ABOUT SENETAS CORPORATION LIMITED

Senetas is an Australian-founded defence technology company providing high-assurance cybersecurity solutions to defence, government, and critical infrastructure organisations in more than 60 countries. Our technologies deliver certified quantum-resistant network encryption for future threats. We safeguard mission-critical communications by protecting sensitive data in motion and data at rest.

Distributed globally by Thales, one of the world's largest defence, aerospace, and cybersecurity technology providers, Senetas solutions comply with the highest international security standards and certifications, including Common Criteria and FIPS.

In modern defence environments, secure communications are as critical in the field as they are in core network infrastructure. Senetas solutions extend military-grade network encryption to every location duty calls – from submarine depths to aerial missions – arming military assets with uncompromising protection against sophisticated state and criminal cyber threats.
