuer is asked by a holder to make payments in U.S. dollars of an amount due in another currency, either on a Registered Global Covered Bond or a Definitive Covered Bond as described above, the Exchange Agent will calculate the U.S. dollar amount the holder receives in the Exchange Agent's discretion. A holder that requests payment in U.S. dollars will bear all associated currency exchange costs, which will be deducted from the payment.

#### *When the Specified Currency Is Not Available*

If the Issuer is obligated to make any payment in a Specified Currency other than U.S. dollars, and the Specified Currency or any successor currency is not available to the Issuer or cannot be paid to you due to circumstances beyond the Issuer's control—such as the imposition of exchange controls or a disruption in the currency markets—the Issuer will be entitled to satisfy its obligation to make the payment in that Specified Currency by making the payment in U.S. dollars, on the basis of the exchange rate determined by the Exchange Agent, in its discretion.

The foregoing will apply to any Covered Bond and to any payment, including a payment at the maturity date. Any payment made under the circumstances and in a manner described above will not result in a default under any Covered Bond or the Principal Agency Agreement or the Bond Trust Deed.

### **General**

Any reference herein to DTC, Euroclear, and/or Clearstream, Luxembourg will, whenever the context so permits, be deemed to include a reference to any successor operator and/or successor clearing system and/or additional or alternative clearing system specified in the applicable Pricing Supplement or as may otherwise be approved by the Issuer, the U.S. Paying Agent and the Bond Trustee.

No Covered Bondholder shall be entitled to proceed directly against the Issuer or the Covered Bond Guarantor unless the Bond Trustee or, as the case may be, the Security Trustee, having become so bound to proceed, fails so to do within a reasonable period and the failure shall be continuing.

## FORM OF PRICING SUPPLEMENT

*Set out below is the form of Pricing Supplement which will be completed for each Tranche of Covered Bonds issued under the Programme. Text in this section appearing in italics does not form part of the relevant Pricing Supplement but denotes directions for completing the Pricing Supplement.*

**NO PROSPECTUS IS REQUIRED IN ACCORDANCE WITH REGULATION (EU) 2017/1129, AS AMENDED [(THE EU PROSPECTUS REGULATION)], OR THE PROSPECTUS RULES: ADMISSION TO TRADING ON A REGULATED MARKET SOURCEBOOK, FOR THE ISSUE OF COVERED BONDS DESCRIBED BELOW. THE FINANCIAL CONDUCT AUTHORITY HAS NEITHER APPROVED NOR REVIEWED THE INFORMATION CONTAINED IN THIS PRICING SUPPLEMENT.**

**[PROHIBITION OF SALES TO EEA RETAIL INVESTORS** – The Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the **EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive (EU) 2016/97, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIPs Regulation**) for offering or selling the Covered Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIPs Regulation.]<sup>1</sup>

## TERMS AND CONDITIONS OF THE COVERED BONDS

The following are the terms and conditions (the **Conditions**) of and (as completed by the applicable Final Terms in relation to a Tranche of Covered Bonds) apply to each Registered Global Covered Bond (as defined below) (other than N Covered Bonds) and each Definitive Covered Bond (other than N Covered Bonds), in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the Relevant Dealer(s) at the time of issue but, if not so permitted and agreed, such Definitive Covered Bond will have endorsed thereon or attached thereto such Conditions. The applicable Final Terms in relation to any Series or Tranche of Covered Bonds may specify other terms and conditions which will, to the extent so specified or to the extent inconsistent with the following Conditions, replace or modify the following Conditions for the purpose of such Covered Bonds. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Registered Global Covered Bond and Definitive Covered Bond. References to the **applicable Final Terms** are to the Final Terms (or the relevant provisions thereof) entered in the Register in respect of, or attached to, or endorsed on this Covered Bond and shall be deemed to include a reference to **applicable Pricing Supplement** where relevant.

This Covered Bond is one of a Series (as defined below) of Covered Bonds issued by Commonwealth Bank of Australia (the **Issuer**) constituted by a trust deed (such trust deed as modified and/or supplemented and/or restated from time to time, the **Bond Trust Deed**) dated November 15, 2011 (the **Programme Date**) made between the Issuer, Perpetual Corporate Trust Limited ABN 99 000 341 533 as trustee of the CBA Covered Bond Trust (the **Trust**) (and in such capacity, the **Covered Bond Guarantor**), Securitisation Advisory Services Pty. Limited ABN 88 064 133 946 as trust manager (the **Trust Manager**) and Deutsche Trustee Company Limited as bond trustee (in such capacity, the **Bond Trustee**, which expression will include any successor bond trustee).

Save as provided for in Conditions 9 and 10, references in these Conditions to the Covered Bonds are references to the Covered Bonds of this Series and mean:

- (a) in relation to any Covered Bonds represented by a global covered bond in registered form (a Registered Global Covered Bond), units of the lowest Specified Denomination in the Specified Currency; and
- (b) any Definitive Covered Bonds in registered form (Registered Definitive Covered Bonds) (whether or not issued in exchange for a Registered Global Covered Bond).

The Covered Bonds have the benefit of a principal agency agreement (such principal agency agreement as amended and/or supplemented and/or restated from time to time the **Principal Agency Agreement**) dated on or about the Programme Date and made between the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Trust Manager and Deutsche Bank AG, London Branch as principal paying agent (in such capacity, the **Principal Paying Agent**, which expression includes any successor principal paying agent), Deutsche Bank Trust Company Americas (the **U.S. Paying Agent**, **U.S. Transfer Agent** and **U.S. Registrar**) and the other paying agents appointed pursuant to the Principal Agency Agreement (together with the Principal Paying Agent and the U.S. Paying Agent, the **Paying Agents**, which expression includes any additional or successor paying agents), Deutsche Bank, Luxembourg, S.A. as transfer agent (in such capacity, the **Transfer Agent**, which expression includes any additional or successor transfer agent) and as registrar (in such capacity, the **Registrar**, which expression includes any successor registrar) and Deutsche Bank AG, London Branch as exchange agent (in such capacity, the **Exchange Agent**, which expression includes any additional or successor exchange agent). The Conditions herein assumes the Covered Bonds will be sold in reliance on both Rule 144A and Regulation S, and the Registered Global Covered Bonds will be deposited with a custodian for DTC, and registered in the name of DTC or its nominee. Accordingly, the role of the U.S. Paying Agent, U.S. Transfer Agent and U.S. Registrar are described herein. If the Covered Bonds are sold in reliance on Regulation S only and deposited with the Common Depositary for, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg, and as specified in the applicable Final Terms, the description of the U.S. Paying Agent, U.S. Transfer Agent and

U.S. Registrar herein will be to the Principal Paying Agent, Transfer Agent and Registrar, as appropriate, or will otherwise be described in the applicable Final Terms.

The applicable Final Terms may specify any other agency agreement that applies to Covered Bonds issued by the Issuer.

As used herein, **Agents** will mean each Paying Agent, each Exchange Agent, each U.S. Transfer Agent and each U.S. Registrar, U.S. Paying Agent will mean, in relation to a Tranche or Series of Covered Bonds, the U.S. Paying Agent or such other paying agent as the applicable Final Terms for that Tranche or Series may specify, U.S. Registrar will mean, in relation to a Tranche or Series of Covered Bonds, the U.S. Registrar or such other registrar as the applicable Final Terms for that Tranche or Series may specify, **U.S. Transfer Agent** will mean, in relation to a Tranche or Series of Covered Bonds, the U.S. Transfer Agent or such other transfer agent as the applicable Final Terms for that Tranche or Series may specify and **Exchange Agent** will mean, in relation to a Tranche or Series of Covered Bonds, the Exchange Agent or such other exchange agent as the applicable Final Terms for that Tranche or Series may specify.

The Final Terms or Pricing Supplement, as applicable for this Covered Bond (or the relevant provisions thereof) is entered in the Register, in respect of, attached to, or endorsed on this Covered Bond and supplement these terms and conditions (the **Conditions**) and may specify other terms and conditions which, to the extent so specified or to the extent inconsistent with the Conditions, replace or modify the Conditions for the purposes of this Covered Bond.

The Bond Trustee acts as trustee for the holders for the time being of the Covered Bonds (the **Covered Bondholders**, which expression will, in relation to any Covered Bonds represented by a Registered Global Covered Bond, be construed as provided below) and for holders of each other Series of Covered Bonds in accordance with the provisions of the Bond Trust Deed.

As used in these Conditions, **Tranche** means Covered Bonds which are identical in all respects (including as to listing or admission to trading, if applicable) and **Series** means a Tranche of Covered Bonds together with any further Tranche or Tranches of Covered Bonds which are: (i) expressed to be consolidated and form a single series; and (ii) identical in all respects (including as to listing or admission to trading, if applicable) except for their respective Issue Dates, Interest Commencement Dates, Issue Prices and/or the amount of the first payment of interest (if any).

The Covered Bond Guarantor has, in the Bond Trust Deed, irrevocably and unconditionally guaranteed the due and punctual payment of Guaranteed Amounts in respect of the Covered Bonds as and when the same become due for payment on certain dates in accordance with the Bond Trust Deed (**Due for Payment**), but only after service of a Notice to Pay on the Covered Bond Guarantor following an Issuer Event of Default and service by the Bond Trustee of an Issuer Acceleration Notice on the Issuer or the occurrence of Covered Bond Guarantor Event of Default and service by the Bond Trustee of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer.

The security for the obligations of the Covered Bond Guarantor under the Covered Bond Guarantee and the other Programme Documents to which it is a party has been created in and pursuant to, and on the terms set out in, a security deed governed by the laws of New South Wales, Australia (such security deed as amended and/or supplemented and/or restated from time to time, the **Security Deed**) dated on or about the Programme Date and made between the Covered Bond Guarantor, the Issuer, the Trust Manager, the Bond Trustee, P.T. Limited ABN 67 004 454 666 (the **Security Trustee**) and certain other Secured Creditors.

These Conditions include summaries of, and are subject to, the provisions of the Bond Trust Deed, the Security Deed and the Principal Agency Agreement.

Copies of the Bond Trust Deed, the Security Deed, the Definitions Schedule (as defined below), the Principal Agency Agreement and each of the other Programme Documents (i) are available for inspection and collection free of charge during normal business hours at the registered office for the time being of the Bond Trustee at 21 Moorfields, London, EC2Y 9DB, United Kingdom and at the specified office of the U.S. Paying Agent, or (ii) may be provided by email to a Covered Bondholder following their prior written request to the Bond Trustee, the U.S. Paying Agent, the U.S. Registrar or U.S. Transfer Agent and provision of proof of holding and identity (in a form satisfactory to the Bond Trustee, the U.S. Paying Agent, the U.S. Registrar or U.S. Transfer Agent (as applicable)).

Copies of the applicable Final Terms for all Covered Bonds of each Series (including in relation to unlisted Covered Bonds of any Series) are (i) obtainable during normal business hours at the specified office of the Paying Agents, the U.S. Registrar and the U.S. Transfer Agent or (ii) may be provided by email to a Covered Bondholder following their prior written request to the U.S. Paying Agent, the U.S. Registrar or U.S. Transfer Agent and provision of proof of holding and identity (in a form satisfactory to the U.S. Paying Agent). In the case of unlisted Covered Bonds of any Series, the applicable Final Terms will only be obtainable by a Covered Bondholder holding one or more Covered Bonds and such Covered Bondholder must produce evidence satisfactory to the Issuer and the Bond Trustee or, as the case may be, the relevant Paying Agent, U.S. Registrar or U.S. Transfer Agent as to its holding of Covered Bonds and identity. The Covered Bondholders are deemed to have notice of, are bound by, and are entitled to the benefit of, all the provisions of, and definitions contained in, the Bond Trust Deed, the Security Deed, the Definitions Schedule (as defined below), the Principal Agency Agreement, each of the other Programme Documents and the applicable Final Terms which are applicable to them and to have notice of the Final Terms or Pricing Supplement, as applicable, relating to each other Series.

Except where the context otherwise requires, capitalized terms used and not otherwise defined in these Conditions bear the meanings given to them in the Bond Trust Deed, the applicable Final Terms and/or the CBA Covered Bond Trust Definitions Schedule made between the parties to the Programme Documents on the Programme Date (the **Definitions Schedule**) (as the same may be amended and/or supplemented and/or restated from time to time), a copy of each of which may be obtained or inspected as described above. In the event of any inconsistency between the Bond Trust Deed and the Definitions Schedule, the Bond Trust Deed will prevail and in the event of any inconsistency between the Bond Trust Deed and the applicable Final Terms, the applicable Final Terms will prevail.

## **1. FORM, DENOMINATION AND TITLE**

The Covered Bonds are in registered form as specified in the applicable Final Terms and, in the case of Definitive Covered Bonds, serially numbered, in the Specified Currency and the Specified Denomination(s). Covered Bonds of one Specified Denomination may not be exchanged for Covered Bonds of another Specified Denomination.

This Covered Bond is a Fixed Rate Covered Bond or a Floating Rate Covered Bond depending upon the Interest Basis specified in the applicable Final Terms and, depending on the Redemption/Payment Basis specified in the applicable Final Terms, and subject, in each case, to confirmation from the Rating Agencies that the then current credit ratings of any outstanding Series of Covered Bonds will not be adversely affected by the issuance of this Covered Bond.

Subject as set out below, title to the Registered Covered Bonds will pass upon the registration of transfers in accordance with the provisions of the Principal Agency Agreement. The Issuer, the Covered Bond Guarantor, the Security Trustee, the Bond Trustee and each of the Agents will (except as otherwise permitted in the Bond Trust Deed and these Conditions or as ordered by a court of competent jurisdiction or as required by law or applicable regulations) deem and treat the registered holder of any Registered Covered Bond as the absolute owner thereof (notwithstanding any notice to the contrary and whether or not it is overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous

loss or theft thereof) for all purposes but, in the case of any Registered Global Covered Bond, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Covered Bonds are represented by a Registered Global Covered Bond held on behalf of or, as the case may be, registered in the name of The Depository Trust Company (**DTC**) or its nominee or in the name of a common depository for Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking S.A. (**Clearstream, Luxembourg**) or their nominee, each person (other than DTC, Euroclear, or Clearstream, Luxembourg) who is for the time being shown in the records of DTC, Euroclear, or Clearstream, Luxembourg as the holder of a particular nominal amount of such Covered Bonds (in which regard any certificate or other document issued by DTC, Euroclear, or Clearstream, Luxembourg as to the nominal amount of such Covered Bonds standing to the account of any person will be conclusive and binding for all purposes save in the case of manifest error and any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including, without limitation, Euroclear's EUCLID or Clearstream, Luxembourg's Creation on-line system) in accordance with its usual procedures and in which the holder of a particular nominal amount of the Covered Bonds is clearly identified with the amount of such holding) will be treated by the Issuer, the Covered Bond Guarantor, the Paying Agents, the Security Trustee and the Bond Trustee as the holder of such nominal amount of such Covered Bonds. As long as the Registered Global Covered Bonds are issued in global form, investors will be indirect owners, and not holders, of the Global Covered Bonds and the expression **Covered Bondholder** and related expressions will be construed accordingly.

Covered Bonds which are represented by a Global Covered Bond will be transferable only in accordance with the rules and procedures for the time being of DTC, Euroclear and Clearstream, Luxembourg, as the case may be.

References to DTC, Euroclear and/or Clearstream, Luxembourg will, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Bond Trustee and the U.S. Paying Agent (any such clearing system, an **Alternative Clearing System**).

## **2. TRANSFERS OF REGISTERED COVERED BONDS**

### **2.1 Transfers of interests in Registered Global Covered Bonds**

Transfers of beneficial interests in Rule 144A Global Covered Bonds (as defined below) and Regulation S Global Covered Bonds (as defined below) (together, the **Registered Global Covered Bonds**) will be effected by DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of transferors and transferees of such interests. A beneficial interest in a Registered Global Covered Bond may, subject to compliance with all applicable legal and regulatory restrictions, be transferred to a person who takes delivery in the form of a beneficial interest in another Registered Global Covered Bond only in the authorised denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Principal Agency Agreement. Transfers of a Registered Global Covered Bond registered in the name of DTC or its nominee will be limited to transfers of such Registered Global Covered Bond, in whole but not in part, to another nominee of DTC or to a successor of DTC or such successor's nominee.

## **2.2 Transfers of Registered Definitive Covered Bonds**

A Registered Definitive Covered Bond may be transferred in whole or in part (in the nominal amount of the lowest Specified Denomination or any integral multiple thereof) by the deposit by the transferor of the Registered Definitive Covered Bond for registration of the transfer at the specified office of a U.S. Transfer Agent with the form of transfer endorsed on the Registered Definitive Covered Bond duly completed and executed by or on behalf of the transferor and upon the relevant U.S. Transfer Agent (after due and careful enquiry) being satisfied with the documents of title and the identity of the person making the request and subject to such reasonable regulations as the Issuer and the U.S. Transfer Agent may prescribe. Subject as provided above, the relevant U.S. Transfer Agent will, within 14 days of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), deliver at its specified office to the transferee or (at the risk of the transferee) send by mail to such address as the transferee may request a new Registered Definitive Covered Bond of a like aggregate nominal amount to the Registered Definitive Covered Bond (or the relevant part of the Registered Definitive Covered Bond) transferred. In the case of the transfer of part only of a Registered Definitive Covered Bond, a new Registered Definitive Covered Bond in respect of the balance of the Registered Definitive Covered Bond not transferred will be so delivered or (at the risk of the transferor) sent to the transferor.

## **2.3 [Reserved]**

## **2.4 Partial redemption**

In the event of a partial redemption of Covered Bonds under Condition 5.3, the Issuer will not be required to register the transfer of any Definitive Covered Bond, or part of any Definitive Covered Bond, called for partial redemption.

## **2.5 Costs of registration**

Covered Bondholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than at the specified office of a U.S. Transfer Agent or by regular mail and except that the Issuer, any U.S. Registrar or any U.S. Transfer Agent may require the payment of a sum sufficient to cover any Taxes, including stamp duty, GST or other governmental charge that may be imposed in relation to the registration.

## **2.6 U.S. Paying Agent, Paying Agents, U.S. Registrar, U.S. Transfer Agent and Exchange Agent**

The names of the initial U.S. Registrar, and other initial U.S. Transfer Agents and Exchange Agent(s) and their initial specified offices in respect of this Series of Covered Bonds are set out at the end of these Conditions. The Issuer reserves the right at any time to vary or terminate the appointment of the U.S. Registrar or any other U.S. Transfer Agent or Exchange Agent(s) and to appoint another U.S. Registrar or additional or other U.S. Transfer Agents or Exchange Agent(s) provided that it will at all times maintain a U.S. Registrar and another U.S. Transfer Agent or Exchange Agent(s) each having a specified office which, in the case of the U.S. Registrar, is in New York or such other place as may be required by a stock exchange on which such Covered Bonds are listed. Notice of any termination or appointment and of any changes in specified offices will be given to the holders of the Covered Bonds of this Series promptly by the Issuer in accordance with Condition 12.

The names of the initial U.S. Paying Agent and the other initial Paying Agents and their initial specified offices in respect of this Series of Covered Bonds are set out below. The Issuer and (following service of a Notice to Pay but prior to the service of a Covered Bond Guarantee Acceleration Notice) the Covered Bond Guarantor may at any time vary or terminate the appointment of any Paying Agent and appoint

additional or other Paying Agents, provided that it will, so long as any of the Covered Bonds of this Series are outstanding, maintain: (a) a U.S. Paying Agent, (b) a Paying Agent (which may be the U.S. Paying Agent) having a specified office in a leading financial centre in New York and (c) so long as any Covered Bonds of this Series are admitted to trading or listed on a stock exchange, a Paying Agent (which may be the U.S. Paying Agent) having a specified office in such place as may be required by that stock exchange. Any such variation, termination or change may only take effect (other than in the case of insolvency, when it may be of immediate effect) after not less than 30 days' prior notice thereof has been given to the holders of the Covered Bonds of this Series in accordance with Condition 12 and provided further that neither the resignation nor the removal of the U.S. Paying Agent will take effect, except in the case of insolvency as aforesaid, until a new U.S. Paying Agent has been appointed. Notice of any change in or addition to the Paying Agents or their specified offices will be given by the Issuer promptly in accordance with Condition 12.

## **2.7 Transfers of interests in Regulation S Global Covered Bonds**

Prior to expiry of the applicable Distribution Compliance Period, transfers of beneficial interests in, a Regulation S Global Covered Bond to a person who takes delivery in the form of an interest in a Rule 144A Global Covered Bond will only be made upon receipt by the U.S. Registrar of a written certification substantially in the form set out in the Principal Agency Agreement (a **Transfer Certificate**), copies of which are available from the specified office of the U.S. Registrar or any U.S. Transfer Agent, from the transferor of such beneficial interest to the effect that such transfer is being made to a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A and in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

Prior to the expiry of the applicable Distribution Compliance Period beneficial interests in Regulation S Covered Bonds registered in the name of a nominee for DTC may only be held through the accounts of Euroclear and Clearstream, Luxembourg. After expiry of the applicable Distribution Compliance Period (i) beneficial interests in Regulation S Global Covered Bonds registered in the name of DTC or its nominee may be held through DTC directly, by a participant in DTC, or indirectly through a participant in DTC and (ii) such certification requirements will no longer apply to such transfers.

## **2.8 Transfers of interests in Rule 144A Covered Bonds**

Transfers of Rule 144A Covered Bonds or beneficial interests therein may be made:

- (a) to a transferee who takes delivery of such interest in the form of an interest in a Regulation S Global Covered Bond, upon receipt by the U.S. Registrar of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made in accordance with Regulation S or, if available, Rule 144A under the Securities Act and that, in the case of a Regulation S Global Covered Bond registered in the name of a nominee for DTC, if such transfer is being made prior to expiry of the applicable Distribution Compliance Period, the interests in the Covered Bonds being transferred will be held immediately thereafter through Euroclear and/or Clearstream, Luxembourg; or
- (b) to a transferee who takes delivery of such interest through a Rule 144A Covered Bond, where the transferee is a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A, without certification; or
- (c) otherwise (i) in the case of a transfer pursuant to another exemption from the Securities Act, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with

the Securities Act and any applicable securities laws of any State of the United States or (ii) pursuant to an effective registration statement under the Securities Act,

and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

Upon the transfer, exchange or replacement of Rule 144A Covered Bonds, or upon specific request for removal of any United States securities law legend on Rule 144A Covered Bonds, the U.S. Registrar must deliver only Rule 144A Covered Bonds or refuse to remove the legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

## **2.9 Exchanges and transfers of Registered Covered Bonds generally**

Holders of Registered Covered Bonds in definitive form may exchange such Covered Bonds for interests in a Global Covered Bond of the same type at any time.

## **2.10 Definitions**

In these Conditions, the following expressions have the following meanings:

**Distribution Compliance Period** means, with respect to any offering in reliance on Regulation S, the period that ends 40 days after the later of the commencement of the offering and the Issue Date;

**Regulation S** means Regulation S under the Securities Act;

**QIB** means a “qualified institutional buyer” within the meaning of Rule 144A;

**Registered Global Covered Bond** means Rule 144A Global Covered Bonds and Regulation S Global Covered Bonds;

**Regulation S Global Covered Bond** means a Registered Global Covered Bond representing Covered Bonds initially sold outside the United States in reliance on Regulation S;

**Rule 144A** means Rule 144A under the Securities Act;

**Rule 144A Global Covered Bond** means a Registered Global Covered Bond representing Covered Bonds initially sold in the United States to QIBs in reliance on Rule 144A; and

**Securities Act** means the United States Securities Act of 1933, as amended.

## **3. STATUS OF THE COVERED BONDS AND THE COVERED BOND GUARANTEE**

### **3.1 Status of the Covered Bonds**

The Covered Bonds of this Series constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* without any preference or priority among themselves and *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer (other than any obligation preferred by mandatory provisions of applicable law) from time to time outstanding.

### **3.2 Changes to applicable laws may extend the debts required to be preferred by law**

The applicable laws include (but are not limited to) sections 13A and 16 of the Banking Act 1959 of the Commonwealth of Australia (**Australian Banking Act**) and section 86 of the Reserve Bank Act 1959 of the Commonwealth of Australia (**Australian Reserve Bank Act**). These provisions provide that in the event that the Issuer becomes unable to meet its obligations or suspends payment, its assets in Australia are to be available to meet its liabilities to, among others, APRA, the RBA and holders of protected accounts held in Australia, in priority to all other liabilities, including the Covered Bonds.

The Covered Bonds of this Series are not protected accounts or deposit liabilities of the Issuer for the purposes of the Australian Banking Act.

In addition, the Issuer's indebtedness is not guaranteed or insured by any government, government agency or compensation scheme of Australia or any other jurisdiction.

### **3.3 Status of the Covered Bond Guarantee**

The payment of Guaranteed Amounts in respect of the Covered Bonds when the same become Due for Payment has been unconditionally and irrevocably guaranteed by the Covered Bond Guarantor (the **Covered Bond Guarantee**) as set out in the Bond Trust Deed. However, the Covered Bond Guarantor will have no obligation under the Covered Bond Guarantee to pay any Guaranteed Amounts until the occurrence of an Issuer Event of Default, service by the Bond Trustee on the Issuer of an Issuer Acceleration Notice and service by the Bond Trustee on the Covered Bond Guarantor of a Notice to Pay or, if earlier, following the occurrence of a Covered Bond Guarantor Event of Default and service by the Bond Trustee of a Covered Bond Guarantee Acceleration Notice. The obligations of the Covered Bond Guarantor under the Covered Bond Guarantee are (following an Issuer Event of Default, service of an Issuer Acceleration Notice and service of a Notice to Pay or a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice), direct and unconditional (subject as provided in Condition 15) obligations of the Covered Bond Guarantor, which are secured as provided in the Security Deed.

Any payment made by the Covered Bond Guarantor under the Covered Bond Guarantee will (unless such obligation has been discharged as a result of the payment of Excess Proceeds to the Bond Trustee pursuant to Condition 9) discharge *pro tanto* the obligations of the Issuer in respect of such payment under the Covered Bonds except where such payment has been declared void, voidable or otherwise recoverable in whole or in part and recovered from the Bond Trustee or the Covered Bondholders.

## **4. INTEREST**

The applicable Final Terms will indicate whether the Covered Bonds are Fixed Rate Covered Bonds or Floating Rate Covered Bonds.

### **4.1 Interest on Fixed Rate Covered Bonds**

This Condition 4.1 applies to Fixed Rate Covered Bonds only. The applicable Final Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 4.1 for full information on the manner in which interest is calculated on Fixed Rate Covered Bonds. In particular, the applicable Final Terms will specify the Interest Commencement Date, the Rate(s) of Interest, the Interest Payment Date(s), the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount, the Day Count Fraction and any applicable Determination Date.

- (a) Each Fixed Rate Covered Bond bears interest from and including the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest specified in the applicable Final Terms. Interest in respect of Fixed Rate Covered Bonds will accrue in respect of each Fixed Interest Period (which expression will in these Conditions mean the period from (and including) an Interest Payment Date (or if none the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Final Maturity Date. If a Notice to Pay is served on the Covered Bond Guarantor, the Covered Bond Guarantor will pay Guaranteed Amounts in equivalent amounts to those described above under the Covered Bond Guarantee in respect of the Covered Bonds on the applicable Original Due for Payment Dates or, if applicable, the Extended Due for Payment Date.

If the Covered Bonds are Definitive Covered Bonds and if a Fixed Coupon Amount is specified in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount or the Broken Amount (if any) so specified.

Interest will be paid subject to and in accordance with the provisions of Condition 6 (unless otherwise specified in the applicable Final Terms). Interest will cease to accrue on each Fixed Rate Covered Bond (or, in the case of the redemption of part only of a Fixed Rate Covered Bond, that part only of such Covered Bond) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused, in which event, interest will continue to accrue (as well after as before any judgment) until, but excluding, whichever is the earlier of (i) the day on which all sums due in respect of such Fixed Rate Covered Bond up to that day are received by or on behalf of the holder of such Fixed Rate Covered Bond and (ii) the day which is seven days after the date on which the U.S. Paying Agent has notified the holder in accordance with Condition 12 that it has received all sums due in respect thereof up to that date.

- (b) Except in the case of Covered Bonds which are Definitive Covered Bonds where a Fixed Coupon Amount or Broken Amount, is specified in the applicable Final Terms, the U.S. Paying Agent will calculate the amount of interest (the Interest Amount) payable in respect of any period by applying the Rate of Interest to:
- (i) in the case of Fixed Rate Covered Bonds which are Registered Global Covered Bonds, the aggregate Calculation Amount of the Fixed Rate Covered Bonds represented by such Registered Global Covered Bonds; or
  - (ii) in the case of Fixed Rate Covered Bonds which are Definitive Covered Bonds, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Covered Bond which is a Definitive Covered Bond is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Covered Bond will be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

The calculation of each Interest Amount by the U.S. Paying Agent shall (in the absence of manifest error) be final and binding upon all parties.

In this Condition 4.1, **Day Count Fraction** has the meaning given to it in Condition 4.3.

In these Conditions, **sub-unit** means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

## 4.2 Interest on Floating Rate Covered Bonds

This Condition 4.2 applies to Floating Rate Covered Bonds only. The applicable Final Terms contains provisions applicable to the determination of floating rate interest and must be read in conjunction with this Condition 4.2 for full information on the manner in which interest is calculated on Floating Rate Covered Bonds. In particular, the applicable Final Terms will identify any Specified Interest Payment Dates, any Specified Period, the Interest Commencement Date, the Business Day Convention, any Additional Business Centres, the party who will calculate the amount of interest due (if it is not the U.S. Paying Agent), the Margin, any maximum or minimum interest rates and the Day Count Fraction. The applicable Final Terms will specify the applicable Reference Rate, Interest Determination Date(s) and Relevant Screen Page.

### (a) *Interest Payment Dates*

Each Floating Rate Covered Bond bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an Interest Payment Date) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each period from and including an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date or the relevant payment date if the Covered Bonds become payable on a date other than an Interest Payment Date (each such period, a **Floating Interest Period** and, together with a Fixed Interest Period, each an **Interest Period**). If a Notice to Pay is served on the Covered Bond Guarantor, the Covered Bond Guarantor will pay Guaranteed Amounts in equivalent amounts to those described above under the Covered Bond Guarantee in respect of the Covered Bonds on the applicable Original Due for Payment Dates or, if applicable, the Extended Due for Payment Date.

### (b) *Interest Payments and Accrual*

Interest will be paid subject to and in accordance with the provisions of Condition 6 (unless otherwise specified in the applicable Final Terms). Interest will cease to accrue on each Floating Rate Covered Bond (or, in the case of the redemption of part only of a Floating Rate Covered Bond, that part only of such Covered Bond) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (as well after as before any judgment) until, but excluding, whichever is the earlier of (i) the day on which all sums due in respect of such Floating Rate Covered Bond up to that day are received by or on behalf of the holder of such Floating Rate

Covered Bond and (ii) the day which is seven days after the date on which the U.S. Paying Agent has notified the holder in accordance with Condition 12 that it has received all sums due in respect thereof up to that date.

(c) *Rate of Interest*

The Rate of Interest payable from time to time in respect of each Floating Rate Covered Bond will be determined in the manner specified in the applicable Final Terms.

(d) *Floating Rate Covered Bonds referencing EURIBOR*

(i) Where the **Reference Rate** for the manner in which the Rate of Interest is to be determined is specified in the applicable Final Terms as being EURIBOR, the Rate of Interest for a Floating Interest Period will, subject to Condition 4.7 and subject as provided below, be either:

(A) the offered quotation; or

(B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being EURIBOR, specified in the applicable Final Terms) which appears on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Specified Time in the Relevant Financial Centre on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the U.S. Paying Agent or other person specified in the applicable Final Terms. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the U.S. Paying Agent or that other person for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

(ii) In the event that the Relevant Screen Page is not available or if, in the case of Condition 4.2(d)(i)(A), no such offered quotation appears or, in the case of Condition 4.2(d)(i)(B), fewer than three of the offered quotations appear, in each case as at the Specified Time, the Issuer shall request each of the Reference Banks (as defined below) to provide the Principal Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Principal Paying Agent with such offered quotations, the Rate of Interest for the Floating Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Principal Paying Agent.

(iii) If on any Interest Determination Date one only or none of the Reference Banks provides the Principal Paying Agent with such an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Floating Interest Period shall be the Reserve Interest Rate. The **Reserve Interest Rate** shall be the rate per annum which the Principal Paying Agent determines to be either (i) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded

upwards) of the rates, as communicated to (at the request of the Issuer) the Principal Paying Agent by the Reference Banks or any two or more of them, at which such banks offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Principal Paying Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Principal Paying Agent it is quoting to leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any), or (ii) in the event that the U.S. Paying Agent can determine no such arithmetic mean, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Floating Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Floating Interest Period in place of the Margin relating to that last preceding Floating Interest Period).

In this Condition 4.2(d)(iii):

**Interest Determination Date** means the date specified as such in the applicable Pricing Supplement, or if none is so specified, if the Reference Rate is EURIBOR, the second day on which T2 is open prior to the start of each Floating Interest Period,

**Reference Banks** means, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market,

in each case as selected by the Issuer.

**Relevant Financial Centre** means Brussels, in the case of a determination of EURIBOR.

**Specified Time** means, in the case of EURIBOR, 11.00 a.m., Brussels time.

(e) *Floating Rate Covered Bonds referencing Compounded Daily SONIA*

- (i) Where the **Reference Rate** for the manner in which the Rate of Interest is to be determined is specified in the applicable Final Terms as being “Compounded Daily SONIA, the Rate of Interest for each Floating Interest Period will, subject as provided below, be Compounded Daily SONIA with respect to such Floating Interest Period plus or minus the Margin (if any) as specified in the applicable Final Terms all as determined and calculated by the Principal Paying Agent.

**Compounded Daily SONIA** means, with respect to a Floating Interest Period:

- (A) if Index Determination is specified as being applicable in the applicable Final Terms, the rate determined by the U.S. Paying Agent on the relevant Interest Determination Date in accordance with the following formula (and the

resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\left( \frac{\text{SONIA Compounded Index}_y}{\text{SONIA Compounded Index}_x} - 1 \right) \times \frac{365}{d}$$

where:

**SONIA Compounded Index<sub>x</sub>** is the SONIA Compounded Index value for the day falling *p* London Banking Days prior to the first day of the relevant Floating Interest Period;

**SONIA Compounded Index<sub>y</sub>** is the SONIA Compounded Index value for the day falling *p* London Banking Days prior to the Interest Payment Date for the relevant Floating Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Floating Interest Rate);

*d* is the number of calendar days in the relevant SONIA Observation Period;

*provided* that if the SONIA Compounded Index value required to determine SONIA Compounded Index<sub>x</sub> or SONIA Compounded Index<sub>y</sub> does not appear on the Bank of England’s Interactive Statistical Database, or any successor source on which the compounded daily SONIA rate is published by the Bank of England (or any successor administrator of SONIA), at the Specified Time on the relevant London Banking Day (or by 5:00 p.m. London time or such later time failing one hour after the customary or scheduled time for publication of the SONIA Compounded Index in accordance with the then-prevailing operational procedures of the administrator of the SONIA Reference Rate or SONIA authorised distributors, as the case may be), then Compounded Daily SONIA for such Floating Interest Period and each subsequent Floating Interest Period shall be **Compounded Daily SONIA** determined in accordance with paragraph (B) below and for these purposes the **SONIA Observation Method** shall be deemed to be **Shift**; or

- (B) if either (x) Index Determination is specified as being not applicable in the applicable Final Terms, or (y) this Condition 4.2(e)(i)(B) applies to such Floating Interest Period pursuant to the proviso in Condition 4.2(e)(i)(A) above, the rate determined by the U.S. Paying Agent on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\left[ \prod_{i=1}^{d_o} \left( 1 + \frac{\text{SONIA}_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

*d* is the number of calendar days in (where in the applicable Final Terms “Lag” is specified as the SONIA Observation Method) the relevant Floating

Interest Period or (where in the applicable Final Terms “Shift” is specified as the SONIA Observation Method) the relevant SONIA Observation Period;

$d_o$  is the number of London Banking Days in (where in the applicable Final Terms “Lag” is specified as the SONIA Observation Method) the relevant Floating Interest Period or (where in the applicable Final Terms “Shift” is specified as the SONIA Observation Method) the SONIA Observation Period;

$i$  is a series of whole numbers from 1 to  $d_o$ , each representing the relevant London Banking Day in (where in the applicable Final Terms “Lag” is specified as the SONIA Observation Method) chronological order from, and including, the first London Banking Day in the relevant Floating Interest Period or (where in the applicable Final Terms “Shift” is specified as the SONIA Observation Method) the SONIA Observation Period;

$n_i$ , for any London Banking Day “ $i$ ”, is the number of calendar days from (and including) such London Banking Day “ $i$ ” up to (but excluding) the following London Banking Day;

**SONIA <sub>$i$ -pLBD</sub>** means:

- (a) where in the applicable Final Terms “Lag” is specified as the SONIA Observation Method, in respect of any London Banking Day “ $i$ ” falling in the relevant Floating Interest Period, the SONIA Reference Rate for the London Banking Day falling “ $p$ ” London Banking Days prior to such London Banking Day “ $i$ ”; or
- (b) where in the applicable Final Terms “Shift” is specified as the SONIA Observation Method, “SONIA <sub>$i$ -pLBD</sub>” shall be replaced in the above formula with “SONIA <sub>$i$</sub> ”, where “SONIA <sub>$i$</sub> ” means, in respect of any London Banking Day “ $i$ ” falling in the relevant SONIA Observation Period, the SONIA Reference Rate for such London Banking Day “ $i$ ”.

- (ii) In the event that the London Banking Day “ $i$ ” cannot be determined by the U.S. Paying Agent in accordance with the foregoing provisions, the Rate of Interest shall be:
  - (A) determined as at the last preceding Interest Determination Date (though substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest is to be applied to the relevant Floating Interest Period from that which applied to the last preceding Floating Interest Period, the Margin, the Maximum Rate of Interest and/or the Minimum Rate of Interest (as the case may be) relating to the relevant Floating Interest Period, in place of the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as applicable) relating to that last preceding Floating Interest Period); or
  - (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Covered Bonds for the first scheduled Floating Interest Period had the Covered Bonds been in issue for a period equal in duration to the first scheduled Floating Interest

Period but ending on (and excluding) the Interest Commencement Date (and applying the Margin and, if applicable, any Maximum Rate of Interest and/or Minimum Rate of Interest, applicable to the first scheduled Floating Interest Period).

(iii) For the purposes of this Condition 4.2(e):

**London Banking Day or LBD** means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

*p* means the number of London Banking Days included in the SONIA Observation Look-Back Period as specified in the applicable Final Terms;

**SONIA** has the meaning given to it in the definition of SONIA Reference Rate;

**SONIA Compounded Index** means, in respect of any London Banking Day, the compounded daily SONIA rate as published by the Bank of England (or any successor administrator of SONIA) as such rate appears on the Bank of England's Interactive Statistical Database, or any successor source on which the compounded daily SONIA rate is published by the Bank of England (or any successor administrator of SONIA), at the Specified Time on such London Banking Day.

**SONIA Observation Look-Back Period** means the period specified as such in the applicable Final Terms;

**SONIA Observation Period** means, in respect of any Floating Interest Period, the period from (and including) the date falling *p* London Banking Days prior to the first day of such Floating Interest Period to (but excluding) the date falling *p* London Banking Days prior to the Interest Payment Date for such Floating Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Floating Interest Period);

the **SONIA Reference Rate** means, in respect of any London Banking Day, the daily Sterling Overnight Index Average (**SONIA**) rate for such London Banking Day as provided by the Bank of England, as administrator of such rate or any successor administrator of such rate to authorised distributors (**SONIA authorised distributors**) and as then published on the Relevant Screen Page (or, if the Relevant Screen Page is unavailable, as otherwise published by the SONIA authorised distributors) on the London Banking Day immediately following such London Banking Day; *provided that* if, in respect of any London Banking Day, the applicable SONIA Reference Rate is not made available on the Relevant Screen Page or has not otherwise been published by the SONIA authorised distributors by 5:00 p.m. London time, then (unless the U.S. Paying Agent has been notified of any Successor Rate or Alternative Rate (and any related Adjustment Spread and/or Benchmark Amendments) pursuant to Condition 4.7 below, if applicable) the SONIA Reference Rate in respect of such London Banking Day shall be:

(A) the sum of (i) the Bank of England's Bank Rate (the **Bank Rate**) prevailing at 5:00 p.m. London time (or, if earlier, close of business) on such London Banking Day; and (ii) the mean of the spread of the SONIA Reference Rate

to the Bank Rate over the previous five London Banking Days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and the lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads); or

- (B) if the Bank Rate described in paragraph (A) above is not available at such time on such London Banking Day, the SONIA Reference Rate published on the Relevant Screen Page (or otherwise published by the SONIA authorised distributors) for the first preceding London Banking Day on which the SONIA Reference Rate was published on the Relevant Screen Page (or otherwise published by the SONIA authorised distributors); and

**Specified Time** means 10:00 a.m., London time, or such other time as is specified in the applicable Final Terms.

(f) *Floating Rate Covered Bonds referencing Compounded Daily SOFR*

- (i) Where the **Reference Rate** for the manner in which the Rate of Interest is to be determined is specified in the applicable Final Terms as being Compounded Daily SOFR, the Rate of Interest for each Floating Interest Period will, subject as provided below, be Compounded Daily SOFR for such Floating Interest Period plus or minus (as specified in the applicable Final Terms) the Margin (if any), all as determined and calculated by the U.S. Paying Agent.

**Compounded Daily SOFR** means, with respect to a Floating Interest Period,

- (A) if Index Determination is specified as being applicable in the applicable Final Terms, the rate determined by the U.S. Paying Agent on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\left( \frac{SOFR\ Index_{End}}{SOFR\ Index_{Start}} - 1 \right) \times \left( \frac{360}{d} \right)$$

where:

**SOFR Index<sub>Start</sub>** is the SOFR Index value for the day falling p U.S. Government Securities Business Days prior to the first day of the relevant Floating Interest Period;

**SOFR Index<sub>End</sub>** is the SOFR Index value for the day falling p U.S. Government Securities Business Days prior to the Interest Payment Date for the relevant Floating Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Floating Interest Period); and

**d** is the number of calendar days in the relevant SOFR Observation Period;

*provided that*, if the SOFR Index value required to determine SOFR Index<sub>Start</sub> or SOFR Index<sub>End</sub> does not appear on the SOFR Administrator's

Website at the Specified Time on the relevant U.S. Government Securities Business Day (or by 3:00 p.m. New York City time on the immediately following U.S. Government Securities Business Day or such later time falling one hour after the customary or scheduled time for publication of the SOFR Index value in accordance with the then-prevailing operational procedures of the administrator of SOFR Index), “Compounded Daily SOFR” for such Floating Interest Period and each Floating Interest Period thereafter will be determined in accordance with Condition 4.2(f)(i)(B) below; or

- (B) if either (x) Index Determination is specified as being not applicable in the applicable Final Terms, or (y) this Condition 4.2(f)(i)(B) applies to such Floating Interest Period pursuant to the proviso in Condition 4.2(f)(i)(A) above, the rate determined by the U.S. Paying Agent on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards):

$$\left[ \prod_{i=1}^{d_0} \left( 1 + \frac{SOFR_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

**d** is the number of calendar days in the relevant SOFR Observation Period;

**d<sub>0</sub>** is the number of U.S. Government Securities Business Days in the relevant SOFR Observation Period;

**i** is a series of whole numbers from one to “d<sub>0</sub>”, each representing the relevant U.S. Government Securities Business Days in chronological order from, and including, the first U.S. Government Securities Business Day in the relevant SOFR Observation Period;

**n<sub>i</sub>**, for any U.S. Government Securities Business Day “i”, in the relevant SOFR Observation Period, is the number of calendar days from (and including) such U.S. Government Securities Business Day “i” up to but excluding the following U.S. Government Securities Business Day (“i+1”); and

**SOFR<sub>i</sub>** means, in respect of any U.S. Government Securities Business Day “i” falling in the relevant SOFR Observation Period, the SOFR Reference Rate for such U.S. Government Securities Business Day.

- (ii) If the SOFR Benchmark Replacement is at any time required to be used pursuant to paragraph (C) of the definition of SOFR Reference Rate, then the Issuer or the SOFR Benchmark Replacement Agent, as applicable, will determine the SOFR Benchmark Replacement in accordance with the definition thereof with respect to the then-current SOFR Benchmark, and if the Issuer or the SOFR Benchmark Replacement Agent, as applicable, has so determined the SOFR Benchmark Replacement, then:

- (A) the Issuer or the SOFR Benchmark Replacement Agent, as applicable, shall also determine the method for determining the rate described in sub-

paragraph (a) of paragraph (A), (B) or (C) of the definition of SOFR Benchmark Replacement, as applicable (including (i) the page, section or other part of a particular information service on or source from which such rate appears or is obtained (the **Alternative Relevant Source**), (ii) the time at which such rate appears on, or is obtained from, the Alternative Relevant Source (the **Alternative Specified Time**), (iii) the day on which such rate will appear on, or is obtained from, the Relevant Source in respect of each U.S. Government Securities Business Day (the **Alternative Relevant Date**), and (iv) any alternative method for determining such rate if is unavailable at the Alternative Specified Time on the applicable Alternative Relevant Date), which method shall be consistent with industry-accepted practices for such rate;

(B) from (and including) the Affected Day, references to the Specified Time shall in these Conditions be deemed to be references to the Alternative Specified Time;

(C) if the Issuer or the SOFR Benchmark Replacement Agent, as applicable, determine that (i) changes to the definitions of Business Day, Business Day Convention, Compounded Daily SOFR, Day Count Fraction, Interest Determination Date, Interest Payment Date, Floating Interest Period, SOFR Observation Period, SOFR Observation Shift Period, SOFR Reference Rate or U.S. Government Securities Business Day and/or (ii) any other technical changes to any other provision in this Condition 4.2(f)(ii)(C), are necessary in order to implement the SOFR Benchmark Replacement (including any alternative method described in sub-paragraph (iv) of paragraph (A) above) as the SOFR Benchmark in a manner substantially consistent with market practice (or, if the Issuer or the SOFR Benchmark Replacement Agent, as the case may be, decides that adoption of any portion of such market practice is not administratively feasible or if the Issuer or the SOFR Benchmark Replacement Agent, as the case may be, determines that no market practice for use of the SOFR Benchmark Replacement exists, in such other manner as the Issuer or the SOFR Benchmark Replacement Agent, as the case may be, determines is reasonably necessary), the Issuer, the Bond Trustee and the U.S. Paying Agent shall agree without any requirement for the consent or approval of Covered Bondholders to the necessary modifications to these Conditions, the Bond Trust Deed and/or the Principal Agency Agreement in order to provide for the amendment of such definitions or other provisions to reflect such changes; and

(D) the Issuer will give notice or will procure that notice is given as soon as practicable to the U.S. Paying Agent or other Paying Agent, as applicable, and to the Covered Bondholders in accordance with Condition 12, specifying the SOFR Benchmark Replacement, as well as the details described in this paragraph (ii) and the amendments implemented pursuant to paragraph (C) above.

(iii) For the purposes of this Condition 4.2(f):

**Corresponding Tenor** means, with respect to a SOFR Benchmark Replacement, a tenor (including overnight) having approximately the same length (disregarding any

applicable Business Day Convention) as the applicable tenor for the then-current SOFR Benchmark;

**ISDA Definitions** means the 2021 ISDA Interest Rate Derivatives Definitions published by ISDA or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time;

**ISDA Fallback Adjustment** means, with respect to any ISDA Fallback Rate, the spread adjustment, which may be a positive or negative value or zero, that would be applied to such ISDA Fallback Rate in the case of derivative transactions referencing the ISDA Definitions that will be effective upon the occurrence of an index cessation event with respect to the then-current SOFR Benchmark for the applicable tenor;

**ISDA Fallback Rate** means, with respect to the then-current SOFR Benchmark, the rate that would apply for derivative transactions referencing the ISDA Definitions that will be effective upon the occurrence of an index cessation date with respect to the then-current SOFR Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment;

**p** means the number of U.S. Government Securities Business Days included in the SOFR Observation Shift Period, as specified in the applicable Final Terms;

**Relevant Governmental Body** means the Board of Governors of the Federal Reserve System and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Board of Governors of the Federal Reserve System and/or the Federal Reserve Bank of New York or any successor thereto;

**SOFR** means, in respect of any U.S. Government Securities Business Day, the daily secured overnight financing rate for such U.S. Government Securities Business Day as provided by the Federal Reserve Bank of New York, as the administrator of such rate (or any successor administrator of such rate);

**SOFR Administrator** means the Federal Reserve Bank of New York (or any successor administrator of the daily Secured Overnight Financing Rate or the SOFR Index, as applicable);

**SOFR Administrator's Website** means the website of the Federal Reserve Bank of New York, or any successor source;

**SOFR Benchmark** means SOFR, provided that if a SOFR Benchmark Transition Event and its related SOFR Benchmark Replacement Date have occurred with respect to SOFR or such other then-current SOFR Benchmark, then "SOFR Benchmark" means the applicable SOFR Benchmark Replacement;

**SOFR Benchmark Replacement** means, with respect to the then-current SOFR Benchmark, the first alternative set forth in the order presented below that can be determined by the Issuer or the SOFR Benchmark Replacement Agent, if any, as of the SOFR Benchmark Replacement Date with respect to the then-current SOFR Benchmark:

- (A) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current SOFR Benchmark for the applicable Corresponding Tenor and (b) the SOFR Benchmark Replacement Adjustment; or
- (B) the sum of (a) the ISDA Fallback Rate and (b) the SOFR Benchmark Replacement Adjustment; or
- (C) the sum of: (a) the alternate rate of interest that has been selected by the Issuer or the SOFR Benchmark Replacement Agent, if any, as the replacement for the then-current Benchmark for the applicable Corresponding Tenor and (b) the SOFR Benchmark Replacement Adjustment, provided that, (i) if the Issuer or the SOFR Benchmark Replacement Agent, as the case may be, determines that there is an industry-accepted replacement rate of interest for the then-current Benchmark for U.S. dollar-denominated floating rate covered bonds at such time, it shall select such industry-accepted rate, and (ii) otherwise, it shall select such rate of interest that it has determined is most comparable to the then-current Benchmark, and the SOFR Benchmark Replacement Adjustment;

**SOFR Benchmark Replacement Adjustment** means, with respect to any SOFR Benchmark Replacement, the first alternative set forth in the order below that can be determined by the Issuer or the SOFR Benchmark Replacement Agent, if any, as of the SOFR Benchmark Replacement Date with respect to the then-current Benchmark:

- (A) the spread adjustment, or method for calculating or determining such spread adjustment, which may be a positive or negative value or zero, that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (B) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, the ISDA Fallback Adjustment;
- (C) the spread adjustment, which may be a positive or negative value or zero, that has been selected by the Issuer or the SOFR Benchmark Replacement Agent, if any, to be applied to the applicable Unadjusted SOFR Benchmark Replacement in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Covered Bondholders as a result of the replacement of the then-current SOFR Benchmark with such Unadjusted SOFR Benchmark Replacement for the purposes of determining the SOFR Reference Rate, which spread adjustment shall be consistent with any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, applied to such Unadjusted SOFR Benchmark Replacement where it has replaced the then-current SOFR Benchmark for U.S. dollar denominated floating rate covered bonds at such time;

**SOFR Benchmark Replacement Agent** means any affiliate of the Issuer or such other person that has been appointed by the Issuer to make the calculations and determinations to be made by the SOFR Benchmark Replacement Agent described herein that may be made by either the SOFR Benchmark Replacement Agent or the Issuer, so long as such affiliate or other person is a leading bank or other financial

institution or a person with appropriate expertise, in each case that is experienced in such calculations and determinations. The Issuer may elect, but is not required, to appoint a SOFR Benchmark Replacement Agent at any time. The Issuer will notify the Covered Bondholders of any such appointment in accordance with Condition 12;

**SOFR Benchmark Replacement Date** means, with respect to the then-current SOFR Benchmark, the earliest to occur of the following events with respect thereto:

- (A) in the case of paragraph (A) or (B) of the definition of SOFR Benchmark Transition Event, the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the SOFR Benchmark permanently or indefinitely ceases to provide the SOFR Benchmark; or
- (B) in the case of paragraph (C) of the definition of SOFR Benchmark Transition Event, the date of the public statement or publication of information referenced therein.

If the event giving rise to the SOFR Benchmark Replacement Date occurs on the same day as, but earlier than, the Specified Time in respect of any determination, the SOFR Benchmark Replacement Date will be deemed to have occurred prior to the Specified Time for such determination;

**SOFR Benchmark Transition Event** means, with respect to the then-current SOFR Benchmark, the occurrence of one or more of the following events with respect thereto:

- (A) a public statement or publication of information by or on behalf of the administrator of the SOFR Benchmark announcing that such administrator has ceased or will cease to provide the SOFR Benchmark, permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the SOFR Benchmark;
- (B) a public statement or publication of information by the regulatory supervisor for the administrator of the SOFR Benchmark, the central bank for the currency of the SOFR Benchmark, an insolvency official with jurisdiction over the administrator for the SOFR Benchmark, a resolution authority with jurisdiction over the administrator for the SOFR Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator for the SOFR Benchmark, which states that the administrator of the SOFR Benchmark has ceased or will cease to provide the SOFR Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the SOFR Benchmark; or
- (C) a public statement or publication of information by the regulatory supervisor for the administrator of the SOFR Benchmark announcing that the SOFR Benchmark is no longer representative;

**SOFR Index** means, in respect of any U.S. Government Securities Business Day, the compounded daily SOFR rate as published by the Federal Reserve Bank of New York, as the administrator of such rate (or any successor administrator of such rate) as such

rate appears on the SOFR Administrator's Website at the Specified Time on such U.S. Government Securities Business Day;

**SOFR Observation Period** means, in respect of any Floating Interest Period, the period from (and including) the date falling "p" U.S. Government Securities Business Days prior to the first day of such Floating Interest Period to (but excluding) the date falling "p" U.S. Government Securities Business Days prior to the Interest Payment Date for such Floating Interest Period or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Floating Interest Period);

**SOFR Observation Shift Period** is as specified in the applicable Final Terms; and

**SOFR Reference Rate** means, in respect of any U.S. Government Securities Business Day:

- (A) a rate equal to SOFR for such U.S. Government Securities Business Day appearing on the SOFR Administrator's Website on or about the Specified Time on the U.S. Government Securities Business Day immediately following such U.S. Government Securities Business Day; or
- (B) if SOFR in respect of such U.S. Government Securities Business Day does not appear as specified in paragraph (A) above, unless the Issuer or the SOFR Benchmark Replacement Agent, if any, determines that a SOFR Benchmark Transition Event and its related SOFR Benchmark Replacement Date have occurred with respect to SOFR on or prior to the Specified Time on the U.S. Government Securities Business Day immediately following such U.S. Government Securities Business Day, SOFR in respect of the last U.S. Government Securities Business Day for which such rate was published on the SOFR Administrator's Website; or
- (C) if the Issuer or the SOFR Benchmark Replacement Agent, if any, determines that a SOFR Benchmark Transition Event and its related SOFR Benchmark Replacement Date have occurred with respect to the then-current SOFR Benchmark on or prior to the Specified Time on the U.S. Government Securities Business Day immediately following such U.S. Government Securities Business Day (or, if the then-current SOFR Benchmark is not SOFR, on or prior to the Specified Time on the Alternative Relevant Date), then (subject to the subsequent operation of this paragraph (C)) from (and including) the U.S. Government Securities Business Day immediately following such U.S. Government Securities Business Day (or the Alternative Relevant Date, as applicable) (the **Affected Day**), the SOFR Reference Rate shall mean, in respect of any U.S. Government Securities Business Day, the applicable SOFR Benchmark Replacement for such U.S. Government Securities Business Day appearing on, or obtained from, the Alternative Relevant Source at the Alternative Specified Time on the Alternative Relevant Date.

**Specified Time** means 3:00 p.m., New York City time or such other time as is specified in the applicable Final Terms;

**Unadjusted SOFR Benchmark Replacement** means the SOFR Benchmark Replacement excluding the SOFR Benchmark Replacement Adjustment; and

**U.S. Government Securities Business Day** means any day (other than Saturday or Sunday) that is not a day on which the Securities Industry and Financial Markets Association or any successor organisation recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

(iv) Notwithstanding the other provisions of this Condition 4.2(f)(iv), if the Issuer has appointed a SOFR Benchmark Replacement Agent and such SOFR Benchmark Replacement Agent is unable to determine whether a SOFR Benchmark Transition Event has occurred or, following the occurrence of a SOFR Benchmark Transition Event, has not selected the SOFR Benchmark Replacement as of the related SOFR Benchmark Replacement Date, in accordance with this Condition 4.2(f)(iv) then, in such case, the Issuer shall make such determination or select the SOFR Benchmark Replacement, as the case may be.

(v) Any determination, decision or election that may be made by the Issuer or the SOFR Benchmark Replacement Agent, if any, pursuant to this Condition 4.2(f)(v), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event (including any determination that a SOFR Benchmark Transition Event and its related SOFR Benchmark Replacement Date have occurred with respect to the then-current SOFR Benchmark), circumstance or date and any decision to take or refrain from taking any action or any selection, will be made in the sole discretion of the Issuer or the SOFR Benchmark Replacement Agent, as the case may be, acting in good faith and in a commercially reasonable manner.

(g) *Minimum and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a minimum Rate of Interest for any Floating Interest Period, then, in the event that the Rate of Interest in respect of any such Floating Interest Period determined in accordance with the above provisions is less than such minimum Rate of Interest, the Rate of Interest for such Floating Interest Period shall be such minimum Rate of Interest. If the applicable Final Terms specifies a maximum Rate of Interest for any Floating Interest Period, then, in the event that the Rate of Interest in respect of any such Floating Interest Period determined in accordance with the above provisions is greater than such maximum Rate of Interest, the Rate of Interest for such Floating Interest Period shall be the maximum Rate of Interest.

Unless otherwise stated in the applicable Final Terms, the minimum Rate of Interest shall be deemed to be zero.

(h) *[Reserved]*

(i) *Business Day, Interest Determination Date and Relevant Screen Page*

(i) In this Condition 4.2, Business Day has the meaning given to it in Condition 4.3.

(ii) In this Condition 4.2, Interest Determination Date has the meaning set out in this Condition, as applicable, and as specified in the applicable Final Terms.

- (iii) In this Condition 4.2, Relevant Screen Page has the meaning set out in this Condition, as applicable, and as specified in the applicable Final Terms.

(j) *Determination of Rate of Interest and Calculation of Interest Amount*

The U.S. Paying Agent or such other person specified in the applicable Final Terms will, as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest and/or calculate the Interest Amount payable on the Floating Rate Covered Bonds for the relevant Floating Interest Period as soon as practicable after calculating the same.

Unless otherwise specified in the applicable Final Terms, the Interest Amount payable on the Floating Rate Covered Bonds for the relevant Floating Interest Period will be calculated by applying the Rate of Interest to:

- (i) in the case of Floating Rate Covered Bonds which are Registered Global Covered Bonds, the aggregate outstanding nominal amount of the Covered Bonds represented by such Registered Global Covered Bonds, unless “Calculation to be on a Calculation Amount Basis” is specified as being applicable in the applicable Final Terms in which case the Rate of Interests shall be applied to the Calculation Amount; or
- (ii) in the case of Floating Rate Covered Bonds which are Definitive Covered Bonds, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Covered Bond which is a Definitive Covered Bond is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Covered Bond will be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

The determination of the Rate of Interest and calculation of each Interest Amount by the U.S. Paying Agent or other person specified in the applicable Final Terms shall (in the absence of manifest error) be final and binding upon all parties.

(k) *Notification of Rate of Interest and Interest Amount*

The U.S. Paying Agent or the other Paying Agent, as applicable, will cause the Rate of Interest and the Floating Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified, other than where the Reference Rate is specified in the applicable Final Terms as being “Compounded Daily SONIA” or “Compounded Daily SOFR”, to the Issuer and the Covered Bond Guarantor and, in the case of Floating Rate Covered Bonds which are listed on a stock exchange, that stock exchange as soon as possible but in any event not later than the second Business Day after their determination and will cause notice of such information to be given to the holders of the Covered Bonds of this Series in accordance with Condition 12 not later than the fourth Business Day after their determination and, in the case of Floating Rate Covered Bonds referencing “Compounded Daily SONIA” or “Compounded Daily SOFR”, in the case of notice to each of the Issuer, any stock exchange and in accordance with Condition 12 as provided above, the U.S. Paying Agent or the other Paying Agent, as applicable, will cause such notice to be given as soon as possible after the determination of the relevant Rate of Interest and Interest Amount, and no later than the second Business Day after their determination. Each

Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notification as aforesaid in the event of an extension or shortening of the Floating Interest Period. Any such amendment will be promptly notified to any stock exchange on which the Covered Bonds affected thereby are for the time being listed.

(l) *Notifications, etc. to be final*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of these Conditions by the U.S. Paying Agent or other Paying Agent (if any) will (in the absence of default, bad faith or manifest error by them or any of their directors, officers, employees or agents) be binding on the Issuer, the Covered Bond Guarantor, the U.S. Paying Agent, the other Paying Agents and all holders of the Covered Bonds of this Series and (in the absence of any default, bad faith or manifest error as referred to above) no liability to the Issuer or the holders of the Covered Bonds of this Series will attach to the U.S. Paying Agent in connection with the exercise or non-exercise by them of their powers, duties and discretions under this Condition 4.2.

(m) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of a Floating Interest Period in the applicable Final Terms, the Rate of Interest for such Floating Interest Period shall be calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) by straight line linear interpolation by reference to two rates based on the relevant Reference Rate, which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Floating Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Floating Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

In these Conditions:

**Designated Maturity** means the period of time designated in the Reference Rate;

#### **4.3 Day Count Fraction and Business Day Convention**

(a) *Day Count Fraction*

**Day Count Fraction** means, unless otherwise specified in the applicable Final Terms:

- (i) if “Actual/Actual (ISDA)” or “Actual/Actual” is specified in the applicable Final Terms, the actual number of days in, for the purposes of Condition 4.1, the Fixed Interest Period or, if interest is required to be calculated for a period (the **Relevant Period**) other than a full Interest Period, the Relevant Period, as the case may be, and, for the purposes of Condition 4.2, the Floating Interest Period, in each case divided by 365 (or, if any portion of the relevant period falls in a leap year, the sum of (A) the actual number of days in that portion of the relevant period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the relevant period falling in a non-leap year divided by 365);

- (ii) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in, for the purposes of Condition 4.1, the Fixed Interest Period or the Relevant Period, as the case may be, and, for the purposes of Condition 4.2, the Floating Interest Period, in each case divided by 365;
- (iii) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in, for the purposes of Condition 4.1, the Fixed Interest Period or the Relevant Period, as the case may be, and, for the purposes of Condition 4.2, the Floating Interest Period, in each case divided by 360;
- (iv) if “30/360 (Floating)”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

**Y1** is the year, expressed as a number, in which the first day of the Interest Period falls;

**Y2** is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

**M1** is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

**M2** is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

**D1** is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

**D2** is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (v) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in, for the purposes of Condition 4.1, the Fixed Interest Period or the Relevant Period, as the case may be, and, for the purposes of Condition 4.2, the Floating Interest Period, in each case divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

**Y1** is the year, expressed as a number, in which the first day of the Interest Period falls;

**Y2** is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

**M1** is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

**M2** is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

**D1** is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

**D2** is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30;

- (vi) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in, for the purposes of Condition 4.1, the Fixed Interest Period or the Relevant Period, as the case may be, and, for the purposes of Condition 4.2, the Floating Interest Period, in each case divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

**Y1** is the year, expressed as a number, in which the first day of the Interest Period falls;

**Y2** is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

**M1** is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

**M2** is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

**D1** is the first calendar day, expressed as a number, of the Interest Period, unless (A) that day is the last day of February or (B) such number would be 31, in which case D1 will be 30; and

**D2** is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (A) that day is the last day of February but not the Final Maturity Date or (B) such number would be 31 and D2 will be 30.

- (vii) if “Actual/Actual (ICMA)” is specified in the applicable Final Terms:

(A) in the case of Covered Bonds where the number of days in the Interest Period or the Relevant Period, as the case may be, from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the Accrual Period) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; or

(B) in the case of Covered Bonds where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:

- (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; and
  - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year;
- (viii) if “30/360 (Fixed)” or “30/360, unadjusted” is specified in the applicable Final Terms, the number of days in the Interest Period or the Relevant Period, as the case may be, (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

**Determination Period** means the period from (and including) a Determination Date (as specified in the applicable Final Terms) to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

- (ix) if “RBA Bond Basis” is specified in the applicable Final Terms, one divided by the number of Interest Payment Dates in a year in which the Interest Period falls (a year being each 12 month period on and from the Issue Date).

(b) *Business Day Convention*

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then if the Business Day Convention specified is:

- (i) in the case where a Specified Period is specified in accordance with Condition 4.1(a), the Floating Rate Convention, such Interest Payment Date (A) in the case of (x) above, must be the last day that is a Business Day in the relevant month and the provisions of paragraph (ii) below will apply *mutatis mutandis* or (B) in the case of (y) above, must be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date (or other date) must be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date will be the last Business Day of the last month which falls in the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (ii) the Following Business Day Convention, such Interest Payment Date will be postponed to the next day which is a Business Day; or
- (iii) the Modified Following Business Day Convention, such Interest Payment Date will be postponed to the next day which is a Business Day unless it would thereby fall into the next

calendar month, in which event such Interest Payment Date will be brought forward to the immediately preceding Business Day; or

- (iv) the Preceding Business Day Convention, such Interest Payment Date will be brought forward to the immediately preceding Business Day.

In this Condition 4.3:

**Business Day** means (unless otherwise stated in the applicable Final Terms):

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Sydney and in London and, in the case of Registered Covered Bonds, New York, and if any Additional Business Centre(s) (other than T2) is specified in the applicable Final Terms, in such Additional Business Centre(s);
- (ii) if T2 is specified as an Additional Business Centre in the applicable Final Terms, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer System or any successor or replacement for that system (currently T2) is open; and
- (iii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre of the country of the relevant Specified Currency or (2) in relation to any sum payable in euro, a day on which T2 is open.

**4.4** [Reserved]

**4.5** [Reserved]

**4.6** [Reserved]

**4.7** **Benchmark Discontinuation**

Notwithstanding the provisions in Condition 4.2 above (in the case of Floating Rate Covered Bonds other than where the Reference Rate is specified in the applicable Final Terms as being “Compounded Daily SOFR”, in which case the provisions of this Condition 4.7 shall not apply) if the Issuer (acting in good faith and in a commercially reasonable manner) determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to that Original Reference Rate, then the following provisions of this Condition 4.7 shall apply.

- (a) *Successor Rate or Alternative Rate*

If there is a Successor Rate, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Bond Trustee, the Principal Paying Agent and, in accordance with Condition 12, the Covered Bondholders of such Successor Rate and that Successor Rate shall (subject to adjustment as provided in Condition 4.7(b)) subsequently be used by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Covered Bonds (subject to the further operation of this Condition 4.7).

If there is no Successor Rate but the Issuer, acting in good faith and in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Alternative Rate, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Bond Trustee, the Principal Paying Agent and, in accordance with Condition 12, the Covered Bondholders of such Alternative Rate and that Alternative Rate shall (subject to adjustment as provided in Condition 4.7(b)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Covered Bonds (subject to the further operation of this Condition 4.7).

(b) *Adjustment Spread*

If, in the case of a Successor Rate, an Adjustment Spread is formally recommended, or provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body, then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Bond Trustee, the Principal Paying Agent and, in accordance with Condition 12, the Covered Bondholders of such Adjustment Spread and the Principal Paying Agent shall apply such Adjustment Spread to the Successor Rate for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate.

If, in the case of a Successor Rate where no such Adjustment Spread is formally recommended, or provided as an option by any Relevant Nominating Body, or in the case of an Alternative Rate, the Issuer, acting in good faith, in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser, determines that there is an Adjustment Spread in customary market usage in the international debt capital markets for transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be), then the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Bond Trustee, the Principal Paying Agent and, in accordance with Condition 12, the Covered Bondholders of such Adjustment Spread and the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall, apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

If no such recommendation or option has been made (or made available) by any Relevant Nominating Body, or the Issuer so determines that there is no such Adjustment Spread in customary market usage in the international debt capital markets and the Issuer further determines, acting in good faith and in a commercially reasonable manner and following consultation with an Independent Adviser, that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be), then the Adjustment Spread shall be:

- (i) the Adjustment Spread determined by the Issuer, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, as being the Adjustment Spread recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or

- (ii) if there is no such industry standard recognised or acknowledged, such Adjustment Spread as the Issuer, acting in good faith, in a commercially reasonable manner and following consultation with an Independent Adviser, determines to be appropriate having regard to the objective, so far as is reasonably practicable in the circumstances, of reducing or eliminating any economic prejudice or benefit (as the case may be) to Covered Bondholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be).

Following any such determination of the Adjustment Spread, the Issuer shall, prior to the date which is five Business Days prior to the relevant Interest Determination Date, notify the Bond Trustee, the Principal Paying Agent and, in accordance with Condition 12, the Covered Bondholders of such Adjustment Spread and the Principal Paying Agent shall apply such Adjustment Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(c) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 4.7 and the Issuer (acting in good faith and in a commercially reasonable manner and by reference to such sources as it deems appropriate, which may include consultation with an Independent Adviser) determines in its discretion (A) that amendments to these Conditions and/or the Bond Trust Deed and/or the Principal Agency Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the **Benchmark Amendments**) and (B) the terms of the Benchmark Amendments, then the Issuer, the Bond Trustee and the Agents shall, subject to the following paragraphs of this Condition 4.7(c) and subject to the Issuer having to give notice thereof to the Covered Bondholders in accordance with Condition 12 and to the Bond Trustee and the party responsible for determining the Rate of Interest (being the Principal Paying Agent) in accordance with this Condition 4.7(c), without any requirement for the consent or approval of Covered Bondholders, agree to the necessary modifications to these Conditions and/or Bond Trust Deed and/or the Principal Agency Agreement to give effect to such Benchmark Amendments at the request of the Issuer, but subject to receipt by the Bond Trustee and the Principal Paying Agent of the certificate referred to in the penultimate paragraph of this Condition 4.7(c), and subject as provided below, the Bond Trustee and the Agents (as applicable) shall (at the expense of the Issuer), without any requirement for the consent or approval of the Covered Bondholders and without liability to the Covered Bondholders or any other person, be obliged to concur with the Issuer in effecting any such Benchmark Amendments (including, inter alia, by the execution of a deed supplemental to or amending the Bond Trust Deed) with effect from the date specified in such notice.

