You should read both documents carefully and in their entirety before deciding whether or not to participate in the Retail Entitlement Offer. The Retail Offer Booklet can also be viewed at <https://aquna.com/investors>.

This Retail Entitlement Offer is not being made under a prospectus. This Retail Offer Booklet does not contain all of the information which would be required to be disclosed in a prospectus. If you are in doubt as to the course you should follow, you should seek appropriate professional advice before making an investment decision.

2. Consider the Retail Entitlement Offer in light of your particular investment objectives and circumstances

Please consult with your stockbroker, accountant or other independent professional adviser if you have any queries or are uncertain about any aspects of the Retail Entitlement Offer.

An investment in New Shares is subject to both known and unknown risks, some of which are beyond the control of MCA. These risks include the possible loss of income and principal invested. MCA does not guarantee any return, any particular rate of return, the performance on the New Shares offered under the Retail Entitlement Offer, the performance of MCA generally or the repayment of capital from MCA. In considering an investment in New Shares, investors should have regard to (amongst other things) the Key Risks section in the Investor Presentation and the disclaimers outlined in this Retail Offer Booklet.

3. Decide what you want to do

If you are an Eligible Retail Shareholder, you have three options available to you in relation to the Retail Entitlement Offer:

- (a) take up all of your Entitlement, and you may wish to apply for additional New Shares in excess of your Entitlement (**Additional New Shares**) under the Shortfall Facility (refer to Section 2.2);
- (b) take up part of your Entitlement (refer to Section 2.2); or
- (c) do nothing and allow your Entitlement to lapse (refer to Section 2.3).

Ineligible Shareholders

All Shareholders who do not satisfy the criteria to be Eligible Retail Shareholders are Ineligible Shareholders. Ineligible Shareholders may not take up any of their Entitlements.

If you have a registered address in New Zealand on the Record Date, you will be an Eligible Shareholder for the purpose of the Entitlement Offer and for the purpose of participation in the Shortfall Facility.

Eligible Retail Shareholders

Eligible Retail Shareholders who do not participate in the Entitlement Offer or participate for an amount less than their full Entitlement will have their percentage holding in MCA reduced. Eligible Retail Shareholders who participate in the Entitlement Offer will see their percentage holding in MCA reduce, increase or stay the same depending on the proportion of their Entitlement they subscribe for. Eligible Retail Shareholders who take up their full Entitlement and acquire Additional New Shares under the Shortfall Facility, may see their percentage holding in MCA increase.

The Entitlement Offer is non-renounceable, which means that the Entitlements cannot be traded or otherwise transferred on the ASX or any other exchange or privately. If you do not participate in the Entitlement Offer, you will not receive any value for your Entitlement.

If you have any questions about the Retail Entitlement Offer, please do not hesitate to contact MCA's Offer Information Line on 1300 721 265 between 8.30am and 5.00pm (Sydney time), Monday to Friday during the Retail Offer Period.

Section 1 -Overview of the Offer

1.1 Overview

MCA intends to raise up to \$18.6 million through the Entitlement Offer, which is comprised of the Institutional Entitlement Offer and the Retail Entitlement Offer.

The Entitlement Offer is fully underwritten by the Joint Lead Managers, subject to the terms of the Underwriting Agreement (see section 4.6 for more details).

Under the Retail Entitlement Offer, MCA is offering Eligible Retail Shareholders the opportunity to subscribe for 1 New Share for every 1 Share held on the Record Date. The Issue Price per New Share is \$0.15, the same price as offered to Eligible Institutional Shareholders under the Institutional Entitlement Offer.

The Retail Entitlement Offer includes a Shortfall Facility (see section 1.5 below), with participation restricted to Eligible Retail Shareholders only.

The Entitlement Offer is non-renounceable, which means that the Entitlements cannot be traded or otherwise transferred on the ASX or any other exchange or privately. If you do not participate in the Entitlement Offer, you will not receive any value for your Entitlement.

As of the date of this Retail Offer Booklet, certain of MCA's directors have committed to take up their Entitlements in part or in full in the Entitlement Offer, which in aggregate will account for 11,153,203 New Shares to raise approximately \$1.67 million. Participation of the directors in the Entitlement Offer is in reliance on Listing Rule 10.12, Exception 1, and therefore does not require shareholder approval. Brett Paton, the Company's Chairman, has also agreed to sub-underwrite the Entitlement Offer (see section 4.9 below).

Please refer to the ASX Announcement and the Investor Presentation annexed to this Retail Offer Booklet for information on the reasons for the Entitlement Offer, the use of the proceeds of the Entitlement Offer, and for further information on MCA and its strategy.

1.2 Institutional Entitlement Offer

On 4 May 2026, the Institutional Entitlement Offer was conducted with Eligible Institutional Shareholders given the opportunity to take up all or part of their Entitlement under the Institutional Entitlement Offer at an Issue Price of \$0.15 per New Share. New Shares equivalent to the number not taken up by Eligible Institutional Shareholders and New Shares that otherwise would have been offered to Ineligible Institutional Shareholders under the Institutional Entitlement Offer were offered to Institutional Investors and allocated at the discretion of the Company in consultation with the Joint Lead Managers.

MCA has successfully conducted the Institutional Entitlement Offer to raise approximately \$10.1 million.

The New Shares are expected to be issued under the Institutional Entitlement Offer on Tuesday, 12 May 2026.

1.3 Retail Entitlement Offer

Under the Retail Entitlement Offer, Eligible Retail Shareholders are being invited to subscribe for all or part of their Entitlement and are being sent a letter with information directing them to this Retail Offer Booklet and a personalised Entitlement and Acceptance Form. Eligible Shareholders who take up their Entitlements in full may also apply for Additional New Shares through the Shortfall Facility (see Section 1.5 for more details). Eligible Retail Shareholders who have

requested to receive their communications via email will be sent a personal link to their Entitlement and Acceptance Form and the Retail Offer Booklet by email. No brokerage fees are payable by Eligible Shareholders who exercise their Entitlement or participate in the Shortfall Facility.

The Retail Entitlement Offer closes at 4.00pm (Sydney time) on Wednesday, 20 May 2026, with New Shares to be issued on Wednesday, 27 May 2026.

The choices available to Eligible Retail Shareholders in respect of the Retail Entitlement Offer are described in the "What Should You Do?" section of this Retail Offer Booklet.

1.4 Eligible Retail Shareholders

The Retail Entitlement Offer constitutes an offer only to Eligible Retail Shareholders, being Shareholders on the Record Date who have a registered address in Australia or New Zealand and are eligible under all applicable laws to receive an offer under the Retail Entitlement Offer. A person in the United States or acting for the account or benefit of a person in the United States (to the extent such person holds Shares for the account or benefit of such person in the United States) or an Institutional Shareholder (other than a nominee to the extent that the nominee holds Shares on behalf of an Eligible Retail Shareholder) is not entitled to participate in the Retail Entitlement Offer.

Determination of eligibility of investors for the purposes of the Entitlement Offer is by reference to a number of matters, including legal requirements and the discretion of MCA and the Joint Lead Managers. MCA, the Joint Lead Managers and their respective affiliates and related bodies corporate disclaim any liability in respect of the exercise or otherwise of that discretion, to the maximum extent permitted by law.

Unless the Company otherwise determines, the Retail Entitlement Offer is being made under this Retail Offer Booklet and the Entitlement and Acceptance Form only to those Retail Shareholders (**Eligible Retail Shareholders**) who:

- (i) are registered as a holder of Shares as at the Record Date;
- (ii) (1) have a registered address on the MCA share register that is in Australia or New Zealand, or (2) are Shareholders that MCA otherwise determines are eligible to participate;
- (iii) are not Eligible Institutional Shareholders who were invited to participate in the Institutional Entitlement Offer (whether they accepted their Entitlement or not) and were not ineligible Institutional Shareholders who were ineligible to participate in the Entitlement Offer;
- (iv) are not in the United States and are not acting for the account or benefit of a person in the United States (to the extent such person holds Shares for the account or benefit of such persons in the United States); and
- (v) are eligible under all applicable securities laws to receive an offer under the Entitlement Offer without a prospectus or other disclosure document or any lodgement, filing, registration or qualification.

1.5 Ineligible Shareholders

Retail Shareholders who are not Eligible Retail Shareholders are **Ineligible Retail Shareholders**. The Company is of the view that it is unreasonable to make an offer under the Retail Entitlement Offer to Shareholders outside of the above jurisdictions having regard to:

- (i) the number of Shareholders outside those jurisdictions as a proportion of total Shareholders in MCA;
- (ii) the number and value of the New Shares that would have been offered to those Shareholders outside of those jurisdictions; and
- (iii) the cost of complying with the legal requirements and requirements of regulatory authorities in the overseas jurisdictions.

1.6 Appointment of Nominee for Ineligible Shareholders

MCA has obtained approval from ASIC to appoint Ord Minnett Limited (the **Nominee**) to act as nominee for the purposes of section 615 of the Corporations Act to arrange for the sale of the New Shares that Ineligible Shareholders would be entitled to if they were eligible to participate in the Entitlement Offer (**Nominee Shares**).

Ord Minnett Limited will not be paid a fee with respect to its role as Nominee. However, Ord Minnett Limited is also an underwriter and its fees for its role as an underwriter are set out in section 4.6.

The net proceeds of the sale of the Nominee Shares (after deducting the costs of selling the Nominee Shares), if any, will be distributed to the Ineligible Shareholder for whose benefit the Nominee Shares are sold in proportion to their shareholders as at the Records Date.

Neither MCA nor the Nominee will be liable for the failure to sell the Nominee Shares or to sell them at any particular price.

1.7 Shortfall Facility

In the event that there is a shortfall under the Retail Entitlement Offer, the Shortfall Facility will allow Eligible Retail Shareholders that have fully subscribed for their Entitlements under the Entitlement Offer to subscribe for additional New Shares in excess of their Entitlement (**Additional New Shares**). The number of Additional New Shares that an Eligible Retail Shareholder may apply for will be capped at 50% of their Entitlement. Eligible Retail Shareholders can subscribe for Additional New Shares by completing the relevant part of the Acceptance Form. Please refer to Section 2.2 for more information.

