FENIX

The New Western Force in Iron Ore

Delivering 6Mtpa by FY28 | Targeting 10Mtpa by FY31

July 2026 | **Noosa Mining Investor Conference**

ASX: FEX

Important disclosure

Disclaimer

The material in this presentation has been prepared by Fenix Resources Ltd (“Fenix”, “Fenix Resources” or “the Company”) and is general background information on Fenix. This information is given in summary form and does not purport to be complete. Information in this presentation, including forecast financial information, should not be considered as advice or a recommendation to investors or potential investors in relation to holding, purchasing or selling securities or other financial products or instruments and does not take into account your particular investment objectives, financial situation or needs.

Before acting on any information you should consider the appropriateness of the information having regard to these matters, any relevant offer document and in particular, you should seek independent financial advice. All securities and financial product or instrument transactions involve risks, which include (among others) the risk of adverse or unanticipated market, financial or political developments and, in international transactions, currency risk.

This presentation may contain forward looking statements including statements regarding our intent, belief or current expectations with respect to Fenix Resources’ businesses and operations, market conditions, results of operation and financial condition, capital adequacy, specific provisions and risk management practices. Readers are cautioned not to place undue reliance on these forward-looking statements. Fenix Resources does not undertake any obligation to publicly release the result of any revisions to these forward-looking statements to reflect events or circumstances after the date hereof to reflect the occurrence of unanticipated events. While due care has been used in the preparation of forecast information, actual results may vary in a materially positive or negative manner. Forecasts and hypothetical examples are subject to uncertainty and contingencies outside Fenix Resources’ control. Past performance is not a reliable indication of future performance.

Competent Person and Compliance Statements

The information in this presentation that relates to production targets and forecast financial information derived from the production targets have been extracted from the previous market announcements dated 11 December 2025 (Fenix 3-Year Production Plan), 23 December 2025 (Weld Range Scoping Study) and 7 July 2026 (FY26 Production Update and FY27 Guidance). Fenix confirms that it is not aware of any new information or data that materially affects the information included in the previous market announcements and the material assumptions underpinning the production targets, and the related forecast financial information derived from the production targets, continue to apply and have not materially changed.

The information in this presentation that relates to the Weld Range Global Mineral Resources was first announced on 1 September 2025 (Fenix Secures 290MT Weld Range Iron Ore Project) and underpins the Weld Range Scoping Study announced on 23 December 2025.

The information in this presentation that relates to the Iron Ridge Mineral Resources, Shine Mineral Resources and Beebyn-W11 Mineral Resources have been extracted from the previous market announcement dated 11 December 2025 (Fenix 3-Year Production Plan). The information in respect of the Iron Ridge Mineral Resources was first announced on 5 December 2024, the Shine Mineral Resources on 29 June 2023 and Beebyn-W11 Mineral Resources on 3 October 2023.

The information in this presentation that relates to Iron Ridge Ore Reserve and Beebyn-W11 Ore Reserve have been extracted from the previous market announcement dated 11 December 2025 (Fenix 3-Year Production Plan). The information in respect of the Beebyn-W11 Ore Reserve was first announced on 25 July 2024 and subsequently in the Company’s 2025 Annual Report released on 27 August 2025. The Iron Ridge Ore Reserve was first announced on 4 November 2019 and subsequently in the Company’s Annual Reports released on 15 September 2021, 29 August 2022, 29 August 2023, 29 August 2024 and 29 August 2025.

Fenix confirms that it is not aware of any new information or data that materially affects the information included in the previous market announcements and confirms that all material assumptions and technical parameters underpinning the abovementioned Weld Range Global Mineral Resources continue to apply and have not materially changed. Fenix confirms that the form and context in which the Competent Persons’ findings are presented have not been materially modified from the previous market announcements.

Additional Information

This presentation should be read in conjunction with other periodic and continuous disclosure announcements lodged by Fenix Resources with the ASX, which are available on the Company’s website at https://fenix.com.au/.