In connection with any such modifications in accordance with this Condition 4.7(c), if and for so long as the Covered Bonds are admitted to trading and listed on the official list of a stock exchange, the Issuer shall comply with the rules of that stock exchange.

Notwithstanding any other provision of this Condition 4.7(c), neither the Bond Trustee nor any Agent shall be obliged to concur with the Issuer and the Covered Bond Guarantor, and/or (in the case of the Bond Trustee) direct the Security Trustee to concur with the Issuer and the Covered Bond Guarantor in respect of any Benchmark Amendments which, in the sole opinion of the Bond Trustee or the relevant Agent (as applicable), would have the effect of (i) exposing the Bond Trustee or the relevant Agent (as applicable) to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Bond Trustee or the relevant

Agent (as applicable) in the Bond Trust Deed, the Principal Agency Agreement and/or these Conditions.

Any Benchmark Amendments determined under this Condition 4.7(c) shall be notified promptly (not less than five Business Days prior to the relevant Interest Determination Date) by the Issuer to the Covered Bond Guarantor, the Bond Trustee, the Principal Paying Agent and, in accordance with Condition 12, the Covered Bondholders. Such notice shall be irrevocable and shall specify the effective date of such Benchmark Amendments.

No later than notifying the Bond Trustee and the Principal Paying Agent of the same, the Issuer shall deliver to each of the Bond Trustee and the Principal Paying Agent a certificate (on which each of the Bond Trustee and the Principal Paying Agent shall be entitled to rely without further enquiry or liability) signed by an Authorised Officer of the Issuer:

- (i) confirming (A) that a Benchmark Event has occurred, (B) whether the Issuer has consulted with an Independent Adviser, (C) the Successor Rate or, as applicable, the Alternative Rate and, (D) where applicable, any Adjustment Spread and/or (E) the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 4.7(c); and
- (ii) certifying that the Benchmark Amendments (A) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread and (B) in each case, have been drafted solely to such effect.

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Bond Trustee's and the Principal Paying Agent's, ability to rely on such certificate as aforesaid) be binding on the Issuer, the Bond Trustee or the Principal Paying Agent, and the Covered Bondholders.

(d) *Independent Adviser*

In the event the Issuer is to consult with an Independent Adviser in connection with any determination to be made by the Issuer pursuant to this Condition 4.7(d), the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, for the purposes of any such consultation.

An Independent Adviser appointed pursuant to this Condition 4.7(d) shall act in good faith and in a commercially reasonable manner and (in the absence of fraud or wilful default) shall have no liability whatsoever to the Issuer, the Bond Trustee or the Covered Bondholders for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer pursuant to this Condition 4.7(d) or otherwise in connection with the Covered Bonds.

If the Issuer consults with an Independent Adviser as to whether there is an Alternative Rate and/or whether any Adjustment Spread is required to be applied and/or in relation to the quantum of, or any formula or methodology for determining such Adjustment Spread and/or whether any Benchmark Amendments are necessary and/or in relation to the terms of any such Benchmark Amendments, a written determination of an Independent Adviser in respect thereof shall be conclusive and binding on all parties, save in the case of manifest error, and (in the absence of default or bad faith) the Issuer shall have no liability whatsoever to the Covered

Bondholders in respect of anything done, or omitted to be done, in relation to that matter in accordance with any such written determination.

No Independent Adviser appointed in connection with the Covered Bonds (acting in such capacity), shall have any relationship of agency or trust with the Covered Bondholders.

(e) *Survival of Original Reference Rate Provisions*

Without prejudice to the obligations of the Issuer under this Condition 4.7, the Original Reference Rate and the fallback provisions provided for in Condition 4.2(d), the applicable Final Terms, as the case may be, will continue to apply unless and until the Issuer has determined the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with the relevant provisions of this Condition 4.7.

(f) *Notifications, etc. to be final*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4.7 by the Issuer will (in the absence of default, bad faith or manifest error by it or any of its directors, officers, employees or agents) be binding on the Issuer, the Bond Trustee, the Covered Bond Guarantor, the Principal Paying Agent, the other Paying Agents and all the Covered Bondholders of the relevant Series and Coupons relating thereto and (in the absence of any default, bad faith or manifest error as referred to above) no liability to the Bond Trustee and the Principal Paying Agent or the Covered Bondholders of the relevant Series and Coupons relating thereto shall attach to the Issuer in connection with the exercise or non-exercise by it of its powers, duties and discretions under this Condition 4.7.

(g) *Definitions*

In this Condition 4.7:

**Adjustment Spread** means either a spread, or the formula or methodology for calculating a spread and the spread resulting from such calculation, which spread may in either case be positive or negative and is to be applied to the Successor Rate or the Alternative Rate (as the case may be) where the Original Reference Rate is replaced with the Successor Rate or the Alternative Rate (as the case may be);

**Alternative Rate** means an alternative benchmark or screen rate which the Issuer determines in accordance with this Condition 4.7 is to be used in place of the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period and in the same Specified Currency as the Covered Bonds;

**Benchmark Event** means the earlier to occur of:

- (i) the Original Reference Rate ceasing to be published for at least five Business Days or ceasing to exist or be administered;
- (ii) the later of (A) the making of a public statement by the administrator of the Original Reference Rate that it will, by a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (B) the date falling six months prior to such specified date;

- (iii) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued, is prohibited from being used or is no longer representative, or that its use is subject to restrictions or adverse consequences or, where such discontinuation, prohibition, restrictions or adverse consequences are to apply from a specified date after the making of any public statement to such effect, the later of the date of the making of such public statement and the date falling six months prior to such specified date; and
- (iv) it has or will prior to the next Interest Determination Date become unlawful for the Principal Paying Agent, any other Paying Agent, (if specified in the applicable Final Terms) such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms, or the Issuer to determine any Rate of Interest and/or calculate any Interest Amount using the Original Reference Rate (including, without limitation, under (i) Regulation (EU) No. 2016/1011 and/or (ii) Regulation (EU) No. 2016/1011 as it forms part of domestic law in the UK by virtue of the European Union (Withdrawal) Act 2018, if applicable);

**Independent Adviser** means an independent financial institution of international repute or other independent financial adviser of recognised standing with appropriate expertise appointed by the Issuer at its own expense;

**Original Reference Rate** means the benchmark or screen rate (as applicable) originally specified in the applicable Final Terms for the purposes of determining the relevant Rate of Interest (or any component part thereof) in respect of the Covered Bonds (provided that if, following one or more Benchmark Events, such originally specified Reference Rate (or any Successor Rate or Alternative Rate which has replaced it) has been replaced by a (or a further) Successor Rate or Alternative Rate and a Benchmark Event subsequently occurs in respect of such Successor Rate or Alternative Rate, the term **Original Reference Rate** shall include any such Successor Rate or Alternative Rate);

**Relevant Nominating Body** means, in respect of a benchmark or screen rate (as applicable):

- (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- (ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (A) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (B) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (C) a group of the aforementioned central banks or other supervisory authorities, or (D) the Financial Stability Board or any part thereof; and

**Successor Rate** means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

## **5. REDEMPTION AND PURCHASE**

### **5.1 Final Redemption**

Unless previously redeemed or purchased and cancelled as provided below, each Covered Bond of this Series will be redeemed at its Final Redemption Amount in the relevant Specified Currency on the Final Maturity Date (as specified in the applicable Final Terms).

Without prejudice to Condition 9, if an Extended Due for Payment Date is specified as applicable in the applicable Final Terms for a Series of Covered Bonds and the Issuer has failed to pay the Final Redemption Amount on the Final Maturity Date specified in the applicable Final Terms (or after expiry of the grace period set out in Condition 9.1(a) and, following the service of a Notice to Pay on the Covered Bond Guarantor by no later than the date falling one Business Day prior to the Extension Determination Date, the Covered Bond Guarantor has insufficient monies available under the Guarantee Priority of Payments to pay the Guaranteed Amounts corresponding to the Final Redemption Amount in full in respect of the relevant Series of Covered Bonds on the date falling on the earlier of (a) the date which falls two Business Days after service of such Notice to Pay on the Covered Bond Guarantor or, if later, the Final Maturity Date (or, in each case, after the expiry of the grace period set out in Condition 9.2(a)) under the terms of the Covered Bond Guarantee and (b) the Extension Determination Date, then (subject as provided below) payment of the unpaid amount by the Covered Bond Guarantor under the Covered Bond Guarantee will be deferred until the Extended Due for Payment Date, provided that the Covered Bond Guarantor may pay any amount representing the Final Redemption Amount on the relevant Final Maturity Date and any amount representing the Final Redemption Amount due and remaining unpaid on the earlier of (a) and (b) above may also be paid by the Covered Bond Guarantor on any Interest Payment Date thereafter up to (and including) the Extended Due for Payment Date. The Issuer must confirm to the U.S. Paying Agent as soon as reasonably practicable and in any event at least four Business Days prior to the Final Maturity Date of a Series of Covered Bonds whether (x) payment will be made in full of the Final Redemption Amount in respect of a Series of Covered Bonds on that Final Maturity Date or (y) payment will not be made in full of the Final Redemption Amount in respect of a Series of Covered Bonds on that Final Maturity Date.

The Covered Bond Guarantor must notify the relevant Covered Bondholders (in accordance with Condition 12), the Rating Agencies, the Bond Trustee, the Security Trustee, the U.S. Paying Agent and the U.S. Registrar (in the case of Registered Covered Bonds) as soon as reasonably practicable and in any event at least one Business Day prior to the dates specified in (a) and (b) of the preceding paragraph of any inability of the Covered Bond Guarantor to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount in respect of a Series of Covered Bonds pursuant to the Covered Bond Guarantee. Any failure by the Covered Bond Guarantor to notify such parties will not affect the validity or effectiveness of the extension nor give rise to any rights in any such party. In such circumstances, the Covered Bond Guarantor must on the earlier of (a) the date falling two Business Days after the service of a Notice to Pay on the Covered Bond Guarantor or if later the Final Maturity Date (or, in each case, after the expiry of the grace period set out in Condition 9.2(a)) and (b) the Extension Determination Date, under the Covered Bond Guarantee, apply the monies (if any) available (after paying or providing for payment of higher ranking or *pari passu* amounts in accordance with the Guarantee Priority of Payments) pro rata in part payment of an amount equal to the Final Redemption Amount of each Covered Bond of the relevant Series of Covered Bonds and must pay Guaranteed Amounts constituting the Scheduled Interest in respect of each such Covered Bond on such date. The obligation of the Covered Bond Guarantor to pay any amounts in respect of the balance of the Final Redemption Amount not so paid will be deferred as described above. Such failure to pay by the Covered Bond Guarantor will not constitute a Covered Bond Guarantor Event of Default.

Any discharge of the obligations of the Issuer as the result of the payment of Excess Proceeds to the Bond Trustee must be disregarded for the purposes of determining the amounts to be paid by the Covered Bond Guarantor under the Covered Bond Guarantee in connection with this Condition 5.1.

For the purposes of these Conditions:

**Extended Due for Payment Date** means, in relation to any Series of Covered Bonds, the date, if any, specified as such in the applicable Final Terms to which the payment of all or (as applicable) part of the Final Redemption Amount payable on the Final Maturity Date will be deferred in the event that the Final Redemption Amount is not paid in full on the Extension Determination Date.

**Extension Determination Date** means, in respect of a Series of Covered Bonds to which an Extended Due for Payment Date applies, the date falling two Business Days after the expiry of seven days starting on (and including) the Final Maturity Date of such Series of Covered Bonds.

**Guarantee Priority of Payments** means the guarantee priority of payments relating to the allocation and distribution of the Available Income Amount and Available Principal Amount following service of a Notice to Pay on the Covered Bond Guarantor, but prior to service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, as set out in clause 15.4 of the Establishment Deed.

**Rating Agency** means any one of Moody's Investors Service Pty Limited and Fitch Australia Pty Ltd (together, the **Rating Agencies**) or their successors, to the extent they provide ratings in respect of the Covered Bonds.

## 5.2 Redemption for Tax Reasons

The Covered Bonds of this Series may be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of Covered Bonds other than Floating Rate Covered Bonds) or on any Interest Payment Date (in the case of Floating Rate Covered Bonds), on giving not less than 30 nor more than 60 days' notice in accordance with Condition 12 which notice is irrevocable, at the Early Redemption Amount provided in, or calculated in accordance with, Condition 5.8 (as applicable) below, together with (if provided in such paragraphs) interest accrued up to, but excluding, the date fixed for redemption, if the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 as a result of any change in, or amendment to, the laws or regulations of the Commonwealth of Australia) or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including the manner of exercising any official discretion thereunder), which change or amendment becomes known generally or to the Issuer on or after the Issue Date (or, in the case of a second or subsequent Tranche of Covered Bonds of this Series, the Issue Date for the original Tranche) provided that no such notice of redemption may be given in respect of the Covered Bonds of this Series earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts and, for the purpose only of determining the earliest date on which such notice may be given, it will be deemed that a payment, in respect of which the Issuer would be obliged to pay such additional amounts, is due in respect of the Covered Bonds of this Series on the day on which any such change or amendment becomes effective.

## 5.3 Redemption at the Option of the Issuer (Issuer Call)

If Issuer Call is specified in the applicable Final Terms, the Issuer may, on any Optional Redemption Date specified in the applicable Final Terms, at its option, on giving not less than five Business Days' notice or such other notice period specified in the applicable Final Terms to the Bond Trustee, the U.S. Registrar, and Covered Bondholders of a relevant Series, which in the case of Covered Bonds that clear

through DTC should be not less than 30 nor more than 60 days, (which notice is irrevocable and shall specify the date fixed for redemption and where any such period of notice is expressed as a specified number of business days, the expression “business day” shall have the meaning given in Condition 6.8) in accordance with Condition 12, redeem all or from time to time some only of the Covered Bonds then outstanding on the relevant Optional Redemption Date and at the Optional Redemption Amount specified in the applicable Final Terms together, if applicable, with (in the case of Fixed Rate Covered Bonds) interest accrued to, but excluding, the relevant Optional Redemption Date. In the event of a redemption of some only of such Covered Bonds, such redemption must be for an amount being equal to the Minimum Redemption Amount or a Higher Redemption Amount (if any) specified in the applicable Final Terms. In the case of a partial redemption of Covered Bonds, the Covered Bonds to be redeemed (the **Redeemed Covered Bonds**) will be selected:

- (a) individually by lot, in the case of Redeemed Covered Bonds represented by Definitive Covered Bonds; and
- (b) in the case of Redeemed Covered Bonds represented by a Registered Global Covered Bond, in accordance with the rules of DTC, Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) (or any alternative or additional clearing system as may be specified in the applicable Final Terms);

in each case, not less than 40 days prior to the date fixed for redemption. Each notice of redemption will specify the date fixed for redemption and, in the case of a partial redemption, the aggregate nominal amount, and, where some or all of the Redeemed Covered Bonds are represented by Definitive Covered Bonds, the serial numbers of the Redeemed Covered Bonds and, in each case, the aggregate nominal amount of the Covered Bonds of this Series which will be outstanding after the partial redemption. In addition, in the case of a partial redemption of a Series of Covered Bonds which includes Registered Covered Bonds, the Issuer will publish an additional notice of redemption not less than 80 nor more than 95 days before the date fixed for redemption which notice will specify the period during which exchanges or transfers of Covered Bonds may not be made as provided for in Condition 2.

#### **5.4 Redemption at the Option of the Covered Bondholders (Investor Put)**

If Investor Put is specified in the applicable Final Terms, upon any Covered Bondholder giving to the Issuer in accordance with Condition 12 not less than 30 nor more than 60 days’ notice (the **notice period**) as specified in the applicable Final Terms, the Issuer will, upon the expiry of such notice redeem in whole (but not in part) the Covered Bonds the subject of the notice on the Optional Redemption Date and at the Optional Redemption Amount indicated in the applicable Final Terms together with (in the case of Fixed Rate Covered Bonds) interest accrued up to, but excluding, the Optional Redemption Date.

To exercise the right to require redemption of this Covered Bond the holder of this Covered Bond must, if this Covered Bond is in Definitive form, deliver, at the specified office of the U.S. Registrar on any business day (as defined in Condition 6.8), falling within the notice period a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or from the U.S. Registrar (a **Put Notice**) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 5.4. If this Covered Bond is in Definitive form, the Put Notice must be accompanied by this Covered Bond or evidence satisfactory to the Paying Agent concerned that this Covered Bond will, following delivery of the Put Notice, be held to its order or under its control.

If the Covered Bond is represented by a Registered Global Covered Bond held through DTC, Euroclear or Clearstream, Luxembourg to exercise the right to require redemption of the Covered Bond the holder of the Covered Bond must, within the notice period, give notice to the U.S. Paying Agent of such exercise

in accordance with the standard procedures of DTC, Euroclear or Clearstream, Luxembourg (which may include notice being given on his instruction by DTC, Euroclear or Clearstream, Luxembourg, or any common depository for them to the U.S. Paying Agent by electronic means) in a form acceptable to DTC, Euroclear or Clearstream, Luxembourg, as the case may be, from time to time.

Any Put Notice or other notice given in accordance with the standard procedures of a clearing system by a holder of, or the holder of a beneficial interest in, as applicable, any Covered Bond pursuant to this Condition 5.4 is irrevocable except where, prior to the due date of redemption, an Issuer Event of Default or a Covered Bond Guarantor Event of Default has occurred and is continuing and the Bond Trustee has declared the Covered Bonds to be due and payable pursuant to Condition 9, in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 5.4 and instead request or direct the Bond Trustee to declare such Covered Bond forthwith due and payable pursuant to Condition 9.

## **5.5 Redemption due to Illegality**

The Covered Bonds of all Series may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than 30 nor more than 60 days' notice as specified in the applicable Final Terms to the Bond Trustee, the U.S. Paying Agent, the U.S. Registrar and, in accordance with Condition 12, all the Covered Bondholders (which notice is irrevocable), if the Issuer satisfies the Bond Trustee immediately before the giving of such notice that it has, or will before the next Interest Payment Date of any Covered Bond of any Series, become unlawful for the Intercompany Loan Provider and/or Demand Loan Provider to make, fund or allow to remain outstanding any Term Advance or the Demand Loan (or, in either case, any part thereof) made by the Intercompany Loan Provider or the Demand Loan Provider, as the case may be, to the Covered Bond Guarantor pursuant to the Intercompany Loan Agreement or the Demand Loan Agreement, as the case may be, as a result of any change in, or amendment to, the applicable laws or regulations or any change in the application or official interpretation of such laws or regulations, which change or amendment has become or will become effective before the next such Interest Payment Date.

Covered Bonds redeemed pursuant to this Condition 5.5 will be redeemed at their Early Redemption Amount referred to in Condition 5.8 together (if appropriate) with interest accrued to (but excluding) the date of redemption.

Prior to the publication of any notice of redemption pursuant to Condition 5.2 and Condition 5.5, the Issuer must deliver to the Bond Trustee a certificate signed by either a Director, authorised representative, attorney or authorised signatory stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer to redeem have occurred and the Bond Trustee will be entitled to accept the certificate as sufficient evidence of the satisfaction of such conditions precedent, in which event it will be conclusive and binding on all holders of the Covered Bonds.

## **5.6 Final Terms**

The applicable Final Terms indicates that either (a) this Covered Bond cannot be redeemed prior to its Final Maturity Date except as provided in Conditions 5.2 and 5.5 above or (b) that this Covered Bond will be redeemable at the option of the Issuer and/or the holder of this Covered Bond prior to such Final Maturity Date in accordance with the provisions of Conditions 5.3 and/or 5.4 on the Optional Redemption Date and at an Optional Redemption Amount, and in any Minimum Redemption Amount or Higher Redemption Amount, indicated therein.

**5.7 [Reserved]**

**5.8 Early Redemption Amounts**

For the purposes of Condition 5.2 or Condition 5.5 above and Condition 9, unless otherwise indicated in the applicable Final Terms, Covered Bonds will be redeemed at their Early Redemption Amount, being in the case of Fixed Rate Covered Bonds or Floating Rate Covered Bonds, the Final Redemption Amount in each case in the relevant Specified Currency together with, in the case of Fixed Rate Covered Bonds redeemed pursuant to Condition 5.2 or Condition 5.5 above, interest accrued to, but excluding, the date fixed for redemption.

**5.9 [Reserved]**

**5.10 Purchase and Cancellation**

The Issuer or any of its subsidiaries or the Covered Bond Guarantor may (subject as provided below) at any time purchase or otherwise acquire Covered Bonds of this Series in any manner and at any price. If purchases are made by tender, tenders must be available to all the Covered Bondholders alike. Such Covered Bonds may be held, reissued, resold or, in respect of Covered Bonds, at the option of the Issuer or the relevant subsidiary, surrendered to the U.S. Registrar and/or to any Paying Agent for cancellation (except that any Covered Bonds purchased or otherwise acquired by the Covered Bond Guarantor must immediately be surrendered to the U.S. Registrar and/or to any Paying Agent for cancellation).

**5.11 [Reserved]**

**5.12 [Reserved]**

**6. PAYMENTS**

**6.1 [Reserved]**

**6.2 Payments in respect of Registered Covered Bonds**

Payments of principal in respect of Registered Covered Bonds (whether or not in Global form) will (subject as provided in this Condition 6.2) be made against presentation and surrender of such Registered Covered Bonds at the specified office of the U.S. Registrar by a cheque in the Specified Currency drawn on a bank in the principal financial centre of the country of the Specified Currency. Payments of interest in respect of Registered Covered Bonds will (subject as provided in this Condition 6.2) be made by a cheque in the Specified Currency drawn on a bank in the principal financial centre of the country of the Specified Currency and posted on the business day in the city in which the U.S. Registrar has its specified office immediately preceding the relevant due date to the holder (or to the first named of joint holders) of the Registered Covered Bond appearing on the register at the close of business on the 15th day before the relevant due date (the **Record Date**) at his address shown on the register on the Record Date. Upon application of the holder to the specified office of the U.S. Registrar not less than five business days in the city in which the U.S. Registrar has its specified office before the due date for any payment in respect of a Registered Covered Bond, the payment of principal and/or interest may be made (in the case of payment of principal against presentation and surrender of the relevant Registered Covered Bond as provided above) by transfer on the due date to an account in the Specified Currency maintained by the payee with a bank in the principal financial centre of the country of the Specified Currency subject to the provisions of the following two sentences. If the Specified Currency is Yen, payment will be made (in the case of payment to a non-resident of Japan) by cheque drawn on, or by transfer to a non-resident

account. If the Specified Currency is euro, payment will be made to a euro account specified by the payee.

Holders of Registered Covered Bonds will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any such Registered Covered Bond as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses may be charged to such Covered Bondholders by the U.S. Registrar in respect of any payment of principal or interest in respect of the Registered Covered Bonds.

All amounts payable to DTC or its nominee as registered holder of a Registered Global Covered Bond in respect of Covered Bonds denominated in a Specified Currency other than U.S. dollars must be paid by transfer by the U.S. Registrar to an account in the relevant Specified Currency of the Exchange Agent for conversion into and payment in U.S. dollars in accordance with the provisions of the Principal Agency Agreement.

None of the Issuer, the Bond Trustee, the Covered Bond Guarantor nor the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

**6.3 [Reserved]**

**6.4 [Reserved]**

**6.5 [Reserved]**

**6.6 Payments subject to applicable laws**

Payments in respect of the Covered Bonds will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment but without prejudice to the provisions of Condition 7, and (ii) any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the Code, any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any IGA entered into in connection with the implementation of such Sections of the Code, and no additional amounts will be required to be paid on account of any such deduction or withholding. Any such amount withheld or deducted will be treated as paid for all purposes under the Covered Bonds and no additional amounts will be paid on the Covered Bonds with respect to any such withholding or deduction.

**6.7 [Reserved]**

**6.8 Payments due on non-business days**

If any date for payment of principal in respect of any Registered Covered Bond is not a business day, then the holder thereof will not be entitled to payment at the place of presentation of the amount due until the next following business day (unless otherwise specified in the applicable Final Terms) and will not be entitled to any interest or other sum in respect of any such postponed payment. In addition if any date for the payment of interest by transfer to an account specified by the holder in respect of any Registered Covered Bond is not a business day, then the holder will not be entitled to payment to such account until the next following business day and will not be entitled to any interest or other sum in respect of any such postponed payment. In this Condition **business day** means, subject as provided in the applicable Final Terms:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
  - (i) in the relevant place of presentation;
  - (ii) New York and London; and
  - (iii) any Additional Financial Centre specified in the applicable Final Terms;
- (b) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the places specified in paragraph (a)) or (2) in relation to any sum payable in euro, a day on which T2 is open; and
- (c) in the case of any payment in respect of a Registered Global Covered Bond denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and in respect of which an accountholder of DTC (with an interest in such Registered Global Covered Bond) has elected to receive any part of such payment in U.S. dollars, a day on which commercial banks are not authorised or required by law or regulation to be closed in New York City.

**6.9 [Reserved]**

**6.10 [Reserved]**

**6.11 Interpretation of principal and interest**

Any reference in these Conditions to principal in respect of the Covered Bonds will be deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 7 or under any undertakings or covenants given in addition thereto, or in substitution therefor, pursuant to the Bond Trust Deed;
- (b) the Final Redemption Amount of the Covered Bonds;
- (c) the Early Redemption Amount of the Covered Bonds;
- (d) the Optional Redemption Amount(s) (if any) of the Covered Bonds;
- (e) any premium and any other amounts (other than interest) which may be payable under or in respect of the Covered Bonds; and
- (f) any Excess Proceeds which may be payable by the Bond Trustee under or in respect of the Covered Bonds.

Any reference in these Conditions to interest in respect of the Covered Bonds will be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7 or under any undertakings given in addition thereto, or in substitution therefor, pursuant to the Bond Trust Deed.

## 7. TAXATION

All payments of, or in respect of, principal and interest on the Covered Bonds of this Series by or on behalf of the Issuer and all payments of Guaranteed Amounts by or on behalf of the Covered Bond Guarantor, as the case may be, will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Commonwealth of Australia or any political sub-division thereof or any authority thereof or therein having power to tax unless such taxes, duties, assessments or governmental charges are required by Australian law to be withheld or deducted. In that event, in respect of a payment made by it, the Issuer will pay such additional amounts of, or in respect of, principal and/or interest as will result (after deduction of the taxes, duties, assessments or governmental charges) in payment to the holders of the Covered Bonds of this Series of the amounts which would otherwise have been payable in respect of the Covered Bonds of this Series, except that no such additional amounts will be payable with respect to any Covered Bond of this Series:

- (a) by or on behalf of a holder who is subject to such taxes, duties, assessments or governmental charges in respect of such Covered Bond by reason of his being connected with the Commonwealth of Australia other than by reason only of the holding of the Covered Bond;
- (b) by or on behalf of a holder who is an associate (as that term is defined in section 128F of the Income Tax Assessment Act 1936 (the Australian Tax Act)) of the Issuer and the payment being sought is not, or will not be, exempt from interest withholding tax because of section 128F(6) of the Australian Tax Act;
- (c) more than 30 days after the Relevant Date, except to the extent that the holder thereof would have been entitled to such additional amount on presenting the same for payment on the last day of such period of 30 days; or
- (d) by or on behalf of a holder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying with any statutory requirements in force at the present time or in the future or by making a declaration of non-residence or other claim or filing for exemption.

In addition, any amounts to be paid on the Covered Bonds will be paid net of any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the Code, any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any IGA entered into in connection with the implementation of such Sections of the Code, and no additional amounts will be required to be paid on account of any such deduction or withholding.

The **Relevant Date** in relation to any Covered Bond of this Series means whichever is the later of:

- (i) the date on which payment in respect of such Covered Bond first becomes due and payable; or
- (ii) if the full amount of the moneys payable in respect of such Covered Bond has not been duly received by the U.S. Paying Agent on or prior to such date, the date on which notice is duly given to the Covered Bondholders of this Series in accordance with Condition 12 that such moneys have been so received.

References in these Conditions to principal and interest will be deemed also to refer (as appropriate) (i) to any additional amounts which may be payable under this Condition 7 and (ii) to any premium which may be payable in respect of the Covered Bonds.

If any withholding or deduction is required by the Covered Bond Guarantor in respect of a payment of a Guaranteed Amount to be made by it, the Covered Bond Guarantor must pay the Guaranteed Amounts net of such withholding or deduction and must account to the appropriate Tax Authority for the amount required to be withheld or deducted. The Covered Bond Guarantor will not be obliged to pay any additional amount to the Bond Trustee or any holder of Covered Bonds in respect of the amount of such withholding or deduction.

## 8. PRESCRIPTION

Claims for payment of principal under the Covered Bonds will be prescribed upon the expiry of 10 years, and claims for payment of interest (if any) in respect of the Covered Bonds will be prescribed upon the expiry of five years, in each case from the Relevant Date (as defined in Condition 7) therefor.

## 9. EVENTS OF DEFAULT AND ENFORCEMENT

### 9.1 Issuer Events of Default

The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25% of the aggregate Principal Amount Outstanding of the Covered Bonds (which for this purpose or the purpose of any Extraordinary Resolution referred to in this Condition 9.1 means the Covered Bonds of this Series together with the Covered Bonds of any other Series constituted by the Bond Trust Deed) then outstanding, as if they were a single Series (with the Principal Amount Outstanding of Covered Bonds not denominated in Australian Dollars converted into Australian Dollars at the relevant Swap Rate) or, if so directed by an Extraordinary Resolution of the Covered Bondholders, must (but in the case of the happening of any of the events mentioned in paragraphs (b) and (c) below, only if the Bond Trustee has certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Covered Bondholders of any Series) (subject in each case to being indemnified and/or secured and/or prefunded to its satisfaction) give notice (an **Issuer Acceleration Notice**) in writing to the Issuer that as against the Issuer (but not, for the avoidance of doubt, as against the Covered Bond Guarantor under the Covered Bond Guarantee) each Covered Bond of each Series is, and each such Covered Bond will, unless such event has been cured by the Issuer prior to the Issuer's receipt of the notice in writing from the Bond Trustee, thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest as provided in the Bond Trust Deed if any of the following events (each an **Issuer Event of Default**) occurs and is continuing:

- (a) default is made by the Issuer in the payment of any principal or interest when due, in respect of any Covered Bonds and such default continues for a period of 14 days; or
- (b) the Issuer defaults in performance or observance of or compliance with any of its other undertakings set out in the Covered Bonds which default is incapable of remedy or which, if capable of remedy, is not remedied within 30 days after notice of such default has been given to the Issuer by the Bond Trustee; or
- (c) the Issuer becomes insolvent or it is unable to pay its debts as they mature or the Issuer applies for or consents to or suffers the appointment of a liquidator or receiver of the Issuer or the whole or substantially the whole of the undertaking, property, assets or revenues of the Issuer or takes any proceeding under any law for a readjustment or deferment of its obligations or any part thereof or makes or enters into a general assignment or an arrangement or composition with or for the benefit of its creditors; or

- (d) any law is passed the effect of which is to dissolve the Issuer or the Issuer ceases to carry on a general banking business in the Commonwealth of Australia or the Issuer ceases to be authorised to carry on a general banking business within the Commonwealth of Australia; or
- (e) if an Asset Coverage Test Breach Notice is served and not deemed to be revoked in accordance with the terms of the Establishment Deed on or before the next Determination Date to occur following the service of such Asset Coverage Test Breach Notice; or
- (f) if the Pre-Maturity Test in respect of any Series of Hard Bullet Covered Bonds is breached during the Pre-Maturity Test Period and the amount standing to the credit of the Pre-Maturity Ledger of the GIC Account is less than the aggregate Australian Dollar Equivalent of the Required Redemption Amount for each Series of Hard Bullet Covered Bonds in respect of which the Pre-Maturity Test has been breached, on the earlier to occur of:
  - (A) the later of:
    - I. the date that is 10 Local Business Days from the date that the Seller is notified of that breach; and
    - II. the date that is six months prior to the Final Maturity Date of the relevant Series of Hard Bullet Covered Bonds; and
  - (B) the Final Maturity Date of that Series of Hard Bullet Covered Bonds.

Notwithstanding any other provision of this Condition 9.1, no Issuer Event of Default in respect of the Covered Bonds shall occur solely on account of any failure by the Issuer to perform or observe any of its obligations in relation to, or the taking of any proceeding or the making or entering into of any assignment, arrangement or composition in respect of, any share, note or other security or instrument constituting Tier 1 Capital or Tier 2 Capital (each as defined by APRA from time to time).

Upon the Covered Bonds becoming immediately due and repayable against the Issuer pursuant to this Condition 9.1, the Bond Trustee must immediately serve a notice to pay (the **Notice to Pay**) on the Covered Bond Guarantor pursuant to the Covered Bond Guarantee and the Covered Bond Guarantor will be required to make payments of Guaranteed Amounts when the same become Due for Payment in accordance with the terms of the Covered Bond Guarantee.

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Bond Trustee may or must take such proceedings or other action or step against the Issuer in accordance with Condition 9.3.

The Bond Trust Deed provides that all monies received by or on behalf of the Bond Trustee following the occurrence of an Issuer Event of Default and the delivery of an Issuer Acceleration Notice and a Notice to Pay, from the Issuer or any receiver, liquidator, administrator, receiver and manager, statutory manager or other similar official appointed in relation to the Issuer (the **Excess Proceeds**), must be paid by the Bond Trustee on behalf of the Covered Bondholders of the relevant Series to the Covered Bond Guarantor for its own account, as soon as practicable, and must be held by the Covered Bond Guarantor in the GIC Account and the Excess Proceeds will thereafter form part of the Security and must be used by the Covered Bond Guarantor in the same manner as all other monies from time to time standing to the credit of the GIC Account pursuant to the Security Deed and the Establishment Deed. Any Excess Proceeds received by the Bond Trustee will discharge *pro tanto* the obligations of the Issuer in respect of the payment of the amount of such Excess Proceeds under the Covered Bonds (as applicable and to the extent of the amount so received and subject to restitution of the same if such Excess Proceeds are

required to be repaid by the Covered Bond Guarantor) (but will be deemed not to have done so for the purposes of subrogation rights of the Covered Bond Guarantor contemplated by the Bond Trust Deed). However, the obligations of the Covered Bond Guarantor under the Covered Bond Guarantee are (following service of an Issuer Acceleration Notice and a Notice to Pay or if earlier, service of a Covered Bond Guarantee Acceleration Notice) unconditional and irrevocable and the receipt by the Bond Trustee of any Excess Proceeds and payment to the Covered Bond Guarantor of such Excess Proceeds will not reduce or discharge any of such obligations.

By subscribing for Covered Bond(s), each Covered Bondholder will be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the Covered Bond Guarantor in the manner as described above.

## 9.2 Covered Bond Guarantor Events of Default

The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25% of the aggregate Principal Amount Outstanding of the Covered Bonds (which for this purpose and the purpose of any Extraordinary Resolution referred to in this Condition 9.2 means the Covered Bonds of this Series together with the Covered Bonds of any other Series constituted by the Bond Trust Deed) then outstanding as if they were a single Series (with the Principal Amount Outstanding of Covered Bonds not denominated in Australian Dollars converted into Australian Dollars at the relevant Swap Rate) or, if so directed by an Extraordinary Resolution of all the Covered Bondholders, must (subject in each case to being indemnified and/or secured and/or prefunded to its satisfaction), but in the case of the happening of any of the events described in paragraph (b) or (c), only if the Bond Trustee has certified in writing to the Issuer and the Covered Bond Guarantor that such event is, in its opinion, materially prejudicial to the interests of the Covered Bondholders of any Series, give notice (the **Covered Bond Guarantee Acceleration Notice**) in writing to the Issuer and to the Covered Bond Guarantor, that (x) each Covered Bond of each Series is, and each Covered Bond of each Series will as against the Issuer (if not already due and repayable against it following an Issuer Event of Default), thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest and (y) all amounts payable by the Covered Bond Guarantor under the Covered Bond Guarantee will thereupon immediately become due and payable at the Guaranteed Amount corresponding to the Early Redemption Amount for each Covered Bond of each Series together with accrued interest, in each case as provided in the Bond Trust Deed and thereafter the Security will become enforceable if any of the following events (each a **Covered Bond Guarantor Event of Default**) has occurred and is continuing:

- (a) default is made by the Covered Bond Guarantor for a period of 14 days or more in the payment of any Guaranteed Amounts when Due for Payment in respect of the Covered Bonds of any Series except in the case of the payments of a Guaranteed Amount when Due for Payment on the Extended Due for Payment Date under Condition 5.1 where the Covered Bond Guarantor will be required to make payments of Guaranteed Amounts which relate to the Final Redemption Amount and which are Due for Payment on the Extended Due for Payment Date; or
- (b) if default is made by the Covered Bond Guarantor in the performance or observance of any other obligation, condition or provision binding on it (other than any obligation for the payment of Guaranteed Amounts in respect of the Covered Bonds of any Series) under the Bond Trust Deed, the Security Deed or any other Programme Document to which the Covered Bond Guarantor is a party (other than the Programme Agreements, any Subscription Agreement or any Terms Agreement) and, except where such default is or the effects of such default are, in the opinion of the Bond Trustee, not capable of remedy when no such continuation and notice as is hereinafter mentioned will be required, such default continues for 30 days (or such longer

period as the Bond Trustee may permit) after written notice thereof has been given by the Bond Trustee to the Covered Bond Guarantor requiring the same to be remedied; or

- (c) the Covered Bond Guarantor retires or is removed, or is required to retire or be removed as trustee of the Trust in accordance with the Establishment Deed and another trustee is not appointed as trustee of the Trust in accordance with the Establishment Deed within 60 days of the occurrence of that event; or
- (d) a failure to satisfy the Amortisation Test (as set out in the Establishment Deed) on any Determination Date following service of a Notice to Pay on the Covered Bond Guarantor; or
- (e) the Covered Bond Guarantee is not, or is claimed by the Covered Bond Guarantor not to be, in full force and effect.

Following the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, each of the Bond Trustee and the Security Trustee may or must take such proceedings or steps in accordance with the first and third paragraphs, respectively, of Condition 9.3 and the Bond Trustee will have a claim against the Covered Bond Guarantor, under the Covered Bond Guarantee, for an amount equal to the Early Redemption Amount for each Covered Bond of each Series together with accrued interest and any other amount due under the Covered Bonds (other than additional amounts payable under Condition 7) as provided in the Bond Trust Deed in respect of each Covered Bond.

### **9.3 Enforcement**

The Bond Trustee may at any time, at its discretion and without further notice, following service of an Issuer Acceleration Notice (in the case of the Issuer) or, if earlier, following service of a Covered Bond Guarantee Acceleration Notice (in the case of the Covered Bond Guarantor) take such proceedings or other action or step as it may think fit against or in relation to the Issuer and/or the Covered Bond Guarantor, as the case may be, and/or any other person as it may think fit to enforce the provisions of the Bond Trust Deed, the Covered Bonds or any other Programme Document, but it will not be bound to take any such enforcement proceedings or other action or step in relation to the Bond Trust Deed, the Covered Bonds or any other Programme Document unless (i) it has been so directed by an Extraordinary Resolution of the Covered Bondholders of all Series then outstanding (with the Covered Bonds of all Series taken together as a single Series and converted into Australian Dollars at the relevant Swap Rate as aforesaid) or so requested in writing by the holders of not less than 25% of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series then outstanding (with the Covered Bonds of all Series taken together as a single Series and converted into Australian Dollars at the relevant Swap Rate as aforesaid) and (ii) it has been indemnified and/or secured and/or prefunded to its satisfaction.

In exercising any of its powers, trusts, authorities and discretions the Bond Trustee must only have regard to the interests of the Covered Bondholders of all Series equally or, if only applicable to one Series, the Covered Bondholders of the relevant Series, and must not have regard to the interests of any other Secured Creditors.

The Bond Trustee may at any time, following service of a Covered Bond Guarantee Acceleration Notice at its discretion and without further notice, direct the Security Trustee to take such actions, steps or proceedings against the Covered Bond Guarantor and/or any other person as it may think fit to enforce the provisions of the Security Deed or any other Programme Document and may, at any time after the Security has become enforceable, direct the Security Trustee to take such steps as it may think fit to enforce the Security, but it will not be bound to give any such direction and the Security Trustee or the Bond Trustee will not be bound to take any such proceedings, steps or actions unless: (i) the Bond Trustee

has been so directed by an Extraordinary Resolution of the Covered Bondholders of all Series then outstanding (with the Covered Bonds of all Series taken together as a single Series and converted into Australian Dollars at the relevant Swap Rate as aforesaid) or so requested in writing by the holders of not less than 25% of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series then outstanding (with the Covered Bonds of all Series taken together as a single Series and converted into Australian Dollars at the relevant Swap Rate as aforesaid); and (ii) the Bond Trustee has been indemnified and/or secured and/or prefunded to its satisfaction. In exercising any of its powers, trusts, authorities and discretions under this paragraph each of the Bond Trustee and the Security Trustee must only have regard to the interests of the Covered Bondholders of all Series equally or, if only applicable to one Series, the Covered Bondholders of the relevant Series, and must not have regard to the interests of any other Secured Creditors.

No Covered Bondholder will be entitled to institute proceedings directly against the Issuer or the Covered Bond Guarantor or to take any step or action with respect to the Bond Trust Deed, the Covered Bonds, or the Security unless the Bond Trustee or the Security Trustee, as applicable, having become bound so to proceed, fails so to do within a reasonable time and such failure is continuing in which event any Covered Bondholder may itself institute such proceedings and/or prove in the winding up, administration or liquidation of the Issuer or the Covered Bond Guarantor to the same extent and in the same jurisdiction (but not further or otherwise than the Bond Trustee would have been entitled to do so in respect of the Covered Bonds and/or the Bond Trust Deed).

#### **9.4 Directions of Security Trustee by Bond Trustee**

The Security Trustee will not be obliged to take any steps under any of the Programme Documents or exercise any of its powers, rights, trusts, authorities, duties, functions or discretions under any of the Programme Documents to which the Security Trustee is a party without first taking instructions from the Bond Trustee (provided that the Security Trustee will never be entitled to seek or receive instructions from the Bond Trustee in relation to clause 21 of the Security Deed or in relation to investing in Authorised Investments) and having been indemnified and/or secured to its satisfaction as aforesaid and provided always that the Security Trustee will not be bound to take any enforcement proceedings which may, in the opinion of the Security Trustee in its absolute discretion, result in the Security Trustee failing to receive any payment to which it is or would be entitled. The Security Trustee may exercise a right, power or discretion without receiving any instructions from the Bond Trustee if the Covered Bondholders or, if there are none, the Security Trustee reasonably believes that it is in the best interests of the Secured Creditors that it does so.

In the event that the Bond Trustee is (i) requested by the Security Trustee, or (ii) required by the holders of the Covered Bonds, to provide the Security Trustee with instructions, the Bond Trustee must do so (save where expressly provided otherwise), in relation to (i) only, in its absolute discretion subject to and in accordance with these presents or, in relation to both (i) and (ii) if so requested in writing by the holders of not less than 25% in aggregate of the Principal Amount Outstanding of the Covered Bonds then outstanding (with the Covered Bonds of all Series taken together as a single Series and, if the nominal amount of the Covered Bonds is not denominated in Australian Dollars, converted into Australian Dollars at the relevant Swap Rate) or directed by an Extraordinary Resolution of the holders of the Covered Bonds then outstanding (with the Covered Bonds of all Series taken together as a single Series and, if the nominal amount of the Covered Bonds is not denominated in Australian Dollars, converted into Australian Dollars at the relevant Swap Rate) subject in each case to the Bond Trustee being indemnified and/or secured and/or prefunded to its satisfaction prior to it giving any instructions to the Security Trustee. The Bond Trustee will be entitled to request the Covered Bondholders (voting as aforesaid) to direct it in relation to any matter in relation to which the Security Trustee has requested instructions, the Bond Trustee will have no obligation to monitor the performance of the Security Trustee and will have

no liability to any person for the performance or non-performance of the Security Trustee. In no circumstances will the Bond Trustee be required to indemnify, secure or prefund the Security Trustee.

An Extraordinary Resolution passed at a meeting of Covered Bondholders duly convened and held in accordance with the Bond Trust Deed is binding upon the Security Trustee and all the Secured Creditors whether present or not present at such meeting and each of such Secured Creditors and, subject to the provisions of the Security Deed, the Security Trustee is bound to give effect to the Extraordinary Resolution. The Security Trustee is not required to do or omit to do any act if, in the opinion of the Security Trustee, this might cause it to breach a law, a Programme Document, a fiduciary duty or an obligation owed to another person.

## **10. MEETINGS OF COVERED BONDHOLDERS, MODIFICATION, WAIVER, SUBSTITUTION AND RATINGS AGENCIES**

Covered Bondholders and other Secured Creditors should note that the Issuer, the Covered Bond Guarantor and the U.S. Paying Agent may without their consent or the consent of the Bond Trustee or the Security Trustee agree to modify any provision of any Final Terms or any Pricing Supplement which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with any mandatory provisions of law.

### **10.1 Meetings**

The Bond Trust Deed contains provisions for convening meetings of the Covered Bondholders of any Series to consider any matter affecting their interests, including the modification of these Conditions or the provisions of the Bond Trust Deed. The quorum at any such meeting in respect of the Covered Bonds of any Series for passing an Extraordinary Resolution (other than in respect of a Series Reserved Matter) is one or more persons holding or representing not less than a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding, or at any adjourned meeting one or more persons being or representing the Covered Bondholders of such Series whatever the Principal Amount Outstanding of the Covered Bonds of such Series so held or represented, except that at any meeting the business of which includes any Series Reserved Matter, the quorum for any such meeting will be one or more persons holding or representing not less than two-thirds of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding or at any adjourned meeting, the business of which includes any Series Reserved Matter, the quorum will be one or more persons holding or representing not less than one-third of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding. The expression Extraordinary Resolution when used in these Conditions means: (i) a resolution passed at a meeting of the Covered Bondholders duly convened and held in accordance with the Bond Trust Deed by a majority consisting of not less than three-fourths of the persons voting thereat upon a show of hands or if a poll is duly demanded by a majority consisting of not less than three-fourths of the votes cast on such poll; or (ii) a resolution in writing signed by or on behalf of Covered Bondholders holding not less than three-fourths in Principal Amount Outstanding of the Covered Bonds then outstanding, which resolution in writing may be contained in one document or in several documents in like form each signed by or on behalf of one or more of the Covered Bondholders; or (iii) a resolution passed by way of electronic consents given by holders through the relevant clearing system(s) (in a form satisfactory to the Bond Trustee) by or on behalf of the Covered Bondholders of not less than three-fourths in Principal Amount Outstanding for the time being outstanding of the Covered Bonds (of the relevant Series or all Series, as applicable). An Extraordinary Resolution passed at any meeting of the Covered Bondholders of a Series will, subject as provided below, be binding on all the Covered Bondholders of such Series, whether or not they are present at the meeting. Pursuant to the Bond Trust Deed, the Bond Trustee may convene a single meeting of the holders of Covered Bonds of more than one Series if in the opinion of

the Bond Trustee there is no conflict between the respective interests of such Covered Bondholders, in which event the provisions of this paragraph will apply thereto *mutatis mutandis*.

Notwithstanding the provisions of the immediately preceding paragraph, any Extraordinary Resolution to direct the Bond Trustee to accelerate the Covered Bonds pursuant to Condition 9.1 or to give a Covered Bond Guarantee Acceleration Notice pursuant to Condition 9.2 or to direct the Bond Trustee or the Security Trustee or to direct the Bond Trustee to direct the Security Trustee to take any enforcement action or to direct the Bond Trustee to determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of the Bond Trust Deed (each a **Programme Resolution**) and will only be capable of being passed at a single meeting of the Covered Bondholders of all Series then outstanding. Any such meeting to consider a Programme Resolution may be convened by the Issuer, the Covered Bond Guarantor or the Bond Trustee or by the Covered Bondholders of any Series. The quorum at any such meeting for passing a Programme Resolution is one or more persons holding or representing at least a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding or at any adjourned such meeting one or more persons holding or representing Covered Bonds whatever the Principal Amount Outstanding of the Covered Bonds of any Series so held or represented. A Programme Resolution passed at any meeting of the Covered Bondholders of all Series will be binding on all the Covered Bondholders of all Series, whether or not they are present at the meeting.

In connection with any meeting of the holders of Covered Bonds of more than one Series where such Covered Bonds are not denominated in Australian Dollars, the Principal Amount Outstanding of the Covered Bonds of any Series not denominated in Australian Dollars must be converted into Australian Dollars at the relevant Swap Rate.

## 10.2 Modification and waiver

The Bond Trustee may, without the consent or sanction of any of the Covered Bondholders of any Series and without the consent or sanction of the other Secured Creditors (other than any Secured Creditor who is party to the relevant document), at any time and from time to time, concur with the Issuer, the Covered Bond Guarantor (acting on the directions of the Trust Manager) or any other party and/or direct the Security Trustee to concur with the Issuer, the Covered Bond Guarantor (acting on the directions of the Trust Manager) or any other party in making:

- (a) any modification (other than in relation to a Series Reserved Matter) to the Covered Bonds of one or more Series or any Programme Document which in the opinion of the Bond Trustee is not materially prejudicial to the interests of the Covered Bondholders of any Series;
- (b) any modification to the Covered Bonds of one or more Series or any Programme Document which is in the opinion of the Bond Trustee is (A) of a formal, minor or technical nature, (B) made to correct a manifest error or (C) made to comply with mandatory provisions of law (and for the purpose of this item (C), the Bond Trustee may disregard whether any such modification relates to a Series Reserved Matter).

In forming its opinion as to whether the Covered Bonds or any one or more Series or any Programme Document is subject to a manifest error, the Bond Trustee may have regard to any evidence which it considers reasonably to rely on (including a certificate from the Issuer as to certain matters and a Rating Affirmation Notice issued by the Issuer).

Notwithstanding the above or the below the Bond Trustee will not be obliged to agree to any amendment, which, in the sole opinion of the Bond Trustee, would have the effect of: (x) exposing the Bond Trustee,

to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction; or (y) increasing the obligations or duties, or decreasing the protections, of the Bond Trustee, in the Programme Documents and/or the Conditions.

The Bond Trustee may without the consent or sanction of any of the Covered Bondholders of any Series and without the consent of any other Secured Creditor and without prejudice to its rights in respect of any subsequent breach, Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default from time to time and at any time but only if in so far as in its opinion the interests of the Covered Bondholders of any Series will not be materially prejudiced thereby, waive or authorise, or direct the Security Trustee to waive or authorise, any breach or proposed breach by the Issuer or the Covered Bond Guarantor or any other person of any of the covenants or provisions contained in the Bond Trust Deed, the other Programme Documents or the Conditions or determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of the Bond Trust Deed, PROVIDED ALWAYS THAT the Bond Trustee must not exercise any powers conferred on it in contravention of any express direction given by Extraordinary Resolution or by a request under Condition 9.1 or 9.2 but so that no such direction or request will affect any waiver, authorisation or determination previously given or made. Any such waiver, authorisation or determination may be given or made on such terms and subject to such conditions (if any) as the Bond Trustee may determine, will be binding on the Covered Bondholders and, if, but only if, the Bond Trustee requires, must be notified by the Issuer or the Trust Manager (on behalf of the Covered Bond Guarantor) (as the case may be) to the Covered Bondholders in accordance with Condition 12 and each Rating Agency as soon as practicable thereafter.

Subject to as provided below, the Bond Trustee will be bound to waive or authorise, or direct the Security Trustee to waive or authorise, any breach or proposed breach by the Issuer or the Covered Bond Guarantor or any other person of any of the covenants or provisions contained in the Bond Trust Deed, the other Programme Documents or the Conditions or determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of the Bond Trust Deed if it is: (i) in the case of such waiver or authorisation, (a) so directed by an Extraordinary Resolution of the Covered Bondholders of the relevant one or more Series (with the Covered Bonds of all such Series taken together as a single Series in the circumstances provided in the Bond Trust Deed and, if applicable, converted into Australian Dollars at the relevant Swap Rate); or (b) requested to do so in writing by the holders of not less than 25% of the Principal Amount Outstanding of the Covered Bonds of the relevant one or more Series (with the Covered Bonds of all such Series taken together as a single Series in the circumstances provided in the Bond Trust Deed and, if applicable, converted into Australian Dollars at the relevant Swap Rate); or (ii), in the case of any such determination, (a) so directed by an Extraordinary Resolution of the Covered Bondholders of all Series then outstanding with the Covered Bonds of all Series taken together as a single Series and, if applicable, converted into Australian Dollars at the relevant Swap Rate); or (b) requested to do so in writing by the holders of not less than 25% of the Principal Amount Outstanding of the Covered Bonds of all Series then outstanding with the Covered Bonds of all Series taken together as a single Series and, if applicable, converted into Australian Dollars as aforesaid), and at all times then only if it is indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby render itself liable or which it may incur by so doing.

The Security Trustee may, without the consent of the Covered Bondholders of any Series and without the consent of the other Secured Creditors and without prejudice to their rights in respect of any subsequent breach, Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default from time to time and at any time, but only if (for so long as any Covered Bonds are outstanding) it is instructed by the Bond Trustee in accordance with the Bond Trust Deed or (if no Covered Bonds are outstanding) it is instructed by the

Majority Secured Creditors, authorise or waive any breach or proposed breach of any of the covenants or provisions contained in the Covered Bonds of any Series or any Programme Document or determine that any Issuer Event of Default, Potential Issuer Event of Default, Covered Bond Guarantor Event of Default or Potential Covered Bond Guarantor Event of Default will not be treated as such for the purposes of the Security Deed. Any such authorisation, waiver or determination will be binding on the Covered Bondholders and the other Secured Creditors and, unless the Bond Trustee otherwise agrees, must be notified by the Issuer or the Covered Bond Guarantor (acting on the directions of the Trust Manager) (as the case may be) to the Covered Bondholders in accordance with Condition 12 and each Rating Agency as soon as practicable thereafter.

Any such modification, waiver, authorisation or determination will be binding on all the Covered Bondholders of all Series of Covered Bonds for the time being outstanding and the other Secured Creditors, and unless the Bond Trustee otherwise agrees, any such modification must be notified by the Issuer, to the Covered Bondholders of all Series of Covered Bonds in accordance with Condition 12 and to the Rating Agencies as soon as practicable thereafter.

Where in connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation or determination), the Bond Trustee and the Security Trustee are required to have regard to the general interests of the Covered Bondholders of each Series as a class (but must not have regard to any interests arising from circumstances particular to individual Covered Bondholders whatever their number) and, in particular but without limitation, must not have regard to the consequences of any such exercise for individual Covered Bondholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Bond Trustee and the Security Trustee will not be entitled to require, nor will any Covered Bondholder be entitled to claim, from the Issuer, the Covered Bond Guarantor, the Bond Trustee, the Security Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Covered Bondholders, except to the extent already provided for in Condition 7 and/or in any undertaking or covenant given in addition to, or in substitution for, Condition 7 pursuant to the Bond Trust Deed.

The Bond Trustee and Security Trustee must concur in and effect any modifications to the Programme Documents that are requested by the Issuer, the Covered Bond Guarantor or the Trust Manager to (a) accommodate the accession of a new Servicer, new Swap Provider, new Trust Manager, new Account Bank, new Agent or new Cover Pool Monitor to the Programme provided that (i) each of the Swap Providers provide written confirmation to the Security Trustee and the Bond Trustee consenting to such modification of those documents to which they are a party (such consent not to be unreasonably withheld); (ii) the Trust Manager has certified to the Security Trustee and the Bond Trustee in writing that such modifications are required in order to accommodate the addition of the new Servicer, new Swap Provider, new Trust Manager, new Account Bank, new Agent or new Cover Pool Monitor to the Programme; (iii) the Trust Manager has certified to the Security Trustee and the Bond Trustee that all other conditions precedent to the accession of the new Servicer, new Swap Provider, new Trust Manager, new Account Bank, new Agent or new Cover Pool Monitor to the Programme set out in the Programme Documents have been satisfied at the time of the accession; (b) take into account any changes in the covered bonds ratings criteria of the Rating Agencies where, absent such modifications, the Issuer is reasonably satisfied following discussions with the relevant Rating Agency (and has provided a certificate in writing to the Bond Trustee and the Security Trustee to that effect) that the rating assigned by the relevant Rating Agency to one or more Series of Covered Bonds may be subject to a downgrade, qualification or withdrawal and even if such changes are, or may be, prejudicial or materially prejudicial to the interests of the Covered Bondholders of any Series; (c) allow a Swap Provider to transfer securities as Swap Collateral under a relevant Swap Agreement Credit Support Annex, including to appoint a custodian to hold such securities in a custody account pursuant to a custody agreement; (d) ensure

compliance of the Programme or the Issuer, as applicable, with, or ensure that the Issuer may benefit from, any existing, new or amended legislation, regulation, directive, prudential standard or prudential guidance note of any regulatory body (including APRA) in relation to covered bonds provided that the Trust Manager has certified to the Bond Trustee and the Security Trustee in writing that such modifications are required in order to comply with or benefit from such legislation, regulation, directive, prudential standard or prudential guidance note, as the case may be; (e) effect any Benchmark Amendments in the circumstances and as otherwise set out in Condition 4.7(c) without the consent of the Covered Bondholders or the Couponholders; or (f) take into account any new covered bonds ratings criteria of the Rating Agencies, or any changes or updates to, or any replacement of, the covered bonds ratings criteria of the Rating Agencies (including, without limitation, any manner in which a Rating Agency applies or construes any then existing covered bonds ratings criteria), subject to receipt by the Bond Trustee and the Security Trustee of a Rating Affirmation Notice from the Issuer and receipt by the Bond Trustee and the Security Trustee of a certificate signed by two Authorised Signatories of the Trust Manager each certifying to the Bond Trustee and the Security Trustee that such modifications are required in order to take into account, apply or construe any such new covered bonds ratings criteria of the Rating Agencies, or any such changes or updates to, any replacement of, or any application or construction of the covered bonds ratings criteria of the Rating Agencies.

### 10.3 Substitution

The Bond Trust Deed provides that in connection with any scheme of amalgamation or reconstruction of the Issuer not involving the bankruptcy or insolvency of the Issuer and (A) where the Issuer does not survive the amalgamation or reconstruction or (B) where all or substantially all of the assets and business of the Issuer will be disposed of to, or succeeded to, by another entity (whether by operation of law or otherwise), the Bond Trustee will, if requested by the Issuer, be obliged, without the consent or sanction of the Covered Bondholders, at any time to agree to the substitution in the place of the Issuer (or of the previous substitute) as principal debtor under the Bond Trust Deed (the **Substituted Debtor**) being the entity with and into which the Issuer amalgamates or the entity to which all or substantially all of the business and assets of the Issuer is transferred, or succeeded to, pursuant to such scheme of amalgamation or reconstruction (whether by operation of law or otherwise), subject to:

- (a) the Substituted Debtor entering into a supplemental trust deed or some other form of undertaking in form and manner satisfactory to the Bond Trustee agreeing to be bound by the Bond Trust Deed with any consequential amendments which the Bond Trustee may deem appropriate as fully as if the Substituted Debtor had been named in the Bond Trust Deed as principal debtor in place of the Issuer;
- (b) the Substituted Debtor acquiring or succeeding to pursuant to such scheme of amalgamation or reconstruction all or substantially all of the assets and business of the Issuer;
- (c) each stock exchange or market on which the Covered Bonds are listed confirming in writing that following the proposed substitution of the Substituted Debtor the Covered Bonds will continue to be listed on such stock exchange or market;
- (d) the supplemental trust deed containing a warranty and representation by the Substituted Debtor that (A) the Substituted Debtor has obtained all necessary governmental and regulatory approvals and consents necessary for or in connection with the assumption by the Substituted Debtor of liability as principal debtor in respect of, and of its obligations under, the supplemental trust deed and the Covered Bonds; (B) such approvals and consents are at the time of substitution in full force and effect; and (C) the obligations assumed by the Substituted Debtor under the supplemental trust deed are legal, valid and binding in accordance with their respective terms;

- (e) confirmations being received by the Bond Trustee from each Rating Agency that the substitution will not adversely affect the then current rating of the Covered Bonds;
- (f) where the Substituted Debtor is incorporated, domiciled or resident in, or subject generally to the taxing jurisdiction of a territory other than or in addition to Australia, undertakings or covenants in form and manner satisfactory to the Bond Trustee being given by the Substituted Debtor in terms corresponding to the provisions of Condition 7 with the substitution for (or, as the case may be, the addition to) the references to Australia of references to that other or additional territory in which the Substituted Debtor is incorporated, domiciled or resident or to whose taxing jurisdiction it is subject and (where applicable) Condition 5.2 being modified accordingly;
- (g) without prejudice to the rights of reliance of the Bond Trustee under the immediately following paragraph, the Bond Trustee being satisfied that the relevant transaction is not materially prejudicial to the interests of the Covered Bondholders;
- (h) if two directors of the Substituted Debtor (or other officer acceptable to the Bond Trustee) certifying that the Substituted Debtor is solvent both at the time at which the relevant transaction is proposed to be effected and immediately thereafter (which certificate the Bond Trustee may rely on absolutely without liability to any person) and the Bond Trustee must not have regard to the financial condition, profits or prospects of the Substituted Debtor or compare the same with those of the Issuer;
- (i) the Issuer and the Trust Manager, delivering to the Bond Trustee legal opinions obtained from lawyers of international repute in (a) England and Wales and (b) the jurisdiction of incorporation of the Substituted Debtor in form and substance satisfactory to the Bond Trustee; and
- (j) the Covered Bond Guarantee remaining in place or being modified to apply *mutatis mutandis* and continuing in full force and effect in relation to any Substituted Debtor.

Any such supplemental trust deed or undertaking will, if so expressed, operate to release the Issuer or in either case the previous substitute as aforesaid from all of its obligations as principal debtor under the Bond Trust Deed.

In addition, subject as further provided in the Bond Trust Deed, the Bond Trustee may without the consent or sanction of the Covered Bondholders, at any time agree to the substitution in place of the Issuer (or any previous substitute under this Condition) as the principal debtor under the Covered Bonds, and the Bond Trust Deed or any other corporation subject to certain other conditions set out in the Bond Trust Deed being complied with.

Any substitution pursuant to this Condition 10.3 will be binding on the Covered Bondholders and must be notified in a form previously approved by the Bond Trustee by the new Issuer to the Covered Bondholders not later than 14 days after any such substitution in accordance with Condition 12.

#### **10.4 Rating Agencies**

If:

- (a) a confirmation or affirmation of rating or other response by a Rating Agency is a condition to any action or step under any Programme Document; and
- (b) the Issuer has delivered to the Covered Bond Guarantor (copied to the Seller and each Rating Agency) written confirmation that it has notified the Rating Agencies of the action or step and

that the Trust Manager is satisfied, following discussions with the Rating Agencies, that the action or step, as applicable, will not result in a reduction, qualification or withdrawal of the ratings then assigned by the Rating Agencies and the Rating Agency does not consider such confirmation necessary,

the parties will be entitled to assume that the then current rating of the Covered Bonds from that Rating Agency will not be downgraded, qualified or withdrawn by such Rating Agency as a result of such action or step.

The Bond Trustee will be entitled to treat as conclusive a certificate signed by an Authorised Officer of the Issuer or the Covered Bond Guarantor as to any matter referred to in paragraph (b) above and the Bond Trustee will not be responsible for any Liability that may be caused as a result.

For the purposes of this Condition 10:

**Potential Issuer Event of Default** means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition, would constitute an Issuer Event of Default;

**Potential Covered Bond Guarantor Event of Default** means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition, would constitute a Covered Bond Guarantor Event of Default; and

**Series Reserved Matter** in relation to Covered Bonds of a Series means any proposal:

(i) to amend the dates of maturity or redemption of the Covered Bonds, or any date for payment of interest or Interest Amounts on the Covered Bonds or the obligation of the Issuer to pay additional amounts pursuant to Condition 7, (ii) to reduce or cancel the Principal Amount Outstanding of, or any premium payable on redemption of, the Covered Bonds, (iii) to reduce the rate or rates of interest in respect of the Covered Bonds or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Covered Bonds (other than any variation arising from the occurrence of a Benchmark Event or otherwise by the discontinuation of any interest rate benchmark used to determine the amount of any payment in respect of the Covered Bonds (including any Benchmark Amendment)), (iv) if a Minimum and/or a Maximum Rate of Interest, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount is set out in the applicable Final Terms, to reduce any such amount, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or Specified Denomination of the Covered Bonds, (vii) to take any steps that as specified in the applicable Final Terms may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply, (viii) to modify the provisions concerning the quorum required at any meeting of Covered Bondholders or the majority required to pass the Extraordinary Resolution, (ix) to amend the Covered Bond Guarantee or the Security Deed (other than any amendment that the Bond Trustee may consent to without the consent of the Covered Bondholders under the Bond Trust Deed); and (x) to alter this proviso or the quorum requirements for an adjourned meeting of Covered Bondholders for the transaction of business comprising any Series Reserved Matter or the alteration of this definition.

## **11. REPLACEMENT OF COVERED BONDS**

Should any Covered Bond be lost, stolen, mutilated, defaced or destroyed, it may be replaced subject to applicable laws, regulations and, if applicable, listing authority, stock exchange and/or quotation system regulations at the specified office of the specified office of the U.S. Registrar (in the case of Registered Covered Bonds), or any other place approved by the Bond Trustee of which notice has been published in accordance with Condition 12 upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Covered Bond is subsequently presented for payment there will be paid to the Issuer on demand the amount payable by the Issuer in respect of such Covered Bonds) and otherwise as the Issuer may require. Mutilated or defaced Covered Bonds must be surrendered before replacements will be issued.

## **12. NOTICES**

All notices regarding the Registered Covered Bonds will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Covered Bonds are admitted to trading on a stock exchange and the rules of that stock exchange (or any other relevant authority) so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules.

Until such time as any Definitive Covered Bonds are issued, there may, so long as the Covered Bonds are represented in their entirety by any Registered Global Covered Bonds held on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC, be substituted for such publication in such newspaper(s) or such mailing the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or DTC for communication by them to the Covered Bondholders and, in addition, for so long as any Covered Bonds are listed on a stock exchange or admitted to trading by any other relevant authority and the rules of that stock exchange, or as the case may be, other relevant authority so require, such notice or notices will be published in a daily newspaper of general circulation in the place or places required by those rules. Any such notice will be deemed to have been given to the Covered Bondholders on the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg and/or DTC.

Notices to be given by any Covered Bondholder must be in writing and given by lodging the same, together (in the case of any Covered Bond in Definitive form) with the relative Covered Bond or Covered Bonds, the U.S. Registrar (in the case of Registered Covered Bonds). Whilst any of the Covered Bonds are represented by a Registered Global Covered Bond, such notice may be given by any holder of a Covered Bond to the U.S. Paying Agent or the U.S. Registrar through Euroclear, Clearstream, Luxembourg and/or DTC, as the case may be, in such manner as the U.S. Paying Agent, the U.S. Registrar and DTC and/or Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

## **13. FURTHER ISSUES**

The Issuer will be at liberty from time to time without the consent of the Covered Bondholders to create and issue further bonds having terms and conditions the same as the Covered Bonds of any Series or the same in all respects save for the amount and date of the first payment of interest thereon, issue date and/or purchase price and so that the same can be consolidated and form a single Series with, and will be fungible for United States federal tax purposes with, the outstanding Covered Bonds of such Series.

**14. INDEMNIFICATION OF THE BOND TRUSTEE AND THE SECURITY TRUSTEE AND THE BOND TRUSTEE AND SECURITY TRUSTEE CONTRACTING WITH THE ISSUER AND/OR THE COVERED BOND GUARANTOR**

If, in connection with the exercise of its powers, trusts, authorities or discretions the Bond Trustee is of the opinion that the interests of the Covered Bondholders of any one or more Series would be materially prejudiced thereby, the Bond Trustee must not exercise such power, trust, authority or discretion without the approval of such Covered Bondholders of the relevant Series by Extraordinary Resolution or by a direction in writing of such Covered Bondholders of at least 25% of the Principal Amount Outstanding of Covered Bonds of the relevant Series then outstanding or as otherwise required under the Programme Documents.

The Bond Trust Deed and the Security Deed contain provisions for the indemnification of the Bond Trustee and the Security Trustee and for their relief from responsibility, including provisions relieving them from taking any action unless indemnified and/or secured and/or prefunded to their satisfaction.

