Perth, WA and Alexandria, VA - WhiteHawk Limited (ASX:WHK) ("WhiteHawk" or "the Company"), is the first global online AI based cyber security exchange enabling all businesses and organizations to take smart action to prevent cybercrime, fraud and disruption and mitigate the impacts continuously - with automated and scalable Cyber Risk Assessments, SaaS, and Platform as a Service (PaaS) product lines that are tailored for clients of all sizes.

WhiteHawk is pleased to announce it has entered into a Strategic Partnership agreement with Perth based Managed Services Provider Adisyn Services.

Under the agreement, WhiteHawk will use Adisyn Services as it's in-country service delivery arm for IT & Cyber Professional Services leveraging WhiteHawk products and solutions.

Adisyn Services will look to expand it's engagements with WhiteHawk, building on a number of successful work programs to date, leveraging WhiteHawk's demonstrated capabilities around Cyber - Supply Chain Risk Management, CMMC and advanced Cyber Security SaaS/PaaS Solutions.

As the main Defence focused IT & Cyber Provider in the strategic location of Henderson WA, Adisyn Services has in-depth knowledge and first-hand experience meeting and supporting the stringent Defence Industry Support Program (**DISP**) certification for industry partners to support the AUKUS Pillar I and Pillar II requirements with a focus on the breadth of AUKUS fully funded Programs.

**Additional Adisyn Services Capabilities – Now with WhiteHawk Solutions**

1. Cyber - Supply Chain Risk Management: With WhiteHawk's Cyber Risk Radar, organisations can assess, report on and continuously monitor third party supply chain cyber risks at scale.

2. Fast-Track CMMC Compliance: Using WhiteHawk's Cyber Risk Program, mapped to both CMMC Level 1 and Level 2, businesses can greatly reduce the cost and time involved in registering their CMMC status, a requirement for exporting to the US.

3. Access to Cyber Security Marketplace: Access to over 200 vetted Allied Cyber Security Solutions via the WhiteHawk Cloud Marketplace.

4. Cyber Analyst Online Training: Utilising WhiteHawk's Cyber Analyst Platform-as-a-Service, Adisyn Services is able to expand its trainee and internship programs by offering real-world experiential cyber analyst training on live datasets building cyber capacity within internal teams.

Jesse Gane, General Manager of Adisyn Services, commented, *"Our Clients are seeking smart and cost-effective cyber security compliance and resilience. By adding WhiteHawk's suite of next generation Cyber SaaS/PaaS solutions and their 200+ solution partners, we can continue to deliver the best possible services to our current and future clients. With our strong focus on AUKUS and highly regulated Critical Industry sectors, we can fast track compliance to CMMC, Australian Essential 8 or up to 13 other international frameworks for any companies of any size."*

Terry Roberts, Executive Chair of WhiteHawk, commented, *"Through this strategic partnership with Adisyn Services, we are establishing a successful sales and servicing arm across the APEC Region that will drive WHK and Adisyn growth across the Defence and other highly regulated sectors. All current Adisyn Services Clients will greatly benefit from having their cyber resilience and compliance fast tracked cost effectively. Adisyn Services can now offer Clients WHK next generation Cyber Risk to Resilience Solutions at scale."*
