Brief Explanation of the above results:

1. Imperial Pacific reports record results. These have arisen primarily from a unique situation where two major positive events occurred in the same financial year. Firstly, 41% owned associate London City Equities sold its last remaining shares in Fiducian Group Limited for a capital profit of \$5.6 million. Secondly, the Federal Court litigation pursued by London City against Excelsior Capital Limited resulted in a settlement in November 2025 in which Excelsior Capital agreed to undertake a voluntary liquidation and return all funds to shareholders. London City agreed to withdraw its litigation. Two large fully franked dividends have been paid as part of the liquidation. Imperial Pacific benefited in these two payments directly as a shareholder in Excelsior and indirectly via its 41% shareholder in London City Equities.

2. In addition to sharing in London City's portfolio growth over the year, Imperial Pacific earned basic and performance management fees in the order of \$500,000.

3. The realisation of the Excelsior equity holding has put the Directors in a comfortable state of liquidity. Repayment of past funding support has occurred. And Directors propose an increase in the fully franked dividend payout from 7.0 to 8.0 cents a share for 2026. Again, the Dividend Reinvestment Plan will operate and assist overseas holders who have trouble banking dividends.

3. Comprehensive Income Statement

Please refer to the attached 2026 Annual Report for details and explanation. Imperial Pacific confirms that full compliance with AASB 101 Presentation of Financial Statements has occurred.

4. Financial Position

Please refer to the attached 2026 Annual Report for details and appropriate explanation.

5. Cash Flows

Please refer to the attached 2026 Annual Report for details and appropriate explanation.

6. Retained earnings and changes in equity

Please refer to the attached 2026 Annual Report for details and appropriate explanation.

7. Dividend Distributions

Please refer to the attached 2026 Annual Report for details and appropriate explanation.

8. Dividend Reinvestment Plans

Directors have confirmed the continuation of the Dividend Reinvestment Plan for 2026.

9. Net Tangible Assets

Please refer to the attached 2026 Annual Report for details and appropriate explanation.

10. Changes regarding control in related entities

No material change has occurred with the control of Imperial Pacific Limited related entities.

11. Associates and Joint Ventures

London City Equities Limited is an associated company. Equity ownership rose slightly over the year from 41.0% to 41.5%.

12. Other Significant Information

Please refer to the attached 2026 Annual Report for details and appropriate explanation.

13. Foreign Entity disclosures

No such foreign entities apply to the Company.

14. Commentary on Events

Please refer to the attached 2026 Annual Report for details and appropriate explanation.

15. Status - Audit:

1. The above Report has been based on accounts which have been audited.
2. There are no items in dispute in relation to the accounts of the company.

Chairman's Review of 2026

The Year – strong portfolio performance – two positive events – record profits

Imperial Pacific's share portfolio value continued its growth of recent years and Net Worth rose 22% to \$13.1 million, even after the payment of a record dividend. Profitability in 2026 came at record levels.

Primarily, the positive numbers come from two major events occurring in one year. They have been building up over many years. Firstly, associate London City Equities Limited sold its last remaining shareholding in Fiducian Group for a capital profit of \$5.6 million. Secondly, the Federal Court litigation pursued by London City against Excelsior Capital since April 2024 resulted in a settlement during the year. Here London City withdrew its litigation and Excelsior Capital agreed to undertake a voluntary liquidation and return all funds to shareholders, including London City and Imperial Pacific. All this meant, effectively London City received substantial capital and dividend proceeds and Imperial Pacific the same.

Investment Portfolio – group now very highly liquid

Imperial Pacific's asset base changed markedly over the year. While the 41% shareholding percentage in **London City** remained steady, the underlying assets grew significantly. Furthermore, our 2% holding in **Excelsior Capital** was reduced with some shares being sold in March and the receipt, thereafter, of two fully franked dividends totalling \$1.25 million. These funds were applied to repay a long-standing loan and the surplus placed in trading bank securities.

It is noteworthy to see **London City Equities** continue to outperform the ASX All-Ordinaries Index. Our investment value there rising from \$10.5 million to \$12.2 million. A first class result. For the record, it is very important to confirm serious appreciation of the major contribution by the Imperial Pacific / London City team of Directors with their time, professional input and significant patience in dealing with the twenty month ongoing Federal Court of Australia action. By the way, Imperial Pacific and other related parties reimbursed London City for their respective portion of legal costs.

Financials – top results – higher dividend proposed

Imperial Pacific turned in an exceptional operating profit of \$4.2 million, of which \$3.2 million was the contribution from London City. Operating costs continue to be kept at a minimum. A modest performance fee was earned. The annual fully franked dividend has been increased to 8.0 cents. The Dividend Reinvestment Plan will continue to operate.

Financials – Balance Sheet - net tangible assets at \$2.40 at 30 June

Imperial Pacific's Balance Sheet shows net tangible assets standing at a record \$13.1 million, or \$2.40 a share after paying the 7.00 cent fully franked dividend last October. Little change in these values has taken place since year end.

Yours,

Peter E. J. Murray

Directors' Report for the Year to 30 June 2026

Your Directors present their report on the Company and its controlled entities for the year ended 30 June 2026.

Principal Activities

The principal activities of the economic entity in the course of the financial year continue to be in strategic equity investment in financial services and the portfolio management of London City Equities Limited, this latter role carried out through the Australian Financial Services Licence held by subsidiary, Imperial Pacific Asset Management Pty Limited. London City (41% owned) increased its portfolio values over the year significantly and in meeting its shorter-term temporary objectives it reduced its stock-market equity holdings by exiting its long standing Fiducian Group holding and placed the funds in comfortable bank securities. London City's 9% owned Excelsior Capital (where Imperial Pacific also owns 2%) agreed to pursue voluntary liquidation following Federal Court action and paid two major dividends to shareholders in March and April. Imperial Pacific's net profit for the year was impacted positively by these two significant events. As a result, Imperial Pacific reports a consolidated net operating profit of \$4,248,000 and Shareholders Equity rising from \$10,685,000 in 2025 to \$13,058,000 in 2026.

Strategic Positioning

Imperial Pacific's key objective is to create and maintain a group of entities that provide productive services in the financial sector. Not only maintaining a participation in equity ownership, Imperial Pacific offers traditional and innovative management and financial assistance to those entities in which it has an interest, such as London City Equities (41% owned). Imperial Pacific undertakes specific and short-term financial services focus, rather than operate as a longer term strategic equity holder in the broader investment sector such as London City Equities Limited. Imperial Pacific is risk averse. It can be assertive when required.

Imperial Pacific seeks to provide shareholders with attractive investment returns over the medium to longer terms by enhancing capital growth and paying dividends that together grow faster than the rate of inflation.