This presentation contains references to Fenix’s Mineral Resources, Ore Reserves and production and financial performance, extracted from the ASX announcements titled “Quarterly Activities Report” dated 21 July 2026, “FY26 Production Update and FY27 Guidance” dated 7 July 2026, “Quarterly Activities Report” dated 23 April 2026, “Half Year Results – Record Production and Earnings” dated 25 February 2026, “Weld Range Scoping Study” dated 23 December 2025, Fenix 3-Year Production Plan” dated 11 December 2025, “Fenix Secures 290MT Weld Range Project” dated 1 September 2025, “Beebyn-W11 Feasibility Study and Maiden Ore Reserve” dated 25 July 2024, “Acquisition of Mid-West Iron Ore and Port Assets” dated 29 June 2023, and “Quarterly Activities Report” dated 21 July 2026.

This presentation has been approved by the Executive Chairman of Fenix Resources Ltd.

Record Quarter: Momentum Accelerating

Record shipments, FY26 guidance achieved & a growing production platform

1.3Mt

Record June Quarter shipments of 1,299k wmt, up 33% on the March Quarter, the biggest quarter in Company history

A$79.9/wmt

C1 cash cost FOB Geraldton, maintained while volumes grow

62%

Growth in quarterly shipments versus the June Quarter FY25, demonstrating the pace of the ramp-up

5Mtpa+

Annualised run rate exiting the quarter, proving the scalability of the integrated pit-to-port model

21

Vessels loaded in the June Quarter, up from 16 in the March Quarter and 13 in the prior corresponding period

- Record quarterly shipments delivered
- FY26 guidance achieved
- Weld Range DFS advancing

Refer to the Company's Quarterly Activities Report for the June 2026 Quarter, released on 21 July 2026.

Record FY26: Our Biggest Year Yet

Guidance achieved and growth funded from cashflow

4.4Mt

FY26 iron ore sales, achieving guidance and up strongly on the prior year

$73.7/wmt

C1 cash cost FOB Geraldton, holding firm despite diesel and freight increases

$81M

Cash at bank, 30 Jun 2026. Cash grew 44% while funding a new mine, fleet expansion, and Weld Range.

73

Vessels loaded a 83% increase on FY25 through the Company's three on-wharf storage sheds at Geraldton Port during FY26.

10Mt

Cumulative haulage from first production in Dec 2020 to 10 million tonnes in under 5.5 years.

