

## INVESTOR WEBINAR: ENERGYX CEO TO PRESENT ON PROJECT POWDER HOUND AND U.S. LITHIUM EXPANSION

**Pantera Minerals Limited (ASX: PFE OTCQB: PTMLF)** (“Pantera” or the “Company”) is pleased to invite shareholders and investors to an **Energy Exploration Technologies, Inc. (“EnergyX”)** investor webinar, where EnergyX Founder and CEO Teague Egan will provide an updated on the recently announced Project Powder Hound in Utah.

Pantera holds a strategic interest of 2.34 million shares in EnergyX<sup>1</sup>, providing PFE shareholders with indirect exposure to EnergyX's expanding U.S. lithium portfolio, including Project Powder Hound, Project Lonestar and EnergyX's Direct Lithium Extraction (“DLE”) Technology Platform.

### Webinar Highlights

- Plans for a 30,000 tonne per annum lithium production facility at Project Powder Hound, Utah
- Details of EnergyX's strategic partnership with Compass Minerals
- EnergyX's strategy to expand domestic lithium production capacity across the United States
- Live Q&A with EnergyX CEO Teague Egan

The webinar will provide attendees with the opportunity to hear directly from EnergyX CEO Teague Egan on the strategic rationale for Project Powder Hound, EnergyX's Partnership with Compass minerals, and the broader strategy to expand domestic lithium production capacity across the U.S.

**About Pantera Minerals**

**Pantera Minerals Limited (ASX: PFE OTCQB: PTMLF)** is a forward-looking critical minerals exploration and development company focused on advancing projects in critical minerals across the United States with a particular focus on Arkansas. The Company is committed to leveraging modern exploration methods – including geochemistry, geophysics, and advanced modelling – to unlock value in regions historically mined for critical minerals, which are recognised by the U.S. government as essential to supply chain security. In addition to its direct project interests, Pantera holds a strategic 2.34 million share interest in Energy Exploration Technologies Inc. (EnergyX), a privately held U.S. developer of Direct Lithium Extraction technology and U.S. and south American lithium projects

**About EnergyX**

Energy Exploration Technologies, Inc. (EnergyX) is a United States-based lithium technology and project development company commercialising direct lithium extraction (DLE) technology and advancing a portfolio of lithium projects across the Americas to support the expansion of domestic battery supply chains.