MCA intends to satisfy the applications for Additional New Shares made by Eligible Retail Shareholders wishing to participate in the Shortfall Facility as soon as possible after close of the Entitlement Offer, and issue those Additional New Shares on the Issue Date.

The Company (in consultation with the Joint Lead Managers) will retain complete discretion regarding the allocation of Additional New Shares which Eligible Retail Shareholders subscribe for in excess of their Entitlement. Any scale-back will be applied by the Company in consultation with the Joint Lead Managers and at the Company's discretion. In the event of a scale back, the difference between the Application Monies received, and the number of New Shares allocated to you multiplied by the Issue Price, will be refunded by the Company, without interest, following allotment.

The allocation of Additional New Shares will be limited to the number of New Shares for which valid Applications from Eligible Shareholders are not received by the Closing Date and Entitlements for New Shares that would have been offered to Ineligible Shareholders if they had been entitled to participate in the Entitlement Offer (**Shortfall**).

There is no guarantee that those Eligible Retail Shareholders will receive the number of Additional New Shares applied for. The Company's decision on the number of Additional New Shares to be allocated to you will be final. In accordance with the terms of the underwriting, the Joint Lead Managers, as underwriters, will subscribe or procure subscriptions for any remaining Shortfall.

The Company will not issue Additional New Shares where the Company is aware that to do so would result in a breach of the Corporations Act (including section 606 of the Corporations Act) or the ASX Listing Rules. Eligible Retail Shareholders wishing to apply for Additional New Shares under the Shortfall Facility must consider whether the issue of the Additional New Shares applied for would breach the Corporations Act or the ASX Listing Rules having regard to their own circumstances (including the existence of any associates). The Company expressly disclaims any responsibility for monitoring such applications or ensuring that individual Shareholders do not breach the Corporations Act or the ASX Listing Rules as a result of participation in the Entitlement Offer.

1.8 Use of proceeds

As set out in the Investor Presentation, MCA intends to use the proceeds of the Entitlement Offer for additional working capital as follows:

- (a) ~\$15.9 million (~86% of proceeds) for general working capital to provide funding runway and enable the Company to convert its 3,700t biomass into cash;
- (b) ~0.8 million (~4% of proceeds) for growth capital to expand processing capacity and product formats;
- (c) ~0.4 million (~2% of proceeds) for restructuring and rightsizing costs; and
- (d) ~1.5 million (~8% of proceeds) for costs of offer.

MCA has made two key leadership appointments in Steven Chaur as CEO and Managing Director and Jerome Joseph as Chief Commercial Officer, both experienced in foodservice and fast-moving consumer goods ("FMCG"). This will re-align MCA as a customer-led, large scale and predictable volume based FMCG food business driven by the CEO and CCO's experience, leadership and commercial discipline to convert its premium biological asset of 3,700t to cash.

MCA has a revised strategy to increase sales income including:

- a new program to drive volume uplift, predictable sales and higher service levels;
- a multi-channel domestic sales strategy focus, while nurturing existing exports; and
- expanded product formats to support distribution channels – frozen fillets.

Over the next 12-18 months the domestic sales expansion of MCA will focus on:

- Foodservice: accelerate partnerships with major national distributors (PFD, Bidfood) to drive increased volume.
- Fish Distributors: strategic alignment with key high-volume distributors in each state to uplift volumes with pricing, volume commitments and incentives.
- Retail: Woolworths expansion to 134 stores; targeted future ranging in Coles. Launch of new frozen products, wet fish counter and chilled store expansion.
- End Users: increased focus on sales development with end-user customers
- Product formats: chilled/frozen fillets for retail stores, frozen bulk pack for HORECA markets.

There is still however expected to be a period of time to increase the sales income (from the above discussed revised strategy) to the point where Sales income exceeds all MCA expenses and the business is in a cashflow positive position. During this period of time MCA's biomass remains in the ponds and continues to grow. The general working capital is required to pay all MCA expenses to continue to grow the biomass and operate the business.

Based on MCA's cashflows, which were recently disclosed in MCA's quarterly activities report and Appendix 4C on 30 April 2026, together with management's estimates and assumptions regarding MCA's projected income and expenses, the funds raised from the Entitlement Offer is expected to provide sufficient working capital for MCA until it becomes cashflow positive. If MCA's income does not increase as a result of its revised sales strategy as budgeted, then the funds will last for 12 months.

1.9 Ranking of New Shares

New Shares will rank equally with existing Shares on issue.

1.10 Reconciliation and fractional entitlements

In any entitlement offer, investors may believe that they own more or fewer existing Shares on the Record Date than they ultimately do. This could potentially result in the requirement for reconciliation to ensure all Eligible Shareholders have the opportunity to receive their full Entitlement. If this is required, it is possible that MCA may need to issue a small quantity of additional New Shares to ensure all Eligible Shareholders have the opportunity to receive their full Entitlement. The price at which these Shares will be issued will be the same as the Issue Price. MCA also reserves the right to reduce the number of New Shares allocated to Eligible Shareholders or persons claiming to be Eligible Shareholders, if their Entitlement claims prove to be overstated, or if they or their nominees fail to provide information requested to substantiate their Entitlement claims, or if they are indeed not Eligible Shareholders.

To the extent that the application of the offer ratio of 1 New Share for every 1 existing Share held on the Record Date results in a fractional entitlement to New Shares for a particular Shareholder, that Shareholder's Entitlement shall be rounded up to the next higher whole number of New Shares.

1.11 Quotation and trading

MCA will apply to ASX for the official quotation of the New Shares in accordance with ASX Listing Rule requirements. Subject to approval being granted, it is expected that normal trading of New Shares issued under the Retail Entitlement Offer will commence on Thursday, 28 May 2026.

1.12 Holding statements

Holding statements are expected to be dispatched to Eligible Retail Shareholders on Thursday, 28 May 2026.

It is the responsibility of each applicant to confirm their holding before trading in New Shares. Any applicant who sells New Shares before receiving confirmation of their holding in the form of their holding statement will do so at their own risk. MCA, the Joint Lead Managers and their respective affiliates and related bodies corporate each disclaim all liability whether in negligence or otherwise (and to the maximum extent permitted by law) to persons who trade New Shares before receiving their holding statements, whether on the basis of confirmation of the allocation provided by MCA, the Registry or the Joint Lead Managers.

1.13 Withdrawal of the Entitlement Offer

Subject to applicable law, MCA reserves the right to withdraw all or part of the Entitlement Offer at any time before the issue of the relevant New Shares, in which case MCA will refund any Application Monies already received in accordance with the Corporations Act and will do so without interest being payable to applicants. In circumstances where New Shares have been allotted under the Institutional Entitlement Offer, MCA will only be able to withdraw (to the extent permitted by law and any relevant regulatory relief) the Entitlement Offer with respect to New Shares to be issued under the Retail Entitlement Offer.

To the fullest extent permitted by law, you agree that any Application Monies paid by you to MCA will not entitle you to receive any interest and that any interest earned in respect of application monies will belong to MCA.

Section 2 -How to Apply – Eligible Retail Shareholders

2.1 Choices available to Eligible Retail Shareholders

Eligible Retail Shareholders may do any one of the following:

- (a) take up all of your Entitlement, and you may wish to apply for Additional New Shares in excess of your Entitlement under the Shortfall Facility (refer to Section 2.2);
- (b) take up part of your Entitlement (refer to Section 2.2); or
- (c) do nothing and allow your Entitlement to lapse (refer to Section 2.3).

The Retail Entitlement Offer is a pro rata offer to Eligible Retail Shareholders only.

2.2 Take up all or part of your Entitlement and Additional New Shares

Holders in Australia

If you wish to take up your Entitlement in full (including applying for Additional New Shares under the Shortfall Facility referred to in section 1.5) or in part, you may pay by BPAY® or EFT by following the instructions set out on the personalised Entitlement and Acceptance Form. You can only make payment by BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions.

If making payment by BPAY®, please ensure you use the specific Biller Code and your Customer Reference Number (**CRN**) found on your personalised Entitlement and Acceptance Form. If making payment by EFT, please ensure you use the specific unique reference number found in the EFT section of your personalised Entitlement and Acceptance Form. Eligible Retail Shareholders who have email addresses recorded on their holding will be sent a personal link to their Entitlement Form and the Retail Offer Booklet by email. If you have multiple holdings and receive more than one personalised Entitlement and Acceptance Form, when taking up your Entitlement in respect of one of those holdings, only use the CRN or unique reference number specific to that holding. If you do not use the correct CRN or unique reference number specific to that holding, you will be deemed to have applied only for New Shares on the holding to which that CRN or unique reference number relates, or alternatively your Application may not be recognised as valid and may be rejected.

Applicants should be aware that their own financial institution may implement earlier cut off times with regards to electronic payment and should therefore take this into consideration when making payment of Application Monies.

To apply and pay via BPAY® or EFT, you should:

- read this Retail Offer Booklet and the Entitlement and Acceptance Form in their entirety (also available online at <https://events.miraql.com/mca-offer>) and seek appropriate professional advice if necessary; and
- make your payment in respect of the full Application Monies via BPAY® or EFT for the number of New Shares (and if applicable, also the number of Additional New Shares) you wish to subscribe for (being the Issue Price of \$0.15 per New Share multiplied by the number of New Shares) so that it is received by no later than the Retail Closing Date, being 4:00pm (Sydney time) on Wednesday, 20 May 2026.

When making payment via BPAY® or EFT you are not required to return the Entitlement and Acceptance Form but are taken to make the statements on that form and representations outlined below in Section 2.4 (Implications of making an Application), including the Eligible Retail Shareholder declarations referred to in the Entitlement and Acceptance Form.

Cash, cheque and money order payment will not be accepted. Receipts for payment will not be issued.

