Dear Sir/Madam

Platinum Asia Fund Complex ETF (PAXX) - request to resume trading

This morning PAXX was placed into a temporary trading halt along with Platinum International Fund Complex ETF (PIXX) due to issues with the compilation of the start of day portfolio composition file. We can now advise that PAXX is unaffected by the issue and request the pause in trading to be lifted with trading in PAXX units to resume as per normal.

Yours faithfully

Andrew Stannard