Directors and Officers

The Directors and officers of the Company in office at any time during of the year are as follows:

Peter E.J. Murray - Chairman of Directors.

Chartered Accountant, Bachelor of Arts, Affil Member of Stockbrokers and Securities Industry Assn.

Mr Murray has spent over 40 years involved in company management, corporate finance and ASX listed company matters. He has been a senior executive in merchant banking and stockbroking at Director level. Experienced in corporate financial advice, mergers, fund raisings and general corporate management. Past Chairman of Directors of Camelot Resources NL and CCI Holdings Limited. Director and Chief Operating Officer of London City Equities Limited. [Director of Imperial Pacific Limited since 1981]

David Butel – Independent Non-Executive Director.

Special Responsibility: Chair of Remuneration Committee

Master of Business Administration, Bachelor of Science, Diploma of Business Std, Diploma of Education.

Mr Butel has had over 30 years of active executive involvement at senior levels in the Australian resources and services sector in the vital fields of Testing, Inspection and Certification. In recent years his participation has been through ACIRL Pty Limited, CCI Holdings Limited and the international Bureau Veritas organisation as Senior Vice President Commodities – Pacific Zone. He is experienced in high level business management, acquisitions and international resource services. [Director of Imperial Pacific since February 2016]

Remuneration Report

The company has a Remuneration Committee which is responsible for remuneration policies and monitors the remuneration of Directors and officeholders with market conditions. A summary of the policies is set out later in this Annual Report. Details of the emoluments of the Directors are set out in Note 20 of the financial statements and are also shown below:

	Fees	Super Contributions	Total
Mr P.E.J. Murray	\$151,193	-	\$151,193
Mr D.G. Butel	\$42,500	\$5,100	\$47,600
Mr L.J. Joseph	\$42,500	\$5,100	\$47,600

Results and Dividend Status

Imperial Pacific's net assets rose to \$13.1 million, mainly due to the rise in value of London City's portfolio and the capital gain and high dividend paid by Excelsior Capital during the year. The net operating profit, quite exceptional, was \$4,248,000. This sum includes a contribution of \$3,236,794 from 41% owned London City Equities Limited. Directors have proposed the payment of a dividend of 8.0 cents per share, fully franked, for 2026. The DRP will apply.

Objectives, Achievements and Review of Operations

The Board's prime objective during the year continued to be the longer term enhancement of group assets. In this regard special attention was given to the London City associate over the year where Imperial Pacific's shareholding remained in the order of 41%. This work included updating, monitoring and liaising, as far as possible, with London City's two key investments in Fiducian Group Limited (since sold) and Excelsior Capital Limited (since undertaking a voluntary liquidation). London City has invested its proceeds in trading bank securities, predominantly term deposits. Although exceptional results were achieved by London City, the Performance Fee payable to our subsidiary, Imperial Pacific Asset Management Pty Limited was only a modest \$198,000 as it is based on outperforming the tough S&P ASX 300 Accumulated Index.

Statutory Directors Report (Cont'd)

Significant changes in the state of affairs

There have been no significant changes in the state of affairs, other than those already explained.

Matters subsequent to the end of the financial year

Since balance date there have been no major matters to report other than Excelsior Capital has announced dates for the Capital Repayment associated with its voluntary liquidation. No material change has occurred in the value of Imperial Pacific's portfolio since year end. Directors have declared the payment of a fully franked dividend of 8.0 cents per share for 2026. This sum has not been accrued in the financial reports.

Likely developments and expected results of operations

Directors intend to focus on enhancing the values of Imperial Pacific's direct and indirect assets. Otherwise, in the opinion of the Directors likely developments in the operations of the company known at the date of this report have been covered generally within the Annual Report.

Environmental regulation

The Company is not subject to significant environmental regulations under any Commonwealth, State or Territory Law.

Proceedings in respect of the company

There are no legal matters being pursued by the company. .

Indemnification of Officers

The company has not, during or since the end of the financial year in respect of any person who is or has been an officer or auditor of the company or a related body corporate, indemnified or made any relevant agreement for indemnifying against a liability incurred by an officer, including costs and expenses in successfully defending legal proceedings.

Risks (Business and Other) and Compliance

Imperial Pacific maintains its business activities around portfolio investment through either direct investment or the management of an investment portfolio. The thrust has always been directed at strategic percentage shareholdings in companies considered viable on a long term scenario. Direct executive management has been applied to some investee entities over the years. Legal action might also be taken. The risk situation has changed over the year as direct and indirect exposure to equity investments has reduced significantly and that of interest bearing investments has risen. This will continue while group companies undertake research into appropriate long term equity investments. Accordingly adverse material risk is not perceived to be a current issue.

The Board of Directors has in place an Audit, Compliance and Risk Management Committee to assist its deliberations in respect of these issues. The ACRM Committee meets regularly and considers, amongst other things, internal control processes of the company. All Board meetings consider issues raised by the ACRM Committee and formal management reports on the compliance by the company with its key obligations. The Board also notes the regulatory compliance obligations of its portfolio management subsidiary, Imperial Pacific Asset Management Pty Limited.

The Directors have received and considered the Section 295A certification from the senior officeholder responsible for meeting the company's financial, operational and compliance requirements.

Statutory Directors Report (Cont'd)

Auditor

The auditor continues in office in accordance with Section 327 of the Corporations Act 2001.

Non-audit Services.

Details of the non-audit services provided by the auditor are set out at Note 21 of the financial statements. The Directors are satisfied that the provision of non-audit services is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001. The nature and scope of each type of non-audit service provided means the auditor independence was not compromised.

Auditor's Independence Declaration

A copy of the auditor's declaration under Section 307C in relation to the audit for the financial year is provided later in this report.

Corporate Governance Statement – 30 June 2026

Imperial Pacific has noted the “principles and recommendations” of the ASX Corporate Governance Council. The Board of Imperial Pacific believes it carries out the broad thrust of the guidelines in a proper and pragmatic way for a small company in the strategic financial services investment business. In some cases it has not adopted recommendations. The corporate governance policies of the company and the departures from the recommendations are discussed below. This Corporate Governance Report has been approved by the Board and is current at 24 August 2026.

Principle 1 Lay solid foundations for management and oversight

Imperial Pacific has a Board Charter which establishes the functions reserved to the Board and to senior management. Imperial Pacific operates its business through its Board of Directors and management. The Board sets and monitors strategic business plans and shorter term operating challenges. The Board meets at least once a quarter. Imperial Pacific has a formal policy in relation to Core Business Processes as well as formal policies on investment processes and approvals. Written agreements are in place with ongoing Directors. The company secretary is directly accountable to the Board. The operations of the company and delegation of duties are inherent in a public listed organisation with investments that may impact on other companies. A copy of the Board Charter is set out in the rear pages of this Annual Report.

