ASX Market Release

Mayfield 360 Becomes a Registered NDIS Provider

Mayfield Childcare Limited (ASX: MFD) (**Mayfield** or the **Company**) is pleased to announce that Mayfield, operating as Mayfield Childcare 360 Pty Ltd (**Mayfield 360**), has been approved by the NDIS Quality and Safeguards Commission as a registered National Disability Insurance Scheme (**NDIS**) provider.

The registration represents an important milestone in the development of Mayfield 360, the Company's allied health and early childhood developmental support offering.

Mayfield 360 is registered to provide **a range of early intervention support services**. Registration enables Mayfield 360 to deliver approved supports to a broader range of NDIS participants, including eligible participants whose plans are managed by the National Disability Insurance Agency, subject to the scope and conditions of its registration.

The registration follows completion of the relevant audit and suitability assessment requirements and reflects the Company's commitment to maintaining appropriate standards of quality, safety, governance and participant care.

Mayfield 360 has progressed from its initial pilot phase to the delivery of billable services. The program is currently providing speech pathology appointments across selected Mayfield early education centres and engaging with families seeking early childhood supports. The Company will continue to expand Mayfield 360 in a measured manner, with an initial focus on:

- increasing participant onboarding and clinician utilisation;
- building referral relationships with families and sector partners;
- expanding access to allied health and developmental supports across the Company's network; and
- maintaining scalable and compliant operating processes.

Mayfield's Chief Executive Officer, Daniel Stone, said: *"Becoming a registered NDIS provider is a significant milestone for Mayfield 360 and an important step in the development of our allied health offering. Registration broadens the number of families who may access Mayfield 360's services and provides a strong foundation from which we can responsibly grow the program. Our focus remains on delivering high-quality, accessible supports that complement the Company's existing early education services and help children and families achieve meaningful outcomes."*

The Company will provide further updates as Mayfield 360 progresses.

This announcement has been approved for release by the Board.
