

## Investor Webinar recording available

**SRJ Technologies Group Plc (ASX: SRJ)** (“SRJ” or the “Company”) advises that a recording of the investor webinar held on 13 May 2026 regarding the Company’s contract pipeline and Middle East expansion strategy is available at the following link: [Open Briefing - SRJ Technologies Investor Conference Call](#).

During the webinar, Management discussed current expectations regarding the progression of revenues associated with recently announced Middle East contracts as detailed in the investor presentation released to ASX on 1 May 2026. Management commentary regarding targets or expectations for revenue growth in FY26 should not be interpreted as formal earnings guidance or a guarantee of future financial performance.

### ABOUT SRJ TECHNOLOGIES

SRJ delivers integrated asset integrity maintenance, engineering and technology-enabled services to the energy, industrial and maritime industries. Asset integrity maintenance involves the provision of embedded site-based maintenance, advanced inspection, predictive monitoring and repair solutions designed to prevent asset failures and extend asset life. The services are focused on maintaining and assuring the integrity of critical mechanical and pressure containment systems, supporting safe, reliable and compliant operations across operating facilities. SRJ’s asset integrity and maintenance services support asset owners in the development, implementation and execution of long-term lifecycle integrity strategies, including regulatory compliance requirements applicable to critical mechanical and pressure containment systems.

Remote inspection services are provided utilising advanced robotics and custom technologies. SRJ’s range of containment management solutions enable customers to assure the integrity of new and ageing assets subject to ever more demanding regulatory pressures.

By providing advanced robotic systems, ACE (an SRJ Group company) is revolutionising asset inspection in terms of minimising human risk and providing accurate and repeatable inspection data. ACE can inspect the previously un-inspectable, delivering asset integrity assurance and management to the Energy and Marine industries. ACE has achieved accreditation with all the major Marine Class Societies.

SRJ’s range of asset integrity products and solutions have gained industry approval across the energy sector and are now in use across the world. SRJ’s products are designed to maintain and assure the integrity of pressure containment systems and therefore play an important role in the overall integrity of operating facilities.

### FORWARD LOOKING STATEMENTS

This announcement and the webinar recording contains certain ‘forward-looking statements’ which are subject to known and unknown risks and uncertainties and may involve significant elements of subjective judgment and assumptions as to future events which may or may not be correct. There are usually differences between forecast and actual results because events and actual circumstances frequently do not occur as forecast and these differences may be material. SRJ does not give any representation, assurance or guarantee that the occurrence of the events expressed or implied

in any forward-looking statements in this announcement will actually occur and you are cautioned not to place undue reliance on forward-looking statements
