¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

CORPORATE GOVERNANCE STATEMENT

The Board of Directors of Black Horse Mining Ltd (the “Company”) is responsible for the corporate governance of the Company. The Board guides and monitors the business and affairs of the Company on behalf of the shareholders by whom they are elected and to whom they are accountable.

The Policy reflects the Company's commitment to fostering a diverse and inclusive workplace, recognising the value that different backgrounds, perspectives, and experiences bring to organisational performance and culture.

The Diversity Policy outlines the Company's approach to promoting diversity in areas including, but not limited to, gender, age, ethnicity, disability, sexual orientation, cultural background, and family responsibilities. Directors and senior management are committed to supporting diversity across all levels of the business.

Due to the current size and composition of the organisation, the Board does not consider it appropriate to provide measurable objectives in relation to gender. The Company is committed to ensuring that the appropriate mix of skills, experience, expertise and diversity are considered when employing staff at all levels of the organisation, and when making new senior executive and Board appointments, and is satisfied that the composition of employees, senior executives and members is appropriate considering its size and environment.

Given the present size of the Company the Board is not comprised of a majority of independent directors and has not constituted a Nomination Committee with the full Board carrying out the role of a Nomination Committee. The Board considers succession issues and the requirements to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively regularly at Board meetings.

- b) if it does not have a risk committee or committees that satisfy (a) above, disclose that fact and the processes it employs for overseeing the entity's risk management framework.

Given the present size of the Company the Board has not constituted a Risk Committee with the full Board responsible for oversight of the entity's risk management framework. Management report to the Board regarding risk management on a regular basis.

ASX Recommendation 7.2: The board or a committee of the board should:

- a) review the entity's risk management framework at least annually to satisfy itself that it continues to be sound and that the entity is operating with due regard to the risk appetite set by the board; and

Given the Company's current size and level of operations it does not have an internal audit function.

The Board is responsible for the oversight of the Company's risk management and control framework. Engagement with stakeholders has been via direct meetings and correspondence by Company executives and the use of appropriately experienced consultants and public relations firms.

The Board will from time to time seek expert third-party remuneration advice as required.

CORPORATE GOVERNANCE STATEMENT
