Farm Pride Foods Limited (ASX:FRM)

QUARTERLY ACTIVITIES REPORT AND APPENDIX 4C

Farm Pride Foods Limited ("**Farm Pride**", "**Company**") is pleased to provide the following update to shareholders for the quarter ended 30 June 2026 ("**Quarter**").

During the Quarter, the Company recorded net operating cash inflows of \$0.020m with \$10.143m recorded for the financial year ended 30 June 2026.

This result continues the trend of improved operating cash flows over the past five financial years:

Financial year (FY) Ending 30 June	FY22 (\$'000)	FY23 (\$'000)	FY24 (\$'000)	FY25 (\$'000)	FY26 (\$'000)
Operating Cash Flow	(\$3,734)	(\$6,756)	(\$1,076)	\$7,053	\$10,143

These operating cash flows and finance facilities from the National Australia Bank have supported \$5.214m and \$11.011m of investing cashflows over the Quarter and financial year respectively. The largest investing cash flow expenditure relates to the development of the new hen rearing farm being constructed in central Victoria with the farm on time and on budget for the placement of the first hens in the second quarter of FY27 with the farm to be completed in the 3rd quarter of FY27.

During FY26, the Company entered into contract rearing and laying arrangements with a number of external farms which enabled increases in the egg production capacity of the Company without investments in farm infrastructure. Arrangements with additional contract farms are currently being negotiated to further increase the Company's egg production capacity.

As lower egg prices impacted cash flow and margin during the second half of FY26, the Company remained profitable and continues to focus on disciplined capital expenditure and operational improvements to enhance efficiency, support biosecurity, production capability, product development and manage costs across the business.

During the Quarter, the company successfully renewed those portions of its financing facility with National Australia Bank that were up for renewal.

The Company's cash and cash equivalents as at 30 June 2026 were \$8.363m. In addition, the Company had unused financing facilities of \$13.802m available at quarter end, resulting in total available funding of \$22.165m.

Payments included in Item 6.1 of the accompanying Appendix 4C relate to the Director's fees, the Managing Director's salary and other items as disclosed in the accompanying Appendix 4C.