If you take up all or part of your Entitlement and your payment of the Application Monies is received in cleared funds by the Retail Closing Date, being 4:00pm (Sydney time) on Wednesday, 20 May 2026, New Shares are expected to be issued to you on the Issue Date being Wednesday, 27 May 2026. Your payment of the Application Monies will not be accepted after the Retail Closing Date, being 4:00pm (Sydney time) on Wednesday, 20 May 2026, and no New Shares will be issued to you in respect of such late Application.

Any New Shares that you would have otherwise been entitled to under the Entitlement Offer (or New Shares that relate to the portion of your Entitlement that has not been taken up) will be issued to any applicants under the Shortfall Facility, and the Joint Lead Managers will subscribe for or procure subscriptions for the remaining Shortfall in accordance with the Underwriting Agreement.

If the amount of Application Monies is insufficient to pay in full for the number of New Shares you applied for, you will be taken to have applied for such whole number of New Shares which is covered in full by your Application Monies. Alternatively, your application will be rejected.

Holders in New Zealand

If you wish to take up your Entitlement in full or in part, you may pay by EFT by following the instructions set out on the personalised Entitlement and Acceptance Form.

When making payment by EFT, please ensure you use the specific unique reference number found in the EFT section of your personalised Entitlement and Acceptance Form. Eligible Retail Shareholders whose email addresses are recorded on their holding will be sent a personal link to their Entitlement Form and the Retail Offer Booklet by email. If you have multiple holdings and receive more than one personalised Entitlement and Acceptance Form, when taking up your Entitlement in respect of one of those holdings, only use the unique reference number specific to that holding. If you do not use the correct unique reference number specific to that holding, you will be deemed to have applied only for New Shares on the holding to which that unique reference number relates, or alternatively your Application may not be recognised as valid and may be rejected.

Applicants should be aware that their own financial institution may implement earlier cut off times with regards to electronic payment and should therefore take this into consideration when making payment of Application Monies.

To apply and pay via EFT, you should:

- read this Retail Offer Booklet and the Entitlement and Acceptance Form in their entirety (also available online at <https://events.miraql.com/mca-offer>) and seek appropriate professional advice if necessary; and
- make your payment in respect of the full Application Monies EFT for the number of New Shares you wish to subscribe for (being the Issue Price of \$0.15 per New Share multiplied by the number of New Shares) so that it is received by no later than the Retail Closing Date, being 4:00pm (Sydney time) on Wednesday, 20 May 2026.

When making payment via EFT you are not required to return the Entitlement and Acceptance Form but are taken to make the statements on that form and representations outlined below in Section 2.4 (Implications of making an Application), including the Eligible Retail Shareholder declarations referred to in the Entitlement and Acceptance Form.

Cash, cheque and money order payment will not be accepted. Receipts for payment will not be issued.

If you take up all or part of your Entitlement and your payment of the Application Monies is received in cleared funds by the Retail Closing Date, being 4:00pm (Sydney time) on Wednesday, 20 May 2026, New Shares are expected to be issued to you on the Issue Date being Wednesday, 27 May 2026. Your payment of the Application Monies will not be accepted after the Retail Closing Date, being 4:00pm (Sydney time) on Wednesday, 20 May 2026, and no New Shares will be issued to you in respect of such late Application.

Any New Shares that you would have otherwise been entitled to under the Entitlement Offer (or New Shares that relate to the portion of your Entitlement that has not been taken up) may be issued to any applicants under the Shortfall Facility, and the Joint Lead Managers will subscribe for or procure subscriptions for the remaining Shortfall in accordance with the Underwriting Agreement.

If the amount of Application Monies is insufficient to pay in full for the number of New Shares you applied for, you will be taken to have applied for such whole number of New Shares which is covered in full by your Application Monies. Alternatively, your application will be rejected.

Refund of Application Monies

Any Application Monies received for more than your final allocation of New Shares will be refunded as soon as practicable after issue. No interest will be paid to applicants on any Application Monies received or refunded.

2.3 Take no action and allow all of your Entitlement to lapse

If you are an Eligible Retail Shareholder and you do nothing, the Entitlements in respect of your Shares will lapse. Your Entitlement to participate in the Retail Entitlement Offer is non-renounceable and will not be tradeable or otherwise transferable. Shareholders who do not take up their Entitlements in full will not receive any payment or value for those Entitlements they do not take up.

You should also note that, if you do not take up all or part of your Entitlement, then your percentage holding in MCA will be diluted to the extent that New Shares are issued to other Shareholders.

2.4 Implications of making an Application

Paying any Application Monies for New Shares via BPAY® or EFT will be taken to constitute a representation by the Eligible Retail Shareholders that they:

- have received a copy of this Retail Offer Booklet accompanying the Entitlement and Acceptance Form, and have read them in their entirety;
- make the Eligible Retail Shareholder declarations referred to in the Entitlement and Acceptance Form and on pages 31 and 32 of this Retail Offer Booklet; and
- acknowledge that once a BPAY® or EFT payment is made in relation to any Application Monies, the Application may not be varied or withdrawn except as required by law.

2.5 Enquiries

This Retail Offer Booklet and the Entitlement and Acceptance Form that accompanies it contain important information. You should read both documents in their entirety before deciding whether or not to participate in the Retail Entitlement Offer. If you:

- have questions in relation to the existing Shares upon which your Entitlement has been calculated;
- have questions on how to complete the Entitlement and Acceptance Form or take up your Entitlement; or
- have lost your Entitlement and Acceptance Form and would like a replacement form,

please call the Offer Information Line on 1300 721 265 between 8.30am and 5.00pm (Sydney time) Monday to Friday during the Offer Period. If you have further questions, you should contact your professional adviser.

Section 3 -Australian Taxation

3.1 General

The section below provides a general summary of the Australian income tax, capital gains tax (CGT), goods and services tax (GST) and stamp duty implications of the Entitlement Offer for certain Eligible Shareholders.

The comments in this section deal only with the Australian taxation implications of the Entitlement Offer if you:

- are resident for Australian income tax purposes; and
- hold your Shares on capital account.

The comments do not apply to you if you:

- are not resident for Australian income tax purposes;
- hold your Shares as revenue assets or trading stock (which will generally be the case if you are a bank, insurance company or carry on a business of trading in securities);
- are subject to the 'TOFA provisions' in Division 230 of the *Income Tax Assessment Act 1997 (Cth)* in relation to the Shares; or
- acquired the Shares in respect of which the Entitlement Offer is issued under an employee share scheme or where the New Shares are acquired pursuant to an employee share scheme.

The taxation implications of the Entitlement Offer will vary depending upon your particular circumstances. You should seek and rely upon your own professional advice before concluding on the particular taxation treatment that will apply to you.

MCA and its officers, employees, taxation or other advisers do not accept any liability or responsibility in respect of any statement concerning taxation consequences, or in respect of the taxation consequences.

This taxation summary is necessarily general in nature. It is strongly recommended that each Eligible Shareholder seeks their own independent professional taxation advice applicable to their particular circumstances.

This taxation summary does not constitute financial product advice as defined in the Corporations Act. This summary is confined to taxation issues and is only one of the matters you need to consider when making a decision about your investments. You should consider taking advice from a licensed adviser, before making a decision about your investments.

3.2 Issue of Entitlements

The issue of the Entitlements should not, in and of itself, result in any amount being included in your assessable income.

3.2 Exercise of Entitlements

Eligible Shareholders who exercise their Entitlements will acquire New Shares. No assessable income or capital gain should arise for you on the exercise (i.e. taking up) of your Entitlements.

If you take up all or part of your Entitlements, you will acquire New Shares. Each of the New Shares will constitute a separate asset for CGT purposes.

The total cost base (and reduced cost base) of the New Shares should equal the Issue Price for the New Shares plus certain incidental costs incurred in acquiring the New Shares. The cost base should be allocated across the New Shares on a reasonable basis.

Each of the New Shares will be taken to be acquired on the day that the Entitlement in respect of the New Share is exercised.

3.3 Distributions on New Shares

Future distributions made in respect of New Shares will be subject to the same income taxation treatment as distributions made on existing Shares held in the same circumstances.

3.4 Disposal of New Shares

On disposal of a New Share (referred to in this section as a Share), you will make a capital gain if the capital proceeds on disposal exceed the total cost base of the Share. You will make a capital loss if the capital proceeds are less than the total reduced cost base of the Share.

As each individual Share is a separate CGT asset, the disposal of a Share will constitute a disposal for CGT purposes. Accordingly, the capital proceeds referable to the disposal of each individual Share will need to be determined by apportioning the total capital proceeds received in respect of the disposal on a reasonable basis.

Individuals, complying superannuation entities or trustees that have held Shares for at least 12 months (not including the dates of acquisition and disposal of the Shares) should be entitled to reduce the amount of any capital gain resulting from the disposal of the Shares (after the application of any current year or carry forward capital losses) by the relevant applicable CGT discount.

The CGT discount applicable is currently 50% for individuals and trustees, and 33 1/3% for complying superannuation entities. The CGT discount is not available for companies that are not acting in the capacity of trustee for a trust. Trustees should seek specific tax advice regarding the tax consequences arising to beneficiaries because of the CGT discount.

If a capital loss arises on disposal of the Shares, the capital loss can only be used to offset capital gains. The capital loss cannot be used to offset ordinary income. However, the capital loss can be carried forward to use in future income years if the loss cannot be used in a particular income year. In the case of corporate investors (including Eligible Shareholders holding the Shares through a trust entity), this will require the satisfaction of separate loss recoupment tests.

3.5 Entitlements not taken up

As described in Section 2.3 above, any Entitlement not taken up under the Entitlement Offer will lapse and the Eligible Shareholder will not receive any consideration for those Entitlements. In these circumstances, there should not be any adverse income tax implications for the Eligible Shareholder.

3.6 Tax file number

If a Shareholder has quoted their Australian business number (ABN), tax file number (TFN) or an exemption from quoting their tax file number in respect of an existing Share, this quotation or exemption will also apply in respect of any New Shares acquired by that Shareholder.

Tax may be required to be deducted by MCA from any distributions at the highest marginal tax rate if an ABN or TFN has not been quoted, or an appropriate TFN exemption has not been provided.

