This ASX Release is authorised for market release by Agrimin's Board.

Securities Trading Policy

Adopted by the Board with effect from 15 July 2026

Agrimin Limited – Securities Trading Policy

This Securities Trading Policy has been adopted by Agrimin Limited (**Agrimin**) in order to comply with ASX Listing Rule 12.9.

1 Purpose and application of this policy

- (a) The *Corporations Act 2001 (Cth)* (**Corporations Act**) prohibits the trading in shares, options, debentures (including convertible notes) and other securities (**securities**) of a company by any person who is in possession of price sensitive information regarding that company that is not generally available. The Corporations Act:
 - (i) imposes substantial penalties on persons who breach those provisions; and
 - (ii) applies to the extent of any inconsistency between it and this policy.
- (b) For the purposes of this policy:
 - (i) “Agrimin Person” means all directors and senior management including each director of Agrimin, the Chief Executive Officer and Company Secretary of Agrimin, Key Management Personnel (as defined in the Corporations Act), all employees of Agrimin and any other person designated as a Agrimin Person by the board of directors (**Board**) in writing; and
 - (ii) also includes:
 - (A) a company or trust controlled by any of the persons referred to in clause 1(b)(i) above; and
 - (B) for the purposes of clause 3 only, a spouse (including a de facto spouse), child (including a step-child or adopted child), a person financially dependent on or acting in concert with any of the persons referred to in clause 1(b)(i) above.
- (c) This policy regulates dealings by directors and certain officers of Agrimin and other designated persons, in securities in Agrimin or any other entity about which they acquire Inside Information through their position or dealings with Agrimin.
- (d) The purpose of this policy is not only to minimise the risk of insider trading, but also to avoid the appearance of insider trading and the significant reputational damage associated with the perception of insider trading.
- (e) This policy is not designed to prohibit Agrimin Persons from investing in Agrimin securities, but does recognise that there may be times when directors, officers or certain employees cannot or should not invest in Agrimin securities.

2 Insider trading

2.1 General prohibition on Insider Trading

- (a) No Agrimin Person may, while in possession of Inside Information (defined in clause 2.1(d)) concerning Agrimin, in breach of the Corporations Act:
 - (i) buy, sell or deal in any Agrimin securities at any time;

- (ii) procure another person to deal in Agrimin's securities in any way; or
 - (iii) pass on any Inside Information to another person for that person's own personal gain by dealing in Agrimin securities in any way (**Insider Trading**).
- (b) All Agrimin Persons are prohibited from dealing in the securities of outside companies about which they acquire Inside Information through their position with Agrimin.
- (c) The requirements imposed by this policy are in addition to any legal prohibitions on Insider Trading. Trading in Agrimin's securities is prohibited at any time by a director or an Agrimin Person if that person possesses Inside Information, even where the trade occurs outside a Blackout Period; or the trade falls within an exclusion in this policy; or clearance has been given under this policy to trade (whether in exceptional circumstances or otherwise).

Inside Information

- (d) An Agrimin Person is responsible for assessing whether they possess "**Inside Information**". This occurs where:
 - (i) the person possesses information that is not generally available to the public and, if the information were generally available, a reasonable person would expect it to have a material effect on the price or value of Agrimin securities (or a decision whether or not to trade in them); and
 - (ii) the person knows, or ought reasonably to know, that the information is not generally available and, if it were generally available, a reasonable person would expect it to have a material effect on the price or value of Agrimin securities.

A reasonable person would be taken to expect information to have a material effect on the price or value of securities if the information would, or would be likely to, influence a person who commonly invests in securities to either deal or not deal in securities in any way. Inside Information in relation to the securities of outside companies has the same meaning for the purposes of this policy, except that references to "Agrimin securities" should be read as references to the securities of the outside company.

3 Restrictions on trading in Blackout Periods

3.1 Blackout Periods

In addition to general restrictions outlined in clause 2, Agrimin Persons, subject to clauses 3.3, may not buy or sell Agrimin securities during a Blackout Period (defined below).

- (a) **Blackout Periods** are times when Agrimin Persons must not deal in Agrimin's securities.

The following are mandated Blackout Periods:

- (i) the date that is five trading days immediately preceding and 24 hours immediately following the release of the Company's half year results;
- (ii) the date that is five trading days immediately preceding and 24 hours immediately following the release of the Company's full year results;
- (iii) from the close of the ASX trading day two weeks prior and including the date of Agrimin's Annual General Meeting (**AGM**) until 10:00am (Sydney time) on the ASX trading day following the date of Agrimin's AGM;

- (iv) the date that is five trading days immediately preceding and 24 hours immediately following the release of the Company's quarterly reports; and
- (v) any other period that the Board specifies from time to time.

