¹ “Corporate governance statement” is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes “OR” at the end of the selection and you delete the other options, you can also, if you wish, delete the “OR” at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

The Board is committed to maximising performance, generating appropriate levels of shareholder value and financial returns, and sustaining the growth and success of Lumos. The Board believes that good corporate governance helps ensure the future success of the Company, adds value for stakeholders and enhances investor confidence.

The Board has created a framework for managing the Company including adopting relevant internal controls, risk management processes and corporate governance policies and practices which it believes are appropriate for Lumos' business and which are designed to promote the responsible management and employee conduct of Lumos. In establishing its corporate governance framework, the Board has referred to the 4th edition of the ASX Corporate Governance Councils' Corporate Governance Principles and Recommendations (**ASX Recommendations**).

This Corporate Governance Statement (**Statement**) discloses the extent to which the Company has followed the Recommendations, or where appropriate, indicates a departure from the Recommendations with an explanation.

The Company will follow each ASX Recommendation, where the Board considers the ASX Recommendation to be an appropriate benchmark for its corporate governance practices given the Company's size, structure and operations. Where the Company's corporate governance practices follow an ASX Recommendation, the Board has made appropriate statements reporting on the adoption of the ASX Recommendation. In compliance with the "if not, why not" reporting regime, where, after due consideration, the Company's corporate governance practices will not follow an ASX Recommendation, the Board has explained its reasons for not following the ASX Recommendation and disclosed what, if any, alternative practices the Company will adopt in lieu of the ASX Recommendation.

This Statement has been approved by the Board of Directors and is current as at 25 August 2026.

PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

Recommendation 1.1 - Role of the Board and Management

The role of the Board is to approve the strategic direction of the Company, guide and monitor the management of the Company and its businesses and oversee the implementation of appropriate corporate governance with respect to the Company's affairs. The Board aims to protect and enhance the interests of its shareholders, while taking into account the interests of other stakeholders, including employees, customers, suppliers and the wider community.

The Company has established the respective roles and responsibilities of its Board and management, and those matters expressly reserved for the Board and those delegated to management and has documented these roles and responsibilities in its Board Charter. The copy of Board Charter is available on our website at <https://lumosdiagnostics.com/invest>.

The Board delegates responsibility for the day-to-day management of the Company and its businesses to the CEO and Managing Director (**CEO & MD**), Doug Ward. The CEO & MD is supported by the senior executive team and delegates authority to appropriate senior executives for specific activities and transactions via a formal 'delegation of authority' approved by the Board. The Board maintains ultimate responsibility for strategy, control and risk profile of the Company.

Recommendation 1.2: Appointment of Directors

The Remuneration and Nomination Committee (or in its absence, the Board) facilitates the selection and appointment of Directors. Before the Board appoints a new Director or puts forward a candidate for election, the Remuneration and Nomination Committee will ensure that appropriate background checks are undertaken. We provide our shareholders with all material information in our possession that is relevant to their decision on whether or not to elect or re-elect a Director through a number of channels, including via a Notice of Meeting and other information contained in the 2026 Annual Report.

Recommendation 1.3: Appointment Terms

Upon appointment, each Director receives a letter of appointment which sets out the formal terms of their appointment. Directors also receive a deed of indemnity, insurance and access.

Senior executives, being the CEO & MD and the Chief Financial Officer (**CFO**), also receive a written contract with the Company, setting out the terms of their appointment, including remuneration entitlements and performance requirements. The CEO & MD and CFO also receive a deed of indemnity, insurance and access.

Details of executive contracts in place are detailed in the Company's annual Remuneration Report in the 2026 Annual Report.

Recommendation 1.4: Company Secretary

The Board is supported by its Company Secretary, whose role includes supporting the Board on governance matters, assisting the Board with meetings and directors' duties, and acting as an interface between the Board and senior executives across the Company. The Board and individual Directors have access to the Company Secretary.

Under the Company's governance framework, the Company Secretary is accountable to the Board, through the Chair, on all matters regarding the proper functioning of the Board. The Board is responsible for the appointment of the Company Secretary.

Details regarding our Company Secretary, including experience and qualifications, is set out in the Directors' Report in our 2026 Annual Report.

Recommendation 1.5: Diversity Policy

The Company has adopted a Diversity Policy which provides a framework for the Company to establish and achieve measurable diversity objectives, including in respect of gender diversity. The Diversity Policy allows the Board to set measurable gender diversity objectives, if considered appropriate, and to assess annually both the objectives (if any have been set) and the Company's progress in achieving them.

The Diversity Policy is available on the Company's website at <https://lumosdiagnostics.com/invest>.

The Company's policy places priority on securing the appropriate skills, knowledge and experience for the workforce and Board roles, whilst acknowledging the importance of diversity in delivering strong performance for shareholders. The Company, at all times, seeks to align its management system with its commitment to a culture that values and achieves diversity. The Company is also of the view that inclusion should be driven by culture (we want to) rather than by policy (we have to).

The Board and management consider building a diverse and inclusive workforce as paramount to gaining the best insight into the needs of customers and stakeholders. A diversity of perspectives and backgrounds also strengthens creativity and innovation in teams.

In accordance with its Diversity Policy, the Board has adopted the following diversity objectives:

Goals	Objectives
Workplace Diversity	Commitment to creating a diverse and inclusive workforce, with initiatives including to maintain a minimum of 40% female, 40% male and 20% of any gender across all levels of the Company.
Workplace Inclusion	Fostering a culture that encourages collaboration, flexibility, and fairness to enable all employees to contribute to their potential and increase retention.
Sustainability and Accountability	Identify and breakdown systematic barriers to full inclusion by embedding diversity and inclusion in policies and equipping leaders with the ability to manage diversity and be accountable for the results.

The proportion of women on the Board, in senior executive positions and women across the entire organisation as at 30 June 2026 (including previous years) is as follows:

2023	Board	Executives	Whole Organisation

PRINCIPLE 7 – RECOGNISE AND MANAGE RISK

The Risk Management Policy is available on the Company's website <https://lumosdiagnostics.com/invest>.

Recommendation 7.3: Internal Audit

Due to the current size of the Company, and taking into account cost/benefit considerations, the Board does not currently consider it necessary to have an internal audit function. The Audit and Risk Committee Charter requires the Committee to oversee the evaluation and continual improvement of the effectiveness of the Company's risk management and internal control processes. The Audit and Risk Committee will achieve this objective by closely monitoring these areas and will require management to review and report on risk and internal control areas. The Audit and Risk Committee may consider the use of external resources to assist as required.

The Company's Long Term Incentive Plan (**Plan**) prohibits participants from entering into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme.
