

COMPLETION OF MPK ACQUISITION

National essential power and communications infrastructure provider GenusPlus Group Ltd (**ASX: GNP**) (**GenusPlus** or the **Company**) refers to the Share Purchase Agreement announced on 18 May 2026 relating to acquisition of MPC Kinetic Holdings Pty Ltd (**MPK**) (**Acquisition**). Genus is pleased to advise that it has today completed the Acquisition.

MPK is a leading provider of gas gathering and well maintenance services to Tier 1 customers in the Queensland onshore gas sector, as well as construction services for renewable energy and major pipeline projects in Australia. The Acquisition provides GenusPlus with strategic diversification into the attractive gas (critical for Australia's energy security and transition) and water sectors.

The upfront consideration for the Acquisition was funded through the Company's existing cash reserves and debt facility, including the net proceeds of the recently complete \$200 million equity raising.