During Blackout Periods Agrimin Persons must not deal in any of Agrimin's financial products or securities, or in any securities related to them.

3.2 Ad-hoc restrictions

Agrimin may impose, without notice and in its sole and absolute discretion, additional restrictions on trading in Agrimin's securities by any or all Agrimin Persons, and also by any other staff member(s) (who are not otherwise designated as "Agrimin Persons") as Agrimin considers appropriate. For the avoidance of doubt, Agrimin may impose ad-hoc restrictions under this clause 3.2 even where the proposed trade would otherwise take place outside a Blackout Period provided for in this policy. Any restriction communicated by Agrimin to any or all Agrimin Persons (or other staff members) under this clause 3.2 must be kept strictly confidential.

3.3 Notifications

(a) Agrimin Persons must:

- (i) prior to dealing in Agrimin securities outside a Blackout Period or where clause 4 requires the person to obtain a consent under clause 3.3, notify the relevant person in clause 3.3(c) (the **Authorising Officer**) of their proposed dealing and obtain consent from the Authorising Officer;
- (ii) confirm that they are not in possession of any Inside Information;
- (iii) after dealing with the Agrimin securities, provide the Authorising Officer with a transaction confirmation; and
- (iv) notify the Authorising Officer if they begin to have, or cease to have, a "substantial holding" (as defined in section 9 of the Corporations Act) in Agrimin, or if they have a substantial holding in Agrimin and there is a movement of at least 1% in their holding.

(b) For the avoidance of doubt, the Agrimin Person seeking authorisation cannot be their own Authorising Officer.

(c) Authorising Officer

Agrimin Person seeking authorisation	Authorising Officer
<i>Chair of the Board</i>	The Executive Director /Chief Executive Officer.
<i>Other directors, Company Secretary and any other Key Management Personnel</i>	The Chair of the Board.
<i>Any other Agrimin Person</i>	Company Secretary or, in their absence, the Executive Director/Chief Executive Officer.

3.4 Exceptional circumstances

- (a) In exceptional circumstances the Authorising Officer has discretion to approve dealings in Agrimin securities during a Blackout Period, or other dealings that would otherwise be prohibited by this policy.
- (b) Any approval given under this clause 3.4, must be provided by electronic delivery via email. The notification requirements still apply.

- (c) What constitutes “exceptional circumstances” will be assessed on a case-by-case basis within the absolute discretion of the Authorising Officer, and may include, without limitation, severe financial hardship or a requirement to comply with a court order or court enforceable undertaking.
- (d) Any decision to grant or refuse to grant clearance to a Agrimin Person to trade in Agrimin’s securities by the Authorising Officer under this clause 3.4:
 - (i) may be made in the Authorising Officer’s absolute discretion, without giving any reasons;
 - (ii) can be withdrawn (if clearance has been given) if new information comes to light or there is a change in circumstances;
 - (iii) is final and binding on the Agrimin Person seeking clearance; and
 - (iv) must be kept strictly confidential by the Agrimin Person and not disclosed to any other person.
- (e) In deciding whether to grant clearance to trade in Agrimin’s securities, the Authorising Officer will consider the need to minimise the risk of Insider Trading, and also to avoid the appearance of Insider Trading and the significant reputational damage that may cause.
- (f) Any clearance to trade by the Authorising Officer under this clause 3.4 is not an endorsement to trade. The Agrimin Person doing the trading is individually responsible for their investment decisions and their compliance with insider trading laws. The Agrimin Person must carefully consider whether they are in possession of any Inside Information that might preclude them from trading at that time. If the Agrimin Person is in any doubt, they should not trade.
- (g) If an Agrimin Person comes into possession of Inside Information after receiving a clearance to trade, they must not trade despite having received the clearance.

3.5 Company secretary to maintain records

Company Secretary will maintain a copy of:

- (a) all requests for an approval to deal in Agrimin’ securities submitted by an Agrimin Person; and
- (b) details of all dealings in Agrimin’ securities made by an Agrimin Person.

4 Other restrictions

4.1 No speculative trading

Under no circumstances should Agrimin Persons engage in short-term or speculative trading in Agrimin securities. This prohibition includes short term direct dealing in Agrimin securities as well as transactions in the derivative markets, involving exchange traded options, share warrants, contracts for difference, and other similar instruments, which are short term or speculative.

4.2 No protection arrangements

The entering into of all types of “protection arrangements” for any Agrimin securities (or Agrimin products in the derivatives markets):

- (a) is prohibited at any time in respect of any Agrimin securities which are unvested or subject to a holding lock; and
- (b) otherwise, requires consent under clause 3.3.