The Bond Trust Deed and the Security Deed also contain provisions pursuant to which each of the Bond Trustee and Security Trustee, respectively, is entitled, inter alia: (i) to enter into business transactions with the Issuer, the Covered Bond Guarantor and/or any of their respective Subsidiaries and affiliates and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer, the Covered Bond Guarantor and/or any of their respective Subsidiaries and affiliates; (ii) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Covered Bondholders or the other Secured Creditors and (iii) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

Neither the Bond Trustee nor the Security Trustee will be responsible for any loss, expense or liability which may be suffered as a result of any Mortgage Loan Rights or any Charged Property, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons whether or not on behalf of the Bond Trustee and/or the Security Trustee. Neither the Bond Trustee nor the Security Trustee will be responsible for inter alia: (i) supervising the performance by the Issuer or any other party to the Programme Documents or, in relation to Condition 4.7, any Independent Adviser, of their respective obligations under the Programme Documents and the Bond Trustee and the Security Trustee will be entitled to assume, until they each have written notice to the contrary, that all such persons are properly performing their duties; (ii) considering the basis on which approvals or consents are granted by the Issuer or any other party to the Programme Documents under the Programme Documents; (iii) monitoring the Mortgage Loan Rights forming part of the Assets of the Trust, including whether the Asset Coverage Test is satisfied or otherwise or the Amortisation Test is satisfied or otherwise; (iv) monitoring whether Mortgage Loans are Eligible Mortgage Loans or (v) monitoring whether the Issuer is in breach of the Pre-Maturity Test. Neither the Bond Trustee nor the Security Trustee will be liable to any Covered Bondholder or other Secured Creditor for (a) any failure to make or to cause to be made on their behalf the searches, investigations and enquiries which would normally be made by a prudent secured creditor in relation to the Security and have no responsibility in relation to the legality, validity, sufficiency and enforceability of the Security and the Programme Documents, or (b) in relation to Condition 4.7, the acts or omissions of any Independent Adviser.

The Bond Trustee may refrain from taking any action or exercising any right, power, authority or discretion vested in it relating to the transactions contemplated in the Programme Documents until it has been indemnified and/or secured and/or prefunded to its satisfaction against any and all actions, charges, claims, costs, damages, demands, expenses, liabilities, losses and proceedings which might be sustained

by it as a result and will not be required to do anything which may cause it to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties or in the exercise of any of its rights, powers, authorities or discretions if it has reasonable grounds for believing that repayment of such funds or adequate indemnity, security or prefunding against such liability is not assured to it.

## **15. LIMITED RECOURSE AND NON-PETITION**

**15.1** Only the Security Trustee may pursue the remedies available under the general law or under the Security Deed to enforce the Security and no Transaction Party will be entitled to proceed directly against the Covered Bond Guarantor to enforce the Security. In particular, each Transaction Party (other than the Covered Bond Guarantor and the Security Trustee) has agreed with and acknowledges to each of the Covered Bond Guarantor and the Security Trustee, and the Security Trustee agreed with and acknowledged to the Covered Bond Guarantor, that:

- (a) none of the Transaction Parties (nor any person on their behalf, other than the Security Trustee where appropriate) is entitled, otherwise than as permitted by the Programme Documents, to direct the Security Trustee to enforce the Security or take any proceedings against the Covered Bond Guarantor to enforce the Security;
- (b) none of the Transaction Parties (other than the Security Trustee) will have the right to take or join any person in taking any steps against the Covered Bond Guarantor for the purpose of obtaining payment of any amount due from the Covered Bond Guarantor to any of such Transaction Parties;
- (c) until the date falling two years after the Vesting Date none of the Transaction Parties nor any person on their behalf may initiate or join any person in initiating an Insolvency Event in relation to the Trust other than a Receiver appointed under clause 15 of the Security Deed; and
- (d) none of the Transaction Parties is entitled to take or join in the taking of any corporate action, legal proceedings or other procedure or step which would result in the Priorities of Payments not being complied with.

**15.2** The Covered Bondholders agree with and acknowledge to each of the Covered Bond Guarantor and the Security Trustee, and the Security Trustee has agreed with and acknowledged to the Covered Bond Guarantor, that notwithstanding any other provision of any Programme Document, all obligations of the Covered Bond Guarantor to such party including, without limitation, the Secured Obligations, are limited in recourse to the Covered Bond Guarantor as set out below:

- (a) it will have a claim only in respect of the Charged Property and will not have any claim, by operation of law or otherwise, against, or recourse to, any of the Covered Bond Guarantor's other assets;
- (b) sums payable to each party in terms of the Covered Bond Guarantor's obligations to such party will be limited to the lesser of (a) the aggregate amount of all sums due and payable to such party and (b) the aggregate amounts received, realised or otherwise recovered and immediately available for payment by or for the account of the Covered Bond Guarantor in respect of the Charged Property whether pursuant to enforcement of the Security or otherwise, net of any sums which are payable by the Covered Bond Guarantor in accordance with the Priorities of Payments in priority to or *pari passu* with sums payable to such party; and

- (c) upon the Security Trustee giving written notice to the relevant party that it has determined in its opinion, and the Servicer having certified to the Security Trustee, that there is no reasonable likelihood of there being any further realisations in respect of the Charged Property (whether arising from an enforcement of the Security or otherwise) which would be available to pay unpaid amounts outstanding under the relevant Programme Document, the relevant party will have no further claim against the Covered Bond Guarantor in respect of any such unpaid amounts and the obligations to pay such unpaid amounts will be discharged in full,

save that this limitation will not apply to a liability of the Covered Bond Guarantor to the extent it results from the Covered Bond Guarantor's fraud, negligence or wilful default.

**15.3** The Covered Bondholders agree with and acknowledge to the Security Trustee that the Security Trustee enters into each Programme Document to which it is a party only in its capacity as trustee of the Security Trust and in no other capacity and that the Security Trustee will have no liability under or in connection with this deed or any other Programme Document (whether to the Secured Creditors, the Covered Bond Guarantor or any other person) other than to the extent to which the liability is able to be satisfied out of the property of the Security Trust from which the Security Trustee is actually indemnified for the liability. This limitation will not apply to a liability of the Security Trustee to the extent it results from the Security Trustee's fraud, negligence or wilful default.

**15.4** To the extent permitted by law, no recourse under any obligation, covenant, or agreement of any person contained in the Programme Documents may be had against any shareholder, officer, agent or director of such person as such, by the enforcement of any assessment or by any legal proceeding, by virtue of any statute or otherwise; it being expressly agreed and understood that the Programme Documents are corporate obligations of each person expressed to be a party thereto and no personal liability will attach to or be incurred by the shareholders, officers, agents or directors of such person as such, or any of them, under or by reason of any of the obligations, covenants or agreements of such person contained in the Programme Documents, or implied therefrom, and that any and all personal liability for breaches by such person of any of such obligations, covenants or agreements, either under any applicable law or by statute or constitution, of every such shareholder, officer, agent or director is expressly waived by each person expressed to be a party thereto as a condition of and consideration for execution of the Programme Documents.

## **16. DISAPPLICATION OF CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999**

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of any Covered Bond but this does not affect any right or remedy of any person which exists or is available apart from that Act.

## **17. GOVERNING LAW**

The Bond Trust Deed (including the Covered Bond Guarantee), the Principal Agency Agreement, the Covered Bonds, and any non-contractual obligations arising out of or in connection with them are governed by, and will be construed in accordance with, English law unless specifically stated to the contrary (in this regard, the covenant to pay made by the Issuer to the Bond Trustee in respect of the Covered Bonds, (but only, in respect of such provisions, to the extent that they relate to any A\$ Registered Covered Bonds) in the Bond Trust Deed, the provisions relating to the issuance of A\$ Registered Covered Bonds and the maintenance of the A\$ Register in respect of the A\$ Registered Covered Bonds in the Bond Trust Deed and the provisions relating to limiting recourse to the Covered Bond Guarantor and the Security Trustee in the Bond Trust Deed, the Principal Agency Agreement and the A\$ Registered Covered Bonds are governed by, and will be construed in accordance with, the laws applying in the State of New South Wales, Australia).

## **18. JURISDICTION**

**18.1** Each of the Issuer and the Covered Bond Guarantor hereby irrevocably submits to the jurisdiction of the English courts in any action or proceeding arising out of or related to the Covered Bonds. The courts of England and (in the case of any action involving the Issuer or the Covered Bond Guarantor) the Commonwealth of Australia are to have jurisdiction to settle any dispute (including a dispute relating to any non-contractual obligations arising out of or in connection with the Covered Bonds), and each party hereby irrevocably agrees that all claims in respect of such action or proceeding may be heard and determined by such courts. Each party hereby irrevocably waives, to the fullest extent it may possibly do so, any defence or claim that the English or the Commonwealth of Australia courts (as applicable) are an inconvenient forum for the maintenance or hearing of such action or proceeding. Each party may take any suit, action or proceeding arising out of or in connection with the Covered Bonds (including any proceedings relating to any non-contractual obligations arising out of or in connection with the Covered Bonds) against any of the Issuer and the Covered Bond Guarantor in any other court of competent jurisdiction and concurrent proceedings in any number of jurisdictions.

**18.2** Each of the Issuer and the Covered Bond Guarantor:

- (a) agrees that the process by which any proceedings in England are begun may be served on it by delivery to the Chief Executive Officer, United Kingdom being at 60 Ludgate Hill, London EC4M 7AW;
- (b) agrees to procure that, so long as any of the Covered Bonds issued or guaranteed by it (as the case may be) remains liable to prescription, there will be in force an appointment of such a person approved by the Bond Trustee with an office in London with authority to accept service as aforesaid;
- (c) agrees that a failure by any such person to give notice of such service or process to the Issuer or the Covered Bond Guarantor will not impair the validity of such service or of any judgment based thereon; and
- (d) agrees that nothing in these Conditions will affect the right to serve process in any other manner permitted by law.

## **USE OF PROCEEDS**

The net proceeds from each issue of Covered Bonds by the Issuer will be used for the general purposes of the Issuer and its subsidiaries. If, in respect of an issue, there is a particular identified use of proceeds, this will be stated in the applicable Pricing Supplement.

## COMMONWEALTH BANK OF AUSTRALIA

## OVERVIEW OF THE PRINCIPAL DOCUMENTS

### **Bond Trust Deed**

The Bond Trust Deed, entered into between the Issuer, the Trust Manager, the Covered Bond Guarantor and the Bond Trustee, is the principal agreement governing the Covered Bonds.

The Bond Trust Deed contains provisions relating to:

- (a) the constitution of the Covered Bonds and the terms and conditions of the Covered Bonds issued under this Offering Circular (as set out under the section “*Terms and Conditions of the Covered Bonds*” in this Offering Circular);
- (b) the covenants of the Issuer and the Covered Bond Guarantor;
- (c) the terms of the Covered Bond Guarantee (as described below);
- (d) the enforcement procedures relating to the Covered Bonds and the Covered Bond Guarantee; and
- (e) the appointment, powers and responsibilities of the Bond Trustee and the circumstances in which the Bond Trustee may resign, retire or be removed.

The Bond Trust Deed (other than certain provisions of the Bond Trust Deed under which the Issuer covenants to the Bond Trustee to repay principal and to pay interest in respect of the Covered Bonds (but only, in respect of such provisions, to the extent they relate to any A\$ Registered Covered Bonds), certain provisions of the Bond Trust Deed constituting the A\$ Registered Covered Bonds and the N Covered Bonds and certain provisions of the Bond Trust Deed limiting recourse to the Covered Bond Guarantor and the Security Trustee) and any non-contractual obligations arising out of or in connection with it are governed by English law. Those provisions of the Bond Trust Deed noted above which are not governed by English law, are governed by, and will be construed in accordance with, the laws applying in the State of New South Wales, Australia.

### ***The Covered Bond Guarantee***

#### *The Covered Bond Guarantee*

The Covered Bond Guarantor has guaranteed to the Bond Trustee, for the benefit of Covered Bondholders, the prompt performance by the Issuer of its obligations to pay the Guaranteed Amounts.

Following the occurrence of an Issuer Event of Default and the service by the Bond Trustee of an Issuer Acceleration Notice on the Issuer (copied to the Covered Bond Guarantor) and a Notice to Pay on the Covered Bond Guarantor (copied to the Trust Manager and the Security Trustee), the Covered Bond Guarantor must, as principal obligor, pay or procure to be paid on each Scheduled Payment Date (or on such later date provided for in the Bond Trust Deed) irrevocably and unconditionally to or to the order of the Bond Trustee (for the benefit of the Covered Bondholders), an amount equal to those Guaranteed Amounts which have become Due for Payment in accordance with the terms of the Bond Trust Deed (or which would have become Due for Payment but for any variation, release or discharge of the Guaranteed Amounts) but which have not been paid by the Issuer to the relevant Covered Bondholder and/or Couponholders on the relevant date for payment, provided that no Notice to Pay may be so served on the Covered Bond Guarantor until an Issuer Acceleration Notice has been served by the Bond Trustee on the Issuer.

Following the occurrence of a Covered Bond Guarantor Event of Default and the service by the Bond Trustee of a Covered Bond Guarantee Acceleration Notice on the Issuer and the Covered Bond Guarantor (copied to the Trust Manager), in respect of the Covered Bonds of each Series which have become immediately due and repayable (or which would have become Due for Payment but for any variation, release or discharge of the Guaranteed Amounts), the Covered Bond Guarantor must, as principal obligor, pay or procure to be paid to or to the order of the Bond Trustee (for the benefit of itself and the Covered Bondholders) in the manner described in the Bond Trust Deed) the Guaranteed Amounts.

Subject to the grace periods specified in Condition 9.2(a) of the Programme Conditions, failure by the Covered Bond Guarantor to pay the Guaranteed Amounts when Due for Payment will constitute a Covered Bond Guarantor Event of Default.

*Covered Bond Guarantor not obliged to pay additional amounts*

All payments of Guaranteed Amounts by or on behalf of the Covered Bond Guarantor will be made without withholding or deduction for, or on account of, any present or future tax, duties, assessment or other governmental charges of whatever nature, imposed or levied by or on behalf of Australia or any political sub-division thereof or by any authority therein or thereof having power to tax, unless such withholding or deduction is required by law or regulation or administrative practice of any jurisdiction. If any such withholding or deduction is required, the Covered Bond Guarantor must pay the Guaranteed Amounts net of such withholding or deduction and must account to the appropriate Tax Authority for the amount required to be withheld or deducted. The Covered Bond Guarantor will not be obliged to pay any additional amount to the Bond Trustee or any holder of Covered Bonds and/or Coupons in respect of the amount of such withholding or deduction.

See “*Taxation*” for further information.

*Guarantor and Covered Bond Guarantor as principal debtor and not merely as surety*

The Covered Bond Guarantor has agreed that its obligations under the Covered Bond Guarantee will be:

- (a) as if it were principal debtor and not merely as surety or guarantor and will be absolute; and
- (b) (following service of an Issuer Acceleration Notice and Notice to Pay or a Covered Bond Guarantee Acceleration Notice) unconditional; and
- (c) irrespective of, and unaffected by, any invalidity, irregularity, illegality or unenforceability of, or defect in, any provisions of the Bond Trust Deed or any other Programme Document, or in the absence of any action to enforce the same or the waiver, modification or consent by the Bond Trustee, any of the Covered Bondholders or Couponholders in respect of any provisions of the same or the obtaining of any judgment or decree against the Issuer or any action to enforce the same or any other circumstances which might otherwise constitute a legal or equitable discharge or defense of a guarantor,

and the Covered Bond Guarantee will not be discharged nor shall the liability of the Covered Bond Guarantor under the Bond Trust Deed be affected by any act, thing or omission or means whatsoever whereby its liability would not have been discharged if it had been the principal debtor.

*Excess Proceeds*

Following the occurrence of an Issuer Event of Default and the delivery of the Issuer Acceleration Notice and Notice to Pay, any Excess Proceeds must be paid by the Bond Trustee on behalf of the Covered Bondholders of the relevant Series to the Covered Bond Guarantor, as soon as practicable, and must be held by the Covered Bond Guarantor in the GIC Account, and the Excess Proceeds will thereafter form part of the Charged Property and must be used by the Covered Bond Guarantor in the same manner as all other monies from time to time standing to the credit of the GIC Account pursuant to the Security Deed and the Establishment Deed. Any Excess Proceeds received by the Bond Trustee and held by it or under its control will discharge *pro tanto* the obligations of the Issuer in respect of the Covered Bonds and Coupons (as applicable and to the extent of the amount so received and subject to restitution of the same if such Excess Proceeds are to be required to be repaid by the Covered Bond Guarantor) (but will be deemed not to have so discharged the Issuer’s obligations for the purposes of subrogation rights of the Covered Bond Guarantor contemplated by the Covered Bond Guarantee and the Bond Trust Deed). However, the obligations of the Covered Bond Guarantor under the Covered Bond Guarantee are (following service of an Issuer Acceleration Notice and Notice to Pay or, if earlier, service of a Covered Bond Guarantee Acceleration Notice) unconditional and irrevocable, and the receipt by, or on behalf of, the Bond Trustee of any Excess Proceeds will not reduce or discharge any such obligations.

By subscribing for Covered Bonds, each Covered Bondholder will be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the Covered Bond Guarantor in the manner described above.

For the avoidance of doubt, any payments by the Covered Bond Guarantor to the Covered Bondholders out of the Excess Proceeds will reduce the Guaranteed Amounts *pro tanto*.

### **Intercompany Loan Agreement**

Under the Intercompany Loan Agreement, the Intercompany Loan Provider has agreed to make available to the Covered Bond Guarantor a multi-currency credit facility under which the Intercompany Loan Provider may make Term Advances to the Covered Bond Guarantor.

On each Issue Date, the Intercompany Loan Provider will make a Term Advance to the Covered Bond Guarantor in an amount equal to either (i) if a Non-Forward Starting Covered Bond Swap is entered into on the relevant Issue Date, the Principal Amount Outstanding on the Issue Date of the relevant Series or, as applicable, Tranche of Covered Bonds in the Specified Currency of the relevant Series or Tranche of Covered Bonds or (ii) if a Forward Starting Covered Bond Swap is entered into on the relevant Issue Date, the Australian Dollar Equivalent of the Principal Amount Outstanding on the Issue Date of the relevant Series or, as applicable, Tranche of Covered Bonds, and for a matching term. The Covered Bond Guarantor may only use the proceeds of the Term Advances received under the Intercompany Loan Agreement from time to time (if not denominated in Australian Dollars, upon exchange into Australian Dollars under the applicable Non-Forward Starting Covered Bond Swap): (i) to fund (in whole or in part) the Consideration for any Mortgage Loan Rights to be acquired from the Seller in accordance with the terms of the Mortgage Sale Agreement; and/or (ii) acting in accordance with the Establishment Deed, to invest in Substitution Assets in an amount not exceeding the prescribed limit, to the extent required to meet the Asset Coverage Test; and thereafter or otherwise the Covered Bond Guarantor may use such proceeds (if not denominated in Australian Dollars, upon exchange into Australian Dollars under the applicable Non-Forward Starting Covered Bond Swap) (subject to complying with the Asset Coverage Test): (A) if an existing Series or Tranche or part of an existing Series or Tranche of Covered Bonds is being refinanced by the issue of a further Series or Tranche of Covered Bonds to which the Term Advance relates, to repay the Term Advance(s) corresponding to the Covered Bonds being so refinanced (after exchange into the currency of the Term Advance(s) being repaid, if necessary); and/or (B) to make a repayment of the Demand Loan, provided that the Trust Manager has determined the outstanding balance of the Demand Loan by calculating the Asset Coverage Test as at the Intercompany Loan Drawdown Date having taken into account such repayment and the Trust Manager has confirmed that the Asset Coverage Test will continue to be met after giving effect to such repayment; and/or (C) subject to the terms of the Establishment Deed, to make a deposit of all or part of the proceeds into the GIC Account (including, without limitation, to fund the Reserve Fund). If the Intercompany Loan Provider is also the Seller, to the extent that the proceeds of a Term Advance are to be applied to the payment of the Consideration for any Mortgage Loan Rights to be acquired from the Seller, the Intercompany Loan Provider may, in satisfaction of its obligation to make the Term Advance in accordance with the Intercompany Loan Agreement on the applicable Intercompany Loan Drawdown Date, set-off the amount of the Term Advance against the Consideration for the relevant Mortgage Loan Rights.

The Issuer will not be relying on repayment of any Term Advance in order to meet its repayment obligations under the Covered Bonds. The Covered Bond Guarantor (acting on the instructions of the Trust Manager) will pay amounts due in respect of Term Advances in accordance with the Intercompany Loan Agreement and the relevant Priority of Payments. Prior to the service of a Notice to Pay on the Covered Bond Guarantor or the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, amounts due in respect of each Term Advance will be paid by the Covered Bond Guarantor to, or as directed by, the Intercompany Loan Provider on each Intercompany Loan Interest Payment Date, subject to paying all higher ranking amounts in the Pre-Acceleration Income Priority of Payments or, as applicable, the Pre-Acceleration Principal Priority of Payments. Any failure by the Covered Bond Guarantor to pay any amounts due on the Term Advances will not affect the liability of the Issuer to pay the relevant amount due on the Covered Bonds.

Any amounts owing by the Intercompany Loan Provider (as Issuer of a particular Tranche or Series of Covered Bonds) to the Covered Bond Guarantor in respect of amounts paid by the Covered Bond Guarantor under the Covered Bond Guarantee in relation to the particular Covered Bonds or the purchase of the particular Covered Bonds by the Covered Bond Guarantor, as applicable, will be set-off automatically (and without any action being required by the Covered Bond Guarantor, the Trust Manager, the Intercompany Loan Provider, the Demand Loan Provider or the Security Trustee) against any amounts payable by the Covered Bond Guarantor under the Intercompany Loan Agreement in relation to the Term Advance corresponding to the relevant Covered Bonds (and, in accordance with paragraph (d) below, against any amounts payable by the Covered Bond Guarantor to the Demand Loan Provider under the Demand Loan Agreement). The amount set-off will be the amount of the

relevant payment made by the Covered Bond Guarantor under the Covered Bond Guarantee in relation to the relevant Covered Bonds (or the Australian Dollar Equivalent of such amount if the related Term Advance is denominated in Australian Dollars and the relevant Covered Bonds are not denominated in Australian Dollars) or the Principal Amount Outstanding of any relevant Covered Bonds purchased or otherwise acquired and cancelled in accordance with Condition 5.10 of the Programme Conditions and Condition 4 of the N Covered Bond Conditions (as applicable) (or the Australian Dollar Equivalent of such amount if the related Term Advance is denominated in Australian Dollars and the relevant Covered Bonds are not denominated in Australian Dollars), as applicable, which amount must be applied to reduce amounts payable under the Intercompany Loan Agreement in relation to the Term Advance corresponding to the relevant Covered Bonds (and, in accordance with paragraph (d) below, against any amounts payable by the Covered Bond Guarantor to the Demand Loan Provider under the Demand Loan Agreement) in the following order of priority:

- (a) *first*, to reduce and discharge interest (including accrued interest) due and unpaid on the outstanding principal balance of such Term Advance;
- (b) *second*, to reduce and discharge the outstanding principal balance of such Term Advance;
- (c) *third*, to reduce and discharge any other amounts due and payable by the Covered Bond Guarantor to the Intercompany Loan Provider under the Intercompany Loan Agreement; and
- (d) *fourth*, to reduce and discharge amounts due and payable by the Covered Bond Guarantor to the Demand Loan Provider under the Demand Loan Agreement (see below).

The Intercompany Loan Agreement is governed by and is to be construed in accordance with the laws applying in the State of New South Wales, Australia.

#### **Demand Loan Agreement**

Under the Demand Loan Agreement, the Demand Loan Provider has agreed to make available to the Covered Bond Guarantor an Australian Dollar revolving credit facility under which the Demand Loan Provider may make Demand Loan Advances to the Covered Bond Guarantor. Each Demand Loan Advance will be denominated in Australian Dollars. The interest rate on the Demand Loan will be equal to the 30 day Bank Bill Rate plus a spread to be determined by the Demand Loan Provider. The balance of the Demand Loan will fluctuate over time, as described below.

The proceeds of each Demand Loan Advance may only be used by the Covered Bond Guarantor: (a) to fund the Consideration (in whole or part) for the acquisition of Mortgage Loan Rights from the Seller on a Closing Date where the aggregate of the proceeds of a Term Advance (if any) made on that date and/or (subject to paragraph (c) of the Pre-Acceleration Principal Priority of Payments as set out in the section “*Cashflows*” in this Offering Circular) any Available Principal Amount available to acquire Mortgage Loan Rights is not sufficient to pay the Consideration for the relevant Mortgage Loan Rights to be acquired; (b) to repay a Term Advance on the date on which the Series of Covered Bonds corresponding to such Term Advance matures (subject to paragraph (f) of the Pre-Acceleration Principal Priority of Payments as set out in the section “*Cashflows*” in this Offering Circular); (c) to rectify a failure to meet the Asset Coverage Test; (d) to rectify a breach of the Pre Maturity Test; (e) to rectify an Interest Rate Shortfall; (f) to make a deposit to the OC Account in accordance with the Demand Loan Agreement; or (g) for any other purpose whatsoever as may be agreed from time to time between the Covered Bond Guarantor (acting on the directions of the Trust Manager) and the Demand Loan Provider (including, without limitation, to fund the Reserve Fund if required).

At any time prior to an Issuer Event of Default and provided the relevant conditions precedent have been satisfied, the Trust Manager may direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must upon receiving that direction, re-borrow any amount of the Demand Loan repaid by the Covered Bond Guarantor in accordance with the Demand Loan Agreement and the relevant Priority of Payments. Unless otherwise agreed by the Demand Loan Provider, no further Demand Loan Advances will be made to the Covered Bond Guarantor under the Demand Loan Facility following an Issuer Event of Default or Covered Bond Guarantor Event of Default.

The Covered Bond Guarantor must repay the Demand Loan in the following circumstances:

- (a) by way of set-off by application of the proceeds of any Term Advance as described in “*Intercompany Loan Agreement*” above;
- (b) following the Demand Loan Provider requesting repayment of all or part of the Demand Loan in accordance with the Demand Loan Agreement;
- (c) after the service of a Covered Bond Guarantee Acceleration Notice in accordance with the Post-Enforcement Priority of Payments; and
- (d) after the Covered Bonds of each Series and Tranche have been repaid in full and the Issuer has confirmed to the Trust Manager that no additional Covered Bonds will be issued under the Programme Documents in accordance with the applicable Priority of Payments.

*Repayment following a demand by the Demand Loan Provider*

Any repayment amount which is the subject of a demand made as described in paragraph (b) above must (if so elected by the Demand Loan Provider) be paid within one Local Business Day of the demand (such date, a **Demand Loan Repayment Date**) or, where no such election is made, on the next Distribution Date immediately following such demand.

If a demand for repayment of all or part of the Demand Loan is made as described in paragraph (b) above, then subject to the applicable Priority of Payments (other than in the case of repayment on a Demand Loan Repayment Date) and the following paragraphs, the principal amount of the Demand Loan must be repaid by an amount equal to the lesser of: (a) the amount requested to be repaid by the Demand Loan Provider; (b) the maximum amount (as calculated by the Trust Manager) that may be repaid provided that the Asset Coverage Test is satisfied after giving effect to such repayment; and (c) in the case of the repayment of the Demand Loan on a Demand Loan Repayment Date, the amount standing to the credit of the OC Account. No repayment of the Demand Loan may be made in these circumstances on any Distribution Date or any Demand Loan Repayment Date if the Asset Coverage Test will be breached after giving effect to the repayment.

In satisfaction of the repayment obligation in respect of the Demand Loan in accordance with paragraph (e) of the Pre-Acceleration Principal Priority of Payments, paragraph (g) of the Guarantee Priority of Payments, paragraph (f) of the Post-Enforcement Priority of Payments and on a Demand Loan Repayment Date (i) first, the Demand Loan Provider (in its capacity as Account Bank in respect of the OC Account) must set-off the amount standing to the credit of the OC Account against the amount payable in respect of the Demand Loan in accordance with the relevant Priority of Payments or on the Demand Loan Repayment Date and (ii) second, other than on a Demand Loan Repayment Date, the Trust Manager must direct the Covered Bond Guarantor to and the Covered Bond Guarantor must (in the case of the Pre-Acceleration Principal Priority of Payments and the Guarantee Priority of Payments) or the Security Trustee must (in the case of the Post-Enforcement Priority of Payments) distribute Mortgage Loan Rights of the Trust in specie (the aggregate value of which will be determined by reference to the Current Principal Balance plus arrears of interest and accrued interest thereon in respect of the corresponding Mortgage Loan calculated as at the date of the in specie distribution) (the **In Specie Mortgage Loan Rights**) in accordance with the applicable Priority of Payments. Any In Specie Mortgage Loan Rights must be selected by the Trust Manager (in the case of a distribution in accordance with the Pre-Acceleration Principal Priority of Payments and the Guarantee Priority of Payments) or the Security Trustee (in the case of the Post-Enforcement Priority of Payments), on a basis that is representative of the Mortgage Loan Rights forming part of the Assets of the Trust at the date of the in specie distribution to the Demand Loan Provider.

For the avoidance of doubt, if the Covered Bond Guarantor (acting on the directions of the Trust Manager) or the Security Trustee, as applicable, fails (as determined by the Demand Loan Provider) for any reason whatsoever to distribute Mortgage Loan Rights as an in specie distribution in accordance with the Demand Loan Agreement and the applicable Priority of Payments (an **In Specie Failure**), such In Specie Failure will not discharge the repayment obligation in respect of the Demand Loan and such repayment obligation will be payable in accordance with the applicable Priority of Payments and the Demand Loan Agreement from the amount available to be applied in accordance with the relevant Priority of Payments.

An In Specie Failure does not constitute a Covered Bond Guarantor Event of Default, Trust Manager Default and/or a Covered Bond Guarantor Termination Event other than, in the case of a Trust Manager Default or a

Covered Bond Guarantor Termination Event, where the Covered Bond Guarantor or Trust Manager, as applicable, has been fraudulent, negligent or in wilful default in connection with the In Specie Failure.

#### *Ranking of repayments under the Demand Loan*

Where repayment of the principal amount owing under the Demand Loan is made by way of a set-off against the amount standing to the credit of the OC Account and/or by an in specie distribution of Mortgage Loan Rights as described above, such repayment will rank in priority to amounts owing by the Covered Bond Guarantor under the Covered Bond Guarantee or under the Intercompany Loan Agreement, as applicable, in accordance with the applicable Priority of Payments (unless such repayment is being made on a Demand Loan Repayment Date). Otherwise (including as a result of an In Specie Failure), repayment of the principal amount owing under the Demand Loan will be subordinated to amounts owed by the Covered Bond Guarantor under the Intercompany Loan Agreement and under the Covered Bond Guarantee, as applicable, in accordance with the applicable Priority of Payments (and repayment of such amounts may also be satisfied by an in specie distribution of Mortgage Loan Rights (determined in the manner described above), at the discretion of the Trust Manager or, in the case of the Post-Enforcement Priority of Payments, the Security Trustee).

Other than to the extent the principal on the Demand Loan is repaid by way of a set-off against the OC Account and/or by an in specie distribution of Mortgage Loan Rights, the Covered Bond Guarantor will repay the principal on the Demand Loan on a Distribution Date in accordance with the applicable Priority of Payments and the terms of the Demand Loan Agreement and the Establishment Deed, using (i) funds in the applicable Trust Accounts (other than the OC Account); and/or (ii) proceeds from the sale of Substitution Assets and/or Authorized Investments; and/or (iii) the proceeds of a Term Advance pursuant to the terms of the Intercompany Loan Agreement (see the section “*Cashflows*” in this Offering Circular).

The Australian Dollar Equivalent of any amounts owing by the Intercompany Loan Provider (as Issuer) to the Covered Bond Guarantor in respect of amounts paid by the Covered Bond Guarantor under the Covered Bond Guarantee in relation to particular Covered Bonds or the purchase of particular Covered Bonds by the Covered Bond Guarantor, as applicable, which are not set-off in accordance with the order of priority contained in the Intercompany Loan Agreement (set out above) will be set-off automatically (and without any action being required by the Covered Bond Guarantor, the Trust Manager, the Demand Loan Provider or the Security Trustee) against any amounts payable by the Covered Bond Guarantor under the Demand Loan Agreement in the following order of priority:

- (A) *first*, to reduce and discharge interest (including accrued interest) due and unpaid on the Demand Loan;
- (B) *second*, to reduce and discharge the outstanding principal balance of the Demand Loan; and
- (C) *third*, to reduce and discharge any other amounts due and payable by the Covered Bond Guarantor to the Demand Loan Provider under the Demand Loan Agreement.

The Demand Loan Agreement is governed by and is to be construed in accordance with the laws applying in the State of New South Wales, Australia.

#### **Mortgage Sale Agreement**

##### ***Sale by the Seller of Mortgage Loan Rights***

Mortgage Loan Rights have been, and will be, sold to the Covered Bond Guarantor from time to time on a fully serviced basis pursuant to the terms of the Mortgage Sale Agreement entered into on or about the Programme Date between the Bank (in its capacity as Seller, Issuer, Servicer and beneficiary of the CBA Trust), the Covered Bond Guarantor (in its capacity as trustee of the Trust and as trustee of the CBA Trust), the Trust Manager and the Security Trustee.

The types of Mortgage Loans forming part of the Assets of the Trust will vary over time provided that, at the time the relevant Mortgage Loan is sold to the Covered Bond Guarantor, the Mortgage Loan is an Eligible Mortgage Loan (as described below) on the relevant Cut-Off Date. Accordingly, Mortgage Loan Rights sold by the Seller to the Covered Bond Guarantor on a Closing Date may have characteristics that differ from Mortgage Loan Rights already forming part of the Assets of the Trust as at that date.

Prior to the occurrence of an Issuer Event of Default or a Covered Bond Guarantor Event of Default, the Covered Bond Guarantor will acquire Mortgage Loan Rights from the Seller in the four circumstances described below:

- (a) *first*, in connection with a proposed issue of a Series or Tranche of Covered Bonds or the prudent maintenance of the Mortgage Loan Rights forming part of the Assets of the Trust, the proceeds of a Demand Loan and/or a Term Advance (after being swapped into Australian Dollars at the applicable Swap Rate if the Term Advance is not denominated in Australian Dollars), together with (if applicable) the Available Principal Amount available for that purpose, may be applied in whole or in part by the Covered Bond Guarantor to acquire Mortgage Loan Rights from the Seller on the relevant Closing Date;
- (b) *second*, if at any time prior to the service of an Asset Coverage Test Breach Notice (which has not been deemed to have been revoked) and prior to the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice or the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice, part of the Available Principal Amount is available to be applied under paragraph (g) of the Pre-Acceleration Principal Priority of Payments and the Trust Manager notifies the Seller and requests the Seller to offer to sell Mortgage Loan Rights to the Covered Bond Guarantor, the Seller will use all reasonable endeavors to offer to sell such Mortgage Loan Rights to the Covered Bond Guarantor and such Mortgage Loan Rights will be purchased by the Covered Bond Guarantor using that part of the Available Principal Amount (provided that the Seller will not be obliged to sell to the Covered Bond Guarantor and the Covered Bond Guarantor will not be obliged to acquire Mortgage Loan Rights if, in the reasonable opinion of the Seller, the sale of such Mortgage Loan Rights would materially adversely affect the business or financial condition of the Seller);
- (c) *third*, the Trust Manager is required to ensure that the Adjusted Aggregate Mortgage Loan Amount is maintained at all times in compliance with the Asset Coverage Test (as determined by the Trust Manager on each Determination Date). If on any Determination Date the Adjusted Aggregate Mortgage Loan Amount is less than the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds, the Seller will use all reasonable endeavors to offer to sell sufficient Mortgage Loan Rights to the Covered Bond Guarantor so the Asset Coverage Test is satisfied on the immediately following Determination Date (provided that the Seller will not be obliged to sell to the Covered Bond Guarantor and the Covered Bond Guarantor will not be obliged to acquire Mortgage Loan Rights if, in the reasonable opinion of the Seller, the sale of such Mortgage Loan Rights would materially adversely affect the business or financial condition of the Seller); and
- (d) *fourth*, if there is an Interest Rate Shortfall, and the Trust Manager notifies the Servicer and the Seller, having regard to the obligations of the Covered Bond Guarantor and the amount of that Interest Rate Shortfall, that further Mortgage Loan Rights should be offered by the Seller to the Covered Bond Guarantor pursuant to the Mortgage Sale Agreement to rectify the Interest Rate Shortfall, the Seller will use all reasonable endeavors to offer to sell in accordance with the Mortgage Sale Agreement sufficient Mortgage Loan Rights to the Covered Bond Guarantor to ensure that there will not be an Interest Rate Shortfall on the next Determination Date and the Trust Manager must request a Demand Loan Advance to the extent required to pay the Consideration in relation to such Mortgage Loan Rights (provided that the Seller will not be obliged to sell to the Covered Bond Guarantor and the Covered Bond Guarantor will not be obliged to acquire Mortgage Loan Rights if, in the reasonable opinion of the Seller, the sale of such Mortgage Loan Rights would materially adversely affect the business or financial condition of the Seller).

In exchange for the sale of the Mortgage Loan Rights to the Covered Bond Guarantor, the Seller will receive a payment of the Consideration for the Mortgage Loan Rights in accordance with the applicable Priority of Payments.

The Seller may set-off any amount payable on the Closing Date by it as Intercompany Loan Provider and/or Demand Loan Provider under the Intercompany Loan Agreement and/or the Demand Loan Agreement, as applicable, against the Consideration for any new Mortgage Loan Rights.

The Consideration for Mortgage Loan Rights acquired by the Covered Bond Guarantor will be paid on the applicable Closing Date.

The Seller will be required to repurchase Mortgage Loan Rights sold to the Covered Bond Guarantor in the circumstances described under “*Repurchase by the Seller following breach of Representations and Warranties*”, below.

### ***Eligible Mortgage Loans***

The Seller gives certain representations and warranties in respect of each Mortgage Loan, which include that the Mortgage Loan is an Eligible Mortgage Loan as at the relevant Cut-Off Date. An Eligible Mortgage Loan is a Mortgage Loan that satisfies the following conditions:

- (a) it has a stated term remaining to maturity as at the Cut-Off Date not exceeding 30 years;
- (b) the Mortgage Loan is regarded as “prime” loan not a “low-doc” loan;
- (c) the Borrower in respect of the Mortgage Loan is not an employee of the Seller who is paying a concessional rate of interest under the Mortgage Loan as a result of such employment;
- (d) it was advanced in, and is repayable in, Australian Dollars;
- (e) as at the Cut-Off Date no payment due from the Borrower under the Mortgage Loan is in arrear by more than 30 days;
- (f) it is a first ranking mortgage;
- (g) it is secured by a Mortgage over Land which was erected on or within it a residential dwelling or unit; and
- (h) it is or has been fully drawn.

On each Cut-Off Date, the Representations and Warranties (described below in “*Representations and Warranties*”) will be given by the Seller in respect of the Mortgage Loan Rights sold by the Seller to the Covered Bond Guarantor on that Closing Date.

### ***Transfer of Title to the Mortgage Loan Rights to the Covered Bond Guarantor***

Mortgage Loan Rights will be sold by the Seller to the Covered Bond Guarantor by way of statutory assignment. Notice of the sale will not be initially provided to the Borrowers. Mortgages will be sold by the Seller to the Covered Bond Guarantor by way of equitable assignment.

Each of the following events is a **Perfection of Title Event**:

- (a) the occurrence of an Issuer Event of Default that is subsisting and the service on the Issuer and the Covered Bond Guarantor of an Issuer Acceleration Notice and the service on the Covered Bond Guarantor of a Notice to Pay, unless the Seller has notified the Covered Bond Guarantor that it will accept the offer set out in a Selected Mortgage Loan Rights Offer Notice within the prescribed time in relation to the Mortgage Loan Rights specified in the Selected Mortgage Loan Rights Offer Notice; or
- (b) at the request of the Covered Bond Guarantor (acting on the directions of the Trust Manager) following the acceptance of an offer to sell the Selected Mortgage Loan Rights (in accordance with the Programme Documents) to any person who is not the Seller; or
- (c) the Seller and/or the Covered Bond Guarantor being required to perfect legal title to the Mortgage Loan Rights by law or by an order of a court of competent jurisdiction; or
- (d) the Security under the Security Deed or any material part of the Security being in the opinion of the Security Trustee (acting on the directions of (if any Covered Bonds are outstanding) the Bond Trustee or (if no Covered Bonds are outstanding) the Majority Secured Creditors in jeopardy and the Security Trustee being directed by the Bond Trustee (if any Covered Bonds are outstanding and subject to the provisions of the Bond Trust Deed) or, if there are no Covered Bonds outstanding, the Majority Secured Creditors, to take that action to reduce that jeopardy; or
- (e) the termination of the Bank’s role as Servicer under the Servicing Deed unless: (i) at the relevant date of termination any Substitute Servicer is a member of the Group; or (ii) the Security Trustee otherwise consents (such consent to be given if a Rating Affirmation Notice has been issued by the Issuer to the Covered Bond Guarantor and the Security Trustee in respect of the termination of the Bank’s role as Servicer); or

- (f) the Seller requesting at its absolute discretion the perfection of a sale of Mortgage Loan Rights by giving notice in writing to the Covered Bond Guarantor and the Security Trustee; or
- (g) the occurrence of an Insolvency Event in relation to the Seller; or
- (h) the Seller's unsecured, unsubordinated, long-term senior debt obligations have been downgraded below Baa3 by Moody's or BBB- by Fitch (or, if Fitch has placed the Seller on ratings watch negative at the relevant time, below BBB by Fitch) (or such other rating in respect of the Seller as is agreed between the Trust Manager and the Seller and in respect of which the Issuer has issued a Rating Affirmation Notice in respect of each Rating Agency).

Following the occurrence of a Perfection of Title Event that is subsisting, the Covered Bond Guarantor may only take any action:

- (i) in the case of the Perfection of Title Event referred to in paragraph (a), in respect of all Mortgage Loans forming part of the Assets of the Trust other than any Selected Mortgage Loan Rights specified in a Selected Mortgage Loan Rights Offer Notice given by the Covered Bond Guarantor to the Seller which has been accepted by the Seller within the prescribed time;
- (ii) in the case of the Perfection of Title Event referred to in paragraph (b), in respect of the relevant Selected Mortgage Loan Rights only;
- (iii) in the case of the Perfection of Title Event referred to in paragraph (c), in respect of affected Mortgage Loan Rights only; and
- (iv) in the case of any other Perfection of Title Event, in respect of all Mortgage Loan Rights forming part of the Assets of the Trust,

in each case, the **Affected Mortgage Loan Rights**.

If a Perfection of Title Event of which the Covered Bond Guarantor is actually aware is subsisting, the Covered Bond Guarantor must, as soon as reasonably practicable, by notice in writing to the Seller, Servicer, Trust Manager, Security Trustee and each Rating Agency, declare that a Perfection of Title Event has occurred unless the Issuer issues a Rating Affirmation Notice prior to such declaration

The Seller agrees (to the extent that any of the following is vested in it) to hold all right, title, interest and benefit (both present and future) in and under: (i) the Mortgage Loan Rights following the acquisition of such Mortgage Loan Rights by the Covered Bond Guarantor; and (ii) any sums that are or may become due in respect thereof, on trust for the Covered Bond Guarantor (excluding from such trust any Mortgage Loans cease to be Assets of the Trust).

At least three Local Business Days before the first Closing Date, the Seller must deliver powers of attorney in registrable form in each Australian jurisdiction appointing the Covered Bond Guarantor as its attorney to, amongst other things: (1) execute, deliver and lodge any Mortgage Transfer relating to any Mortgage Loans forming part of the Assets of the Trust and any other documents referred to in a Mortgage Transfer which are ancillary to them or contemplated by them with any land titles office in any relevant Australian jurisdiction; (2) give effect to the transactions contemplated by any Mortgage Transfer; (3) exercise any rights of the Seller to vary by notice to the Borrower the rate or amount of any interest or fees payable by the Borrower under the related Mortgage Loan; and/or (4) do anything incidental to or conducive to the effective and expeditious exercise of its rights under the powers of attorney (the **Seller Powers of Attorney**). The Seller Powers of Attorney will not be exercisable by the Covered Bond Guarantor until the occurrence of a Perfection of Title Event.

If, and only if, the Covered Bond Guarantor makes a declaration of a Perfection of Title Event, as discussed above, the Covered Bond Guarantor and the Trust Manager must as soon as practicable (i) take all necessary steps to perfect in the name of the Covered Bond Guarantor the Covered Bond Guarantor's legal title to the Mortgages in respect of the Affected Mortgage Loan Rights then forming part of the Assets of the Trust (including lodgment of Mortgage Transfers (where necessary, executed under a Seller Power of Attorney) with the land titles office of the appropriate jurisdiction to achieve registration of the Mortgages in respect of the Affected Mortgage Loan Rights then forming part of the Assets of the Trust); (ii) notifying the Borrowers of the sale of Mortgage Loans and Mortgages in respect of the Affected Mortgage Loan Rights then forming part of the Assets of the Trust including informing them (where appropriate) that they should make payment to the Trust Account specified to

them by the Covered Bond Guarantor; and (3) taking possession of all Loan Files (subject to the Privacy Act and the Seller's duty of confidentiality to its customers under general law or otherwise). Prior to any such declaration, the Seller will retain legal title to the Mortgage Loan Rights and custody of the mortgage title documents.

The Seller indemnifies the Covered Bond Guarantor from and against any Liabilities incurred by the Covered Bond Guarantor in perfecting the Covered Bond Guarantor's legal title to the Mortgages then forming part of the Assets of the Trust in accordance with the Mortgage Sale Agreement.

### ***Representations and Warranties***

The Covered Bond Guarantor has not made or has caused to be made on its behalf any enquiries, searches or investigations in respect of the Mortgage Loan Rights to be sold to the Covered Bond Guarantor. Instead, each will rely entirely on the Representations and Warranties made by the Seller and contained in the Mortgage Sale Agreement. As at the relevant Cut-Off Date, the Seller makes the following Representations and Warranties in relation to each Mortgage Loan sold or to be sold to the Covered Bond Guarantor:

- (a) at the time that the Seller entered into the Mortgage relating to the Mortgage Loan, each Mortgage, Loan Agreement and Collateral Security complied in all material respects with applicable laws (including applicable Consumer Credit Code laws and the National Consumer Credit Protection Laws, as applicable) and, as at the Cut-Off Date, the Seller is not aware of any failure by it to comply with the National Consumer Credit Protection Laws (if applicable) in relation to the Mortgage Loan;
- (b) at the time that the Seller entered into the Mortgage Loan, it did so in good faith;
- (c) at the time that the Seller entered into the Mortgage Loan, the Mortgage Loan was originated in the ordinary course of the Seller's business and since that time the Seller has dealt with the Mortgage Loan in accordance with the Servicing Guidelines and the Servicing Standards;
- (d) at the time that the Seller entered into the Mortgage Loan, all necessary steps were taken in respect of each Mortgage created in connection with the Mortgage Loan so that each Mortgage complied with the legal requirements applicable at that time to ensure that each Mortgage was a first-ranking mortgage (subject to any statutory charges, any prior charges of a body corporate, service company or equivalent, whether registered or otherwise, and any other prior Security Interests which do not prevent the Mortgage from being considered to be a first-ranking mortgage in accordance with the Servicing Standards) secured over Land in the jurisdiction in which the relevant Land is located subject to stamping and registration of each relevant Mortgage in due course;
- (e) where there is a second or other mortgage in existence over Land the subject of a Mortgage in relation to the Mortgage Loan and the Seller is not the mortgagee of that second or other mortgage, the Seller has ensured (by way of a Priority Agreement with the subsequent mortgagee or otherwise) that the Mortgage will rank ahead in priority to the second or other mortgage on enforcement for an amount not less than the principal amount (plus accrued but unpaid interest) outstanding on the Mortgage Loan plus such extra amount determined in accordance with the Servicing Guidelines;
- (f) at the time that the Mortgage Loan was approved, the Seller had not received any notice of the insolvency or the bankruptcy of the corresponding Borrowers or that the corresponding Borrowers did not have the legal capacity to enter into the corresponding Mortgage;
- (g) the Seller is the sole legal and beneficial owner of the Mortgage Loan and the related Mortgages and First Layer of Collateral Securities (other than the Insurance Policies) and to its knowledge, subject to paragraph (d) above) no prior ranking Security Interest exists in relation to its right, title and interest in that Mortgage Loan and the related Mortgages and First Layer of Collateral Securities;
- (h) each of the Mortgage Documents (other than the Insurance Policies in respect of Land) relating to the Mortgage Loan which is required to be stamped with stamp duty has been duly stamped;
- (i) the Mortgage Loan has not been satisfied, cancelled, discharged or rescinded and the property relating to each relevant Mortgage has not been released from the security of that Mortgage;

- (j) the Seller holds, in accordance with the Servicing Standards, all documents which, pursuant to the Servicing Standards, it should hold to enforce the provisions of, and the security created by, the corresponding Mortgage and the First Layer of Collateral Securities;
- (k) other than the relevant Mortgage Documents, there are no documents entered into between the Seller and the Borrower or any other relevant party in relation to the Mortgage Loan which would qualify or vary the terms of the Mortgage Loan except as permitted by the Servicing Standards (including any variations of a Mortgage Loan which may be made by notice to the Borrower from the Seller) and recorded in a written instrument forming part of the mortgage documentation applicable to the Mortgage Loan and any documentation relating to any corresponding Interest Off-Set Account;
- (l) other than in respect of priorities granted by statute, the Seller has not received notice from any person that it claims to have a Security Interest ranking in priority to or equal with the Security Interest held by the Seller and constituted by any corresponding Mortgage;
- (m) the Seller holds all consents, licenses, approvals, authorizations and exemptions from any Governmental Agency required as at the Cut-Off Date for, or in connection with, performance and enforceability in respect of the Mortgage Loan which, in accordance with the Servicing Standards, it should hold in relation to the Mortgage Loan as at the Cut-Off Date;
- (n) the Mortgage Loan is an Eligible Mortgage Loan as at the Cut-Off Date;
- (o) except in respect of a Mortgage Loan subject to a fixed rate of interest (or a rate of interest which can be converted into a fixed rate of interest or a fixed margin relative to a benchmark) and except as may be provided by applicable laws (including the Consumer Credit Code and the National Consumer Credit Protection Laws, as applicable), any Binding Provision or any Competent Authority or as may be provided in the corresponding Mortgage Documents, the interest rate payable on a Mortgage Loan is not subject to any limitation and no consent, additional memoranda or other writing is required from the relevant Borrower to give effect to a change in the interest rate payable on the Mortgage Loan and, subject to the foregoing, any change in the interest rate may be set at the sole discretion of the Servicer and is effective no later than when notice is given to the Borrower in accordance with the terms of the relevant Mortgage Loan;
- (p) the Seller is lawfully entitled to sell and assign its interests in the corresponding Mortgage Loan Rights and to transfer valid and beneficial title to the Covered Bond Guarantor free from all Security Interests (other than as described in paragraph (d) above);
- (q) it is not aware of anything in relation to the sale of the Mortgage Loan Rights to the Covered Bond Guarantor which might cause a court to hold that the sale constitutes an under-value transfer, a fraudulent conveyance or a voidable preference under any law relating to insolvency;
- (r) the sale, transfer and assignment of the Seller's interest in the Mortgage Loan Rights will not constitute a breach of its obligations or a default under any Security Interest binding on the Seller or its property;
- (s) the terms of the Loan Agreement relating to the Mortgage Loan require payments in respect of that Mortgage Loan to be made to the Seller free of set-off, unless prohibited by law; and
- (t) the Borrower in respect of the Mortgage Loan has made at least one Mortgage Loan Scheduled Payment.

#### ***CBA Trust***

The Mortgage in respect of a Mortgage Loan forming part of the Assets of the Trust may constitute an "all money mortgage" in that such Mortgage purports to secure the repayment of indebtedness which a Borrower owes, or may owe, to the Seller, as applicable, from time to time that is not assigned to the Covered Bond Guarantor (such as business loans) as well as securing the repayment of the Mortgage Loan (each, an **Other Loan**). Pursuant to a trust to be established upon entry into the Mortgage Sale Agreement (the **CBA Trust**), the Covered Bond Guarantor (as trustee of the CBA Trust) will hold all of its right, title and interest in:

- (a) each Other Loan;

- (b) the balance of the Mortgages, the Mortgage Documents, the First Layer of Collateral Securities and the Mortgage Receivables (after taking into account so much of any Mortgage Loan, the First Layer of Collateral Securities, the Mortgage Receivables and the Mortgage Documents (including the proceeds of enforcement in relation to such Mortgage Loan)) as is necessary to enable the full and final repayment of all amounts owing in respect of the Mortgage Loan; and
- (c) the Second Layer of Collateral Securities,

which are assigned to the Covered Bond Guarantor by the Seller for the benefit of the Seller.

Where:

- (a) a Mortgage Loan forms part of the Assets of the Trust; and
- (b) an Other Loan forms part of the CBA Trust; and
- (c) a Collateral Security which is part of the First Layer of Collateral Securities or a Mortgage which secures the Mortgage Loan also secures the Other Loan,

then:

- (i) where the Seller in relation to the Mortgage Loan is the Servicer, the Servicer is entitled to enforce that Collateral Security or Mortgage (as the case may be) upon a default occurring in respect of the Other Loan provided that the enforcement proceeds are paid to the Covered Bond Guarantor. Upon receipt of such proceeds the Covered Bond Guarantor must:
  - (A) treat as Collections the amount of such proceeds as is equal to all amounts outstanding under the relevant Mortgage Loan; and
  - (B) pay the excess (if any) of such proceeds to the Seller (as beneficiary of the CBA Trust) in respect of amounts outstanding under the Other Loan; or
- (ii) where the Seller in relation to a Mortgage Loan is not the Servicer, the Servicer must enforce that Collateral Security or Mortgage (as the case may be) upon receipt of a direction to do so from the Seller (as beneficiary of the CBA Trust) which states that the relevant Other Loan is in default. Upon receipt of the enforcement proceeds in respect of that Collateral Security or Mortgage (as the case may be) the Servicer must pay to the Covered Bond Guarantor all such proceeds and the Covered Bond Guarantor must:
  - (A) treat as Collections the amount of such proceeds as is equal to all amounts outstanding under the relevant Mortgage Loan; and
  - (B) pay the excess (if any) of such proceeds to the Seller (as beneficiary of the CBA Trust) in respect of amounts outstanding under the Other Loan.

If a Mortgage Loan has been repaid in full or is treated as having been repaid in full in accordance with the Mortgage Sale Agreement and the Mortgage Loan is not discharged, then, from the date of repayment or treated repayment in full of the Mortgage Loan, automatically by virtue of the Mortgage Sale Agreement and without the necessity for any further act or instrument or other thing to be done or brought into existence:

- (a) if Perfection of Title has not occurred in respect of that Mortgage Loan, the Covered Bond Guarantor's entire right, title and interest in that Mortgage Loan and in the Mortgage Loan Rights in relation to that Mortgage Loan then forming part of the Assets of the Trust and any Other Loan in respect of that Mortgage Loan will be extinguished in favor of the Seller with respect to those Mortgage Loan Rights and that Other Loan with immediate effect; or
- (b) if Perfection of Title has occurred in respect of that Mortgage Loan, the Covered Bond Guarantor will hold the benefit of its right, title and interest in and to:
  - (i) that Mortgage Loan;

- (ii) any Mortgages and the First Layer of Collateral Securities, held in respect of that Mortgage Loan;
- (iii) any Mortgage Documents held in relation to that Mortgage Loan; and
- (iv) the Mortgage Receivables held in relation to that Mortgage Loan,

as trustee of the CBA Trust.

If the Mortgages, First Layer of Collateral Securities, Mortgage Documents, Mortgage Receivables or Other Loans referred to above apply to more than one Mortgage Loan forming part of the Assets of the Trust, the holding of the Covered Bond Guarantor's interest in such as trustee of the CBA Trust occurs only upon repayment in full of all such Mortgage Loans secured by such Mortgages, First Layer of Collateral Securities, Mortgage Documents, Mortgage Receivables and Other Loans.

***Repurchase by the Seller following breach of Representations and Warranties***

If the Trust Manager, the Seller or the Covered Bond Guarantor become actually aware that a Representation or Warranty was materially breached or materially incorrect when given in respect of a Mortgage Loan forming part of the Assets of the Trust it must give notice, in the case of the Trust Manager and the Seller, to the other parties to the Mortgage Sale Agreement and in the case of the Covered Bond Guarantor, to the Trust Manager and the Seller, within five Local Business Days of the relevant party becoming so aware. If that breach is not remedied to the Covered Bond Guarantor's satisfaction within five Local Business Days of the Seller or the Trust Manager giving or receiving such notice, then the Seller must pay to the Covered Bond Guarantor the Current Principal Balance of the relevant Mortgage Loan plus the arrears of interest and any accrued interest (in each case, as at the date of delivery of the notice referred to above) and on receipt of such payment by the Covered Bond Guarantor, the relevant Mortgage Loan will be treated as having been repaid in full.

***Further drawings under the Mortgage Loans***

The Seller will be solely responsible for funding the advance to the relevant Borrowers of all further drawings, if any, in respect of Mortgage Loans forming part of the Assets of the Trust (including, but not limited to, Trust Further Advances).

***Further Advances***

A Mortgage Loan forming part of the Assets of the Trust will be subject to a Further Advance when the Seller agrees to an advance of further money to the relevant Borrower following the making of the initial advance of monies in respect of such Mortgage Loan which is secured by the same Mortgage as the initial advance and is recorded on the same account as the initial advance.

The Seller has an absolute right to agree to or refuse to grant a Further Advance and the Seller will be solely responsible for funding any such Further Advance to a Borrower.

If the Seller makes an advance to a Borrower and:

- (a) the Seller opens a separate account in its records in relation to the advance, the advance is considered for the purposes of the Mortgage Sale Agreement to be an Other Loan and upon creation, the Covered Bond Guarantor will automatically by virtue of the Mortgage Sale Agreement, and without the necessity for any further act or thing to be done or brought into existence, hold the benefit of its right, title and interest in such Other Loan for the Seller as trustee of the CBA Trust and the Covered Bond Guarantor will hold any Mortgage and any First Layer of Collateral Securities in respect of such Other Loan and any Second Layer of Collateral Securities in respect of such Other Loan in accordance with the Mortgage Sale Agreement;
- (b) the Seller records the advance as a debit to the account in its records for an existing Mortgage Loan forming part of the Assets of the Trust notwithstanding whether the advance leads to the Scheduled Balance in respect of that Mortgage Loan (prior to the approval of the advance) being exceeded by more than one Mortgage Loan Scheduled Payment or not, the advance is treated as a Further Advance for the purposes of the Mortgage Sale Agreement and the rights to repayment of such will be a Mortgage Loan Right forming part of the Assets of the Trust unless the Seller elects, in its absolute discretion to pay to

the Covered Bond Guarantor an amount equal to the Current Principal Balance (before the advance was made) plus the arrears of interest and any accrued interest in respect of the relevant Mortgage Loan (which amount must be deposited into the GIC Account) and on such payment the Mortgage Loan is, for the purposes of the Mortgage Sale Agreement only, treated as having been repaid in full.

If the Seller makes a Further Advance and the Seller has not elected to remove the Mortgage Loan in respect of which such Further Advance was made (and the related Mortgage Loan Rights) from the Assets of the Trust (a **Trust Further Advance**) and, in accordance with the Servicing Deed, notifies the Trust Manager of the amount of that Trust Further Advance:

- (a) if the Seller is the Servicer, the Seller may apply an amount of Principal Collections held by it prior to deposit in the GIC Account; or
- (b) if the Seller is not the Servicer or if the Seller notifies the Trust Manager that it cannot, or chooses not to, apply Principal Collections as described in paragraph (a), the Trust Manager must direct the Covered Bond Guarantor to pay the Seller that amount from Principal Collections held by the Covered Bond Guarantor in the GIC Account,

in each case, in reimbursement of such Trust Further Advance, provided that Principal Collections may only be applied in accordance with paragraphs (a) and (b) above if there are sufficient Principal Collections to be able to make the reimbursement and the Trust Manager has confirmed to the Covered Bond Guarantor that it is satisfied on a reasonable basis that the estimated Principal Collections for the Collection Period in which the day of application falls exceeds the aggregate of the amount of that reimbursement and any other reimbursement made to the Seller during that Collection Period. If the Covered Bond Guarantor receives a direction from the Trust Manager in accordance with paragraph (b) above, the Covered Bond Guarantor must pay the Seller the amount so directed and will be entitled to assume that the Trust Manager has complied with its obligations described in this paragraph in giving that direction.

#### ***Defaulted Mortgage Loans***

If a Mortgage Loan becomes a Defaulted Mortgage Loan, then that Mortgage Loan will be attributed a zero value in the calculation of the Asset Coverage Test, the Amortisation Test and the Legislated Collateralisation Test on the relevant Determination Date.

#### ***General ability to repurchase***

The Seller may, at any time prior to the occurrence of an Issuer Event of Default, by serving a Seller Mortgage Loan Repurchase Notice on the Covered Bond Guarantor (copied to the Trust Manager and the Security Trustee), offer to repurchase Mortgage Loan Rights from the Covered Bond Guarantor for an amount equal to the Current Principal Balance plus arrears of interest and any accrued interest in respect of the Mortgage Loans relating to such Mortgage Loan Rights. The Covered Bond Guarantor will be under no obligation whatsoever to accept such an offer and any such decision will be made by the Trust Manager. In no circumstances will the Trust Manager direct the Covered Bond Guarantor to (and the Covered Bond Guarantor will not) accept any such offer unless the Trust Manager confirms to the Covered Bond Guarantor that, after giving effect to the sale of the Mortgage Loan Rights, the Asset Coverage Test will be satisfied.

#### ***Timing of repurchase and payment***

Subject as provided in “*General ability to repurchase*” above, the Covered Bond Guarantor (acting on the directions of the Trust Manager) may accept an offer by the Seller to repurchase Mortgage Loan Rights in writing (including by email) to the Seller. If the Covered Bond Guarantor so accepts an offer made by the Seller, the Seller must pay to the Covered Bond Guarantor an amount equal to the Current Principal Balance plus the arrears of interest and any accrued interest in respect of the Mortgage Loans the subject of the Seller Mortgage Loan Repurchase Notice and on receipt of such amount by the Covered Bond Guarantor the Mortgage Loans will be treated as having been repaid in full. Such payment must be allocated by the Covered Bond Guarantor to the GIC Account of the Trust.

A repurchase of the right, title and interest in any Mortgage Loan Rights in the circumstances described under “*General ability to repurchase*” will take place on a date agreed by the Seller and the Covered Bond Guarantor (acting on the directions of the Trust Manager).

### ***Right of pre-emption***

Under the terms of the Mortgage Sale Agreement, the Seller will have a right of pre-emption in respect of any sale, in whole or in part, of Selected Mortgage Loan Rights. The Covered Bond Guarantor may be required to sell selected Mortgage Loan Rights in the circumstances described in “*Establishment Deed – Sale of Selected Mortgage Loan Rights if the Pre-Maturity Test is breached*” below.

In connection with the sale of Mortgage Loan Rights, the Covered Bond Guarantor will serve on the Seller a Selected Mortgage Loan Rights Offer Notice offering to sell those Selected Mortgage Loan Rights for the best price reasonably available, but in any event: (a) following the service of an Asset Coverage Test Breach Notice (but prior to the service of a Notice to Pay), for an amount not less than the Current Principal Balance of the Mortgage Loans relating to the Selected Mortgage Loan Rights plus the arrears of interest and any accrued interest; and (b) following a breach of the Pre-Maturity Test or service of a Notice to Pay on the Covered Bond Guarantor, for an amount not less than the Adjusted Required Redemption Amount for the relevant Series of Covered Bonds. If the Seller accepts the Covered Bond Guarantor’s offer to sell the relevant Selected Mortgage Loan Rights in accordance with the foregoing, the Seller must, within 10 Local Business Days of service of the Selected Mortgage Loan Rights Offer Notice on the Seller, countersign and return to the Covered Bond Guarantor the relevant Selected Mortgage Loan Rights Offer Notice. The Seller’s right to accept the offer (and therefore exercise its right of pre-emption) will be conditional upon the Covered Bond Guarantor, the Trust Manager and Security Trustee (each acting reasonably) being satisfied that no Insolvency Event has occurred in respect of the Seller. Upon receipt by the Covered Bond Guarantor of a countersigned Selected Mortgage Loan Rights Offer Notice, the Mortgage Loans identified in the Selected Mortgage Loan Rights Offer Notice will be treated as having been repaid in full by the payment by the Seller to the Covered Bond Guarantor of an amount equal to the repurchase price referred to above and specified in the relevant Selected Mortgage Loan Rights Offer Notice. Such payment must be allocated by the Covered Bond Guarantor to the GIC Account.

Completion of such repurchase (by payment of the repurchase price by the Seller (or other Purchaser nominated by the Seller)) will take place on such date as the Covered Bond Guarantor (acting on the directions of the Trust Manager) and the Seller may agree (provided that such date shall not be later than the earlier to occur of the date which is (i) 10 Local Business Days after receipt by the Covered Bond Guarantor of the Selected Mortgage Loan Rights Offer Notice countersigned by the Seller or (ii) the Final Maturity Date of the Earliest Maturing Covered Bonds).

If the Seller rejects the Covered Bond Guarantor’s offer or fails to accept it in accordance with the foregoing, the Covered Bond Guarantor will offer to sell the Selected Mortgage Loan Rights to other Purchasers (as described under “*Establishment Deed – Method of Sale of Selected Mortgage Loan Rights*”, below).

For the purposes of the above:

“**Adjusted Required Redemption Amount**” means in relation to a Series of Covered Bonds:

- (i) the Australian Dollar Equivalent of the Required Redemption Amount; plus or minus
- (ii) the Australian Dollar Equivalent of any swap termination amounts payable under the Covered Bond Swaps corresponding to the Series to or by the Covered Bond Guarantor less (where applicable) amounts standing to the credit of (i) the Pre-Maturity Ledger, (ii) the GIC Account (excluding amounts standing to the credit of the Pre-Maturity Ledger) and (iii) the principal balance of any Substitution Assets and Authorized Investments (excluding all amounts to be applied on the next following Distribution Date to repay higher ranking amounts in the relevant Priority of Payments and those amounts that are required to repay any Series of Covered Bonds which mature prior to or on the same date as the relevant Series of Covered Bonds); plus or minus
- (iii) the Australian Dollar Equivalent of any swap termination amounts payable to or by the Covered Bond Guarantor under the Interest Rate Swap.

The Mortgage Sale Agreement is governed by and is to be construed in accordance with the laws applying in the State of New South Wales, Australia.

### **Servicing Deed**

Pursuant to the terms of the Servicing Deed entered into on or about the Programme Date between the Covered Bond Guarantor (in its capacity as trustee of the Trust and as trustee of the CBA Trust), the Bank (in its capacity

as Servicer and Seller), the Trust Manager and the Security Trustee, the Servicer has agreed to administer and service on behalf of the Covered Bond Guarantor the Mortgage Loan Rights sold by the Seller to the Covered Bond Guarantor.

The Servicer must ensure that the servicing of the Mortgage Loan Rights which from time to time form part of the Assets of the Trust (including the exercise of the express powers set out in the Servicing Deed) is:

- (a) at all times, conducted in the best interests of the Covered Bond Guarantor;
- (b) in compliance with the express limitations of the Servicing Deed (unless the prior written consent of the Trust Manager and the Covered Bond Guarantor is obtained); and
- (c) to the extent the Servicing Deed does not provide otherwise, in accordance with the Servicing Standards.

The function of servicing the Mortgage Loans Rights forming part of the Assets of the Trust is vested in the Servicer to be exercised on behalf, and in the best interests, of the Covered Bond Guarantor, however the parties to the Servicing Deed acknowledge and agree that the Servicer is an independent contractor and not the agent of the Covered Bond Guarantor in the exercise and performance of its duties under the Servicing Deed.

The Servicer's actions in servicing the Mortgage Loan Rights are binding on the Covered Bond Guarantor, whether or not such actions or any omissions are in compliance with the Servicing Deed. The Servicer may appoint an agent or delegate for the purposes of carrying out and performing its duties and obligations under the Servicing Deed provided that it meets the conditions as set out in the Servicing Deed in relation to such appointment. The Servicer at all times remains liable for its agents and delegates insofar as the act or omissions of any such person constitute a breach by the Servicer of its obligations under the Servicing Deed and in respect of payment of fees to any such person.

#### ***Undertakings of the Servicer***

Pursuant to the terms of the Servicing Deed, the Servicer must, in servicing the Mortgage Loan Rights forming part of the Assets of the Trust, exercise its powers and discretions under the Servicing Deed, the Servicing Guidelines and the relevant Mortgage Documents to which it is a party in accordance with the standards and practices suitable for a prudent lender in the business of making retail home loans and in the best interests of the Covered Bond Guarantor following such collection procedures it follows with respect to comparable mortgage loans owned and serviced by it.

