¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

Corporate Governance Statement

25 August 2026

Current and approved by the Board as at 25 August 2026

Prime Financial Group Ltd ("The Company") is committed to implementing the highest standards of corporate governance, on a pragmatic basis, whereby shareholders' interests are paramount. The Company has reviewed the ASX Corporate Governance Council's "Corporate Governance Principles and Recommendations 4th edition ("ASX Recommendations") and, while the ASX Recommendations are not considered to be mandatory, has implemented practices largely consistent with those recommendations, with due regard to the current size and nature of the Company's operations and also the practical economic interests of its shareholders.

The Company implemented an initial governance policy/code of conduct on 1 December 2004, in anticipation of the re-listing of the Company, which occurred on 7 December 2004. The Corporate Governance Statement is reviewed on an annual basis, or more frequently as appropriate, to ensure that it continues to be current.

The Company acknowledges that where there is a departure from the ASX Recommendations for any part of a reporting period, the Company is required to state the reasons for such departure. The Company has addressed each departure in the summary provided below in paragraph 8 below on an 'if not, why not' basis, together with any alternative governance practices adopted.

1. Corporate Governance Principles

For ease of reference, the eight essential corporate governance principles as set out in the ASX Recommendations are embodied in the items listed in the following table.

Essential Corporate Governance Principle	
1	Lay solid foundation for management and oversight
2	Structure the board to be effective and add value
3	Instil a culture of acting lawfully, ethically and responsibly
4	Safeguard the integrity of corporate reports
5	Make timely and balanced disclosure
6	Respect the rights of security holders
7	Recognise and manage risk
8	Remunerate fairly and responsibly

2. Board of Directors

2.1 Role of the Board

The Board's role is to govern the Company by setting its strategic direction and providing oversight to management. In governing the Company, the Directors have committed to act in the best interests of the Company as a whole and its shareholders.

The main tasks of the Board are to provide strategic direction and to chart and oversee the performance of the Company. The Board must also ensure that the Company complies with all of its contractual, statutory and any other legal obligations, including the requirements of any regulatory bodies. The Board has the final responsibility for the operations of the Company.

2.2 Composition of the Board

As at 25 August 2026, the Board comprises of four Directors, Mr Simon Madder (Chairman/Managing Director/CEO), Mr Tim Bennett (Executive Director), Mr Matt Murphy (Non-Executive Director), and Ms Andrea Slingsby (Independent Non-Executive Director).

As the Company has a diverse number and range of operations and investments, the Company has adopted the definition of "independent" set out below which substitutes the concept of a "group company" for that of a "material investee". This definition takes a practical approach and meets the required expectations, but is more reflective of the Company's structure and operations.

For the purpose of the definition of "Independent Director", a "material investee" is an investee company that contributes more than 5% of the Company's earnings. Where a company is an investee of an investee of the Company, that company will only be a material investee where it satisfies the definition of "material investee" in its own right.

An Independent Director:

- a. is a Non-Executive Director;
- b. is not a substantial shareholder of the Company (i.e. is not currently a holder of more than 5% of the existing issued capital of the Company) or an officer of, or otherwise associated directly with, a "substantial" shareholder of the Company;
- c. has not been employed in an executive capacity by the Company or a material investee within the last 3 years;
- d. has not been a principal or employee of a material professional adviser or a material consultant to the company or a material investee, or an employee that is materially associated with the service provided, within the last 3 years;
- e. is not a material supplier or customer of the Company or a material investee, or an officer of or otherwise associated directly or indirectly with a material supplier or customer;
- f. has no material contractual relationship with the Company or a material investee other than as a Director of the Company or a material investee;
- g. has not served on the Board for a period which could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the Company; and
- h. is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the Company.

The current Board composition does not comply with ASX Recommendations 2.4 and 2.5 as it currently includes one Independent Non-Executive Director only. This non-compliance is addressed in the summary provided in paragraph 8 below.

The Company and its Directors will continue to review the Board's composition, with due regard to its (evolving) activities, the ASX Recommendations and economic efficacy, as deemed appropriate.

8. “If not, why not”

The ASX Recommendations are based around the principle that all listed companies should comply with the recommendations unless they explain why they are non-compliant. The Company has provided a summary of any departures, which it has made, from the ASX Recommendations below for the benefit and convenience of stakeholders.

Recommendation 2.1 – A majority of the Nomination Committee should be Independent Directors (See paragraph 3.3 of this Statement)

Recommendation 2.1 provides that a majority of the Nomination Committee should be Independent Directors and should be Chaired by an Independent Director. As the Board currently comprises a majority of non-Independent Directors, it is not possible for the Company to comply with this recommendation.

During FY25, the Company appointed an Independent Director (Ms. Andrea Slingsby) and considered it appropriate to appoint that Director to the Nomination Committee. Where the current Chair is conflicted, the Independent Director will step in as Chair.

The Company will continue to review Board and Committee compositions and seek the appointment of additional Independent Directors as appropriate.