Imperial Pacific supports the principle of diversity of skills, background and gender in relation to board membership, management composure and commercial activity. It has incorporated into its Board Charter a policy in this regard. While such diversity is considered when the opportunity arises, the Board recognises that a company of the size of Imperial Pacific, conducting investment activities with three directors and with no formal employees, has limited scope for making major changes. The Board considers numerical statistics are not meaningful in such a company.

Principle 2 Structure the Board to be effective and add value

The Board of Directors is structured to add long term value to Imperial Pacific. The Directors hold a variety of professional, securities market and corporate skills, operating in a climate where cost effectiveness is a key issue and shareholding interests encourage active participation. There are three Directors, of whom two are regarded for corporate governance purposes as independent. Directors believe it is not practicable, nor cost-effective, for Imperial Pacific to have an “independent” (as defined by the governance principles) Chairman. Indeed the Directors believe it is positive that major shareholdings are held by Directors. Imperial Pacific does not have a position entitled Chief Executive Officer. Imperial Pacific’s policy allows Directors, subject to Board approval, to take independent professional advice at its expense. Directors also point out that they regard a formal Board nomination committee as not being appropriate for a company like Imperial Pacific. This is undertaken by the Board as a whole as and when circumstances dictate. The criteria set for membership of the Board is to ensure that there exists a sufficient mix of skills and experience for an entity such as Imperial Pacific to add value and enhance shareholders’ wealth. These include Financial and Commercial acumen, Executive Leadership, Strategy, Investment, Governance, Tertiary or equiv qualification, Merger and Acquisitions, Taxation, Risk Management and Public Listed Company experience. The Directors also believe they are very open and transparent in disclosing their plans, aspirations and financial results to the shareholders. They believe the annual shareholder meetings provide a good opportunity for shareholders to evaluate their performance. Directors are subject to re-election every three years. The Board has a policy of operating a tight structure, but appoints external parties experienced in specific sectors from time to time to provide the Board with expert advice and undertake special projects.

Principle 3 Instill a culture of acting ethically and responsibly

The Board is committed to ensuring that the group's affairs are conducted in a judicious and ethical manner above and beyond legal and regulatory obligations. To meet these objectives Imperial Pacific has in place a formal Code of Conduct Policy. It also has a Securities Trading Policy in place to cater for dealing in the company’s securities in addition to complying with legislative and regulatory obligations. Directors and officeholders are prohibited from dealing in Imperial Pacific between the end of accounting periods and the release of results without the written consent of the Chair. Investments on the Embargo List are prohibited without the approval of the Board. A copy of the Securities Trading Policy is on the ASX Announcements platform – dated 29 December 2010.

IMPERIAL PACIFIC LIMITED

ABN 65 000 144 561

Corporate Governance (Continued)

A summary of terms of the Code of Conduct follows:

Imperial Pacific and its shareholders expect that each Director, member of staff and / or related personnel should pursue exemplary conduct in respect of ethics, roles and responsibilities of their office. The Group's directors and employees should conform with high community standards of corporate and individual behaviour, in particular:

PERSONAL BEHAVIOUR AND ACCOUNTABILITY

- a. Role and statutory responsibilities as an officer of the corporation
- b. Awareness of social responsibilities
- c. Obligations to all corporate stakeholders
- d. Honesty and fairness in dealings
- e. Pursuit of the best interests of the corporation
- f. Adherence to Group policies and practices
- g. Continuing assessment of corporate opportunity and risk
- h. Undertaking training and being informed on current commercial and business matters.

SECURITY AND CONFIDENTIALITY

- a. Boardroom confidentiality
- b. Security of corporate information
- c. Misuse of corporate information

MANAGEMENT OF PRIVATE INTERESTS

- a. Declaration of private interests including any interest in Group contracts
- b. Gratuities, gifts, and other benefits related to corporate office
- c. Potential and real conflicts of interest

COSTS TO THE CORPORATION

- a. Expenses incurred on corporation business
- b. Fringe benefits and allowances including leave and retirement allowances
- c. Sundry claimable expenses

Failure to observe high standards in relation to the foregoing will constitute grounds on which the Board of Imperial Pacific may by resolution of the directors institute such disciplinary or remedial action as it deems appropriate. This may include dismissal and/or reporting to relevant authorities.

Principle 4 Safeguard the integrity of financial reporting

The Board has in place an Audit, Compliance and Risk Management Committee which comprises two non-executive Directors, (Mr Joseph as Chairman and Mr Butel as the other party). Of these, both members are regarded as independent. Their attendance at committee meetings during the year is set out elsewhere in this Annual Report. With a Board incorporating only three personnel Imperial Pacific believes two members, rather than three, are appropriate for an entity of its nature. Imperial Pacific has further assurances in regard to financial reporting integrity because of the involvement of external auditors. Its subsidiary, Imperial Pacific Asset Management, has extensive ASIC obligations. Operating office-holders are professionally qualified in financial reporting matters. The Board has received positive written Section 295A opinions from the Chief Operating Officer and Chief Financial Officer equivalents and that such has been formed on an effective sound system of risk management and internal control in accord with the company. In relation to audit partner rotation of the company's external auditors, the Board monitors the situation in conjunction with the audit firm. The Audit, Compliance and Risk Management Committee has a formal charter. A summary is set out in the rear pages of this Annual Report.

Principle 5 Make timely and balanced disclosure

The Board aims to ensure timely, balanced and continuous disclosure to the market of all material matters concerning Imperial Pacific in accordance with the ASX continuous disclosure regime and appropriate corporate transparency. To carry out this obligation effectively the Board is both sensitive to the requirements of an informed market and it has in place a Communications Policy which encompasses a continuous disclosure policy. It seeks to keep its shareholders informed through reports to the Australian Securities Exchange, half and full-year profit disclosures, annual reports and material shareholder information announcements. While the Board is ultimately responsible for this task, the Chairman carries the immediate administrative obligation for meeting communications obligations and shareholder transparency. A summary of the Communications Policy follows:

IMPERIAL PACIFIC LIMITED

ABN 65 000 144 561

Corporate Governance (Continued)

The Board of Imperial Pacific firmly believes in providing quality communications to its shareholders and other stakeholders. This includes meeting the company's obligations to the Australian Securities Exchange ("ASX") in relation to Continuous Disclosure Obligations. Imperial Pacific aspires to over-deliver, rather than under-deliver information to its stakeholders. In view of this approach, Imperial Pacific meets the ASX Corporate Governance Principle No 5.

