# Capral delivers first half result in line with expectation

*Monday, 24 August 2026*

### Capral Half Year 2026 Results and Outlook

Capral Limited (ASX: CAA) ("Capral" or the "Company"), Australia's largest extruder and distributor of aluminium products, releases its financial results for the six months ending 30 June 2026 (1H26).

#### 1H26 highlights:

- Sales volume of 32,500 tonnes, up 4% on the prior corresponding period (pcp)
- Sales revenue up 14% on the pcp to \$372.8 million, with higher London Metal Exchange (LME) aluminium prices and regional premiums lifting selling prices
- Underlying EBIT<sup>3</sup> of \$16.7 million (1H25: \$16.1 million)
- EBITDA<sup>1</sup> of \$30.3 million (1H25: \$26.8 million)
- Net Profit After Tax (NPAT) of \$15.9 million (1H25: \$15.3 million, included a \$2.5 million tax benefit; no tax benefit was recognised in 1H26)
- Basic Earnings Per Share of 99.4 cents (1H25: 90.8 cents)
- Strong balance sheet with cash of \$62.1 million
- Share buyback of 307,173 shares, equivalent to 23 cents per share (1H25: 27 cents per share). No interim dividend has been declared (1H25: Nil)
- Total reportable injury frequency rate (TRIFR) improved to 3.1 (1H25: 5.9)

"This is a solid first half result in challenging market and supply chain conditions where the business responded rapidly to mitigate the supply disruptions and cost increases flowing from the Middle East conflict. Earnings are ahead of the prior period, and the Board has continued to return capital to shareholders through the on-market share buyback. The Board believes Capral's national footprint, diversified end markets, and disciplined approach to capital allocation positions the Company well when residential housing activity recovers," said Capral's Chairman, Mark White.

"Capral has delivered a first half result in line with expectation. We saw growth from our distribution channel in both building systems and the industrial sector, while demand from major window fabricators and resellers remained soft. There is no lift yet from the residential housing market, with builders citing uncertainty from geopolitical conflict, higher interest rates, and taxation changes weighing on new residential construction. Cost control and productivity improvements across the extrusion plants has supported earnings," said Capral's Managing Director and CEO, Tony Dragicevich.

He added: "For the industrial segment, marine demand was strong while transport and infrastructure remained soft but broadly in line with last year. The investment in Australia's AI infrastructure saw data centre work emerging as a growth opportunity during the period.

## CAPRAL ASX ANNOUNCEMENT

"Capral's commitment to enhancing its sustainability performance remains a key focus. The company is on track to achieve its 2030 carbon emission reduction goals. Environmental Product Declarations are now in place for Capral's lower carbon aluminium products. Capral remains the only certified extruder in Australia under the Aluminium Stewardship Initiative standards," said Mr Dragicevich.

### Outlook and Guidance

During the second half of FY26, Capral will focus on growth in its distribution channel, pricing management, and cost control while continuing to invest in productivity across its extrusion plants.

Despite some market and cost headwinds, full-year earnings are expected to be broadly in line with the prior year depending on some recovery of the residential housing market.

The on-market share buyback announced on 2 March 2026, of up to 10% of issued shares, will continue through 2026 and recommence on 25 August 2026. Capral remains confident in its long-term strategy and its ability to create value for its stakeholders.

### Review of operations and key results

Capral is pleased to announce its 2026 first half result which was in line with expectation. Profit after tax was \$15.9 million for the half-year ended 30 June 2026 (1H26), compared with \$15.3 million for the half-year ended 30 June 2025 (1H25) which included a \$2.5 million tax benefit. No tax benefit was recognised 1H26. This resulted in Basic Earnings per Share for the first half of 99.4 cents, up from 90.8 cents per share in 1H25.

### Results Overview

Capral delivered Underlying EBITDA<sup>3</sup> of \$29.0 million in 1H26, up 5% from \$27.7 million in 1H25. Sales volume at 32,500 tonnes was 4% above the first half last year, and sales revenue up 14% to \$372.8 million with higher LME aluminium prices and regional premiums lifting selling prices. Underlying EBIT<sup>3</sup> rose to \$16.7 million compared with \$16.1 million in 1H25.