Recommendation 2.1 also provides that the Board should disclose a charter of the Nomination Committee. The Company's Nomination Committee is conducted in accordance with paragraph 3.3 of this Statement which is clearly understood by the Directors however, the Company does not at this stage have a separate formal, written Nomination Committee Charter.

Recommendation 2.2 – A listed entity should have and disclose a board skills matrix setting out the mix of skills that the board currently has or is looking to achieve in its membership

The Board strives to ensure that it is comprised of directors with a blend of skills, experience and attributes appropriate to the Company and its business. The principal criterion for the appointment of new Directors is their ability to add value to the Company and its business. The Company has developed a formal document outlining the particular skills of the existing Board and any additional skills it may require, however it has not yet been published.

Recommendation 2.4 – A majority of the Board should be Independent Directors

At the date of this Statement the Board is comprised of three non-Independent Directors and one Independent Director. As noted above, the Company would continue to review Board composition and seek appointment of additional Independent Directors, subject to identification of an appropriate candidate.

The Board composition, size and structure, including the relevant industry experience and specific expertise of the current Board members is considered appropriate having regard to the Company's services, operations, 'One Connected' strategy and the current phase of the Company's growth and development.

The Board also believes that having a majority of Directors with a vested interest and / or shareholding in the Company better serves the Company's shareholders through greater alignment of interests. This is complimented by the fact that the current Directors have a proven track record of building businesses in the industry within which the Company operates.

The Board considers that appropriate safeguards including policies and protocols have been implemented to ensure independent thought and decision making.

Recommendation 2.5 – The chair of the board of a listed entity should be an independent director and, should not be the same person as the CEO

Mr Simon Madder, Co-Founder, Managing Director & CEO of the Company is the Chairman of the Board. The Board believes that this is in the best interests of the Company given his history, experience, expertise and understanding of the business.

The Board believe that Mr Madder has the capacity to exercise quality, independent judgement in the best interests of the Company and other stakeholders, notwithstanding that he is non-Independent.

The Board will continue to maintain an open view as to the best structure to be adopted for the management and decision making of the Company and may make changes which it feels are in the best interests of the Company and its stakeholders.

Recommendation 3.4 – Anti-Bribery and Corruption Policy

The Company's Anti-Bribery and Corruption Policy is encapsulated in paragraph 7.8 of this Statement and is clearly understood by the Directors however, the Company does not at this stage have a separate formal, written policy.

Recommendation 4.1 – Audit Committee

Recommendation 4.1 provides that the Audit Committee should have at least three members who are all Non-Executive Directors and a majority of whom are Independent Directors. It also recommends that the committee be chaired by an Independent Director who is not the Chair of the Board. In both respects, the Company, due to its size and number of Directors, is currently unable to comply with this recommendation.

During FY25, the Company appointed an Independent Director (Ms Andrea Slingsby) and considered it appropriate to appoint that Director to the Audit Committee. Where the current Chair is conflicted, the Independent Director will step in as Chair.

The Company will continue to review Board and Committee compositions and seek the appointment of additional Independent Directors as appropriate.

The Committee (and each Director) also exercise the right to seek independent professional expert advice where it is required.

Recommendation 4.1 also provides that the Board should disclose a charter of the Audit Committee. The Company's Audit Committee is conducted in accordance with paragraph 3.1 of this Statement which is clearly understood by the Directors however, the Company does not at this stage have a separate formal, written Audit Charter.

Recommendation 5.1 – Continuous Disclosure Obligation

Recommendation 5.1 provides that a listed entity should have a written policy for complying with its continuous disclosure obligations under the Listing Rules and should disclose that policy. The Company does not have a separate formal, written policy, however it has not yet been published.

Recommendation 7.1– Risk Committee

Recommendation 7.1 provides that the Company should have a Committee responsible for overseeing risk which should have at least three members, a majority of whom are Independent Directors. In this respect, the Company, due to its size, does not currently have a stand alone Risk Committee. The function of overseeing risks is retained by the Board and the Audit Committee.

Recommendation 8.1 - A majority of the Remuneration Committee should be Independent Directors (See paragraph 3.2)

Recommendation 8.1 provides that a majority of the Remuneration Committee should be Independent Directors and should be Chaired by an Independent Director. As the Board currently comprises a majority of non-Independent Directors, it is not possible for the Company to comply with this recommendation.

During FY25, the Company appointed an Independent Director (Ms Andrea Slingsby) and considered it appropriate to appoint that Director to the Remuneration Committee. Where the current Chair is conflicted, the Independent Director will step in as Chair.

The Company will continue to review Board and Committee compositions and seek the appointment of additional Independent Directors as appropriate.

The Committee (and each Director) also exercise the right to seek independent professional advice where this is required.

Recommendation 8.1 also provides that the Board should disclose a charter of the Remuneration Committee. The Committee is conducted in accordance with paragraph 3.2 of this Statement which is clearly understood by the Directors however, the Company does not at this time have a formal, written charter. The Company also sets out in detail the processes used for calculating Director and senior executive remuneration in its Annual Report.