Imperial Pacific seeks to provide to its stakeholders the highest levels of communication standards by adopting the following focus:

- Shareholders are the owners of the company and are entitled to the maximum of information.
- The company will provide all regulatory documentation such as Annual Reports and other letters of advice on a consistent and timely basis
- Imperial Pacific will maintain a web site that provides information on its activities for external consumption.
- Communications will be set out in a clear way, be honest, be factual and endeavour to answer all likely queries that may arise.
- Imperial Pacific will not employ financial "spin doctors" or embellish a story.
- Annual Reports will be explanatory and will be mailed as soon as possible and sent to shareholders in a hard copy.
- Shareholders are encouraged to telephone management to discuss issues and subject to confidentiality issues, full explanations will be forthcoming.
- Imperial Pacific will announce all important and material items as soon as practicable. Where announcements may impact on other organisations, Imperial Pacific may advise that organisation on a confidential basis beforehand..

The Board of Imperial Pacific is primarily responsible for communicating matters to stakeholders. Management personnel will provide the support for the preparation and distribution of announcements. Mr Peter EJ Murray is the senior executive responsible for Imperial Pacific meeting its Continuous Disclosure obligations to the Australian Securities Exchange and any ASIC required communications.

Principle 6 Respect the rights of security holders

Imperial Pacific, as reported earlier, has a communications policy in place. This recognises the importance of effective communications with shareholders and other parties. Imperial Pacific has an informative web-site that assists shareholders in making decisions on their rights and contacting the company electronically. Furthermore, the shareholders have other formal and informal rights provided by the company's Constitution, regulatory bodies and proper public company behaviour. These rights include their entitlement to financial statements, attendance at shareholder meetings, participation by voting on the election of directors at the Annual General Meeting and on other important issues. The auditor is invited to attend the Annual General Meeting, however the board notes that auditor is professionally restricted from providing detailed financial information and is limited to discussing audit process. Shareholder meetings are conducted in an open forum with wide discussion encouraged by the Chairman.

Principle 7 Recognise and manage risk

Imperial Pacific has established policies for the recognition, oversight and management of material business risks. It does not consider it has material exposure to economic, environmental and social sustainability issues. Given the volatility of equity markets and economic conditions, especially in recent times, Imperial Pacific regards risk management as a very important issue. It does not have a formal internal audit function but has in place an Audit, Compliance and Risk Management Committee comprising two non-executive and independent directors. Risk recognition, oversight and management issues are carried out by senior personnel in conjunction with the Board, the Committee and in some cases, external professionals. The Audit, Compliance and Risk Management Committee's framework was reviewed in September prior to the completion of the Annual Report.

While the company's internal policies are considerable, the Board points out that, as a strategic holding company in financial services investing in other companies' equity, it can be difficult to monitor the behaviour of those entities, especially when weak regulatory bodies fail to examine and enforce corporate law. The Board has received positive written Section 295A assurances from the Chief Operating Officer and Chief Financial Officer equivalents. A summary of Imperial Pacific's policies on risk recognition, oversight and management follows:

IMPERIAL PACIFIC LIMITED

ABN 65 000 144 561

Corporate Governance (Continued)

Imperial Pacific believes in competent risk recognition, oversight and management. It recognises that as a strategic investment group in financial services there is some danger where the investee organisations do not provide proper business or financial reporting disclosures or does not meet competent risk management practices. For these reasons Imperial Pacific must continue to be vigilant in these procedures.

Imperial Pacific seeks, as far as practicable for an organisation in strategic investment in other companies, to undertake competent levels of risk management. These relate to its internal and external matters:

Internal Matters (Own resources)

- Imperial Pacific seeks to have a comfortable asset base in which it has no formal gearing.
- Investments must be selected carefully and generally monitored for some time before any shares are purchased.
- Imperial Pacific notes its key investee, London City, concentrates on investment opportunities where it can acquire a reasonably significant equity stake (eg 10%-20%) in a company that can be understood, has a leading position in its market, has good management and represents good investment value with attractive IRRs.
- Imperial Pacific must be available to work in with investee companies.
- Imperial Pacific must remain cost conscious.
- Surplus monies must be placed only with its trading bankers,
- Monies on Deposit and investments must take account of external advice when necessary.
- Good internal controls to be maintained, disaster recovery assessed and regulatory compliance pursued.

Other Matters (External Factors)

- Imperial Pacific must monitor economic, stock-market, industrial sector conditions and maintain close contact with existing investee companies
- Imperial Pacific must have the potential (where events prove unsatisfactory) to become active supporters of the investee company either through direct Board representation or by arms-length support.
- Imperial Pacific must maintain close contacts in various industries of interest.
- London City may seek Board representation with certain investee entities.

The Board of Imperial Pacific is primarily responsible for risk recognition, oversight and management. The Board of Imperial Pacific is assisted in its deliberations by the Audit, Compliance and Risk Management Committee (ACRM). Both the Board and the ACRM Committee are assisted by the management of Imperial Pacific. Risk Management issues must be discussed regularly. All Board meetings must be provided with full details of current investments, targeted investments and funds on deposit

Principle 8 Remunerate fairly and responsibly

Imperial Pacific has a Remuneration Committee in place. The Remuneration Committee is responsible for assessing appropriate remuneration and payment for Directors as well as for other office holders and the portfolio management service provider. The Remuneration Committee comprises two experienced non-executive directors, Mr Butel (Chairman) and Mr Joseph. Both are regarded as independent under the ASX definition. Details of their attendance at committee meetings are set out elsewhere in this Annual Report. Ultimately shareholders approve directors' fees and in 2007 a maximum payout of \$125,000 per annum was approved. This maximum is being reviewed now to reflect the increased nature of the work undertaken and the increased size of the company.

Except for compulsory legislative obligations Imperial Pacific has no scheme for retirement benefits for non-executive directors. Furthermore, Imperial Pacific has no equity based remuneration scheme and has no requirement for policies in this regard. A summary of the Remuneration Committee Charter is set out in the rear pages of this Annual Report.

Note 1: Summary of material accounting policies

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, including Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001. International Financial Reporting Standards ("IFRS") form the basis of Australian Accounting Standards ("AASBs") adopted by the AASB. The financial report has been prepared in accordance with AIFRS (Australian Equivalents to International Financial Reporting Standards).

In this report "Group" refers to the consolidated entity and "Company" refers to the parent entity, Imperial Pacific Limited. This financial report consists of financial statements for the consolidated entity which consists of Imperial Pacific Limited and its respective subsidiaries and its equity accounted associate London City Equities Limited.

The Group has tried to adopt "Plain English" where possible to assist in information transparency.

