

Investor Conference Call

SRJ Technologies Group Plc (ASX: SRJ) (“SRJ” or the “Company”) will be hosting an investor conference call for shareholders and interested stakeholders, to provide an update on the Company’s contract pipeline and Middle East expansion.

CEO, Kurt Reeves, will report on recently executed contract awards, the status of contracts currently in the pipeline, and the Company’s broader strategy for securing new business across the Middle East.

A live Q&A session will follow the presentation, during which investors and stakeholders are encouraged to submit questions directly to management.

ABOUT SRJ TECHNOLOGIES

SRJ deliver integrated asset integrity maintenance, engineering and technology-enabled services to the energy, industrial and maritime industries. Asset integrity maintenance involves the provision of embedded site-based maintenance, advanced inspection, predictive monitoring and repair solutions designed to prevent asset failures and extend asset life. The services are focused on maintaining and assuring the integrity of critical mechanical and pressure containment systems, supporting safe, reliable and compliant operations across operating facilities. SRJ’s asset integrity and maintenance services support asset owners in the development, implementation and execution of long-term lifecycle integrity strategies, including regulatory compliance requirements applicable to critical mechanical and pressure containment systems.

Remote inspection services are provided utilising advanced robotics and custom technologies. SRJ’s range of containment management solutions enable customers to assure the integrity of new and ageing assets subject to ever more demanding regulatory pressures.

By providing advanced robotic systems, ACE (an SRJ Group company) is revolutionising asset inspection in terms of minimising human risk and providing accurate and repeatable inspection data. ACE can inspect the previously un-inspectable, delivering asset integrity assurance and management to the Energy and Marine industries. ACE has achieved accreditation with all the major Marine Class Societies.

SRJ's range of asset integrity products and solutions have gained industry approval across the energy sector and are now in use across the world. SRJ's products are designed to maintain and assure the integrity of pressure containment systems and therefore play an important role in the overall integrity of operating facilities.
