

# ASX ANNOUNCEMENT

4 May 2026

## Correction & update: Voluntary Escrow Release

AUCyber Limited (**ASX: CYB**) (“**AUCyber**” or “**the Company**”) refers to its announcement released on 24 April 2026 regarding the release of shares from voluntary escrow. The announcement was based on the Company's Register of Escrowed Securities and pursuant to the terms of issue of those securities set out in the Notice of Meeting released on 24 March 2024, refer Resolution 2.

On further investigation, the Company has identified that those securities were released early from voluntary escrow and sold on 5 February 2025, immediately following the change of control of the Board.

The current Board was not aware of or involved in the release of those securities from voluntary escrow, and no announcement was made to the ASX at that time under Listing Rule 3.10A. Consequently, the securities register of Escrowed Securities was not updated.

Therefore, the Company notes retrospectively that the following securities were released from voluntary escrow on or prior to their sale on 5 February 2025.

Number of Securities	Type of Securities
9,500,000	Fully paid ordinary shares

The Board is of the view that this is an isolated incident relating to a historical disclosure failure regarding the notification of the release of escrowed securities, and, following a detailed review of the Company's existing securities and processes, it is satisfied that these are adequate to meet the Company's ongoing compliance obligations.

This disclosure has no impact on the number of existing securities on issue, including its quoted ordinary shares.

This announcement has been authorised for release by the Board.