The following is a summary of the significant accounting policies adopted by the economic entity in the preparation of the financial report. The accounting policies have been consistently applied, unless stated otherwise.

(a) Basis of Accounting

Imperial Pacific Limited is a listed public company incorporated and domiciled in Australia. It has subsidiary companies also incorporated and domiciled in Australia. The financial statements are prepared using the valuation methods described below for holdings of securities. All other items have been treated in accordance with historical cost convention.

In the application of the Company's accounting policies described above, the Directors are required to evaluate estimates and judgments that may be incorporated into the financial statements. Estimates and associated assumptions are based on historical experience and assume a reasonable expectation of future events. Actual results may differ from these estimates.

There are no estimates or judgments that have a material impact on the Company's financial results for the year ended 30 June 2026. All material financial assets are valued by reference to quoted prices and therefore no significant estimates or judgments are required in respect to their valuation.

(b) Principles of Consolidation

A controlled entity is any entity controlled by Imperial Pacific Limited. The parent controls a subsidiary if it is exposed, or has rights, to variable returns from its involvement with the subsidiary and has the ability to affect those returns through its powers over the subsidiary. A list of controlled entities is contained in Note 27 to the financial statements. All inter-company balances and transactions between entities in the economic entity, including any unrealised profits or losses have been eliminated on consolidation.

Where controlled entities have entered or left the economic entity during the year, their operating results have been included from the date control was obtained or until the date control ceased.

The accounts of 41.49% owned London City Equities Limited are included by adopting the equity method of accounting (equity accounted as a 40.98% owned entity in 2025).

(c) Investments: Controlled Entities & Associates

Dividends are brought to account in the profit and loss account when they are credited or paid by the controlled entity.

London City Equities Limited is not recognised as a controlled entity because it is a company over which the group is not able to exercise control despite its 41.49% equity ownership, as one other shareholder controls a similar percentage of London City's issued capital. It is an associated company.

Investments in associated companies are recognised in the financial statements by applying the equity method of accounting.

(d) Income Tax Expense

The income tax expense or credit for the period is the tax payable on the current period's taxable income adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the asset bases of assets and liabilities and their carrying amounts in the financial statements and to unused tax losses. Deferred tax assets and liabilities are offset as all current and deferred taxes relate to the Australian Taxation Office and can legally be settled on a net basis.

A tax provision is made for the unrealised gain or loss on Trading Portfolio securities valued at market value through the Income Statement. A tax rate of 25.0% has been adopted (25.0% in 2025).

Where non-current Investment Portfolio securities are adjusted for unrealised gains or losses at balance date in the Unrealised Revaluation Reserve an assessed deferred tax liability or asset is created to reflect the applicable tax, even though there may be no intention to dispose of those holdings. The tax sum is applied to the Unrealised Revaluation Reserve on one hand and the deferred tax liability or asset on the other.

Where the company might dispose of such securities, tax is calculated on gains made according to the particular parcels allocated to the sale for tax purposes offset against any capital losses carried forward.

Imperial Pacific Limited and its wholly-owned subsidiaries have formed an income tax consolidation group under the Tax Consolidation Regime. Imperial Pacific Limited is responsible for recognising the current and deferred tax assets and liabilities for the tax consolidated group. The tax consolidated group has entered a tax sharing agreement whereby each company in the group contributes to the income tax payable in proportion to their contribution to the net profit before tax of the consolidated group.

(e) Investments

The Company has two discrete types of investments. They are Trading Portfolio Financial Assets (Current Assets) and Investment Portfolio Financial Assets (Non-Current Assets).

All investments are initially recognised at the fair value of the consideration paid. After initial recognition, investments (classified as either Trading or Investment Portfolio) are measured at their fair value. Fair value of listed securities is determined by reference to the last sale price at the close of business at balance date. Gains on Trading Portfolio investments are recognised in the Income Statement.

Gains on Investment Portfolio securities are recognised as a separate component of equity until the investment is sold, collected or otherwise disposed of.

Dividend income is only taken to account when the right to receive a dividend is established, interest revenue being recognised on a proportional basis taking into account interest rates applicable to the financial assets.

(f) Non-Current Assets

The carrying amounts of all non-current assets other than investments are reviewed at least annually to determine whether they are in excess of their recoverable amount. If the carrying amount of a non-current asset exceeds the recoverable amount, the asset is written down to the lower value. In assessing recoverable amounts, the relevant cash flows have been discounted to their present value.

(g) Employee Entitlements

The company has no employees.

(h) Cash and cash equivalents

For cash flow statement presentation purposes, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(i) Financial Risk issues

The economic entity has in place risk management controls supervised by the Board and the Audit, Compliance and Risk Management Committee. Risk issues are explained further in Note 19 of the financial statements.

(j) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the Australian Taxation Office (ATO). In this case it is recognised as part of the cost of the acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable where invoiced. The net amount of GST recoverable from, or payable to the ATO is included with other payables in the balance sheet. Cash Flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the ATO, are reported as operating cash flow.

(k) Revenue

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

Dividend revenue is recognised when the right to receive a dividend has been established. Revenues from the rendering of a service is recognised upon meeting the relevant performance obligations.

Management revenue from both the basic portfolio management fees and performance fees, if applicable, is recognised on an accrual basis.

(l) Leases

The lease liability is measured at the present value of the lease payments still to be paid, discounted at the interest rate implicit in the lease. Lease payments included in the measurement of the lease liability include fixed lease payments less any lease incentive, amounts expected to be payable by the lessee under residual values guarantees, exercise of options and penalties for terminating the lease.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made, initial direct costs, less accumulated depreciation and impairment losses, if any.

(m) New Standards and interpretations not yet adopted.

The Australian Accounting Standards Board has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods. The reported results and position of the Company will not change on adoption of these pronouncements as they do not result in any changes to the Company's existing accounting policies. Adoption will, however, result in changes to information currently disclosed in the financial statements. The Group does not intend to adopt any of these pronouncements before their effective date.

(n) Financial Statements Approval

The financial statements were authorised for issue by the Board of Directors on 19 August 2026.

On a show of hands every holder of ordinary shares present at a meeting in person or by proxy, is entitled to one vote, and upon a poll is entitled to one vote.

Note 16. Capital Management

The Company's objective in managing capital is to continue to provide shareholders with attractive investment returns over the medium to longer term through access to investment management fee income, a steady stream of fully-franked dividends, minimum gearing and enhancement of capital invested. These goals include paying dividends that will, over time, grow faster than the rate of inflation. The company recognises that its capital will fluctuate in accordance with market conditions and the performance of its underlying investments. It may adjust the dividends paid, issue new shares from time to time or buy-back its shares or sell assets to minimise debt.

