News Release

30 June 2026

EXTENSION OF COMPLETION PERIOD – BRAZIL LITHIUM PROJECT

Solis Minerals Limited (“Solis Minerals” or the “Company”) advises that the 60-day period to complete the transaction with Rio Tinto PLC (LSE: RIO) in relation to the Brazil Lithium Project has been extended by a further 14 days.

The existing term sheet remains binding, and the parties continue to work constructively towards finalisation of the documentation.

The Company expects to conclude the remaining documentation during the extension period and to commence drilling operations at the project.

Further updates will be provided as the documentation process concludes.

ENDS

This announcement has been authorised for release by the Board.

About Solis Minerals Limited

Solis Minerals is an emerging exploration company, focused on unlocking the potential of its South American energy materials portfolio. The Company is building a significant portfolio of exploration projects in Brazil and Peru.

The Company is led by a highly-credentialled and proven team with excellent experience across the mining lifecycle in South America. Solis Minerals is actively considering a range of lithium and copper opportunities. South America is a key player in the global export market for copper and Solis Minerals, under its leadership team, is strategically positioned to capitalise on growth opportunities within this mineral-rich region.
