8.8.1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: The Company relies on operating cash flows from the Kolosori Nickel Project (Project). The Company has continues to operate on site to ensure compliance of the operation under its mining licence and to continue mining and stock piling of ore for shipment. The ongoing liquidity, working capital and continued financial viability of the Company (and the Project) is dependent on completion of the Share Sale and Purchase Agreement with Green Rock Limited, which remains subject to conditions precedent including shareholder approval, regulatory approvals in the Solomon Islands (including environmental and mining approvals), exchange control approval from the Central Bank of Solomon Islands, and withdrawal of discontinuance of Civil Case 215 of 2025. It is also dependent on Glencore subsequently releasing PNM, PNI and their respective associated persons from all liability, obligations and claims under the Glencore Secured Facility Agreement, the debt facility relating to the Kolosori Project.

8.8.2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: Refer 8.8.1

8.8.3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Refer 8.8.1

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.
