
ETM Shareholder and Investor Webinar

ETM Managing Director, Daniel Mamadou, to host a live investor webinar to provide an update on the Company's activities on Wednesday, 3 June at 9.00am WST/11.00am AEST

Energy Transition Minerals Ltd (ASX: ETM) ("ETM" or "the Company") is pleased to advise that its Managing Director, Daniel Mamadou, will host a live investor and shareholder webinar to provide an update on the Company's recent activities and key developments at both the Penouta Tin-Tantalum Project in Spain and the Kvanefjeld Rare Earths Project in Greenland.

Mr Mamadou will provide an overview of the Company's strategy and recent announcements including the appointment of Alexander B. Gray to its Advisory Board and progress at the Penouta Project, including the off-take MOU with Traxys and the updated JORC Mineral Resource Estimate.

Webinar Details

The webinar will commence at **9.00am (AWST) / 11.00am (AEST)** on **Wednesday, 3 June 2026**.

Mr Mamadou will deliver an updated company presentation before opening the floor to questions, which can either be submitted prior to the start of the webinar at info@readcorporate.com.au or logged via the webinar platform. If you would like to register to attend the webinar, please do so via the link below:

ABOUT ENERGY TRANSITION MINERALS LTD.

Energy Transition Minerals Ltd (ASX: ETM) is an exploration and development company focused on developing and financing supply chains for the metals and materials that are critical to the decarbonization of the world, with a special focus on high-quality mineral projects. The Company manages exploration projects in Western Europe, North America, and Greenland, including the Kvanefjeld Rare Earth Project in Greenland, one of the largest undeveloped rare deposits in the world, and it is in the process of completing the acquisition of the Penouta Tin-Tantalum-Niobium Mine in Galicia, Spain. The Company has been involved in the development of the Kvanefjeld Rare Earth Project since 2007, and its right to the grant of an exploitation licence for this Project remains subject to legal proceedings in the courts of Greenland and Denmark. The Company is also involved in the

Villasrubias Lithium-Tantalum Project, an early stage exploration project located in the region of Castile and Leon in Spain; and the Solo and Good Setting Lithium Projects in James Bay, Quebec. ETM continues to assess other critical metals project opportunities globally.