4.7-5.3Mt

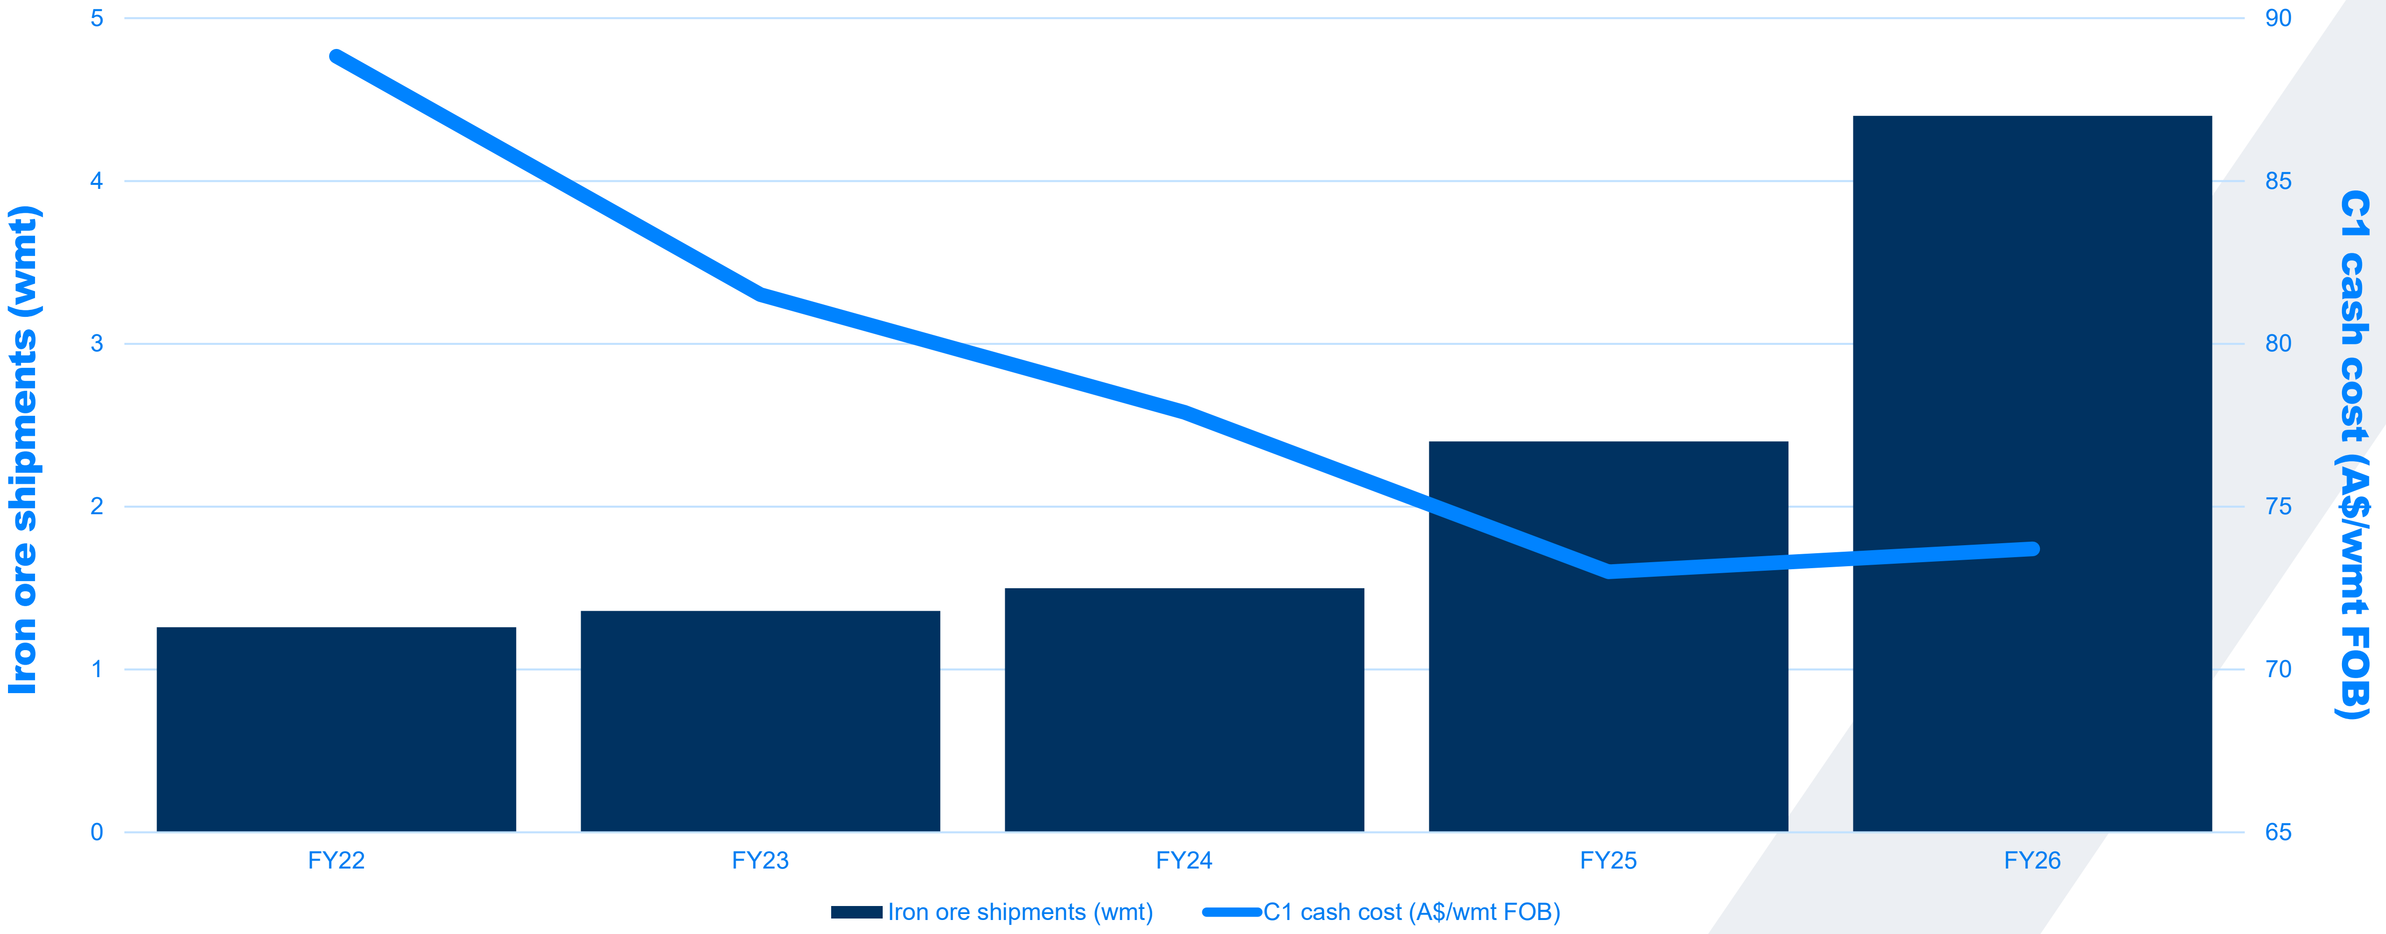
FY27 sales guidance, a 14% increase at the midpoint on FY26 actuals

