

**ASX Announcement | 6 May 2026**

## **Webinar: X2M Powering AI in Utilities for Smart Cities, Communities and Data Centres**

***11:00am AEST, Friday 8 May 2026***

---

X2M Connect Limited (ASX: X2M) is pleased to invite shareholders and investors to attend a live investor briefing hosted by Chief Executive Officer, Mohan Jesudason.

X2M is at a critical inflection point, with global demand for its technology, which enables AI in utilities for smart cities, communities and data centres.

X2M's strategic focus will play a key role in converting its existing customer base, which represents more than \$600 million in potential upfront revenue and \$40 million in annual recurring revenue if those customers fully adopt X2M's services.

### **Webinar Details:**

- Date: Friday 8 May 2026
- Time: 11:00am AEST
- Register here: [https://zoom.us/webinar/register/WN\\_980YtmJyQRmLDMp3wxMzBQ#/registration](https://zoom.us/webinar/register/WN_980YtmJyQRmLDMp3wxMzBQ#/registration)
- Questions: A live Q&A will follow the presentation. You may submit questions via the registration page.

Investors are encouraged to submit questions via the Q&A function during the session.

A recording of the webinar will be made available to shareholders who are unable to attend the live presentation. To receive the replay via email, please register and opt in to the mailing list.

The Board of X2M has approved this announcement.

### **About X2M Connect Limited**

X2M Connect Limited (ASX:X2M) is a leading Australian smart city technology company delivering patent supported solutions that enhance productivity, reduce operational costs and improve public safety for utility and government customers. Smart cities involve the collection, aggregation and processing of data from a wide range of sensors to automate controls that improve the speed, effectiveness and accuracy of outcomes for cities and their residents. X2M's AI-powered platforms enable real-time data exchange, remote control and predictive insights by connecting

water, gas and electricity resource devices as well as other critical sensors to edge and cloud based software.

X2M's core platform underpins three product families, '*Vision by X2M*', '*Hive.AI by X2M*' and the '*Help Me*' safety device, supporting more than 85 customers across five key geographies. The Company has connected over 500,000 devices to date and continues to expand its footprint, leveraging strong government and enterprise relationships throughout Japan, South Korea, Taiwan and the Middle East. X2M generates revenue through a mix of hardware sales, recurring SaaS and platform fees, and device connection charges.