(d) Nature and purpose of reserves

Realised Capital Gains Reserve

The Realised Capital Gains Reserve records gains from the sale of non-current assets. The reserve may be used for the distribution of bonus shares to shareholders and is available for the payment of cash dividends as permitted by law.

Unrealised Revaluation Reserve

The Unrealised Revaluation Reserve is used to record increments and decrements on the revaluation of non-current Investment Portfolio assets, as described in the accounting policies, adjusted to reflect the applicable deferred tax liability or asset.

Note 19. Financial instruments and risk

A. Financial instruments - fair value of financial assets and liabilities

Accounting Standards require the disclosure of fair value measurements by level of the following fair value measurement hierarchy:

Level 1 - Quoted prices in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; with associated company at cost plus retained asset and profit gains, and

Level 3 - Inputs for the asset or liabilities that are not based on observable market data (unobservable inputs).

B. Risk Considerations - Main factors

The Group's activities expose it to various financial risks, mainly market risk, credit risk and liquidity risk. Risk management is carried out by senior management under policies and strategies approved by the Board and the Audit, Compliance and Risk Management Committee. The Group is not directly exposed to currency risk.

(a) Market Risk

This is the risk that the fair value of future cash flows of financial instruments may fluctuate because of changes in market prices that depend on many factors, including economic conditions, corporate profitability and management competence. The group seeks to reduce market risk by adhering to the prudent investment guidelines of its board, including guidelines in respect of industry status, investee position in the industry, performance outlook, management skills and level of strategic shareholding acquired. Price and Interest Rate risk issues are shown below.

Note 19. Financial instruments and risk (Cont'd)

(a) (i) Price Risk

The Group is exposed to price risk in relation to equities securities. These arise from:

- Investments held by the Group and classified on the balance sheet as either Trading or Portfolio; and
- Exposure to adverse movements in equity prices which may have negative flow-on effects to the revenue derived from the management of clients' investment portfolios.

The Group is not directly exposed to commodity price risk or derivative securities risk.

Price Risk Sensitivity Analysis:

The table below summarises the pre-tax impact of both a general fall and general increase in stock-market prices on listed equity securities by 10%. The analysis is based on the assumption that the movements are spread equally over all assets in the investment and trading portfolios. It assumes no performance fees payable from managed funds.

	----- 2026 -----		----- 2025 -----	
	10.0% increase in market prices \$	10.0% decrease in market prices \$	10.0% increase in market prices \$	10.0% decrease in market prices \$
Impact on Profit (Pre tax)	28,835	(28,835)	26,130	(26,130)
Impact on Equity (Pre tax)	1,253,787	(1,253,787)	1,193,493	(1,193,493)

(a) (ii) Interest Rate Risk

This is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. At balance date the Group had less than 5% of its assets on deposit with its bankers. Given that the Group does not have any serious interest bearing liabilities at balance date, the Board and management do not consider it necessary to hedge the group's exposure to interest rate risk.

Interest Rate Risk Sensitivity Analysis:

At balance date the Group had relatively minor levels of funds on deposit with its bankers or in bank securities of some \$400,000. Accordingly, there is no material interest rate sensitivity involved.

(b) Credit Risk

The credit risk on the financial assets of the entity is the risk that one party to a financial instrument may cause a financial loss for the other party by failing to discharge an obligation. This credit risk for Imperial Pacific is minimised by its policy of placing surplus funds with the company's bankers.

(b) (i) Cash and Cash Equivalents

The credit risk of the Group in relation to cash and cash equivalents in the carrying amount and any accrued unpaid interest. The average weighted maturity of the cash portfolio at any time is no greater than 90 days. The credit quality of cash deposits and equivalents can be assessed by reference to external credit ratings.

		2026	2025
Cash at bank and short-term bank deposits		\$	\$
- Credit Rating (Short)	AA -	166,884	53,010
- Credit Rating (Short)	BBB	278,777	0

(b) (ii) Trade and sundry receivables

The credit risk of the Group in relation to trade and sundry receivables is their carrying amounts. The sums are minor and relate mainly to accrued unpaid interest and prepayments. The risk is mitigated by internal monitoring.

Note 19. Financial instruments and risk (Cont'd)

(c) Liquidity Risk

This risk is that experienced by an entity when it has difficulties meeting its financial obligations. The Imperial Pacific consolidated entity has no formal external borrowings. Imperial Pacific manages maturity balances of deposits, marketable securities, cash flows and dividend income and receipts carefully. The Group's management and its Board actively review the liquidity position on a regular basis to ensure that the Group can always meet its commitments, including investment programmes.

(c) (i) Maturities of financial assets

The following table details the Group's maturity periods of its financial assets. This table has been prepared based on the fair values of financial assets as at 30 June and according to the committed deposit maturing dates. Estimates are continually evaluated and are based on historical experience and expectations which are considered reasonable.

	2026	2025
To 30 days	166,884	53,010
30 - 90 days	177,484	80,862
90 - 120 days	16,000	-
Greater than 120 days	12,537,867	11,934,933

(c) (ii) Maturities of financial liabilities

The following table details the Group's maturity periods of its financial liabilities. This table has been prepared based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group is liable to meet its obligations. The table includes both interest (where applicable) and principal cash flows.

	2026	2025
To 30 days	198,252	148,961
30 - 90 days	-	1,077,662
90 - 120 days	46,603	43,300
Greater than 120 days	47,462	311,065

NOTE: Of the 2025 financial liabilities due within 90 days, \$1,077,662 had been provided by a Director pending the Company concluding alternative investment scenarios that are being considered. The Director gave written assurances that the sums were interest free and subject to 90 day prior notice for repayment. Those funds have since been repaid and normal commercial trade creditor arrangements now apply.

* Net change refers to shares purchased or sold during the financial year.

Note 20. Directors and Executives' Remuneration (Cont'd)

(d) Remuneration Practices

The company's policy for determining the nature and amount of emoluments of board members and senior executives of the company is as follows:

1. The remuneration arrangements for directors are determined by the shareholders in general meeting. From time to time the Board may submit proposals to increase the fees, which are presently have a maximum of \$125,000. The company has scope to remunerate Directors for special duties that may be requested on occasion. Mr Murray does not receive Directors Fees from the Company.
2. The company has no formal executives. In the case of Mr Murray his remuneration is based on an assessment of his experience, performance and tasks undertaken through the year where, in the main, an hourly fee of \$95 is payable, plus a share of corporate advisory fee income, if any.
3. The company has a Remuneration Committee in operation.