3.7 Other Australian taxes

No Australian GST or stamp duty will be payable by Eligible Shareholders in respect of the issue or exercise of the Entitlements or the acquisition of New Shares pursuant to the Entitlement Offer.

Section 4 - Important Information for Shareholders

4.1 Retail Offer Booklet availability

Those Eligible Retail Shareholders with a registered address in Australia or New Zealand will receive a letter (or, if they have elected to receive communications electronically, an email) directing them to access this Retail Offer Booklet and their personalised Entitlement and Acceptance Form. Please read the Retail Offer Booklet and the Entitlement and Acceptance Form together in their entirety.

Payment of Application Money may be made BPAY® or EFT using the information contained on your personalised Entitlement and Acceptance Form or accessed at <https://events.miraqle.com/mca-offer> (see Section 2.2 for further information). Please carefully read the instructions on the accompanying Entitlement and Acceptance Form.

4.2 Continuous disclosure requirements

Under the Corporations Act, MCA is considered a disclosing entity and is subject to ongoing reporting and disclosure obligations under the Corporations Act and the ASX Listing Rules, including the preparation of annual reports and half yearly reports.

Under the ASX Listing Rules, MCA has an obligation (subject to certain exceptions) to notify the ASX immediately of any information of which it is or becomes aware which a reasonable person would expect to have a material effect on the price or value of its Shares. Such information is available to the public from the ASX at www.asx.com.au.

MCA is also required to lodge certain documents with ASIC. Such documents can be inspected and obtained from an ASIC office.

4.3 No authorisation beyond information contained within this Retail Offer Booklet

Any information or representation not contained in this Retail Offer Booklet may not be relied on as having been authorised by MCA in connection with the Entitlement Offer. No person is authorised to give any information or make any representation in connection with the Entitlement Offer, which is not contained in this Retail Offer Booklet.

4.4 No cooling-off rights

Cooling-off rights do not apply to a subscription for New Shares under the Entitlement Offer. This means that you cannot withdraw your Application once it has been accepted.

4.5 Notice to nominees and custodians

The Retail Entitlement Offer is being made to all Eligible Retail Shareholders. Nominees, trustees and custodians with registered addresses in the eligible jurisdictions (irrespective of whether they participate in the Institutional Entitlement Offer) may also be able to participate in the Retail Entitlement Offer in respect of some or all of the beneficiaries on whose behalf they hold Shares, provided that the applicable beneficiary would satisfy the criteria for an Eligible Retail Shareholder, other than the requirement of being the registered holder of the relevant Shares on the Record Date.

If MCA believes that you hold Shares as a nominee, trustee or custodian, you will have received, or will shortly receive, a letter from MCA in respect of the Entitlement Offer. Nominees, trustees and custodians should consider carefully the contents of that letter and note in particular that the

Retail Entitlement Offer is not available to, and they must not purport to accept the Retail Entitlement Offer in respect of:

- beneficiaries on whose behalf they hold Shares who would not satisfy the criteria for an Eligible Retail Shareholder other than the requirement of being the registered holder of the relevant Shares on the Record Date;
- Eligible Institutional Shareholders who were invited to participate in the Institutional Entitlement Offer (whether they accepted their Entitlement or not);
- Ineligible Institutional Shareholders who were ineligible to participate in the Entitlement Offer; or
- Shareholders who are not eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer.

In particular, persons acting as nominees, trustees or custodians for other persons must not take up any Entitlements on behalf of, or subscribe for or purchase New Shares on behalf of, or send any documents related to the Entitlement Offer to, any person in the United States or any person that is acting for the account or benefit of a person in the United States or any other person outside Australia and New Zealand, except that nominees may take up Entitlements and send documents related to the Entitlement Offer to Institutional Investors.

Due to legal restrictions, nominees, trustees and custodians must not send copies of this Retail Offer Booklet or the Entitlement and Acceptance Form (or accept the Retail Entitlement Offer on behalf of) persons in any other jurisdiction outside Australia or New Zealand, except where permitted by MCA.

MCA is not required, and does not undertake to, determine whether or not any Shareholder or investor is acting as a nominee, trustee or custodian or the identity or residence of any beneficial owners of existing Shares. Where any person is acting as a nominee, trustee or custodian for a foreign person, that person, in dealing with its beneficiary, will need to assess whether indirect participation in the Entitlement Offer by the beneficiary complies with applicable foreign laws. It is the responsibility of nominees, trustees or custodians to clearly identify the residency of beneficiaries on whose behalf they hold Shares in MCA when applying for New Shares on their behalf. MCA is not able to advise on foreign laws. Eligible Retail Shareholders who are nominees or custodians are therefore advised to seek independent advice as to how to proceed.

4.6 Underwriting arrangements and fees

Stralis and Ord Minnett will be acting as joint lead managers and underwriters of the Entitlement Offer.

MCA has entered into the Underwriting Agreement with the Joint Lead Managers in respect of the management and underwriting of the Entitlement Offer.

MCA must pay the Joint Lead Managers (to be split between them in their respective proportions, 60% to Stralis and 40% to Ord Minnett):

- an aggregate management, selling and underwriting fee of 5% of the gross proceeds raised under the Institutional Entitlement Offer; and
- an aggregate management, selling and underwriting fee of 5% of the gross proceeds raised under the Retail Entitlement Offer.

On the basis that the Entitlement Offer is completed and fully underwritten, the total dollar amount of the Joint Lead Managers management, selling and underwriting fees for the Entitlement Offer is approximately \$0.56 million to Stralis and \$0.37 million to Ord Minnett.

MCA must also pay or reimburse the Joint Lead Managers for costs it has incurred in respect of the Entitlement Offer, including legal fees incurred by the Joint Lead Managers (up to a maximum of \$20,000), reasonable out of pocket expenses (including accommodation and travel expenses, marketing, communication, printing, roadshow and settlement agent expenses, stamp duty or similar taxes payable in respect of the Underwriting Agreement or the Entitlement Offer), and reasonable costs incurred in respect of any regulatory inquiry or review related to MCA or the Entitlement Offer. Subject to certain exceptions, MCA has agreed to indemnify the Joint Lead Managers, their related bodies corporate (as that expression is defined in the Corporations Act), and their respective directors, employees, advisers, agents and representatives (each an **Indemnified Party**) from and against all losses suffered or incurred by an Indemnified Party, directly or indirectly in connection with the Entitlement Offer or the Underwriting Agreement.

It is noted that the Joint Lead Managers have also agreed to pay Regal, as sub-underwriting fee equal to 2% of the funds paid for sub-underwritten shortfall shares that it subscribes for. To the extent that Regal is required to subscribe for shortfall shares up to its maximum sub-underwriting commitment of approximately \$4.0 million, the total dollar amount of Regal's sub-underwriting fee payable by the Joint Lead Managers is approximately \$80,000. Paton will not receive a sub-underwriting fee in respect of his sub-underwriting arrangements.

As is customary with these types of arrangements, the Underwriting Agreement contains representations and warranties and indemnities in favour of the Joint Lead Managers. The Joint Lead Managers may also, in certain circumstances, terminate their obligations under the Underwriting Agreement on the occurrence of certain termination events (in some circumstances, having regard to the materiality of the relevant event). The termination events of the Underwriting Agreement are set out below:

- **(misleading disclosure)** a statement contained in the offer materials is or becomes misleading or deceptive or likely to mislead or deceive (including by omission) or a matter required to be included is omitted from the offer materials;
- **(information)** the due diligence committee report or any information supplied by or on behalf of MCA to the Joint Lead Managers for the purposes of the due diligence investigations, the offer materials, or the offer, is false, misleading or deceptive in a material respect;
- **(Cleansing Statement)** the cleansing statement is defective, or a corrective statement is required to be issued under the Corporations Act (other than as a result of a new circumstance arising);
- **(debts due and payable)** any amount owing by an MCA group member under a material financing facility becomes due and payable before its stated date of maturity (Acceleration Event), unless:
 - the Acceleration Event is remedied to the satisfaction of the Joint Lead Managers (acting reasonably) within two Business Days after the Acceleration Event occurs; or
 - where the Acceleration Event occurs less than two Business Days before the Institutional Settlement Date or Retail Settlement Date, the Acceleration Event is remedied to the satisfaction of the Joint Lead Managers (acting reasonably) by the Business Day prior to the Institutional Settlement Date or Retail Settlement Date (as the case may be),and a remedy will not be regarded as satisfactory if it involves the payment of any amount under the material financing facility or any amendment, waiver or variation of that facility that is, in the opinion of the Joint Lead Managers, adverse to the MCA group;
- * **(new circumstance)** a new circumstance arises or becomes known which, if known at the time of issue of the cleansing statement, would have been required to be included in the cleansing statement;
- * **(legal proceedings)** legal proceedings against an MCA group member are commenced;

- **(Material Adverse Effect)** there occurs any material adverse change, or development (including but not limited to any regulatory change) or event occurs or is likely to occur which has or is likely to have a material adverse effect;
- **(market fall)** the ASX/S&P Small Ordinaries Index:
 - closes on any business day prior to the Institutional Settlement Date;
 - closes on two consecutive business days in the period from the Institutional Settlement Date to (and including) the business day prior to the Retail Settlement Date; or
 - closes on the business day prior to the Retail Settlement Date,
 - more than ten per cent below its level at market close on the business day immediately preceding the date of this document;
- * **(future matters)** any estimate or expression of opinion, belief, expectation or intention, or statement relating to future matters (including any forecast or prospective financial statements, information or data or the assumptions or sensitivity in relation thereto) in any offer materials is or becomes incapable of being met or, in the reasonable opinion of the Joint Lead Managers, unlikely to be met in the projected timeframe;

If the Joint Lead Managers terminate the Underwriting Agreement before the issue of securities under the Entitlement Offer, the terminating party will not be obliged to perform any of its obligations which remain to be performed under the Underwriting Agreement but the termination will not limit or prevent the exercise of any other rights or remedies which any of the parties may otherwise have under the Underwriting Agreement. If one Joint Lead Manager terminates the Underwriting Agreement, the remaining Joint Lead Manager may elect, but is not obliged, to take up the rights and obligations of the terminating Joint Lead Manager under the Underwriting Agreement or to nominate a proposed replacement lead manager for the terminating Joint Lead Manager that is acceptable to MCA (acting reasonably).