Under the Servicing Deed, the Servicer undertakes to, among other things:

- (a) promptly ensure that any Mortgage Loan Document in relation to a Mortgage Loan following any amendment, consolidation, supplementation, novation or substitution of a Mortgage, is duly stamped (if liable to stamp duty) and duly registered (where registration is required) with the relevant land titles office to constitute, in the case of a Mortgage, a subsisting first-ranking registered mortgage over the relevant property;
- (b) promptly notify the Covered Bond Guarantor, the Trust Manager and the Security Trustee of any material breach of the Servicing Guidelines by the Servicer in relation to the servicing of the Mortgage Loan Rights then forming part of the Assets of the Trust;
- (c) upon receiving notice that a Borrower desires to repay a Mortgage Loan in full, prepare and make available documentation and make such calculations as are necessary to enable repayment of a Mortgage Loan and discharge of the corresponding Mortgage and any other Collateral Securities (provided that the Servicer is not required to discharge a Mortgage or any Collateral Security if it also secures another Mortgage Loan which is an Asset of the Trust);
- (d) if a Perfection of Title Event occurs promptly deliver or procure delivery to the Covered Bond Guarantor of all Loan Files not otherwise provided to the Covered Bond Guarantor or the Trust Manager in accordance with the Mortgage Sale Agreement;
- (e) if the Seller makes any Further Advance or otherwise provides further financial accommodation to a Borrower, ensure that any further stamp duty which becomes payable on the relevant Mortgage Documents as a result of such Further Advance or provision of financial accommodation is duly paid promptly in accordance with any applicable laws;

- (f) duly and punctually perform its material obligations under the Servicing Deed and each of the Mortgage Documents and Programme Documents to which it is a party;
- (g) assist and co-operate with the Covered Bond Guarantor and the Trust Manager in the Covered Bond Guarantor obtaining legal title to any Mortgage Loan Rights (to the extent not already held by it) forming part of the Assets of the Trust following a Perfection of Title Event;
- (h) where any material amount of a Mortgage Loan has been written off as uncollectible in accordance with the Servicing Guidelines and the Servicing Deed, ensure that the documentation relevant to that Mortgage Loan is examined to determine whether the Representations and Warranties in respect of that Mortgage Loan were correct at the relevant Cut-Off Date and notify the Covered Bond Guarantor if they were incorrect;
- (i) give the Covered Bond Guarantor or make available to the Covered Bond Guarantor by posting such Financial Reports to the Servicer's website, the audited Financial Reports of the Servicer for each financial year of the Servicer within 120 days of the end of that year;
- (j) keep proper and adequate books of account (which may be kept electronically) for the Mortgage Loan Rights;
- (k) subject to the provisions of the Privacy Act and the Servicer's duty of confidentiality to its clients under general law or otherwise, promptly make available to the Covered Bond Guarantor, the Trust Manager, the Auditor and the Security Trustee any books, reports or other oral or written information and supporting evidence of which the Servicer is aware that they reasonably request with respect to the Assets of the Trust from time to time or with respect to of the performance by the Servicer of its obligations under the Programme Documents;
- (l) notify the Trust Manager and the Covered Bond Guarantor promptly if it becomes actually aware that any material representation or warranty made or taken to be made by or on behalf of the Seller or the Servicer in connection with a Programme Document is incorrect when made or taken to be made;
- (m) within five Local Business Days of a request from the Covered Bond Guarantor, the Trust Manager or the Security Trustee, provide the Covered Bond Guarantor, the Trust Manager or the Security Trustee (as the case may be) with a certificate from the Servicer signed by two Authorized Officers of the Servicer on its behalf which states whether to the best of the Servicer's knowledge and belief a Servicer Default or, if the Servicer is the Seller, a Perfection of Title Event has occurred (provided that such a request may only be made once in each six calendar month period, unless the Covered Bond Guarantor, the Trust Manager or the Security Trustee (as the case may be) when making the request sets out reasonable grounds for believing that a Servicer Default or a Perfection of Title Event is subsisting);
- (n) notify the Covered Bond Guarantor, the Trust Manager and the Security Trustee promptly after the Servicer becomes actually aware of any Servicer Default or the occurrence of any Perfection of Title Event and at the same time or as soon as possible thereafter provide full details thereof;
- (o) comply with the requirements of any relevant laws in carrying out its obligations under the Programme Documents including the Consumer Credit Code and the National Consumer Credit Protection Laws;
- (p) obtain and maintain all authorizations, filings and registrations necessary to properly service the Mortgage Loans;
- (q) not merge or consolidate into another entity, unless the surviving entity assumes its rights and obligations as Servicer and (for so long as the Servicer is the Seller) the Seller under the Programme Documents and each Rating Agency is notified;
- (r) subject to the provisions of the Australian Banking Act, not present any application or pass any resolution for the liquidation of the Servicer, or, subject to paragraph (q), enter into any scheme of arrangement, merger or consolidation with any other person or enter into any other scheme under which the Servicer ceases to exist, the assets or liabilities of the Servicer are vested in or assumed by any other person or either of those events occur;

- (s) duly and punctually file all returns in respect of Tax which are required to be filed and pay, or procure payment when due, all Taxes and other outgoings payable by it as and when the same respectively become due and payable other than outgoings which are being contested in good faith and promptly pay or cause to be paid those contested outgoings after the final determination or settlement of such contest;
- (t) not, without the prior consent of the Covered Bond Guarantor and the Security Trustee, apply, transfer or set off the whole or any part of any amount payable or owed to the Servicer or to which the Servicer is entitled under any Programme Document towards satisfaction of any obligation which is owed by the Servicer to the Covered Bond Guarantor or the Trust Manager under any other Programme Document, other than as contemplated under any other Programme Document;
- (u) other than as a Secured Creditor, not claim any Security Interest, lien or other possessory right in any of the Assets of the Trust;
- (v) following receipt of actual notice of a claim by a third party with respect to a challenge to the sale and/or assignment to the Covered Bond Guarantor of any Mortgage Loan Rights forming part of the Assets of the Trust, promptly give notice in writing of such action or claim to the Covered Bond Guarantor, the Security Trustee and the Trust;
- (w) not transfer, assign, exchange or otherwise grant a Security Interest over the whole or any part of its right, title and interest in and to any Mortgage Loan Rights forming part of the Assets of the Trust;
- (x) use reasonable efforts to cause all information provided by it to each Rating Agency in relation to the Trust to be complete and accurate in all material respects;
- (y) upon being directed to do so by the Covered Bond Guarantor or the Trust Manager following the occurrence of a Perfection of Title Event, promptly take all action required or permitted by law to assist the Covered Bond Guarantor and the Trust Manager to perfect the Covered Bond Guarantor's legal title to the Mortgage Loan Rights forming part of the Assets of the Trust in accordance with the requirements of the Servicing Deed and the other Programme Documents;
- (z) comply with all other undertakings given by the Servicer in the Servicing Deed and the other Programme Documents;
- (aa) make reasonable efforts to collect all moneys due under the terms and provisions of the Mortgage Loan Rights of the Trust and, to the extent such efforts will be consistent with the Servicing Deed and the other Programme Documents, follow such normal collection procedures as it deems necessary and advisable;
- (bb) if a Mortgage Loan forming part of the Assets of the Trust is a Defaulted Mortgage Loan, take such action on such basis as the Covered Bond Guarantor and the Servicer may agree (in accordance and in conjunction with the Servicer's normal enforcement procedures) to enforce such Mortgage Loan and any related Mortgage Loan Rights (but only to the extent that the Servicer determines that enforcement proceedings should be taken) so as to maximize the return to the Covered Bond Guarantor, taking into account, inter alia, the timing of any enforcement proceedings provided that the Servicer will not be required to institute or continue litigation with respect to collection of any payment if there are reasonable grounds for believing:
  - (i) the provisions of such Mortgage Loan and any related Mortgage Loan Rights under which such payment is required are unenforceable; or
  - (ii) the payment is uncollectible; or
  - (iii) the likely proceeds from such litigation, in light of the expenses in relation to the litigation, do not warrant such litigation;
- (cc) take such steps as are necessary to maintain the Covered Bond Guarantor's title to the Mortgage Loan Rights of the Trust;

- (dd) not grant any extension of the time to maturity of a Mortgage Loan forming part of the Assets of the Trust beyond 30 years from the Settlement Date for the Mortgage Loan or allow any reduced monthly payment that would result in such an extension; and
- (ee) if any amendment is made to the Servicing Guidelines to, upon request, deliver a copy of such amendment to the Covered Bond Guarantor, the Trust Manager, the Security Trustee and the Rating Agencies.

***Powers of the Servicer***

The Servicer has a number of express powers, which include but are not limited to the power:

- (a) to release or substitute any Mortgage or First Layer of Collateral Security relating to a Mortgage Loan which is an Asset of the Trust provided that this is in accordance with the Servicing Guidelines or it is required by a Binding Provision or an order, decision, finding, judgment or determination of a Competent Authority or, in the Servicer's opinion, such action would be taken or required to be taken by a Competent Authority;
- (b) subject to certain restrictions set out in the Servicing Deed (including the restriction identified in paragraph (dd) above), to vary, extend or relax the time to maturity, the terms of repayment or any other term of a Mortgage Loan and its related Mortgage and First Layer of Collateral Securities forming part of the Assets of the Trust;
- (c) to release a Borrower from any amount owing under a Mortgage Loan forming part of the Assets of the Trust or any related Mortgage or First Layer Collateral Securities where the Servicer has written-off or determined to write-off that amount in accordance with the Servicing Standards or where it is required to do so by a Binding Provision or an order, decision, finding, judgment or determination of a Competent Authority or, in the Servicer's opinion, such action would be taken or required to be taken by a Competent Authority;
- (d) subject to paragraphs (b) and (c), to waive any breach under, or compromise, compound or settle any claim in respect of, or release any party from an obligation or claim under, the Mortgage Loans or any related Mortgage or First Layer of Collateral Securities;
- (e) subject to restrictions contained in the Servicing Deed, to enter into certain Priority Agreements, to consent to the creation or existence of any Security Interest in relation to any Land the subject of a Mortgage forming part of the Assets of the Trust;
- (f) to institute litigation to recover amounts owing under a Mortgage Loan; and
- (g) to take other enforcement action in relation to a Mortgage Loan as it determines should be taken.

The Servicing Deed provides that if the Servicer: (i) releases a Mortgage or First Layer of Collateral Security forming part of the Assets of the Trust; (ii) reduces the amount outstanding under, or varies the terms (including without limitation in relation to repayment) of, any Mortgage Loan, related Mortgage or First Layer of Collateral Security forming part of the Assets of the Trust; or (iii) grants other relief to a Borrower or the provider of a First Layer Collateral Security forming part of the Assets of the Trust, after having formed the opinion that such action would be taken or required by a Competent Authority, or pursuant to an order, finding, determination or judgment of a Competent Authority and it is determined that such order, finding, determination or judgment, in either case, was made as a result of the Seller or Servicer:

- (a) breaching any Binding Provision, applicable regulation, statute or official directive at the time the Mortgage, the First Layer Collateral Security or the Mortgage Loan was granted or the Further Advance was made in respect of such Mortgage Loan (other than a Binding Provision, regulation, statute or official directive which provides for relief on equitable or like grounds where the Seller or Servicer was acting in accordance with the standards and practices suitable for a prudent lender in the business of making retail home loans); or
- (b) not acting in accordance with the standards and practices suitable for a prudent lender in the business of making retail home loans,

then the Servicer must notify the Covered Bond Guarantor and the Trust Manager of its opinion or the making of such an order, decision, finding, judgment or determination (as applicable). In addition, the Seller or Servicer (as the case may be) must pay damages to the Covered Bond Guarantor by 10:00am on the Distribution Date next occurring after such notification is given by the Servicer.

The amount of such damages will be the amount agreed between the Covered Bond Guarantor (following consultation with the Trust Manager and acting on expert advice taken pursuant to the terms of the Establishment Deed, if necessary) and the Seller or the Servicer, as the case may be (or, failing agreement, by the Seller's or the Servicer's external auditors) as being sufficient to compensate the Covered Bond Guarantor for any losses suffered as a result of any release, reduction, variation or relief (as the case may be).

The amount of any damages cannot exceed the Current Principal Balance plus any accrued but unpaid interest in respect of the relevant Mortgage Loan (as recorded on the Mortgage Loan System) (calculated, in both cases, at the time of agreement between the Covered Bond Guarantor and the Seller or the Servicer or by the Seller's or the Servicer's external auditors, as the case may be).

#### ***Limitations on Servicer's liability***

The Servicer will not incur any liability to any person in respect of any failure to act where such act will be hindered, prevented or forbidden by any present or future law. The Servicer will not be responsible to any person for any loss, damage, claim or demand incurred as a result of:

- (a) the wilful default, fraud or negligence of the Security Trustee or the Covered Bond Guarantor (except, in the case of the Covered Bond Guarantor, where the Covered Bond Guarantor is the Servicer);
- (b) the failure by the Servicer to check any document, certificate, schedule, form list or other document prepared or delivered to it by the Covered Bond Guarantor or the Trust Manager or any agent or consultant appointed by either of them and reasonably believed by the Servicer to be genuine; or
- (c) any action taken by the Servicer in accordance with any written direction or instruction from the Covered Bond Guarantor or the Trust Manager,

except to the extent to which the loss, damage, claim or demand is caused by any fraud, negligence or wilful default by the Servicer.

The Servicer has agreed to be liable to the Covered Bond Guarantor or any other Secured Creditor in respect of any loss incurred by the Covered Bond Guarantor (subject to as described below) as a result of any breach by the Servicer of any term of the Servicing Deed, any fraud, negligence or wilful default by the Servicer or any breach or default by any other person appointed by the Servicer to perform its obligations under the Servicing Deed. The maximum amount which the Servicer will be liable to pay in respect of such breach, fraud, negligence or wilful default by the Servicer is the Current Principal Balance of the Mortgage Loan in respect of which such breach, fraud, negligence or wilful default occurred. The Servicer's liability does not include any damages in respect of consequential loss. The Covered Bond Guarantor may only claim damages from the Servicer in accordance with the foregoing by written notice setting out the grounds for the claim together with details of the calculation of the loss incurred by the Covered Bond Guarantor as a result thereof. The Servicer must pay any amounts due in respect of its liability to the Covered Bond Guarantor within seven Local Business Days of receipt by it of such written notice (which will represent prima facie evidence of such amounts).

#### ***Interest Rate Shortfall Test***

The Servicer will, if the Interest Rate Swap is not in effect in accordance with its terms, determine on each Determination Date, having regard to:

- (a) the fixed interest rate and the variable interest rate and any other discretionary rate or margin in respect of the Mortgage Loans in the which are Assets of the Trust which the Servicer proposes to set under the Servicing Deed for the Collection Period commencing on the Determination Date; and
- (b) the other resources available to the Covered Bond Guarantor, including the Covered Bond Swap Agreements (if any) and the Reserve Fund (as advised by Trust Manager),

whether the Covered Bond Guarantor would receive an amount of income during the Collection Period commencing on the Determination Date which, when aggregated with the funds otherwise available to the Covered Bond Guarantor on the Distribution Date immediately following the Collection Period that commences

on the Determination Date, is less than the amount which is the aggregate of: (i) the amount of interest which would be payable (or provisioned to be paid) by the Covered Bond Guarantor under the Intercompany Loan Agreement (or, if a Notice to Pay has been served on the Covered Bond Guarantor, the Covered Bond Guarantee), and the Demand Loan Agreement on the Distribution Date immediately following the Collection Period that commences on the Determination Date and the relevant amounts payable (or provisioned to be paid) to the Covered Bond Swap Providers under the Covered Bond Swap Agreements on the Distribution Date immediately following the Collection Period that commences on the Determination Date; and (ii) the other expenses payable (or provisioned to be paid) by the Covered Bond Guarantor on the Distribution Date immediately following the Collection Period that commences on the Determination Date ranking in priority to the amounts described in (i) in accordance with the relevant Priority of Payments applicable prior to a Covered Bond Guarantor Event of Default (the **Interest Rate Shortfall Test**). Any interest rate shortfall will be referred to as an **Interest Rate Shortfall**.

If the Servicer determines on any Determination Date that there is an Interest Rate Shortfall, it will give written notice to the Covered Bond Guarantor and the Seller (copied to the Trust Manager and the Security Trustee), within five Local Business Days of the relevant Determination Date, of the amount of the Interest Rate Shortfall and the fixed interest rate and the variable interest rate and the other discretionary rates or margins which would, in the Servicer's opinion, need to be set in order for no Interest Rate Shortfall to arise on the next succeeding Determination Date, having regard to the date(s) on which the changes to the fixed interest rate and the variable interest rate and the other discretionary rates or margins would take effect, following which: (i) (subject to the Servicing Deed), the Servicer must, to the extent permitted by the terms of the relevant Loan Agreements and all applicable laws, set the fixed interest rate and the variable interest rate (as the case may be) and/or other discretionary rates or margins applicable to Mortgage Loans which are Assets of the Trust at such levels; and/or (ii) the Trust Manager may notify the Servicer and the Seller that, having regard to the obligations of the Covered Bond Guarantor and the amount of the Interest Rate Shortfall, further Mortgage Loan Rights should be offered by the Seller to the Covered Bond Guarantor pursuant to the Mortgage Sale Agreement to rectify the Interest Rate Shortfall, in which case, the Seller will use all reasonable efforts to offer to sell in accordance with the Mortgage Sale Agreement sufficient Mortgage Loan Rights to ensure that there will not be an Interest Rate Shortfall on the next Determination Date.

#### ***Yield Shortfall Test***

The Servicer will, if at any time following an Issuer Event of Default (and for so long as such Issuer Event of Default continues unremedied) or the service of an Asset Coverage Test Breach Notice (which has not been deemed to be revoked), the Interest Rate Swap is not in effect in accordance with its terms, determine on each Determination Date, having regard to the aggregate of:

- (a) the fixed interest rate and the variable interest rate (as the case may be) and any other discretionary rate or margin, in respect of the Mortgage Loans forming part of the Assets of the Trust which the Servicer proposes to set under the Servicing Deed for the Collection Period commencing on the Determination Date; and
- (b) the resources available to the Covered Bond Guarantor under the Covered Bond Swap Agreements (if any),

whether the Covered Bond Guarantor would receive an aggregate amount of interest from the Mortgage Loans which are Assets of the Trust and the amounts under the Swap Agreements during the Collection Period commencing on the Determination Date which would give a weighted average annual yield on the Mortgage Loans which are Assets of the Trust of at least equal to the Bank Bill Rate for the Collection Period commencing on the Determination Date plus 0.30% per annum (or such other percentage rate as may be determined from time to time by the Trust Manager and notified to each of the Covered Bond Guarantor, the Servicer and the Security Trustee and in respect of which the Issuer has issued a Rating Affirmation Notice) (the **Yield Shortfall Test**). Any yield shortfall shall be referred to as a **Yield Shortfall**.

If the Servicer determines that the Yield Shortfall Test will not be satisfied, it will give written notice to the Covered Bond Guarantor, the Trust Manager and the Security Trustee, within five Local Business Days of the relevant Determination Date, of the amount of the Yield Shortfall and the fixed interest rate and the variable interest rate and the other discretionary rates or margins which would, in the Servicer's opinion, need to be set in order for no Yield Shortfall to arise, and the Yield Shortfall Test to be satisfied, having regard to the date(s) on which the changes to the fixed interest rate and the variable interest rate and the other discretionary rates or margins would take effect, and at all times acting in accordance with the standards of a prudent lender in the

business of making retail home loans. If the Covered Bond Guarantor or the Security Trustee notifies the Servicer that, having regard to the obligations of the Covered Bond Guarantor, the fixed interest rate and the variable interest rate and/or the other discretionary rates or margins should be increased, the Servicer must take all steps which are necessary and are in accordance with the standards and practices of a prudent lender in the business of making retail home loans to increase the fixed interest rate and the variable interest rate and/or any other discretionary rates or margins, including giving any notice which is required in accordance with the Mortgage Documents.

### ***Remuneration***

The Covered Bond Guarantor (acting on the directions of the Trust Manager) will, in accordance with the applicable Priority of Payments, pay an administration fee to the Servicer for the performance of its obligations under the Programme Documents, which will be agreed in writing between the Covered Bond Guarantor (acting on the directions of the Trust Manager), the Security Trustee and the Servicer from time to time. The Covered Bond Guarantor (acting on the directions of the Trust Manager) will on each Distribution Date, subject to the applicable Priority of Payments as further consideration for the Services supplied to it by the Servicer under the Servicing Deed reimburse the Servicer for all out-of-pocket costs, expenses and charges properly incurred by the Servicer in the performance of the Services, including any such costs, expenses or charges not reimbursed to the Servicer on any previous Distribution Date.

### ***Collections***

The Servicer acts as collecting agent for the Covered Bond Guarantor in respect of all payments in respect of the Mortgage Loan Rights forming part of the Assets of the Trust (including, without limitation, a Mortgage Loan Scheduled Payment). If the Servicer receives, during a Collection Period, any money whatsoever arising from the Mortgage Loans Rights forming part of the Assets of the Trust which money belongs to the Covered Bond Guarantor (for itself or as trustee of the CBA Trust) and such money is to be paid to the GIC Account pursuant to the Servicing Deed, the Servicer will hold such money on trust for the Covered Bond Guarantor and will ensure that all such moneys are capable of being readily identified at any time. All such amounts described above received by the Servicer during a Collection Period must be credited to the GIC Account either no later than one Local Business Day before the Distribution Date immediately following the end of that Collection Period (for so long as the Servicer has credit ratings of at least P-1 from Moody's and F1 from Fitch and a long-term credit rating of at least A from Fitch (or, if Fitch has placed the Servicer on ratings watch negative at the relevant time, a short term credit rating of at least F1+ from Fitch and a long-term credit rating of at least A+ from Fitch)) or, in any other case, within two Local Business Days of receipt.

The Servicer must, if it credits money received during a Collection Period to the GIC Account in accordance with the Servicing Deed, on the Distribution Date immediately following the end of that Collection Period, credit an additional amount to the GIC Account calculated as interest on the amount of that money for the period during which it was held by the Servicer. Any such interest is to be calculated on the Determination Date immediately following the end of the Collection Period by the Servicer in its absolute discretion on the daily balance of the amount of money for the period during which it was (or will be) held by the Servicer and at a rate of interest, for each Collection Period (or part thereof) during which the money is (or will be) held, equal to the applicable 30 day Bank Bill Rate on the first day of the Collection Period, or if that day is not a Local Business Day, on the immediately preceding Local Business Day.

### ***Removal or resignation of the Servicer***

A servicer default (**Servicer Default**) occurs if:

- (a) the Servicer fails to remit any amounts due or any other amounts received in respect of the Mortgage Loan Rights then forming part of the Assets of the Trust to the Covered Bond Guarantor within the time periods specified in the Servicing Deed or the other Programme Document and such failure is not remedied within five Local Business Days (or such longer period as the Covered Bond Guarantor and the Trust Manager may agree to) of notice of such failure being given to the Servicer by the Trust Manager or the Covered Bond Guarantor;
- (b) the Servicer fails to prepare and transmit a Reporting Statement by its due date and such failure is not remedied within 20 Local Business Days (or such longer period as the Covered Bond Guarantor and the Trust Manager may agree to) of notice being given to the Servicer by the Trust Manager or the Covered Bond Guarantor and such failure, as determined by the Security Trustee, acting on the directions of the

Bond Trustee (subject to the provisions of the Bond Trust Deed) if there are Covered Bonds outstanding, is materially prejudicial to the Covered Bondholders or acting on the directions of the Majority Secured Creditors (if there are no Covered Bonds outstanding), is materially prejudicial to the Secured Creditors;

- (c) an Insolvency Event occurs in relation to the Servicer;
- (d) the Servicer has breached its obligations (other than those referred to in paragraphs (a) and (b) above), as Servicer under a Programme Document to which it is expressed to be a party and such breach in the opinion of the Security Trustee, acting on the directions of the Bond Trustee (subject to the provisions of the Bond Trust Deed) if there are Covered Bonds outstanding, is materially prejudicial to the Covered Bondholders or acting on the directions of the Majority Secured Creditors (if there are no Covered Bonds outstanding), is materially prejudicial to the Secured Creditors and:
  - (i) that breach is not remedied to the Security Trustee's satisfaction within 20 Local Business Days after receipt by the Servicer of a notice in writing from the Trust Manager, the Covered Bond Guarantor or the Security Trustee requiring it to do so; or
  - (ii) the Servicer has not paid compensation to the Covered Bond Guarantor for its loss from such breach in an amount satisfactory to the Trust Manager (acting reasonably); or
- (e) the Servicer's unsecured, unsubordinated, long-term senior debt obligations have been downgraded below Baa3 by Moody's or BBB- by Fitch (or, if Fitch has placed the Servicer on ratings watch negative at the relevant time, below BBB by Fitch).

If the Trust Manager has determined that:

- (a) the performance by the Servicer of its duties under the Servicing Deed is no longer permissible under any applicable law and the Trust Manager is satisfied that there is no reasonable action which the Servicer could take to make the performance of its duties under the Servicing Deed permissible under that applicable law; or
- (b) a Servicer Default has occurred and is continuing,

then the Trust Manager must by written notice to the Servicer, immediately terminate the rights and obligations of the Servicer and appoint another appropriately qualified organisation to act in its place.

The Servicer will, within two Local Business Days after it becomes aware of any Servicer Default, give notice to the Covered Bond Guarantor, the Trust Manager and the Rating Agencies (and the Trust Manager must give notice to the Security Trustee and the Bond Trustee).

The Servicer may retire from its obligations and duties assumed by it pursuant to the Servicing Deed by three months' notice in writing to the Security Trustee, the Covered Bond Guarantor and the Trust Manager (or such lesser time as the Servicer, the Trust Manager and the Covered Bond Guarantor agree). Upon its retirement the Servicer may, subject to any approval required by law, appoint in writing another person approved by the Covered Bond Guarantor (acting reasonably) as Substitute Servicer in its place. If the Servicer does not propose a replacement by the date which is one month prior to the date of its proposed retirement, the Covered Bond Guarantor is entitled to appoint a Substitute Servicer as of the date of the proposed retirement. The Trust Manager will give or cause to be given prompt notice of the appointment of any Substitute Servicer in accordance with the Servicing Deed to each Rating Agency.

The purported appointment of a Substitute Servicer in the event of the termination or resignation of the Servicer has no effect until the Substitute Servicer executes an agreement under which it covenants to act as Servicer in accordance with the Servicing Deed and all other Programme Documents to which the Servicer is a party and the Issuer issues a Rating Affirmation Notice in relation to each Rating Agency in respect of the proposed appointment of the Substitute Servicer. Until the appointment of the Substitute Servicer is complete the Covered Bond Guarantor must act as Servicer (and is entitled to receive the fee payable to the Servicer in accordance with the Servicing Deed for the period during which the Covered Bond Guarantor so acts). While acting as Servicer, the Covered Bond Guarantor will not be liable for any inability to perform or deficiency in performing its obligations as a result of, amongst other things, a breach by the outgoing Servicer of its obligations, the state of affairs, books and records of the outgoing Servicer and any documents or files delivered by it (including, the inaccuracy or incompleteness thereof) or the inability of the Covered Bond Guarantor to obtain access to information, premises

or equipment reasonably necessary for it to perform its obligations. The Trust Manager must give or cause to be given prompt notice of the appointment of the Substitute Servicer to each Rating Agency.

Neither the Security Trustee, the Covered Bond Guarantor nor the Trust Manager or their respective delegates (as the case may be) is liable for any Servicer Default except to the extent that the Servicer Default is caused by the Security Trustee's, the Covered Bond Guarantor's or the Trust Manager's or their respective delegate's (as the case may be) fraud, negligence or wilful default.

The Covered Bond Guarantor may settle with the Servicer the amount of any sums payable by the Servicer to the Covered Bond Guarantor or by the Covered Bond Guarantor to the Servicer and may give to or accept from the Servicer a discharge in respect of those sums which will be conclusive and binding as between the Covered Bond Guarantor and the Servicer and as between the Servicer and each other Secured Creditor. The Servicer and the Trust Manager have agreed to provide their full co-operation in the event of the appointment of a Substitute Servicer. The Servicer and the Trust Manager must (subject to the Privacy Act and the Servicer's duty of confidentiality to its customers under general law or otherwise) provide the Substitute Servicer with copies of all paper and electronic files, information and other materials in its possession (or in the possession or control of its attorney, delegate, agent or sub-agent) as the Covered Bond Guarantor or the Substitute Servicer may reasonably request within 90 days of the removal or retirement of the Servicer in accordance with the Servicing Deed.

The Security Trustee will not assume or have any of the obligations or liabilities of the Servicer, the Seller or the Covered Bond Guarantor.

The Servicing Deed is governed by and is to be construed in accordance with the laws applying in the State of New South Wales, Australia.

### **Cover Pool Monitor Agreement**

Under the terms of the Cover Pool Monitor Agreement entered into on or about the Programme Date between the Cover Pool Monitor, the Covered Bond Guarantor, the Trust Manager, the Bank (in its capacities as Issuer and Seller), the Bond Trustee and the Security Trustee, the Cover Pool Monitor has agreed, subject to due receipt of the information to be provided by the Trust Manager to the Cover Pool Monitor, to report factual findings of completion of certain agreed upon procedures, including with respect to the verification of the calculations performed by the Trust Manager in respect of the Asset Coverage Test or the Amortisation Test, as applicable, and the Legislated Collateralisation Test on the Determination Date immediately prior to each yearly anniversary (and in the case of the Asset Coverage Test and the Legislated Collateralisation Test, each half-yearly anniversary) of the Programme Date, for the purposes of determining compliance or non-compliance by the Covered Bond Guarantor with the Asset Coverage Test or the Amortisation Test, as applicable, and the Legislated Collateralisation Test on that Determination Date. In the case of the Asset Coverage Test and the Amortisation Test, the relevant test to be conducted by the Cover Pool Monitor depends on whether the Determination Date falls prior to or after a Notice to Pay is served on the Covered Bond Guarantor.

The Cover Pool Monitor has also agreed, subject to due receipt of the information to be provided by the Trust Manager to the Cover Pool Monitor, as soon as reasonably practicable following each Determination Date immediately preceding each half-yearly and yearly anniversary of the Programme Date (each, an **Assessment Date**), to perform the functions of the cover pool monitor in respect of the Assets of the Trust (for the purposes of the Australian Banking Act) to:

- (a) assess the keeping by the Trust Manager of an accurate register of the Assets of the Trust; and
- (b) assess the Issuer's and the Seller's compliance with sections 31 and 31A of the Australian Banking Act.

The Cover Pool Monitor must carry out the assessments above with a view to providing a report in accordance with the Cover Pool Monitor Agreement and may use sampling in accordance with the auditing standards made under the Australian Corporations Act in carrying out such assessment.

If the long-term, unsecured, unguaranteed and unsubordinated debt obligation credit ratings of the Issuer fall below Baa3 by Moody's or BBB- by Fitch (or, if Fitch has placed the Issuer on ratings watch negative at the relevant time, below BBB by Fitch) (and for as long as they remain below such credit ratings), the Cover Pool Monitor will, subject to receipt of the relevant information from the Trust Manager, be required to report on the results of performance of the agreed upon procedures with respect to the Asset Coverage Test and the Amortisation Test referred to above as soon as reasonably practicable (and in any event not later than 10 Local Business Days

following receipt of the relevant information from the Trust Manager) following every Determination Date after any such downgrade.

If results of performance of the agreed upon procedures with respect to the Asset Coverage Test and the Amortisation Test conducted by the Cover Pool Monitor reveals arithmetic errors in the relevant calculations performed by the Trust Manager such that the Asset Coverage Test or the Amortisation Test was not satisfied on the applicable Determination Date (where the Trust Manager had recorded it as being satisfied) or the reported Adjusted Aggregate Mortgage Loan Amount or the reported Amortisation Test Aggregate Mortgage Loan Amount is misstated by the Trust Manager by an amount exceeding 1% of the actual Adjusted Aggregate Mortgage Loan Amount or the actual Amortisation Test Aggregate Mortgage Loan Amount, as applicable, (as at the date of the relevant Asset Coverage Test or the relevant Amortisation Test), the Cover Pool Monitor will be required to conduct such tests following every Determination Date for a period of six months thereafter.

The Cover Pool Monitor will be entitled to assume that all information provided to it by the Trust Manager for the purpose of performance of the agreed upon procedures referred to above is true and correct and complete and not misleading, and is not required to conduct and audit or other examination in respect of or otherwise take steps to verify the accuracy or completeness of such information. The Cover Pool Monitor Report, together with the reports prepared in respect of the records of the Assets of the Trust kept by the Trust Manager, will be delivered to the Issuer, the Seller, the Trust Manager, the Covered Bond Guarantor, the Bond Trustee and the Security Trustee. The Issuer and/or the Bond Trustee may also provide any reports received from the Cover Pool Monitor with respect to:

- (a) the keeping by the Trust Manager of an accurate register of the Assets of the Trust; and
- (b) the Issuer's and the Seller's compliance with sections 31 and 31A of the Australian Banking Act,

to the Covered Bondholders from time to time. The Cover Pool Monitor is also required, following a written request from APRA, to provide copies of any such reports relating to the cover pool in accordance with the Cover Pool Monitor Agreement to APRA.

Pursuant to the Cover Pool Monitor Agreement, the Cover Pool Monitor has undertaken to:

- (a) exercise reasonable skill and care in the performance of its obligations under the Cover Pool Monitor Agreement;
- (b) to the extent permitted by law, comply with all material legal and regulatory requirements applicable to the conduct of its business so that it can lawfully attend to the performance of its obligations under the Cover Pool Monitor Agreement; and
- (c) at all times:
  - (i) be registered as an auditor under part 9.2 of the Australian Corporations Act; or
  - (ii) hold an Australian Financial Services Licence which license extends to the provision of financial services as Cover Pool Monitor; or
  - (iii) be exempt from holding an Australian Financial Services Licence which exemption extends to the provision of financial services as Cover Pool Monitor.

The Covered Bond Guarantor will pay to the Cover Pool Monitor a fee for performing its obligations under the Cover Pool Monitor Agreement calculated based on the time spent performing those obligations agreed in writing from time to time between the Cover Pool Monitor, the Covered Bond Guarantor and the Trust Manager.

The Trust Manager may, at any time: (i) with the prior written consent of the Security Trustee, terminate the appointment of the Cover Pool Monitor by giving 40 Local Business Days prior written notice to the Cover Pool Monitor or (ii) terminate the appointment of the Cover Pool Monitor if the Cover Pool Monitor is unable or unwilling to comply with the requirements set out in section 30(2) or 30(3) of the Australian Banking Act, provided that, in each case, such termination may not be effective unless and until a replacement has been found by the Covered Bond Guarantor (acting on the directions of the Trust Manager) or the Trust Manager (such a replacement to be approved by the Security Trustee who must give such approval if the replacement is an accountancy firm of national standing in Australia or a firm recognized as having expertise in managing assets on behalf of investors).

The Cover Pool Monitor may, at any time, resign by giving 20 Local Business Days prior written notice to the Issuer, the Covered Bond Guarantor, the Trust Manager, the Bond Trustee and the Security Trustee (copied to the Rating Agencies), except that such 20 Local Business Days' notice period will not be required if: (i) the Covered Bondholders agree to the resignation of the Cover Pool Monitor by Extraordinary Resolution or; (ii) the Cover Pool Monitor is required to resign pursuant to the applicable professional standards to which it is subject at the time of such resignation.

Upon giving notice of termination or receiving notice of resignation, the Trust Manager must use its best endeavors to promptly appoint a substitute Cover Pool Monitor pursuant to an agreement on substantially the same terms as the terms of the Cover Pool Monitor Agreement, to provide the services set out in the Cover Pool Monitor Agreement. If a substitute Cover Pool Monitor is not appointed by the date which is 20 Local Business Days prior to a Determination Date in respect of which the Trust Manager's calculations are to be verified in accordance with the terms of the Cover Pool Monitor Agreement, then the Trust Manager will use all reasonable endeavors to appoint an accountancy firm of national standing in Australia or a firm recognized as having expertise in managing assets on behalf of investors to carry out the relevant tests on a one-off basis. The Trust Manager must promptly notify the Rating Agencies of the appointment of any substitute Cover Pool Monitor or firm to carry out the relevant tests.

None of the Covered Bond Guarantor, the Bond Trustee nor the Security Trustee will be obliged to act as Cover Pool Monitor or to monitor or supervise the performance by the Cover Pool Monitor in any circumstances.

The Cover Pool Monitor Agreement is governed by and is to be construed in accordance with the laws applying in the State of New South Wales, Australia.

### **Establishment Deed**

The Establishment Deed, made between the Covered Bond Guarantor, the Trust Manager, and the Bank (as Issuer, Seller and Servicer) establishes the Trust and provides that the Covered Bond Guarantor will be the trustee of the Trust. Pursuant to the Establishment Deed, the Trust is established for purposes relating only to the Covered Bonds including: (i) the acquisition, management and sale of, amongst other things, Mortgage Loan Rights; (ii) the borrowing of moneys to fund the acquisition of such assets; (iii) the hedging of risks associated with such assets and such funding; (iv) the acquisition, management and sale of Substitution Assets and Authorized Investments; (v) the giving of guarantees in respect of any Covered Bonds (including the Covered Bond Guarantee); (vi) the granting of security to secure repayment of any Covered Bonds and other liabilities in connection with the Programme; and (vii) any other purpose which is ancillary or incidental to the activities set out above.

### ***Unitholders***

The beneficial interest in the Assets of the Trust is vested in the Income Unitholder as holder of the Income Unit and the Capital Unitholder as holder of the Capital Unit. The Bank is the initial holder of both the Income Unit and the Capital Unit. Pursuant to the Establishment Deed, the Income Unitholder is entitled to distributions of the Net Trust Income, if any, of the Trust in respect of each Financial Year. The Capital Unitholder's interest in the Trust comprises (i) an interest in each Asset of the Trust remaining after payment of any amount due to the Income Unitholder in satisfaction of the Income Unitholder's entitlement to the Net Trust Income of the Trust; and (ii) except to the extent included in (i), on the termination of the Trust, the capital of the Trust remaining after the payment (or the provision for payment) of all other outgoings and amounts by the Covered Bond Guarantor.

The right of any Unitholder to recover any amounts in respect of its interests described above is limited to the Assets of the Trust available for distribution after payments or distributions have been made to all other parties under the relevant Priorities of Payment (except, in the case of the Income Unitholder, the Capital Unitholder).

The Capital Unit is non-transferable. The Income Unit may be transferred at any time, provided that the Income Unitholder is only entitled to transfer the Income Unit if the offer for sale, or the invitation to purchase the Income Unit, to the proposed transferee:

- (a) is not made to a person who is a "retail client" (as defined in section 761G of the Australian Corporations Act); and
- (b) complies with all applicable laws in all jurisdictions in which the offer or invitation is made.

A transfer of the Income Unit is not effective unless the name of the proposed transferee has been entered in the Unit Register by the Covered Bond Guarantor. The Covered Bond Guarantor may refuse to so enter a transferee's name for certain reasons set out in the Establishment Deed.

### ***Asset Coverage Test***

Under the terms of the Establishment Deed, the Trust Manager must ensure that, for so long as Covered Bonds remain outstanding, on each Determination Date prior to the service of a Notice to Pay on the Covered Bond Guarantor and/or a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, the Adjusted Aggregate Mortgage Loan Amount is at least equal to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Determination Date by the Trust Manager (the **Asset Coverage Test**). The Asset Coverage Test will also be calculated by the Trust Manager at any other time required for the purposes of determining if the Demand Loan can be repaid.

If on any Determination Date (the **First Determination Date**) prior to the service of a Notice to Pay on the Covered Bond Guarantor and/or a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, the Adjusted Aggregate Mortgage Loan Amount is less than the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on such date by the Trust Manager, then the Asset Coverage Test as calculated on that First Determination Date will not be satisfied and the Trust Manager must immediately notify the Covered Bond Guarantor, the Seller, the Bond Trustee and the Security Trustee in writing and, in the case of paragraph (a) below, use all reasonable endeavors to arrange for the Covered Bond Guarantor to, and in the case of paragraphs (b) and (c) below, direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must:

- (a) acquire sufficient further Mortgage Loan Rights from the Seller in accordance with the Mortgage Sale Agreement (see the section “*Overview of the Principal Documents – Mortgage Sale Agreement – Sale by the Seller of Mortgage Loan Rights*” in this Offering Circular); and/or
- (b) purchase Substitution Assets; and/or
- (c) make drawings under the Demand Loan Agreement,

in each case, in order to ensure that the Asset Coverage Test is satisfied on any date on or before the immediately following Determination Date (the **Second Determination Date**) (by reference to the Adjusted Aggregate Mortgage Loan Amount and the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of all Covered Bonds, in each case as calculated on such date).

If the Covered Bond Guarantor, acting on the directions of the Trust Manager, has not taken sufficient action by the Second Determination Date, such that the Asset Coverage Test remains unsatisfied on the Second Determination Date then the Trust Manager must immediately notify the Covered Bond Guarantor, the Seller, the Bond Trustee and the Security Trustee in writing and the Bond Trustee must serve an Asset Coverage Test Breach Notice on the Covered Bond Guarantor (subject to the Bond Trustee receiving notification from the Trust Manager or, if earlier, having actual knowledge or express notice that the Asset Coverage Test remains unsatisfied). The Bond Trustee will be deemed to revoke an Asset Coverage Test Breach Notice if, on the next Determination Date to occur following the service of an Asset Coverage Test Breach Notice, the Asset Coverage Test is satisfied and neither a Notice to Pay nor a Covered Bond Guarantee Acceleration Notice has been served. If the Bond Trustee is deemed to revoke an Asset Coverage Test Breach Notice, the Covered Bond Guarantor must immediately notify the Bond Trustee in writing.

Following service of an Asset Coverage Test Breach Notice (for so long as it has not been deemed to be revoked in accordance with the preceding paragraph):

- (a) the Covered Bond Guarantor may be required to sell Selected Mortgage Loan Rights (as further described under “*Sale of Selected Mortgage Loan Rights following service of an Asset Coverage Test Breach Notice*”);
- (b) prior to the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice or, if earlier, the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice, the Pre-Acceleration Priority of Payments will be modified as more particularly described in “*Cashflows – Allocation and distribution of Available Income Amount prior to the service of a Notice to Pay or a Covered Bond Guarantee Acceleration Notice*” below; and
- (c) the Issuer will not be permitted to issue any further Covered Bonds.

If an Asset Coverage Test Breach Notice has been served and has not been deemed to be revoked as set out above on or before the next Determination Date to occur following the service of the Asset Coverage Test Breach Notice,

then the Asset Coverage Test will be breached and an Issuer Event of Default will occur. The Bond Trustee will be entitled and in certain circumstances required to serve an Issuer Acceleration Notice. Following service of an Issuer Acceleration Notice, the Bond Trustee will be required to serve a Notice to Pay on the Covered Bond Guarantor.

For the purposes of the above:

**Adjusted Aggregate Mortgage Loan Amount** means the amount calculated on each Determination Date as follows:

$$(A + B + C + D + E) - Z,$$

where:

A = means the lesser of:

- (a) the aggregate of the LVR Adjusted Mortgage Loan Balance Amount of each Mortgage Loan forming part of the Assets of the Trust as at the Determination Date; and
- (b) the aggregate of the Asset Percentage Adjusted Mortgage Loan Balance Amount of each Mortgage Loan forming part of the Assets of the Trust as at the Determination Date,

in each case, for the avoidance of doubt, excluding any Mortgage Loans being repurchased by the Seller on that Determination Date but including any Mortgage Loans being purchased by the Covered Bond Guarantor on that Determination Date.

The **LVR Adjusted Mortgage Loan Balance Amount** will be calculated for a Mortgage Loan, on the relevant Determination Date, as:

- (a) for each Mortgage Loan forming part of the Assets of the Trust that is not then a Defaulted Mortgage Loan, the lesser of:
  - (i) the outstanding Current Principal Balance of the Mortgage Loan as at the last day of the immediately preceding Collection Period; and
  - (ii) 80% of the Indexed Valuation for the Land the subject of a Mortgage which secures the Mortgage Loan as at the last day of the immediately preceding Collection Period (but without double counting across Mortgage Loans); and
- (b) for each Mortgage Loan forming part of the Assets of the Trust that is then a Defaulted Mortgage Loan, zero,

less:

- (A) where the Mortgage Loan was, in the immediately preceding Collection Period, known by the Trust Manager to be in breach of the Representations and Warranties made by the Seller in accordance with the Mortgage Sale Agreement in relation to that Mortgage Loan and the Seller has not repurchased the Mortgage Loan Rights to the extent required by the terms of the Mortgage Sale Agreement, an amount equal to the LVR Adjusted Mortgage Loan Balance Amount (calculated in accordance with paragraph (a) as at the last day of the immediately preceding Collection Period) for each Mortgage Loan to which this paragraph (A) applies; and
- (B) where the Seller, in any preceding Collection Period, was in material breach of any other warranty under the Mortgage Sale Agreement and/or the Servicer was, in any preceding Collection Period, in material breach of a term of the Servicing Deed, an amount equal to the resulting financial loss incurred by the Covered Bond Guarantor in the immediately preceding Collection Period (such financial loss to be calculated by the Trust Manager without double counting and to be reduced by any amount paid (in cash or in kind) to the Covered Bond Guarantor by the Seller or by the Servicer (as applicable) to indemnify the Covered Bond Guarantor for such financial loss).

The **Asset Percentage Adjusted Mortgage Loan Balance Amount** will be calculated for a Mortgage Loan, on the relevant Determination Date, as the Asset Percentage multiplied by:

- (a) for each Mortgage Loan forming part of the Assets of the Trust that is not then a Defaulted Mortgage Loan, the lesser of:
  - (i) the outstanding Current Principal Balance of the Mortgage Loan as at the last day of the immediately preceding Collection Period; and
  - (ii) 100% of the Latest Valuation for the Land the subject of a Mortgage which secures the Mortgage Loan as at the last day of the immediately preceding Collection Period (but without double counting across Mortgage Loans); and
- (b) for each Mortgage Loan forming part of the Assets of the Trust that is then a Defaulted Mortgage Loan, zero,

less:

- (A) where the Mortgage Loan was, in the immediately preceding Collection Period, known by the Trust Manager to be in breach of the Representations and Warranties made by the Seller in accordance with the Mortgage Sale Agreement in relation to that Mortgage Loan and the Seller has not repurchased the Mortgage Loan Rights to the extent required by the terms of the Mortgage Sale Agreement, an amount equal to the Asset Percentage Adjusted Mortgage Loan Balance Amount (calculated pursuant to paragraph (a) above as at the last day of the immediately preceding Collection Period) for each Mortgage Loan to which this paragraph (A) applies; and
- (B) where the Seller, in any preceding Collection Period, was in material breach of any other warranty under the Mortgage Sale Agreement and/or the Servicer was, in any preceding Collection Period, in material breach of a term of the Servicing Deed: an amount equal to the resulting financial loss incurred by the Covered Bond Guarantor in the immediately preceding Collection Period (such financial loss to be calculated by the Trust Manager without double counting and to be reduced by any amount paid (in cash or in kind) to the Covered Bond Guarantor by the Seller or by the Servicer (as applicable) to indemnify the Covered Bond Guarantor for such financial loss);

**B** = the aggregate amount of any proceeds of any Term Advances and/or any Demand Loan Advances which have not been applied as at the Determination Date;

**C** = the aggregate principal balance of any Substitution Assets and Authorized Investments as at the relevant Determination Date;

**D** = the aggregate amount of Principal Collections collected by the Servicer during the immediately preceding Collection Period and credited, or to be credited on the immediately following Distribution Date, to the GIC Account but excluding any amounts due to be applied on or before the immediately succeeding Distribution Date in accordance with the applicable Priority of Payments;

**E** = the aggregate amount as at the Determination Date of: (i) Sale Proceeds credited to the GIC Account (including the amount of any Sale Proceeds standing to the credit of the Pre-Maturity Ledger); (ii) the remaining Available Principal Amount credited to the GIC Account in accordance with paragraph (d) of the Pre-Acceleration Principal Priority of Payments (without double counting any amounts already covered in B and D above); and (iii) any amount transferred since the last Distribution Date from the OC Account to the GIC Account in accordance with the Establishment Deed which has not been applied as at the Determination Date; and

**Z** = the product of:

- (a) the weighted average remaining maturity of all Covered Bonds (expressed in years) then outstanding calculated by the Trust Manager as at the Determination Date (provided that if the weighted average remaining maturity of all Covered Bonds (expressed in years) then

outstanding is less than one, such weighted average remaining maturity will be deemed for the purposes of this calculation, to be one);

- (b) the Australian Dollar Equivalent of the then aggregate Principal Amount Outstanding of the Covered Bonds;
- (c)
  - (i) for so long as the Interest Rate Swap is in effect in accordance with its terms, zero; or
  - (ii) otherwise, one; and
- (d) the then Negative Carry Factor, where the **Negative Carry Factor** is the percentage rate per annum equal to the sum of:
  - (i) 0.50%; and
  - (ii) the weighted average of the Relevant Spread of each Series of Covered Bonds then outstanding determined by reference to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the applicable Series of Covered Bonds,

where the **Relevant Spread** is:

- (A) in the case of a Series of floating rate Covered Bonds the Specified Currency of which is Australian Dollars and in respect of which no Covered Bond Swap has been entered into, the Margin for the Series specified in the applicable Pricing Supplement; and
- (B) in any other case the Floating Rate Payer Spread in the applicable Covered Bond Swap.

For the purposes of the above, the **Asset Percentage** means, on any Determination Date, the lesser of:

- (a) 95%; and
- (b) such percentage figure determined on or about the Programme Date and on each Determination Date thereafter falling in February, May, August and November of each year (and on such other dates as may be agreed between the Issuer and the Trust Manager) in accordance with the terms of the Establishment Deed, being the percentage figure that is necessary to ensure that the Covered Bonds maintain the then current ratings assigned to them by Fitch; and
- (c) such percentage figure as may be selected by the Trust Manager, from time to time, in accordance with the terms of the Establishment Deed, and notified to Moody's and the Security Trustee on the Determination Date, or if no notification is made to Moody's and the Security Trustee on such Determination Date, on the last date of such notification. If the Trust Manager so elects to notify Moody's and the Security Trustee of a new percentage figure (without being obliged to do so), this percentage figure will be the difference between 100 and the percentage amount of credit enhancement that is necessary to ensure that there is sufficient credit enhancement for the Covered Bonds to achieve an Aaa rating by Moody's using Moody's expected loss methodology (regardless of the actual Moody's rating of the Covered Bonds at the time); and
- (d) such other percentage figure as may be determined by the Issuer from time to time and notified to each of the Covered Bond Guarantor and the Trust Manager.

There is no obligation on the Covered Bond Guarantor, the Trust Manager or the Issuer to ensure that an AAA rating is maintained by Fitch or an Aaa rating is maintained by Moody's and neither the Issuer nor the Trust Manager is under an obligation to change the percentage figure selected by it and notified to Fitch or Moody's, as applicable, and the Security Trustee in line with the level of credit enhancement required to ensure an AAA rating is maintained by Fitch or an Aaa rating by Moody's.

#### ***Amortisation Test***

The Trust Manager must ensure that for so long as Covered Bonds are outstanding on each Determination Date following service of a Notice to Pay on the Covered Bond Guarantor (but prior to the service of a Covered Bond

Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer), the Amortisation Test Aggregate Mortgage Loan Amount will be at least equal to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Determination Date (the **Amortisation Test**).

If on any Determination Date following service of a Notice to Pay on the Covered Bond Guarantor (but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer), the Amortisation Test Aggregate Mortgage Loan Amount is less than the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Determination Date, the Amortisation Test will not be satisfied and a Covered Bond Guarantor Event of Default will occur. The Trust Manager must immediately notify the Covered Bond Guarantor and the Security Trustee and (if any Covered Bonds are outstanding) the Bond Trustee of any breach of the Amortisation Test.

The **Amortisation Test Aggregate Mortgage Loan Amount** will be calculated by the Trust Manager on each Determination Date following the service of a Notice to Pay on the Covered Bond Guarantor as follows:

$$A + B + C - Z$$

where:

**A** = the aggregate of the **Amortisation Test Current Principal Balance** of each Mortgage Loan, which will be the product of:

- (a) the lesser of:
  - (i) the outstanding Current Principal Balance of the Mortgage Loan as calculated on the last day of the immediately preceding Collection Period; and
  - (ii) 80% of the Indexed Valuation for the Land the subject of a Mortgage which secures the Mortgage Loan as at the last day of the immediately preceding Collection Period (but without double counting across Mortgage Loans); and
- (b) M, where:
  - (i) for each Mortgage Loan that is not then a Defaulted Mortgage Loan, M = 1.0; or
  - (ii) for each Mortgage Loan that is then a Defaulted Mortgage Loan, M = zero;

**B** = the sum of the amount of any cash standing to the credit of the GIC Account and the principal amount of any Authorized Investments (excluding any Finance Charge Collections received in the immediately preceding Collection Period and any principal amounts due to be applied on or before the next Distribution Date in accordance with the applicable Priority of Payments);

**C** = the aggregate principal balance of any Substitution Assets not taken into account elsewhere in this calculation; and

**Z** = the product of:

- (a) the weighted average remaining maturity of all Covered Bonds (expressed in years) then outstanding;
- (b) the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds;
- (c)
  - (i) for so long as the Interest Rate Swap is in effect in accordance with its terms, zero; or
  - (ii) otherwise, one; and
- (d) the Negative Carry Factor.

### ***Legislated Collateralisation Test***

For so long as any Covered Bonds are outstanding, the Issuer must ensure that on each Determination Date, the Legislated Asset Amount will be at least equal to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Determination Date (the **Legislated Collateralisation Test**). The Trust Manager will perform all calculations required in respect of the Legislated Collateralisation Test on each Determination Date and any other date on which it is required to do so under any Programme Document.

The **Legislated Asset Amount** means the amount calculated on each Determination Date as follows (or as may otherwise be determined by the Issuer so as to comply with the requirements of section 31A of the Australian Banking Act):

$$(A + B + C + D + E) \times CP - ASL$$

where:

A = the Legislated Mortgage Loan Balance Amount;

The **Legislated Mortgage Loan Balance Amount** will be calculated for a Mortgage Loan, on the relevant Determination Date, as:

- (a) for each Mortgage Loan forming part of the Assets of the Trust that is not then a Defaulted Mortgage Loan, the lesser of:
  - (i) the outstanding Current Principal Balance of the Mortgage Loan as at the last day of the immediately preceding Collection Period; and
  - (ii) 80% (or such other percentage figure required to comply with the Australian Banking Act) of the Latest Valuation of the Land which secures the Mortgage Loan (the **Relevant Mortgage Loan**) as at the last day of the immediately preceding Collection Period provided that to the extent that the Land also secures any other loans which rank, as against that Land, in priority to or equally with the Relevant Mortgage Loan (each, an **Additional Mortgage Loan**), then the Latest Valuation for that Property is to be discounted by multiplying it with the ratio of:
    - (A) the outstanding Current Principal Balance of the Relevant Mortgage Loan as at the last day of the immediately preceding Collection Period; to
    - (B) the aggregate outstanding Current Principal Balance of the Relevant Mortgage Loan and each Additional Mortgage Loan at the last day of the immediately preceding Collection Period,
- (b) for each Mortgage Loan forming part of the Assets of the Trust that is a Defaulted Mortgage Loan, zero;

less:

- (A) where the Mortgage Loan was, in the immediately preceding Collection Period, known by the Trust Manager to be in breach of the Representations and Warranties made by the Seller in accordance with the Mortgage Sale Agreement in relation to that Mortgage Loan and the Seller has not repurchased the Mortgage Loan Rights to the extent required by the terms of the Mortgage Sale Agreement, an amount equal to the Legislated Mortgage Loan Balance Amount (calculated pursuant to paragraph (a) above as at the last day of the immediately preceding Collection Period) for each Mortgage Loan to which this paragraph (A) applies; and
- (B) where the Seller, in any preceding Collection Period, was in material breach of any other warranty under the Mortgage Sale Agreement and/or the Servicer was, in any preceding Collection Period, in material breach of a term of the Servicing Deed: an amount equal to the resulting financial loss incurred by the Covered Bond Guarantor in the immediately preceding

Collection Period (such financial loss to be calculated by the Trust Manager without double counting and to be reduced by any amount paid (in cash or in kind) to the Covered Bond Guarantor by the Seller or by the Servicer (as applicable) to indemnify the Covered Bond Guarantor for such financial loss),

in each case, for the avoidance of doubt, excluding any Mortgage Loans being repurchased by the Seller on such Determination Date but including any Mortgage Loans being purchased by the Covered Bond Guarantor on such Determination Date;

**B =** the aggregate amount of any proceeds of any Term Advances and/or any Demand Loan Advances which have not been applied as at the Determination Date;

**C =** the aggregate principal balance of any Substitution Assets and Authorized Investments as at the relevant Determination Date;

**D =** the aggregate amount of Principal Collections collected by the Servicer during the immediately preceding Collection Period and credited, or to be credited on the immediately following Distribution Date, to the GIC Account but excluding any amounts due to be applied on or before the immediately succeeding Distribution Date in accordance with the applicable Priority of Payments;

**E =** the aggregate amount as at the Determination Date of (i) Sale Proceeds credited to the GIC Account (including, the amount of any Sale Proceeds standing to the credit of the Pre-Maturity Ledger); (ii) the remaining Available Principal Amount credited to the GIC Account in accordance with paragraph (d) of the Pre-Acceleration Principal Priority of Payments (without double counting any amounts already covered in B and D above); and (iii) any amount transferred since the last Distribution Date from the OC Account to the GIC Account in accordance with the Establishment Deed which has not been applied as at the Determination Date;

**CP =**  $\frac{1}{1.03}$ ; and

**ASL =** any amounts payable by the Covered Bond Guarantor in accordance with:

- (a) paragraphs (a) to (e) (inclusive) of the Pre-Acceleration Income Priority of Payments and paragraphs (a) to (e) (inclusive) of the Pre-Acceleration Principal Priority of Payments;
- (b) paragraphs 15.4(a) to (h) (inclusive) of the Guarantee Priority of Payments; or
- (c) paragraphs 8.2(a) to (g) (inclusive) of the Post-Enforcement Priority of Payments,

whichever Priority of Payments is applicable at the relevant Determination Date.

The Issuer is required to comply with the minimum over-collateralization requirements set out in the Australian Banking Act and, for that purpose, the Legislated Collateralisation Test as described above. As the Legislated Collateralisation Test is a minimum requirement, the Issuer expects that the Legislated Mortgage Loan Balance Amount will always be greater than the LVR Adjusted Mortgage Loan Balance Amount, Asset Percentage Mortgage Loan Balance Amount and Amortisation Test Aggregate Mortgage Loan Amount and accordingly, the Legislated Collateralisation Test will be satisfied in all circumstances in which the Asset Coverage Test or the Amortisation Test, as applicable, is satisfied.

### ***Transfers from OC Account***

The Bank may on any day, in its absolute discretion, direct the Trust Manager in writing (copied to the Covered Bond Guarantor) to transfer any amount standing to the credit of the OC Account to the GIC Account (with a corresponding credit to the Principal Ledger). Upon receipt of a written direction from the Bank, the Trust Manager must direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must upon receiving that direction, transfer any amount standing to the credit of the OC Account to the GIC Account (with a corresponding credit to the Principal Ledger).

Any amount transferred to the GIC Account in accordance with the preceding paragraph will form part of the Available Principal Amount to be applied on the following Distribution Date in accordance with the applicable Priority of Payments.

Except to the extent transferred to the GIC on the written direction of the Bank, the amount standing to the credit of the OC Account can only be applied in repayment of the Demand Loan and accordingly, will not be available to make payments in respect of the Covered Bond Guarantee to Covered Bondholders and Couponholders.

#### ***Sale of Selected Mortgage Loan Rights if the Pre-Maturity Test is breached***

The Establishment Deed provides for the sale of Selected Mortgage Loan Rights in circumstances where the Pre-Maturity Test has been breached in relation to a Series of Hard Bullet Covered Bonds. The Pre-Maturity Test will be breached in relation to a Series of Hard Bullet Covered Bonds if the Issuer's short-term credit rating from Moody's falls to P-2 (or lower) or from Fitch is less than F1+ and the Final Maturity Date of the Series of Hard Bullet Covered Bonds falls within 12 months from the relevant Pre-Maturity Test Date. Following a breach of the Pre-Maturity Test in respect of a Series of Hard Bullet Covered Bonds, the Trust Manager must (after taking into account the amount standing to the credit of the Pre-Maturity Ledger) direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must on that direction, immediately commence an offer process to sell Selected Mortgage Loan Rights to Purchasers, subject to the rights of pre-emption of the Seller to buy the Selected Mortgage Loan Rights pursuant to the terms of the Mortgage Sale Agreement and subject to any Pre-Maturity Demand Loan Advance having been made by the Demand Loan Provider from time to time in accordance with the Mortgage Sale Agreement (after taking into account, to the extent possible, any Available Income Amount or Available Principal Amount to be applied on the next Distribution Date as a credit to the Pre-Maturity Ledger in accordance with the Establishment Deed). The proceeds from any such sale that forms part of the Available Principal Amount will be credited to the Pre-Maturity Ledger and deposited into the GIC Account.

If the Issuer fully repays a Series of Hard Bullet Covered Bonds on their Final Maturity Date, any amount standing to the credit of the Pre-Maturity Ledger on the GIC Account in respect of the Series of Hard Bullet Covered Bonds following such repayment in full must be applied by the Covered Bond Guarantor, acting on the directions of the Trust Manager, in accordance with the applicable Priority of Payments unless the Issuer is in breach of the Pre-Maturity Test in respect of any other Series of Hard Bullet Covered Bonds, in which case the Trust Manager must ensure that sufficient cash is retained on the Pre-Maturity Ledger in order to provide liquidity for that other Series of Hard Bullet Covered Bonds. Otherwise, the proceeds will be applied in accordance with the applicable Priority of Payments.

For a description of the Pre-Maturity Test, see "*Credit Structure – Pre-Maturity Test*" below.

#### ***Sale of Selected Mortgage Loan Rights following service of an Asset Coverage Test Breach Notice***

Following service of an Asset Coverage Test Breach Notice (which has not been deemed to be revoked) (but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer), the Covered Bond Guarantor will, subject to first utilizing the proceeds of any advance made by the Demand Loan Provider under the Demand Loan Agreement, be obliged to sell Selected Mortgage Loan Rights forming part of the Assets of the Trust to Purchasers in accordance with the Establishment Deed (as described below), subject to the rights of pre-emption in favor of the Seller to buy the Selected Mortgage Loan Rights pursuant to the Mortgage Sale Agreement. The proceeds from any such sale will be deposited into the GIC Account and applied as set out in the sections "*Allocation and distribution of Available Income Amount following service of an Asset Coverage Test Breach Notice*" and "*Allocation and distribution of Available Principal Amount following service of an Asset Coverage Test Breach Notice*" in this Offering Circular.

#### ***Sale of Selected Mortgage Loan Rights following service of a Notice to Pay***

After a Notice to Pay has been served on the Covered Bond Guarantor (but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer), the Covered Bond Guarantor will be obliged to sell Selected Mortgage Loan Rights forming part of the Assets of the Trust in accordance with the Establishment Deed (as described below), subject to the rights of pre-emption in favor of the Seller to buy the Selected Mortgage Loan Rights pursuant to the Mortgage Sale Agreement. The proceeds from any such sale will be deposited into the GIC Account and applied in accordance with the applicable Priority of Payments.

### ***Method of Sale of Selected Mortgage Loan Rights***

If the Covered Bond Guarantor is required to sell Selected Mortgage Loan Rights to Purchasers following the Demand Loan Provider requesting repayment of all or part of the Demand Loan (subject to satisfaction of the Asset Coverage Test), service of an Asset Coverage Test Breach Notice on the Covered Bond Guarantor, a breach of the Pre-Maturity Test or the service of a Notice to Pay on the Covered Bond Guarantor (but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer), the Trust Manager must ensure that before offering Selected Mortgage Loan Rights for sale:

- (a) the Selected Mortgage Loan Rights are selected on a basis that is representative of the Mortgage Loan Rights forming part of the Assets of the Trust; and
- (b) the Mortgage Loans relating to the Selected Mortgage Loan Rights have an aggregate Current Principal Balance in an amount (the **Required Current Principal Balance Amount**) which is as close as possible to the amount calculated as follows:
  - (i) following the service of an Asset Coverage Test Breach Notice (but prior to the service of a Notice to Pay), such amount that would ensure that, if the Mortgage Loans relating to the Selected Mortgage Loan Rights were sold at their Current Principal Balance plus the arrears of interest and accrued interest, the Asset Coverage Test would be satisfied on the next Determination Date taking into account the payment obligations of the Covered Bond Guarantor on the Distribution Date following that Determination Date; or
  - (ii) following a breach of the Pre-Maturity Test or service of a Notice to Pay:

$$N \times \frac{\text{Aggregate Current Principal Balance for all Mortgage Loans forming part of the Assets of the Trust}}{\text{Aggregate Australian Dollar Equivalent of the Required Redemption Amount in respect of each Series of Covered Bonds then outstanding}}$$

where “N” is an amount equal to the Australian Dollar Equivalent of:

- (x) in respect of Selected Mortgage Loan Rights being sold following a breach of the Pre-Maturity Test in respect of a Series of Hard Bullet Covered Bonds, the Required Redemption Amount of each Series of Hard Bullet Covered Bonds in respect of which the Pre-Maturity Test has been breached less amounts standing to the credit of the Pre-Maturity Ledger; or
- (y) in respect of Selected Mortgage Loan Rights being sold following the service of a Notice to Pay on the Covered Bond Guarantor, the Required Redemption Amount of the Earliest Maturing Covered Bonds less amounts standing to the credit of the GIC Account and the principal amount of any Authorized Investments and Substitution Assets that have not been sold in accordance with the Establishment Deed (excluding all amounts to be applied on the next following Distribution Date to repay higher ranking amounts in the Guarantee Priority of Payments and those amounts that are required to repay any Series of Covered Bonds which mature prior to or on the same date as the relevant Series of Covered Bonds) (see “*Limit on Investing in Substitution Assets and Authorized Investments*” below).

For the avoidance of doubt, the Selected Mortgage Loan Rights may comprise all of the Mortgage Loan Rights then forming part of the Assets of the Trust.

For the purposes of calculating the Required Current Principal Balance Amount pursuant to paragraph (b)(ii) above, the Negative Carry Factor for the purposes of determining the Required Redemption Amount will be:

- (a) zero, for so long as the Interest Rate Swap is in effect in accordance with its terms; or
- (b) calculated in accordance with Adjusted Aggregate Mortgage Loan Amount formula, if the Interest Rate Swap is not in effect in accordance with its terms.

The Trust Manager must direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must upon receiving that direction, offer the Selected Mortgage Loan Rights for sale to Purchasers for the best price reasonably available but in any event:

- (a) following the service of an Asset Coverage Test Breach Notice (but prior to the service of a Notice to Pay), for an amount not less than the Current Principal Balance of the Mortgage Loans relating to the Selected Mortgage Loan Rights plus the arrears of interest and any accrued interest; and
- (b) following a breach of the Pre-Maturity Test or service of a Notice to Pay on the Covered Bond Guarantor, for an amount not less than the Adjusted Required Redemption Amount for the relevant Series of Covered Bonds.

Following a breach of the Pre-Maturity Test or the service of a Notice to Pay on the Covered Bond Guarantor if the Selected Mortgage Loan Rights have not been sold (in whole or in part) in an amount equal to the Adjusted Required Redemption Amount by the date which is six months prior to, either:

- (a) the Final Maturity Date in respect of the Earliest Maturing Covered Bonds (after taking into account all payments, provisions and credits to be made in priority thereto) (where the Covered Bonds are not subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee);
- (b) the Extended Due for Payment Date in respect of the Earliest Maturing Covered Bonds (after taking into account all payments, provisions and credits to be made in priority thereto) (where the Covered Bonds are subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee); or
- (c) in respect of a sale in connection with a breach of the Pre-Maturity Test, the Final Maturity Date of the relevant Series of Hard Bullet Covered Bonds,

then the Trust Manager must direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must upon receiving that direction, offer the Selected Mortgage Loan Rights for sale for the best price reasonably available notwithstanding that such amount may be less than the Adjusted Required Redemption Amount.

Following the service of a Notice to Pay on the Covered Bond Guarantor but prior to the occurrence of a Covered Bond Guarantor Event of Default, in addition to offering Selected Mortgage Loan Rights for sale to Purchasers in respect of the Earliest Maturing Covered Bonds, the Covered Bond Guarantor, acting on the directions of the Trust Manager (subject to the right of pre-emption in favor of the Seller in the Mortgage Sale Agreement), is permitted to offer for sale a portfolio of Selected Mortgage Loan Rights, in accordance with the provisions summarized above and below, in respect of other Series of Covered Bonds.

The Covered Bond Guarantor, acting on the directions of the Trust Manager, will also be permitted to offer for sale to Purchasers part of any portfolio of Selected Mortgage Loan Rights (a **Partial Portfolio**). Except in circumstances where the portfolio of Selected Mortgage Loan Rights is being sold within six months of, as applicable, the Final Maturity Date or, if the Covered Bonds are subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee, the Extended Due for Payment Date in respect of the Series of Covered Bonds to be repaid from such proceeds, the sale price of the Partial Portfolio must (as a proportion of the Adjusted Required Redemption Amount) be at least equal to the proportion that the aggregate Current Principal Balance of the Mortgage Loans in the Partial Portfolio bears to the aggregate Current Principal Balance of the Mortgage Loans in the relevant portfolio of Selected Mortgage Loan Rights.

The Trust Manager will through a tender process appoint a portfolio manager of recognized standing on a basis intended to incentivize the portfolio manager to achieve the best price for the sale of the Selected Mortgage Loan Rights (if such terms are commercially available in the market) to advise the Covered Bond Guarantor in relation to the sale of the Selected Mortgage Loan Rights to Purchasers (except where the Seller is buying the Selected Mortgage Loan Rights in accordance with its right of pre-emption in the Mortgage Sale Agreement). The terms of the agreement giving effect to the appointment in accordance with such tender shall be approved by the Security Trustee. The Security Trustee must approve the appointment of the portfolio manager if two Authorized Officers of the Trust Manager have certified to the Security Trustee that (i) the portfolio manager is an investment bank or accountant of recognized standing; and (ii) that such appointment is on a basis intended to incentivize the portfolio manager to achieve the best price for the sale of the Selected Mortgage Loan Rights (on terms which are commercially available in the market), which certificate will be conclusive and binding on all parties.

In respect of any sale of Selected Mortgage Loan Rights following service on the Covered Bond Guarantor of an Asset Coverage Test Breach Notice (if not deemed to have been revoked) or a Notice to Pay, the Trust Manager must instruct the portfolio manager to use all reasonable endeavors to procure that Selected Mortgage Loan Rights are sold as quickly as reasonably practicable (in accordance with the recommendations of the portfolio manager), taking into account the market conditions at that time and the scheduled repayment dates of the Covered Bonds and the terms of the Establishment Deed.

The terms of any sale and purchase agreement with respect to the sale of Selected Mortgage Loan Rights (which shall give effect to the recommendations of the portfolio manager) will be subject to the prior written approval of the Security Trustee (acting on the directions of the Bond Trustee or, if no Covered Bonds are outstanding, the Majority Secured Creditors) (unless the Selected Mortgage Loan Rights are being sold to the Seller following the exercise of its rights of pre-emption in the Mortgage Sale Agreement). The Security Trustee will only be required to release the Selected Mortgage Loan Rights from the Security in accordance with the conditions relating to the release of the Security (as described under “*Security Deed – Release of Security*” below).

