The distributing funds are considered by the Responsible Entity as a withholding Managed Investment Trusts ("WHT MIT") for the purposes of subdivision 12-H of Schedule 1 to the Taxation Administration Act 1953 ("TAA") for the tax year.

The fund payment information below is provided solely for the purposes of determining withholding MIT non-resident withholding tax under Subdivisions 12-H of Schedule 1 to the TAA and to assist entities with withholding obligations that may arise in respect of amounts distributed to non-residents for the period and should not be used for any other purpose.

The composite portion of the total payment received by a particular unitholder can be calculated by multiplying the Cents Per Unit ("CPU") amount for each component below by the number of units held by that unitholder at the time its entitlement to the distribution was determined.

Please note that step 2 in the method statement in section 12A-110(5) of Subdivision 12A-B requires that any discounted capital gains (TAP) needs to be doubled when reporting the deemed payment.

These components are provided solely as a "Notice", in accordance with subdivisions 12A-A and 12-H (as modified by 12A-B) of Schedule 1 of the TAA 1953, based on estimates and should only be used for the purposes of withholding tax. Australian resident members should not rely on this notice for the purpose of completing their income tax returns. Details of the full year components of distributions will be provided in the annual tax statement.

Please note that the "DIR payment" and "fund payment" amounts calculated under subdivisions 12A-A and 12A-B can be more or less than the cash distribution paid.