None of the Joint Lead Managers nor any of their respective related bodies corporate and affiliates, nor any of its directors, officers, partners, employees, representatives, agents or advisers (the **Limited Parties**) have authorised or caused the issue of this Retail Offer Booklet and they do not take responsibility for any statements made in this Retail Offer Booklet or any action taken by you on the basis of such information. To the maximum extent permitted by law, each Limited Party excludes and disclaims all liability for any expenses, losses, damages or costs incurred by you or MCA as a result of your participation in the Entitlement Offer and this information being inaccurate or incomplete in any way for any reason, whether by negligence or otherwise. None of the Limited Parties make any representation or warranties as to whether you or your related parties should participate in the Entitlement Offer, nor do they make any representations or warranties to you concerning this Entitlement Offer or any such information and you represent, warrant and agree that you have not relied on any statements made by any of the Joint Lead Managers or any of their respective related bodies corporate and affiliates or any of their respective directors, officers, partners, employees, representatives or agents in relation to the New Shares or the Entitlement Offer generally.

The Joint Lead Managers and their respective affiliates and related bodies corporate may also hold interests in the securities of MCA or earn brokerage, fees or other benefits from MCA. The engagement of the Joint Lead Managers by MCA is not intended to create any agency, fiduciary or other relationship between any of the Joint Lead Managers and any Shareholder or any other investor.

4.7 Capital Structure

The proposed capital structure of MCA following the issue of the New Shares in connection with the Entitlement Offer will be as follows:

Event	Shares
Existing Shares on issues (at the date of this Retail Offer Booklet)	123,935,296
New Shares to be issued under the Institutional Entitlement Offer	67,169,311
New Shares to be issued under the Retail Entitlement Offer	56,765,985
Total	247,870,592

4.8 Substantial Shareholders

To the knowledge of MCA, the relevant interests of the substantial shareholders (excluding any New Shares proposed to be issued under the Entitlement Offer) are set out below:

Substantial shareholder	Existing Shares	Voting Power
Regal Funds Management Pty Limited (and its associates)	20,160,469	~16.27%
AustralianSuper Pty Ltd	10,285,930	~8.3%
Mr Matthew Ryan (and his associates)	6,248,364	~5.04%

4.9 Control effect of the Entitlement Offer

The potential effect of the issue of New Shares pursuant to the Entitlement Offer on control of MCA and the consequences of that effect will depend on a number of factors, including the current holdings of MCA Shareholders, the extent to which Eligible Shareholders take up New Shares under the Entitlement Offer, the extent to which Eligible Retail Shareholders participate in the Shortfall Facility and the impact of the underwriting and sub-underwriting arrangements.

Regal Funds Management Pty Limited (**Regal**) subscribed for its full Entitlement under the Institutional Entitlement Offer and also agreed to sub-underwrite the Institutional Entitlement Offer and the Retail Entitlement Offer up to approximately \$4.0 million. Accordingly, as at the date of this Retail Offer Booklet, MCA expects that Regal's voting power in the Company to be as follows:

- approximately 20.23% following completion of the Institutional Entitlement Offer; and
- up to 26.63% following completion of the Retail Entitlement Offer.

The Joint Lead Manager have also entered into sub-underwriting arrangements with the Company's Chairman, Mr Brett Paton (**Paton**) under which he has agreed to sub-underwrite the Entitlement Offer up to approximately \$4.0 million. Accordingly, as at the date of this Retail Offer Booklet, MCA expects that Paton's voting power in the Company to be as follows:

- approximately 6.09% following completion of the Institutional Entitlement Offer; and
- up to 15.45% following completion of the Retail Entitlement Offer.

The number of New Shares that will ultimately be required to be taken up by Regal and Paton, and which will therefore increase each of their relevant interests in the voting shares of the Company as a result of the Entitlement Offer and associated sub-underwriting arrangements, will depend on how many New Shares are taken up under the Entitlement Offer (including under the Shortfall Facility) by those holders who are eligible to participate other than Regal and Paton, including by any other sub-underwriters.

However, the number of voting Shares in which each of Regal and Paton each have a relevant interest following completion of the Entitlement Offer may be as much as approximately 27.03% and 15.45% of the Company respectively.

The following tables set out the maximum potential relevant interest and voting power in the Company of each of Regal and Paton following Completion of the Entitlement Offer under several scenarios, including where the Retail Entitlement Offer is 25%, 50%, 75% and fully subscribed

(100%) by the other eligible retail shareholders and in the unlikely event that no other eligible retail shareholders take up their entitlements under the Retail Entitlement Offer, and the full amount of underwritten shortfall is issued to the Joint Lead Managers and sub-underwriters.

Regal

Scenario	Participation by Eligible Retail Shareholders	Shares in which Regal has a relevant interest ⁽¹⁾	Maximum voting power of Regal ⁽¹⁾
Current	-	20,160,469	16.27%
On completion of Institutional Entitlement Offer	-	Up to 38,660,192 ⁽²⁾	Up to 20.23% ⁽²⁾
On completion of Retail Entitlement Offer	100%	Up to 38,660,192	15.60%
	75%	Up to 45,326,859	18.29%
	50%	Up to 51,993,525	20.98%
	25%	Up to 58,660,192	23.67%
	0%	65,326,858 ⁽³⁾	26.36% ⁽³⁾

Notes:

1. Figures in the table are approximate and have altered from those disclosed to ASX on 4 May 2026 due to a reduction in size of the institutional component and an increase in size of the retail component of the Entitlement Offer. Based on Regal's direct and indirect holdings of Shares on 2 October 2025.
2. Based on Regal's participation in the Institutional Entitlement Offer.
3. In the unlikely event that no eligible retail shareholders take up their entitlements under the Retail Entitlement Offer, assumes that \$4.0 million of sub-underwritten shortfall is issued to Regal under its sub-underwriting arrangements with the Underwriters.

Paton

Scenario	Participation by Eligible Retail Shareholders	Shares in which Paton has a relevant interest ⁽¹⁾	Maximum voting power of Paton ⁽¹⁾
Current	-	5,814,654	4.69%
On completion of Institutional Entitlement Offer	-	11,629,308 ⁽²⁾	6.09% ²
On completion of Retail Entitlement Offer	100%	Up to 11,629,308	4.69%
	75%	Up to 18,295,975	7.38%
	50%	Up to 24,962,641	10.07%
	25%	Up to 31,629,308	12.76%
	0%	38,295,974 ⁽³⁾	15.45% ⁽³⁾

Notes:

- 1. Figures in the table are approximate and have altered from those disclosed to ASX on 4 May 2026 due to a reduction in size of the institutional component and an increase in size of the retail component of the Entitlement Offer. Based on Paton's direct and indirect holdings of Shares on 17 March 2026.*
- 2. Based on Regal's participation in the Institutional Entitlement Offer.*
- 3. In the unlikely event that no eligible retail shareholders take up their entitlements under the Retail Entitlement Offer, assumes that \$4.0 million of sub-underwritten shortfall is issued to Paton under its sub-underwriting arrangements with the Underwriters.*

With the Entitlement Offer being fully underwritten by the Joint Lead Managers, it is also possible that one or both of the Joint Lead Managers acquire a material interest in the Company if they subscribe for any of the shortfall as a result of their underwriting obligations. Stralis has agreed to underwrite 60% of the Entitlement Offer, representing approximately \$11.16 million in New Shares and Ord Minnett has agreed to underwrite 40% of the Entitlement Offer, representing approximately \$7.44 million in New Shares. Assuming that the Joint Lead Managers are issued New Shares equal to their full underwriting obligations (in accordance with their respective proportion) and there are no other sub-underwriting arrangements other than those of Regal and Paton:

- Stralis' voting power would increase from 0.11% to up to 17.09% following the completion of the Entitlement Offer; and
- Ord Minnett's voting power would increase from nil to up to 11.38% following the completion of the Entitlement Offer.

The Company understands that neither Regal nor Paton have any present intention to, and subject to any underwritten shortfall shares being issued to the Joint Lead Managers, that neither of the Joint Lead Managers have any present intention to: (i) change the business of the Company; (ii) inject further capital into the Company other than as disclosed in this notice (this may however change on the basis of the Company's future funding requirements); (iii) make any changes regarding the future employment of present employees of the Company; (iv) transfer any assets between the Company and Regal, Paton or the Joint Lead Managers (as applicable) or their respective associates; (v) redeploy fixed assets of the Company; or (vi) significantly change the financial or dividend distribution policies of the Company. The Company understands that each of Regal, Paton and, subject to the Joint Lead Managers being issued underwritten shortfall shares, the Joint Lead Managers have a present intention to support the current board and its disclosed strategies.

As at the date of this Retail Offer Booklet, the Entitlement Offer is not expected to have any material effect or consequences on the day-to-day operations of the Company.

The number of New Shares proposed to be issued under the Entitlement Offer is expected to be approximately 123,935,296 million, which is expected to constitute 50% of the Company's fully paid ordinary shares on issue following completion of both the Entitlement Offer (subject to rounding and assuming no other ordinary shares in the Company, other than New Shares issued under the Entitlement Offer, are issued or securities exercised or converted to ordinary shares in the Company).

The following additional potential effects of Entitlement Offer on the control of MCA are also noted:

- if all Eligible Shareholders take up their entitlements under the Entitlement Offer, then the Entitlement Offer will have no effect on the control of MCA;
- in the event that there is a Shortfall, Eligible Shareholders who do not subscribe for their full Entitlement of Shares under the Entitlement Offer and Ineligible Shareholders unable to

- participate in the Entitlement Offer will be diluted relative to those Shareholders who subscribe for some or all of their Entitlement;
- the proportional interests of Shareholders who are not Eligible Shareholders (being Ineligible Shareholders) will be diluted because such Shareholders are not entitled to participate in the Entitlement Offer;
 - the proportional interests of Eligible Retail Shareholders who take up all of their Entitlement and participate in the Shortfall Facility may increase.