FENIX

Refer to ASX announcements "Fenix 3-Year Production Plan" dated 11 December 2025, “Weld Range Scoping Study” dated 23 December 2025, “FY26 Production Update and FY27 Guidance” dated 7 July 2026 and Quarterly Activities Report for the June 2026 Quarter, released on 21 July 2026.

More tonnes. Lower costs. Delivered.

Production up 300%. Costs down 18%.



Refer to the Company's Annual Reports released on 15 September 2021, 29 August 2022, 29 August 2023, 29 August 2024 and 29 August 2025.
Further detail is available via the Company's Quarterly Activities Reports.

The Pathway to 10Mtpa

Proven Iron Ore Producer with exceptional growth potential

290Mt

Weld Range resource secured. 30-year exclusive mining rights with Baowu.

6Mtpa

Target for three-year production plan to FY28.

A$3.0B

Pre-tax NPV_{10} at spot prices. From A$521M development capital.

100%

Owned logistics and port. Only integrated operator in the Mid-West.

A$81m

Cash at bank. Dividend-paying. Self-funded growth.

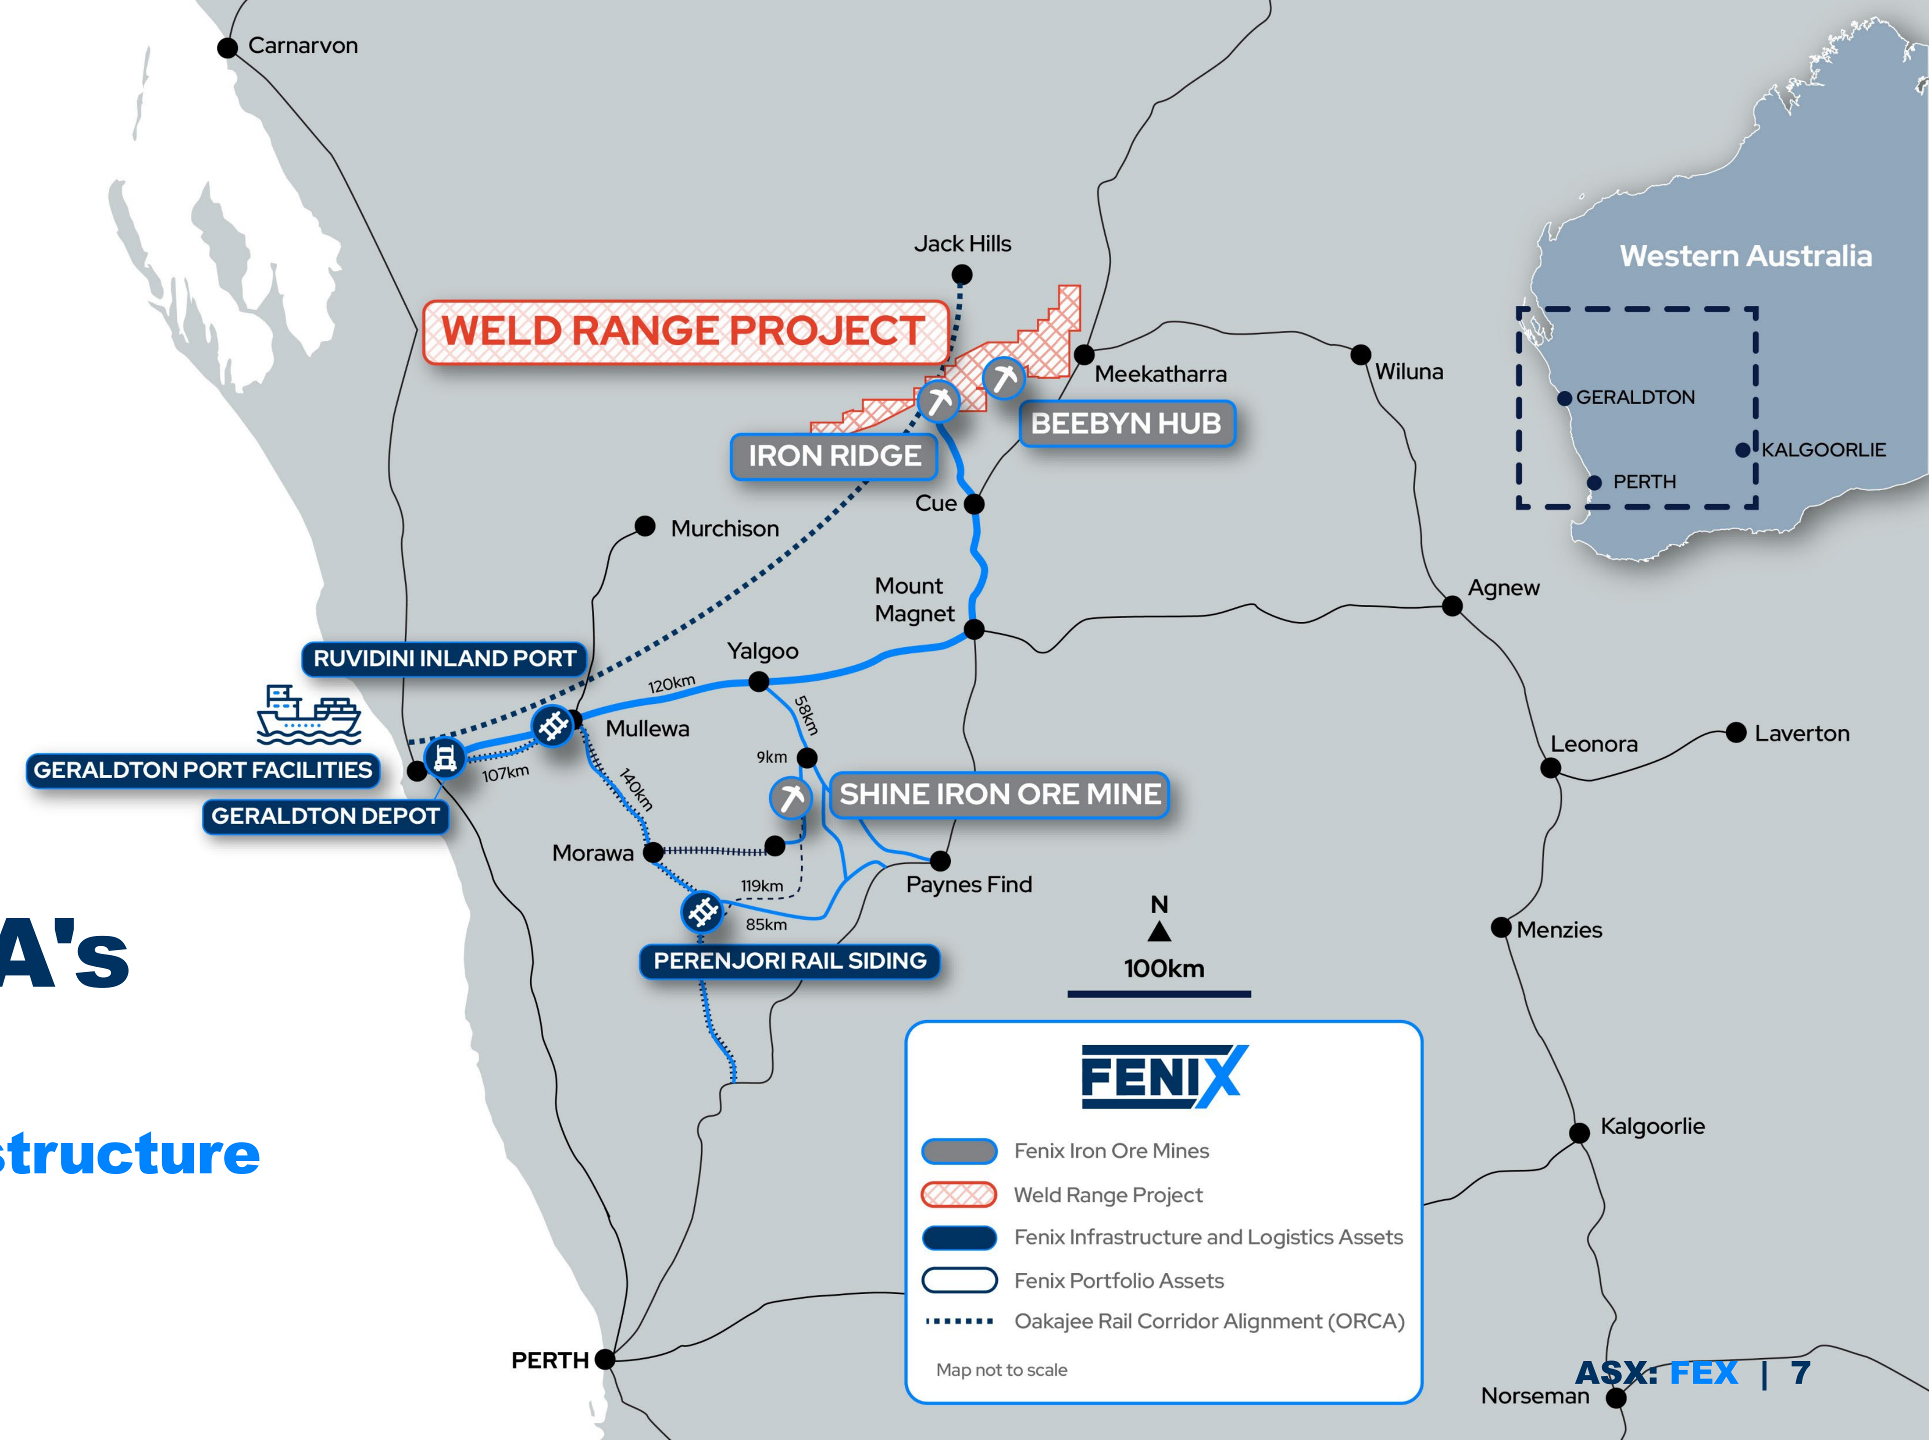
