Delorean Investor Events: SA1 Salisbury Bioenergy Facility Construction Site Tour and WA Sundowner

Delorean Corporation Limited (ASX:DEL) is pleased to invite shareholders and interested parties to two upcoming Delorean investor events designed to provide deeper insight into the Company's Build-Own-Operate bioenergy strategy and asset portfolio.

South Australian SA1 Salisbury Site Tour

Delorean is offering an exclusive construction site tour of its SA1 Salisbury bioenergy facility in Adelaide for shareholders and interested investors.

The construction site tour at SA1 will provide attendees with a first-hand explanation and guide of how a Delorean bioenergy facility is built and will be operated.

SA1 Salisbury Site Tour

- **Date:** 22 May 2026
- **Time:** 12:30-1:30pm (*Adelaide time*)
- **Location:** Salisbury, South Australia
- **Register here:** <https://luma.com/immowmgo>

Western Australian Investor Sundowner & Presentation

Delorean will also host an exclusive shareholder and investor sundowner event in Perth, featuring a presentation by Managing Director Joseph Oliver, followed by an open networking session.

WA Sundowner Details

- **Date:** 20 May 2026
- **Time:** 5:00-7:00pm *AWST*
- **Location:** West Perth, WA
- **Register here:** <https://luma.com/0myau1xq>

Both events are open to current shareholders and interested investors. Attendance is limited and will be managed on a registration basis.

Authorised on behalf of the Delorean Corporation Board of Directors by Hamish Jolly, Executive Chair.

About Delorean Corporation Limited

Delorean Corporation is a leading Australian bioenergy company. Delorean specialises in the design, build, ownership and management of bioenergy infrastructure. Delorean Corporation is a vertically integrated company positioned in two high growth industries; renewable energy and waste management.

Delorean Corporation comprises an Engineering Division, Infrastructure Division and Energy Retail Division. Through these divisions Delorean Corporation has the in-house capability to deliver bioenergy projects across the full lifecycle, from project conception to completion, processing organic waste, generating renewable energy and monetising the sale of green gas, electricity and heat.

DEL's projects produce renewable energy whilst reducing the volume of waste going to landfill, utilising a model that generates multiple revenue streams.