4.10 Section 615 of the Corporations Act and appointment of Nominee

Under section 606 of the Corporations Act, a person cannot acquire a relevant interest in the issued voting shares of a company if, because of a transaction in relation to securities of that company, a person's voting power in the company increases from 20% or below to more than 20% (or from a starting point that is above 20% and below 90%). As noted above, Regal and Stralis may increase their respective voting power in the Company from a starting point that is below 20% to more than 20% as a result of the Entitlement Offer.

The Company understands that, to the extent that Regal's relevant interests in the Company exceed its current 16.27% on completion of the Entitlement Offer, Regal intends to rely on the exception to section 606 of the Act set out in item 10A of section 11 of the Corporations Act (as notionally inserted by *ASIC Corporations (Takeovers - Accelerated Rights Issues) Instrument 2026/102*). Furthermore, the extent that Stralis' relevant interest in the Company exceeds the 20% threshold on completion of the Entitlement Offer, the Company understand that Stralis also intends to rely on the same exception to section 606 of the Act.

To comply with that exception, the Company is required to appoint a nominee in accordance with the requirements of section 615 of the Corporations Act. As noted in section 1.6 of this Retail Offer Booklet, ASIC has approved the appointment of Ord Minnett Limited to act as nominee for the purposes of section 615 of the Corporations Act.

MURRAY COD AUSTRALIA AT A GLANCE

MURRAY COD AUSTRALIA AT A GLANCE

MCA engages in the sustainable breeding, growing and marketing of Murray Cod, Golden Perch and Silver Perch as fingerlings, with the **Aquna Sustainable Murray Cod** the marquee branded product.

MCA's science-based innovation and marketing has led to branded Aquna Murray Cod being on the menus of many of the best restaurants in Australia.

A **vertically-integrated business**, MCA grows high-quality Aquna Sustainable Murray cod, in self-contained units (ponds) using a **land-based aquaculture model**.

MCA has **8 farm sites and 1 processing plant, and maintenance facility** currently in operation, within the Murray-Darling basin – the fish's native environment – and **has one of the lowest environmental footprints in the industry**.

IDEALLY LOCATED IN AUSTRALIA'S 'FOOD BOWL'

Headquartered in Griffith, with 8 farming sites across the Riverina, New South Wales. Ideal for domestic east-coast distribution.

Murrumbidgee Irrigation Area (MIA) has abundant water from Snowy Hydro and underground sources.

MIA is the “Food Bowl” of Australia.

The MIA is “infrastructure ready” with level flood plain, water access, electricity, roads, and sources of labour.

Murray Cod is not a globally farmed species and it is native to the MIA, underpinning its rarity and premium positioning. Through MCA, customers and investors gain direct exposure to a high-quality, scarce biological asset.

INFRASTRUCTURE AND BIOMASS

AQUNA
Sustainable Murray Cod

SCALED UP PRODUCTION CAPACITY

MCA's infrastructure build-out has enabled sustainable bio-growth, with focus now on scalable sales execution

Nursery and Grow-out Ponds – excluding Hatcheries

- Now 128 ponds across 4 sites (Juvenile and Growout)
- ~4,000t capacity at full utilisation (1% of annual Australian fin-fish consumption)
- 100% pond utilisation achieved as of March 2026, enabling strong acceleration of revamped multi-channel domestic sales strategy under new leadership
- Pond restocking is now required for biomass harvest in future years – sales volume acceleration and conversion to frozen finished goods inventory
- Unconstrained sales potential across all size grades unlike previous years

BIOMASS INVENTORY FULLY STOCKED FOR GROWTH

Record 3,700 tonnes in grow-out stock as at 31 March 2026

Biomass volume supports accelerated and unconstrained sales program

- Spring–summer spawning delivered exceptional biomass growth, increasing from 2,481t at 30 June 2025 to 3,700t as at 31 March 2026
- Biomass has been built as fingerlings have been retained for future MCA production
- Improvements in feeding practices and increased fish numbers have led to acceleration in biomass volume
- As fish get larger biomass growth should accelerate (depending on harvest size)
- All size grades now have available markets to sell into. Holding fish in ponds to 3 kg+ weight is no longer required
- New product formats (chilled/frozen) enable MCA to access new retail, distributor channels and places less reliance on harvest times and growing out biomass composition

Total	3,769,892	3,700	0.981	100%	100%	\$21.16	\$78,281,050

What does a biomass of 3,700t represent?

- 3,700t biomass represents a \$78.3 million wholesale revenue opportunity at current prevailing market prices
- 1.0–2.0kg size grade is the commercial engine, accounting for 46% of biomass by weight and \$37.3 million in wholesale value
- Premium-grade fish (2.5kg+) command the highest per-kilogram realisations (\$26–\$27/kg), contributing \$14.3 million in aggregate wholesale value, underscoring the margin upside from biomass maturation and targeted grow-out strategies

Growth Drivers

- Optimal biomass composition – 1.7m 1.0kg+ fish at an average weight of 1.65kg
- Improved feed formulations and optimised feeding methods (CSIRO trials underway)
- Accelerated summer growth: 2,481t (Jun-25) to 2,787t (Dec-25) to 3,700t (Mar-26)
- Sustainable biomass for sale with circa 40% of stock in retention for future harvests, excluding juvenile replenishment in emptied ponds

BUSINESS MODEL

WHY THE MCA MODEL IS DIFFERENT

It's a luxury food – not a commodity

- **Aquna Sustainable Murray Cod** is one of the rarest fine dining fish in the world;
- Is native only to Australia;
- No commercial fishing allowed;
- Most other high quality white fleshed fish are wild-catch and quotas are steadily reducing;
- Anecdotally chefs rate the fish between Coral Trout and Patagonian Toothfish;
- Market recognition of high quality, taste and texture is leading to higher farm gate prices overtime relative to other species; and
- Is native only to Australia and specifically the Murray-Darling basin of NSW, meaning limited competition from imports unlike other species;
- Murray Cod is priced higher than competing popular white fleshed fish such as Barramundi, Snapper and Flathead due to its land farmed reliability, local sourcing and versatility on menus.

Land-based Production

Biosecurity – allows for better control.

- Each pond can be isolated, with dedicated piping, wiring and catchment zone;
- MCA monitors and controls water quality, the delivery of feed and dissolved oxygen levels.

Environmental

- Nutrient enriched water is recycled through production units then used to irrigate adjoining crops and pastures;
- Very low water usage compared to other crops or livestock.

Lower Costs – cost control, limited cost base variability.

- NO ships required – limiting maintenance costs;
- NO bad weather variability- stopping work;
- NO seals or sharks or other variable threats;
- NO boats to ferry staff to site
- Calm fresh water - less unanticipated maintenance or damage;
- Less “Red Tape”

Of the 57m tonnes of finfish produced by aquaculture in the world, 49m tonnes or 85% were produced from inland aquaculture

STAGES / TIMING OF PRODUCTION CYCLE

In summary a fish can spend from 26 - 38 months to go from egg to plate

Hatchery

Broodstock are hand-selected to breed the best fish. Fish are grouped in age and genetic lines. Once the fish are weaned, they go to the nursery.

Nursery

In the nursery, fish are monitored and graded. Stock, of the same size, are kept in recirculated tanks. Fish are held here until they're ready for the grow out farm.

Grow out farm

Fed daily, fish are also checked for good health. Fish grow here, until they reach market size (varies). Finally, fish are harvested and sent to market.

Growth Rate : From hatching to plate, the full life cycle takes approximately 18-months to 2.5 years.

APPENDIX 2: MURRAY COD MARKET AND DISTRIBUTION

MCA COMPETITIVE ADVANTAGE

MCA's competitive advantage is changing

Market Fundamentals	MCA's Natural Advantage
<ul style="list-style-type: none">• Growing consumption driving demand: Australian per capita seafood consumption has reached 25-25.2kg annually (IBISWorld), growing at nearly 2x the rate of population growth as consumers prioritise healthy protein sources.• Premium market expanding: The Australian seafood market will reach \$8.34B by 2034, with the premium segment growing fastest as consumers increasingly value sustainability, traceability, and local production.• Sustainability commands premiums: Products with green certifications can achieve up to 30-40% price premiums, and MCA has already secured AMCS Green Rating with BAP and Halal certifications to support further market access.• Export pathway clear: MCA is awaiting final approval for China market entry, which would open access to the world's largest seafood consumption market where Australian premium products are highly valued.	<ul style="list-style-type: none">• Native species thriving: Murray Cod is perfectly adapted to Australian conditions and actually benefits from the warmer temperatures that challenge salmon, with optimal growth at 23-27°C.• Proven production model: MCA's free-range pond system has achieved 49% year-on-year biomass growth to 3,700 tonnes, with infrastructure in place to reach 4,000 tonnes holding capacity to serve growing customer demand per capita consumption.• Circular economy operating: The company recycles pond water to crops and pastures, potential to create additional revenue streams while maintaining environmental sustainability.• Premium positioning secured: With Australians consuming 25-25.2kg of seafood annually and seeking sustainable alternatives to challenged salmon supply, MCA's premium Murray Cod is ideally positioned.

With Australian seafood consumption at 25-25.2kg per capita and growing, while salmon production faces existential challenges, MCA's operation is perfectly positioned to fill the premium protein gap. Our proven 80% faster growth through selective breeding, 95% survival rates, and full vertical integration from hatchery to plate offers investors exposure to a sustainable, scalable alternative

APPENDIX 3: KEY RISKS

AQUNA
Sustainable Murray Cod

KEY RISKS

Specific Risks

Labour Risks and Reliance on Key Personnel

Murray Cod Australia Limited ("MCA") believes that it has, in general, good relations with its employees and contractors. However, there can be no assurance that MCA's operations or those of its contractors will not be affected by labour related problems in the future, such as disputes relating to wages or requests for increased benefits. There are risks associated with staff including attracting and retaining key personnel and staff acting out of their permitted authority and with contractors not acting in accordance with MCA's policies. Given the specialised nature of its industry, MCA is substantially reliant on the expertise and abilities of its key personnel in overseeing the development and operation of its sites and projects. The ability of MCA to achieve its objectives depends on the engagement of key employees, directors and external contractors that provide management, technical and scientific expertise.

