Security Incident

Nick Scali Limited (ASX: NCK) (the **Company** or **we**) notes that it is currently investigating a security incident.

In light of the security incident, the Company elected to take certain systems offline. While we appreciate that this may have caused some delays for, and uncertainty with, customers, we are now in the process of bringing those systems back online. We note that the Company is continuing to complete sales orders and deliveries. However, our response times to customers are currently slower than normal. At this time, the Company does not have any evidence of unauthorised access to our customer data. Our customers remain our key priority.

We have notified the Australian Cyber Security Centre and the Australian Federal Police.

The Company will provide further updates as appropriate.