DFS

Ontrack for delivery late 2026

290Mt and 30-year rights: ASX announcement "Fenix Secures 290Mt Weld Range Iron Ore Project" dated 1 September 2025. For further information about the Weld Range Mineral Resources, refer Appendix 1.
6Mtpa target: ASX announcement "Fenix 3-Year Production Plan" dated 11 December 2025.
A$3.0B NPV and A$521M development capital: ASX announcement "Weld Range Scoping Study" dated 23 December 2025.
Cash at bank: as at 30 June 2026: ASX announcement “Quarterly Activities Report” dated 21 July 2026.

Fenix in WA's mid-west

Integrated Infrastructure from Pit-to-Port



Fully integrated pit-to-port business model

100% Owned Logistics and Port Operations

MINING

Ramping to 6Mtpa High-grade DSO @ average 61% Fe

Port

Strategic Infrastructure at Geraldton Port

On-wharf facilities at Geraldton

Port access secured to 2054

Capacity to support growth

Consistent track record of delivery

Fenix has delivered on its commitments since 2020

	FY20 Foundations	FY21 Production	FY22 Integration	FY23 Expansion	FY24 Scaling	FY25 Transformation	FY26 Delivering	FY27 Accelerating
Production	• First premium DSO produced at Iron Ridge	• Maiden shipment from Geraldton Port	• 1.3Mtpa run rate achieved	• 3Mt cumulative shipment milestone	• Shine commissioned, 1.5Mt shipped	• Three mines operating, 100th shipment	• 4.4Mt shipped, within guidance	• 4.7 to 5.3Mt guidance
Costs & cash	• A$15M capital raised to fund development	• Positive cash flow achieved	• Record cash of A$101.7m, maiden dividends paid	• C1 costs cut 8%, expansion funded from cash	• Strong shareholder returns delivered	• Transformation funded from operations, C1 costs reduced	• Cash up 43% to A$81.0m, growth fully funded	• C1 costs of A$70 to A$80/wmt FOB maintained
Milestones	✓ Iron Ridge launched	✓ Offtake agreements secured	✓ Newhaul acquired, port expansion	✓ Shine acquired, Beebyn-W11 secured	✓ Ruvidini siding storage upgraded	✓ 290Mt Weld Range resource	✓ Record 1.3Mt quarter, Beebyn-W11 in production	• Weld Range DFS completion

