

12 August 2026

Extension to Interim Chief Financial Officer Engagement

Dataworks Group Limited (ASX: **DWG**) ("Dataworks" or "the Company") advises that it has agreed with Interim Chief Financial Officer, Ms Anna Hooper, to extend her engagement.

Following the successful completion of the initial three-month engagement announced on 12 May 2026, Ms Hooper's appointment has been extended on an ongoing monthly basis, with either party able to terminate the engagement on two weeks' written notice, consistent with the terms of her engagement agreement.

Dataworks Chairman Julian Babarczy said:

"Anna has made a significant contribution since joining Dataworks, providing experienced financial leadership during an important period for the Company. The Board is pleased that Anna has agreed to continue supporting the business while the Company continues to execute on its strategic objectives."

About Dataworks

Dataworks Group Limited (ASX:DWG) is a leading Regulated Gaming Technology ("RegTech") company specialising in secure, scalable and mission-critical technologies designed to combat problem gambling and support responsible wagering initiatives globally.

Dataworks delivers and operates Australia's **BetStop – National Self-Exclusion Register™** ("NSER") and Ontario's **BetGuard** Centralised Self-Exclusion platform for iGaming Ontario in Canada, together representing the only two known large-scale, enterprise-grade, real-time centralised self-exclusion systems currently operating globally. The Company's platforms maintain real-time integrations with more than 200 of the world's largest wagering operators and are fully embedded into the betting journey, enabling instantaneous exclusion checks and enforcement at critical points of user activity. Since the launch of its first platform approximately two years ago, Dataworks' government platforms have processed more than **41 billion real-time exclusion checks** and now process **in excess of 50 million real-time exclusion checks** on a typical day, demonstrating the scale, resilience and mission-critical nature of the Company's technology.

In addition to its core technology platforms, Dataworks also provides associated managed services infrastructure, including end-to-end contact centre operations supporting large-scale regulatory program delivery.