Following the service of a Notice to Pay on the Covered Bond Guarantor, if Purchasers accept the offer or offers from the Covered Bond Guarantor so that some or all of the Selected Mortgage Loan Rights will be sold prior to the next following Final Maturity Date or, if the Covered Bonds are subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee, the next following Extended Due for Payment Date in respect of the Earliest Maturing Covered Bonds, then the Trust Manager must direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must, subject to the prior written approval of the Security Trustee, enter into a sale and purchase agreement with the relevant Purchasers, which will require, amongst other things, a cash payment from the relevant Purchasers. Any such sale will not include any representations or warranties from the Covered Bond Guarantor or the Seller in respect of the Selected Mortgage Loan Rights unless expressly agreed by the Security Trustee or otherwise agreed with the Seller.

#### ***Limit on Investing in Substitution Assets and Authorized Investments***

Provided no Asset Coverage Test Breach Notice is outstanding, there has been no breach of the Pre-Maturity Test and prior to the service of a Notice to Pay on the Covered Bond Guarantor, the Trust Manager may direct the Covered Bond Guarantor to, and if so directed the Covered Bond Guarantor must, make any payments required in order to invest the Available Income Amount, the Available Principal Amount and the proceeds of Term Advances and Demand Loan Advances standing to the credit of the GIC Account in Substitution Assets, provided that:

- (a) the aggregate amount so invested in:
  - (i) Substitution Assets does not exceed 15% of the total Assets of the Trust at any one time (or such other percentage required to ensure compliance with any limits in the Australian Banking Act on substitution assets that may collateralize covered bonds); and
  - (ii) any particular class of Substitution Assets does not exceed any limits in the Australian Banking Act on substitution assets of that class that may collateralize covered bonds; and
- (b) such investments are made in accordance with the terms of the Management Agreement and the Establishment Deed.

Depositing any amounts in any Trust Account will not constitute an investment in Substitution Assets for these purposes.

Following the service of a Notice to Pay on the Covered Bond Guarantor or a breach of the Pre-Maturity Test, all Substitution Assets (other than any Substitution Asset that is also an Authorized Investment) will be sold by the Covered Bond Guarantor, acting on the directions of the Trust Manager, as soon as reasonably practicable, and the proceeds must be credited to the GIC Account after which the Covered Bond Guarantor, acting on the directions of the Trust Manager, will be permitted to make any payments required in order to invest all available moneys in Authorized Investments, provided that such sales or investments are made in accordance with the terms of the Management Agreement and the Establishment Deed.

### ***Covenants of the Covered Bond Guarantor***

The Covered Bond Guarantor covenants that it will in respect of the Trust:

- (a) act continuously as trustee until the Vesting Date of the Trust or until it has retired or has been removed in accordance with the Establishment Deed;
- (b) exercise all due diligence and vigilance in carrying out its functions and duties and in protecting the rights and interests of the Unitholders and the Secured Creditors;
- (c) do everything and take all such actions which are necessary (including obtaining all such authorizations and approvals as are appropriate) to ensure that it is able to maintain its status as trustee of the Trust and to perform all its obligations under the Establishment Deed and the other Programme Documents;
- (d) subject to and in accordance with the Programme Documents, retain the Assets of the Trust in safe custody and hold them on trust for the Unitholders of the Trust upon the terms of the Establishment Deed and the other Programme Documents;
- (e) not sell, grant a Security Interest over or part with the possession of any of the Assets of the Trust (or permit any of its officers to do so) except as permitted by the Establishment Deed, the Security Deed and the other Programme Documents;
- (f) forward promptly to the Trust Manager and the Bond Trustee all notices, reports, circulars and other documents received by it as holder of the Assets of the Trust;
- (g) act honestly and in good faith in the performance of its duties and in the exercise of its discretions under the Establishment Deed and the Programme Documents;
- (h) exercise such diligence and prudence as a prudent man of business would exercise in performing its express functions and in exercising its discretions under the Establishment Deed having regard to the interests of the Unitholders of the Trust;
- (i) use its best endeavors to carry on and conduct its business in so far as it relates to the Establishment Deed and the Trust in a proper and efficient manner;
- (j) remain Tax Resident in Australia throughout the period for which it is acting as trustee of the Trust;
- (k) not perform any of its duties or exercise any rights in relation to the Trust, or otherwise manage the Trust, outside Australia;
- (l) use its best endeavors to ensure that the Covered Bond Guarantor's title to each Asset of the Trust is maintained; and
- (m) notify the Trust Manager and the Bond Trustee promptly after the Covered Bond Guarantor becomes actually aware of the occurrence of any Covered Bond Guarantor Termination Event and at the same time or as soon as possible thereafter provide full details of such Covered Bond Guarantor Termination Event.

### ***Indemnification of Covered Bond Guarantor***

Subject to the applicable Priority of Payments, the Covered Bond Guarantor will be indemnified out of the Assets of the Trust against any liability properly incurred by the Covered Bond Guarantor in performing or exercising any of its powers or duties in relation to the Trust except to the extent that any such liability is caused by the Covered Bond Guarantor's fraud, negligence or wilful default.

Subject to the applicable Priority of Payments, the Covered Bond Guarantor will be indemnified and is entitled to be reimbursed out of the Assets of the Trust in respect of all costs, charges and expenses which it may incur in respect of and can attribute to the Trust in accordance with the Establishment Deed and the other Programme Documents.

### ***Removal and resignation of Covered Bond Guarantor***

The Covered Bond Guarantor must retire as trustee of the Trust if:

- (a) having been required to do so by the Trust Manager by notice in writing, the Covered Bond Guarantor fails or neglects within 20 Business Days (or such longer period as the Trust Manager may agree to) after receipt of such notice to carry out or satisfy any material duty or obligation imposed on the Covered Bond Guarantor by any Programme Document;
- (b) an Insolvency Event occurs with respect to the Covered Bond Guarantor in its personal capacity;
- (c) the Covered Bond Guarantor ceases or threatens to cease to carry on business or substantially the whole of its business;
- (d) the Covered Bond Guarantor merges or consolidates into another entity, unless approved by the Trust Manager, which approval will not be withheld if, in the Trust Manager's reasonable opinion, the commercial reputation and standing of the surviving entity will not be less than that of the Covered Bond Guarantor prior to such merger or consolidation, and unless the surviving entity assumes the obligations of the Covered Bond Guarantor under the Programme Documents;
- (e) there is a change in the ownership of 50% or more of the issued equity share capital of the Covered Bond Guarantor from the position as at the date of the Establishment Deed, or effective control of the Covered Bond Guarantor alters from the position as at the date of the Establishment Deed, unless in either case approved by the Trust Manager, which approval will not be withheld if, in the Trust Manager's reasonable opinion, the change in ownership or control of the Covered Bond Guarantor will not result in a lessening of the commercial reputation and standing of the Covered Bond Guarantor; or
- (f)
  - (i) an Extraordinary Resolution requiring the removal of the Covered Bond Guarantor as trustee of the Trust is passed at a meeting of Covered Bondholders of all Series taken together as a single Series with the nominal amount of Covered Bonds not denominated in Australian Dollars converted into Australian Dollars at the relevant Swap Rate; and
  - (ii) such retirement is approved in writing by each Secured Creditor (such approval not to be unreasonably withheld or delayed).

The Trust Manager may, by written notice, direct the Covered Bond Guarantor to retire if it believes in good faith that an event referred to in paragraphs (a) to (f) above has occurred.

If the Covered Bond Guarantor refuses to retire after being required to do so in the circumstances set out above, the Trust Manager is entitled to remove the Covered Bond Guarantor from office:

- (a) upon the occurrence of an event set out in paragraph (a), (b) or (c) above, immediately by notice in writing; and
- (b) upon the occurrence of an event set out in paragraph (d) or (e) above (and where paragraph (a) does not apply) upon 30 days' notice in writing.

On the retirement or removal of the Covered Bond Guarantor in accordance with the above, the Trust Manager, subject to any approval required by law, is entitled to and must use reasonable endeavors to appoint in writing within 30 days of the retirement or removal of the Covered Bond Guarantor some other entity, who is notified to the Rating Agencies, to be the Covered Bond Guarantor. If the Trust Manager has not within 30 days of the retirement or removal of the Covered Bond Guarantor appointed such other entity then the Trust Manager must convene a single meeting of the Covered Bondholders of all Series at which a new Covered Bond Guarantor may be appointed by Extraordinary Resolution of the Covered Bondholders of all Series.

The Covered Bond Guarantor may retire as trustee of the Trust (the **Retiring Covered Bond Guarantor**) upon giving three months' notice in writing to the Trust Manager or such lesser time as the Trust Manager and the Covered Bond Guarantor agree. Upon such retirement the Retiring Covered Bond Guarantor, subject to any

approval required by law, must appoint as trustee of the Trust in writing any other entity which is approved by the Trust Manager, which approval must not be unreasonably withheld by the Trust Manager and notified to the Rating Agencies. If the Retiring Covered Bond Guarantor does not propose a replacement by the date which is two months prior to the date of its proposed retirement, or such lesser time as the Retiring Covered Bond Guarantor and the Trust Manager agree, the Trust Manager is entitled to appoint a Substitute Covered Bond Guarantor (which must be an entity notified to the Rating Agencies). If the Trust Manager has not within 30 days prior to the date of the Retiring Covered Bond Guarantor's proposed retirement appointed such an entity as Covered Bond Guarantor, and such an entity has not otherwise been appointed within that same 30 day period by the Retiring Covered Bond Guarantor, then the Trust Manager must convene a single meeting of the Covered Bondholders of all Series at which a new Covered Bond Guarantor may be appointed by Extraordinary Resolution of the Covered Bondholders of all Series.

Notwithstanding the preceding paragraph, until the appointment of a new or Substitute Covered Bond Guarantor is completed in accordance with the preceding paragraph, the Retiring Covered Bond Guarantor must continue to act as the Covered Bond Guarantor in accordance with the terms of the Establishment Deed and the other Programme Documents.

The purported appointment of a Substitute Covered Bond Guarantor has no effect until the Substitute Covered Bond Guarantor executes a deed under which it covenants to act as Covered Bond Guarantor in accordance with the Programme Documents.

Upon the retirement or removal of the Covered Bond Guarantor in accordance with the above:

- (a) the Covered Bond Guarantor must vest the Assets of the Trust, or cause them to be vested, in the Substitute Covered Bond Guarantor and must deliver to the Substitute Covered Bond Guarantor (or the Trust Manager if it is acting as Covered Bond Guarantor) all books, documents, records and other property whatsoever relating to the Trust. The costs and expenses of this are to be paid out of the Assets of the Trust, subject to the indemnity given by the Covered Bond Guarantor to the Trust Manager and the Substitute Covered Bond Guarantor in respect of all costs incurred as a result of its removal or retirement as set out above; and
- (b) the Covered Bond Guarantor is released from all obligations under the Programme Documents arising after the date of the retirement or removal in respect of the Trust (but the Covered Bond Guarantor is not released from any obligations or liability that accrued prior to the date of the retirement of the Covered Bond Guarantor). The Trust Manager may settle with the Covered Bond Guarantor the amount of any sums payable by the Covered Bond Guarantor to the Trust Manager or by the Trust Manager to the Covered Bond Guarantor and may give to or accept from the Covered Bond Guarantor a discharge in respect of those sums which is then conclusive and binding as between the Covered Bond Guarantor and the Trust Manager but not as between the Covered Bond Guarantor, on the one hand, and the Unitholders and Secured Creditors, on the other hand.

Failure to appoint a Substitute Covered Bond Guarantor following the retirement or removal of the Covered Bond Guarantor will in certain circumstances constitute a Covered Bond Guarantor Event of Default as described in Condition 9.2 of the Programme Conditions.

### ***Other Provisions***

The allocation and distribution of the Available Income Amount, the Available Principal Amount and all other amounts received by the Covered Bond Guarantor is described under "*Cashflows*" below.

The Establishment Deed is governed by and is to be construed in accordance with the laws applying in the State of New South Wales, Australia.

### **Management Agreement**

The Trust Manager will manage the Assets of the Trust (having regard to its powers and discretions under the Programme Documents) and provide certain Cash Management Services and Calculation Management Services to the Covered Bond Guarantor and the Security Trustee pursuant to the terms of the Management Agreement entered into on or about the Programme Date between the Covered Bond Guarantor, the Trust Manager, the Bank (as Issuer, Seller, Servicer and Account Bank) and the Security Trustee.

The Cash Management Services will include but will not be limited to:

- (a) assisting and directing the Covered Bond Guarantor in opening and operating the Trust Accounts;
- (b) keeping records of the Assets of the Trust held by the Covered Bond Guarantor, including the Mortgage Loan Rights;
- (c) prepare or procure the preparation of and filing of all reports, annual returns, financial statements, statutory forms and other returns which the Covered Bond Guarantor is required by law to prepare and file in connection with the Trust or the Assets of the Trust;
- (d) make all determinations, give all notices and make all registrations and other notifications required in the day-to-day operation of the business of the Trust or required to be given or made by the Covered Bond Guarantor pursuant to the Programme Documents;
- (e) prepare and/or complete any Intercompany Loan Drawdown Requests or Demand Loan Drawdown Requests required for the Covered Bond Guarantor or, in the case of Demand Loan Drawdown Requests for it, to request the advance of any Term Advance or any Demand Loan Advance under, and in accordance with, the Establishment Deed, the Mortgage Sale Agreement, the Intercompany Loan Agreement and the Demand Loan Agreement;
- (f) maintaining the Ledgers on behalf of the Covered Bond Guarantor;
- (g) determining the amount of Principal Collections and Finance Charge Collections received during each Collection Period and the Available Income Amount and Available Principal Amount to be distributed on each Distribution Date in accordance with the Priorities of Payments described under “*Cashflows*” below;
- (h) determining the amounts payable by the Covered Bond Guarantor on each Distribution Date under the applicable Priority of Payments described under “*Cashflows*” below;
- (i) directing the Covered Bond Guarantor in relation to the application of Available Income Amount and the Available Principal Amount in accordance with the Priorities of Payment described under “*Cashflows*” below;
- (j) providing various directions to the Covered Bond Guarantor in respect of investments in Authorized Investments and Substitution Assets and maintaining records of all Authorized Investments and Substitution Assets, as applicable; and
- (k) providing directions to the Covered Bond Guarantor to apply amounts standing to the credit of the OC Account and any In Specie Mortgage Loan Rights in satisfaction of amounts to be repaid to the Demand Loan Provider in accordance with the applicable Priority of Payments.

The Calculation Management Services will include but will not be limited to:

- (a) determining whether the Mortgage Loan Rights forming part of the Assets of the Trust are in compliance with the Asset Coverage Test on each Determination Date prior to an Issuer Event of Default and service of a Notice to Pay on the Covered Bond Guarantor in accordance with the Establishment Deed, and any other date that the Asset Coverage Test is required to be calculated as more fully described under “*Credit Structure – Asset Coverage Test*” below;
- (b) determining whether the Mortgage Loan Rights forming part of the Assets of the Trust are in compliance with the Legislated Collateralisation Test on each Determination Date for so long as any Covered Bonds are outstanding, in accordance with the Establishment Deed, as more fully described under “*Establishment Deed – Legislated Collateralisation Test*” above;
- (c) determining whether the Mortgage Loan Rights forming part of the Assets of the Trust are in compliance with the Amortisation Test on each Determination Date following an Issuer Event of Default and service of a Notice to Pay on the Covered Bond Guarantor but prior to the service of a Covered Bond Guarantee

Acceleration Notice in accordance with the Establishment Deed, as more fully described under “*Credit Structure – Amortisation Test*”, below; and

- (d) on each Local Business Day during the Pre-Maturity Test Period for each Series of Hard Bullet Covered Bonds, determining whether the Pre-Maturity Test for each such Series of Hard Bullet Covered Bonds is satisfied, as more fully described under “*Credit Structure – Pre-Maturity Test*” below.

The Covered Bond Guarantor will be indemnified by the Trust Manager for any loss, cost, expense or liability suffered or incurred by the Covered Bond Guarantor in respect of the fraud, negligence or wilful default of the Trust Manager.

The Trust Manager is not personally liable to indemnify the Covered Bond Guarantor or to make any other payments to any other person in relation to the Trust except in relation to any fraud, negligence or wilful default by it in its capacity as trust manager of the Trust.

In certain circumstances, the Covered Bond Guarantor is required to immediately terminate the appointment of the Trust Manager and appoint a Substitute Trust Manager whose appointment will not take effect until such Substitute Trust Manager enters into a document under which it assumes the obligations of the Trust Manager. Until the appointment of the Substitute Trust Manager takes effect, the Covered Bond Guarantor must act as trust manager (and is entitled to the relevant fees for the period it so acts). While acting as the Trust Manager, the Covered Bond Guarantor will not be liable for any inability to perform or deficiency in performing its obligations as a result of, amongst other things, a breach by the outgoing Trust Manager of its obligations, the state of affairs, books and records of the outgoing Trust Manager and any documents or files delivered by it (including, the inaccuracy or incompleteness thereof) or the inability of the Covered Bond Guarantor to obtain access to information, premises or equipment reasonably necessary for it to perform its obligations.

The Trust Manager is entitled to a fee for the performance of its services under the Management Agreement, which will be agreed in writing from time to time between the Trust Manager, the Covered Bond Guarantor and the Security Trustee. The Covered Bond Guarantor will on each Distribution Date, subject to the applicable Priority of Payments as further consideration for the Cash Management Services and the Calculation Management Services supplied to it by the Trust Manager reimburse the Trust Manager for all out-of-pocket costs, expenses and charges properly incurred by it in the performance of the Cash Management Services or the Calculation Management Services, as the case may be, including any such costs, expenses or charges not reimbursed to the Trust Manager on any previous Distribution Date.

The Management Agreement is governed by and is to be construed in accordance with the laws applying in the State of New South Wales, Australia.

### **Swap Agreements**

In order to hedge certain interest rate, currency or other risks in respect of amounts received by the Covered Bond Guarantor under the Mortgage Loan Rights, Substitution Assets, Authorized Investments or certain other amounts deposited into the GIC Account and amounts payable by the Covered Bond Guarantor under the Intercompany Loan Agreement to the Intercompany Loan Provider and/or amounts payable by the Covered Bond Guarantor under the Covered Bond Guarantee to Covered Bondholders in respect of the Covered Bonds on issue, the Covered Bond Guarantor will enter into certain swap transactions with swap providers as described below.

Each such swap transaction (including, without limitation, the Interest Rate Swap and each Covered Bond Swap) (each, a **Swap** and together, the **Swaps**) will be evidenced by a confirmation that supplements, forms part of and is subject to, an agreement in the form of the 2002 Master Agreement as published by the International Swaps & Derivatives Association, Inc. (**ISDA**) together with its schedule and credit support annex (to be in the form of the 1995 Credit Support Annex (Transfer – English Law) published by ISDA) (a **Swap Agreement Credit Support Annex**) between a swap provider (a **Swap Provider**), the Covered Bond Guarantor, the Trust Manager and the Security Trustee (together, a **Swap Agreement**).

### ***Interest Rate Swap Agreement***

Some of the Mortgage Loans forming part of the Assets of the Trust from time to time pay a variable amount of interest. Other Mortgage Loans pay a fixed rate of interest for a period of time. The Substitution Assets or Authorized Investments (as the case may be) and the amounts deposited into the GIC Account may pay a variable

or fixed amount of interest. However, the Australian Dollar payments to be made by the Covered Bond Guarantor under the Covered Bond Swaps, the Intercompany Loan and the Demand Loan will be based on the Bank Bill Rate for varying periods. To provide a hedge against the variance between:

- (a) the rates of interest payable on the Mortgage Loans forming part of the Assets of the Trust and the Substitution Assets or Authorized Investments and the amounts deposited into the GIC Account; and
- (b) the Bank Bill Rate for the applicable interest or calculation period,

the Covered Bond Guarantor, the Trust Manager, the Security Trustee and the Interest Rate Swap Provider will enter into an Interest Rate Swap under the Interest Rate Swap Agreement.

The Interest Rate Swap Agreement is governed by and is to be construed in accordance with the laws applying in the State of New South Wales, Australia.

### ***Covered Bond Swap Agreements***

Where Covered Bonds are issued in a currency and/or on an interest rate basis different to the Interest Rate Swap, the Covered Bond Guarantor will enter into one or more Covered Bond Swaps, each under a Covered Bond Swap Agreement with a Covered Bond Swap Provider. Each Covered Bond Swap may be either a **Forward Starting Covered Bond Swap** or a **Non-Forward Starting Covered Bond Swap**. Where the Covered Bond Guarantor enters into a Forward Starting Covered Bond Swap, the related Term Advance made under the Intercompany Loan Agreement will be made in Australian Dollars, regardless of the currency of the relevant Series or Tranche, as applicable, of Covered Bonds.

Each Forward Starting Covered Bond Swap will provide a hedge (after service of a Notice to Pay on the Covered Bond Guarantor) against certain interest rate, currency and/or other risks in respect of amounts received by the Covered Bond Guarantor under the Mortgage Loan Rights, Substitution Assets, Authorized Investments or certain other amounts deposited into the GIC Account and the Interest Rate Swap and amounts payable by the Covered Bond Guarantor under the Covered Bond Guarantee in respect of the Covered Bonds (after service of a Notice to Pay).

Each Non-Forward Starting Covered Bond Swap will provide a hedge against certain interest rate, currency and/or other risks in respect of amounts received by the Covered Bond Guarantor under the Mortgage Loan Rights, Substitution Assets, Authorized Investments or certain other amounts deposited into the GIC Account and the Interest Rate Swap and amounts payable by the Covered Bond Guarantor under the Intercompany Loan Agreement (prior to the service of a Notice to Pay on the Covered Bond Guarantor) and under the Covered Bond Guarantee in respect of the Covered Bonds (after the service of a Notice to Pay on the Covered Bond Guarantor).

Where required to hedge such risks, there will be one (or more) Covered Bond Swap Agreement(s) and Covered Bond Swap(s) in relation to each Series or Tranche, as applicable, of Covered Bonds.

Under the Forward Starting Covered Bond Swaps, the Covered Bond Swap Provider will pay to the Covered Bond Guarantor on each Interest Payment Date (or, if a Notice to Pay is served on an Interest Payment Date, on the second Business Day following such Interest Payment Date) after service of a Notice to Pay on the Covered Bond Guarantor, an amount equal to the amounts that are then payable by the Covered Bond Guarantor under the Covered Bond Guarantee in respect of interest payable under the relevant Series or Tranche of Covered Bonds. In return, the Covered Bond Guarantor will pay to the Covered Bond Swap Provider on each Distribution Date after service of a Notice to Pay on the Covered Bond Guarantor an amount in Australian Dollars calculated by reference to the 30 day Bank Bill Rate (or the rate for such other period as may be specified in the relevant Confirmation) plus a spread. Unless the relevant Covered Bond Swap terminates earlier, on the first to occur of (i) the date on which the Early Redemption Amount is payable; and (ii) the Final Maturity Date, in each case in relation to the relevant Series or Tranche of Covered Bonds, the relevant Covered Bond Swap Provider will pay to the Covered Bond Guarantor an amount equal to the Early Redemption Amount or the Final Redemption Amount (as the case may be) of the relevant Series or Tranche of Covered Bonds in exchange for payment by the Covered Bond Guarantor of the Australian Dollar Equivalent of that amount.

Under the Non-Forward Starting Covered Bond Swaps:

- (a) if the related Term Advance is made in Australian Dollars, the Covered Bond Guarantor will pay to the Covered Bond Swap Provider on each Distribution Date an amount in Australian Dollars calculated by reference to the 30 day Bank Bill Rate plus a spread. In return the Covered Bond Swap Provider will pay to the Covered Bond Guarantor on each Interest Payment Date either, an amount in Australian Dollars equal to the relevant amount of interest then payable under the related Term Advance in accordance with the Intercompany Loan Agreement or (after service of a Notice to Pay on the Covered Bond Guarantor) equal to the amounts that are payable by the Covered Bond Guarantor under the Covered Bond Guarantee in respect of interest payable under the relevant Series or Tranche of Covered Bonds; and
- (b) if the related Term Advance is made in a currency other than Australian Dollars, on the relevant Issue Date, the Covered Bond Guarantor will pay to the Covered Bond Swap Provider an amount equal to the amount received by the Covered Bond Guarantor under the related Term Advance (being the aggregate nominal amount of such Series or Tranche, as applicable, of Covered Bonds) and in return the Covered Bond Swap Provider will pay to the Covered Bond Guarantor the Australian Dollar Equivalent of the first mentioned amount. Thereafter, the Covered Bond Guarantor will pay to the Covered Bond Swap Provider on each Distribution Date an amount in Australian Dollars calculated by reference to the 30 day Bank Bill Rate plus a spread. In return, the Covered Bond Swap Provider will pay to the Covered Bond Guarantor on each Interest Payment Date either, an amount in the relevant currency equal to the relevant amount of interest then payable under the related Term Advance in accordance with the Intercompany Loan Agreement or (after service of a Notice to Pay on the Covered Bond Guarantor) equal to the amounts that are payable by the Covered Bond Guarantor under the Covered Bond Guarantee in respect of interest payable under the relevant Series or Tranche of Covered Bonds. Unless the relevant Covered Bond Swap terminates earlier, on the first to occur of (i) the date on which the Early Redemption Amount is payable; and (ii) the Final Maturity Date, in each case in relation to the relevant Series or Tranche of Covered Bonds, the relevant Covered Bond Swap Provider will pay to the Covered Bond Guarantor an amount in the relevant currency equal to the principal then outstanding on the related Term Advance in exchange for payment by the Covered Bond Guarantor of the Australian Dollar Equivalent of that amount.

Each Covered Bond Swap will terminate on the Final Maturity Date of the relevant Series or Tranche of Covered Bonds or, if the Covered Bond Guarantor notifies the Covered Bond Swap Provider, prior to the Final Maturity Date, of the inability of the Covered Bond Guarantor to pay in full or in part Guaranteed Amounts corresponding to the Final Redemption Amount in respect of such Series or Tranche of Covered Bonds, the final Interest Payment Date on which an amount representing any or all of the Final Redemption Amount is paid (but in any event not later than the Extended Due for Payment Date).

#### ***Rating Downgrade Event***

Under the terms of each Swap Agreement, in the event that the rating(s) of the relevant Swap Provider is downgraded by a Rating Agency below the credit rating(s) specified in the relevant Swap Agreement (in accordance with such Rating Agency's criteria) for that Swap Provider, that Swap Provider agrees, in accordance with the relevant Swap Agreement, to take certain remedial measures which may include:

- (a) providing collateral for its obligations under the relevant Swap Agreement;
- (b) arranging for its obligations under the relevant Swap Agreement to be transferred to a replacement entity provided that either:
  - (i) such entity is an entity with the credit ratings specified by the relevant Rating Agency; or
  - (ii) in some cases, the relevant Rating Agency has confirmed that such transfer will not adversely affect the credit ratings of the then outstanding Series of Covered Bonds;
- (c) procuring another entity to become co-obligor or guarantor in respect of its obligations under the relevant Swap Agreement provided that either:
  - (i) such entity is an entity with the credit ratings specified by the relevant Rating Agency; or

- (ii) in some cases, the relevant Rating Agency has confirmed that obtaining such a co-obligor or guarantor will not adversely affect the credit ratings of the then outstanding Series of Covered Bonds; or
- (d) taking such other action or putting in place such alternative hedging as it may agree with the relevant Rating Agency.

A failure to take such steps within the time periods specified in the relevant Swap Agreement will allow the Covered Bond Guarantor to terminate the relevant Swaps.

#### ***Other Termination Events***

The Swap(s) under a Swap Agreement may also be terminated early in certain other circumstances, including:

- (a) at the option of the Covered Bond Guarantor or the relevant Swap Provider, as applicable, if there is a failure by the other party to pay any amounts due under such Swap Agreement within the specified grace period;
- (b) upon the occurrence of certain insolvency events in relation to the relevant Swap Provider or the Covered Bond Guarantor, or the merger of one of the relevant Swap Provider or the Covered Bond Guarantor without an assumption of the obligations under such Swap Agreement;
- (c) there is a change of law, a change in application of the relevant law or consolidation, amalgamation, merger, transfer of assets, reorganization, reincorporation or reconstitution of or by a party which results in the Covered Bond Guarantor or the relevant Swap Provider (or both) being obliged to make a withholding or deduction on account of a tax on a payment to be made by such party to the other party under such Swap Agreement and the relevant Swap Provider thereby being required under the terms of such Swap Agreement to gross up payments made to the Covered Bond Guarantor, or to receive net payments from the Covered Bond Guarantor (who is not required under the terms of such Swap Agreement to gross up payments made to the relevant Swap Provider);
- (d) there is a change in law which results in the illegality of the obligations to be performed by the relevant Swap Provider or the Covered Bond Guarantor under the Swap Agreement or a force majeure event which renders performance impossible or impracticable;
- (e) in relation to a Covered Bond Swap only, if the corresponding Series of Covered Bonds are redeemed or cancelled;
- (f) if a Covered Bond Guarantee Acceleration Notice is served on the Covered Bond Guarantor;
- (g) the making of an amendment (without the consent of the relevant Swap Provider) to the Priorities of Payments which has a material adverse effect on the amounts paid to the relevant Swap Provider under the Priorities of Payments; and
- (h) the making of an amendment (without the consent of the relevant Swap Provider), such that the relevant Swap Provider would, immediately after such amendment, be required to pay more or receive less under such Swap Agreement than would otherwise have been the case immediately prior to such amendment or such that the Swap Provider would suffer an adverse consequence as a result of such amendment.

Upon the termination of a Swap, the Covered Bond Guarantor or the relevant Swap Provider may be liable to make a termination payment to the other party in accordance with the provisions of the relevant Swap Agreement.

#### ***Swap Agreement Credit Support Annex***

The Covered Bond Guarantor and each Swap Provider will also enter into a credit support annex in the form of the 1995 ISDA Credit Support Annex (Transfer – English Law) to the ISDA Master Agreement (the **Swap Agreement Credit Support Annex**) in respect of each Swap Agreement. The Swap Agreement Credit Support Annex will provide that, from time to time, if required to do so following its downgrade and subject to the conditions specified in the Swap Agreement Credit Support Annex, the relevant Swap Provider will make transfers of collateral to the Covered Bond Guarantor in support of its obligations under the relevant Swap Agreement (the

**Swap Collateral**) and the Covered Bond Guarantor will be obliged to return equivalent collateral in accordance with the terms of such Swap Agreement Credit Support Annex. Each Swap Agreement Credit Support Annex will form a part of the relevant Swap Agreement.

Swap Collateral required to be transferred by the relevant Swap Provider pursuant to the terms of each Swap Agreement Credit Support Annex may be delivered in the form of cash or certain securities specified in such Swap Agreement Credit Support Annex. Cash amounts will be paid into an account designated as a **Swap Collateral Cash Account** opened and held with the Account Bank. References to the Swap Collateral Cash Account and to payments from such account are deemed to be a reference to payments from such account as and when opened by the Covered Bond Guarantor. Securities will be transferred into a custody account opened and held with a custodian. References to such custody account and to transfers from such account are deemed to be a reference to transfers from such account as and when opened by the Covered Bond Guarantor.

If the Swap Collateral Cash Account or securities custody account is opened, cash and securities, as applicable, (and all income in respect thereof) transferred as collateral will only be available to be applied in returning collateral (and income thereon) or in satisfaction of amounts owing by the relevant Swap Provider in accordance with the terms of the relevant Swap Agreement Credit Support Annex.

Any Swap Collateral Excluded Amounts will be paid to the relevant Swap Provider directly and not via the Priorities of Payments.

### ***Limited Recourse***

All obligations of the Covered Bond Guarantor to the relevant Swap Provider under each Swap Agreement are limited in recourse as described in the Establishment Deed.

### ***Governing Law***

Each Swap Agreement (including the Swap Agreement Credit Support Annex under such Swap Agreement) is governed by and is to be construed in accordance with the laws applying in the State of New South Wales, Australia.

### **Account Bank Agreement**

Pursuant to the terms of the Account Bank Agreement entered into on or about the Programme Date between the Covered Bond Guarantor, the Bank as Account Bank, the Trust Manager and the Security Trustee, the Covered Bond Guarantor will maintain with the Account Bank, the GIC Account, the Swap Collateral Cash Account and the OC Account which will be operated in accordance with the Management Agreement, the Establishment Deed, the Security Deed and the relevant Swap Agreements.

The Covered Bond Guarantor (acting on the directions of the Trust Manager) or the Security Trustee:

- (a) may terminate the appointment of the Account Bank if the following matters occur:
  - (i) if a deduction or withholding for or on account of any Tax is imposed, or it appears likely that such a deduction or withholding will be imposed, in respect of the interest payable on any Trust Account, as applicable;
  - (ii) if the Account Bank fails to make payment on the due date of any payment due and payable by it under the Account Bank Agreement and such default is not waived by the Covered Bond Guarantor (acting on the directions of the Trust Manager) (with the prior written consent of the Security Trustee) or the Security Trustee, as applicable, and such default continues unremedied for a period of five Local Business Days; or
  - (iii) if the Account Bank fails to perform any of its other material obligations under the Account Bank Agreement, the Security Deed or any other Programme Document to which it is a party and acting on the directions of:

- (A) the Bond Trustee (if there are Covered Bonds outstanding and subject to the provisions of the Bond Trust Deed), the Security Trustee determines that such failure is, or if continued will be, materially prejudicial to the Covered Bondholders; or
- (B) the Majority Secured Creditors (if there are no Covered Bonds outstanding), the Security Trustee determines that such is, or if continued will be, materially prejudicial to the Secured Creditors,

and such failure remains unremedied for a period of 10 Local Business Days after the Trust Manager or the Security Trustee has given notice of such failure to the Account Bank.

- (b) must terminate the appointment of the Account Bank if any of the following matters occur:
  - (i) the Account Bank ceases to be a Qualified Institution and the Account Bank does not, within 30 days of the occurrence of such event, obtain a guarantee of its obligations under the Account Bank Agreement from a Qualified Institution; or
  - (ii) an Insolvency Event occurs in respect of the Account Bank.

Any termination or resignation of the Bank as the Account Bank (and the appointment of any replacement Account Bank) under the Account Bank Agreement will have no effect on the arrangements in respect of the OC Account and the terms of the Account Bank Agreement will continue to govern the OC Account.

The Account Bank Agreement is governed by and is to be construed in accordance with the laws applying in the State of New South Wales, Australia.

### **Security Deed**

Pursuant to the terms of the Security Deed entered into on or about the Programme Date by the Bank (in various capacities including as Issuer, Seller and Servicer), the Covered Bond Guarantor, the Trust Manager and the Security Trustee, as security for payment of the Secured Obligations, the Covered Bond Guarantor charges all of its right, title and interest in, and all of its rights in relation to Charged Property in favor of the Security Trustee.

The Security is a floating charge in respect of all the Charged Property. If the Security has not otherwise taken effect as a fixed charge, it will become a fixed charge automatically and immediately over all of the Charged Property without the need for any notice to or act by the Security Trustee, following the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer.

### ***Release of Security***

In the event of any sale or transfer of Mortgage Loan Rights or any extinguishment of the Covered Bond Guarantor's interest in any Mortgage Loan Rights (including, in each case, Selected Mortgage Loan Rights) (and any other related rights under the same) by or on behalf of the Covered Bond Guarantor (including by way of in specie distributions by the Covered Bond Guarantor) pursuant to and in accordance with the Programme Documents, such Mortgage Loan Rights (and any other related rights under the same) will no longer form part of the Assets of the Trust and the Security Trustee must, if requested in writing by the Covered Bond Guarantor (acting on the directions of the Trust Manager and at the sole cost and expense of the Covered Bond Guarantor), take all reasonable steps necessary to ensure the release or discharge of those Mortgage Loan Rights (and any other related rights under the same) from the Security Interests created under the Security Deed on or prior to the date of any such sale, transfer or extinguishment, only if the Trust Manager has provided to the Security Trustee a certificate from two Authorized Officers of the Trust Manager confirming that such sale, transfer or extinguishment of Mortgage Loan Rights has been made in accordance with the terms of the Programme Documents and, in the case of the sale of Selected Mortgage Loan Rights only, that the Selected Mortgage Loan Rights being sold have been selected on a basis that is representative of the Mortgage Loan Rights forming part of the Assets of the Trust as a whole.

In the event of any transfer of any Mortgage Loan Rights to the Seller, or any extinguishment of the Covered Bond Guarantor's interest in any Mortgage Loan Rights in favor of the Seller, pursuant to and in accordance with the Programme Documents, the Security Trustee will, at the prior written request and cost of the Covered Bond

Guarantor (acting on the directions of the Trust Manager) on the date of the transfer or extinguishment (as the case may be) release the Mortgage Loan Rights from the Security Interest created under the Security Deed.

### ***Enforcement***

At any time after the Security has become enforceable and following service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, the Security Trustee will be entitled to appoint a Receiver and/or enforce the Security constituted by the Security Deed (including selling the Mortgage Loan Rights), and/or, subject to the following paragraph, take such steps as it deems necessary, subject in each case to being indemnified and/or prefunded and/or secured to its satisfaction. All proceeds received by the Security Trustee from the enforcement or realization of the Security and any In Specie Mortgage Loan Rights will be applied in accordance with the Post-Enforcement Priority of Payments described under “*Cashflows*” below (other than Third Party Amounts due to the Seller and any Swap Collateral Excluded Amounts due to the relevant Swap Providers by the Covered Bond Guarantor under the relevant Swap Agreements which will be paid directly to the relevant Swap Provider in accordance with the relevant Swap Agreements).

If the Security has become enforceable, neither the Security Trustee nor any Receiver will be entitled to dispose of any Charged Property (comprising Mortgage Loan Rights) unless:

- (a) the Security Trustee or Receiver, as applicable, has given the Seller the right, by notice in writing, to make an offer to repurchase all the Mortgage Loan Rights that are then Assets of the Trust (within five Local Business Days of the written notice) (any offer made by the Seller in accordance with this paragraph will be irrevocable unless agreed between the Seller and the Security Trustee or Receiver, as applicable); and
- (b) if the Security Trustee or Receiver receives an irrevocable offer from any person other than the Seller in respect of any Mortgage Loan Rights, the Security Trustee or Receiver, as applicable, gives the Seller the right, by notice in writing (which must include all information in relation to the offer made by such other person), to make an offer to repurchase (which may be in addition to any offer made by the Seller under paragraph (a)) the Mortgage Loan Rights the subject of the offer made by any such other person that at least matches the value of any such other offer (within two Local Business Days of the written notice),

provided that the Seller provides to the Security Trustee or Receiver, as applicable, an opinion from legal advisors appointed by the Seller (at its expense) addressed to the Security Trustee or Receiver in connection with the relevant offer, that acceptance of the offer by the Security Trustee or Receiver and any repurchase of Mortgage Loan Rights in accordance with it by the Seller would be legal, valid, binding and enforceable against the Seller.

If the Security Trustee or Receiver, as applicable, receives an offer from the Seller as described above, the Security Trustee or Receiver must accept that offer unless the Security Trustee or Receiver reasonably believes that it is not in the best interests of the Covered Bondholders or, if there are none, the Secured Creditors that it does so.

### ***Removal or resignation of Security Trustee***

The Security Trustee covenants that it will retire as Security Trustee if:

- (a) an Insolvency Event occurs in relation to the Security Trustee in its personal capacity or in respect of its personal assets (and not in its capacity as trustee of any trust or in respect of any assets it holds as trustee);
- (b) it ceases to carry on business;
- (c) a Related Body Corporate of it retires as the Covered Bond Guarantor or is removed as the Covered Bond Guarantor and the Trust Manager requires the Security Trustee by notice in writing to retire;
- (d)
  - (i) an Extraordinary Resolution requiring its retirement is passed at a meeting of Covered Bondholders of all Series taken together as a single Series with the nominal amount of Covered Bonds not denominated in Australian Dollars converted into Australian Dollars at the relevant Swap Rate; and

- (ii) such retirement is approved in writing by the Bond Trustee (if any Covered Bonds are outstanding) or (if no Covered Bonds are outstanding) by the Majority Secured Creditors;
- (e) when required to do so by the Trust Manager or the Covered Bond Guarantor by notice in writing, it fails or neglects within 14 days after receipt of such notice to carry out or satisfy any material duty imposed on it by this document in respect of the Security Trust; or
- (f) there is a change in ownership of 50% or more of the issued equity share capital of the Security Trustee from the position as at the date of the Security Deed or effective control of the Security Trustee alters from the position as at the date of the Security Deed unless in either case approved by the Trust Manager (whose approval must not be unreasonably withheld).

If an event referred to in paragraphs (a) to (f) above occurs and the Security Trustee does not retire immediately after that event, the Trust Manager is entitled to, and must, remove the Security Trustee from office immediately by notice in writing to the Security Trustee. On the retirement or removal of the Security Trustee, the Issuer must issue a Rating Affirmation Notice in relation to each Rating Agency in respect of such retirement or removal.

The Security Trustee may retire as security trustee under the Security Deed upon giving three months' notice in writing to the Covered Bond Guarantor, the Trust Manager and each Rating Agency or such lesser time as the Covered Bond Guarantor, the Trust Manager and the Security Trustee may agree.

On the retirement or removal of the Security Trustee as set out above (a) the Trust Manager must promptly notify the Covered Bond Guarantor and the Secured Creditors of such retirement or removal; and (b) subject to any approval required by law, the Trust Manager is entitled to and must use best endeavors to appoint a person who is a statutory trustee or a wholly owned subsidiary of a statutory trustee as substitute Security Trustee. If no substitute Security Trustee is appointed within 90 days after the retirement or removal of the Security Trustee, the Security Trustee may appoint a substitute Security Trustee or apply to the court for a substitute Security Trustee to be appointed.

Upon retirement or removal of the Security Trustee as trustee of the Security Trust, the Security Trustee is released from all obligations under the Security Deed arising after the date of the retirement or removal except for its obligation to vest the Security Trust in the substitute Security Trustee and to deliver all books and records relating to the Security Trust to the substitute Security Trustee (at the cost of the Security Trust). The Trust Manager and the Covered Bond Guarantor may settle with the Security Trustee the amount of any sums payable by the Security Trustee to the Trust Manager or the Covered Bond Guarantor or by the Trust Manager or the Covered Bond Guarantor to the Security Trustee and may give to or accept from the Security Trustee a discharge in respect of those sums which will be conclusive and binding as between the Trust Manager, the Covered Bond Guarantor and the Security Trustee but not as between the Security Trustee and the Secured Creditors.

Each substitute Security Trustee must upon its appointment execute a deed in such form as the Trust Manager may require whereby such substitute Security Trustee must undertake to the Secured Creditors jointly and severally to be bound by all the covenants on the part of the Security Trustee under the Security Deed from the date of such appointment. The Security Trustee must do all such things and execute all such documents as are necessary or appropriate for the substitute Security Trustee to obtain the benefit of the Security Deed.

The Security Deed is governed by and is to be construed in accordance with the laws applying in the State of New South Wales, Australia.

## CREDIT STRUCTURE

The Covered Bonds will be direct, unsecured, unsubordinated and unconditional obligations of the Issuer. The Covered Bond Guarantor has no obligation to pay the Guaranteed Amounts under the Covered Bond Guarantee until the occurrence of: (i) an Issuer Event of Default and service by the Bond Trustee on the Issuer of an Issuer Acceleration Notice and the service on the Covered Bond Guarantor of a Notice to Pay or, (ii) if earlier, following the occurrence of a Covered Bond Guarantor Event of Default, and the service by the Bond Trustee on the Covered Bond Guarantor and the Issuer of a Covered Bond Guarantee Acceleration Notice. The Issuer will not be relying on any payments by the Covered Bond Guarantor in order to pay interest or repay principal under the Covered Bonds.

There are a number of features of the Programme which are intended to enhance the likelihood of timely and, as applicable, ultimate payments to Covered Bondholders, as follows:

- (a) the Covered Bond Guarantee provides credit support in respect of certain obligations of the Issuer under the Covered Bonds and the Assets of the Trust provide security for the obligations of the Covered Bond Guarantor;
- (b) the Pre-Maturity Test is intended to provide liquidity to the Covered Bond Guarantor in relation to amounts of principal due on the Final Maturity Date of the Hard Bullet Covered Bonds;
- (c) the Asset Coverage Test is intended to test, prior to the service of a Notice to Pay on the Covered Bond Guarantor, the asset coverage of the Assets of the Trust held from time to time by the Covered Bond Guarantor in respect of the Covered Bonds on a monthly basis;
- (d) the Amortisation Test is intended to test, following the service of a Notice to Pay on the Covered Bond Guarantor (but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer), the asset coverage of the Assets of the Trust held from time to time by the Covered Bond Guarantor in respect of the Covered Bonds;
- (e) a Reserve Fund will be established in the GIC Account which will be funded from Available Income Amounts or by crediting the remaining proceeds of a Term Advance or Demand Loan Advance up to the Reserve Fund Required Amount if the Issuer's credit rating falls below the Moody's Specified Rating and/or the Fitch Specified Rating; and
- (f) under the terms of the Account Bank Agreement, the Account Bank has agreed to pay a rate of interest per annum equal to the 30 day Bank Bill Rate which will be the rate determined by the Account Bank on the first day of each Collection Period (or, in the case of the first Collection Period, the first Closing Date) on all amounts held by the Covered Bond Guarantor in the GIC Account.

Certain of these factors are considered more fully in the remainder of this section.

### **Covered Bond Guarantee**

Pursuant to the terms of the Bond Trust Deed, the Covered Bond Guarantor has guaranteed payments of interest and principal under the Covered Bonds issued by the Issuer. The Covered Bond Guarantor has agreed to pay an amount equal to the Guaranteed Amounts when the same shall become Due for Payment but which would otherwise be unpaid by the Issuer. The obligations of the Covered Bond Guarantor under the Covered Bond Guarantee constitute (following service of a Notice to Pay or a Covered Bond Guarantee Acceleration Notice) direct and unconditional obligations of the Covered Bond Guarantor, secured against the Assets from time to time of the Covered Bond Guarantor as provided in the Security Deed and recourse against the Covered Bond Guarantor is limited to such assets. Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice upon the Issuer (whereupon the Covered Bonds will become immediately due and payable as against the Issuer but not at such time as against the Covered Bond Guarantor), the Bond Trustee will be required to serve a Notice to Pay on the Covered Bond Guarantor.

A Covered Bond Guarantee Acceleration Notice may be served by the Bond Trustee on the Covered Bond Guarantor and the Issuer following the occurrence of a Covered Bond Guarantor Event of Default. If a Covered Bond Guarantee Acceleration Notice is served, the Covered Bonds will become immediately due and payable (if they have not already become due and payable) and the obligations of the Covered Bond Guarantor under the

Covered Bond Guarantee will be accelerated and the Security Trustee will be entitled to enforce the Security. Payments made by the Covered Bond Guarantor under the Covered Bond Guarantee will be made subject to, and in accordance with, the Guarantee Priority of Payments. All moneys received or recovered by the Security Trustee or any Receiver after the service of a Covered Bond Guarantee Acceleration Notice will be held by it in the Trust Accounts on trust to be applied in accordance with the Post-Enforcement Priority of Payments (other than Third Party Amounts due to the Seller and any Swap Collateral Excluded Amounts due to the relevant Swap Providers by the Covered Bond Guarantor under the relevant Swap Agreements which will be paid directly to the relevant Swap Provider in accordance with the relevant Swap Agreements).

See further the section “*Overview of the Principal Documents – Bond Trust Deed*” in this Offering Circular as regards the terms of the Covered Bond Guarantee.

See further the section “*Cashflows – Guarantee Priority of Payments*” as regards the payment of amounts payable by the Covered Bond Guarantor to Covered Bondholders and other Secured Creditors following service of a Notice to Pay.

### **Pre-Maturity Test**

Each Series of Hard Bullet Covered Bonds is subject to a Pre-Maturity Test on each Local Business Day during the Pre-Maturity Test Period prior to the occurrence of an Issuer Event of Default and/or a Covered Bond Guarantor Event of Default. The Pre-Maturity Test will be breached in relation to a Series of Hard Bullet Covered Bonds if the Issuer’s short-term credit rating from Moody’s falls to P-2 (or lower) or from Fitch is less than F1+ and, in each case, the Final Maturity Date of the Series of Hard Bullet Covered Bonds falls within 12 months from the relevant Pre-Maturity Test Date. If the Pre-Maturity Test is breached within such specified period and certain actions are not taken, an Issuer Event of Default will occur.

As at the date of this Offering Circular, the Pre-Maturity Test has not been breached in relation to any Outstanding Series of Hard Bullet Covered Bonds.

### **Asset Coverage Test**

The Asset Coverage Test is intended to test the asset coverage of the Assets of the Trust from time to time held by the Covered Bond Guarantor in respect of the Covered Bonds on a monthly basis. This is to ensure that the Assets of the Trust held from time to time by the Covered Bond Guarantor do not fall below a certain threshold and are sufficient for the Covered Bond Guarantor to meet its obligations under the Covered Bond Guarantee and senior expenses which rank in priority or *pari passu* with amounts due on the Covered Bonds.

The Establishment Deed provides that, prior to the service of a Notice to Pay on the Covered Bond Guarantor, and/or a Covered Bond Guarantee Acceleration Notice on the Issuer and the Covered Bond Guarantor the Assets of the Trust held from time to time by the Covered Bond Guarantor are subject to the Asset Coverage Test. Accordingly, for so long as Covered Bonds remain outstanding, the Trust Manager must ensure that on each Determination Date prior to the service of a Notice to Pay on the Covered Bond Guarantor, and/or a Covered Bond Guarantee Acceleration Notice on the Issuer and the Covered Bond Guarantor the Adjusted Aggregate Mortgage Loan Amount is an amount at least equal to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Determination Date. The Asset Coverage Test will be tested by the Trust Manager on each such Determination Date.

The Asset Coverage Test will also be tested by the Trust Manager at any time required for the purposes of facilitating repayment of the Demand Loan to the extent such repayment is subject to the Asset Coverage Test being satisfied (notwithstanding the service of a Notice to Pay on the Covered Bond Guarantor).

Pursuant to the terms of the Mortgage Sale Agreement, the Seller has agreed to use all reasonable endeavors to offer to sell sufficient Mortgage Loan Rights to the Covered Bond Guarantor in order to ensure that the Asset Coverage Test is satisfied (provided that the Seller will not be obliged to sell to the Covered Bond Guarantor Mortgage Loan Rights if in the reasonable opinion of the Seller the sale of such Mortgage Loan Rights would materially adversely affect the business or financial condition of the Seller). The consideration payable to the Seller for the sale of such Mortgage Loan Rights to the Covered Bond Guarantor may be funded by (i) cash available to the Covered Bond Guarantor to pay for such Mortgage Loan Rights in accordance with the Pre-Acceleration Principal Priority of Payments; and/or (ii) a drawing under the Demand Loan Agreement. The Seller’s ability to offer Mortgage Loan Rights may be restricted if APRA exercises its power to direct the Seller

not to transfer any asset to the Covered Bond Guarantor as described in the section “*Description of the Covered Bonds Provisions of the Australian Banking Act – APRA’s powers under the Australian Banking Act – Power to prevent additional sales to meet Asset Coverage Test on any day*” above.

Alternatively, the Covered Bond Guarantor may purchase Substitution Assets or request drawings under the Demand Loan Agreement (as directed by the Trust Manager) in order to ensure that the Covered Bond Guarantor is in compliance with the Asset Coverage Test.

If the Adjusted Aggregate Mortgage Loan Amount is less than the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of all Covered Bonds on a Determination Date and also on the next following Determination Date, the Asset Coverage Test will not be satisfied on each such Determination Date and the Bond Trustee will serve an Asset Coverage Test Breach Notice on the Covered Bond Guarantor (subject to the Bond Trustee receiving notification from the Trust Manager or, if earlier, having actual knowledge or express notice that the Asset Coverage Test remains unsatisfied). The Bond Trustee will be deemed to revoke an Asset Coverage Test Breach Notice if, on the next Determination Date to occur following the service of an Asset Coverage Test Breach Notice, the Asset Coverage Test is satisfied and neither a Notice to Pay nor a Covered Bond Guarantee Acceleration Notice has been served. If the Asset Coverage Test Breach Notice is not deemed to have been revoked on or before the next Determination Date after service of such Asset Coverage Test Breach Notice an Issuer Event of Default will occur and the Bond Trustee will be entitled (and in certain circumstances, may be required) to serve an Issuer Acceleration Notice. Following service of an Issuer Acceleration Notice, the Bond Trustee will be required to serve a Notice to Pay on the Covered Bond Guarantor.

See further the section “*Overview of the Principal Documents – Establishment Deed – Asset Coverage Test*”, above.

#### **Amortisation Test**

The Amortisation Test is intended to ensure that, following service of a Notice to Pay on the Covered Bond Guarantor (but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer), the Assets of the Trust held from time to time by the Covered Bond Guarantor do not fall below a certain threshold to ensure that the Assets of the Trust are sufficient to meet the Covered Bond Guarantor’s obligations under the Covered Bond Guarantee and senior expenses which rank in priority to or *pari passu* with amounts due on the Covered Bonds.

Pursuant to the Establishment Deed, the Trust Manager must ensure that on each Determination Date following service of a Notice to Pay on the Covered Bond Guarantor (but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer), the Amortisation Test Aggregate Mortgage Loan Amount is in an amount at least equal to the Australian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds on such Determination Date. A breach of the Amortisation Test will constitute a Covered Bond Guarantor Event of Default and the Bond Trustee will be entitled (and, in certain circumstances, may be required) to serve a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer declaring the Covered Bonds immediately due and repayable and the Security Trustee will be entitled and, in certain circumstances, may be required, to enforce the Security.

See further the section “*Overview of the Principal Documents – Establishment Deed – Amortisation Test*”, above.

#### **Reserve Fund**

The Covered Bond Guarantor is required to establish a reserve fund within the GIC Account which will be credited with the Available Income Amount or the relevant proceeds of a Term Advance or Demand Loan Advance up to an amount equal to the Reserve Fund Required Amount in accordance with the applicable Priority of Payments.

The Covered Bond Guarantor may be required, on a Distribution Date, to deposit into the GIC Account (with a corresponding credit to the Reserve Ledger) any Available Income Amount or the relevant proceeds of a Term Advance up to an amount equal to the Reserve Fund Required Amount. The Reserve Fund Required Amount on any day will depend on the credit ratings of the Issuer. If the Issuer’s short-term unsecured, unsubordinated and unguaranteed debt obligations are not rated below the Fitch Specified Rating and the Moody’s Specified Rating, the Reserve Fund Required Amount is nil (or such other amount as the Issuer will direct the Covered Bond Guarantor). If the Issuer is rated the Fitch Specified Rating and/or the Moody’s Specified Rating the Reserve Fund Required Amount will depend on which rating trigger is not met. See further the section “*Cashflows – Pre-*

*Acceleration Income Priority of Payments*” in this Offering Circular and the definition of “*Reserve Fund Required Amount*” in the section “*Glossary*” in this Offering Circular.

## CASHFLOWS

As described above under Credit Structure, until a Notice to Pay is served on the Covered Bond Guarantor or a Covered Bond Guarantee Acceleration Notice is served on the Covered Bond Guarantor and the Issuer, the Covered Bonds will be obligations of the Issuer only. The Issuer is liable to make payments when due on the Covered Bonds, whether or not the Issuer has received any corresponding payment from the Covered Bond Guarantor.

This section summarizes the Priorities of Payments of the Covered Bond Guarantor as to the allocation and distribution of amounts standing to the credit of the GIC Account and their order of priority:

- (a) prior to the service of a Notice to Pay or a Covered Bond Guarantee Acceleration Notice;
- (b) following service of a Notice to Pay (but prior to the service of a Covered Bond Guarantee Acceleration Notice); and
- (c) following the service of a Covered Bond Guarantee Acceleration Notice,

all in accordance with the Establishment Deed and Security Deed, as applicable.

### ***Allocation and distribution of Available Income Amount prior to the service of a Notice to Pay or a Covered Bond Guarantee Acceleration Notice***

Prior to the service of a Notice to Pay or a Covered Bond Guarantee Acceleration Notice, the Available Income Amount will be allocated and distributed as described below.

On the Determination Date immediately preceding each Distribution Date, the Trust Manager must calculate:

- (a) the Available Income Amount available for distribution on the following Distribution Date;
- (b) the Reserve Fund Required Amount (if applicable); and
- (c) if the Pre-Maturity Test has been breached in respect of a Series of Hard Bullet Covered Bonds, on each Determination Date falling within the Pre-Maturity Test Period and ending on the Final Maturity Date of the relevant Series of Hard Bullet Covered Bonds, whether or not the amount standing to the credit of the Pre-Maturity Ledger at such date is less than the Australian Dollar Equivalent of the Required Redemption Amount for each Series of Hard Bullet Covered Bonds in respect of which the Pre-Maturity Test has been breached at such date after taking into account any Pre-Maturity Demand Loan Advance, Sale Proceeds received following a sale of Selected Mortgage Loan Rights (see the section “*Overview of the Principal Documents – Establishment Deed – Sale of Selected Mortgage Loan Rights if the Pre-Maturity Test is breached*” in this Offering Circular) and the application of any Available Principal Amount in accordance with paragraph (b) under the Pre-Acceleration Principal Priority of Payments.

### ***Pre-Acceleration Income Priority of Payments***

On each Distribution Date (except for amounts due to third parties by the Covered Bond Guarantor described below under paragraph (c), which will be paid when due and, for the avoidance of doubt, any Swap Collateral Excluded Amounts due to the relevant Swap Providers by the Covered Bond Guarantor under the relevant Swap Agreements, which will be paid directly to the relevant Swap Providers in accordance with the relevant Swap Agreements), the Trust Manager must direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must upon receiving that direction, apply the Available Income Amount from the GIC Account to make the following payments and provisions in the following order of priority (the **Pre-Acceleration Income Priority of Payments**) (in each case only if and to the extent that payments or provisions of a higher priority have been made in full):

- (a) *first*, A\$1 to the Income Unitholder;
- (b) *second*, in or towards satisfaction of any Accrued Interest Adjustment due and payable to the Seller in connection with the transfer of any Mortgage Loan Rights to the Trust during the Collection Period immediately preceding that Distribution Date;

- (c) *third*, in or towards satisfaction, *pari passu* and ratably, of:
- (i) any amounts due and payable by the Covered Bond Guarantor to itself as trustee of the Trust, the Bond Trustee and the Security Trustee;
  - (ii) any remuneration due and payable to each Agent under the provisions of the relevant Agency Agreement;
  - (iii) any amounts due and payable to other third parties and incurred without breach by the Covered Bond Guarantor of the Programme Documents to which it is a party (and for which payment has not been provided for elsewhere in the relevant Priority of Payments); and
  - (iv) any liability of the Covered Bond Guarantor for Taxes,
- and to provide for any such amounts expected to become due and payable by the Covered Bond Guarantor in the Trust Payment Period in which such Distribution Date occurs;
- (d) *fourth*, in or towards satisfaction, *pari passu* and ratably, of:
- (i) any remuneration then due and payable to the Servicer and Liabilities then due or to become due and payable to the Servicer under the Servicing Deed in the Trust Payment Period in which such Distribution Date occurs, together with applicable GST (or other similar Taxes) in respect of such amounts;
  - (ii) any remuneration then due and payable to the Trust Manager and any Liabilities then due or to become due and payable to the Trust Manager under the Management Agreement in the Trust Payment Period in which such Distribution Date occurs, together with applicable GST (or other similar Taxes) in respect of such amounts;
  - (iii) amounts (if any) due and payable to the Account Bank (including costs) pursuant to the terms of the Account Bank Agreement, together with any applicable GST (or other similar Taxes) in respect of such amounts; and
  - (iv) amounts due and payable to the Cover Pool Monitor pursuant to the terms of the Cover Pool Monitor Agreement (other than the amounts referred to in paragraph (k) below), together with any applicable GST (or other similar Taxes) in respect of such amounts;
- (e) *fifth*, if the Issuer is not the Interest Rate Swap Provider, in or towards payment on the Distribution Date of any amount due and payable, or to provide for payment on such date in the future of such proportion of the relevant payment falling due in the future as the Trust Manager may reasonably determine of any amount to become due and payable, to the Interest Rate Swap Provider in respect of the Interest Rate Swap (including any termination payment due and payable by the Covered Bond Guarantor under the Interest Rate Swap but excluding any relevant Excluded Swap Termination Amount) (except to the extent that such amounts have been paid out of any premium received from any replacement Interest Rate Swap Provider) pursuant to the Interest Rate Swap Agreement;
- (f) *sixth*, in or towards payment on the Distribution Date or to provide for payment on a date prior to the next occurring Distribution Date of the proportion of the relevant payments falling due on that date as the Trust Manager may reasonably determine, *pari passu* and ratably, of:
- (i) if the Issuer is the Interest Rate Swap Provider, any amount to become due and payable to the Interest Rate Swap Provider in respect of the Interest Rate Swap (including any termination payment due and payable by the Covered Bond Guarantor under the Interest Rate Swap but excluding any relevant Excluded Swap Termination Amount) (except to the extent that such amounts have been paid out of any premium received from any replacement Interest Rate Swap Provider) pursuant to the Interest Rate Swap Agreement;
  - (ii) any amounts due or to become due and payable to the relevant Covered Bond Swap Provider (other than in respect of principal) *pari passu* and ratably in respect of each relevant Covered Bond Swap (including any termination payment due and payable by the Covered Bond

Guarantor under the relevant Covered Bond Swap Agreement, but excluding any relevant Excluded Swap Termination Amount) (except to the extent that such amounts have been paid out of any premiums received from any relevant replacement Covered Bond Swap Provider) in accordance with the relevant Covered Bond Swap Agreement; and

- (iii) any amounts due or to become due and payable (excluding principal amounts) to the Intercompany Loan Provider, *pari passu* and ratably in respect of each Term Advance pursuant to the terms of the Intercompany Loan Agreement, but in the case of any such payment or provision, after taking into account if applicable, any amounts (other than principal) receivable from the relevant Covered Bond Swap Provider under the relevant Covered Bond Swap Agreement on the Distribution Date or such future date as the Trust Manager may reasonably determine;
- (g) *seventh*, if the Pre-Maturity Test has been breached by the Issuer in respect of any Series of Hard Bullet Covered Bonds, towards a credit to the Pre-Maturity Ledger and deposit into the GIC Account by the Covered Bond Guarantor (acting on the directions of the Trust Manager) of an amount up to, but not exceeding the amount by which  $x$  exceeds  $y$ , where:
  - $x$  is the Australian Dollar Equivalent of the Required Redemption Amount calculated on the immediately preceding Determination Date for the relevant Series of Hard Bullet Covered Bonds; and
  - $y$  is the aggregate of:
    - (A) any amounts standing to the credit of the Pre-Maturity Ledger as at the immediately preceding Determination Date after having deducted the Australian Dollar Equivalent of the Required Redemption Amount of all other Series of Hard Bullet Covered Bonds, as calculated on that Determination Date, which mature prior to or on the same date as the relevant Series of Hard Bullet Covered Bonds in respect of which the Pre-Maturity Test has been breached; and
    - (B) any amount to be credited to the Pre-Maturity Ledger on that Distribution Date in accordance with paragraph (b) under the Pre-Acceleration Principal Priority of Payments;
- (h) *eighth*, as a deposit into the GIC Account (with a corresponding credit to the Reserve Ledger) of an amount up to but not exceeding the amount by which the Reserve Fund Required Amount exceeds the existing balance on the Reserve Ledger as calculated on the immediately preceding Determination Date;
- (i) *ninth*, if a Servicer Default has occurred and is continuing, the remaining Available Income Amount is to be deposited into the GIC Account (with a corresponding credit to the Income Ledger) until such Servicer Default is either remedied by the Servicer or waived by the Security Trustee (acting on the directions of the Bond Trustee or, if no Covered Bonds are outstanding, the Majority Secured Creditors) or a replacement servicer is appointed to service the Mortgage Loan Rights then forming part of the Assets of the Trust (or the relevant part thereof);
- (j) *tenth*, in or towards payment, *pari passu* and ratably of any Excluded Swap Termination Amounts due and payable by the Covered Bond Guarantor under the Swap Agreements, except to the extent such amounts have been paid out of any premiums received from any relevant replacement Swap Providers;
- (k) *eleventh*, in or towards payment of any indemnity amount due to the Cover Pool Monitor pursuant to the Cover Pool Monitor Agreement;
- (l) *twelfth*, any interest amount due, or to become due and payable in respect of the Demand Loan, to the Demand Loan Provider pursuant to the terms of the Demand Loan Agreement; and
- (m) *thirteenth*, the balance in payment to the Income Unitholder in whole or partial satisfaction of any entitlement to the Net Trust Income of the Trust.

***Allocation and distribution of Available Income Amount following service of an Asset Coverage Test Breach Notice***

At any time after service on the Covered Bond Guarantor of an Asset Coverage Test Breach Notice (which has not been deemed to have been revoked), but prior to the occurrence of:

- (a) an Issuer Event of Default and service of an Issuer Acceleration Notice; or
- (b) the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer,

the Available Income Amount will continue to be applied in accordance with the Pre-Acceleration Income Priority of Payments except that, whilst any Covered Bonds remain outstanding, no moneys will be applied under paragraph (f)(iii), (l) or (m) of the Pre-Acceleration Income Priority of Payments, and the remaining Available Income Amount (if any) will be deposited into the GIC Account (with a corresponding credit to the Income Ledger) and will form part of the Available Income Amount to be applied on the next succeeding Distribution Date.

***Allocation and Distribution of Available Principal Amount prior to the service of a Notice to Pay or a Covered Bond Guarantee Acceleration Notice***

Prior to the service of a Notice to Pay or a Covered Bond Guarantee Acceleration Notice, the Available Principal Amount standing to the credit of the GIC Account will be allocated and distributed as described below.

On each Determination Date, the Trust Manager must calculate the Available Principal Amount available for distribution on the immediately following Distribution Date.

***Pre-Acceleration Principal Priority of Payments***

On each Distribution Date, the Trust Manager must direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must upon receiving that direction, apply the Available Principal Amount from the GIC Account (for the avoidance of doubt, excluding any Swap Collateral Excluded Amounts due to the relevant Swap Providers by the Covered Bond Guarantor under the relevant Swap Agreements, which will be paid directly to the relevant Swap Providers in accordance with the relevant Swap Agreements), any In Specie Mortgage Loan Rights (but only in the case of paragraphs (e) and (h) below) and any amount standing to the credit of the OC Account (but only in the case of paragraph (e) below) in making the following payments or provisions or credits in the following order of priority (the **Pre-Acceleration Principal Priority of Payments**) (in each case only if and to the extent that payments or provisions of a higher priority have been paid in full to the extent the same are payable on the relevant Distribution Date):

- (a) *first*, to reimburse the Seller for funding any Trust Further Advances made by the Seller to the extent not reimbursed in accordance with the Servicing Deed or on any previous Distribution Date;
- (b) *second*, if the Pre-Maturity Test has been breached by the Issuer in respect of any Series of Hard Bullet Covered Bonds, towards a credit to the Pre-Maturity Ledger and deposit into the GIC Account by the Covered Bond Guarantor (acting on the directions of the Trust Manager) of an amount up to but not exceeding the amount by which  $x$  exceeds  $y$ , where:
  - $x$  is the Australian Dollar Equivalent of the Required Redemption Amount calculated on the immediately preceding Determination Date for the relevant Series of Hard Bullet Covered Bonds; and
  - $y$  is any amounts standing to the credit of the Pre-Maturity Ledger as at the immediately preceding Determination Date after having deducted the Australian Dollar Equivalent of the Required Redemption Amount of all other Series of Hard Bullet Covered Bonds, as calculated on that Determination Date, which mature prior to or on the same date as the relevant Series of Hard Bullet Covered Bonds in respect of which the Pre-Maturity Test has been breached;
- (c) *third*, to acquire Mortgage Loan Rights from the Seller in accordance with the terms of the Mortgage Sale Agreement and/or to acquire Substitution Assets up to a prescribed limit in an amount sufficient to

ensure that taking into account the other resources available to the Covered Bond Guarantor, the Asset Coverage Test is satisfied;

- (d) *fourth*, to deposit the remaining Available Principal Amount into the GIC Account (with a corresponding credit to the Principal Ledger) in an amount sufficient to ensure that, after taking into account the other resources available to the Covered Bond Guarantor, the Asset Coverage Test is satisfied;
- (e) *fifth*, if the Demand Loan Provider has requested repayment of all or part of the principal outstanding on the Demand Loan in accordance the Demand Loan Agreement, in or towards repayment of the amount of that request (in whole or in part), subject to the Asset Coverage Test being satisfied on the date of such repayment after giving effect to the such repayment;
- (f) *sixth*, in or towards repayment on the Distribution Date (or to provide for repayment on a future Distribution Date of the proportion of the relevant payment falling due in the future as the Trust Manager may reasonably determine) of each relevant Term Advance by making the following payments:
  - (i) the amounts (in respect of principal) due or to become due and payable to each relevant Covered Bond Swap Provider *pari passu* and ratably in respect of each relevant Covered Bond Swap (including any termination payment due and payable by the Covered Bond Guarantor under the relevant Covered Bond Swap Agreement to the extent not paid out of the Pre-Acceleration Income Priority of Payments, but excluding any relevant Excluded Swap Termination Amount) (except to the extent that such amounts have been paid out of any premium received from any relevant replacement Covered Bond Swap Provider) in accordance with the terms of the relevant Covered Bond Swap Agreement; and
  - (ii) where appropriate, after taking into account any amounts in respect of principal receivable from a relevant Covered Bond Swap Provider on the Distribution Date or such future Distribution Date as the Trust Manager may reasonably determine, the amounts (in respect of principal) due and payable or to become due and payable to the Intercompany Loan Provider *pari passu* and ratably in respect of each relevant Term Advance;
- (g) *seventh*, to pay the Consideration for Mortgage Loan Rights assigned by the Seller to the Covered Bond Guarantor in accordance with the Mortgage Sale Agreement;
- (h) *eighth*, to repay such amount of the principal outstanding on the Demand Loan that is due and payable to the Demand Loan Provider pursuant to the terms of the Demand Loan Agreement, to the extent that such payment has not already been made in accordance with paragraph (e) above (including as a result of an In Specie Failure) and subject to the Asset Coverage Test being satisfied on the date of such repayment after taking into account such repayment);
- (i) *ninth*, to be paid to the Income Unitholder in whole or partial satisfaction of any entitlement to Net Trust Income of the Trust remaining unpaid; and
- (j) *tenth*, the remainder to be paid to the Capital Unitholder.