Growth was delivered by our building systems and industrial markets. Demand from major window fabricators remained soft, with no lift evident from the residential housing market. Builders have cited uncertainty from geopolitical conflict, higher interest rates and taxation changes as weighing on new house sales. Window fabricators continue to report share lost to imported windows. Market share gains against imports to direct customers have been maintained, however volume to resellers is lower.

Residential and commercial building systems sales were ahead of plan, with a healthy commercial pipeline and new product ranges opening opportunities. In the industrial sectors, marine demand remained strong, general industrial, transport and infrastructure volumes were steady. Data centre work has emerged as a growth opportunity. Trade Centre sales were slightly ahead of last year, and a new aluminium centre was opened in Geelong during June.

Higher LME and regional premium costs flowing into cost of goods sold began to impact margins through the second quarter. Tight cost control and productivity improvements across the extrusion plants

## Capral Limited

continued to support earnings, with mill operating shifts reduced late in the half in response to softer demand. Freight costs were materially affected by the Middle East conflict, resulting in an unplanned under-recovery of \$1.0 million.

The balance sheet remains strong with cash of \$62.1 million at 30 June 2026, after \$8.4 million in combined dividends and share buy-backs and \$8.7 million capital expenditure. Operating cash flow of \$28.2 million was well ahead of the prior half, with working capital held broadly flat. The full impact of materially higher metal costs is expected in the second half.

Despite some market and cost headwinds full year earnings are expected to be broadly in line with the prior year due to distribution channel growth, pricing management and tight cost control, dependent on some recovery of the residential housing market.

### Share Buy-back

Capral's first half performance and cash position supports continuing distributions to shareholders. Capral announced the commencement of another on-market share buy-back on 2 March 2026 of up to 10% of issued shares during the 2026 year. During 1H26, Capral acquired 307,173 shares, equivalent to 23 cents per share, compared with 27 cents per share in 1H25. No interim dividend has been declared (1H25: Nil).

### Sustainability

Capral is committed to enhancing its sustainability performance. The Company remains on track to achieve its 2030 carbon emission reduction goals, with baseline emissions submitted for external review and Scope 3 emissions mapping progressing to plan. Capral remains certified to the Aluminium Stewardship Initiative's Performance and Chain of Custody Standards and is the only certified aluminium extruder in Australia. Environmental Product Declarations are now in place for both LocAL and LocAL-SG, cementing Capral's market leading position in certified lower-carbon aluminium.

Safety performance improved further during the half, with the total reportable injury frequency rate reducing to 3.1 from 5.9 at 30 June 2025.

Capral's ongoing approach to sustainability and broader ESG compliance is integral to achieving its long-term sustainability goals and demonstrating commitment to reducing its overall environmental footprint.

### Key Operating Risks

There have been no material changes in the nature of the key operating risks faced by Capral during the half year ended 30 June 2026. Conflict in the Middle East has, however, increased the Company's exposure to two of those risks. Aluminium price volatility has risen, with the LME trading in a wide range and regional premiums increasing materially through the half. Billet supply from Middle East smelters was interrupted during the period and has been replaced with supply from alternative producers at higher base premiums. Capral maintains a diversified billet supply base and continues to manage metal cost exposure through its pricing arrangements.

### Auditor's independence declaration

The auditors' independence declaration as required under section 307C of the Corporations Act is set out on page 4 and forms part of the Directors' report for the half year.

### Rounding of amounts

Capral is a company of the kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2026/183, and in accordance with this, amounts in the Directors' Report and the Financial Report are rounded off to the nearest thousand dollars, unless otherwise indicated. Amounts are aggregated and calculated before rounding. Accordingly, rounded amounts may not sum precisely to the totals presented, and rounded movements may differ from the difference between the rounded amounts shown.

Signed in accordance with a resolution of directors pursuant to s.306(3) of the Corporations Act 2001.

## **NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**for the half-year ended 30 June 2026**

### **1. Material accounting policies**

Capral Limited (**Capral**) is a company domiciled in Australia. The condensed consolidated half-year financial report ("**half-year financial report**") of Capral for the half-year period ended 30 June 2026 comprises Capral and its subsidiary (**Group**).

#### **(a) Statement of compliance**

The half-year financial report is a general purpose financial report prepared in accordance with Australian Accounting Standard AASB 134: Interim Financial Reporting (which complies with the International Financial Reporting Standard IAS 34: Interim Financial Reporting), other mandatory professional reporting requirements and the Corporations Act 2001.

