ASX Market Release

Mayfield Announces an Addition to the Board

Mayfield Childcare Limited (**Mayfield** or the **Company**) is pleased to advise the appointment of Gary Scott as a Non-Executive Director of the Company, effective today.

Roseanne Healy, Chair, stated: "Following a nomination and selection process led by the Board, we are pleased to welcome Gary Scott to the Board".

Biography: Gary Scott

Gary has more than four years' experience in the early childhood education and care sector across multi-site operations, service quality, regulatory compliance and commercial performance.

Gary has worked across centre-level performance analysis, quality improvement activity, regulatory readiness, service improvement and remediation activity, and operational input into strategic and commercial decision-making within a publicly listed childcare environment, including at Embark, with exposure to board reporting and performance oversight. Gary has also served as a Nominated Supervisor within the sector, providing direct operational and regulatory accountability at service level. Gary brings current, practical knowledge of the operational and regulatory frameworks applicable to licensed early learning services, including risk management, workforce leadership, quality assurance and the operational drivers of centre-level performance.

Gary's experience is grounded in the day-to-day realities of operating regulated early learning services in a challenging market environment, including cost pressure, regulatory scrutiny and performance variability across centres. Prior to transitioning into the early childhood education and care sector, Gary worked in legal service environments, which contributed to his understanding of structured decision-making, regulated processes and organisational accountability. Gary holds a Bachelor of Laws, a Bachelor of Physics and a Graduate Diploma of Legal Practice.

This announcement has been approved for release by the Board.