No part of the Available Principal Amount will be applied under paragraph (e) above by the Covered Bond Guarantor. The Trust Manager must ensure that paragraph (e) above is satisfied by applying any amount standing to the credit of the OC Account and, if applicable, by an in specie distribution to the Demand Loan Provider of the In Specie Mortgage Loan Rights pursuant to the section “*Overview of the Principal Documents – Demand Loan Agreement*” in this Offering Circular. The amount described in paragraph (h) above may also be satisfied, in the Trust Manager’s discretion, by an in specie distribution to the Demand Loan Provider of the In Specie Mortgage Loan Rights rather than by application of any Available Principal Amount.

***Allocation and distribution of Available Principal Amount following service of an Asset Coverage Test Breach Notice***

At any time after the service on the Covered Bond Guarantor of an Asset Coverage Test Breach Notice (which has not been deemed to have been revoked), but prior to the occurrence of:

- (a) an Issuer Event of Default and service of an Issuer Acceleration Notice; or

- (b) the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice,

the Available Principal Amount will continue to be applied in accordance with the Pre-Acceleration Principal Priority of Payments save that, whilst any Covered Bonds remain outstanding, no moneys will be applied under paragraph (c), (e), (f)(ii), (g), (h), (i) or (j) of the Pre-Acceleration Principal Priority of Payments, and the remaining Available Principal Amount (if any) will be deposited into the GIC Account (with a corresponding credit to the Principal Ledger) and will form part of the Available Principal Amount to be applied on the following Distribution Date.

***Allocation and distribution of Available Income Amount and Available Principal Amount following service of a Notice to Pay***

At any time after the service of a Notice to Pay on the Covered Bond Guarantor, but prior to the service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, the Available Income Amount and Available Principal Amount will be applied as described below.

The Trust Manager, will create and maintain the Pre-Maturity Ledger for each Series of Hard Bullet Covered Bonds and record amounts allocated to such Series of Hard Bullet Covered Bonds, and such amounts, once allocated, will only be available to pay amounts due under the Covered Bond Guarantee and amounts due under the relevant Covered Bond Swap in respect of the relevant Series of Hard Bullet Covered Bonds on the scheduled repayment dates thereof.

If a Notice to Pay has been served on the Covered Bond Guarantor, on the Final Maturity Date of a Series of Hard Bullet Covered Bonds, the Trust Manager must direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must upon receiving that direction, apply all moneys (if any) standing to the credit of the Pre-Maturity Ledger to repay the relevant Series (after having been exchanged into the applicable currency if required under the related Covered Bond Swap).

***Guarantee Priority of Payments***

On each Distribution Date (except for amounts due to third parties described under paragraph (e)(ii) below which in each case will be paid when due and, for the avoidance of doubt, excluding any Swap Collateral Excluded Amounts due to the relevant Swap Providers by the Covered Bond Guarantor under the relevant Swap Agreements, which shall be paid directly to the relevant Swap Providers in accordance with the relevant Swap Agreements) the Trust Manager must direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must upon receiving that direction, apply the Available Income Amount, the Available Principal Amount, any In Specie Mortgage Loan Rights (but only in the case of paragraph (g) or (p) below) and the amount standing to the credit of the OC Account (but only in the case of paragraph (g) below) to make the following payments and provisions in the following order of priority (**Guarantee Priority of Payments**) (in each case only if and to the extent that payments or provisions of a higher priority have been made in full):

- (a) *first*, A\$1 to the Income Unitholder;
- (b) *second*, in or towards satisfaction of any Accrued Interest Adjustment due and payable to the Seller in connection with the transfer of any Mortgage Loan Rights to the Trust during the Collection Period immediately preceding that Distribution Date;
- (c) *third*, to reimburse the Seller for funding any Trust Further Advances made by the Seller to the extent not reimbursed in accordance with the Servicing Deed or on any previous Distribution Date;
- (d) *fourth*, in or towards satisfaction *pari passu* and ratably of:
- (i) all amounts due and payable or to become due and payable to the Bond Trustee (excluding all amounts otherwise payable to the Covered Bondholders and Couponholders under the Guarantee Priority of Payments) in the Trust Payment Period in which such Distribution Date occurs under the provisions of the Bond Trust Deed together with interest and any applicable GST (or other similar Taxes) in respect of such amounts;

- (ii) all amounts due and payable or to become due and payable to the Security Trustee (excluding all amounts otherwise payable to the Covered Bondholders and Couponholders under the Guarantee Priority of Payments) in the Trust Payment Period in which such Distribution Date occurs under the provisions of the Security Deed together with interest and any applicable GST (or other similar Taxes) in respect of such amounts; and
  - (iii) all amounts due and payable or to become due and payable to the Covered Bond Guarantor as trustee of the Trust in the Trust Payment Period in which such Distribution Date occurs under the Establishment Deed together with interest and any applicable GST (or other similar Taxes) in respect of such amounts;
- (e) *fifth*, in or towards satisfaction *pari passu* and ratably of:
- (i) any remuneration then due and payable to the Agents under the provisions of the Agency Agreements together with applicable GST (or other similar Taxes) in respect of such amounts;
  - (ii) any amounts then due and payable by the Covered Bond Guarantor to third parties and incurred without breach by the Covered Bond Guarantor of the Programme Documents to which it is a party (and for which payment has not been provided for elsewhere in this Guarantee Priority of Payments) and to provide for any such amounts expected to become due and payable by the Covered Bond Guarantor in the Trust Payment Period in which such Distribution Date occurs; and
  - (iii) any liability of the Covered Bond Guarantor for Taxes;
- (f) *sixth*, in or towards satisfaction *pari passu* and ratably of:
- (i) any remuneration then due and payable to the Servicer and any Liabilities then due or to become due and payable to the Servicer in the Trust Payment Period in which such Distribution Date occurs under the Servicing Deed together with any applicable GST (or other similar Taxes) in respect of such amounts;
  - (ii) any remuneration then due and payable to the Trust Manager and any Liabilities then due or to become due and payable to the Trust Manager in the Trust Payment Period in which such Distribution Date occurs under the Management Agreement, together with any applicable GST (or other similar Taxes) in respect of such amounts;
  - (iii) amounts (if any) due and payable to the Account Bank (including costs) pursuant to the terms of the Account Bank Agreement, together with any applicable GST (or other similar Taxes) in respect of such amounts; and
  - (iv) amounts due and payable to the Cover Pool Monitor (other than the amounts referred to in paragraph (o) below) pursuant to the terms of the Cover Pool Monitor Agreement, together with any applicable GST (or other similar Taxes) in respect of such amounts;
- (g) *seventh*, if the Demand Loan Provider has requested repayment of all or part of the Demand Loan in accordance with the Demand Loan Agreement, in and towards repayment of that amount of that request (in whole or in part), subject to the Asset Coverage Test being satisfied on the date of such repayment after giving effect to such repayment;
- (h) *eighth*, if the Issuer is not the Interest Rate Swap Provider, in or towards payment on the Distribution Date of any amount due and payable, or to provide for payment on such date in the future of such proportion of the relevant payment falling due in the future as the Trust Manager may reasonably determine of any amount to become due and payable, to the Interest Rate Swap Provider in respect of the Interest Rate Swap Agreement (including any termination payment due and payable by the Covered Bond Guarantor under the Interest Rate Swap Agreement but excluding any relevant Excluded Swap Termination Amount) (except to the extent that such amount has been paid out of any premiums received from any replacement Interest Rate Swap Provider) in accordance with the Interest Rate Swap Agreement;

- (i) *ninth*, in or towards payment on the Distribution Date or to provide for payment on a future *Distribution Date* of such proportion of the relevant payments falling due in the future as the Trust Manager may reasonably determine, *pari passu* and ratably of:
- (i) if the Issuer is the Interest Rate Swap Provider, any amount due and payable, or to provide for payment on such date in the future of such proportion of the relevant payment falling due in the future as the Trust Manager may reasonably determine of any amount to become due and payable, to the Interest Rate Swap Provider in respect of the Interest Rate Swap Agreement (including any termination payment due and payable by the Covered Bond Guarantor under the Interest Rate Swap Agreement but excluding any relevant Excluded Swap Termination Amount) (except to the extent that such amounts have been paid out of any premiums received from any replacement Interest Rate Swap Provider) in accordance with the Interest Rate Swap Agreement;
  - (ii) any amounts due or to become due and payable to each relevant Covered Bond Swap Provider (other than in respect of principal) *pari passu* and ratably in respect of each relevant Covered Bond Swap (including any termination payment due and payable by the Covered Bond Guarantor under the relevant Covered Bond Swap Agreement, but excluding any relevant Excluded Swap Termination Amount) (except to the extent that such amounts have been paid out of any premiums received from any relevant replacement Covered Bond Swap Provider) in accordance with the relevant Covered Bond Swap Agreement; and
  - (iii) Scheduled Interest that is Due for Payment (or that will become Due for Payment in the Trust Payment Period in which such Distribution Date occurs) under the Covered Bond Guarantee in respect of each Series of Covered Bonds to the Bond Trustee or (if so directed by the Bond Trustee) the U.S. Paying Agent (other than in respect of the A\$ Registered Covered Bonds) or the A\$ Registrar (in the case of A\$ Registered Covered Bonds) on behalf of the Covered Bondholders and Couponholders *pari passu* and ratably in respect of each Series of Covered Bonds,

but, in the case of any such payment or provision (other than a payment or provision under paragraph (i)(i) above), after taking into account, if applicable, any amounts (other than principal) receivable from each relevant Covered Bond Swap Provider under each relevant Covered Bond Swap Agreement on the Distribution Date or a future Distribution Date as the Trust Manager may reasonably determine, provided that if the amount available for distribution under this paragraph (i) (excluding any amounts received or to be received from each relevant Covered Bond Swap Provider) to the relevant Covered Bondholders would be insufficient to pay the Australian Dollar Equivalent of the Scheduled Interest that is or will be Due for Payment in respect of each Series of Covered Bonds under sub-paragraph (iii) above, the shortfall will be divided amongst all such Series of Covered Bonds on a *pari passu* and ratable basis and the amount payable by the Covered Bond Guarantor to the relevant Covered Bond Swap Provider under the relevant Covered Bond Swap Agreement in respect of each relevant Series of Covered Bonds or provision to be made under the relevant Covered Bond Swap Agreement in respect of each relevant Series of Covered Bonds under sub-paragraph (ii) above will be correspondingly reduced to take into account the shortfall applicable to the Covered Bonds in respect of which such payment is to be made;

- (j) *tenth*, in or towards payment on the Distribution Date or to provide for payment in the immediately following Trust Payment Period, *pari passu* and ratably of:
- (i) any amounts (in respect of principal) due or to become due and payable to each relevant Covered Bond Swap Provider *pari passu* and ratably in respect of each relevant Covered Bond Swap (including any termination payment due and payable by the Covered Bond Guarantor under the relevant Covered Bond Swap Agreement to the extent not already paid under paragraph (i)(ii) above, but excluding any relevant Excluded Swap Termination Amount) (except to the extent that such amounts have been paid out of any premiums received from any relevant replacement Covered Bond Swap Provider) in accordance with the relevant Covered Bond Swap Agreement; and
  - (ii) (where appropriate, after taking into account any amounts in respect of principal receivable from the relevant Covered Bond Swap Provider and available to make payments in respect thereof)

Scheduled Principal that is Due for Payment (or that will become Due for Payment in the immediately following Trust Payment Period) under the Covered Bond Guarantee in respect of each Series of Covered Bonds to the Bond Trustee or (if so directed by the Bond Trustee) the U.S. Paying Agent on behalf of the Covered Bondholders *pari passu* and ratably in respect of each Series of Covered Bonds,

provided that if the amount available for distribution under this paragraph (j) (excluding any amounts received or to be received from the relevant Covered Bond Swap Providers) would be insufficient to pay the Australian Dollar Equivalent of the Scheduled Principal that is or will be Due for Payment in respect of each Series of Covered Bonds under sub-paragraph (ii) above, the shortfall will be divided amongst all such Series of Covered Bonds on a *pari passu* and ratable basis and the amount payable by the Covered Bond Guarantor to the relevant Covered Bond Swap Provider under the relevant Covered Bond Swap Agreement in respect of each relevant Series of Covered Bonds or provision to be made in respect thereof under sub-paragraph (i) above will be correspondingly reduced to take into account the shortfall applicable to the Covered Bonds in respect of which such payment is to be made;

- (k) *eleventh*, in or towards payment on the Distribution Date (if such date is an Interest Payment Date) or to provide for payment on any Interest Payment Date prior to the immediately following Distribution Date of the Final Redemption Amount (or portion remaining unpaid) of any Series of Covered Bonds to which an Extended Due for Payment Date applies and whose Final Redemption Amount was not paid in full by the Extension Determination Date, *pari passu* and ratably of:
- (i) any amounts due or to become due and payable to the relevant Covered Bond Swap Provider (whether or not in respect of principal) *pari passu* and ratably in respect of each relevant Covered Bond Swap (including any termination payment due and payable by the Covered Bond Guarantor under the relevant Covered Bond Swap Agreement to the extent not already paid under paragraph (i)(ii) or (j)(i) above, but excluding any relevant Excluded Swap Termination Amount) (except to the extent that such amounts have been paid out of any premiums received from any relevant replacement Covered Bond Swap Provider) in accordance with the relevant Covered Bond Swap Agreement; and
  - (ii) such Final Redemption Amount *pari passu* and ratably under the Covered Bond Guarantee in respect of each relevant Series of Covered Bonds to the Bond Trustee or (if so directed by the Bond Trustee) the U.S. Paying Agent on behalf of the Covered Bondholders,

but, in the case of any such payment or provision, after taking into account, if applicable, any amounts (whether or not in respect of principal) receivable from each relevant Covered Bond Swap Provider under each relevant Covered Bond Swap Agreement, provided that if the amount available for distribution under this paragraph (k) (excluding any amounts received or to be received from the relevant Covered Bond Swap Provider) would be insufficient to pay the Australian Dollar Equivalent of such Final Redemption Amount in respect of the relevant Series of Covered Bonds under sub-paragraph (ii) above, the shortfall will be divided amongst all such Series of Covered Bonds on a *pari passu* and ratable basis and any amount payable by the Covered Bond Guarantor to the relevant Covered Bond Swap Provider under the relevant Covered Bond Swap Agreement in respect of each Series of Covered Bonds under sub-paragraph (i) above will be correspondingly reduced to take into account the shortfall applicable to the Covered Bonds in respect of which such payment is to be made;

- (l) *twelfth*, to deposit the remaining moneys in the GIC Account for application on the immediately following Distribution Date in accordance with the priority of payments described in paragraphs (a) to (k) (inclusive) above, until the Covered Bonds have been fully repaid or provided for (such that the Required Redemption Amount has been accumulated in respect of each outstanding Series of Covered Bonds);
- (m) *thirteenth*, in or towards payment *pari passu* and ratably of any Excluded Swap Termination Amounts due and payable by the Covered Bond Guarantor under the Swap Agreements, except to the extent that such amounts have been paid out of any premiums received from any relevant replacement Swap Providers;
- (n) *fourteenth*, in or towards payment of all amounts due and payable (whether in respect of principal or interest) under the Intercompany Loan Agreement;

- (o) *fifteenth*, in or towards payment of certain costs, expenses and indemnity amounts due by the Covered Bond Guarantor to the Cover Pool Monitor pursuant to the Cover Pool Monitor Agreement;
- (p) *sixteenth*, in or towards payment of any amounts due and payable under the Demand Loan pursuant to the terms of the Demand Loan Agreement to the extent that such payment has not already been made in accordance with paragraph (g) above (including as a result of an In Specie Failure);
- (q) *seventeenth*, to be paid to the Income Unitholder in whole or partial satisfaction of any entitlement to the Net Trust Income of the Trust remaining unpaid; and
- (r) *eighteenth*, the remainder to be paid to the Capital Unitholder.

No part of the Available Principal Amount or the Available Income Amount will be applied under paragraph (g) above by the Covered Bond Guarantor. The Trust Manager must ensure that paragraph (g) above is satisfied by applying any amount standing to the credit of the OC Account and, if applicable, by an in specie distribution to the Demand Loan Provider of the In Specie Mortgage Loan Rights pursuant to the section “*Overview of the Principal Documents – Demand Loan Agreement*” in this Offering Circular. The amount described in paragraph (p) above may also be satisfied, in the Trust Manager’s discretion, by an in specie distribution to the Demand Loan Provider of the In Specie Mortgage Loan Rights rather than by application of any Available Principal Amount or Available Income Amount.

***Amounts received on or after the Distribution Date***

*Amounts received under the Covered Bond Swap Agreements*

- (a) Subject to paragraph (c) below, any amounts (other than in respect of principal and any Swap Collateral Excluded Amounts) received by or on behalf of the Covered Bond Guarantor under a Covered Bond Swap Agreement on or after a Distribution Date but prior to the immediately succeeding Distribution Date will be applied by the Covered Bond Guarantor (acting on the directions of the Trust Manager) together with any provision for such payments made on any preceding Distribution Date, to make payments (other than in respect of principal) due and payable *pari passu* and ratably in respect of each relevant Term Advance or otherwise to make provision for such payments on such date in the future of such proportion of the relevant payment falling due in the future as the Trust Manager may reasonably determine.
- (b) Subject to paragraph (c) below, any amounts (other than Swap Collateral Excluded Amounts) in respect of principal received by or on behalf of the Covered Bond Guarantor under a Covered Bond Swap Agreement on or after a Distribution Date but prior to the immediately succeeding Distribution Date will be applied, by the Covered Bond Guarantor (acting on the directions of the Trust Manager) together with any provision for such payments made on any preceding Distribution Date (provided that all principal amounts outstanding under the related Series of Covered Bonds which have fallen due for repayment on such date have been repaid in full by the Issuer), to make payments in respect of principal due and payable in respect of the corresponding Term Advances or otherwise to make provision for such payments on such date in the future of such proportion of the relevant payment falling due in the future as the Trust Manager may reasonably determine.
- (c) At any time after the service of a Notice to Pay on the Covered Bond Guarantor, but prior to service of a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, any amounts (other than Swap Collateral Excluded Amounts) received by or on behalf of the Covered Bond Guarantor under a Covered Bond Swap Agreement (whether or not in respect of principal) on or after a Distribution Date but prior to the immediately succeeding Distribution Date will be applied, by the Covered Bond Guarantor (acting on the directions of the Trust Manager) together with any provision for such payments made on any preceding Distribution Date, to make payments of Scheduled Interest or Scheduled Principal under the Covered Bond Guarantee *pari passu* and ratably in respect of each relevant Series of Covered Bonds.
- (d) Any amounts (other than in respect of principal and any Swap Collateral Excluded Amounts) received by or on behalf of the Covered Bond Guarantor under a Covered Bond Swap Agreement on or after a Distribution Date but prior to the immediately succeeding Distribution Date that are not applied towards a payment or provision in accordance with paragraph (f) of the Pre-Acceleration Income Priority of

Payments, paragraph (i) of the Guarantee Priority of Payments or paragraph (a) or (c) above will be deposited by the Covered Bond Guarantor (acting on the directions of the Trust Manager) into the GIC Account and will form part of the Available Income Amount to be applied on that Distribution Date (if received on that day) or on the immediately succeeding Distribution Date (if received after that Distribution Date).

- (e) Any amounts (other than Swap Collateral Excluded Amounts) of principal received under a Covered Bond Swap Agreement on a Distribution Date or any date prior to the immediately succeeding Distribution Date which are not applied towards a payment or provision in accordance with paragraph (f) of the Pre-Acceleration Principal Priority of Payments, paragraph (j) of the Guarantee Priority of Payments or paragraph (b) or (c) above, will be deposited by the Covered Bond Guarantor (acting on the directions of the Trust Manager) into the GIC Account and will form part of the Available Principal Amount to be applied on that Distribution Date (if received on that day) or on the immediately succeeding Distribution Date (if received after that Distribution Date).

*Amounts received in respect of extinguishment of the Seller's interest in Mortgage Loan Rights*

Any amounts of principal received from the Seller in respect of an extinguishment of the Seller's interest in, or transfer by the Seller of, Mortgage Loan Rights to enable the Covered Bond Guarantor (acting on the directions of the Trust Manager) to apply such amounts to repay any relevant Term Advance on the date on which the Covered Bonds corresponding to such Term Advance mature will not be applied in accordance with the Pre-Acceleration Principal Priority of Payments and will (after being swapped, if necessary, under the relevant Covered Bond Swap) be applied or be deemed to be applied by the Covered Bond Guarantor (acting on the directions of the Trust Manager) in repayment of the relevant Term Advances on the date on which the Covered Bonds corresponding to such Term Advances mature, subject to the Asset Coverage Test being satisfied on the date of such repayment after giving effect to such repayment and after taking into account amounts that will be paid or provided for on the immediately following Distribution Date.

*Termination payments in respect of Swaps and premiums received in respect of replacement Swaps*

If the Covered Bond Guarantor receives any termination payment from a Swap Provider in respect of a Swap, the Trust Manager will direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must, use such termination payment (prior to the occurrence of a Covered Bond Guarantor Event of Default and service of a Covered Bond Guarantee Acceleration Notice) towards the payment to a replacement Swap Provider to enter into a replacement Swap with the Covered Bond Guarantor (and, for the avoidance of doubt, the amount of such termination payment received from the Swap Provider will not form part of the Available Income Amount or Available Principal Amount to the extent it is used to make such payment to such replacement Swap Provider), unless a replacement Swap has already been entered into on behalf of the Covered Bond Guarantor or if no replacement Swap is entered into in which case the termination payment will be applied in accordance with the applicable Priority of Payments. In the case that the full amount of the termination payment is not required to pay the replacement Swap Provider, the remaining part of the termination payment will be applied in accordance with the applicable Priority of Payments.

If the Covered Bond Guarantor receives any premium from a replacement Swap Provider in respect of a replacement Swap, the Trust Manager will direct the Covered Bond Guarantor to, and the Covered Bond Guarantor must, use such premium towards making any termination payment due and payable by the Covered Bond Guarantor with respect to the previous Swap (and, for the avoidance of doubt, the amount of such premium used to pay the applicable termination payment will not form part of the Available Income Amount or Available Principal Amount to the extent it is used to make such payment to such previous Swap Provider), unless such termination payment has already been made by or on behalf of the Covered Bond Guarantor in which case the premium will be applied in accordance with the applicable Priority of Payments. In the case that the full amount of the premium payment is not required to pay the previous Swap Provider, the remaining part of the premium payment will be applied in accordance with the applicable Priority of Payments.

*Application of moneys received by the Security Trustee following the service of a Covered Bond Guarantee Acceleration Notice*

From and including the time when the Bond Trustee serves a Covered Bond Guarantee Acceleration Notice on the Covered Bond Guarantor and the Issuer, no amount may be withdrawn from the Trust Accounts without the prior written consent of the Security Trustee.

### ***Post-Enforcement Priority of Payments***

All monies received or recovered by the Security Trustee or any Receiver (excluding all amounts due or to become due in respect of any Third Party Amounts and, for the avoidance of doubt, excluding any Swap Collateral Excluded Amounts due to the relevant Swap Providers by the Covered Bond Guarantor, under the relevant Swap Agreements, which will be paid directly to the relevant Swap Provider in accordance with the relevant Swap Agreement), any In Specie Mortgage Loan Rights (but only in the case of paragraphs (f) and (k) below) and any amount standing to the credit of the OC Account (but only in the case of paragraph (f) below), after service of a Covered Bond Guarantee Acceleration Notice, for the benefit of the Secured Creditors in respect of the Secured Obligations, must be held by it in the Trust Accounts on trust to be applied (unless required otherwise by law), in the following order of priority (and, in each case, only if and to the extent that payments or provisions of a higher order of priority have been made in full) (the **Post-Enforcement Priority of Payments**):

- (a) *first*, in or towards satisfaction of any Accrued Interest Adjustment outstanding to the Seller in connection with the transfer of any Mortgage Loan Rights to the Trust;
- (b) *second*, in or towards payment to the Seller of any unreimbursed Trust Further Advances made by the Seller;
- (c) *third*, in or towards satisfaction *pari passu* and ratably of:
  - (i) all amounts due and payable or to become due and payable to the Bond Trustee under the provisions of the Bond Trust Deed (but not including amounts otherwise payable to Covered Bondholders under this Post-Enforcement Priority of Payments) together with interest and any applicable GST (or similar Taxes) in respect of such amounts;
  - (ii) all amounts due and payable or to become due and payable to the Security Trustee and any Receiver (but not including amounts otherwise payable to Covered Bondholders under this Post-Enforcement Priority of Payments) together with interest and any applicable GST (or similar Taxes) in respect of such amounts; and
  - (iii) all amounts due and payable or to become due and payable to the Covered Bond Guarantor under the provisions of the Establishment Deed together with interest and any applicable GST (or similar Taxes) in respect of such amounts;
- (d) *fourth*, in or towards satisfaction *pari passu* and ratably of any remuneration then due and payable to the Agents under or pursuant to each Agency Agreement together with any applicable GST (or similar Taxes) in respect of such amounts as provided in the relevant Agency Agreement;
- (e) *fifth*, in or towards satisfaction *pari passu* and ratably of:
  - (i) any remuneration then due and payable to the Servicer and any Liabilities then due or to become due and payable to the Servicer under the provisions of the Servicing Deed, together with any applicable GST (or other similar Taxes) in respect of such amounts;
  - (ii) amounts due to the Account Bank (including any Liabilities) pursuant to the terms of the Account Bank Agreement, together with any applicable GST (or other similar Taxes) in respect of such amounts; and
  - (iii) any remuneration then due and payable to the Trust Manager and any Liabilities then due or to become due and payable to the Trust Manager under the Management Agreement, together with any applicable GST (or other similar Taxes) in respect of such amounts;
- (f) *sixth*, in or towards payment of any amounts due and payable under the Demand Loan pursuant to the terms of the Demand Loan Agreement (in whole or in part) subject to the Asset Coverage Test being satisfied on the date of such repayment after giving effect to such repayment;
- (g) *seventh*, in or towards satisfaction of any amounts due and payable to the Interest Rate Swap Provider, if the Issuer is not the Interest Rate Swap Provider, (including any termination payment, but excluding

any relevant Excluded Swap Termination Amount) pursuant to the terms of the Interest Rate Swap Agreement;

- (h) *eighth*, in or towards satisfaction *pari passu* and ratably of:
- (i) if the Issuer is the Interest Rate Swap Provider, any amounts due and payable to the Interest Rate Swap Provider (including any termination payment, but excluding any relevant Excluded Swap Termination Amount) pursuant to the terms of the Interest Rate Swap Agreement;
  - (ii) any amounts due and payable to each relevant Covered Bond Swap Provider *pari passu* and ratably in respect of each relevant Covered Bond Swap (including any termination payment due and payable by the Covered Bond Guarantor under the relevant Covered Bond Swap Agreement, but excluding any relevant Excluded Swap Termination Amount) (except to the extent that such amounts have been paid out of any premiums received from any relevant replacement Covered Bond Swap Provider) in accordance with the relevant Covered Bond Swap Agreement; and
  - (iii) any amounts due and payable under the Covered Bond Guarantee, to the Bond Trustee or (if so directed by the Bond Trustee) the relevant Agent on behalf of the Covered Bondholders *pari passu* and ratably in respect of interest and principal due and payable on each Series of Covered Bonds,

provided that if the amount available for distribution under this paragraph (h) (excluding any amounts received from the relevant Covered Bond Swap Provider) to the Covered Bondholders would be insufficient to pay the Australian Dollar Equivalent of the amounts due and payable under the Covered Bond Guarantee in respect of each Series of Covered Bonds under sub-paragraph (iii) above, the shortfall will be divided *pari passu* and ratably amongst all such Series of Covered Bonds on a *pari passu* and ratable basis and any amount payable by the Covered Bond Guarantor to the relevant Covered Bond Swap Provider under the relevant Covered Bond Swap in respect of each relevant Series of Covered Bonds or provision to be made under the relevant Covered Bond Swap in respect of each relevant Series of Covered Bonds under sub-paragraph (ii) above will be correspondingly reduced to take account of the shortfall applicable to the Covered Bonds in respect of which such payment or provision is to be made;

- (i) *ninth*, in or towards satisfaction *pari passu* and ratably of any Excluded Swap Termination Amounts due and payable by the Covered Bond Guarantor under the relevant Swap Agreements except to the extent that such amounts have been paid out of any premiums received from any relevant replacement Swap Providers;
- (j) *tenth*, in or towards payment of all amounts outstanding under the Intercompany Loan Agreement;
- (k) *eleventh*, in or towards payment of any amounts outstanding under the Demand Loan Agreement to the extent that such payment has not already been made in accordance with paragraph (f) above (including as a result of an In Specie Failure);
- (l) *twelfth*, to be paid to the Income Unitholder in whole or partial satisfaction of any entitlement to Net Trust Income of the Trust remaining unpaid; and
- (m) *thirteenth*, the remainder to be paid to the Capital Unitholder.

No monies received or recovered by the Security Trustee or any Receiver are to be applied under paragraph (f) above. The amount payable in accordance with paragraph (f) above may only be satisfied by the Security Trustee or the Receiver applying any amount standing to the credit of the OC Account and, if applicable, by an in specie distribution to the Demand Loan Provider of the In Specie Mortgage Loan Rights pursuant to the section “*Overview of the Principal Documents – Demand Loan Agreement*” in this Offering Circular. The amount described in paragraph (k) above may also be satisfied by an in specie distribution by the Security Trustee or any Receiver to the Demand Loan Provider of the In Specie Mortgage Loan Rights rather by the application of any monies received or recovered by the Security Trustee or any Receiver.

## THE MORTGAGE LOAN RIGHTS

The Mortgage Loan Rights forming part of the Assets of the Trust acquired by the Covered Bond Guarantor consist of Mortgage Loan Rights sold by the Seller to the Covered Bond Guarantor from time to time, in accordance with the terms of the Mortgage Sale Agreement, as more fully described under the section “*Overview of the Principal Documents – Mortgage Sale Agreement*” in this Offering Circular.

Any schedule of Mortgage Loan Rights attached to any Sale Notice may be provided in a document stored upon electronic media (including, but not limited to, electronic mail and CD-ROM).

See also the following risk factors under the section “*Risk Factors – Risk Factors relating to the Covered Bond Guarantor, including the ability of the Covered Bond Guarantor to fulfil its obligations in relation to the Covered Bond Guarantee – Limited description of the Mortgage Loan Rights*” in this Offering Circular.

## ORIGINATION, MORTGAGE LOAN FEATURES AND ENFORCEMENT

The Mortgage Loans assigned to the Covered Bond Guarantor pursuant to the Mortgage Sale Agreement will consist of Mortgage Loans originated by the Seller. The origination process and types of Mortgage Loans are summarized below. However, the origination guidelines and types of Mortgage Loans may change in the future. See also the sections “*Risk Factors – Risk Factors relating to the Covered Bond Guarantor, including the ability of the Covered Bond Guarantor to fulfil its obligations in relation to the Covered Bond Guarantee – The Servicing Guidelines*” and “*Risk Factors – Risk Factors relating to the Covered Bond Guarantor, including the ability of the Covered Bond Guarantor to fulfil its obligations in relation to the Covered Bond Guarantee – Limited description of the Mortgage Loan Rights*” in this Offering Circular.

### ***Origination Process***

The Mortgage Loans to be assigned to the Covered Bond Guarantor by the Seller comprise a portfolio of variable and fixed rate loans which were originated by the Seller through loan applications from new and existing customers. The Seller’s mortgage loan applications are sourced from the Seller’s branch network, its mobile sales force, retail relationship managers, home loan solutions, its telephone sales operation (including video conferencing), approved and accredited mortgage brokers, private, business and institutional banking relationship managers and through the internet from the Seller’s website.

### ***Approval and Underwriting Process***

When a mortgage loan application is received, it is processed in accordance with the Seller’s approval policies. These policies are monitored and are subject to continuous review by the Seller, which, like other lenders in the Australian residential mortgage loan market, does not divide its borrowers into groups of differing credit quality for the purposes of setting standard interest rates for their residential housing loans. In certain situations, discounts to interest rates are provided to customers depending on various circumstances. All Borrowers must satisfy the appropriate Seller’s approval criteria.

Authorized roles within the Seller are provided with the authority and accountability designed to assist customers with the lending application and process. Staff occupying these roles are trained to have the necessary skills and knowledge designed to meet the full financial needs of customers with particular regard to lending products, sales and services, risk management and associated issues. Authorized roles include, but are not limited to, a personal lender, mobile banker, premier banker, home loan solutions and private banker. This authority includes verifying income and property valuations and is supported by published policy, processes and system controls as well as monitoring of applications. Applications scored as “refer” and those that are not auto-decisioned are assessed by an appropriately authorized staff member in a credit risk analyst role.

Authorized credit risk analysts must be assessed prior to a personal credit approval authority delegation being approved. The authorized credit risk analyst’s performance and approval authority is regularly monitored and reviewed by the Seller. This is intended to ensure that loans are approved by an authorized credit risk analyst with the proper authority level and that the quality of the underwriting process by each individual lending officer is maintained.

Mortgage loans processed by the Seller are assessed by either an auto-decision credit system or manually by an authorized credit risk analyst. Applications that are not approved by the credit system are referred to an authorized credit risk analyst holding a personal credit approval authority. A loan will be approved or declined by an authorized credit risk analyst holding the appropriate level of delegation and loans which have higher risk characteristics or does not meet the Seller’s normal lending criteria are assessed by an authorized credit risk analyst with higher delegation.

The approval process includes verifying the borrower’s application details, assessing their ability to repay the mortgage loan and determining the valuation of the mortgaged property.

### ***Verification of application details***

The verification process involves borrowers providing proof of identity and evidence of income. For an employed applicant, it includes confirming employment and income levels using evidence such as payslips, salary credits to transaction accounts or tax assessments. For a self-employed applicant not applying as an employee of a company or company applicant it includes checking annual accounts and tax assessments. Where applicants are refinancing

debts from another financial institution, a check of recent account conduct either via statement or Comprehensive Credit Reporting (CCR) is made to determine the regularity of debt payments. The credit history of any existing borrowings from the Seller and any other financial institution is also checked.

#### *Assessing ability to repay*

Based upon the application, once verified, an assessment is made of the applicant's ability to repay the mortgage loan. This is primarily based on the applicant's net servicing position along with any risk factors identified in verifying the applicant's income, savings, or credit history. The credit decision is made using one of the following processes.

(a) Credit Scorecard

A credit scorecard system automatically and consistently applies to the Seller's credit assessment rules without relying on the credit experience of the inputting officer. The credit scorecard returns a decision to approve, decline or refer an application. An application is referred by the system if certain risk factors, such as loan size or a negative net servicing position, are present which require the application to be assessed by an experienced authorized credit risk analyst. The credit score determined by this system is based on historical performance data of the Seller's mortgage loan portfolio.

(b) Credit approval authorities

Housing loan applications which are not assessed by the auto-decision credit system and those which are referred or declined by the auto-decision credit system are assessed by an authorized credit risk analyst. Each authorized credit risk analyst is allocated a personal credit approval authority based on their level of experience and past performance. Loans which have certain risk characteristics, such as loan size or a negative net servicing position, are assessed by more experienced authorized credit risk analysts. The Seller monitors the quality of lending decisions and conducts regular audits of approvals.

In addition to the processes described above, all mortgage loan applications are also subject to a credit history search of the Borrower which is provided by Equifax Inc., formerly known as Veda Advantage Ltd, and prior to that, Baycorp Advantage Ltd.

Borrowers in respect of mortgage loans may be natural persons, corporations or trusts. Housing loans to corporations and trusts may be secured, if deemed necessary, by guarantees from directors. Guarantees may also be obtained in other circumstances.

#### *Valuation of mortgaged property*

For applications which successfully pass the credit decision process, the maximum allowable loan-to-value ratio, being the ratio of the Mortgage Loan amount to the value of the mortgaged property, is calculated and an offer for finance is made conditional upon a satisfactory valuation of the mortgaged property and any other outstanding conditions being satisfied. The amount of the mortgage loan that will be approved for a successful applicant is based on an assessment of the applicant's ability to service the proposed mortgage loan and the loan-to-value ratio. For the purposes of calculating the loan-to-value ratio, the value of a mortgaged property has been determined at origination by a qualified professional valuer or, subject to certain risk criteria, a validated owner's estimated value or a contract for the purchase of the mortgaged property using an automated valuation model. The risk criteria includes limits on the loan amount and the value and geographical location of the security property.

The maximum loan-to-value ratio that is permitted for any loan is determined according to the Seller's credit policy and is dependent on the size of the proposed loan, the nature and location of the proposed mortgaged property and other relevant factors. Where more than one mortgaged property is offered as security for a mortgage loan, the sum of the valuations for each mortgaged property is assessed against the mortgage loan amount sought.

The Seller's formal loan offer with the loan security documentation is printed at the point of sale or provided digitally by the loan originator or in some cases sent by one of the Seller's loan processing centers to borrowers for acceptance and execution. After acceptance and execution, the documentation, together with signed acknowledgement that all non-documentary conditions of approval have been met, is returned by the business unit to the loan processing center authorizing settlement and funding of the mortgage loan to proceed. In certain circumstances, settlement and funding are completed at the business unit level.

One of the conditions of settlement is that the borrower establishes and maintains full replacement general home owner's insurance on the mortgaged property. However, there is no ongoing monitoring of the level of home owner's insurance maintained by borrowers.

### ***The Seller's Product Types***

Set out below is a summary of the Seller's housing loan product types. The products described below apply to both owner occupied and investment housing loans.

The Seller offers a wide variety of housing loan product types with various features and options that are further described in this section. Market competition and economics may require that the Seller offer new product types or add features to a housing loan which are not described in this section.

#### *The Seller's Standard Variable Rate and Fixed Rate Home Loan/Investment Home Loan*

These types of loan are the Seller's traditional standard mortgage products which consists of standard variable rate and fixed rate options. The standard variable rate product is not linked to any other variable rates in the market. However, it may fluctuate with market conditions. Borrowers may switch to a fixed interest rate at any time as described below in "Switching Interest Rates". Some of the mortgage loans will be subject to fixed rates for differing periods.

Additionally, some of these loans have an interest rate discounted by a fixed percentage to the standard variable rate or the fixed rate. These discounts are offered under various packages including, but not limited to, Wealth Package/Mortgage Advantage Package, other high net worth individuals and borrowers who meet certain loan size requirements.

#### *The Seller's Extra, Economiser, Rate Saver, Digi and Simple Home Loan/Investment Home Loan*

These types of loans have a variable interest rate which is not linked to the standard variable rate product and which may fluctuate independently of this and other standard variable rates in the market. These types of loans were introduced by the Seller to allow borrowers who did not require a full range of product features to access a low fee offering. In September 2018, the Economiser Home Loan, Rate Saver and No Fee Variable Rate Home Loans were removed from sale for new fundings. In October 2025, the Extra Variable Rate Loan was also removed from sale for new fundings, leaving the Digi Home Loan and Simple Home Loan as the primary basic products available for sale. Of the features described below, at present only those headed "Redraws and Further Advances", "Interest Only Periods", "Repayment Holiday" and "Interest Offset" are available.

However, some borrowers availing themselves of the "Interest Only Periods" product feature for the economiser and rate saver home/investment home loan are no longer eligible for the product feature "Redraws and Further Advances". To take advantage of other features borrowers must, with the agreement of the Seller, switch their mortgage loan to a standard variable rate loan, extra variable rate home loan or fixed rate loan product. However, these or other features may in the future be offered to borrowers. There are various minimum borrowing amounts across these products.

#### *Special Features of the Mortgage Loans*

Each Mortgage Loan may have some or all of the features described in this section. In addition, during the term of any Mortgage Loan, the Servicer may agree to change any of the terms of that Mortgage Loan from time to time at the request of the borrower.

#### *Switching Interest Rates*

Borrowers may elect for a fixed rate, as determined by the Seller to apply to their mortgage loan. Previously, this may have been for a period of up to 15 years. However, new borrowers may fix their loan repayments for periods of between 1 and 5 years since September 2018. These mortgage loans convert to the standard variable interest rate at the end of the agreed fixed rate period unless the borrower elects to fix the interest rate for a further period. Any variable rate Mortgage Loan converting to a fixed rate product will automatically be matched by an increase in the fixed rate swaps to hedge the fixed rate exposures.

### *Substitution of Security*

A borrower may apply to the Servicer to achieve the following:

- (a) substitute a different mortgaged property in place of the existing mortgaged property securing a Mortgage Loan; or
- (b) release a mortgaged property from a mortgage.

If the Servicer's credit criteria are satisfied and another property acceptable to the Servicer is substituted for the existing security for the Mortgage Loan, the mortgage which secures the existing Mortgage Loan may be discharged without the borrower being required to repay the Mortgage Loan. The Servicer must obtain the consent of any relevant mortgage insurer to the substitution of security or a release of a mortgage where this is required by the terms of a mortgage insurance policy. See the section "*Overview of the Principal Documents – Servicing Deed*" in this Offering Circular.

### *Redraws and Further Advances*

See the section "*Overview of the Principal Documents – Mortgage Sale Agreement – Further Advances*" in this Offering Circular.

### *Repayment Holiday*

A borrower is allowed a repayment holiday where it has taken a principal and interest loan option and the borrower has prepaid enough principal to cover the required monthly repayment amount during the holiday period, creating a difference between the outstanding principal balance of the loan and the scheduled amortized principal balance of the mortgage loan. The borrower is not required to make any payments, including payments of interest, until the outstanding principal balance of the mortgage loan plus unpaid interest equals the scheduled amortized principal balance and/or a maximum term of 12 months. The failure by the borrower to make payments during a repayment holiday will not cause the related mortgage loan to be considered delinquent.

### *Early Repayment*

A borrower may incur a fee if an early repayment occurs on a fixed rate loan. A borrower may also incur break fees if an early repayment or partial prepayment of principal occurs on a fixed rate Mortgage Loan. However, at present fixed rate loans allow for partial prepayment by the borrower of up to A\$10,000 in any 12 month period without any break fees being applicable.

### *Combination or "Split" Mortgage Loans*

A borrower may elect to split a mortgage loan into separate funding portions which may, among other things, be subject to different types of interest rates. Each part of the mortgage loan is a different account which may be consolidated into one consumer credit contract, even though all the separate loans are secured by the same mortgage. A loan split may be set up at origination or a borrower may elect to split one loan into two or more loan accounts at any stage during the life of the loan. In the case of one loan split into two, the first loan will be repaid by the amount funded onto the second loan account.

### *Interest Offset*

Currently, the Seller has two interest offset features on certain home loan/investment home loan products known as a Mortgage Interest Saver Account (**MISA**) and Everyday Offset account (**Everyday Offset**) under which the interest accrued on the borrower's deposit account is offset against interest on the borrower's Mortgage Loan. To simplify the offset options available to customers, from March 16, 2019 new Mortgage Loan accounts are only eligible to use the Everyday Offset option as the MISA has been quarantined. The Seller does not actually pay interest to the borrower on the loan offset account, but simply reduces the amount of interest which is payable by the borrower under its mortgage loan. The borrower continues to make its scheduled mortgage payment with the result that the portion allocated to principal is increased by the amount of interest offset.

Fixed rate loans receive a partial offset under the MISA arrangement but are not eligible for an Everyday Offset arrangement.

The Seller will pay to the Trust the aggregate of all interest amounts offset in respect of the mortgage loans for which it is the Seller. These amounts will constitute Finance Charge Collections for the relevant period.

If, following a Perfection of Title Event, the Covered Bond Guarantor obtains legal title to a Mortgage Loan, the Seller will no longer be able to offer an interest offset arrangement for that Mortgage Loan.

#### *Interest Only Periods*

A borrower may also request to make payments of interest only on their mortgage loan. If the Seller agrees to such a request it does so conditional upon higher principal repayments. The interest only period can be extended beyond the initial period providing the total interest only period for the life of the loan does not exceed the following terms:

- housing loans (owner occupied) – 5 years;
- housing loans (investment) – 15 years with a maximum of 5 years at a time.

#### *Special Introductory Rates*

The introductory rate offering was removed from sale and not available for loans originated after October 2020. On the expiry of the introductory offer for existing customers, these mortgage loans automatically convert to the extra variable rate less any agreed discount. Buyers can choose at this point to rollover to the higher variable rate or consider other products available at the time.

#### *Additional Features*

The Seller and Servicer, as applicable, may from time to time offer additional features in relation to a Mortgage Loan which are not described in the preceding section or may cease to offer features that have been previously offered and may add, remove or vary any fees or other conditions applicable to such features.

#### ***Collection and Enforcement Procedures***

Pursuant to the terms of the mortgage loans, borrowers must make the minimum repayment due under the terms and conditions of the mortgage loans, on or before each monthly instalment due date. A borrower may elect to make their repayments weekly or fortnightly so long as the equivalent of the minimum monthly repayment is received on or before the monthly instalment due date. Borrowers often select repayment dates to coincide with receipt of their salary or other income. In addition to payment to a retail branch by cash or cheque, mortgage loan repayments may be made by direct debit to a nominated bank account or direct credit from the borrower's salary by their employer.

A mortgage loan is subject to action in relation to arrears of payment whenever the monthly repayment is not paid by the monthly instalment due date. However, under the terms of the mortgage loans, borrowers may prepay amounts which are additional to their required monthly repayments to build up a "credit buffer", being the difference between the total amount paid by them and the total of the monthly repayments required to be made by them. If a borrower subsequently fails to make some or all of a required monthly repayment, the servicing system will apply the amount not paid against the credit buffer until the total amount of missed payments exceeds the credit buffer. The mortgage loan will be considered to be in arrears only in relation to that excess.

The Servicer's automated collections system identifies all mortgage loan accounts which are in arrears and produces lists of those mortgage loans. The collection system allocates overdue loans to the Servicer's designated collection officers who take action in relation to the arrears.

Actions taken by the Servicer in relation to delinquent accounts will vary depending on a number of elements, including the following and, if applicable, with the input of a mortgage insurer:

- (i) arrears history;
- (ii) equity in the property;
- (iii) arrangements made with the borrower to meet overdue payments; and

- (iv) sensitive matters or vulnerability of the customers.

If satisfactory arrangements cannot be made to rectify a delinquent mortgage loan, legal notices are issued and recovery action is initiated by the Servicer. This includes, if the Servicer obtains possession of the mortgaged property, ensuring that the mortgaged property supporting the mortgage loan still has adequate general home owner's insurance and that the upkeep of the mortgaged property is maintained. Recovery action is arranged by experienced collections staff in conjunction with internal or external legal advisers. A number of sources of recovery are pursued including the following:

- (i) voluntary sale by the mortgagor;
- (ii) guarantees;
- (iii) government assistance schemes such as early release of superannuation if the customer can demonstrate ongoing serviceability;
- (iv) mortgagee sale;
- (v) claims on mortgage insurance; and
- (vi) action against the mortgagor/borrower personally.

The Servicer reports all actions that it takes on overdue mortgage loans to the relevant mortgage insurer where required in accordance with the terms of the mortgage insurance policies.

#### ***Collection and Enforcement Process***

When a mortgage loan becomes delinquent a combination of contact methods will be used to follow up with the borrower seeking full and immediate clearance of all arrears. The type of contact methods may include SMS, digital messages via app or netbank, reminder letter and phone call. The timing of the follow-up contact depends on the risk profile of the account, but generally contact is made within the first 15 days of the account becoming delinquent. If the mortgage loans have a direct debit payment arrangement and there are sufficient funds available, a sweep of the nominated account may be made to rectify the arrears.

If an arrangement has not been entered into to rectify the arrears, a default notice is sent advising the borrower that if the matter is not rectified, the Servicer is entitled to commence enforcement proceedings. The days delinquent that the notice is sent is dependent on the risk profile of the account and certain customer level considerations such as natural disaster or sensitive personal matters. Generally, a default notice will be sent by day 60 with notice to a borrower advising that failure to comply will result in the Servicer exercising its power of sale. Following further legal notices, if the borrower fails to clear arrears or enter a repayment solution, this will prompt a letter of demand and notice to vacate. During this time, the Servicer makes all reasonable attempts to contact the borrower to agree a mutually satisfactory solution.

Service of a statement of claim is the initiating process in the relevant Australian court.

Once a borrower is served with a statement of claim, the borrower is given the legal notice period to file a notice of appearance and defense and, failing this, the Servicer will apply to the court to have judgment entered in its favor. The Servicer will then apply for a writ of possession whereby the sheriff will set an eviction date. Appraisals and valuations are ordered and a reserve price is set for sale by way of public auction, tender or private treaty. Time frames may vary dependent on whether the borrower has either taken any action or has not honored any commitments made in relation to the delinquency to the satisfaction of the Servicer and the mortgage insurers.

It should also be noted that the Servicer's ability to exercise its power of sale on the mortgaged property is dependent upon the statutory restrictions of the relevant state or territory as to notice requirements. In addition, there may be factors outside the control of the mortgagee such as whether the mortgagor contests the sale and the market conditions at the time of sale. These issues may affect the length of time between the decision of the Servicer to exercise its power of sale and final completion of the sale. See also the section "*Risk Factors – Risk Factors relating to the Covered Bond Guarantor, including the ability of the Covered Bond Guarantor to fulfil its obligations in relation to the Covered Bond Guarantee – Enforcement of Mortgage Loans can involve substantial costs and delays and may not permit full recovery by the Servicer*" in this Offering Circular.

The collection and enforcement procedures may change from time to time in accordance with business judgment and changes to legislation and guidelines established by the relevant regulatory bodies.

## AUSTRALIAN MACROECONOMIC CONDITIONS AND THE AUSTRALIAN HOUSING MARKET

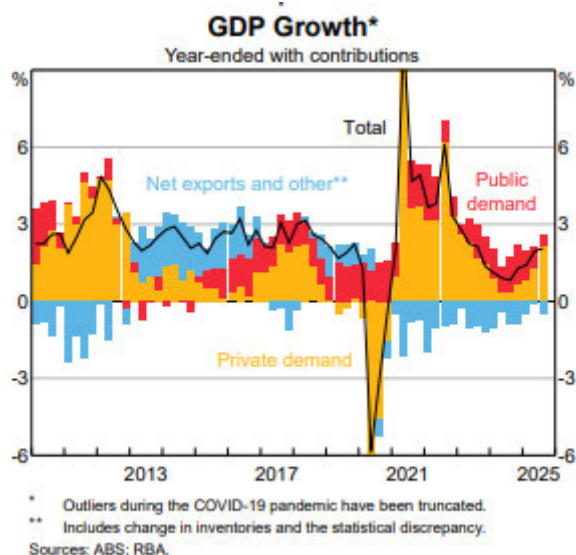

The following is a brief summary of Australian macroeconomic conditions and the Australian housing market and is derived from public data provided by the Reserve Bank of Australia (**RBA**), which has compiled data from a variety of government and non-government sources. While the Issuer is not aware of any misstatements regarding the data presented herein, such data may present an incomplete summary of Australian macroeconomic and housing conditions and involve risks and uncertainties. The data is also subject to change based on various factors, including those discussed under the heading “*Risk Factors*” in this Offering Circular.

### Australian Macroeconomic Conditions

In February 2026, the RBA observed that GDP growth in the quarter ending September 30, 2025 (the **September quarter**) was around its estimate of potential growth and in line with expectations. Partial data suggest growth may have picked up further in the quarter ending December 31, 2025 (the **December quarter**) and been a little stronger than expected in November – and considerably stronger than expected in August. In particular, private demand growth in the second half of 2025 looks to have been much stronger than anticipated. Some of this strength is likely to prove temporary – for example, private investment in the September quarter reflected some lumpy expenditures, consumption in the December quarter is likely to have been boosted by households bringing forward spending to benefit from sales and promotional periods, and the RBA does not expect higher level of exports to be sustained into 2026. But underlying demand also looks to have been stronger than anticipated, reflecting a number of factors: a stronger-than-expected recovery in housing prices and dwelling investment over the past year; higher-than-expected growth in real household income; favorable financial conditions domestically and internationally, alongside the unexpected resilience of the global economy; and a stronger outlook for business investment related to data centers and the green energy transition. The contribution of public demand growth to GDP has decreased over the past year, although projections from government budgets suggest the underlying cash deficit will widen relative to GDP in 2025/26, as it did in 2024/25. The earlier monetary policy easing is expected to have most of its effect on GDP growth in 2026 rather than 2025, given typical lags in transmission, although there is inherent uncertainty around this assessment (particularly for dwelling investment).

*In February 2026, the RBA also observed that year-ended Australian GDP growth picked up over the year to the September quarter to around estimates of potential growth and looks to have been a little stronger than expected in the December quarter.*

GDP increased by 0.4% in the September quarter to be 2.1% higher over the year, broadly in line with expectations in the RBA’s statement on monetary policy released in November 2025 (the **November Statement**). Private demand was much stronger than expected and accounted for most of the increase in GDP. This unexpected strength was largely due to business investment, although some of this was concentrated in categories that can be lumpy and are mostly imported (so do not immediately add to GDP). Working in the other direction, inventories made a large and unexpected subtraction from GDP growth in the quarter. This mostly reflected a drawdown in trade-related mining inventories as previous supply disruptions were resolved and because of idiosyncratic factors in the gold market. The drawdown in mining inventories supported a pick-up in resource exports in the quarter, which drove a 1% rise in export volumes overall.

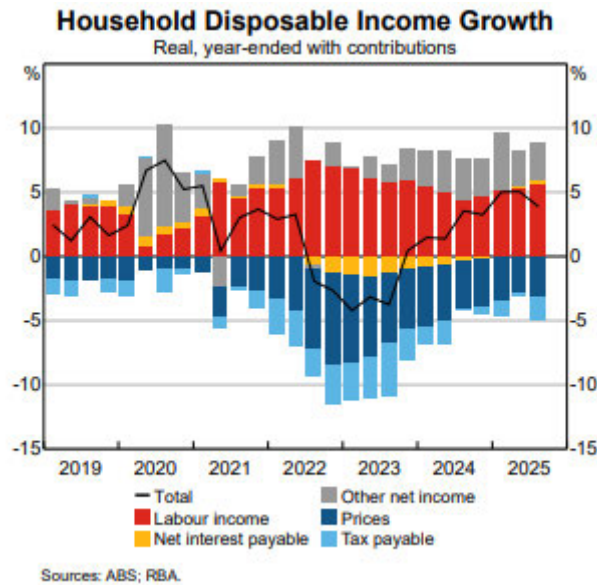

The available indicators for the December quarter suggest that year-ended GDP growth will be a little stronger than expected in November, and considerably stronger than expected in August. Household spending appears to have been stronger than expected, although some of that is likely to reflect spending brought forward from the March 2026 quarter. Forward orders point to ongoing growth in domestic demand.

*Data received since the November Statement suggest that household consumption growth increased by more than expected in the second half of the year.*

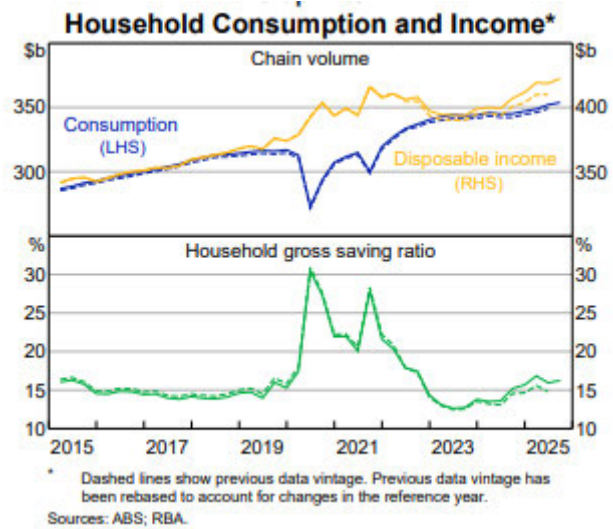

Household consumption increased solidly over the year to the September quarter alongside strong growth in real incomes and wealth. Household consumption grew by 0.5% in the September quarter, broadly as expected by the RBA. Spending growth on retail goods, which had been boosted by larger-than-usual end-of-financial-year sales in the quarter ended June 30, 2025 (the **June quarter**), eased as anticipated by the RBA. Growth in other discretionary components also slowed, but year-ended growth remained solid for most discretionary components. In per capita terms, consumption increased by 0.7% over the year to the September quarter, up from 0.3% over the year to the June quarter.

The RBA observed that timely indicators for the December quarter point to household consumption growth picking up much more than expected in November. The Australian Bureau of Statistics (ABS) Household Spending Indicator points to strong spending growth in October and November. The RBA observed that much of this is likely to reflect stronger fundamentals, as growth was broadly based by spending category and growth in household income and wealth have been stronger than expected. However, the RBA observed that some of the strength in household consumption is likely to be temporary, as retail spending was boosted by households bringing forward spending from the month of December and the March quarter to benefit from sales and promotional periods. Indeed, there were modest declines in retail categories in the month of December in bank transaction data, consistent with liaison contacts reporting that the Black Friday period pulled forward sales from early December. Consumer sentiment has also remained relatively flat over the past year at below-average levels.

The RBA observed that real disposable income growth picked up substantially in 2024 and 2025, reflecting amongst other things a boost from the easing in inflation and the Stage 3 tax cuts. The influence of those factors is now fading – year-ended growth in real household disposable income slowed a little in the September quarter. However, the decline was less than expected by the RBA, partly owing to stronger-than-expected labor income growth in the quarter. The RBA observed that there was also a large upward revision to the level of household income over recent years, but this was primarily in components that are not easily accessible to spend for many households (including interest accrued on superannuation balances). Lower interest rates provided a small amount of direct support to aggregate household disposable income growth in the quarter as households' interest payments declined by more than their interest receipts.

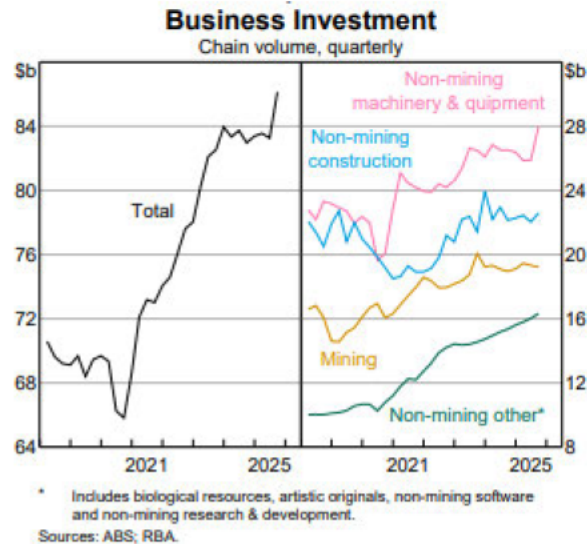

The household saving ratio increased a little in the September quarter and is now notably higher than expected by the RBA in the November Statement, owing to historical data revisions. The gross saving ratio was 1.7 percentage points higher than expected by the RBA, which the RBA observed was largely because historical upward revisions to the level and growth of real household disposable income exceeded those for household consumption. Due to the composition of the income revisions, the RBA noted that this does not materially change its assessment of households' willingness or ability to consume out of more accessible income (such as wages) over recent years.

*Business investment increased sharply in the September quarter; while this was largely driven by categories where investment can be lumpy, firms are expecting to invest more in the coming quarters than previously indicated.*

After little growth for almost two years, business investment increased by 3.4% in the September quarter. The RBA observed that this was much stronger than expected in the November Statement. Most categories of business investment outside mining rose in the quarter, including those that had been steady or declining for some time. The RBA observed that the largest contribution to the quarterly surprise was from non-mining machinery and equipment investment, in large part relating to data center fit outs and purchases of aircraft. These types of investment tend to be lumpy and have a large, imported component that limits the immediate boost to GDP.

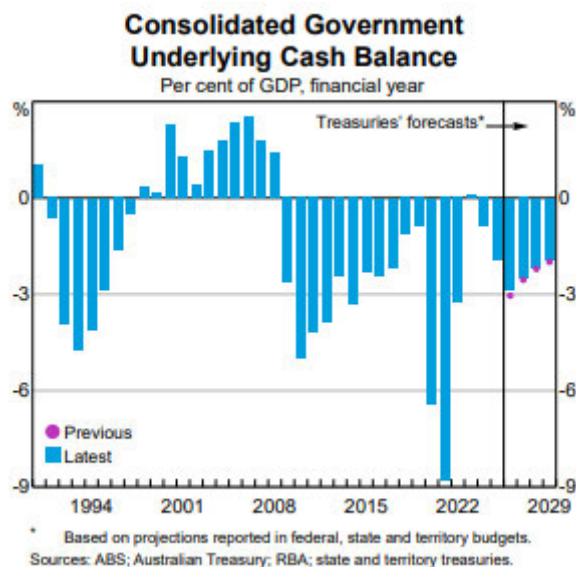

The RBA observed that there has also been a material uptick in businesses' near-term investment intentions. Firms' reported capital expenditure intentions point to an increase in non-mining investment in the current financial year as firms respond to the cyclical pick-up in private demand and as structural global trends like the renewable energy transition and strong data center investment continue. The easing in monetary policy in 2025 may have also had some impact. Previous RBA research has shown that most of the transmission from monetary policy to business investment is through the effect of interest rates on private spending; that is, as businesses respond to a pick-up in private demand spurred by monetary easing, with the peak effect occurring after two to three years.

*While private demand growth was stronger than expected in the September quarter, the collective contribution of other components of GDP declined and was weaker than expected by the RBA.*

The contribution of public demand to year-ended GDP growth has continued to ease in recent quarters, as expected by the RBA. Growth in public consumption in the September quarter was broadly in line with RBA expectations, driven by continued growth in both real employee and other operating expenses. The level of spending on social benefits to households (which includes a range of payments to households, including relating to the NDIS, Medicare, the Pharmaceutical Benefits Scheme, aged care and childcare subsidies) has steadied in real terms in recent quarters after growing strongly in recent years. The RBA noted that after three successive quarterly declines, public investment was expected to rebound in the September quarter, which it did, although the size of the increase was larger than anticipated.

The RBA observed that budget estimates of the fiscal balance provide a more comprehensive view of developments in fiscal policy than public demand alone. The consolidated underlying cash balance from federal, state and territory budgets incorporates a wider range of government spending, as well as taxes and transfers, which affect private activity. The mid-year budget updates suggest the consolidated government deficit will continue to widen in 2025/26, broadly in line with what was projected in the previous set of budgets from early-to-mid last year.

Net trade and inventories have together detracted modestly from GDP growth in recent quarters. Net trade subtracted 0.1 percentage points from GDP over the year to the September quarter as import volumes growth outpaced growth in export volumes. Partial data for the December quarter suggests solid growth in both imports (consistent with strength in domestic demand) and exports. Export volumes have increased over the past year as resilient global economic growth sustained demand for Australian commodities and services exports (such as tourism), and Australian iron ore production volumes increased.

### Australian Employment

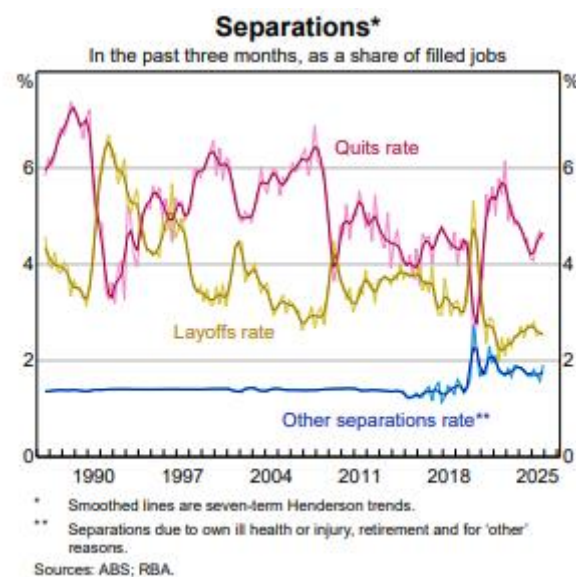

The RBA observed that after a slight easing in the middle of 2025, labor market conditions appear to have stabilized in recent months, in line with stronger growth in economic activity. The RBA noted that the unemployment rate was a little lower than it expected in the December quarter, reflecting a sharp decline in the month of December that the RBA assesses in part to reflect monthly volatility. The employment-to-population ratio and participation rate eased a little in the December quarter. The RBA noted that timely indicators of labor demand such as job advertisements, vacancies and employment intentions point to a broadly stable near-term outlook for labor market conditions, consistent with the recovery in GDP growth through 2025. The RBA continues to assess that there is some remaining tightness in the labor market (. In line with this assessment, growth in unit labor costs remains elevated.

*Overall, the RBA assessed that labor market conditions have been broadly stable in recent months.*

The unemployment rate decreased to 4.1% in the month of December. The RBA noted that this decrease was unexpected, but monthly data can be volatile and the RBA noted that it expects part of the decrease to be transitory. Nevertheless, for the December quarter as a whole, the unemployment rate averaged 4.2%, below the RBA's November Statement forecast of 4.4%. The underemployment rate was broadly stable at 5.9%, remaining low by historical standards having trended down since early 2024. Recent analysis suggests that much of that decline in the underemployment rate – which measures the share of people in employment who are working fewer hours than they would like to – has been driven by some workers preferring fewer hours, rather than an increase in actual hours worked – suggesting a reduction in labor supply. The hours-based underutilization rate – a broader measure of spare capacity – and the medium-term unemployment rate have largely tracked sideways since the start of 2025.

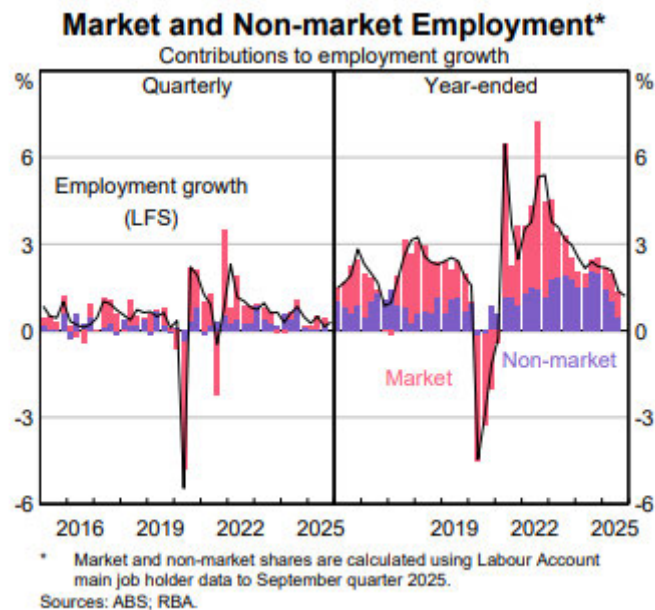

The RBA noted that some other indicators are also consistent with stable or even slightly tighter labor market conditions. The rate of layoffs, which began increasing in 2022, stabilized over the past year at a relatively low level by historical standards. The rate of voluntary job separations – the ‘quits rate’ – has picked up over the past year after having eased more rapidly than other labor market indicators since its 2022 peak. The RBA noted that these developments could suggest that inter-firm competition to attract and retain staff has increased, indicating tighter labor market conditions.

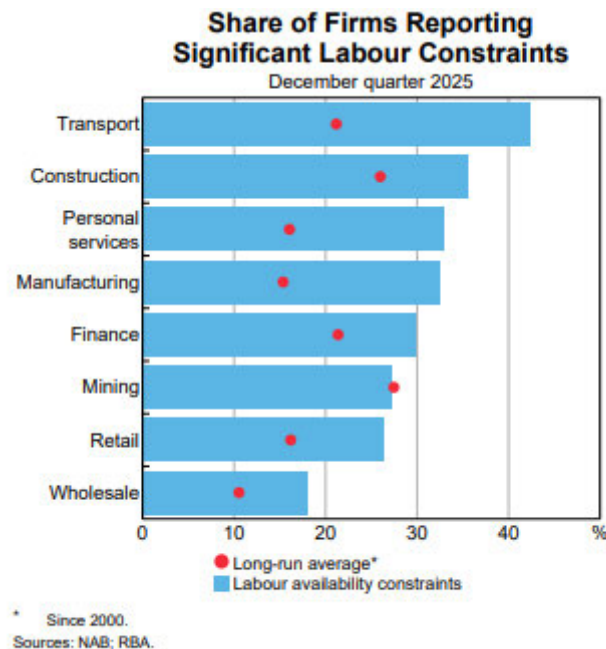

The RBA observed that both the employment-to-population ratio and participation rate decreased a little in recent months. In the December quarter, the employment-to-population ratio was 63.9%, slightly below the RBA’s expectation at the time of the November Statement. The decline reflects the continued moderation of employment growth throughout 2025, which likely reflected some easing in labor demand growth as well as slower growth in labor supply. The participation rate ticked down in the December quarter to sit a little lower than expected by the RBA. The fall in participation may reflect greater difficulty finding work over the past year due to a moderation in labor demand, as well as the earlier easing in cost-of-living pressures. The RBA observed that hires from outside the labor force have stabilized in the past six months, which is consistent with fewer workers being drawn in to a somewhat tight labor market. Notwithstanding participation outcomes being weaker than expected in the December quarter, the RBA expects that participation will remain well above pre-pandemic levels, supported by long-run trends such as higher female participation.

