This announcement has been authorised for release to ASX by the Board of Janus Electric Holdings Limited.

About Janus Electric

Janus Electric is an Australian innovator in heavy vehicle electrification, offering a turnkey solution through its patented battery swap platform, truck conversion kits, charging infrastructure and integrated fleet management software. Janus delivers a zero-emissions, full-service electrification model for the freight and logistics sector, supporting operations across Australia, with international deployments in the United States and Canada. Its Central Coast-based production facility underpins its national and international deployment strategy.
