**LIBERTY FINANCIAL GROUP TRUST
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2026**

1 REPORTING ENTITY

Liberty Financial Group Trust (the "Trust") and Liberty Financial Group Limited ("LFG"), and their respective controlled entities (together the "Liberty Group") is formed as a stapled entity, a combination of a share in LFG and a unit in LFGT. Liberty Fiduciary Ltd is the Responsible Entity of the Trust ("RE"). The address of the Trust's registered office is Level 16, 535 Bourke Street, Melbourne, Victoria 3000.

2 BASIS OF PREPARATION

The statement of financial position is presented on a liquidity basis.

The Trust is a for profit entity for the purpose of preparing these financial statements.

(a) Statement of compliance

The financial statements are Tier 1 general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (AASBs) adopted by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001*. The financial statements comply with International Financial Reporting Standards (IFRS) adopted by the International Accounting Standards Board (IASB).

(b) Basis of measurement

The financial statements have been prepared on the basis of historical cost except as otherwise stated.

(c) Functional and presentation currency

These financial statements are presented in Australian dollars, which is the Trust's functional currency.

(d) Rounding off

The Trust is of a kind referred to in ASIC Corporations (*Rounding in Financial/Director's Reports*) Instrument 2026/183 dated 24 March 2026, and in accordance with that Rounding Instrument, amounts in the financial report have been rounded to the nearest thousand dollars, unless otherwise stated.

(e) Use of estimates and judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are considered to be reasonable. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

LIBERTY FINANCIAL GROUP TRUST
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2026

2 BASIS OF PREPARATION (cont.)

(e) Use of estimates and judgements (cont.)

(i) Judgements

The Trust applies judgement in estimating the fair value of its investment in ordinary units. The judgement is assessed on at least an annual basis.

(ii) Measurement of fair values

The Trust's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. Management obtains and assesses evidence from third parties to support fair value calculations, including the level in the fair value hierarchy in which such valuations should be classified. When measuring the fair value of an asset or liability, the Trust uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

3 CHANGES IN MATERIAL ACCOUNTING POLICIES

The accounting policies set out in note 4 have been applied consistently to all periods presented in these financial statements.

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 July 2025 that have a material impact on the Trust.

4 MATERIAL ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

(a) Non-derivative financial instruments

Non-derivative financial instruments comprise cash and cash equivalents, receivables and payables.

Non-derivative financial instruments are recognised initially at fair value plus, for instruments not at fair value through the statement of profit or loss and other comprehensive income, any directly attributable transaction costs. Subsequent to initial recognition non-derivative financial instruments are measured at amortised cost using the effective interest method, less any impairment loss.

A financial instrument is recognised if the Trust becomes a party to the contractual provisions of the instrument. Financial assets are derecognised if the Trust's contractual rights to the cash flows from the financial assets expire or if the Trust transfers the financial asset to another party without retaining control or substantially all risks and rewards of the asset.

Cash and cash equivalents comprise cash balances held at bank.

LIBERTY FINANCIAL GROUP TRUST
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2026

4 MATERIAL ACCOUNTING POLICIES (cont.)

(b) Impairment

The Trust assesses whether objective evidence of impairment exists for financial assets and where objective evidence exists, the financial asset is recognised at the present value of its future cash flows.

Expected credit losses are measured on an unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes.

(c) Investments

Investment in Ordinary Units are initially recognised at fair value through profit or loss. They are subsequently measured at cost, which approximates fair value, less accumulated impairment losses. Any diminution in the value of an investment due to impairment is recognised as a loss in the statement of profit or loss and other comprehensive income in the year in which it arises.

(d) Interest income

Interest income is recognised as it accrues in the statement of profit or loss and other comprehensive income, using the effective interest method.

(e) Distribution income

Distribution income is recognised when the Trust becomes presently entitled.

(f) Distributions and taxation

Distributions are recognised as an expense on a gross basis including any withholding tax when the Ordinary Unitholder becomes presently entitled. The Trust fully distributes its taxable income, calculated in accordance with the Trust Deed and applicable taxation legislation.

Under current taxation legislation, the Trust is not subject to income tax as its taxable income is distributed in full to the Ordinary Unitholder. When required the Trust will comply with relevant withholding tax legislation.

(g) New standards and interpretations not yet adopted

The following standards, amendments to standards and interpretations have been identified as those which may impact the Trust in the period of initial application. They are available for early adoption at 30 June 2026, but have not been applied in preparing this financial report. The analysis of the transitional impact of the standards is expected to be completed prior to the implementation dates.

4 MATERIAL ACCOUNTING POLICIES (cont.)

(g) New standards and interpretations not yet adopted (cont.)

(i) AASB 18 Presentation and Disclosure in Financial Statements

AASB 18 sets out requirements for the presentation and disclosure of information in general purpose financial statements to help ensure they provide relevant information that faithfully represents an entity's assets, liabilities, equity, income and expenses. When applicable AASB 18 supersedes AASB 101 *Presentation of Financial Statements*. The Trust will undertake an impact assessment of the new standard.

