SPC Global Holdings Limited to Raise ~\$100.0 million to Strengthen Balance Sheet and Support Business Strategy

SPC Global Holdings Limited (ASX:SPG) (“**SPC Global**”, “**the Company**” or “**the Group**”), a leading Australian food and beverage manufacturer, today announces a fully underwritten ~\$100.0 million Equity Raising.

Highlights

- SPC Global has launched a fully underwritten ~\$100.0 million Equity Raising via:
 - a fully underwritten placement to new and existing institutional and sophisticated investors to raise ~\$2.9 million (“**Placement**”); and
 - a fully underwritten 1 for 0.1993 pro rata renounceable entitlement offer to raise ~\$97.1 million (“**Entitlement Offer**”),(together, the “**Equity Raising**”).
- Proceeds from the Equity Raising will be used for the reduction of net debt, working capital purposes and costs of the Equity Raising in support of the Group's business strategy.
- Material net debt reduction will reset SPC Global's balance sheet to a more appropriate leverage position that will leave it well funded to pursue its business strategy realising a material improvement in the free cash flow of the business. The anticipated interest expense associated with banking facilities will change from c.\$15M in FY26 to an estimated \$4.5M to \$5M per annum post the Equity Raising.
- Expected to materially improve the Company's liquidity position with net leverage ratio reducing from 3.9x to 1.1x on a pro forma basis as at 31 December 2025.²

SPC Global's Managing Director, Robert Iervasi said:

“Today's Equity Raising announcement marks an important step in strengthening SPC Global's balance sheet and positioning the business for its next phase of execution.

Having now completed over a full year as a combined group, we have moved decisively from transformation to execution. Over the last 12 months, we have delivered to expectations and executed against our strategies – margins are improving, channel mix is favourable and our international expansion is tracking well. We are also seeing solid progress across our manufacturing and supply chain initiatives as a proud Australian manufacturer. Resetting the balance sheet at this point in time reduces leverage, strengthens liquidity and provides a clear focus for laser sharp execution in market.

¹ Based on pro forma post-transaction net debt before ROU assets/liabilities and transaction costs as at 31 December 2025 divided by normalised EBITDA (post-AASB16) for the 12 months to 31 December 2025.

² Net leverage is calculated as net debt divided by normalised EBITDA for the twelve months to 31 December 2025. EBITDA is normalised for non-recurring restructuring and integration costs.

Without this, SPC Global would not be in a position to appropriately fund its business strategy.

This transaction positions us to continue investing in Australian manufacturing, our people and our brands, while maintaining disciplined capital management and a clear focus on long-term value creation."

Equity Raising

The Equity Raising consists of the issue of new fully paid ordinary shares in SPC Global ("**New Shares**") by way of a fully underwritten Placement to raise ~\$2.9 million via the issue of ~29.0 million New Shares and a fully underwritten Entitlement Offer to raise ~\$97.1 million via the issue of ~971.0 million New Shares.

Accordingly, a total of ~1,000 million New Shares will be issued under the Equity Raising. New Shares will rank equally with existing SPC Global fully paid ordinary shares ("**Shares**") from their date of issue and the Company will seek quotation of the New Shares on ASX in accordance with the below timetable.

Under the Entitlement Offer, eligible shareholders are invited to subscribe for 1 New Share for every 0.1993 Shares ("**Entitlements**") held as at 7:00pm (Sydney time) on Tuesday, 19 May 2026 ("**Record Date**").

All New Shares offered under the Equity Raising will be issued at a price of \$0.10 per New Share ("**Offer Price**"), which represents a:

- 71.0% discount to last traded price of \$0.345 on Monday, 4 May 2026;
- 69.7% discount to the 10-day volume-weighted average price of \$0.330 per Share; and
- 28.4% discount to the theoretical ex-rights price ("**TERP**")³ (including Placement) of \$0.140 per Share.

Unified Capital Partners Pty Limited and Gleneagle Securities (Aust) Pty Ltd ("**Joint Lead Managers**"), are acting as joint lead managers, underwriters and bookrunners to the Equity Raising, subject to certain terms and conditions set out in an underwriting agreement ("**Underwriting Agreement**"). A summary of the key terms of the Underwriting Agreement can be found in the investor presentation lodged with the ASX today.

Managing Director, Robert Iervasi has indicated he intends to take up his full Entitlement under the Entitlement Offer.

In addition, Chairman, Andrew Reitzer has committed to subscribe for \$100,000 of New Shares on the same terms as the Placement, subject to shareholder approval at the Company's 2026 Annual General Meeting, expected to be held in November 2026.

³The theoretical ex-rights price (TERP) is a theoretical price at which Shares trade immediately after the ex-date for the Entitlement Offer (and here the Placement). TERP is calculated by reference to the closing price of \$0.345 on Monday, 4 May 2026. TERP is a theoretical calculation only and the actual price at which Shares trade immediately after the ex-date for the Entitlement Offer will depend on many factors and may not be equal to TERP.