This half-year financial report does not include all the notes of the type normally included in an annual financial report. This report is to be read in conjunction with the most recent annual financial report for the year ended 31 December 2025 and any public announcements made by Capral during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

#### **(b) Basis of preparation**

Capral is a company of the kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2026/183, and in accordance with this, amounts in the Directors' Report and the half-year financial report are rounded off to the nearest thousand dollars, unless otherwise indicated.

The half-year financial report has been prepared on the basis of historical cost, except for the revaluation of certain financial assets and liabilities at fair value through profit and loss and certain classes of property, plant and equipment. Cost is based on the fair values of consideration given in exchange for assets. Except where indicated otherwise, all amounts are presented in Australian dollars.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in Capral's annual report for the financial year ended 31 December 2025, except as noted in Note 1(d) below.

This half-year financial report was authorised for issue by the Company's Board of Directors on 24 August 2026.

#### **(c) Significant accounting judgements, estimates and assumptions**

In the application of Capral's accounting policies, Management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

#### **(d) Application of new and revised standards**

Capral has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board that are relevant to its operations and effective for the current reporting period. Adoption of these Standards and Interpretations did not have any material effect on the financial position or performance of the consolidated entity. Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

The Group produces a wide range of extruded aluminium products and systems. It distributes those manufactured products in addition to a small number of bought-in products through two distribution channels.

The Group supplies to three market sectors through each of its distribution channels:

- Residential - supply of aluminium and other components for windows and doors, showers and wardrobes and security products,
- Commercial - supply of aluminium and other components for windows and doors, internal fit outs and other commercial building related products, and
- Industrial - supply of aluminium extrusions and rolled products for industrial uses.

##### Geographic Information

The Group operates in one geographical area, Australia.

##### Information About Major Customers

There are no individual major customers who contributed more than 10% of the Group's revenue in either the half year ended 2026 or in 2025.

#### 6. Deferred tax assets

The Group has recognised a deferred tax asset of \$29,032,000 (31 December 2025: \$29,032,000) representing both carry forward tax losses and deductible temporary differences. These tax losses may be carried forward indefinitely, however subject to income tax recoupment rules in subsequent years. The recognition of the deferred tax assets is dependent on the three to four years forecasted taxable profits. The Group has taken a view that it is probable to achieve forecasted taxable profits in the next three to four years against which this deferred tax asset recognised would be utilised.

# Independent Auditor's Review Report

To the shareholders of Capral Limited

## Conclusion

We have reviewed the accompanying **Condensed Consolidated Half-Year Financial Report** of Capral Limited.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Condensed Consolidated Half-Year Financial Report of Capral Limited does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the **Group's** financial position as at 30 June 2026 and of its performance for the half-year ended on that date; and
- complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

The **Condensed Consolidated Half-Year Financial Report** comprises:

- Condensed Consolidated Statement of Financial Position as at 30 June 2026;
- Condensed Consolidated Statement of Profit or Loss and Other Comprehensive Income, Condensed Consolidated Statement of Changes in Equity and Condensed Consolidated Statement of Cash Flows for the half-year ended on that date;
- Notes 1 to 14 comprising a summary of material accounting policies and other explanatory information; and
- The Directors' Declaration.

The **Group** comprises Capral Limited (the Company) and the entities it controlled at the half year's end or from time to time during the half-year.

The **Half-Year** is the six months ended on 30 June 2026.

## Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Condensed Consolidated Half-Year Financial Report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* issued by the Accounting Professional & Ethical Standards Board Limited (the Code) that are relevant to audits of annual financial reports of public interest entities in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

## Responsibilities of the Directors for the Condensed Consolidated Half-Year Financial Report

The Directors of the Company are responsible for:

- the preparation of the Condensed Consolidated Half-Year Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*; and
- such internal control as the Directors determine is necessary to enable the preparation of the Condensed Consolidated Half-Year Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

## Auditor's Responsibilities for the Review of the Condensed Consolidated Half-Year Financial Report

Our responsibility is to express a conclusion on the Condensed Consolidated Half-Year Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Condensed Consolidated Half-Year Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 30 June 2026 and its performance for the half-year ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a Condensed Consolidated Half-Year Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