For the avoidance of doubt and without limiting the generality of this policy, entering into protection arrangements includes entering into transactions which:

- (a) amount to “short selling” of securities beyond the Agrimin Person’s holding of securities;
- (c) operate to limit the economic risk of any Agrimin Person’s security holding (e.g. hedging arrangements) including Agrimin’s securities held beneficially (for example, in trust or under an incentive plan) on that Agrimin Person’s behalf; or
- (d) otherwise enable a Agrimin Person to profit from a decrease in the market price of securities.

4.3 Provisions of security over Agrimin’s securities or entering into margin lending arrangements

- (a) Agrimin Persons may not at any time, directly or indirectly, grant any form of security (whether by way of charge, mortgage, pledge or otherwise) over any Agrimin securities which are unvested or subject to a holding lock, to secure any obligation of that Agrimin Person or any third party or enter into any margin lending arrangements involving Agrimin securities.
- (b) Unless clause 4.3(a) applies, Agrimin Persons may, directly or indirectly, grant security (whether by charge, mortgage, pledge or otherwise) over any of Agrimin’s securities, to secure any obligation of that Agrimin Person or any third party or enter into any margin lending arrangements involving Agrimin securities, with consent provided under clause 3.3.

4.4 Trading in outside companies

Agrimin Persons must not trade in the securities or financial products of outside companies where they are in possession of Inside Information of that outside company.

5 Exemptions

- (a) Agrimin Persons, subject to not being in possession of Inside Information, may at any time:
 - (i) trade in Agrimin’s securities where the trading does not result in a change of beneficial interest in the securities;
 - (ii) acquire securities under any director or employee security plan or through the exercise of options or performance rights under an option or performance rights plan or acquire, or agree to acquire, options or performance rights under an option or performance rights plan. However, any dealing in those securities remains subject to this policy and the provisions of the Corporations Act;
 - (iii) transfer Agrimin securities already held into a self-managed superannuation fund or other saving scheme in which the restricted person is a beneficiary;
 - (iv) acquire Agrimin’s ordinary shares by conversion of securities giving a right of conversion to Agrimin’s ordinary shares;

- (v) acquire Agrimin's securities under a bonus issue made to all holders of securities of the same class;
 - (vi) undertake to accept, or accept, a takeover offer or a disposal through a scheme of arrangement;
 - (vii) invest in, or trade in units of, a fund or other scheme (other than a scheme only investing in the securities of Agrimin) where the assets of the fund or other scheme are invested at the discretion of a third party;
 - (viii) acquire or agree to acquire rights, options or shares under a salary sacrifice plan;
 - (ix) subscribe for securities offered under a disclosure document (e.g. a prospectus);
 - (x) a disposal of Agrimin securities that is the result of a secured lender exercising their rights under a loan or security agreement;
 - (xi) where a restricted person is a trustee, trade in the securities managed by that trust provided the restricted person is not a beneficiary of the trust and any decision to trade during a prohibited period is taken by the other trustees or by the investment managers independently of the restricted person; and
 - (xii) trade under an offer or invitation made to all or most of the security holders, such as, a rights issue, a security purchase plan, a dividend or distribution reinvestment plan or an equal access buy-back, where the plan that determines the timing and structure of the offer has been approved by the Board. This includes deciding whether or not to take up the entitlements and the sale of entitlements required to provide for the take up of the balance of entitlements under a renounceable pro rata issue.
- (b) If an Agrimin Person undertakes any of the actions described in paragraph (a), that Agrimin Person must advise the relevant Authorising Officer (as set out in clause 3.3(c)).
-

6 ASX notifications

- (a) Agrimin must notify ASX within 5 business days after any change to a director's relevant interest in Agrimin's securities or a related body corporate of Agrimin, including whether the change occurred inside a Blackout Period and, if so, whether prior written clearance was provided.
 - (b) To enable Agrimin to comply with the obligation set out in clause 6(a), a director must immediately (and no later than 3 business days after any relevant event) notify Company Secretary in writing of the requisite information for Company Secretary to make the necessary notifications to the Australian Securities and Investments Commission (**ASIC**) and ASX as required under the Corporations Act and ASX Listing Rules.
 - (c) If Agrimin makes a material change to this trading policy, the amended trading policy will be provided to the ASX for release to the market within 5 business days of the material changes taking effect.
-

7 General

- (a) A breach of this policy will be regarded as serious misconduct which may lead to disciplinary action, up to and including dismissal.

- (b) This policy will be made available on Agrimin's website.
 - (c) If you require any further information or assistance or are uncertain about the application of the law or this trading policy in any situation, please contact Company Secretary.
-

8 Review and changes to this policy

- (a) The Board will review this policy annually or as often as it considers necessary to check it is operating effectively and consider whether changes are required.
- (b) The Board may change this policy from time to time by resolution.