Note 21. Auditor's Remuneration

IMPERIAL PACIFIC LIMITED

Notes to the financial statements - 30 June 2026

Note 29. Economic dependency

The major business activities of the group during the year 2025/26 were the management of the London City Equities portfolio, portfolio investment, economic and research monitoring.

The 41.49% owned London City Equities during the year completed its disposal of its interest in a company operating in financial services and is in the process of receiving further proceeds from the voluntary liquidation of that company. London City has over 85% of its assets in bank term deposit and is subject to interest rate movements. The same applies to Imperial Pacific Limited with lower sums in bank securities.

Note 30. Events occurring after balance date

The Directors have declared a fully franked dividend of 8.0 cents per share for 2026. This is not shown in the accounts. Market values of underlying securities have improved in a minor way since 30 June.

Independent Audit Report to the Members of

IMPERIAL PACIFIC LIMITED AND CONTROLLED ENTITIES

ABN 65 000 144 561

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Imperial Pacific Limited and Controlled Entities (the Group), which comprises the consolidated statement of financial position as at 30 June 2026, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of Imperial Pacific Limited and Controlled Entities is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Group's financial position as at 30 June 2026 and of its financial performance for the year then ended; and
- (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independent Audit Report to the Members (cont'd)

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report for the current year. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, but we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

Investment Valuation

The Group's primary activity is investment in other companies and its main asset is an investment portfolio consisting primarily of listed equities, an investment in an associated company, also listed on the ASX, and cash deposits. As at 30 June 2026, the value of investments (refer to note 10 to the financial statements) amounted to \$12.538M representing 94% of total assets held by the Group.

The Group's accounting policy with respect to Controlled Entities and Associates is disclosed in note 1(c) to the financial statements.

The Group's accounting policy describes the distinction between the "Trading Portfolio" and the "Investment Portfolio" (refer to note 1(e) to the financial statements) with both asset classes recorded at fair value in accordance with Accounting Standard AASB 9 Financial Instruments.

The distinction between "Trading" and "Investment" portfolio assets can have a significant impact on the financial report as changes in market value of the former are recorded in the Income Statement and the latter within a separate reserve within equity. The classification and valuation of investments within the Investment Portfolio, and the tax effect of unrealised gains or losses, (refer to note 17(a) to the financial statements) is considered a key area of focus.

How our audit addressed this key audit matter

In obtaining sufficient audit evidence we:

- a) Assessed the classification of each investment as either Trading or Investment Portfolio assets in accordance with the Group's accounting policy
- b) Confirmed investment holdings to external confirmations
- c) Confirmed the valuation of all listed investments had been recorded to reflect the appropriate market value of the securities at balance date
- d) Evaluated the Company's assessment of fair value for possible impairment
- e) Evaluated the Company's recognition of deferred tax assets, in respect of tax losses, to reduce the tax payable in respect of the unrealised gains on the Investment Portfolio.

Independent Audit Report to the Members (cont'd)

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's 2026 Annual Report other than the financial report and the auditor's report thereon. We obtained the Chairman's Review and Directors' Report that are to be included in the Annual Report prior to the date of this auditor's report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Auditor's Responsibilities for the Audit of the Financial Report cont'd

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities with the Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Corporate Governance Charters - 2026

A – The Board Charter of Imperial Pacific Limited

The Board of Imperial Pacific Limited ("Imperial Pacific") recognises that formal and informal responsibilities and tasks are established in the company's Constitution, in legislation and in regulatory requirements.

The purpose of this Charter is to provide a structural framework to give the Board of Imperial Pacific direction and authority over non contractual, legislative or regulatory responsibilities and duties.

Terms of Reference

Complementary to contractual, legislative or regulatory responsibilities, the Board's responsibilities shall include the following:

- Recognising that Imperial Pacific is foremost a business entity.
- Considering and approving corporate strategies and policies, reviewing and approving business plans and major items of expenditure and reviewing and approving financial statements and their presentation to shareholders
- Monitoring and utilising bodies such as the Audit, Compliance and Risk Management Committee and the Remuneration Committee, ensuring that the company has in place a reporting system which enables it to address the compliance and risk management responsibilities of the business carried out by Imperial Pacific.
- Assessing management, including the appointment of executives to the organisation, including the Company Secretary and examining corporate and executive performance.
- Considering Board appointments
- Reviewing from time to time the compliance undertaken by the company's portfolio manager subsidiary, Imperial Pacific Asset Management Pty Limited.

Membership

The membership of the Board is determined by the Constitution and "shall be not less than 3 or more than 5". One-third of (non-executive) Directors must retire from office each year. They may seek re-election. From time to time the Board may consider it appropriate to appoint a new member (or members) to the Board. Personnel considered for selection shall be chosen in the first place on the basis of their requisite business, financial and communications skills. Assessments will then be made as to their suitability for the role in the light of other characteristics including diversity of skills and background, diversity of gender, potential conflicts of interest, personality, costs, availability and the ability to conform to a small company operation such as that of Imperial Pacific. (Independence (as defined by ASX Corporate Governance statements) is not considered an important characteristic for Imperial Pacific. Induction of new Board members is to incorporate detailed explanations of operational matters and assurances as to meeting competent business practices.

Imperial Pacific supports the principle of diversity of skills, background and gender in relation to board membership, management composure and commercial activity. Directors should pursue relevant research and investment presentations to enhance professional development. It will adopt as far as practicable for a company of the size and business activity of Imperial Pacific such a policy in these matters.

Meetings

The Board proposes to meet a minimum of four times each year. Additional meetings may be initiated by a Director or through requests from senior management.

External Reporting

The Board recognises its legislative and regulatory obligations to report financial and other events to its owners, the shareholders, on a continuous disclosure basis and to comply with other regulatory obligations such as those of ASIC and ATO and to undertake scrutiny and re-election at Shareholder Meetings.

Other Duties and Responsibilities

In addition to its formal legislative and regulatory obligations, the Board's responsibilities include the following:

Planning and Decision making

- Considering and approving corporate strategies and policies;
- Reviewing and approving business plans and major items of expenditure
- Assessing and deciding upon Investment opportunities.
- Assessing and deciding upon capital adequacy, gearing ratios and conservative placement of surplus monies on deposit.

Board Charter (Cont'd)

Monitoring

- Meeting regularly, formally and informally
- Monitoring the company's performance and its capital and funding adequacy.
- Creating, monitoring and utilising the Audit, Compliance and Risk Management Committee;
- Ensuring that the company has in place a reporting system which enables it to address the reporting, compliance and risk management responsibilities of the business carried out by Imperial Pacific.
- Reviewing from time to time the compliance undertaken by the company's portfolio manager subsidiary, Imperial Pacific Asset Management Pty Limited.

