

\$762k R&D Tax Incentive Received

Sydney: AI and Medical Technology Company Echo IQ Limited (ASX: **EIQ**) (“**Echo IQ**” or “**the Company**”) is pleased to confirm the receipt of \$762,662.01 under the Australian Government’s Research and Development (“**R&D**”) Tax Incentive Scheme.

The claim covers the financial year ended 30 June 2025. The refund recognises the Company’s expenditure incurred in R&D associated with the Company’s artificial intelligence innovation and the development of decision-support solutions for the detection of structural heart disease.

The R&D Tax Incentive Scheme is an Australian Government program developed to assist companies undertaking eligible research and development activities through refundable and non-refundable tax offsets. Eligible companies with turnover under \$20 million may receive a refundable offset of up to 43.5% of eligible R&D expenditure.