The RBA noted that, in the year to September, the market sector became the main driver of employment growth as non-market sector employment growth declined. Industry-level data (available to the September quarter)

indicate that employment growth in the market sector continued to pick up in year-ended terms, consistent with the recovery in GDP growth and the shift in the composition of growth from the public to the private sector. The level of employment in the non-market sector picked up a little in the September quarter, after having been steady in the first half of the year.

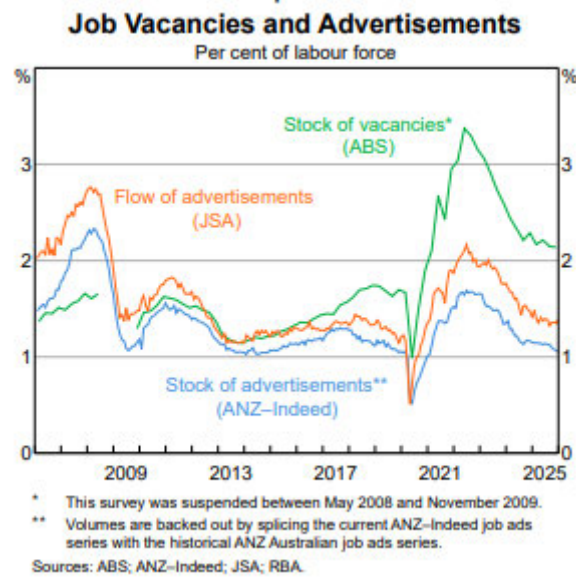

The RBA also noted that the availability of labor remains a constraint for many firms, consistent with some tightness remaining in the labor market. Liaison suggests some firms are having less difficulty finding staff than a year ago, though many still struggle to find sufficiently skilled or high-quality candidates. The RBA also noted that labor constraints have been broadly based across most industries.

The RBA observed that leading indicators point to a broadly stable outlook for labor market conditions in the near term. Measures of labor demand such as job advertisements and vacancies have fallen a little in recent months and are slightly below levels of a year ago. Employment intentions from business surveys have been relatively

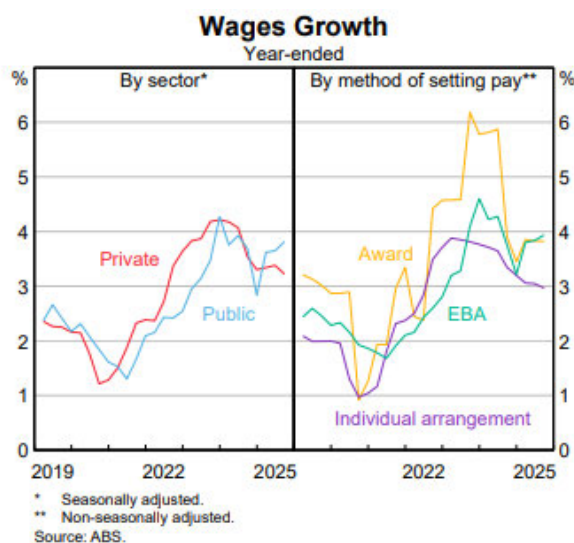

stable, while employment intentions from the RBA’s liaison program are broadly similar to a year ago and sit a little below their long-term average. Households’ unemployment expectations ticked down in December, unwinding a large uptick in November. Taken together, the RBA noted that these data suggest a stable near-term labor market outlook.

Wages growth was steady at 3.4% in year-ended terms in the September quarter, as expected by the RBA in the November Statement.

Private sector wage price index (**WPI**) growth eased to 3.2% in year-ended terms, slightly below RBA expectations. Quarterly private sector WPI growth – which had remained broadly steady over the first half of 2025 after accounting for one-off administered increases – declined to 0.7%, its slowest rate since 2021. Both the share of private sector workers receiving a wage increase and the average size of hourly wage changes were slightly lower compared with a year ago but remained above pre-pandemic levels. Public sector WPI growth eased slightly to 0.9% in the quarter but increased to 3.8% in year-ended terms, in line with RBA expectations.

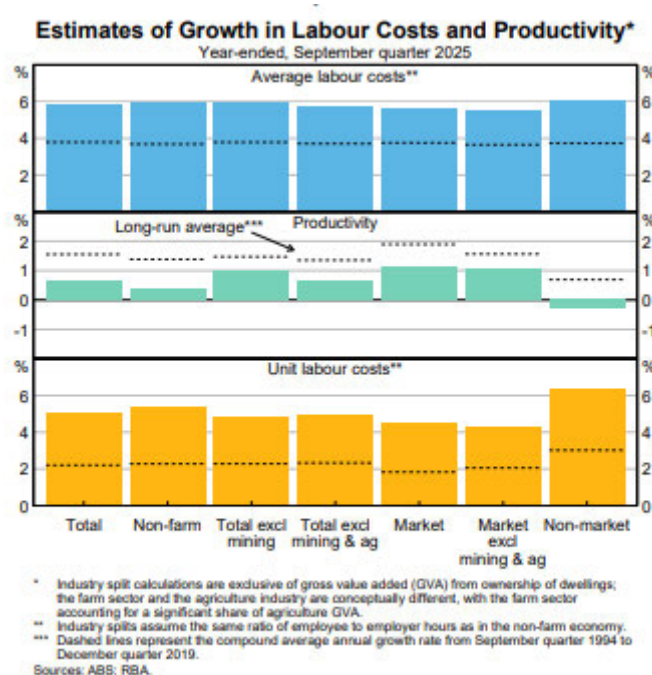

Wages for workers (across both public and private sectors) paid under enterprise bargaining agreements (**EBAs**) and awards continued to grow more strongly over the year to September than those for workers paid under individual arrangements. Wages paid under individual arrangements – which the RBA noted tend to be the most responsive to current labor market conditions – increased by 3.0% over the year.

The RBA observed that growth in average earnings has continued to be higher than WPI growth, as is typically the case, and is above its long-run average growth rate. Year-ended growth in the national accounts' measure of average earnings (AENA) per hour increased to 5.9% in the September quarter, slightly stronger than expected by the RBA in the November Statement. AENA is a broader measure of labor earnings than the WPI as it includes changes in bonuses, overtime and other payments, as well as the impact of workers transitioning to jobs with different levels of pay. Growth in AENA was bolstered in the September quarter by the scheduled increase in the Superannuation Guarantee from 11.5% to 12.0% from July 2025.

*Weakness in productivity growth continued to contribute to elevated unit labor costs growth.*

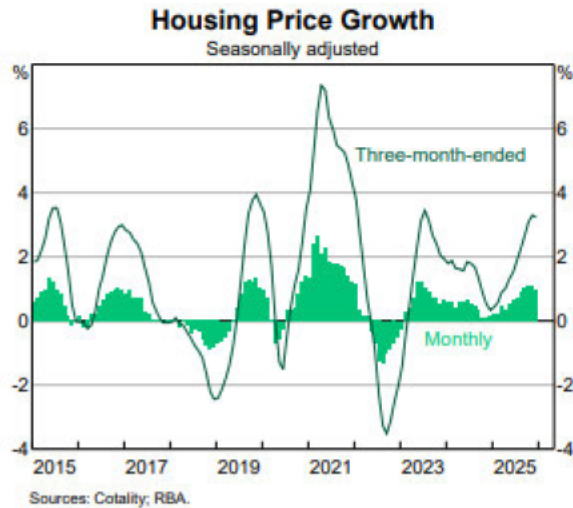

Labor productivity growth in the non-farm sector increased to 0.5% over the year to the September quarter, which was a little weaker than expected by the RBA. Productivity growth has been weak over recent years, but the RBA expects some of the drivers of this weakness to wane. Growth in unit labor costs increased to 5.4% over the year to the September quarter; the RBA observed that elevated unit labor costs growth is consistent with more upwards pressure from labor market tightness flowing through to firms' labor costs than is signaled by the WPI. The RBA further noted that estimates of unit labor cost growth remain elevated even after excluding various industries.

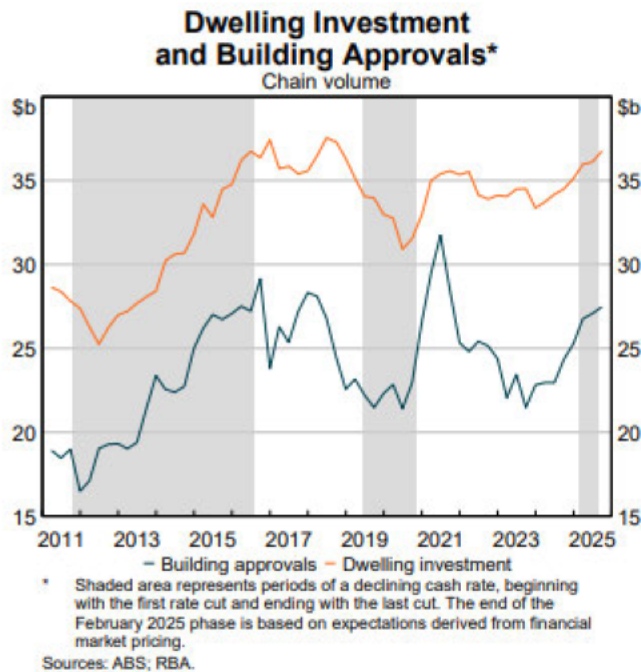

## Australian Housing Market

*Housing market conditions picked up over 2025.*

The RBA observed that housing prices have increased strongly over the past year, boosting household wealth, but monthly growth may have stabilized somewhat in recent months. Housing prices increased by 1% in the month of December, to be 8.5% higher over the year. The strength in housing prices over the past year is consistent with strong growth in housing credit; both have been stronger than in most previous monetary policy easing phases. However, the RBA observed that this does not necessarily mean that monetary policy transmission is stronger than usual in the current episode. The RBA also noted that recent housing price strength is also likely to reflect the stronger starting position of the labor market compared with past episodes of easing monetary policy. Recent housing market activity may also have been supported by the expansion of the Australian Government 5% Deposit Scheme, although the size of this effect is uncertain. The apparent stabilization in monthly housing price growth in recent months is consistent with a drop in buyer sentiment in the Westpac-Melbourne consumer sentiment survey and the upward revision to the outlook for interest rates.

Dwelling investment grew by 6.5% over the year to the September quarter, stronger than expected by the RBA in the November Statement. Dwelling investment is relatively sensitive to changes in interest rates, both directly and via higher housing prices. However, forward-looking indicators of dwelling investment, such as building approvals, had started increasing prior to the first cash rate reduction. The RBA observed that this is unlike in previous cycles and may have been related to expectations of monetary policy easing, as well as earlier strong population growth. An earlier easing in capacity constraints in the construction sector may also have played a role.

### Australian Inflation

The RBA observed that the quarterly rate of underlying inflation eased only slightly in the December quarter and was higher than the RBA expected in the November Statement. Higher inflation in recent quarters has been broadly based across services, goods and new dwelling inflation. Economy-wide capacity pressures – which the RBA noted look to have been greater last year than previously assessed and to have increased in the second half of the year – are judged by the RBA to have contributed to high underlying inflation but are unlikely to explain the majority of the recent increase. The larger remaining part is judged by the RBA to reflect factors that may prove to be less persistent, including sector-specific demand pressures affecting new dwelling and durable goods prices, and price volatility in some categories such as fuel and overseas travel. Headline inflation was also stronger

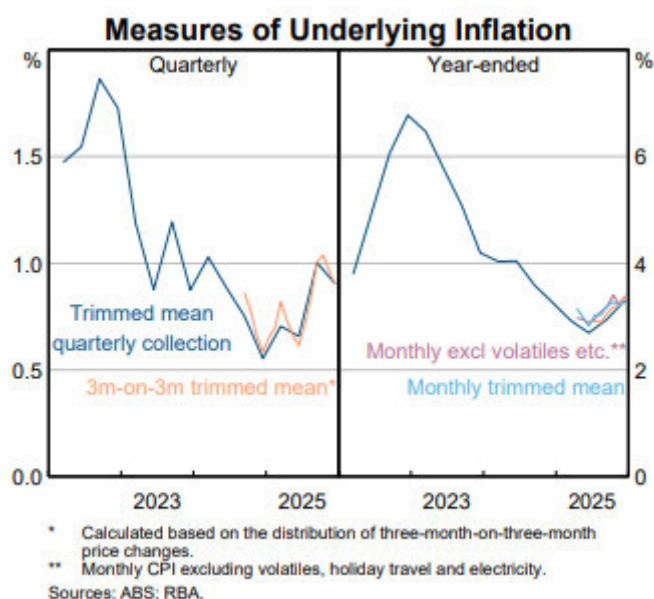

than expected by the RBA in the November Statement, reflecting both firmer underlying inflation and stronger inflation in volatile items.

*Inflation in the December quarter was stronger than expected by the RBA in the November Statement. This followed stronger-than-expected inflation in the September quarter.*

Headline inflation rose to 3.6% over the year to the December quarter, from 3.2% in the September quarter. This was stronger than the 3.3% expected by the RBA in the November Statement. Electricity inflation contributed around 0.6 percentage points to headline inflation over the year, with the expiration of rebates contributing around half a percentage point. Higher-than-expected inflation for some volatile items such as fuel and travel also contributed to the increase in year-ended headline inflation and accounted for the surprise relative to the November forecast.

Trimmed mean inflation increased to 3.4% over the year to the December quarter, from 3.0% in the September quarter. The outcome was higher than expected by the RBA in the November Statement and substantially higher than expected by the RBA in the August forecast. Trimmed mean inflation eased slightly in quarterly terms, to 0.9%, but by less than was expected by the RBA in November.

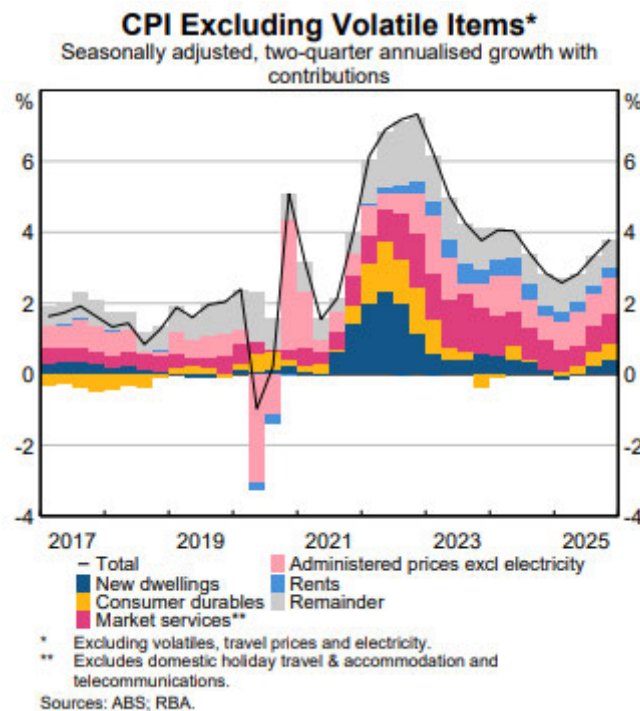

The RBA observed that measures of underlying inflation from the monthly CPI also picked up in year-ended terms. There have been small differences between measures of underlying inflation from the monthly CPI and the quarterly trimmed mean since mid-2024 – the short period for which monthly data are available. Notwithstanding these small differences, all series trended up in the second half of 2025, consistent with the quarterly trimmed mean series.

The RBA observed that capacity pressures are judged to have contributed to high underlying inflation but are unlikely to explain the majority of the recent increase. In quarterly terms, trimmed mean inflation was some way above a rate consistent with the middle of the target range in the December quarter. The RBA noted that the elevated rate of trimmed mean inflation – taken together with continued strong growth in output prices and unit labor costs – is likely in part to reflect ongoing domestic capacity pressures. These economy-wide capacity pressures are now estimated by the RBA to have been greater through last year than previously assessed, and to have increased in the second half of 2025 alongside strengthening GDP growth. Model estimates of the link between capacity pressures and inflation – while uncertain – suggest that economy-wide capacity pressures can only partly explain why inflation is elevated and are unlikely on their own to account for the strong pick-up in underlying inflation since mid-2025.

The larger part of the resurgence in inflation is judged by the RBA to reflect some sector-specific demand and price pressures, which may not persist – though this judgement is very uncertain. The resurgence in underlying inflation has coincided with stronger-than-expected private demand growth, particularly for housing and

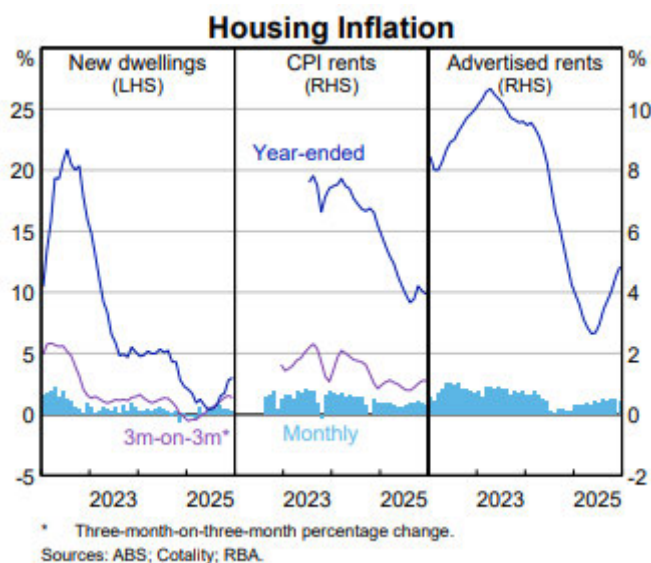

consumer durables. Correspondingly, increases in new dwelling and durable goods prices made a significant contribution to the increase in inflation since mid-2025. The RBA noted that it is possible that stronger demand growth in these sectors enabled larger price increases than otherwise, after a period in which there were reports that weak demand had prompted house builders to offer discounts, and limited retailers' ability to raise their prices. The RBA observed that these price pressures could prove to be temporary if growth in housing demand and consumption slows as anticipated, though this judgement is highly uncertain. Inflation in new dwelling and consumer durables prices was lower in late 2024 and early 2025, following a period of weaker demand conditions in those sectors that may have both masked the extent of capacity pressures in mid-2025 and accentuated the subsequent pick-up in inflation.

*Housing inflation strengthened in the December quarter:*

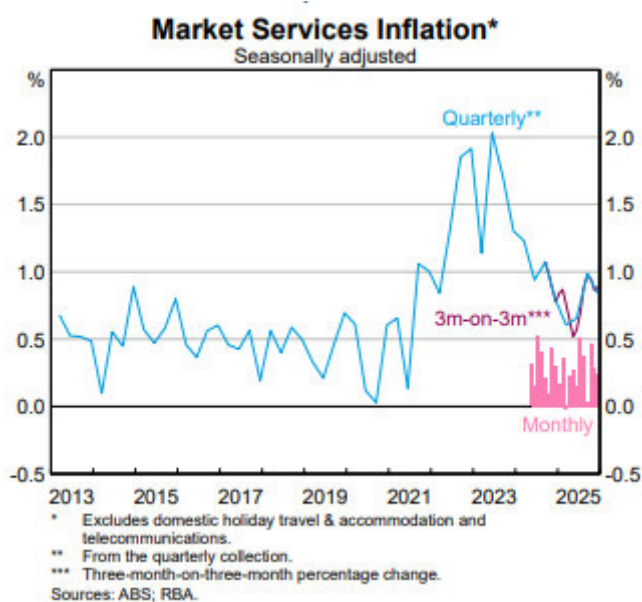

New dwelling construction prices increased by 1.3% in the December quarter, which was stronger than in the November forecasts, as residential construction activity strengthened. In year-ended terms, new dwelling inflation was 2.5% in the December quarter, up from 0.9% in the September quarter. Information from liaison indicates that demand for building new houses has picked up in recent months alongside improved buyer sentiment. The ABS has indicated that part of the price rises reflected that residential builders began removing discounts that were in place when the housing market was weaker. Cost growth for builders increased over the quarter, largely reflecting trade labor costs but also materials costs to a lesser extent.

CPI rent inflation picked up to 4.0% over the year to the December quarter, slightly above RBA expectations in the November Statement. The quarterly rate of CPI rental inflation increased to 1.0% from 0.9% in the September quarter. This may reflect gradual pass-through from the pick-up in advertised rental growth, which has occurred alongside a tightening in rental market conditions.

*Services inflation eased in quarterly terms in the December quarter.*

In the December quarter, market services inflation (excluding telecommunications and domestic travel) eased to 0.8%, but remained at 3.1% in year-ended terms. The RBA observed that the prices of these services are typically among the most sensitive to domestic labor costs, and stronger inflation for market services in the second half of 2025 is consistent with ongoing strength in broader measures of labor costs over the past year. In quarterly terms, inflation for meals out and takeaway eased in December 2025, but for most other market services categories inflation remained higher than in the first half of 2025.

Inflation for goods and services with administered prices (excluding utilities) was broadly stable in the quarter but increased in year-ended terms. The RBA observed that lower-than-expected inflation for medical and hospital services – owing to an expansion of bulk billing incentives introduced on November 1, 2025 – was offset by an increase in other motor vehicle costs due to the end of registration discounts in Queensland. Despite the increase in year-ended growth, the RBA observed that administered price inflation has contributed little to the recent pick-up in inflation and remains around its historical average.

Utilities prices decreased 2.5% in the December quarter, following an increase of 5.7% in the September quarter. This reflected that households in some states received a double rebate for electricity prices following a delay in

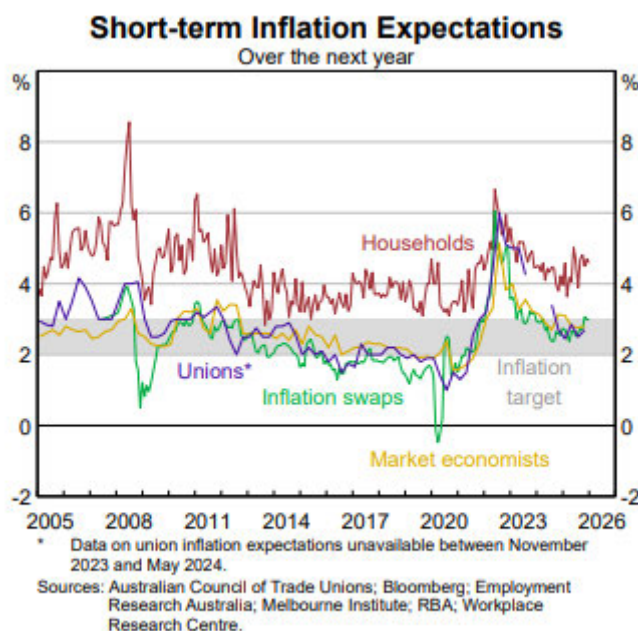

the timing of payments in the September quarter. Nonetheless, electricity prices increased by 26% in year-ended terms, reflecting the expiration of some rebates. A large rise in water and sewerage prices in Sydney – due to a review of pricing that occurs approximately every five years – partially offset the quarterly decline in electricity prices. The RBA noted that although utilities inflation has boosted headline inflation over the past year, it has had a much smaller effect on measures of underlying inflation. The increase in electricity prices through the year primarily reflects a temporary impulse from the roll-off of rebates, which has largely been excluded from the quarterly trimmed mean over this period

*Goods inflation has picked up over the past half year.*

Retail goods inflation was 2.1% in year-ended terms in the December quarter, which was higher than the rate earlier in 2025. Consumer durables inflation increased by 0.6% in the December quarter; however, the RBA noted that it will take time to fully understand the seasonal patterns in the monthly data around sales events including Black Friday/Cyber Monday. The pick-up in consumer durables inflation was stronger than expected by the RBA in the November Statement and coincided with stronger household spending growth. The RBA observed that this may be because strong demand enabled retailers to increase prices by more than might be expected given changes in the prices of imported consumer goods; and noted that fewer retailers in the liaison program have reported margin compression as retail conditions have improved over the past six months. Groceries inflation, excluding fruit and vegetables, was unchanged in the December quarter. Information from liaison suggests that global trade tensions have not materially impacted most firms’ pricing decisions.

*While long-term inflation expectations remain consistent with achieving the inflation target, some short-term measures have increased since late 2024.*

Survey measures of households’ short-term inflation expectations have increased since late 2024 and are slightly above their long-run average. Financial market measures of short-term expectations derived from inflation swaps are also higher than in late 2024, having picked up in recent months alongside higher realized inflation. However, survey and financial market measures of long-term inflation expectations remain broadly stable, supporting the RBA’s assessment that long-term inflation expectations remain anchored at the target.

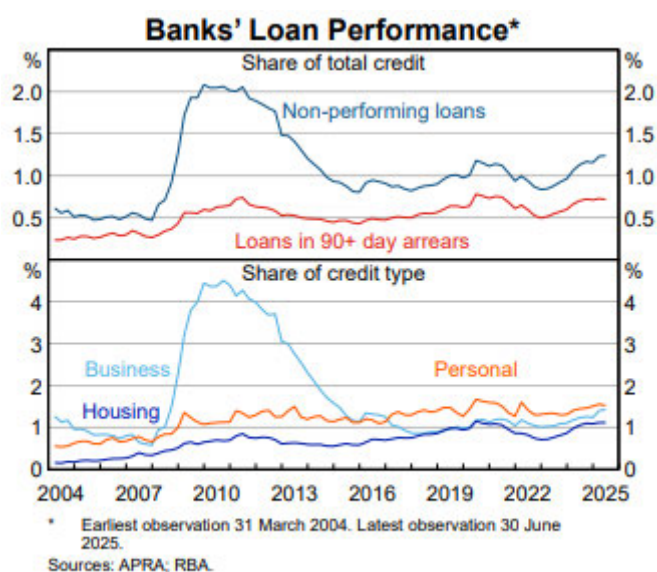

## Australian Banking Sector

In October 2025, the RBA stated that credit quality declined slightly over the first half of 2025 while losses to banks were well contained by strong collateral values.

*NPLs remain small relative to banks' capacity to absorb losses.*

The RBA observed that non-performing loans (NPLs) as a share of credit – a broader measure of credit quality than loan arrears – has increased modestly since the 2022 low to 1.2% in June 2025. The share is now slightly above the pandemic-related peak, but well below the global financial crisis highs. The RBA noted that after contributing to the aggregate increase in NPLs in 2024, housing NPLs have stabilized in recent quarters. While the share of housing NPLs has trended up over the past two decades, this has not been accompanied by a corresponding increase in overall loan losses in part due to banks maintaining prudent lending standards, such as limiting loan-to-value ratios. By contrast, business NPLs have picked up over the past year, driven by loans to non-financial businesses. The RBA observed that, overall, the share of business NPLs has remained contained in recent years, even as business insolvencies have increased sharply; most businesses entering insolvency have been of small size with little debt. The share of personal NPLs has also increased since 2022 but personal loans account for less than 5% of total credit.

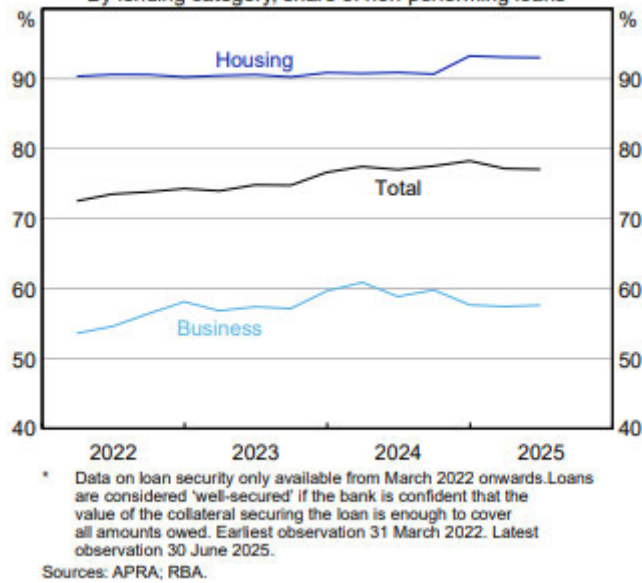

*Banks' loan losses have remained low since the pandemic, reflecting low arrears rates and strong collateralization of lending.*

Housing price growth in recent years has helped some severely stressed mortgage borrowers repay their debts by selling their property. The RBA observed that while this is a very disruptive adjustment for owner-occupier borrowers, it has insulated banks from losses. A severe economic shock would increase banks' credit losses by pushing more businesses and households into stress and reducing the value of loan collateral (generally residential property), but housing prices would need to fall significantly for negative equity (and therefore losses to banks) to become widespread. The RBA observed that less than 1% of loans are in negative equity at current housing prices and banks consider that the bulk of housing NPLs remain well secured. The RBA noted that if the recent increase in business insolvencies were to shift more towards businesses that owe bank debt, banks could realize higher credit losses, with around 45% of business NPLs currently not classified by banks as well secured. The RBA observed that banks have, however, increased their loss provisions for business loans in line with the gradual rise in business NPLs that are classified as not well secured.

### Well-secured Non-performing Loans\*

By lending category, share of non-performing loans

The high quantity and quality of capital in the banking system means it could absorb large losses while continuing to provide credit.

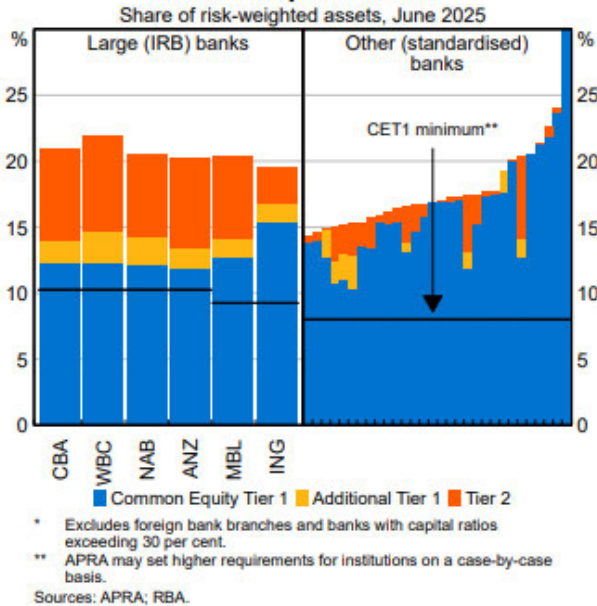

The banking system's ratio of CET1 capital – the highest quality of regulatory capital – to risk-weighted assets was 12.4% in June 2025. The changes by APRA to improve the effectiveness of bank capital in a crisis take effect from 2027 and include replacing AT1 capital instruments with other forms of capital considered more reliable in periods of stress. AT1 instruments issued by banks are expected to be phased out by 2032.

Solid provisioning and profitability should also provide buffers against shocks.

The RBA observed that both provisioning and profitability have recently stabilized at close to their pre-pandemic levels. Banks report some pressure on net interest margins from lending competition; however, funding costs are also decreasing as rates on deposits and wholesale funding sources decline.

### Banks' Capital Ratios\*

Share of risk-weighted assets, June 2025

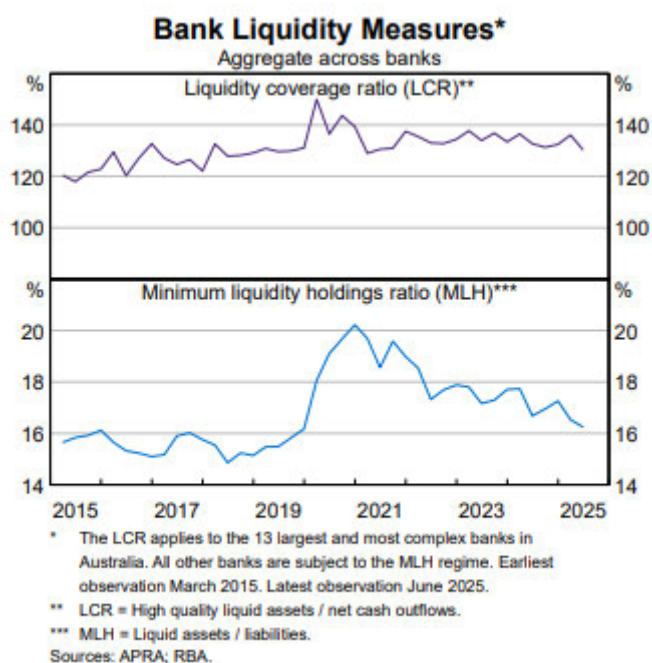

*Banks hold liquid assets to ensure they can make payments to other financial institutions and to help manage large, unexpected cash outflows.*

Exchange Settlement (ES) balances held at the RBA are used to settle interbank payments. ES balances can be borrowed from the RBA, against high quality collateral, for short terms at an interest rate a little above the cash rate. If eligible counterparties cannot find liquidity on suitable terms in private markets or via the RBA's open market operations (OMO), they are expected and encouraged to use the RBA's overnight standing facility. The RBA and APRA consider the use of the overnight standing facility by banks to be consistent with routine liquidity management activities.

*The banking sector's significant reserves of liquid assets provide a buffer for unexpected shocks.*

The RBA observed that banks' liquidity ratios remain above pre-pandemic levels and well above regulatory requirements. However, the RBA also observed that given the rapid nature of deposit runs in the digital era, the ability for banks to monetize their liquid asset portfolios in a severe liquidity stress event, with limited erosion of value, is a vulnerability for banking systems globally, including in Australia. Banks with concentrated asset holdings in particular markets, such as bank debt securities, could struggle to sell those securities without reducing their value and liquidity during the sale. This could impact other banks that hold the same securities and further propagate stress. The RBA's OMO helps to mitigate this vulnerability; under the RBA's 'ample reserves with full allotment' system, eligible counterparties can borrow as many ES balances as they demand at weekly OMO against eligible collateral. APRA's targeted changes to minimum liquidity holdings (MLH) banks' liquidity requirements are also expected to limit the potential for liquidity stress to propagate through the financial system; MLH banks are required to report the market value of their liquid assets from July 1, 2025 and APRA expects MLH banks to take steps to improve the diversification of their liquidity portfolios. A decision on phasing out bank debt securities as liquid assets to meet MLH requirements has been deferred to be considered as part of a broader APRA review of liquidity risk.

*The increasing complexity and volatility in the operating environment for financial institutions raises new risk management challenges.*

The RBA observed that technological innovation is expanding the set of financial products available and changing the delivery of financial services, facilitating the entrance of new providers, and changing the ways that risks arise and are managed. Greater adoption of digital technologies in financial institutions increases the technological complexity of their systems and the potential for operational incidents to occur, including technological outages and reputational risks if data integrity is compromised. This risk environment may complicate an institution's

response, including communication strategies. In certain circumstances, operational events could amplify financial risks to an institution.

*Ensuring operational resilience in financial institutions, including their outsourced operations, remains critical.*

APRA's new prudential standard on operational risk management, CPS 230, commenced in July 2025. It is aimed at ensuring APRA-regulated entities, including superannuation funds, are resilient to operational risks and related disruptions. It also requires entities to manage the risks arising from the use of material service providers. If critical operations delivered by material service providers are concentrated in a small number of providers, incidents at those providers have the potential to cause systemic impacts. CFR agencies are working together and with industry to improve the resilience of the Australian financial system as it becomes increasingly digitalized.

## **DESCRIPTION OF THE COVERED BONDS PROVISIONS OF THE AUSTRALIAN BANKING ACT**

The Banking Amendment (Covered Bonds) Act 2011 (Cth) (the **Amendment Act**) came into force on October 17, 2011 and amended the Australian Banking Act to specifically facilitate the issuance of covered bonds by authorized deposit-taking institutions (**ADIs**). The Amendment Act sets out a detailed regulatory framework for the issuance of covered bonds (the **Covered Bonds Provisions**). At the date of this Offering Circular, there are no regulations in support of the Covered Bonds Provisions. On June 13, 2019, APRA issued an updated final prudential standard (Prudential Standard APS 121 Covered Bonds) (**APS 121**) which sets out the prudential requirements that apply to ADIs that issue covered bonds in accordance with the Covered Bonds Provisions. On October 25, 2022, APRA released minor consequential amendments arising from the ADI capital reforms to 11 prudential standards, including APS 121. The amended APS 121 became effective in January 2023. The key requirements of this Prudential Standard are that an authorized deposit-taking institution must adopt policies and procedures to manage risks relating to its issuance of covered bonds, and apply an appropriate capital treatment to exposures associated with a covered bond issuance.

### ***Eligible Issuer***

The Australian Banking Act allows for ADIs that are regulated by APRA to issue covered bonds subject to compliance with the requirements of the Australian Banking Act. Any such covered bonds must be secured by assets beneficially owned by a covered bond special purpose vehicle. The Covered Bond Guarantor is a “covered bond special purpose vehicle” for the purposes of the Australian Banking Act.

### ***Cap on issuance***

Under the Australian Banking Act, an ADI is precluded from issuing covered bonds if, at the time of issuance, the value of the assets in all cover pools maintained by the ADI exceeds 8% (or such other percentage prescribed by regulation for the purposes of section 28 of the Australian Banking Act) of the value of the ADI’s assets in Australia at that time.

### ***Eligible assets***

The Australian Banking Act provides that the cover pool for covered bonds consists of the assets beneficially owned by the covered bond special purpose vehicle to the extent that they secure the liabilities to the covered bondholders equally or in priority to any other liabilities. It also sets out the assets eligible for inclusion in a cover pool held by the covered bond special purpose vehicle for the purposes of securing covered bonds issued by an ADI. Accordingly, the assets in a cover pool must be one of the following:

- (a) at call deposits held with an ADI and convertible into cash within two business days;
- (b) bank accepted bills or certificates of deposit not issued by the Issuer that are eligible for repurchase transactions with the RBA and mature within 100 days;
- (c) government debt instruments issued or guaranteed by the Commonwealth, a State or a Territory;
- (d) residential mortgage loans;
- (e) commercial mortgage loans;
- (f) mortgage insurance policies or other assets related to a loan referred to in paragraphs (d) and (e) above;
- (g) a contractual right relating to the holding or management of another asset in a cover pool;
- (h) certain types of derivatives; and
- (i) any other asset prescribed from time to time by regulation for the purposes of section 31(1)(i) of the Australian Banking Act.

The value of assets in the cover pool which are bank accepted bills or certificates of deposit as described in paragraph (b) above must not exceed 15% of the face value of the covered bonds. There is currently no such limit prescribed in relation to the other types of assets set out above.

Further, the cover pool must not contain an asset of a kind prescribed by regulation for the purposes of section 31(3) of the Australian Banking Act. There are currently no such assets prescribed by regulation.

The Covered Bonds Provisions expressly provide that a statutory manager or an external administrator of the issuing ADI has no powers in relation to the assets in the cover pool apart from the contractual powers that the issuing ADI may have and the contractual obligations of the issuing ADI in relation to the assets.

#### ***APRA's powers under the Australian Banking Act***

In addition to the powers that APRA had in relation to an ADI under the Australian Banking Act prior to the enactment of the Covered Bonds Provisions, the Amendment Act has given APRA specific powers relating to covered bond issuances. Those powers include the following:

- (a) *No issue*: APRA has the power to direct an issuing ADI not to issue covered bonds where APRA gives a direction under section 11CA of the Australian Banking Act or in circumstances where APRA has reason to believe that the ADI has contravened the Covered Bonds Provisions, the Australian Banking Act, a prudential requirement regulation or a prudential standard relating to covered bonds.
- (b) *No top-up*: APRA has the power to direct the issuing ADI, in certain circumstances, not to transfer any asset to the covered bond special purpose vehicle. The relevant circumstances in which APRA may exercise such a power include, amongst other circumstances, where APRA has reason to believe that the issuing ADI has or is likely to contravene the Covered Bonds Provisions, the Australian Banking Act, a prudential requirement regulation or a prudential standard relating to covered bonds, the issuing ADI is unable to meet its liabilities, there has been a material deterioration in the issuing ADI's financial condition, the issuing ADI is conducting its affairs in an improper or financially unsound way, the failure to issue a direction would materially prejudice the interests of the issuing ADI's depositors or the issuing ADI is conducting its affairs in a way that may cause or promote instability of the Australian financial system.

Further, APRA also has the power to direct a covered bond special purpose vehicle in certain circumstances to return assets to the issuing ADI which do not secure covered bond liabilities. A covered bond liability does not include a liability to the issuing ADI (other than a liability in respect of derivatives and for the provision of services) which is secured in priority to any liability to holders of Covered Bonds. However, as described under "Eligible Assets", to the extent that assets secure the covered bond liabilities of the issuing ADI, the Covered Bonds Provisions expressly provide that a statutory manager or an external administrator of the issuing ADI has no powers in relation to those assets.

For a more detailed description of APRA's powers and the potential consequences for the Programme, see the section "*Risk Factors – APRA's powers under the Australian Banking Act*" in this Offering Circular.

#### ***Maintenance of the cover pool***

The Covered Bonds Provisions require the issuing ADI to maintain the value of the cover pool at an amount which is no less than a specified minimum. The issuing ADI must ensure that the value of the assets in the cover pool is at least 103% of the face value of the outstanding covered bonds. For the purpose of calculating the value of the assets in the cover pool, the Australian Banking Act imposes a maximum loan to value ratio of no greater than 80% in respect of loans secured by a mortgage over residential property and a maximum loan to value ratio of no greater than 60% in respect of loans secured by a mortgage over commercial property, in each case, taking into account any prior or equal ranking loans secured by that property.

The Australian Banking Act does not specify a maximum level of over-collateralization which affords ADIs the flexibility to determine the appropriate level of over-collateralization. However APRA has the power to prevent an ADI from maintaining the cover pool in particular circumstances, such as where the ADI is facing financial difficulty. See the section "*APRA's powers under the Australian Banking Act*" above.

#### ***Cover Pool Monitor***

The Covered Bonds Provisions require a cover pool monitor to be appointed in respect of the cover pool securing the covered bonds issued by an ADI. The cover pool monitor must be an auditor registered under the Australian Corporations Act or the holder of an Australian Financial Services Licence (AFSL) covering the provision of

financial services as a cover pool monitor or be exempt from holding such an AFSL. The issuing ADI or an associated entity (as defined in the Australian Corporations Act) of the issuing ADI is not permitted to be the cover pool monitor.

The functions of the cover pool monitor include, amongst others:

- (a) to assess the maintenance of an accurate register by the ADI or the covered bond special purpose vehicle of the assets in the cover pool at least every six months;
- (b) to assess the Issuer's and the Seller's compliance with sections 31 and 31A of the Australian Banking Act;
- (c) to provide reports relating to the cover pool to APRA on written request by APRA; and
- (d) other functions prescribed by regulation for the purposes of section 30 of the Australian Banking Act.

## BOOK ENTRY CLEARANCE SYSTEMS

*The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of the clearing systems currently in effect. The information in this section concerning the clearing systems has been obtained from sources that the Issuer believes to be reliable, but none of the Issuer, the Covered Bond Guarantor, the Security Trustee, the Bond Trustee nor any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the clearing systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant clearing system. None of the Issuer, the Covered Bond Guarantor nor any other party to the Principal Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Covered Bonds held through the facilities of any clearing system or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.*

### Book-entry systems

#### DTC

DTC is a limited purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to Section 17A of the Exchange Act. DTC holds and provides asset servicing for securities that its participants (**Direct Participants**) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (**DTCC**). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (**Indirect Participants**). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Direct or Indirect Participants are on file with the SEC. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of DTC Covered Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Covered Bonds on DTC’s records. The ownership interest of each actual purchaser of each DTC Covered Bond (**Beneficial Owner**) is in turn to be recorded on the Direct and Indirect Participant’s records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Covered Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Covered Bonds, except in the event that use of the book-entry system for the DTC Covered Bonds is discontinued.

To facilitate subsequent transfers, all DTC Covered Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of DTC Covered Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Covered Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such DTC Covered Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Each issue of DTC Covered Bonds shall be represented by a Rule 144A Global Covered Bond and/or a Regulation S Global Covered Bond, each in the aggregate principal amount of such issue sold in reliance on Rule 144A or Regulation S, as the case may be, and will be deposited with DTC. If, however, the aggregate principal amount of any issue exceeds U.S.\$500 million, one Rule 144A Global Covered Bond and/or one Regulation S

Global Covered Bond will be issued with respect to each U.S.\$500 million of principal amount, and an additional Rule 144A Global Covered Bond or Regulation S Global Covered Bond, as applicable, will be issued with respect to any remaining principal amount of such Covered Bonds issued in reliance on Rule 144A or Regulation S, as applicable.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the DTC Covered Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to DTC Covered Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an omnibus proxy (**Omnibus Proxy**) to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Covered Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, principal and interest payments on the DTC Covered Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the Issuer or its paying agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Direct or Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers registered in "street name", and will be the responsibility of such Direct or Indirect Participant and not of DTC or its nominee, the Issuer or its paying agent, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Issuer or its paying agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

Under certain circumstances, DTC will exchange the DTC Covered Bonds for Registered Definitive Covered Bonds, which it will distribute to its Direct Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Covered Bond, will be legended as set forth under Subscription and Sale and Transfer and Selling Restrictions.

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Beneficial Owner desiring to pledge DTC Covered Bonds to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Covered Bonds, will be required to withdraw its Registered Covered Bonds from DTC.

DTC may discontinue providing its services as depository with respect to the DTC Covered Bonds at any time by giving reasonable notice to the Issuer or an Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

The Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Covered Bond certificates will be printed and delivered to DTC.

### ***Euroclear and Clearstream, Luxembourg***

Euroclear and Clearstream, Luxembourg each holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

### **Book-entry ownership of and payments in respect of DTC Covered Bonds**

The Issuer may apply to DTC in order to have any Tranche of Covered Bonds represented by a Registered Global Covered Bond accepted in its book-entry settlement system. Upon the issue of any such Registered Global Covered Bond, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Registered Global Covered Bond to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the Relevant Dealer. Ownership of beneficial interests in such a Registered Global Covered Bond will be limited to Direct Participants or Indirect Participants, including, in the case of any Regulation S Global Covered Bond, the respective depositories of Euroclear, Clearstream, Luxembourg. Ownership of beneficial interests in a Registered Global Covered Bond accepted by DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

It should be noted that DTC will only process payments of principal and interest in U.S. dollars. Payments in U.S. dollars of principal and interest in respect of a Registered Global Covered Bond accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Registered Global Covered Bond. In the case of any payment in a currency other than U.S. dollars in respect of a Registered Global Covered Bond accepted by DTC, payment will be made to the Exchange Agent and the Exchange Agent will (in accordance with express written instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Covered Bond in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Direct Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Direct or Indirect Participants to beneficial owners of Covered Bonds will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Direct or Indirect Participant and not the responsibility of DTC, the Bond Trustee, the Security Trustee, the Agents or the Issuer. Payment of principal, premium, if any, and interest, if any, on Covered Bonds to DTC is the responsibility of the Issuer.

### **Transfers of Covered Bonds represented by Registered Global Covered Bonds**

Transfers of any interests in Covered Bonds represented by a Registered Global Covered Bond within DTC, Euroclear and Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States may require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Covered Bonds represented by a Registered Global Covered Bond to such persons may depend upon the ability to exchange such Covered Bonds for Covered Bonds in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Covered Bonds represented by a Registered Global Covered Bond accepted by DTC to pledge such Covered Bonds to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Covered Bonds may depend upon the ability to exchange such Covered Bonds for Covered Bonds in definitive form. The ability of any holder of Covered Bonds represented by a Registered Global Covered Bond accepted by DTC to resell, pledge or otherwise transfer such Covered Bonds may be impaired if the proposed transferee of such Covered Bonds is not eligible to hold such Covered Bonds through a Direct or Indirect Participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Covered Bonds described under “*Subscription and Sale and Selling Restrictions*”, cross-market transfers between DTC, on the one hand, and directly or indirectly between accountholders in Euroclear and Clearstream, Luxembourg, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the U.S. Registrar,

the U.S. Paying Agent and any custodian (**Custodian**) with whom the relevant Registered Global Covered Bonds have been deposited.

On or after the Issue Date for any Covered Bond, transfers of Covered Bonds of such Series between accountholders in Euroclear and Clearstream, Luxembourg and transfers of Covered Bonds of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Euroclear or Clearstream, Luxembourg and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Euroclear and Clearstream, Luxembourg, on the other, transfers of interests in the relevant Registered Global Covered Bonds will be effected through the U.S. Registrar, the U.S. Paying Agent and the Custodian receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The Covered Bonds will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Covered Bonds among participants and accountholders of DTC, Euroclear and Clearstream, Luxembourg. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Bond Trustee, the Security Trustee, the Issuer, the Covered Bond Guarantor, the Agents or any Dealer will be responsible for any performance by DTC, Euroclear or Clearstream, Luxembourg, or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Covered Bonds represented by Registered Global Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial interests.

## TAXATION

### United States federal income taxation

This section describes the material United States federal income tax consequences to United States holders (as defined below) of owning the Covered Bonds. It applies to you only if you acquire the Covered Bonds in an initial offering and you hold your Covered Bonds as capital assets for tax purposes. This section addresses only United States federal income taxation and does not discuss all of the tax consequences that may be relevant to you in light of your individual circumstances, including foreign, state or local tax consequences, and tax consequences arising under the Medicare contribution tax on net investment income or the alternative minimum tax. This section does not apply to you if you are a member of a class of holders subject to special rules, such as:

- (a) a dealer in securities or currencies,
- (b) a trader in securities that elects to use a mark-to-market method of accounting for your securities holdings,
- (c) a bank,
- (d) a life insurance company,
- (e) a regulated investment company,
- (f) a tax-exempt organization,
- (g) a person that owns Covered Bonds that are a hedge or that are hedged against interest rate or currency risks,
- (h) a person that owns Covered Bonds as part of a straddle or conversion transaction for tax purposes,
- (i) a person that purchases or sells Covered Bonds as part of a wash sale for tax purposes, or
- (j) a person whose functional currency for tax purposes is not the U.S. dollar.

This section applies only to holders of Covered Bonds that are issued in registered form for U.S. federal income tax purposes. This section deals only with Covered Bonds that are due to mature 30 years or less from the date on which they are issued. The United States federal income tax consequences of owning Covered Bonds that are due to mature more than 30 years from their date of issue will be discussed in the applicable supplement. This section deals only with Covered Bonds that are treated as debt for United States federal income tax purposes. The United States federal income tax consequences of owning Covered Bonds that are treated as equity for United States federal income tax purposes will be discussed in the applicable pricing supplement. This section does not address Covered Bonds that are issued on a partly-paid basis. The United States federal income tax consequences of owning Covered Bonds that are issued on a partly-paid basis will be discussed in the applicable pricing supplement. This section is based on the Code, its legislative history, existing and proposed regulations under the Code, published rulings and court decisions, all as currently in effect. These laws are subject to change, possibly on a retroactive basis.

If an entity or arrangement that is treated as a partnership for United States federal income tax purposes holds the Covered Bonds, the United States federal income tax treatment of a partner will generally depend on the status of the partner and the tax treatment of the partnership. A partner in a partnership holding the Covered Bonds should consult its tax advisor with regard to the United States federal income tax treatment of an investment in the Covered Bonds.

Any special United States federal income tax considerations relevant to a particular issue of Covered Bonds will be provided in the applicable supplement. Accordingly, investors should also consult the applicable supplement for any additional discussion regarding the United States federal income tax consequences applicable to a particular issuance of Covered Bonds.

Please consult your own tax advisor concerning the consequences of owning these Covered Bonds in your particular circumstances under the Code and the laws of any other taxing jurisdiction.

If you are not a United States holder, this section does not apply to you. You are a United States holder if you are a beneficial owner of a Covered Bond and you are, for United States federal income tax purposes:

- (a) a citizen or resident of the United States,
- (b) a domestic corporation (including an entity treated as a domestic corporation for United States federal income tax purposes),
- (c) an estate whose income is subject to United States federal income tax regardless of its source, or
- (d) a trust if a United States court can exercise primary supervision over the trust's administration and one or more United States persons are authorized to control all substantial decisions of the trust.

### ***Payments of Interest***

Except as described below in the case of interest on a discount Covered Bond that is not qualified stated interest, each as defined below under “– *Original Issue Discount – General*”, you will be taxed on any interest on your Covered Bond, whether payable in U.S. dollars or other Specified Currency, as ordinary income at the time you receive the interest or when it accrues, depending on your method of accounting for tax purposes.

Interest paid by the Issuer on the Covered Bonds and original issue discount, if any, accrued with respect to the Covered Bonds (as described below under “– *Original Issue Discount*”) is generally income from sources outside the United States subject to the rules regarding the foreign tax credit allowable to a United States holder. Under the foreign tax credit rules, interest, original issue discount, and additional amounts will generally be “passive” income for purposes of computing the foreign tax credit.

*Cash Basis Taxpayers.* If you are a taxpayer that uses the cash receipts and disbursements method of accounting for tax purposes and you receive an interest payment that is denominated in, or determined by reference to, a foreign currency, you must recognize income equal to the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether you actually convert the payment into U.S. dollars.

*Accrual Basis Taxpayers.* If you are a taxpayer that uses an accrual method of accounting for tax purposes, you may determine the amount of income that you recognize with respect to an interest payment denominated in, or determined by reference to, a foreign currency by using one of two methods. Under the first method, you will determine the amount of income accrued based on the average exchange rate in effect during the interest accrual period or, with respect to an accrual period that spans two taxable years, that part of the period within the taxable year.

If you elect the second method, you would determine the amount of income accrued on the basis of the exchange rate in effect on the last day of the accrual period, or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year. Additionally, under this second method, if you receive a payment of interest within five business days of the last day of your accrual period or taxable year, you may instead translate the interest accrued into U.S. dollars at the exchange rate in effect on the day that you actually receive the interest payment. If you elect the second method it will apply to all debt instruments that you hold at the beginning of the first taxable year to which the election applies and to all debt instruments that you subsequently acquire. You may not revoke this election without the consent of the IRS.

When you actually receive an interest payment, including a payment attributable to accrued but unpaid interest upon the sale or retirement of your Covered Bond, denominated in, or determined by reference to, a foreign currency for which you accrued an amount of income, you may be required to recognize foreign currency gain or loss. Foreign currency gain or loss is ordinary income or loss (which will not be treated as interest income or expense) measured by the difference, if any, between the U.S. dollar value of the foreign currency payment you receive (determined based on the exchange rate on the date the payment is received) in respect of the accrual period and the U.S. dollar value of interest income that you accrued during the accrual period (as determined above). Foreign currency gain or loss must be recognized regardless of whether you actually convert the payment into U.S. dollars.

### ***Original Issue Discount***

*General.* If you own a Covered Bond, other than a short-term Covered Bond with a term of one year or less, it will be treated as a discount Covered Bond issued at an original issue discount if the amount by which the Covered Bond's stated redemption price at maturity exceeds its issue price is equal to or more than a de minimis amount. Generally, a Covered Bond's issue price will be the first price at which a substantial amount of Covered Bonds included in the issue of which the Covered Bond is a part is sold to persons other than bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents, or wholesalers. A Covered Bond's stated redemption price at maturity is the total of all payments provided by the Covered Bond that are not payments of qualified stated interest. Generally, an interest payment on a Covered Bond is qualified stated interest if it is one of a series of stated interest payments on a Covered Bond that are unconditionally payable at least annually at a single fixed rate, with certain exceptions for lower rates paid during some periods, applied to the outstanding principal amount of the Covered Bond. There are special rules for variable rate Covered Bonds that are discussed under "*– Variable Rate Covered Bonds*".

In general, your Covered Bond is not a discount Covered Bond if the amount by which its stated redemption price at maturity exceeds its issue price is less than the de minimis amount of  $\frac{1}{4}$  of 1% of its stated redemption price at maturity multiplied by the number of complete years to its maturity. Your Covered Bond will have de minimis original issue discount if the amount of the excess is less than the de minimis amount. If your Covered Bond has de minimis original issue discount, you must include the de minimis amount in income as stated principal payments are made on the Covered Bond, unless you make the election described below under "*– Election to Treat All Interest as Original Issue Discount*". You can determine the includible amount with respect to each such payment by multiplying the total amount of your Covered Bond's de minimis original issue discount by a fraction equal to:

- (a) the amount of the principal payment made
- divided by:
- (b) the stated principal amount of the Covered Bond.

Generally, if your discount Covered Bond matures more than one year from its date of issue, you must include original issue discount (**OID**) in income before you receive cash attributable to that income. The amount of OID that you must include in income is calculated using a constant-yield method, and generally you will include increasingly greater amounts of OID in income over the life of your Covered Bond. More specifically, you can calculate the amount of OID that you must include in income by adding the daily portions of OID with respect to your discount Covered Bond for each day during the taxable year or portion of the taxable year that you hold your discount Covered Bond. You can determine the daily portion by allocating to each day in any accrual period a pro rata portion of the OID allocable to that accrual period. You may select an accrual period of any length with respect to your discount Covered Bond and you may vary the length of each accrual period over the term of your discount Covered Bond. However, no accrual period may be longer than one year and each scheduled payment of interest or principal on the discount Covered Bond must occur on either the first or final day of an accrual period.

You can determine the amount of OID allocable to an accrual period by:

- (a) multiplying your discount Covered Bond's adjusted issue price at the beginning of the accrual period by your Covered Bond's yield to maturity, and then
- (b) subtracting from this figure the sum of the payments of qualified stated interest on your Covered Bond allocable to the accrual period.

You must determine the discount Covered Bond's yield to maturity on the basis of compounding at the close of each accrual period and adjusting for the length of each accrual period. Further, you determine your discount Covered Bond's adjusted issue price at the beginning of any accrual period by:

- (a) adding your discount Covered Bond's issue price and any accrued OID for each prior accrual period, and then
- (b) subtracting any payments previously made on your discount Covered Bond that were not qualified stated interest payments.

If an interval between payments of qualified stated interest on your discount Covered Bond contains more than one accrual period, then, when you determine the amount of OID allocable to an accrual period, you must allocate the amount of qualified stated interest payable at the end of the interval, including any qualified stated interest that is payable on the first day of the accrual period immediately following the interval, pro rata to each accrual period in the interval based on their relative lengths. In addition, you must increase the adjusted issue price at the beginning of each accrual period in the interval by the amount of any qualified stated interest that has accrued prior to the first day of the accrual period but that is not payable until the end of the interval. You may compute the amount of OID allocable to an initial short accrual period by using any reasonable method if all other accrual periods, other than a final short accrual period, are of equal length.

The amount of OID allocable to the final accrual period is equal to the difference between:

- (a) the amount payable at the maturity of your Covered Bond, other than any payment of qualified stated interest, and
- (b) your Covered Bond's adjusted issue price as of the beginning of the final accrual period.

*Acquisition Premium.* If you purchase your Covered Bond for an amount that is less than or equal to the sum of all amounts, other than qualified stated interest, payable on your Covered Bond after the purchase date but is greater than the amount of your Covered Bond's adjusted issue price, as determined above under “– *General*”, the excess is acquisition premium. If you do not make the election described below under “– *Election to Treat All Interest as Original Issue Discount*”, then you must reduce the daily portions of OID by a fraction equal to:

- (a) the excess of your adjusted basis in the Covered Bond immediately after purchase over the adjusted issue price of the Covered Bond

divided by:

- (b) the excess of the sum of all amounts payable, other than qualified stated interest, on the Covered Bond after the purchase date over the Covered Bond's adjusted issue price.

*Pre-Issuance Accrued Interest.* An election may be made to decrease the issue price of your Covered Bond by the amount of pre-issuance accrued interest if:

- (a) a portion of the initial purchase price of your Covered Bond is attributable to pre-issuance accrued interest (i.e. interest that has accrued prior to the issue date),
- (b) the first stated interest payment on your Covered Bond is to be made within one year of your Covered Bond's issue date, and
- (c) the payment will equal or exceed the amount of pre-issuance accrued interest.

If this election is made, a portion of the first stated interest payment will be treated as a return of the excluded pre-issuance accrued interest and not as an amount payable on your Covered Bond.

*Covered Bonds Subject to Contingencies Including Optional Redemption.* Your Covered Bond is subject to a contingency if it provides for an alternative payment schedule or schedules applicable upon the occurrence of a contingency or contingencies, other than a remote or incidental contingency, whether such contingency relates to payments of interest or of principal. In such a case, you must determine the yield and maturity of your Covered Bond by assuming that the payments will be made according to the payment schedule most likely to occur if:

- (a) the timing and amounts of the payments that comprise each payment schedule are known as of the issue date and
- (b) one of such schedules is significantly more likely than not to occur.

If there is no single payment schedule that is significantly more likely than not to occur, other than because of a mandatory sinking fund, you must include income on your Covered Bond in accordance with the general rules that govern contingent payment obligations. These rules will be discussed in the applicable supplement.

Notwithstanding the general rules for determining yield and maturity, if your Covered Bond is subject to contingencies, and either you or the Issuer have an unconditional option or options that, if exercised, would require payments to be made on the Covered Bond under an alternative payment schedule or schedules, then:

- (a) in the case of an option or options that the Issuer may exercise, the Issuer will be deemed to exercise or not exercise an option or combination of options in the manner that minimizes the yield on your Covered Bond and
- (b) in the case of an option or options that you may exercise, you will be deemed to exercise or not exercise an option or combination of options in the manner that maximizes the yield on your Covered Bond.

If both you and the Issuer hold options described in the preceding sentence, those rules will apply to each option in the order in which they may be exercised. You would determine the yield on your Covered Bond for the purposes of those calculations by using any date on which your Covered Bond may be redeemed or repurchased as the maturity date and the amount payable on such date in accordance with the terms of your Covered Bond as the principal amount payable at maturity.

If a contingency, including the exercise of an option, actually occurs or does not occur contrary to an assumption made according to the above rules then, except to the extent that a portion of your Covered Bond is repaid as a result of this change in circumstances and solely to determine the amount and accrual of OID, you must redetermine the yield and maturity of your Covered Bond by treating your Covered Bond as having been retired and reissued on the date of the change in circumstances for an amount equal to your Covered Bond's adjusted issue price on that date.

*Election to Treat All Interest as Original Issue Discount.* You may elect to include in gross income all interest that accrues on your Covered Bond using the constant-yield method described above under “– *General*”, with the modifications described below. For purposes of this election, interest will include stated interest, OID, de minimis original issue discount, market discount, de minimis market discount and unstated interest, as adjusted by any amortizable bond premium, described below under “– *Covered Bonds Purchased at a Premium*,” or acquisition premium.

If you make this election for your Covered Bond, then, when you apply the constant-yield method:

- (a) the issue price of your Covered Bond will equal your cost,
- (b) the issue date of your Covered Bond will be the date you acquired it, and
- (c) no payments on your Covered Bond will be treated as payments of qualified stated interest.

Generally, this election will apply only to the Covered Bond for which you make it; however, if the Covered Bond has amortizable bond premium, you will be deemed to have made an election to apply amortizable bond premium against interest for all debt instruments with amortizable bond premium, other than debt instruments the interest on which is excludible from gross income, that you hold as of the beginning of the taxable year to which the election applies or any taxable year thereafter. Additionally, if you make this election for a market discount Covered Bond, you will be treated as having made the election discussed below under “– *Market Discount*” to include market discount in income currently over the life of all debt instruments having market discount that you acquire on or after the first day of the first taxable year to which the election applies. You may not revoke any election to apply the constant-yield method to all interest on a Covered Bond or the deemed elections with respect to amortizable bond premium or market discount Covered Bonds without the consent of the IRS.

*Variable Rate Covered Bonds.* Your Covered Bond will be a variable rate Covered Bond if:

- (a) your Covered Bond's issue price does not exceed the total noncontingent principal payments by more than the lesser of:
  - 1. .015 multiplied by the product of the total noncontingent principal payments and the number of complete years to maturity from the issue date, or
  - 2. 15% of the total noncontingent principal payments; and

- (b) your Covered Bond provides for stated interest, compounded or paid at least annually, only at:
1. one or more qualified floating rates,
  2. a single fixed rate and one or more qualified floating rates,
  3. a single objective rate, or
  4. a single fixed rate and a single objective rate that is a qualified inverse floating rate; and
- (c) the value of any variable rate on any date during the term of your Covered Bond is set no earlier than three months prior to the first day on which that value is in effect and no later than one year following that first day.

Your Covered Bond will have a variable rate that is a qualified floating rate if:

- (a) variations in the value of the rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which your Covered Bond is denominated; or
- (b) the rate is equal to such a rate either:
1. multiplied by a fixed multiple that is greater than 0.65 but not more than 1.35 or
  2. multiplied by a fixed multiple greater than 0.65 but not more than 1.35, and then increased or decreased by a fixed rate.

If your Covered Bond provides for two or more qualified floating rates that are within 0.25 percentage points of each other on the issue date or can reasonably be expected to have approximately the same values throughout the term of the Covered Bond, the qualified floating rates together constitute a single qualified floating rate.

Your Covered Bond will not have a qualified floating rate, however, if the rate is subject to certain restrictions (including caps, floors, governors, or other similar restrictions) unless such restrictions are caps, floors or governors that are fixed throughout the term of the Covered Bond or such restrictions are not reasonably expected to significantly affect the yield on the Covered Bond.

Your Covered Bond will have a variable rate that is a single objective rate if:

- (a) the rate is not a qualified floating rate and
- (b) the rate is determined using a single, fixed formula that is based on objective financial or economic information that is not within the control of or unique to the circumstances of the issuer or a related party.

Your Covered Bond will not have a variable rate that is an objective rate, however, if it is reasonably expected that the average value of the rate during the first half of your Covered Bond's term will be either significantly less than or significantly greater than the average value of the rate during the final half of your Covered Bond's term.

An objective rate as described above is a qualified inverse floating rate if:

- (a) the rate is equal to a fixed rate minus a qualified floating rate and
- (b) the variations in the rate can reasonably be expected to inversely reflect contemporaneous variations in the cost of newly borrowed funds.

Your Covered Bond will also have a single qualified floating rate or an objective rate if interest on your Covered Bond is stated at a fixed rate for an initial period of one year or less followed by either a qualified floating rate or an objective rate for a subsequent period, and either:

- (a) the fixed rate and the qualified floating rate or objective rate have values on the issue date of the Covered Bond that do not differ by more than 0.25 percentage points or

- (b) the value of the qualified floating rate or objective rate is intended to approximate the fixed rate.

In general, if your variable rate Covered Bond provides for stated interest at a single qualified floating rate or objective rate, or one of those rates after a single fixed rate for an initial period of one year or less meeting one of the two requirements described above, all stated interest on your Covered Bond is qualified stated interest. In this case, the amount of OID, if any, is determined by using, in the case of a qualified floating rate or qualified inverse floating rate, the value as of the issue date of the qualified floating rate or qualified inverse floating rate, or, for any other objective rate, a fixed rate that reflects the yield reasonably expected for your Covered Bond.

If your variable rate Covered Bond does not provide for stated interest at a single qualified floating rate or a single objective rate, and also does not provide for interest payable at a fixed rate other than a single fixed rate for an initial period of one year or less meeting one of the two requirements described above, you generally must determine the interest and OID accruals on your Covered Bond by:

- (a) determining a fixed rate substitute for each variable rate provided under your variable rate Covered Bond,
- (b) constructing the equivalent fixed rate debt instrument, using the fixed rate substitute described above,
- (c) determining the amount of qualified stated interest and OID with respect to the equivalent fixed rate debt instrument, and
- (d) adjusting for actual variable rates during the applicable accrual period.

When you determine the fixed rate substitute for each variable rate provided under the variable rate Covered Bond, you generally will use the value of each variable rate as of the issue date or, for an objective rate that is not a qualified inverse floating rate, a rate that reflects the reasonably expected yield on your Covered Bond.

If your variable rate Covered Bond provides for stated interest either at one or more qualified floating rates or at a qualified inverse floating rate, and also provides for stated interest at a single fixed rate other than at a single fixed rate for an initial period of one year or less meeting one of the two requirements described above, you generally must determine interest and OID accruals by using the method described in the previous paragraph. However, your variable rate Covered Bond will be treated, for purposes of the first three steps of the determination, as if your Covered Bond had provided for a qualified floating rate, or a qualified inverse floating rate, rather than the fixed rate. The qualified floating rate, or qualified inverse floating rate, that replaces the fixed rate must be such that the fair market value of your variable rate Covered Bond as of the issue date approximates the fair market value of an otherwise identical debt instrument that provides for the qualified floating rate, or qualified inverse floating rate, rather than the fixed rate.

*Short-Term Covered Bonds.* In general, if you are an individual or other cash basis United States holder of a short-term Covered Bond (i.e., a Covered Bond with a maturity of one year or less), you are not required to accrue OID, as specially defined below for the purposes of this paragraph, for United States federal income tax purposes unless you elect to do so (although it is possible that you may be required to include any stated interest in income as you receive it). If you are an accrual basis taxpayer, a taxpayer in a special class, including, but not limited to, a regulated investment company, common trust fund, or a certain type of pass-through entity, or a cash basis taxpayer who so elects, you will be required to accrue OID on short-term Covered Bond on either a straight-line basis or under the constant-yield method, based on daily compounding. If you are not required and do not elect to include OID in income currently, any gain you realize on the sale or retirement of your short-term Covered Bond will be ordinary income to the extent of the accrued OID, which will be determined on a straight-line basis unless you make an election to accrue the OID under the constant-yield method, through the date of sale or retirement. However, if you are not required and do not elect to accrue OID on your short-term Covered Bonds, you will be required to defer deductions for interest on borrowings allocable to your short-term Covered Bonds in an amount not exceeding the deferred income until the deferred income is realized.

When you determine the amount of OID subject to these rules, you must include all interest payments on your short-term Covered Bond, including stated interest, in your short-term Covered Bond's stated redemption price at maturity.

*Foreign Currency Discount Covered Bonds.* If your discount Covered Bond is denominated in, or determined by reference to, a Specified Currency other than U.S. dollars, you must determine OID for any accrual period on your discount Covered Bond in the Specified Currency and then translate the amount of OID into U.S. dollars in the

same manner as stated interest accrued by an accrual basis United States holder, as described under – *Payments of Interest*”. You may recognize foreign currency gain or loss, which will be ordinary income or loss when you receive an amount attributable to OID in connection with a payment of interest or the sale or retirement of your Covered Bond.