The Company has recently appointed new senior executives and refined its management structure to support its evolving commercial and sales-focused strategy. There is a risk that the integration of new leadership, changes to management processes or failure to retain key personnel may disrupt operations, delay execution of strategic initiatives or adversely affect the Company's ability to deliver on its business objectives.

Energy and fish feed prices

Electricity and fish feed are material operating expenses for MCA. There is a risk that there could be significant increases to energy and fish feed prices. Such increases could significantly increase MCA's cost of operations and have a material adverse effect on MCA's financial performance. Further, any material disruptions in the supply of energy or fish feed to MCA, and MCA being unable to source alternative supplies on similar terms or at all, could have a material adverse effect on MCA's operations and financial performance.

Seasonal and environmental conditions

As MCA is an agricultural water-based producer, there is a risk that MCA could be exposed to a number of natural events and adverse movements in the environment, such as changes in water temperatures, dissolved oxygen and salinity levels, many of which are beyond MCA's control. Adverse environmental conditions can negatively impact fish stock survival, restrict the growth of fish and increase feed conversion ratios. Events such as floods and storms could also cause short, medium or long-term interruptions to MCA's operations and materially impact cash flows, financial performance and operational results, including but limited to: (i) water temperature – if the water temperatures move quickly upwards or downwards, then this could lead to slower growth amongst the fish stock; and (ii) disease outbreaks – disease outbreaks can inflict mortalities on fish stock, slow fish growth rates and can disfigure or render the fish unsightly which reduces their marketability.

Fresh water supply

Fresh and high-quality water is critical for MCA's operations particularly in the ponds and hatchery. There is a risk to MCA that if access to fresh water supply was significantly limited or restricted, it could have a material impact on MCA's farming operations or costs, and its subsequent financial performance.

Biosecurity issues

Generally, biosecurity in outdoor pond-based farms are more difficult to manage due to the lack of environmental control relative to an indoor controlled aquaculture environment. Furthermore, MCA is required to replace fish breeding stock in-order to maintain genetic diversity and ensure stock health. This genetic stock may be introduced from wild caught specimens or from alternative hatcheries. This environmental exposure and the introduction of external fish stock may increase the risk of outbreak of disease in MCA's fish stock, which could result in higher mortality rates which may have a material adverse impact on the financial performance of MCA.

Disease outbreaks and parasites

There is a risk that outbreak of disease in MCA's fish stock and resulting higher mortality rates could have a material adverse impact on MCA's profits, operations and financial performance. Disease is a business risk that is inherent to fish farming operations. Further, the growing of Murray Cod for human consumption through aquaculture has only been recently established relative to other fish species and may be subject to diseases that are not yet known. The major known diseases that can affect Murray Cod are:

- i. Chilodonella and trichodina – fish grown in pond farms are more susceptible to this infection which may lead to increased mortality and slower growth amongst other impacts;
- ii. White spot – a commonly found protozoan disease found in most native fish which may lead to increased mortality and slower growth amongst other impacts;
- iii. Saprolegnia – a fungal disease occurring during winter, generally related to rough handling and which may adversely affect marketability; and
- iv. Parasitic copepod Lernaea (anchor worm) – which may adversely affect marketability and lead to secondary bacterial infections.

There are numerous other diseases and parasites that can impact Murray Cod, which could adversely impact MCA's operations.

Reduction in demand for Murray Cod

There is a risk that a change in economic conditions could cause consumers to reduce their consumption of Murray Cod for other sources of seafood and proteins. Changes in consumer dietary preferences or sentiment towards seafood and Murray Cod could also result in lower demand for Murray Cod. Such lower demand could reduce the price at which MCA is able to sell its Murray Cod, resulting in an adverse effect on MCA's financial performance.

KEY RISKS

Prices and competition

The financial performance of MCA can be influenced by variations in the domestic and international Murray Cod prices which may be linked to the price of seafood in general. Major factors that can influence demand and supply in the Murray Cod market and, therefore, the price of Murray Cod, include:

- i. consumption trends and preferences amongst domestic and international target markets for meat and seafood, including Murray Cod;
- ii. an increase in supply of Murray Cod from either domestic or offshore competitors, or increased competition from alternative fish species and food sources;
- iii. the level of world Murray Cod and alternative fish species production, from fisheries and aquaculture, relative to consumption requirements;
- iv. changes in export or import restrictions imposed by the Federal Government Department of Agriculture and Water Resources; and
- v. movements in exchange rate relativities between the currencies of the targeted export and import countries. Within the wholesale market, which is intended to be MCA's primary distribution channel, MCA will negotiate prices on a spot basis, and as a result, it is not possible to guarantee consistency in respect of prices and terms for future transactions.

There is a risk that a significant reduction in Murray Cod prices could occur, which could have a material adverse impact on the Company's financial performance and operational results. MCA's current strategy places increased emphasis on domestic sales volumes, with pricing increasingly influenced by market demand rather than long-term contracted pricing as there are no fixed, long-term contracts in place between MCA and its wholesale customers. As a result, MCA may be exposed to greater price volatility or margin pressure than under alternative sales strategies.

Customer credit risk

MCA will conduct its business with its customers on normal commercial terms. These terms include varying periods from payment upfront to standard of up to 30 days after dispatch of goods. There is a risk that debtors default or make payment late, which could have a material adverse impact on MCA's financial performance, including cash flow and working capital.

Brand and Reputation Risk

There is a risk that some incident beyond the control of MCA could occur which would have the effect of reducing consumer confidence or preferences for Murray Cod generally, the Aquana brand or MCA products specifically. Such incidents could include:

- i. the occurrence of a serious food safety incident involving another producer or supplier of Murray Cod;
- ii. a widespread loss of consumer confidence in seafood or Murray Cod; and
- iii. a widespread loss of consumer confidence in the food safety procedures in the seafood industry, as a whole.

The consequences of such an incident could be very significant for MCA, with impacts potentially including reduced revenues, loss of consumer trust in the relevant brand or product, and reduced prominence of the brand in customers' minds.

Food safety and sanitation

As with all food producers, MCA is exposed to the risk of product contamination and product recalls. There is also a risk that the product could cause a serious food poisoning incident as a result of an operational lapse in food safety or sanitation procedures or malicious tampering. The occurrence of a serious food poisoning incident could have significant consequences for the Company and may involve:

- i. a loss of consumer trust in MCA that may result in reduced revenues;
- ii. an increase in expenditure on advertising to attempt to restore consumer trust in the brand;
- iii. the processing facilities of MCA being partially or wholly closed while the relevant food safety authorities satisfy themselves that the underlying issue has been resolved satisfactorily; and
- iv. payment to affected consumers of some form of compensation and to the relevant food authorities of some form of penalty or fine.

There is also the risk that actions of MCA's wholesale customers could compromise the hygiene and safety of MCA products after they have left MCA's processing facility, which has the potential for brand damage to MCA.

Security of supply chain

There is a risk that the supply chain for MCA could be materially disrupted with the result that sufficient quantities of Murray Cod are not delivered on time. This could result from the occurrence of a natural disaster that affects the delivery of harvested fish to customers or an event that impacts the delivery of processed fish to customers. The occurrence of such an event could result in the inability to sell some or all products, with an associated loss of revenue and (potentially) brand damage, increased costs flowing from alternative transport and delivery arrangements, or a combination of both.

As MCA increases its focus on chilled and frozen product formats, it is also exposed to new risks associated with processing capacity, cold-chain logistics, inventory management and storage, any of which may result in increased costs, lost sales or working capital pressures.

Risk that MCA's strategy and execution priorities change

The Company has refined its strategy to focus on monetising existing biomass through increased harvest volumes and expanding domestic sales channels. There are risks associated to the execution of this new strategy, including risk that the new strategy may not be executed as anticipated, delayed, modified or unsuccessful due to market conditions, operational constraints or customer demand. Any failure to effectively execute the Company's strategy could have a material adverse impact on its financial performance and cash flow.

KEY RISKS

Risk of Converting Biomass into Revenue and Cash Flow

The Company's strategy is increasingly focused on converting existing biomass into revenue and cash flow through increased harvest volumes. There is a risk that the timing, scale or pricing of harvest volumes may differ from expectations. Any delay or shortfall in converting biomass into sales could adversely affect the Company's cash flow, working capital position and financial performance.

Pricing and Margin Risk from Volume Led Domestic Strategy

The Company's current commercial strategy places greater emphasis on increasing sales volumes. There is a risk that increased sales volumes may not be achieved, may be achieved at lower profit margins or that cost reductions and operational efficiencies do not sufficiently offset pricing pressure. Unforeseen changes in sales and prospective customer channels may also impact margins and profitability.

Environmental regulations and licenses

National and local environmental laws and regulations affect nearly all of MCA's operations. Whilst MCA endeavours to ensure that its operations and activities comply with applicable environmental laws, there is a risk that failure to comply with such laws could occur, which may result in penalties, damages and/or loss of permits or licences required by MCA to operate its hatchery, nursery, fish farms and processing facility. In addition, MCA must renew the appropriate permits and licences required to operate its business. MCA will be subject to regular inspections, examinations and audits by governmental authorities to renew the various licences and permits. MCA will also be subject to periodic and spot inspections conducted by government authorities in order to maintain its operating licences. If serious or repeated findings of non-compliance did occur, there is a risk this would have a negative impact on MCA's ability to renew its licences and have a materially adverse impact on its business operations and financial performance. MCA's ability to export Murray Cod may be dependent on the Company's ability to obtain and maintain licenses relating to the export of Murray Cod to international markets.