AASB 18 was issued in June 2024 and applies to annual reporting periods beginning on or after 1 January 2027, with early adoption permitted.

11 DETERMINATION OF FAIR VALUES

The Trusts's disclosures require determination of fair values for financial assets and liabilities. Management assesses the evidence obtained from third parties to support the conclusion that fair value valuations meet the requirements of AASB 13, including the level in the fair value hierarchy in which such valuation should be classified. When measuring the fair value of an asset or liability, the Trust uses market observable data as far as possible. See note 2 (e)(ii) for further information about fair value measurement techniques.

(a) Non-derivative financial assets and liabilities

For receivables and payables with a remaining life of less than one year, the notional amount is deemed to approximate the fair value.

(b) Fair value

The following table shows the carrying amounts and fair values of the financial assets and financial liabilities.

12 FINANCIAL RISK MANAGEMENT

(a) Overview

The Trust may have exposure to the following risks from its use of financial instruments:

- Credit risk
- Market risk

LIBERTY FINANCIAL GROUP TRUST
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2026

12 FINANCIAL RISK MANAGEMENT (cont.)

(a) Overview (cont.)

Exposure to credit and market risk arises in the normal course of the Trust's business. This note presents information about the Trust's exposure to each of the above risks, the objectives, policies and processes for measuring and managing risk, and the management of capital.

The Board of the RE has overall responsibility for the establishment and oversight of the risk management framework. The Board has established a Risk, Audit and Compliance Committee (the "Committee") which is responsible for monitoring the emerging and changing risk profile of the Trust. The Committee is responsible for reviewing the adequacy of internal systems, controls and procedures in relation to the risk management framework and the risks faced by the Trust and the RE. The Committee is assisted in its oversight by the Risk department which coordinates, sets policy and monitors the Trust's effectiveness in relation to operational, credit, liquidity and market risk. The Chief Financial Officer reports regularly to the Committee and the Board. Risk management policies and systems are updated to reflect changes in market conditions and the Trust's activities.

Cash and cash equivalents, receivables and payables are carried at amortised cost as an approximation of fair value. Investments are carried at fair value through profit or loss.

(b) Credit risk

Credit risk is the risk of financial loss due to a counterparty failing to meet their contractual obligations. Credit risk arises primarily from cash and cash equivalents. Cash is held with a counterparty with sound credit ratings, therefore management does not expect the counterparty to fail to meet its obligations.

(c) Market risk

Market risk is the risk that changes in market prices, such as interest rates and equity prices will affect the Trust's income or the value of its holdings of financial instruments. The Trust does not have any activities that expose it to material market risk.

(d) Capital management

The Trust manages its capital to ensure that it will be able to continue as a going concern. The Trust maintains a minimum level of capital in liquid form to support future operational initiatives.

(e) Interest rate risk

The Trust's only exposure to interest rate risk is on its cash balances.

Sensitivity analysis

A change in market interest rates affects the value placed on future cash flows. A movement in the variable interest rate of +1%/-1% (2025:+1%/-1%) would result in an increase/decrease in profit of \$5,598 (2025: \$3,658).

We have audited the **Financial Report** of Liberty Financial Group Trust (The Trust Financial Report).
In our opinion, the accompanying Trust Financial Report gives a true and fair view, including of the **Trust's** financial position as at 30 June 2026 and of its financial performance for the year then ended, in accordance with the *Corporations Act 2001*, in compliance with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** of the Trust comprises:

- Statement of financial position as at 30 June 2026
- Statement of profit or loss and other comprehensive income, Statement of changes in equity, and Statement of cash flows for the year then ended
- Notes, including a material accounting policies
- Directors' Declaration.

The Stapled Group consists of Liberty Financial Group Limited and the entities it controlled at the year-end or from time to time during the financial year and the Liberty Financial Group Trust (the **Trust**).

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Trust and Liberty Fiduciary Ltd (the Responsible Entity) in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* issued by the Accounting Professional & Ethical Standards Board Limited (the Code) that are relevant to audits of the financial report of public interest entities in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Other Information

Other Information is financial and non-financial information in Liberty Financial Group Trust's annual report which is provided in addition to the Financial Report and the Auditor's Report. The Directors of Liberty Fiduciary Ltd (the Responsible Entity) are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated. We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Responsibilities of the Directors for the Financial Report

The Directors of Liberty Fiduciary Ltd (the Responsible Entity) are responsible for:

- preparing the Financial Report in accordance with the *Corporations Act 2001*, including giving a true and fair view of the financial position and performance of the Trust, and in compliance with *Australian Accounting Standards* and the *Corporations Regulations 2001*
- implementing necessary internal control to enable the preparation of a Financial Report in accordance with the *Corporations Act 2001*, including giving a true and fair view of the financial position and performance of the Trust, and that is free from material misstatement, whether due to fraud or error
- assessing the Trust's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Trust or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists. Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the Auditing and Assurance Standards Board website at: https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf. This description forms part of our Auditor's Report.
