ABOUT EVOLUTION ENERGY MINERALS

Evolution Energy Minerals is an Australian-listed minerals company focused on the exploration and development of critical metals in Africa.

The Company’s flagship asset is the **Chilalo Graphite Project in Tanzania**, one of the world’s largest and highest-quality flake graphite development projects, supported by extensive metallurgical test work, product qualification programs and downstream engagement with end-users.

Evolution is also advancing the **Chikundo Copper Project**, targeting high-grade hydrothermal copper mineralisation in southern Tanzania.

Evolution’s strategy is to responsibly develop large-scale, long-life assets that support the global energy transition, while working collaboratively with host governments, local communities and strategic partners to deliver sustainable long-term value for shareholders.