Refer to the Company's Annual Reports released on 15 September 2021, 29 August 2022, 29 August 2023, 29 August 2024 and 29 August 2025, ASX announcements "Fenix Secures 290Mt Weld Range Iron Ore Project" dated 1 September 2025, "Fenix 3-Year Production Plan" dated 11 December 2025, "Weld Range Scoping Study" dated 23 December 2025, "Quarterly Activities Report" dated 11 February 2026, "FY26 Production Update and FY27 Guidance" dated 7 July 2026 and "Quarterly Activities Report" dated 21 July 2026.

Three year production plan

Ramping to 6Mtpa by FY28

√ **100%** from Ore Reserves or Measured & Indicated Resources

√ **Generating** strong cashflows

√ **Funded** from Operations and existing finance facilities

Refer ASX announcements "Fenix 3-Year Production Plan" dated 11 December 2025 and "FY26 Production Update and FY27 Guidance" dated 7 July 2026.

Growth beyond FY28

Pathway to +10Mtpa Production

- **Weld Range Scoping Study complete**
- **290Mt Weld Range resource**
- **Feasibility Study underway for FY29+ expansion**
- **Private haul road to reduce logistics costs**
- **Technology enhancements in mining, logistics, and shipping**
- **Collaboration with Baowu on +10Mtpa target**

Refer ASX announcements "Fenix Secures 290Mt Weld Range Iron Ore Project" dated 1 September 2025 and “Weld Range Scoping Study” dated 23 December 2025.

The Weld Range Project's 290Mt resource base enables sustained production at scale, driving down C1 costs and expanding margins.

