Clarification – Cobalt Blue and Glomar Minerals Progressing Project Infinity

Cobalt Blue Holdings Limited (**Cobalt Blue**) refers to its ASX announcement *Cobalt Blue and Glomar Minerals Progressing Project Infinity* dated 16 June 2026.

For clarity, the statement “Project Infinity aims to process 200,000 tonnes of polymetallic nodules and 7,500 tonnes of cobalt hydroxide per annum” contained in the announcement above, refers to the proposed nameplate capacity of Project Infinity’s processing plant. This proposed plant capacity will be used as part of the pre-feasibility studies for Project Infinity to be undertaken by Cobalt Blue. The proposed plant capacity should not be misconstrued as a *production target* as defined in ASX Listing Rules Chapter 19 and investors should not rely on this information for making any investment decisions.

This announcement was authorised for release to the ASX by the board of Cobalt Blue Holdings Limited.