### ***Market Discount***

You will be treated as if you purchased your Covered Bond, other than a short-term Covered Bond, at a market discount, and your Covered Bond will be a market discount Covered Bond if:

- (a) you purchase your Covered Bond for less than its issue price as determined above under “– *Original Issue Discount – General*” and
- (b) the difference between the Covered Bond’s stated redemption price at maturity or, in the case of a discount Covered Bond, the Covered Bond’s revised issue price, and the price you paid for your Covered Bond is equal to or greater than  $\frac{1}{4}$  of 1% of your Covered Bond’s stated redemption price at maturity multiplied by the number of complete years to the Covered Bond’s maturity. To determine the revised issue price of your Covered Bond for these purposes, you generally add any OID that has accrued on your Covered Bond to its issue price.

If your Covered Bond’s stated redemption price at maturity or, in the case of a discount Covered Bond, its revised issue price, exceeds the price you paid for the Covered Bond by less than  $\frac{1}{4}$  of 1% of your Covered Bond’s stated redemption price at maturity multiplied by the number of complete years to the Covered Bond’s maturity, the excess constitutes de minimis market discount, and the rules discussed below are not applicable to you.

You must treat any gain you recognize on the maturity or disposition of your market discount Covered Bond as ordinary income to the extent of the accrued market discount on your Covered Bond not previously included in income. Alternatively, you may elect to include market discount in income currently over the life of your Covered Bond. If you make this election, it will apply to all debt instruments with market discount that you acquire on or after the first day of the first taxable year to which the election applies. You may not revoke this election without the consent of the IRS. If you own a market discount Covered Bond and do not make this election, you will generally be required to defer deductions for interest on borrowings allocable to your Covered Bond in an amount not exceeding the accrued market discount on your Covered Bond until the maturity or disposition of your Covered Bond.

If you own a market discount Covered Bond, the market discount would accrue on a straight-line basis unless you elect to accrue market discount using a constant-yield method. If you make this election, it will apply only to the Covered Bond with respect to which it is made and you may not revoke it. You would, however, not include accrued market discount in income unless you elect to do so as described above.

### ***Covered Bonds Purchased at a Premium***

If you purchase your Covered Bond for an amount in excess of its principal amount (or, in the case of a discount Covered Bond, in excess of the sum of all amounts payable on the Covered Bond after the acquisition date (other than payments of qualified stated interest)), you may elect to treat the excess as amortizable bond premium. If you make this election, you will reduce the amount required to be included in your income each accrual period with respect to interest on your Covered Bond by the amount of amortizable bond premium allocable to that accrual period, based on your Covered Bond’s yield to maturity.

If the amortizable bond premium allocable to an accrual period exceeds your interest income from your Covered Bond for such accrual period, such excess is first allowed as a deduction to the extent of interest included in your income in respect of the Covered Bond in previous accrual periods and is then carried forward to your next accrual period. If the amortizable bond premium allocable and carried forward to the accrual period in which your Covered Bond is sold, retired or otherwise disposed of exceeds your interest income for such accrual period, you would be allowed an ordinary deduction equal to such excess.

If your Covered Bond is denominated in, or determined by reference to, a foreign currency (i.e., a currency other than U.S. dollars), you will compute your amortizable bond premium in units of the foreign currency and your amortizable bond premium will reduce your interest income in units of the foreign currency. Gain or loss recognized that is attributable to changes in exchange rates between the time your amortized bond premium offsets

interest income and the time of the acquisition of your Covered Bond is generally foreign currency gain or loss taxable as ordinary income or loss. If you make an election to amortize bond premium, it will apply to all debt instruments, other than debt instruments the interest on which is excludible from gross income, that you hold at the beginning of the first taxable year to which the election applies or that you thereafter acquire, and you may not revoke it without the consent of the IRS. See also “– *Original Issue Discount – Election to Treat All Interest as Original Issue Discount*”.

### ***Purchase, Sale and Retirement of the Covered Bonds***

Your tax basis in your Covered Bond will generally be the U.S. dollar cost, as defined below, of your Covered Bond, adjusted by:

- (a) adding any OID or market discount previously included in income with respect to your Covered Bond, and then
- (b) subtracting any payments on your Covered Bond that are not qualified stated interest payments and any amortizable bond premium to the extent that such premium either reduced interest income on your Covered Bond or gave rise to a deduction on your Covered Bond.

If you purchase your Covered Bond with foreign currency (i.e., currency other than U.S. dollars), the U.S. dollar cost of your Covered Bond will generally be the U.S. dollar value of the purchase price on the date of purchase. However, if you are a cash basis taxpayer, or an accrual basis taxpayer if you so elect, and your Covered Bond is traded on an established securities market, as defined in the applicable Treasury regulations, the U.S. dollar cost of your Covered Bond will be the U.S. dollar value of the purchase price on the settlement date of your purchase.

You will generally recognize gain or loss on the sale or retirement of your Covered Bond equal to the difference between the amount you realize on the sale or retirement, excluding any amounts attributable to accrued but unpaid interest (which will be treated as interest payments), and your tax basis in your Covered Bond. If your Covered Bond is sold or retired for an amount in foreign currency, the amount you realize will be the U.S. dollar value of such amount on the date the Covered Bond is disposed of or retired, except that in the case of a Covered Bond that is traded on an established securities market, as defined in the applicable Treasury regulations, a cash basis taxpayer, or an accrual basis taxpayer that so elects, will determine the amount realized based on the U.S. dollar value of the foreign currency on the settlement date of the sale.

You will recognize capital gain or loss when you sell or retire your Covered Bond, except to the extent:

- (a) described above under “– *Original Issue Discount – Short-Term Covered Bonds*” or “– *Market Discount*”, or
- (b) attributable to changes in exchange rates as described below.

Capital gain of a noncorporate United States holder is generally taxed at preferential rates where the property is held for more than one year.

You must treat any portion of the gain or loss that you recognize on the sale or retirement of a Covered Bond as ordinary income or loss to the extent attributable to changes in exchange rates. However, you will take exchange gain or loss into account only to the extent of the total gain or loss you realize on the transaction.

### ***Exchange of Amounts in Other Than U.S. Dollars***

If you receive foreign currency (i.e., currency other than U.S. dollars) as interest on your Covered Bond or on the sale or retirement of your Covered Bond, your tax basis in the foreign currency will equal its U.S. dollar value when the interest is received or at the time of the sale or retirement. If you purchase foreign currency, you generally will have a tax basis equal to the U.S. dollar value of the foreign currency on the date of your purchase. If you sell or dispose of a foreign currency, including if you use it to purchase Covered Bonds or exchange it for U.S. dollars, any gain or loss recognized generally will be ordinary income or loss.

### ***Treasury Regulations Requiring Disclosure of Reportable Transactions***

Treasury regulations require United States taxpayers to report certain transactions that give rise to a loss in excess of certain thresholds (a **Reportable Transaction**). Under these regulations, if the Covered Bonds are denominated in a foreign currency, a United States holder (or a Non-United States holder that holds the notes in connection with a U.S. trade or business) that recognizes a loss with respect to the Covered Bonds that is characterized as an ordinary loss due to changes in currency exchange rates (under any of the rules discussed above) would be required to report the loss on IRS Form 8886 (Reportable Transaction Statement) if the loss exceeds the thresholds set forth in the regulations. For individuals and trusts, this loss threshold is U.S.\$50,000 in any single taxable year. For other types of taxpayers and other types of losses, the thresholds are higher. You should consult with your tax advisor regarding any tax filing and reporting obligations that may apply in connection with acquiring, owning and disposing of Covered Bonds.

### ***Information with Respect to Foreign Financial Assets***

Owners of “specified foreign financial assets” with an aggregate value in excess of U.S.\$50,000 (and in some circumstances a higher threshold), may be required to file an information report with respect to such assets with their tax returns. “Specified foreign financial assets” may include financial accounts maintained by foreign financial institutions as well as the following (which may include the Covered Bonds), but only if they are held for investment and not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-U.S. persons, (ii) financial instruments and contracts that have non-U.S. issuers or counterparties and (iii) interests in foreign entities. United States holders are urged to consult their tax advisors regarding the application of this reporting requirement to their ownership of the Covered Bonds.

### ***Foreign Account Tax Compliance Act***

FATCA imposes a 30% withholding tax on certain payments to certain non-U.S. financial institutions, investment funds and other non-U.S. persons that fail to comply with certain information reporting requirements or certification requirements in respect of their direct and indirect United States shareholders and/or United States account-holders. United States account-holders subject to such information reporting or certification requirements may include holders of Covered Bonds, and the Issuer may be required to withhold on a portion of any payment made under the Covered Bonds. In addition, the Issuer may be required to withhold on a portion of any payment under any Covered Bond that is made to a non-U.S. financial institution, investment fund or other non-U.S. person that has not agreed to comply with these information reporting requirements. Such withholding may be imposed at any point in a chain of payments if a non-U.S. payee fails to comply with U.S. information reporting, certification and related requirements. Accordingly, Covered Bonds held through a non-compliant institution may be subject to withholding even if the holder of the Covered Bond otherwise would not be subject to withholding. However, under proposed Treasury regulations, such withholding will not apply to payments made before the date that is two years after the date on which final regulations defining the term “foreign passthru payment” are enacted. Moreover, such withholding would only apply a Covered Bond that is issued at least six months after the date on which final regulations defining the term “foreign passthru payment” are enacted. If a holder of a Covered Bond is subject to withholding pursuant to this paragraph, there will be no additional amounts payable by way of compensation to the holder of a Covered Bond for the deducted amount.

The Australian Government and the U.S. Government signed the IGA on April 28, 2014, providing an alternative means for Australian financial institutions such as us to comply with FATCA. The obligations for Australian financial institutions under the IGA include IRS registration and due diligence and reporting obligations. On May 29, 2014, the Australian Government implemented domestic legislation that enacted the IGA obligations into Australian law. The IGA obligations for Australian financial institutions commenced on July 1, 2014. The Issuer may be subject to U.S. withholding tax if the Issuer fails to either (i) implement such IGA obligations or (ii) enter into an IRS Agreement. Holders of the Covered Bonds may become subject to U.S. withholding if such holders fail to provide information requested by us in order to comply with an IRS Agreement.

Each holder of a Covered Bond should consult its own tax advisor regarding this legislation in light of such holder’s particular situation and the potential impact of the implemented IGA.

### ***Backup Withholding and Information Reporting***

In general, if you are a noncorporate United States holder, information reporting requirements, on IRS Form 1099, generally would apply to payments of principal, any premium and interest on a Covered Bond in the United States,

and the payment of proceeds to you from the sale of a Covered Bond effected at a United States office of a broker. Information reporting may also apply in respect of any OID that accrues on a Covered Bond.

Additionally, backup withholding may apply to such payments if you fail to comply with applicable certification requirements, or (in the case of interest payments) are notified by the IRS that you have failed to report all interest and dividends required to be shown on your federal income tax returns.

Payment of the proceeds from the sale of Covered Bonds effected at a foreign office of a broker generally will not be subject to information reporting or backup withholding. However, a sale effected at a foreign office of a broker could be subject to information reporting in the same manner as a sale within the United States (and in certain cases may be subject to backup withholding as well) if (i) the broker has certain connections to the United States, (ii) the proceeds or confirmation are sent to the United States or (iii) the sale has certain other specified connections with the United States.

You generally may obtain a refund of any amounts withheld under the backup withholding rules that exceed your income tax liability by filing a refund claim with the IRS.

### **Australian Taxation**

*The following taxation summary is of a general nature only and addresses only some of the key Australian tax implications that may arise for a prospective Covered Bondholder as a result of acquiring, holding or transferring the Covered Bond. The following is not intended to be and should not be taken as a comprehensive taxation summary for a prospective Covered Bondholder.*

*The taxation summary is based on the Australian taxation laws in force and the administrative practices of the Australian Taxation Office (the **ATO**) generally accepted as at the date of this Offering Circular. Any of these may change in the future without notice and legislation introduced to give effect to announcements may contain provisions that are currently not contemplated and may have retroactive effect.*

*Prospective Covered Bondholders should also be aware that particular terms of issue of any Series or Tranche of Covered Bonds may affect the tax treatment of that and other Series or Tranches of Covered Bonds. Covered Bondholders should consult their professional advisers in relation to their tax position. Covered Bondholders who may be liable to taxation in jurisdictions other than Australia in respect of their acquisition, holding or disposal of Covered Bonds are particularly advised to consult their professional advisers as to whether they are so liable (and, if so, under the laws of which jurisdictions), since the following comments relate only to certain Australian taxation aspects of the Covered Bonds. In particular, Covered Bondholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Covered Bonds (including the gross amount of any Coupons) even if such payments may be made without withholding or deduction for or on account of taxation under the laws of Australia.*

### **Taxation of interest on Covered Bonds**

#### *Onshore Covered Bondholders*

Covered Bondholders who are Australian tax residents or who are non-residents that hold the Covered Bonds in carrying on business at or through a permanent establishment in Australia will be taxable by assessment in respect of any interest income (including the gross amount of any Coupons) derived in respect of the Covered Bonds. Such Covered Bondholders will generally be required to lodge an Australian income tax return. The timing of assessment of the interest (e.g. a cash receipts or accruals basis) will depend upon the tax status of the particular Covered Bondholder, the Conditions of the Covered Bonds and the potential application of the “Taxation of Financial Arrangements” provisions of the Tax Act, which provide for a specialized regime for the taxation of financial instruments that can affect the amount and timing of recognition of any gain or loss in respect of the Covered Bonds.

Tax at the highest marginal income tax rate plus the Medicare levy (in aggregate, currently 47%) may be deducted from payments on the Covered Bonds if the immediate holder of the Covered Bonds does not provide the Issuer with a tax file number (**TFN**) or an Australian Business Number (**ABN**) (where applicable), or proof of a relevant exemption from quoting such numbers.

### *Offshore Covered Bondholders*

Interest (which for the purposes of withholding tax is defined in section 128A(1AB) of the Tax Act to include amounts in the nature of, or in substitution for, interest and certain other amounts, including premiums on redemption or, for a Covered Bond issued at a discount, the difference between the amount repaid and the issue price) on debentures and certain other debt interests will be subject to interest withholding tax, at a current rate of 10%, where the interest is paid to a non-resident of Australia and not derived in carrying on business at or through an Australian permanent establishment, or to an Australian resident who derived the interest in carrying on business at or through a permanent establishment outside Australia.

Depending on their terms, Covered Bonds could in some cases be characterized as equity interests for tax purposes and be subject to different rules (e.g. Covered Bonds with returns contingent on the Issuer's performance or discretion, or convertible into shares in the Issuer). The Issuer does not intend to issue any Covered Bonds that would be characterized other than as ordinary debt interests or debentures for tax purposes.

Various exemptions are available from interest withholding tax, including the "public offer" exemption, tax treaty exemptions, and pension fund exemption (each discussed further below).

#### *Public offer exemption*

An exemption from Australian interest withholding tax will be available under section 128F of the Tax Act in respect of interest paid on any Covered Bonds if the Issuer remains an Australian resident company both at the time it issues the relevant Series or Tranche of Covered Bonds and at the time interest is paid in respect of the Covered Bonds, and the Series or Tranche of Covered Bonds is issued in a manner which satisfies the "public offer test".

There are five principal methods of satisfying the public offer test, being broadly:

- (a) offers to 10 or more unrelated financial institutions or securities dealers;
- (b) offers to 100 or more investors;
- (c) offers of listed Covered Bonds;
- (d) offers via publicly available electronic or other information sources; and
- (e) offers to a dealer, manager or underwriter who offers to sell those Covered Bonds within 30 days by one of the preceding methods.

The public offer test will not be satisfied in respect of an issue of a Series or Tranche of Covered Bonds if, at the time of issue, the Issuer knew, or had reasonable grounds to suspect, that any of the Covered Bonds, or an interest in any of the Covered Bonds, would be acquired either directly or indirectly by an Offshore Associate (as defined below) of the Issuer, other than in the capacity of a dealer, manager or underwriter in relation to the placement of the Covered Bonds, or in the capacity of a clearing house, custodian, funds manager or responsible entity of a registered scheme.

Accordingly, the Covered Bonds should not be acquired by any Offshore Associate of the Issuer, subject to the exceptions referred to above.

Even if the public offer test is initially satisfied in respect of a Series or Tranche of Covered Bonds, if such Covered Bonds later come to be held by an Offshore Associate of the Issuer, and at the time of payment of interest on those Covered Bonds, the Issuer knows or has reasonable grounds to suspect that such person is an Offshore Associate of the Issuer, the exemption under section 128F does not apply to interest paid by the Issuer to such Offshore Associate in respect of those Covered Bonds, unless the Offshore Associate receives the payment in the capacity of a clearing house, paying agent, custodian, funds manager or responsible entity of a registered scheme.

For the purposes of this section, an **Offshore Associate** is an “associate” of the Issuer as defined in section 128F(9) of the Tax Act who is:

- (a) a non-resident of Australia that does not acquire the Covered Bonds or an interest in the Covered Bonds in carrying on a business in Australia at or through a permanent establishment of the associate in Australia; or
- (b) a resident of Australia that acquires the Covered Bonds or an interest in the Covered Bonds in carrying on a business in a country outside Australia at or through a permanent establishment of the associate in that country.

The definition of **associate** includes, among other things, persons who have a majority voting interest in the Issuer, or who are able to influence or control the Issuer, and persons in whom the Issuer has a majority voting interest, or whom the Issuer is able to influence or control (however this is not a complete statement of the definition).

Unless otherwise specified in any applicable Pricing Supplement (or another relevant supplement to this Offering Circular), the Issuer intends to issue the Covered Bonds in a manner which will satisfy the requirements of section 128F of the Tax Act.

#### *Tax treaty exemption*

Various Australian double tax agreements, including those with the United States of America, the United Kingdom, Norway, Finland, Iceland, the Republic of France, Japan, the Federal Republic of Germany, Switzerland, the Republic of South Africa and New Zealand (each a **Specified Country**), include exemptions from interest withholding tax for interest derived by:

- (a) the government of the relevant Specified Country and certain governmental authorities and agencies in the Specified Country; and
- (b) certain unrelated banks, and financial institutions which substantially derive their profits by carrying on a business of raising and providing finance, which are resident in the Specified Country, and which are dealing wholly independently with the Issuer (interest paid under a back-to-back loan or economically equivalent arrangement will not qualify for this exemption).

The Australian Government is progressively amending its other double tax agreements to include similar kinds of interest withholding tax exemptions. The availability of relief under Australia’s double tax agreements may be limited by Australia’s adoption of the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting in circumstances where a Covered Bondholder has an insufficient connection with the relevant jurisdiction. Prospective Covered Bondholders should obtain their own independent tax advice as to whether any of the exemptions under the relevant double tax agreements may apply to their particular circumstances.

#### *Pension fund exemption*

An exemption is available in respect of interest paid to a non-resident superannuation fund where that fund is a superannuation fund maintained solely for foreign residents and the interest arising from the Covered Bonds is exempt from income tax in the country in which such superannuation fund is resident. However, this exemption may not apply to interest derived from the Issuer if the fund has either (i) an ownership interest (direct and indirect) of 10% or more in the Issuer or (ii) influence over the Issuer’s key decision-making.

#### *Payment of additional amounts*

As set out in more detail in the Conditions, and unless expressly provided to the contrary in the applicable Pricing Supplement (or another relevant supplement to this Offering Circular), if the Issuer is at any time required by law to deduct or withhold an amount in respect of any taxes imposed or levied by the Commonwealth of Australia in respect of the Covered Bonds, the Issuer must, subject to certain exceptions (as set out in Condition 7 of the Programme Conditions), pay such additional amounts as may be necessary in order to ensure that the net amounts received by the holders of those Covered Bonds after such deduction or withholding are equal to the respective amounts which would have been received had no such deduction or withholding been required. If there is a change in law or regulation as set out in Condition 5.2 of the Programme Conditions, requiring the Issuer to pay such

additional amounts in relation to any Covered Bonds, the Covered Bonds may be redeemed at the option of the Issuer in whole, but not in part, on giving not less than 30 nor more than 60 days' notice to the Bond Trustee (see further Condition 5.2 of the Programme Conditions).

### ***Taxation of gains on disposal or redemption***

#### *Onshore Covered Bondholders*

Covered Bondholders who are Australian tax residents, or who are non-residents that hold the Covered Bonds in carrying on business at or through a permanent establishment in Australia, will be required to include any gain on disposal or redemption of the Covered Bonds in their assessable income and may be able to deduct any loss on disposal or redemption of the Covered Bonds, depending on their personal circumstances.

The determination of the amount and timing of any gain or loss on disposition or redemption of the Covered Bonds may be affected by the "Taxation of Financial Arrangements" provisions of the Tax Act, which provide for a specialized regime for the taxation of financial instruments, and, where the Covered Bonds are denominated in a currency other than Australian Dollars, the foreign currency rules. Prospective Covered Bondholders should obtain their own independent tax advice in relation to the determination of any gain or loss on disposal or redemption of the Covered Bonds.

#### *Offshore Covered Bondholders*

A Covered Bondholder who is a non-resident of Australia and who has never held the Covered Bonds through a permanent establishment in Australia will not be subject to Australian income tax on gains realized on the disposal or redemption of the Covered Bonds, provided such gains do not have an Australian source. A gain arising on the sale of the Covered Bonds by a non-Australian resident holder to another non-Australian resident where the Covered Bonds are sold outside Australia and all negotiations are conducted, and documentation executed, outside Australia, should generally not be regarded as having an Australian source. In certain cases, a non-Australian resident holder may be able to claim an exemption from Australian income tax on Australian-sourced gains pursuant to the terms of an applicable double tax agreement.

Special rules can apply to treat a portion of the purchase price of Covered Bonds as interest for withholding tax purposes where deferred-return Covered Bonds (for example, Covered Bonds which pay a return that is deferred by more than 12 months) are sold to an Australian Covered Bondholder. Any deemed interest under these rules is able to qualify for exemption from withholding tax as described above.

### ***Payments by the Covered Bond Guarantor***

If the Issuer fails to pay an amount of principal or interest on the Covered Bonds, then the Covered Bond Guarantor may be required to make payments to the holders of Covered Bonds under the Covered Bond Guarantee. Where such payments relate to interest (including premiums on redemption or, for a Covered Bond issued at a discount, the difference between the amount repaid and the issue price), it is not clear whether such payments would also be treated as interest for Australian withholding tax purposes. The definition of interest for Australian withholding tax purposes in subsection 128A(1AB) of the Tax Act is very broad and includes amounts in the nature of interest and amounts in substitution for interest.

The ATO's view, as reflected in *Taxation Determination TD 1999/26*, is that such payments under the Covered Bond Guarantee would be interest for Australian withholding tax purposes. Based on this approach, interest withholding tax would be imposed at the rate of 10% in relation to any payments made by the Covered Bond Guarantor in respect of interest on the Covered Bonds (or other amounts due under the Bonds other than the repayment of amounts subscribed for the Bonds) subject to such relief as may be available under the provisions of any applicable double tax treaty or to any other exemption that may apply.

As discussed above, the exemption that is commonly relied upon by Australian debt issuers is the public offer exemption in section 128F of the Tax Act. The ATO states in TD 1999/26 that guarantee payments would be treated as exempt from withholding tax under section 128F of the Tax Act if the requirements of that section are satisfied with respect to the underlying Covered Bonds. If the requirements of section 128F of the Tax Act are satisfied in relation to the Covered Bonds, then payments by the Covered Bond Guarantor should not be subject to Australian withholding tax.

In the event payments by the Covered Bond Guarantor are subject to any withholding or deduction for or on account of tax, the Covered Bond Guarantor will not be required to pay any additional amounts (see further Condition 7 of the Programme Conditions).

### ***Stamp duty***

No ad valorem stamp, issue, registration or similar taxes are payable in Australia on the issue, transfer or redemption of the Covered Bonds.

### ***Goods and Services Tax***

Neither the issue nor receipt of the Covered Bonds will give rise to a liability for GST in Australia on the basis that the supply of Covered Bonds will comprise either an input taxed financial supply or (in the case of a non-resident of Australia who is not in Australia at the time of the supply) a GST-free supply. Furthermore, neither the payment of principal or interest on the Covered Bonds would give rise to a GST liability.

### ***Tax treatment of the Covered Bond Guarantor***

The tax treatment of the Covered Bond Guarantor could affect the Covered Bond Guarantor's ability to make payments under the Intercompany Loan, the Demand Loan, the Interest Rate Swap, the Covered Bond Swaps and, if called upon, the Covered Bond Guarantee.

### ***Income Tax Status of the Covered Bond Guarantor***

As the Trust is wholly owned by the Issuer, it will be a member of the Issuer's tax consolidated group, and will be taken to be a part of the head company of that group for most Australian income tax purposes. The primary responsibility for income tax liabilities rests with the head company of a tax consolidated group. As a result, the Covered Bond Guarantor will not be subject to any income tax liability in respect of the income of the Covered Bond Guarantor in the first instance.

All members of the Issuer tax consolidated group, including the Covered Bond Guarantor, can become jointly and severally liable for the tax liabilities of that group where the head company of that group defaults on those tax liabilities. However, where the members of that group have entered into a valid and effective tax sharing agreement covering all of the group's tax liabilities, the liability of each member, including the Covered Bond Guarantor, will be limited to a reasonable allocation of the group's tax liabilities. Under the Issuer tax consolidated group's tax sharing agreement, subject to certain assumptions regarding the operation of the Covered Bond Guarantor, the Covered Bond Guarantor should have a nil allocation of that group's tax liabilities.

It is the opinion of Allen Overy Shearman Sterling that the Issuer tax consolidated group's tax sharing agreement is consistent with the current guidance published by the Australian Commissioner of Taxation in relation to tax sharing agreements. It should be noted however that it is possible that the Commissioner of Taxation could change his current views, and any ultimate determination rests with the Courts. In addition, certain prescribed circumstances can operate to invalidate a tax sharing agreement, however, the Issuer will seek to ensure that no such circumstances occur. Subject to those qualifications, it is the opinion of Allen Overy Shearman Sterling that the Issuer tax consolidated group's tax sharing agreement is valid and effective.

Additionally, the Covered Bond Guarantor has acceded to the Issuer tax consolidated group's tax funding agreement, under which members of the tax consolidated group may be required to pay funding obligations in respect of taxes. However, under the terms of the tax funding agreement, the Covered Bond Guarantor should not be liable to pay any funding obligations in respect of its activities.

### ***GST treatment of Covered Bond Guarantor***

Pursuant to the terms of the Bond Trust Deed, the Covered Bond Guarantor has guaranteed payments of interest and principal under the Covered Bonds. The Covered Bond Guarantor has agreed to pay an amount equal to the Guaranteed Amount when the same becomes Due for Payment but which would otherwise be unpaid by the Issuer. In addition, the Covered Bond Guarantor has agreed to pay certain other amounts in accordance with the applicable Priority of Payments.

The supply of some services made to the Covered Bond Guarantor may give rise to a liability for GST on the part of the relevant service provider. The GST position in this regard is covered below. However, where the Trust, for which the Covered Bond Guarantor is trustee, and the relevant service provider are grouped for GST purposes, no GST liability arises and input tax credit entitlements in respect of acquisitions made from outside of the GST group will depend on the supplies and acquisitions of the GST group as a whole.

The Trust joined the GST group, of which the Commonwealth Bank of Australia is the representative member, with effect from July 1, 2020 (**CBA GST Group**). Accordingly, the transactions entered into between the members of the CBA GST group are ignored for GST purposes and transactions entered into by the members of the CBA GST group with persons outside the CBA GST group are attributed to the representative member. The representative member has the liability to pay the GST payable by (and the ability to claim input tax credits payable to) the group. The Trust acceded to the Commonwealth Bank of Australia Indirect Tax Sharing Agreement dated July 1, 2020 (**ITSA**) with effect from July 1, 2020. Subject to our comments below relating to the application of the Taxation Administration Act 1953 (**TAA**), a Trust that joins the CBA GST Group and accedes to the ITSA will not be liable for the indirect tax liabilities of the CBA GST Group.

Under the TAA, members of a GST group are jointly and severally liable to pay any indirect tax amount that is payable by a representative member under an indirect tax law. Where members of a GST group enter into an indirect tax sharing agreement that complies with section 444-90 of Schedule 1 to the TAA, the liability of a particular member of the GST group to pay an indirect tax amount may be limited to its “contribution amount” as calculated under the indirect tax sharing agreement. We understand that the purpose of the ITSA was to limit the indirect tax liability of each member of the CBA GST Group in this way, including the Trust, which is now part of the CBA GST Group. Assuming that the allocation methodology in the ITSA is accepted by the Australian Commissioner of Taxation as being reasonable, and subject to certain other assumptions regarding the ITSA, the CBA GST Group’s ITSA should be regarded as valid and effective. It is possible that the Commissioner of Taxation could take a different view, and any ultimate determination rests with the Courts. It is expected that, unless there are any reverse charge GST obligations of the Covered Bond Guarantor, the “contribution amount” for the Covered Bond Guarantor should be nil.

In relation to the acquisition of taxable services by the Covered Bond Guarantor from a service provider who is not part of the same GST group:

- (a) In the ordinary course of business, the service provider would charge the Covered Bond Guarantor an additional amount on account of GST unless the agreed fee is already GST-inclusive.
- (b) Assuming that the CBA GST Group exceeds the financial acquisitions threshold for the purposes of Division 189 of the GST Act and the CBA GST Group will not be entitled to utilize the borrowing concession set out in s 11-15(5) of the GST Act, an input tax credit or a full input tax credit from the ATO would not be available to the extent that the acquisition relates to input taxed supplies made by the Covered Bond Guarantor (including in respect of the Intercompany Loan, the Demand Loan and any Mortgage Loan Rights to be acquired by the Covered Bond Guarantor).
- (c) In the case of acquisitions which relate to the making of supplies of the nature described above, a “reduced input tax credit” may be available to the CBA GST Group in relation to certain acquisitions prescribed in the *A New Tax System (Goods and Services Tax) Regulations 2019 (GST Regulations)*, but only where the Covered Bond Guarantor is the recipient of the taxable supply and the Covered Bond Guarantor either provides, or is liable to provide, the consideration for the taxable supply. As at the date of this Offering Circular, the reduced input tax credit for entities that are not “recognised trust schemes” as defined in the GST Law is 75% of 1/11th of the GST inclusive consideration payable by the Covered Bond Guarantor to the relevant service provider, and for entities that are “recognised trust schemes” as defined in the GST Law, is equal to 55% of 1/11th of the GST inclusive consideration payable by the Covered Bond Guarantor. As neither the Covered Bond Guarantor nor the CBA GST Group will be a “recognised trust scheme”, the reduced input tax credit would be 75% of 1/11th of the GST inclusive consideration.
- (d) Where services are provided to the Covered Bond Guarantor by an entity comprising an associate of the Covered Bond Guarantor for income tax purposes (but who is not a member of the same GST group), those services are provided for nil or less than market value consideration, and a full input tax credit is not available for the GST payable in relation to the supply, the relevant GST (and any input tax credit) would be calculated by reference to the market value of those services.

In the case of supplies performed outside Australia for the purposes of the Covered Bond Guarantor's business, these may attract a liability for Australian GST if they are supplies of a kind which would have been taxable if they occurred in Australia and if the Covered Bond Guarantor would not have been entitled to a full input tax credit if the supply had been performed in Australia. This is known as the "reverse charge" rule. Where the rule applies, the liability to pay GST to the ATO falls not on the supplier, but on the Covered Bond Guarantor.

Where GST is payable on a taxable supply made to the Covered Bond Guarantor, this will mean that less money is available to the Covered Bond Guarantor to make payments in accordance with the applicable Priority of Payments (which would include Guaranteed Amounts).

### **United Kingdom Taxation**

*The following is a summary of the Issuer's understanding of current United Kingdom law and published HM Revenue and Customs (HMRC) practice. It relates only to the position of persons who are the absolute beneficial owners of their Covered Bonds and all payments made thereon. The comments relate only to United Kingdom withholding tax on payments of or in respect of interest on the Covered Bonds issued by the Issuer acting out of Australia and it does not deal with any other aspect of the United Kingdom taxation treatment that may be applicable to holders of Covered Bonds (including, for instance, income tax, capital gains tax and corporation tax). Prospective holders of Covered Bonds should note that the particular terms of issue of any Series of Covered Bonds as specified in the applicable Pricing Supplement may affect the tax treatment of that and any other Series of Covered Bonds and should be treated with appropriate caution. The comments below do not deal with the tax consequences of any substitution of the Issuer in accordance with Condition 14 of the Conditions of the Covered Bonds.*

Payments of interest on the Covered Bonds by the Issuer that do not have a United Kingdom source may be made without deduction or withholding on account of United Kingdom income tax.

## EMPLOYEE RETIREMENT INCOME SECURITY ACT

A fiduciary of (i) a pension, profit-sharing or other employee benefit plan subject to ERISA or (ii) an entity whose underlying assets include “plan assets” by reason of such plan’s investment in the entity (collectively, **plans**) should consider the fiduciary standards of ERISA in the context of the plan’s particular circumstances before authorizing an investment in the Covered Bonds. Accordingly, among other factors, the fiduciary should consider whether the investment would satisfy the prudence and diversification requirements of ERISA and would be consistent with the documents and instruments governing the plan, and whether the investment would involve a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code.

Section 406 of ERISA and Section 4975 of the Code prohibit plans, as well as individual retirement accounts (**IRAs**) and Keogh plans subject to Section 4975 of the Code (also **plans**), from engaging in certain transactions involving “plan assets” with persons who are “parties in interest” under ERISA or “disqualified persons” under the Code (**parties in interest**) with respect to the plan. A violation of these prohibited transaction rules may result in civil penalties or other liabilities under ERISA and/or an excise tax under Section 4975 of the Code for those persons, unless exemptive relief is available under an applicable statutory, regulatory or administrative exemption. Certain employee benefit plans and arrangements including those that are governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and foreign plans (as described in Section 4(b)(4) of ERISA) (**non-ERISA arrangements**) are not subject to the requirements of ERISA or Section 4975 of the Code but may be subject to similar provisions under applicable federal, state, local, foreign or other regulations, rules or laws (**similar laws**).

The acquisition or holding of the Covered Bonds by a plan with respect to which the Issuer or certain of its affiliates is or becomes a party in interest may constitute or result in a prohibited transaction under ERISA or Section 4975 of the Code, unless those Covered Bonds are acquired and held pursuant to and in accordance with an applicable exemption. Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code provide an exemption for the purchase and sale of securities where (a) the applicable party in interest (such as the Issuer) is a party in interest with respect to a plan solely by reason of providing services to the plan or having a relationship to a person providing services to the plan, (b) neither the party in interest (such as the Issuer) nor any of its affiliates have or exercise any discretionary authority or control or render any investment advice with respect to the assets of the plan involved in the transaction, and (c) the plan pays no more and receives no less than “adequate consideration” in connection with the transaction (the **service provider exemption**). The U.S. Department of Labor has also issued prohibited transaction class exemptions, or **PTCEs**, that may provide exemptive relief if required for direct or indirect prohibited transactions that may arise from the purchase or holding of the Covered Bonds. These exemptions include:

- PTCE 84-14, an exemption for certain transactions determined or effected by independent qualified professional asset managers;
- PTCE 90-1, an exemption for certain transactions involving insurance company pooled separate accounts;
- PTCE 91-38, an exemption for certain transactions involving bank collective investment funds;
- PTCE 95-60, an exemption for transactions involving certain insurance company general accounts; and
- PTCE 96-23, an exemption for plan asset transactions managed by in-house asset managers.

Any purchaser, holder or subsequent transferee of Covered Bonds or any interest therein will be deemed to have represented by its purchase or holding of the Covered Bonds that either (1) it is not a plan and is not purchasing those Covered Bonds on behalf of or with “plan assets” of any plan or (2) the purchase or holding will not constitute a non-exempt prohibited transaction under ERISA or the Code. In addition, any purchaser or holder of Covered Bonds or any interest therein which is a non-ERISA arrangement will be deemed to have represented by its purchase or holding of the Covered Bonds that its purchase or holding will not constitute or result in a non-exempt violation of the provisions of any similar law. Neither this discussion nor anything in this Offering Circular is or is intended to be investment advice directed at any potential purchaser or holder that is a plan or a non-ERISA arrangement, or at such purchasers and holders generally, and such purchasers and holders should consult and rely on their counsel and advisors as to whether an investment in the Covered Bonds is suitable and consistent with ERISA, the Code and any similar laws, as applicable.

Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is important that fiduciaries or other persons considering purchasing or holding Covered Bonds on behalf of or with “plan assets” of any plan or non-ERISA arrangement consult with their counsel regarding the availability of exemptive relief under any of the PTCEs listed above, the service provider exemption or any other applicable exemption, or the potential consequences of any purchase or holding under similar laws, as applicable.

If you are an insurance company or the fiduciary of a pension plan or an employee benefit plan, and propose to invest in Covered Bonds, you should consult your legal counsel.

## SUBSCRIPTION AND SALE AND SELLING RESTRICTIONS

The Dealers have pursuant to a Second Amended and Restated Distribution Agreement, dated August 29, 2014, as amended by Amendment No. 1 to the Second Amended and Restated Distribution Agreement, dated September 11, 2017, as further amended by Amendment No. 2 to the Second Amended and Restated Distribution Agreement, dated August 23, 2019, as further amended by Amendment No. 3 to the Second Amended and Restated Distribution Agreement, dated February 28, 2020, and as further amended by Amendment No. 4 to the Second Amended and Restated Distribution Agreement, dated February 25, 2022 (as the same may be further amended and/or supplemented and/or restated from time to time, the **U.S. Distribution Agreement**), agreed with the Issuer and the Covered Bond Guarantor a basis upon which such Dealers or any of them may from time to time use its reasonable best efforts to solicit offers to purchase the Covered Bonds. The Arranger has not made, and reference to it in this Offering Circular as the Arranger does not constitute, an offer to sell or the solicitation of an offer to buy any Covered Bonds in any jurisdiction to any person. The Issuer will pay the applicable Dealer a commission which will equal the percentage of the principal amount of any such Covered Bond sold through such Dealer set forth in the applicable Pricing Supplement. The Issuer may also sell Covered Bonds to a Dealer, as principal, at a discount from the principal amount thereof, and such Dealer may later resell such Covered Bonds to investors and other purchasers at varying prices related to prevailing market prices at the time of sale as determined by such Dealer. The Issuer may also sell Covered Bonds directly to, and may solicit and accept offers to purchase directly from, investors on its own behalf in those jurisdictions where the Issuer is authorized to do so. Any such agreement for any particular purchase by a Dealer will extend to those matters stated in the sections “*Form of the Covered Bonds*” and “*Terms and Conditions of the Covered Bonds*” in this Offering Circular. As at the date of this Offering Circular, the Dealers are Barclays Capital Inc., BMO Capital Markets Corp., BNP PARIBAS, BofA Securities, Inc., Citigroup Global Markets Inc., Deutsche Bank Securities Inc., Goldman Sachs & Co. LLC, HSBC Securities (USA) Inc., J.P. Morgan Securities plc, Morgan Stanley & Co. LLC, RBC Capital Markets, LLC, Standard Chartered Bank, TD Securities (USA) LLC, UBS Securities LLC and Wells Fargo Securities, LLC, but the Issuer may appoint other dealers from time to time in accordance with the U.S. Distribution Agreement, which appointment may be for a specific issue or on an ongoing basis.

In addition, the Dealers may offer the Covered Bonds they have purchased as principal to other Dealers. The Dealers may sell Covered Bonds to any Dealer at a discount. Unless otherwise indicated in the applicable Pricing Supplement, any Covered Bond sold to a Dealer as principal will be purchased by such Dealer at a price equal to 100% of the principal amount thereof less a percentage equal to the commission applicable to any agency sale of a Covered Bond of identical term, and may be resold by such Dealer to investors and other purchasers from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale or may be resold to certain dealers as described above. After the initial offering of any Tranche of Covered Bonds to be resold to investors and other purchasers on a fixed offering price basis, the offering price, concession and discount may be changed. Each Dealer will have the right to reject any offer to purchase the Covered Bonds received by it, in whole or in part.

In the U.S. Distribution Agreement, the Issuer has agreed to reimburse, make contributions relating to and indemnify the Dealers for certain of their expenses and liabilities (including liabilities under the Securities Act) in connection with the establishment and any future updates of the Programme and the issue of Covered Bonds under the Programme. The Dealers are entitled in certain circumstances to be released and discharged from their obligations under the U.S. Distribution Agreement prior to the closing of the issue of the relevant Covered Bonds, including in the event that certain conditions precedent are not delivered or met to their satisfaction on the Issue Date. In this situation, the issuance of the relevant Covered Bonds may not be completed. Investors will have no rights against the Issuer or the Dealers in respect of any expense incurred or loss suffered in these circumstances.

In connection with an offering of Covered Bonds purchased by one or more Dealers as principal on a fixed offering price basis, such Dealer(s) will be permitted to over-allot or engage in transactions that stabilize the price of Covered Bonds. These transactions may consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of Covered Bonds. If the Dealer creates or the Dealers create, as the case may be, a short position in Covered Bonds, that is, if it sells or they sell Covered Bonds in an aggregate principal amount exceeding that set forth in the applicable Pricing Supplement, such Dealer(s) may reduce that short position by purchasing Covered Bonds in the open market. In general, purchase of Covered Bonds for the purpose of stabilization or to reduce a short position could cause the price of Covered Bonds to be higher than it might be in the absence of such purchases. Such stabilization if commenced, may be discontinued at any time and must be brought to an end after a limited period. Stabilization activities may only be carried on outside Australia and on a financial market operated outside Australia.

Neither the Issuer, the Covered Bond Guarantor nor any of the Dealers make any representation or prediction as to the direction or magnitude of any effect that the transactions described in the immediately preceding paragraph may have on the price of Covered Bonds. In addition, neither the Issuer, the Covered Bond Guarantor nor any of the Dealers make any representation that the Dealers will engage in any such transactions or that such transactions, once commenced, will not be discontinued without notice.

The Dealers may from time to time purchase and sell Covered Bonds in the secondary market, but they are not obligated to do so, and there can be no assurance that there will be a secondary market for the Covered Bonds or liquidity in the secondary market if one develops. From time to time, the Dealers may make a market in the Covered Bonds. However, they are not obligated to do so, and the ability of the Dealers to make a market in the Covered Bonds may be impacted by changes in regulatory requirements (and interpretations thereof) applicable to the marketing, holding and trading of, and issuing quotations with respect to, the Covered Bonds.

The Dealers are entitled in certain circumstances to be released and discharged from their obligations under the U.S. Distribution Agreement prior to the closing of the issue of the Covered Bonds, including in the event that certain conditions precedent are not delivered or met to their satisfaction on the issue date. In this situation, the issuance of the Covered Bonds may not be completed. Investors will have no rights against the Issuer and Dealers in respect of any expense incurred or loss suffered in these circumstances.

The Dealers and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the Dealers and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for the Issuer, for which they received or will receive customary fees and expenses. Affiliates of Deutsche Bank Securities Inc. are acting as Agents in connection with the Programme and are receiving customary fees in connection with these services.

In the ordinary course of their various business activities, the Dealers and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the Issuer, the Covered Bond Guarantor or their affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in the Issuer's securities, including potentially the Covered Bonds offered hereby. Any such short positions could adversely affect future trading prices of the Covered Bonds offered hereby. Covered Bonds issued under the Program may also be purchased or be allocated to any Dealer or an affiliate for asset management and/or proprietary purposes. The Dealers and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

## **United States**

Each Dealer appointed under the U.S. Distribution Agreement will be required to acknowledge that the Covered Bonds and the Covered Bond Guarantee have not been, and will not be, registered under the Securities Act or any applicable securities laws of any state or other jurisdiction of the United States and, accordingly, may not be offered or sold, directly or indirectly, within the United States or to, or for the account or benefit of, U.S. persons except (A) in the United States to QIBs in reliance on Rule 144A, (B) outside the United States to persons other than U.S. persons (as defined in Regulation S) in offshore transactions in reliance upon Regulation S, (C) pursuant to any other exemption from the registration requirements under the Securities Act or (D) pursuant to an effective registration statement under the Securities Act.

In connection with any Regulation S Global Covered Bonds, each Dealer appointed under the Programme will be required to agree that it will not offer and sell the Covered Bonds of any identifiable Series or Tranche within the United States or to, or for the account or benefit of U.S. persons (a) as part of their distribution at any time; and (b) otherwise during the Distribution Compliance Period, except in either case in accordance with Regulation S or to purchasers that are reasonably believed to be QIBs or pursuant to an effective registration statement under the Securities Act. Accordingly, each Dealer has agreed and each further Dealer appointed under the Programme

will be required to agree, that neither it, its affiliates nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts with respect to the Regulation S Covered Bonds, and it and they have complied and will comply with the offering restrictions requirement of Regulation S under the Securities Act.

In addition, until the expiration of the Distribution Compliance Period, an offer or sale of Regulation S Global Covered Bonds within the United States by any Dealer, (whether or not participating in the offering), may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in compliance with Rule 144A or pursuant to another exemption from the registration requirements under the Securities Act. Each Dealer who has purchased Covered Bonds of a Series or Tranche has agreed to notify the U.S. Paying Agent or the Lead Manager, when it has completed the distribution of its portion of the Covered Bonds of any identifiable Series or Tranche so that the U.S. Paying Agent or the Lead Manager may determine the completion of the distribution of all Covered Bonds of that Series or Tranche and notify any other Relevant Dealer of the end of the Distribution Compliance Period. Each Dealer has agreed that, at or prior to confirmation of sale of Covered Bonds in reliance on Regulation S, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Covered Bonds from it during the Distribution Compliance Period a confirmation or notice to substantially the following effect:

“THIS SECURITY AND ANY GUARANTEE IN RESPECT THEREOF HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE **SECURITIES ACT**), OR ANY APPLICABLE SECURITIES LAWS OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND, ACCORDINGLY, MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT IN ACCORDANCE WITH THE PRINCIPAL AGENCY AGREEMENT IN RESPECT OF THIS SECURITY (THE **PRINCIPAL AGENCY AGREEMENT**) AND PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT. UNTIL THE EXPIRY OF THE PERIOD OF 40 DAYS AFTER THE LATER OF THE COMMENCEMENT OF THE OFFERING AND THE ISSUE DATE, SALES MAY NOT BE MADE IN THE UNITED STATES OR TO U.S. PERSONS UNLESS MADE PURSUANT TO RULE 903 OR 904 OF REGULATION S OR RULE 144A UNDER THE SECURITIES ACT.”

Terms used in the above paragraph have the meanings given to them by Regulation S under the Securities Act.

#### **Prohibition of Sales to EEA Retail Investors**

Unless the applicable Pricing Supplement in respect of any Covered Bonds specifies “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Covered Bonds which are the subject of the offering contemplated by this Offering Circular as completed by the applicable Pricing Supplement in relation thereto to any retail investor in the EEA. For the purposes of this provision:

- (a) the expression **retail investor** means a person who is one (or more) of the following:
  - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II;
  - (ii) a customer within the meaning of the Insurance Distribution Directive where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
  - (iii) not a qualified investor as defined in the EU Prospectus Regulation; and
- (b) the expression **offer** includes the communication in any form and by any means of sufficient information on the terms of the offer and the Covered Bonds to be offered so as to enable an investor to decide to purchase or subscribe for the Covered Bonds.

#### ***Public Offer Selling Restriction under the EU Prospectus Regulation***

If the applicable Pricing Supplement in respect of any Covered Bonds specifies the “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, in relation to each Member State of the EEA, each Dealer has represented

and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Covered Bonds which are the subject of an offering contemplated by this Offering Circular as completed by the applicable Pricing Supplement in relation thereto to the public in that Member State, except that it may make an offer of such Covered Bonds to the public in that Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the EU Prospectus Regulation;
- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the EU Prospectus Regulation), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 1(4) of the EU Prospectus Regulation,

provided that no such offer of Covered Bonds referred to in paragraphs (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation.

For the purposes of this provision, the expression **an offer of Covered Bonds to the public** in relation to any Covered Bonds in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Covered Bonds to be offered so as to enable an investor to decide to purchase or subscribe for the Covered Bonds.

#### **Prohibition of sales to UK Retail Investors**

Unless the applicable Pricing Supplement in respect of any Covered Bonds specifies “Prohibition of Sales to UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Covered Bonds which are the subject of this Offering Circular as completed by the applicable Pricing Supplement in relation thereto to any retail investor in the United Kingdom. For the purposes of this provision:

- (a) the expression **retail investor** means a person who is neither:
  - (i) a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law in the UK by virtue of the EUWA; nor
  - (ii) a qualified investor as defined in paragraph 15 of Schedule 1 to the POATRs; and
- (b) the expression **offer** includes the communication in any form and by any means of sufficient information on the terms of the offer and the Covered Bonds to be offered so as to enable an investor to decide to buy or subscribe for the Covered Bonds.

If the Pricing Supplement in respect of any Covered Bonds specifies “Prohibition of Sales to UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Covered Bonds which are the subject of this Offering Circular as completed by the applicable Pricing Supplement in relation thereto to the public in the United Kingdom except that it may make an offer:

- (A) at any time to any legal entity which is a qualified investor as defined in paragraph 15 of Schedule 1 to the POATRs;
- (B) at any time to fewer than 150 persons (other than qualified investors as defined in paragraph 15 of Schedule 1 to the POATRs) in the UK subject to obtaining the prior consent of the Relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (C) at any time in any other circumstances falling within Part 1 of Schedule 1 to the POATRs.

For the purposes of this provision the expression **an offer of Covered Bonds to the public** in relation to any Covered Bonds means the communication in any form and by any means of sufficient information on the terms

of the offer and the Covered Bonds to be offered so as to enable an investor to decide to buy or subscribe for the Covered Bonds.

### ***Other Regulatory Restrictions in the UK***

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of the Covered Bonds in circumstances in which Section 21(1) of the FSMA does not, or, in the case of the Issuer, would not, if it was not an authorized person, apply to the Covered Bond Guarantor or the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Covered Bonds in, from or otherwise involving the United Kingdom.

### **Australia**

No prospectus or other disclosure document (as defined in the Australian Corporations Act) in relation to the Programme or any Covered Bonds has been or will be lodged with the ASIC. Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that in connection with the distribution of the Covered Bonds, it:

- (a) will not make (directly or indirectly) any offer or invitation in Australia or any offer or invitation which is received in Australia in relation to the issue, sale or purchase of any Covered Bonds; and
- (b) has not distributed or published, and will not distribute or publish, any information memorandum, advertisement, disclosure document or other offering material relating to the Covered Bonds in Australia,

unless (i) the aggregate consideration payable by each offeree or invitee is at least A\$500,000 for the Covered Bonds or its foreign currency equivalent (in either case disregarding moneys, if any, lent by the Issuer or other person offering the Covered Bonds or its associates (within the meaning of those expressions in Part 6D.2 of the Australian Corporations Act)), or the offer or invitation otherwise does not require disclosure to investors in accordance with Part 6D.2 or Part 7.9 of the Australian Corporations Act, (ii) the offer or invitation is not made to a person who is a “retail client” (as defined in section 761G or 761GA of the Australian Corporations Act), (iii) such action complies with all applicable laws, regulations and directives and (iv) such action does not require any document to be lodged or registered with ASIC.

### **Belgium**

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that an offering of Covered Bonds may not be advertised to any individual in Belgium qualifying as a consumer within the meaning of Article I.1, 2° of the Belgian Code of Economic Law, as amended from time to time (a Belgian Consumer) and that it has not offered, sold or resold, transferred or delivered, and will not offer, sell, resell, transfer or deliver, the Covered Bonds, and that it has not distributed, and will not distribute, any prospectus, memorandum, information circular, brochure or any similar documents in relation to the Covered Bonds, directly or indirectly, to any Belgian Consumer.

### **Canada**

Each of the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has offered and sold and will offer and sell the Covered Bonds only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations.

## **The Grand Duchy of Luxembourg**

In addition to the cases described in the public offer selling restriction under the EU Prospectus Regulation selling restrictions in which the Dealers can make an offer of Covered Bonds to the public in a Member State of the EEA (including the Grand Duchy of Luxembourg), the Dealers can also make an offer of Covered Bonds to the public in the Grand Duchy of Luxembourg:

- (a) at any time, to national and regional governments, central banks, international and supranational institutions (such as the International Monetary Fund, the European Central Bank, the European Investment Bank) and other similar international organizations;
- (b) at any time, to legal entities which are authorized or regulated to operate in the financial markets (including, credit institutions, investment firms, other authorized or regulated financial institutions, undertakings for collective investment and their management companies, pension and investment funds and their management companies, insurance undertakings and commodity dealers) as well as entities not so authorized or regulated whose corporate purpose is solely to invest in securities; and
- (c) at any time, to certain natural persons or small and medium-sized enterprises (as defined in the Luxembourg act dated July 16, 2019 relating to prospectuses for securities and the EU Prospectus Regulation) recorded in the register of natural persons or small and medium-sized enterprises considered as qualified investors as held by the Commission de surveillance du secteur financier as competent authority in Luxembourg in accordance with the EU Prospectus Regulation.

## **Hong Kong**

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Covered Bonds (except for Covered Bonds which are a “structured product” as defined in the Securities and Futures Ordinance (Cap.571 of the Laws of Hong Kong) (SFO)) other than (a) to “professional investors” as defined in the SFO and any rules made thereunder; or (b) in other circumstances which do not result in the document being a “prospectus” as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32 of the Laws of Hong Kong) (C(WUMP)O) or which do not constitute an offer to the public within the meaning of the C(WUMP)O; and
- (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Covered Bonds, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Covered Bonds which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” as defined in the SFO and any rules made under the SFO.

## **Japan**

The Covered Bonds have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended (the FIEA)) and accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold and will not offer or sell any Covered Bonds, directly or indirectly, in Japan or to, or for the account or benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the account or benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

## **Macau**

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that no Covered Bonds have been or will be registered or otherwise authorized for public

offer under the Financial System Act of Macau (Decree-Law no. 32/93M of July 5, 1993) (the **Financial System Act**) or promoted, distributed, sold or delivered in Macau, and no document relating to any Covered Bonds will be distributed or circulated in Macau, except by Macau licensed entities following notification to the Macau Monetary Authority and under the terms of, and in compliance with, the Financial System Act and any other laws, guidelines and recommendations in Macau that may apply from time to time to the offer and sale of any Covered Bonds in Macau.

### **New Zealand**

No action has been taken to permit the Covered Bonds to be directly or indirectly offered or sold to any retail investor, or otherwise under any regulated offer, in terms of the Financial Markets Conduct Act 2013 of New Zealand (the **FMCA**). In particular, no product disclosure statement or limited disclosure document under the FMCA has been or will be prepared or lodged in New Zealand in relation to the Covered Bonds.

Accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not directly or indirectly offered, sold or delivered and will not directly or indirectly offer, sell or deliver any Covered Bond in New Zealand and it will not distribute any offering memorandum or advertisement (as defined in the FMCA) in relation to any offer of Covered Bonds, in New Zealand other than to “wholesale investors” as that term is defined in clauses 3(2)(a), (c) and (d) of Schedule 1 to the FMCA, being:

(a) a person who is:

- (i) an “investment business”;
- (ii) “large”; or
- (iii) a “government agency”,

in each case as defined in Schedule 1 to the FMCA; or

(b) a person who meets the “investment activity criteria” specified in clause 38 of Schedule 1 to the FMCA.

In addition, no person may distribute any offering material or advertisement (as defined in the FMCA) in relation to any offer of Covered Bonds in New Zealand other than to such permitted persons as referred to in the paragraph above.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not directly or indirectly offered or sold, and will not directly or indirectly offer or sell, any Covered Bonds to persons whom it believes to be: (a) persons who are resident in New Zealand for New Zealand income tax purposes; (b) persons who carry on business in New Zealand through a fixed establishment (as defined for New Zealand income tax purposes) in New Zealand and hold the Covered Bonds or Coupons for the purposes of a business carried on through that fixed establishment; or (c) a registered bank engaged in business through a fixed establishment in New Zealand, unless such persons certify that they have ‘RWT-exempt status’ (as that term is defined in the Income Tax Act 2007 of New Zealand) and provide a New Zealand tax file number to such Dealer (in which event such Dealer will provide details thereof to the Issuer or to a Paying Agent).

### **The People’s Republic of China**

Each of the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that neither it nor any of its affiliates has offered or sold or will offer or sell any of the Covered Bonds in the People’s Republic of China (the **PRC**), except as permitted by the applicable laws or regulations of the PRC.

### **Republic of Italy**

The offering of the Covered Bonds has not been registered pursuant to Italian securities legislation and, accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that no Covered Bonds may be offered, sold or delivered, nor may copies

of this Offering Circular (including the applicable Pricing Supplement) or of any other document relating to the Covered Bonds be distributed in the Republic of Italy (**Italy**), except:

- (i) to qualified investors (*investitori qualificati*), as defined pursuant to Article 2 of the EU Prospectus Regulation and any applicable provision of Legislative Decree No. 58 of 24 February 1998, as amended (the **Financial Services Act**) and the regulations of the Commissione Nazionale per le Società e la Borsa of Italy (the **CONSOB**); or
- (ii) in other circumstances which are exempted from the rules on public offerings pursuant to Article 1 of the EU Prospectus Regulation, Article 34-ter of CONSOB Regulation No. 11973 of 14 May 1999, as amended from time to time, and the applicable Italian laws.

Any offer, sale or delivery of the Covered Bonds or distribution of copies of this Offering Circular (including the applicable Pricing Supplement) or any other document relating to the Covered Bonds in Italy under paragraphs (i) or (ii) above must be:

- (a) made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Financial Services Act, CONSOB Regulation No. 20307 of 15 February 2018 (as amended from time to time) and Legislative Decree No. 385 of 1 September 1993, as amended (the **Banking Act**); and
- (b) comply with any other applicable laws and regulations or requirement imposed by CONSOB, the Bank of Italy (including the reporting requirements, where applicable, pursuant to Article 129 of the Banking Act and the implementing guidelines of the Bank of Italy, as amended from time to time), and/or any other Italian authority.

### **Republic of Korea**

The Covered Bonds have not been and will not be registered with the Financial Services Commission of Korea for public offering in the Republic of Korea (**Korea**) under the Financial Investment Services and Capital Markets Act (the **FSCMA**).

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or, directly or indirectly, any Covered Bonds in Korea or to any resident of Korea except as otherwise permitted under the applicable laws and regulations of Korea, including the FSCMA and the Foreign Exchange Transaction Law of Korea and the decrees and regulations thereunder (the **FETL**).

For a period of one year from the issue date of the Covered Bonds, any acquirer of the Covered Bonds who was solicited to buy the Covered Bonds in Korea is prohibited from transferring any of the Covered Bonds to another person in any way other than as a whole to one transferee. Furthermore, the purchaser of the Covered Bonds shall comply with all applicable regulatory requirements (including but not limited to requirements under FETL) in connection with the purchase of the Covered Bonds.

### **Singapore**

Each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that this Offering Circular has not been and will not be registered as a prospectus under the Securities and Futures Act 2001 (the **SFA**) by the Monetary Authority of Singapore and the Covered Bonds will be offered pursuant to the exemptions under Sections 274 and 275 of the SFA. Accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold any Covered Bonds or caused the Covered Bonds to be made the subject of an invitation for subscription or purchase and will not offer or sell any Covered Bonds or cause the Covered Bonds to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Offering Circular or any other document or material in connection with the offer or sale, or invitation for subscription or purchase of the Covered Bonds whether directly or indirectly, to persons in Singapore other than (a) to an institutional investor (as defined in Section 4A of the SFA) pursuant to Section 274 of the SFA or (b) to an accredited investor (as defined in 4A of the SFA) pursuant to and in accordance with the conditions specified in Section 275 of the SFA.

## **Switzerland**

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that this Offering Circular is not intended to constitute an offer or solicitation to purchase or invest in the Covered Bonds and the Covered Bonds may not be publicly offered, directly or indirectly, in Switzerland within the meaning of the Swiss Financial Services Act, as amended (the **FinSA**), and no application has or will be made to admit the Covered Bonds to trading on any trading venue (exchange or multilateral trading facility) in Switzerland. Neither this Offering Circular nor any other offering or marketing material relating to the Covered Bonds constitutes a prospectus pursuant to the FinSA, and neither this Offering Circular nor any other offering or marketing material relating to the Covered Bonds may be publicly distributed or otherwise made publicly available in Switzerland.

## **Taiwan**

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that the Covered Bonds (i) have not been and will not be registered or filed with, or approved by, the Financial Supervisory Commission of the Republic of China (**Taiwan**) and/or other regulatory authority of Taiwan pursuant to the relevant securities laws and regulations and (ii) may not be offered, issued or sold within Taiwan through a public offering or in circumstances that constitute an offer within the meaning of the Securities and Exchange Act of Taiwan or any other relevant laws and regulations that require a registration or filing with, or approval of, the Financial Supervisory Commission of Taiwan and/or other regulatory authority of Taiwan. Each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that no person or entity in Taiwan has been authorized or will be authorized to offer or sell the Covered Bonds in Taiwan.

## **General**

These selling restrictions may be amended in relation to a specific Series or Tranche of Covered Bonds by agreement between the Issuer and the Relevant Dealer or, if more than one, the Lead Manager on behalf of the Relevant Dealers. These selling restrictions may also be modified by the agreement of the Issuer and the Dealers following a change in a relevant law, regulation or directive. Any such modification and any additional selling restrictions with which any Relevant Dealer will be required to comply will be set out in the applicable Pricing Supplement issued in respect of the issue of Covered Bonds to which it relates or in a supplement to this Offering Circular.

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that to the best of its knowledge and belief it will comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Covered Bonds or possesses or distributes this Offering Circular or any other offering material and that it will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Covered Bonds under the laws, regulations and directives in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and none of the Issuer, the Covered Bond Guarantor nor any of the other Dealers will have any responsibility therefor.

As at the date of this Offering Circular, the Issuer has permission from Banca d'Italia to collect funds by means of issuing Covered Bonds in Italy.

None of the Issuer, the Covered Bond Guarantor or any of the Dealers has represented that Covered Bonds may at any time lawfully be sold in compliance with any appropriate registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

With regard to each Series or Tranche of Covered Bonds, the relevant Dealer(s) will be required to comply with such other restrictions as the Issuer and the relevant Dealer(s) shall agree as a term of issue and purchase as indicated in the applicable Pricing Supplement.

If a jurisdiction requires that the offering be made by a licensed broker or dealer and the Dealers or any affiliate of the Dealers is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by that Dealer or its affiliate on behalf of the Issuer in such jurisdiction.

## GENERAL INFORMATION

### Authorization

The Issuer has obtained all necessary consents, approvals and authorizations in connection with the establishment, implementation and operation of the Programme and the issue and performance of Covered Bonds issued by it. The establishment, implementation and operation of the Programme and the issue of the Covered Bonds by it thereunder were authorized by the Group Treasurer of the Issuer.

The Covered Bond Guarantor has obtained all necessary consents, approvals and authorizations in connection with the issue and performance of the Covered Bond Guarantee issued by it.

### Significant or Material Change

Except as disclosed in the 2026 U.S. Half-Year Disclosure Document, since December 31, 2025, there has been no significant change in the financial performance or financial position of the Issuer and its subsidiaries taken as a whole. Since December 31, 2025, there has been no material adverse change in the prospects of the Issuer and its subsidiaries taken as a whole.

There has been no significant change in the financial performance or financial position of the Covered Bond Guarantor or the Trust since December 31, 2025. Since December 31, 2025, there has been no material adverse change in the prospects of the Covered Bond Guarantor or the Trust.

### **Litigation**

Except as disclosed in the 2026 U.S. Half-Year Disclosure Document, there are no governmental, legal or arbitration proceedings (including any proceedings which are pending or threatened) of which the Issuer is aware in the 12 months immediately preceding the date of this Offering Circular which may have, or have had in the recent past, a significant effect on the financial position or profitability of the Issuer and its subsidiaries, taken as a whole.

There are no governmental, legal or arbitration proceedings (including any proceedings which are pending or threatened) of which the Covered Bond Guarantor is aware in the 12 months immediately preceding the date of this Offering Circular which may have, or have had in the recent past, a significant effect on the financial position or profitability of the Covered Bond Guarantor or the Trust.

### **Reports**

The Bond Trust Deed provides that the Bond Trustee may rely on the advice, report, certificate or opinion of or any information obtained from any auditor, lawyer, valuer, accountant, surveyor, banker, professional adviser, broker, financial adviser, auctioneer or other expert in accordance with the provisions of the Bond Trust Deed, whether or not addressed to the Bond Trustee notwithstanding that such advice, report, certificate, opinion, information, or any engagement letter or any other document entered into by the Bond Trustee and the relevant person in connection therewith, contains any monetary or other limit on the liability of the relevant person and the Bond Trustee will not be responsible for any Liability occasioned by so acting or relying.

The Trust Manager will prepare monthly Asset Coverage Reports detailing, among other things, compliance with the Asset Coverage Test. Copies of the applicable Pricing Supplement for each Series (including in relation to unlisted Covered Bonds of any Series) and the Asset Coverage Reports are available to Covered Bondholders during normal business hours at the registered office of the Issuer.

### **Contracts**

Other than as disclosed in the documents incorporated into this Offering Circular by reference, the Issuer is not aware of any material contracts having been entered into outside the ordinary course of the Issuer's business, and which could result in any member of the Group being under an obligation or entitlement that is material to its ability to meet its obligation to Covered Bondholders in respect of the Covered Bonds that may be issued.

The Issuer is not aware of any material contracts having been entered into by the Covered Bond Guarantor other than the Programme Documents and which could result in it being under an obligation or entitlement that is material to its ability to meet its obligation to Covered Bondholders in respect of the Covered Bonds that may be issued.

### **Post-issuance information**

Except as set out in the monthly Asset Coverage Reports and in the applicable Pricing Supplement relating to a particular Series of Covered Bonds, the Issuer does not intend to provide any post-issuance information in relation to any issue of Covered Bonds. The monthly Asset Coverage Reports are not and will not be incorporated by reference herein.

### **Dealers transacting with the Issuer**

Certain of the Dealers and their respective affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their respective affiliates may have positions, deal or make markets in the Covered Bonds issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers.

Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their respective affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their respective affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Covered Bonds issued under the Programme. Any such positions could adversely affect future trading prices of Covered Bonds issued under the Programme. The Dealers and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

## LEGAL MATTERS

The validity of the Covered Bonds under English law will be passed upon for the Issuer and the Dealers by the Issuer's English counsel, Allen Overy Shearman Sterling, London, United Kingdom. This opinion will be conditioned upon, and subject to certain assumptions regarding future action required to be taken by the Issuer, the Bond Trustee, the Covered Bond Guarantor and the U.S. Paying Agent in connection with the issuance and sale of any particular Covered Bond, the specific terms of Covered Bonds and other matters which may affect the validity of Covered Bonds but which cannot be ascertained at the date of such opinion.

The Issuer and the Covered Bond Guarantor are being represented by Sullivan & Cromwell, Sydney, Australia as to certain matters of United States federal law and New York state law. The Issuer is being represented by Allen Overy Shearman Sterling, Sydney, Australia as to certain matters of Australian law, and certain matters of Australian law will be passed upon by the Issuer's General Counsel. The Covered Bond Guarantor is being represented by Ashurst, Sydney, Australia as to certain matters of Australian law. The Dealers are being represented by Sidley Austin LLP, New York, New York as to certain matters of United States federal law and New York state law.

## INDEPENDENT ACCOUNTANTS

**PROHIBITION OF SALES TO EEA RETAIL INVESTORS** – The Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the **EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive (EU) 2016/97, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Covered Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

**PROHIBITION OF SALES TO UK RETAIL INVESTORS** – The Covered Bonds are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom (the **UK**). For these purposes, a retail investor means a person who is either one (or both) of the following: (i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018; or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024. Consequently, no disclosure document required by the FCA Product Disclosure Sourcebook (**DISC**) for offering, selling or distributing the Covered Bonds or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Covered Bonds or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

This document constitutes the Pricing Supplement of the Covered Bonds described herein and must be read in conjunction with the Offering Circular. Full information on the Issuer and the offer of the Covered Bonds is only available on the basis of the combination of this Pricing Supplement and the Offering Circular. Copies of the Offering Circular are available for viewing during normal business hours at the head office of the Issuer at Commonwealth Place South, Level 1, 11 Harbour Street, Sydney NSW 2000, Australia and copies may be obtained free of charge to the public from the specified office of the U.S. Paying Agent or the dealers listed in paragraph 27 herein.

We expect that delivery of the Covered Bonds will be made to investors on April 30, 2026, which will be the seventh business day in New York following the date of pricing of the Covered Bonds (such settlement being referred to as T+7). Under Rule 15c6-1 of the U.S. Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in one business day unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Covered Bonds on any date prior to the business day before delivery will be required, by virtue of the fact that the Covered Bonds initially will settle in T+7, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the Covered Bonds who wish to trade Covered Bonds on any date prior to the business day before delivery should consult their own advisor.

## PART B – OTHER INFORMATION

### 1. LISTING

- (i) Listing: Application is expected to be made by the Issuer for the Covered Bonds to be listed on the Australian Securities Exchange with effect from on or about the Issue Date
- (ii) Estimate of total expenses related to listing: A\$7,500.00

### 2. RATINGS

Ratings: The Covered Bonds to be issued are expected to be rated:

Moody's Investor Service Pty Limited: Aaa

Fitch Australia Pty Ltd: AAA

The credit ratings of the Covered Bonds are not a recommendation or suggestion, directly or indirectly, to any investor or any other person, to buy, sell, make or hold any of the Covered Bonds or to undertake any investment strategy with respect to any of the Covered Bonds (including without limitation, any accounting and/or regulatory treatment), or the tax-exempt nature or taxability of payments made in respect of any of the Covered Bonds. The Rating Agencies are not advisers, and nor do the Rating Agencies provide investors or any other party any financial advice, or any legal, auditing, accounting, appraisal, valuation or actuarial services. A credit rating should not be viewed as a replacement for such advice or services.