Regulatory risks

MCA will incur ongoing costs and obligations associated with compliance with necessary regulations. Regulatory areas which are of particular significance to MCA include environment, occupational health and safety, quarantine, customs, and tariff and taxation laws. Any failure to comply with regulations may result in additional costs for corrective measures, penalties or in restrictions on the Company's proposed business operations. In addition, changes in regulations could require extensive changes to the Company's operations, increased compliance costs or give rise to material liabilities, which could have a material adverse effect on the business, results of operations and financial condition of the Company.

Data security risks

It is possible that MCA's procedures and systems may not stop or detect cyberattacks, data theft and hacking. Cyber security breaches may result in business interruption and loss of fish numbers or commercially sensitive data, which could have an adverse impact on MCA's business and financial condition. MCA's computer systems are subject to the risks of unauthorised access, computer hackers, computer viruses, malicious code, organised cyber-attacks and other security problems and system disruptions, including possible unauthorised access to proprietary or confidential information.

Additional requirements for capital

The funds raised under the Offer are considered sufficient to meet the immediate objectives of the Company. Additional funding may be required in the event costs exceed the Company's estimates and to effectively implement its business plans in the future to take advantage of opportunities for acquisitions or other business opportunities, and to meet any unanticipated liabilities or expenses which the Company may incur. Further additional financing will be required if the Board determines to expand MCA's operations. The Company may seek to raise further funds through equity or debt financing, the Australian Seafood Protein Fund, sale and lease-back agreements or other means. Failure to obtain sufficient financing for the Company's activities and future projects may result in delay and indefinite postponement of its activities. There can be no assurance that additional finance will be available when needed or, if available, the terms of the financing might not be favourable to the Company and might involve substantial dilution to Shareholders.

General Risks

Economic

General economic conditions, introduction of tax reform, new legislation, movements in interest and inflation rates and currency exchange rates may have an adverse effect on the Company's business activities and potential research and development programmes, as well as on their ability to fund those activities.

Market conditions

Share market conditions may affect the value of the Company's quoted Securities regardless of the Company's operating performance. Share market conditions are affected by many factors such as:

- i. general economic outlook;
- ii. introduction of tax reform or other new legislation;
- iii. interest rates and inflation rates;
- iv. changes in investor sentiment toward particular market sectors;
- v. the demand for, and supply of, capital; and
- vi. terrorism or other hostilities.

The market price of securities can fall as well as rise and may be subject to varied and unpredictable influences on the market for equities in general. Neither the Company nor the Directors warrant the future performance of the Company or any return to security holders arising from the Offer or otherwise.

KEY RISKS

Liquidity Risk

The market for MCA's Shares may be illiquid. As a consequence, investors may be unable to readily exit or realise their investment.

Force Majeure

The Company now or in the future may be adversely affected by risks outside the control of the Company, including labour unrest, war, subversive activities or sabotage, fires, floods or other catastrophes, epidemics or quarantine restrictions.

Insurance risks

The Company intends to insure its operations and those of MCA (as required) in accordance with industry practice. However, in certain circumstances, such insurance may not be of a nature or level to provide adequate insurance cover. The occurrence of an event that is not covered or fully covered by insurance could have a material adverse effect on the business, financial condition and results of the Company effected.

Taxation risks

An investment in securities involves tax considerations which differ for each securityholder depending on their individual financial affairs. Changes in tax law or changes in the way taxation laws are interpreted may impact MCA's tax liabilities or the tax treatment of a securityholder's investment.

Litigation risks

The Company is exposed to possible litigation risks including, but not limited to, intellectual property and patent claims. Further, the Company or MCA may be involved in disputes with other parties in the future which may result in litigation. Any such claim or dispute if proven, may impact adversely on the Company's operations, financial performance and financial position. Neither the Company nor MCA are currently engaged in any litigation.

Dividends

Any future determination as to the payment of dividends by MCA will be at the discretion of the Directors and will depend on the financial condition of MCA, future capital requirements and general business and other factors considered relevant by the Directors. No assurance in relation to the payment of dividends or franking credits attaching to dividends can be given by MCA.

Underwriting risk

MCA has entered into an agreement with Stralis Capital Partners Pty Ltd (ABN 42 681 589 515) and Ord Minnett Limited (ABN 86 002 733 048) ("**Underwriters**") with respect to the Entitlement Offer. The Underwriter's obligation to fully underwrite the Entitlement Offer is subject to customary terms and conditions, including termination rights for the Underwriter in specific circumstances, which are summarised on slides 38 to 40.

If the Underwriting Agreement is terminated for any reason, then MCA may not receive the full amount of the proposed Entitlement Offer, its financial position may change, and it may need to take other steps to raise capital.

Unknown risks

Additional risks and uncertainties not currently known to MCA may also have a material adverse effect on MCA's financial and operational performance. The information set out in this document regarding the key operational and investment risks does not purport to be, nor should it be considered as representing, an exhaustive list of the risks faced by MCA.

Why are we sending you this letter?

This letter has been sent to you to inform you about the Entitlement Offer and to explain why you are ineligible to subscribe for New Shares under the Entitlement Offer. This letter is not an offer to issue New Shares to you, nor an invitation for you to apply for New Shares.

You are not required to do anything in response to this letter but there may be financial implications for you as a result of the Entitlement Offer that you should be aware of.

What is the Entitlement Offer?

The Entitlement Offer comprises:

- an accelerated pro-rata non-renounceable entitlement offer to eligible institutional shareholders to accept all or part or none of their entitlement to New Shares (being the Institutional Entitlement Offer); and

¹ This amount is current as at Tuesday, 5 May 2026 and is subject to final reconciliations being determined under the Institutional Entitlement Offer.

- a pro-rata non-renounceable entitlement offer of New Shares to Eligible Retail Shareholders (as defined below) ("**Retail Entitlement Offer**"). Eligible Retail Shareholders who have a registered address in Australia at the Record Date and who take up their full entitlement may apply for additional New Shares ("**Additional New Shares**") at the Issue Price per New Share for up to a maximum of 50% of their Entitlement, subject to any scale back ("**Shortfall Facility**").

The Entitlement Offer is being made by the Company in accordance with section 708AA of the *Corporations Act 2001* ("**Corporations Act**") as modified by *ASIC Corporations (Non-Traditional Rights Issues) Instrument 2026/98*, *ASIC Corporations (Takeovers – Accelerated Rights Issues) Instrument 2026/102* and *ASIC Corporations (Disregarding Technical Relief) Instrument 2026/180*, meaning that no prospectus or other disclosure document needs to be prepared in relation to the Entitlement Offer.

Details of the Retail Entitlement Offer

The Retail Entitlement Offer is being made to Eligible Retail Shareholders on the basis of 1 New Share for every 1 existing Share held at the Record Date.

The Company has today lodged a retail offer booklet on ASX, which sets out further details in respect of the Retail Entitlement Offer ("**Retail Offer Booklet**"). The Retail Offer Booklet is being mailed to Eligible Retail Shareholders.

Who is eligible for the Retail Entitlement Offer?

Shareholders who are eligible to participate in the Retail Entitlement Offer ("**Eligible Retail Shareholders**") are holders of fully paid ordinary shares ("**Shares**") in the capital of the Company who:

- are registered as a holder of Shares as at 7.00pm (AEST) on Tuesday, 5 May 2026 (the "**Record Date**"); and
- have a registered address on the Company share register in Australia or New Zealand (or are a shareholder that the Company has otherwise determined is eligible to participate) as at the Record Date; and
- are not in the United States and are not acting for the account or benefit of a person in the United States (to the extent you hold Shares for the account or benefit of such person in the United States); and
- did not receive an offer to participate (other than as a nominee, in respect of other underlying holdings) and were not otherwise ineligible to participate under the Institutional Entitlement Offer; and
- are eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer, including without any requirement for a prospectus or offer document to be lodged or registered (other than such a requirement which the Company is willing to comply with).

Shareholders who are not Eligible Retail Shareholders are ineligible retail shareholders and are consequently unable to participate in the Retail Entitlement Offer.

For the avoidance of doubt, if a shareholder of the Company (including a nominee, trustee or custodian) is acting for the account or benefit of a person in the United States, it may not participate in the Retail Entitlement Offer on behalf of that person.

Why am I not eligible for the Entitlement Offer?

The Company has determined, pursuant to section 9A(3) of the *Corporations Act* and ASX Listing Rule 7.7.1(a) that it would be unreasonable to make offers to the Company's shareholders in countries outside Australia and New Zealand in connection with the Retail Entitlement Offer. This is because of the small number of shareholders in each of those countries, the number and value of Shares those shareholders hold and the cost of complying with the applicable legal requirements and requirements of regulatory authorities in those countries.

Unfortunately, according to our records, you do not satisfy the eligibility criteria described above. Accordingly, in compliance with section 9A(3) of the Corporations Act and ASX Listing Rule 7.7.1(b), we wish to inform you that the Entitlement Offer will not be extended to you and you will not be able to subscribe for New Shares under the Entitlement Offer. You will not be sent a copy of the Retail Offer Booklet.

Eligibility of investors for the purposes of the Entitlement Offer is determined by reference to a number of matters, including legal and regulatory requirements, logistical and registry constraints and the discretion of the Company and the Joint Lead Managers.

The Company, the Joint Lead Managers, their affiliates and related bodies corporate, and each of their respective directors, officers, employees, partners, contractors, consultants, advisers and agents, disclaim any duty or liability (including in negligence) in respect of any determination of eligibility, to the maximum extent permitted by law.

Treatment of Ineligible Shareholders

The Company has appointed Ord Minnett Limited ("**Nominee**") to act a nominee in respect of ineligible shareholders under section 615 of the Corporations Act to arrange for the sale of the New Shares that ineligible shareholders would be entitled to if they were eligible to participate in the Entitlement Offer ("**Nominee Shares**").

The net proceeds of the sale of the Nominee Shares (after deducting the costs of selling the Nominee Shares), if any, will be distributed to the ineligible shareholders for whose benefit the Nominee Shares are sold in proportion to their shareholdings as at the Records Date.

There is no guarantee that there will be any net proceeds from any sale of the Nominee Shares and neither the Company nor the Nominee will be liable for the failure to sell the Nominee Shares or to sell them at any particular price.
