

## ASX Announcement

### Monash IVF Group Limited (ASX:MVF)

10 July 2026

## Breach of ASX Listing Rule 3.10A

Monash IVF Group Limited (ASX: MVF) (**Company**) advises that it did not lodge an announcement under ASX Listing Rule 3.10A at least 5 business days before the release from voluntary escrow of 80,410 fully paid ordinary shares on 31 October 2024.

The omission was inadvertent and arose from an administrative oversight in the Company's internal escrow tracking and announcement process. The shares were subject to voluntary escrow and were released from escrow in accordance with the relevant voluntary escrow arrangements. No new securities were issued in connection with the release.

ASX Listing Rule 3.10A requires an entity to notify ASX that restricted securities or securities subject to voluntary escrow will be released from escrow not less than 5 business days before the end of the escrow period, including details of the number and class of securities to be released and the date they will be released.

The Company has reviewed its compliance processes and will implement the following additional measures to assist future compliance with ASX Listing Rule 3.10A:

- a) updating its central escrow register to record applicable release dates and ASX notification deadlines for ASX escrow and voluntary escrow arrangements;
- b) recording each escrow release date and the relevant ASX notification deadline in the escrow compliance register, with automated reminders;
- c) requiring the Company Secretary to review the escrow register as part of the Company's regular ASX compliance procedures; and
- d) updating the Company's procedures so that future escrow arrangements are recorded in the escrow compliance register and reviewed against applicable ASX notification requirements.

The Company has reviewed its processes and will adopt the measures outlined above to support ongoing compliance with the Listing Rules.

Authorised by the Board of Directors.
