About Eastern Gas Corporation Limited

Eastern Gas Corporation Limited (ASX: EGA) is an Australian natural gas exploration and development company focused on supplying reliable energy to east coast domestic markets.

The Company's east coast natural gas portfolio features two highly prospective tenements in Queensland's prolific Surat Basin (Walloon CSG fairway) and Cooper Basin.

With a natural gas shortage and energy crisis around the world, we believe LNG will play a critical role in fuelling the transition to a carbon-free economy in the long term. Eastern Gas is focused on progressing its gas resources toward commercialisation to support Australia's energy security.