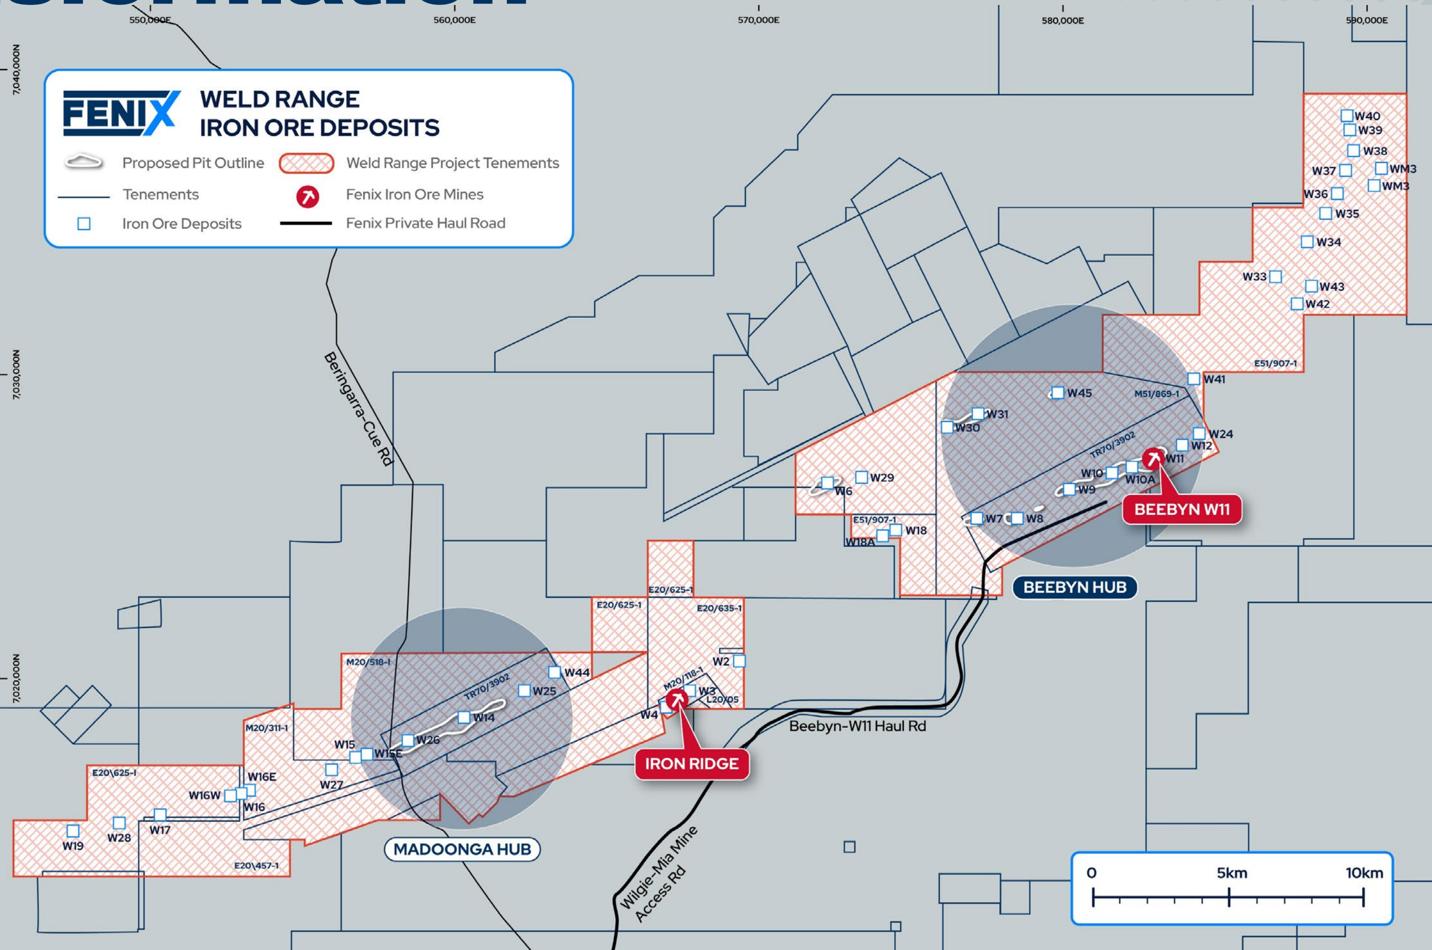
The Weld Range transformation

A Game Changer for Fenix

290Mt Mineral Resource @ 56.8% Fe

30yrs Exclusive Mining Rights

10Mtpa Production Target



"Fenix is no longer constrained by mine life and can focus on maximising production volumes and value."

Refer ASX announcements "Fenix Secures 290Mt Weld Range Iron Ore Project" dated 1 September 2025 and "Fenix 3-Year Production Plan" dated 11 December 2025.

Weld Range scoping study

Pathway to 10Mtpa production

290Mt
Resource confirmed.

10Mtpa
production target by 2031.

2042
Mine life.

~A$55/t
C1 cash costs

~A$235M
Average annual EBITDA over the life of mine.

244km
Private Haul Road

Refer ASX announcement "Weld Range Scoping Study" dated 23 December 2025.

2027 targets

Focused on Execution and Growth

Deliver	FY27 Guidance – 4.7 to 5.3Mt at a C1 cash cost of A$70/wmt to A$80/wmt FOB Geraldton
Progress	Weld Range 10Mtpa Definitive Feasibility Study
Commission	Beebyn Hub operations
Extend	Collaboration with Sinosteel & Baowu
Boost	Shareholder returns

Refer ASX announcements "Fenix 3-Year Production Plan" dated 11 December 2025 and “FY26 Production Update and FY27 Guidance” dated 7 July 2026.

The team behind the track record

Deep mining and logistics experience, strong partnerships and values that deliver

Decades of Experience
Proven across WA mining, haulage and ports

Values That Deliver
Straight talking, taking ownership, always improving

Careers, Not Just Jobs
Developing our people as Fenix scales

Built on more than iron ore

Safety, partnership and community at the core of the Fenix story

400+ Jobs Created
within Geraldton and Mid-west

Wajarri Yamaji
Partnership Traditional custodians of our land

Local Focus
Supporting Mid-West businesses & communities
