

12 May 2026

## Change of Company Name

**PLC Resources Limited** (ASX:PLC) (“**PLC**” or “the **Company**”) is pleased to announce that following shareholder approval at the Company’s General Meeting on Monday, 11 May 2026, the Company’s name has changed from Premier1 Lithium Limited to PLC Resources Limited. The change of company name has been registered by the Australian Securities and Investments Commission (ASIC).

PLC Resources better reflects our strategic focus on gold and copper exploration in Western Australia's world-class greenstone belts. Our ticker (ASX: PLC), our team, our assets and our commitment to shareholders are unchanged. 'Lithium' in our old name was creating confusion in the market and misaligning us with the investor community most likely to value our Yalgoo Gold and Abbots North projects. This rebrand removes that barrier.

The Company’s ASX ticker code remains the same as PLC.

The Company’s website address has been updated to [www.plcresources.au](http://www.plcresources.au).

END

This release was approved by the PLC Resources Board.

### ABOUT PLC RESOURCES

PLC Resources Limited (ASX: PLC) is a Western Australian mineral exploration company dedicated to discovering and advancing high-value gold and copper assets in world-class geological settings. Formerly known as Premier1 Lithium Limited, the Company has refocused its exploration strategy on its two flagship projects: the Yalgoo Gold Project, covering over 220 km<sup>2</sup> in the highly prospective Yalgoo-Singleton Greenstone Belt, a district hosting copper-gold mines including Golden Grove and Deflector, and the Abbots North Project in the Murchison region of Western Australia, approximately 35 kilometres north of Meekatharra. PLC Resources is guided by rigorous project evaluation, disciplined capital allocation, and a commitment to delivering value for shareholders through high-impact exploration.