Reporting

- Ensuring that the company has in place a reporting system which enables it to produce effective, accurate and responsible financial reporting to the shareholders and other parties, including ASIC, ASX and ATO.
- Assessing Section 295A declarations by the CEO and the CFO.
- Reviewing and approving final financial statements and their presentation to shareholders.
- Maintaining open dialogue with all shareholders, especially at the Shareholder Meetings.

Management

- Assessing the need for additional or amended management personnel.
- Examining corporate and executive performance.
- Selecting and appointing executives to the organisation.
- Delegating the task of managing the corporation to executive management, namely:
 - Creating structure of command and responsibilities
 - Day-to-day management of resources
 - Payments of accounts and receipt of monies
 - Recording of transactions
 - Preparation and presentation of investment proposals, updates on existing and potential investments to the Board and via Imperial Pacific Asset Management Pty Limited to portfolio clients
 - Preparation and presentation of various Board reports, agenda and minutes.
- Creating, monitoring and utilising the Remuneration Committee;

Liaison with Management

- The Board is ultimately responsible for the success of the entity and although it undertakes top level strategic planning and decision making for the entity, any Director is entitled to examine and if necessary, audit, any aspect of the company's operations or its management.

Codes of Conduct, Securities Dealings

- Considering and establishing codes of conduct about Director and personnel behaviour.
- Considering and establishing principles in relation to dealing in securities by Directors and company personnel, including Embargo Lists

Other

Any Director has the right, with Board approval, to seek independent professional advice where this is reasonably required for fulfilment of the responsibilities set out in this Charter.

B – The Audit, Compliance and Risk Management Committee Charter (Summary)

The Audit, Compliance and Risk Management ("ACRM") Committee's activities are directed towards satisfaction of Principles 4 and 7 of the ASX Corporate Governance Principles..

Membership

The membership of the ACRM Committee will be determined from time to time by the Board and comprise at least two non-executive members of the Board appointed by the Board on the basis of requisite business, financial and communications skills. The Board appoints the Chairman of the Committee. The Chairman presides over the meetings of the Committee and reports, as necessary, its actions and recommendations to the Board. The company's personnel may be invited to attend meetings. The Chairman may call special meetings of the Committee in addition to those regularly scheduled and may request the attendance of staff and / or external auditors. A Secretary of the Committee may be appointed to facilitate administrative functions including the preparation and circulation of notices of meetings and agendas, and the recording of minutes.

Meetings

The ACRM Committee shall meet a minimum of two times during each year. Additional meetings are held at the discretion of the Committee Chairman or by direction of the Board. Agendas and minutes shall be prepared in relation to the meetings.

Reporting to the Board

The outcomes of the Committee's deliberations are to be reported to the Board as soon as possible after each meeting of the Committee. The minutes of these meetings are to be circulated to the Board.

Specific Duties and Responsibilities

The Committee is given responsibility for considering and advising Board on the following six areas:

One - Internal Controls and Procedures

- Ensuring through regular reviews that adequate procedures are in place to safeguard the company's assets provide informative financial statements and reports.
- Reviewing internal audit reports.
- Seeking to ensure that a system is in place to monitor legislative changes and current developments in accounting standards that might impact on the company.
- Assessing Section 295A declarations by the CEO and the CFO.

Two - External Audit

- Discussing with the external auditors the scope and extent of the half yearly and full year financial audits
- Reviewing and discussing findings of the external auditors and advising the Board of any issues of concern.

Three - Published Financial Statements

- Ensuring that systems are in place to allow the annual report statements to reflect properly the financial condition of the company and comply with ASX listing and other regulatory requirements

Four - Compliance

- Ensuring that the company has in place a reporting system which advises the Board periodically and addresses the compliance obligations of a public listed company such as Imperial Pacific.
- Reviewing from time to time the appropriateness of, and compliance action taken, by the company in maximising compliance obligations.
- Reviewing from time to time the compliance undertaken by the company's portfolio manager, Imperial Pacific Asset Management Pty Limited.

Five - Risk Management

- Ensuring that the company has in place a system which addresses risk recognition, oversight and management and reports as appropriate to the Board.
- Reviewing from time to time the appropriateness of, and risk management action taken by the company in maximising risk management protection.

Six - Special Assignments

- Subject to Board approval, doing such other things as are necessary or prudent to fulfil the responsibilities of the Committee.
- Undertaking other related activities referred to the ACRM Committee by the Board.

General

The ACRM Committee has the right at all times to obtain from all levels of management such information as is necessary to fulfil the responsibilities set out in this Charter. The Committee has the right, with Board approval, to seek independent professional advice where this is reasonably required for fulfilment of the responsibilities set out in this Charter.

C – The Remuneration Committee Charter (Summary)

The Remuneration Committee's activities are directed towards satisfaction of Principle 1 of the ASX Corporate Governance Principles. The primary function of the Remuneration Committee is to assist the Board of Imperial Pacific Equities Limited ("Imperial Pacific") in fulfilling its governance responsibilities in the following area:

Establishing the guiding principles and the actual approval process to be adopted in the payment of sums of remuneration (or applicable financial arrangements) for any Director, or employee of the organisation or related party such as a portfolio management service provider.

The membership of the Remuneration Committee will be determined from time to time by the Board and comprise two non-executive members of the Board appointed by the Board on the basis of requisite business, financial and communications skills. The Board appoints the Chairman of the Committee. The Chairman presides over the meetings of the Committee and reports, as necessary, its actions and recommendations to the Board. The company's personnel may be invited to attend meetings.

The Chairman may call special meetings of the Committee in addition to those regularly scheduled and may request the attendance of staff. A Secretary of the Committee may be appointed to facilitate administrative functions including the preparation and circulation of notices of meetings and agendas, and the recording of minutes.

The Remuneration Committee shall meet as required, expected to be not less than twice per year. Additional meetings are held at the discretion of the Committee Chairman or by direction of the Board. Agendas and minutes shall be prepared in relation to the meetings. The outcomes of the Committee's deliberations are to be reported to the Board as soon as possible after each meeting of the Committee. The minutes of these meetings are to be circulated to the Board.

The Committee is given responsibility for considering and advising Board on the following three areas:

One - The Board - Establishing the guiding principles and the actual approval process to be adopted in the payment of sums of remuneration (or applicable financial arrangements) for members of the Board, predominantly directors fees, examining comparative sums payable in the marketplace for similar services and ensuring proper compliance is undertaken for shareholder approval.

Two – Management - Establishing the guiding principles and the actual approval process to be adopted in the payment of sums of remuneration (or applicable financial arrangements) for executive management and examining comparative sums payable in the marketplace for similar services.
