

ASX grants relief from quarterly reporting requirements

Doctor Care Anywhere Group PLC (ASX:DOC, “Doctor Care Anywhere” or “the Company”), advises that ASX has granted the Company relief from the requirement to lodge quarterly cash flow reports in accordance with Listing Rule 4.7B and quarterly activity reports in accordance with Listing Rule 4.7C. This is due to Doctor Care Anywhere now generating cash consistently throughout the year as it has moved to profitability.

The Company was required to comply with the quarterly reporting regime following its admission to the Official List. The Company has now sought, and ASX has agreed, that continued quarterly reporting is no longer necessary having regard to the Company's current activities and circumstances with it consistently generating net cash flow.

Accordingly, the Company will no longer be required to lodge quarterly cash flow reports (Appendix 4C) and accompanying quarterly activity reports with ASX, effective immediately.

The Company remains subject to its continuous disclosure obligations under Listing Rule 3.1 and will continue to keep the market informed of material developments concerning its business and operations. The Board will also continue to engage actively with investors through ASX announcements, including voluntary regular trading and business updates, in addition to disclosures relating to material events and other statutory reporting requirements.

This announcement has been approved for release on the ASX by the Board of Directors.
