

ASX Release

21 July 2026

Contracted Utilisation Update

NEXTDC Limited (**ASX: NXT**) ("**NEXTDC**" or "**the Company**") is pleased to announce that following further customer contract wins, the Company's pro forma contracted utilisation as at 30 June 2026 has increased by 73MW (11%) to 740MW¹ since the last update on 20 April 2026.

As a result of these customer contract wins, NEXTDC's pro-forma forward order book has increased to 565MW².

The pro-forma forward order book is expected to progressively convert to billings, revenue and EBITDA over the period FY26 to FY30.

FY26 Net Revenue, Underlying EBITDA and capex guidance remains unchanged³.

Authorised for release by the Board of NEXTDC Limited.

¹ Excluding contractual expansion options and reservations applicable to hyperscale customers

² Forward order book represents the difference between the pro-forma contracted utilisation (740MW) and billing utilisation (175MW) at 30 June 2026

³ Previous FY26 guidance was released as part of the Company's previous contracted utilisation update on 20 April 2026

About NEXTDC

NEXTDC is an ASX 100-listed technology company and Asia's most innovative Data Centre-as-a-Service provider. We are building the infrastructure platform for the digital economy, delivering the critical power, security and connectivity for global cloud computing providers, enterprise, and Government.

NEXTDC is recognised globally for the design, construction, and operation of Australia's only network of Uptime Institute certified Tier IV facilities, and the only data centre operator in the Southern Hemisphere to achieve Tier IV Gold certification for Operational Sustainability. NEXTDC has a strong focus on sustainability and operational excellence through renewable energy sources and delivering world-class operational efficiency. NEXTDC's corporate operations have been certified carbon neutral under the Australian Government's *Climate Active* Carbon Neutral Standard.

Our Cloud Centre partner ecosystem is Australia's most dynamic digital marketplace, comprising carriers, cloud providers and IT service providers, enabling local and international customers to source and connect with cloud platforms, service providers and vendors to build complex hybrid cloud networks and scale their critical IT infrastructure services.

NEXTDC is *powering the intelligence economy*.
