ASX Announcement

Appointment of Chief Financial Officer

Green Technology Metals Limited (**ASX: GT1**) (**GT1** or the **Company**), is pleased to announce the appointment of Mr Peter Nazareth as Chief Financial Officer ("CFO") with an effective start date 17 August.

Mr Nazareth currently holds the role of Lead Principal Corporate Development at Fortescue, where he has focused on identifying, evaluating and delivering strategic growth opportunities across Fortescue's Metals portfolio since September 2025.

Prior to this, Mr Nazareth was Principal – Corporate Development at Tianqi Lithium Energy Australia ("TLEA"), the joint venture between Tianqi Lithium Corporation and IGO Limited that majority owns the Greenbushes Lithium mine and Kwinana lithium refinery. During his tenure at TLEA, he played a key role in evaluating strategic growth opportunities, leading transaction assessments, developing investment and life-of-mine financial models, preparing Board materials and supporting long-term capital allocation decisions of the business.

Mr Nazareth 's earlier career included roles as Strategy & Corporate Development Manager at Orora Limited, Senior Manager – M&A and Transaction Services at Pitcher Partners, and positions in corporate finance at Lion Advisory and Deloitte.

Mr Nazareth is a Chartered Accountant ("CA ANZ"), holds a Masters in Accounting from Curtin University and a Bachelor of Science from the University of Western Australia. Mr Nazareth 's appointment as CFO is a non-Board role, and he holds no current directorships.

As CFO, Mr Nazareth will lead GT1's finance function while also taking on a broader strategic role across capital markets, investor relations, corporate development and commercial strategy. His responsibilities will include deepening engagement with institutional investors, supporting the Company's financing activities, assessing strategic partnerships and growth opportunities, and positioning GT1 to deliver its development strategy amid growing demand for secure, North American lithium supply.

Managing Director Cameron Henry commented: "On behalf of the board, I would like to welcome Peter to Green Tehcnology Metals. He brings a rare combination of deep lithium sector experience and strong capital markets capability, having played key roles at both Tianqi Lithium Energy Australia and Fortescue. As Green Technology Metals advances Seymour toward development and financing, his corporate finance background and track record in strategic partnerships will be invaluable to the Company and our shareholders."

This announcement was authorised for release by the Board of Directors.

The Company's main 100% owned Ontario lithium projects comprise high-grade, hard rock spodumene assets (Seymour, Root, Junior and Wisa) and lithium exploration claims located on highly prospective Archean Greenstone tenure in north-west Ontario, Canada. All sites are proximate to excellent existing infrastructure (including clean hydro power generation and transmission facilities), readily accessible by road, and with nearby rail delivering transport optionality. Targeted exploration across all three projects delivers outstanding potential to grow resources rapidly and substantially.
