FY2026 CORPORATE GOVERNANCE STATEMENT

Mastermyne Group Limited (“Mastermyne” or “the Company”) and its Board of Directors are committed to fulfilling their corporate governance obligations and responsibilities in the best interests of the Company and its various stakeholders.

The ASX Listing Rules require listed companies to provide a statement in their Annual Report disclosing the extent to which they have followed the ASX Corporate Governance Principles and Recommendations adopted by the ASX Corporate Governance Council (“Recommendations”) in the reporting period. These Recommendations are guidelines, designed to improve the efficiency, quality and integrity of the Company. The Recommendations are not prescriptive, but if a company considers that a recommendation should not be followed having regard to its own circumstances, the company has the flexibility not to follow it but in its Annual Report it must identify which Recommendations have not been followed and give reasons for not following them.

This Corporate Governance Statement (“Statement”) and the Company’s suite of corporate governance documents referred to in the Statement, and other relevant information for stakeholders, are displayed on the Company’s website:

<https://mastermyne.com.au/news/investors/corporate-governance/>

The Company has complied with the Recommendations, to the extent outlined in this Statement, throughout the year or as otherwise noted.

1.1 SCOPE OF RESPONSIBILITY OF BOARD

Responsibility for the Company’s proper corporate governance rests with the Board. The Board’s guiding principle in meeting this responsibility is to act honestly, conscientiously and fairly, in accordance with the law, in the interests of Mastermyne’s Shareholders (with a view to building sustainable value for the Shareholders) and those of employees and other stakeholders. The Board’s broad function is to:

- chart strategy and set financial targets for the Company;
- monitor the implementation and execution of strategy and performance against financial and non-financial targets, particularly with regard to safety; and
- appoint and oversee the performance of executive management and generally to take and fulfil an effective leadership role.

Power and authority in certain areas is specifically reserved to the Board – consistent with its function as outlined above. These areas include:

- composition of the Board itself including the appointment and removal of Directors;
- oversight of the Company including its control and accountability system;

- appointment and removal of senior management including the Managing Director/CEO, Chief Financial Officer and Company Secretary;
- reviewing and overseeing systems of risk management and internal compliance and control, codes of ethics and conduct, and legal and statutory compliance;
- monitoring senior management's performance and implementation of strategy; and
- approving and monitoring financial and other reporting, and the operation of Board Committees.

The Board has delegated functions, responsibilities and authorities to the Managing Director & CEO and the Senior Management Team to enable them to effectively manage the Company's day-to-day activities.

1.2 COMPOSITION OF BOARD

The Board performs its roles and function, consistent with the above statement of its overall corporate governance responsibility, in accordance with the Council's guidelines.

- Wayne Bull – Non-Executive Director (appointed 9 June 2025)
- Andrew Kazakoff – Alternate Director for Mr Bull (appointed 9 June 2025)
- Jeffrey Whiteman – Managing Director & Chief Executive Officer (appointed 5 February 2024). Mr Whiteman was the Company's Interim Chief Executive Officer since 20 June 2023.

The following Director resigned from the Company during the year:

- Peter Barker – Chairman & Independent Non-Executive Director (appointed 6 September 2023, resigned 21 November 2025)

Details of each Director's qualifications, experience and expertise, their involvement in Board and Committee meetings, and the period for which they have been in office, are set out in the Directors' Report. All Directors, apart from the Managing Director, are subject to re-election by rotation at least every three years at the Company's annual general meeting.

The Board's view is that an independent Director is a non-executive Director who does not have a relationship affecting independence on the basis set out in the Council's guidelines. Whilst the current

composition of Directors does not reflect a majority of independent Directors, the Board's view is that it is appropriate for the Company's current circumstances.

The Board during the year conducted a review of the skills and experience Directors to ensure they are appropriate for the Company's activities. The Company's Board skills matrix has been updated as follows:

Mr Ben Gargett is Chair of the Audit & Risk Committee, having been appointed to the Board in July last year. The Company acknowledges that whilst Mr Gargett does not meet the definition of "independent" (by virtue of his position with the Company's major shareholder), the Company believes his background and experience qualifies him as the most suitable director for the position as Committee Chair.

Meetings are held often enough to undertake the Audit & Risk Management Committee's role effectively, being at least four times each year. The Committee may invite such other persons to its meetings as it deems necessary.

The Committee keeps minutes of its meetings and includes them for review at the following Board Meeting and the Committee members' attendance at meetings as compared to total meetings held is detailed in the Directors' Report contained in the Annual Report.

1.5 REMUNERATION & NOMINATION COMMITTEE

The purpose of this Committee is to assist the Board and make recommendations to it in relation to the appointment of new Directors (both executive and non-executive) and senior executives and to oversee the remuneration framework for Directors and senior executives. As at the date of this statement, the Committee comprises the following members:

- Andrew Watts (Chair)
- Caroline Chan
- Wayne Bull
- Ben Gargett

The Company acknowledges that the Committee does not have a majority of independent directors, however the Board believes that at this stage of the Company's evolution the composition of the Committee is appropriate.

Functions performed by the Committee include the following:

- obtaining independent advice and making recommendations in relation to remuneration packages of senior executives, non-executive Directors and executive Directors, equity-based incentive plans and other employee benefit programs;
- reviewing the Company's recruitment, retention and termination policies;
- reviewing the Company's superannuation arrangements;
- reviewing succession plans of senior executives and Directors;
- recommending individuals for nomination as members of the Board and its Committees;
- considering those aspects of the Company's remuneration policies and packages, including equity-based incentives, which should be subject to shareholder approval;
- monitoring the size and composition of the Board;

- identification and consideration of possible candidates, and recommendation to the Board accordingly;
- establishment of procedures, and recommendations to the Chairman, for the proper oversight of the Board and management; and
- ensuring the performance of each Director and of senior management, is reviewed and assessed each year in accordance with procedures adopted by the Board. A review has been carried out for the most recent reporting period.

The Remuneration & Nomination Committee will meet as often as necessary but must meet at least twice a year. The Remuneration & Nomination Committee members' attendance at meetings as compared to total meetings held is detailed in the Directors' Report contained in the Annual Report.

1.6 GOOD CORPORATE GOVERNANCE COMMITMENT

The Company is committed to achieving and maintaining the highest standards of conduct and has undertaken various initiatives, as outlined in this Statement, that are designed to achieve this objective. Mastermyne's suite of corporate governance documents is intended to develop good corporate governance and, generally, build a culture of best practice in both Mastermyne's own internal practices and in its dealings with others. The following are a tangible demonstration of Mastermyne's corporate governance commitment.

Independent Professional Advice

With the prior approval of the Chair, which may not be unreasonably withheld or delayed, each Director has the right to seek independent legal and other professional advice concerning any aspect of the Company's operations or undertakings in order to fulfil their duties and responsibilities as Directors. Any costs incurred are borne by Mastermyne.

Code of Conduct

Mastermyne has developed and adopted detailed Codes of Conduct to guide Directors, Senior Executives and employees in the performance of their duties.

Securities Trading Policy

Mastermyne has developed and adopted a formal Securities Trading Policy to regulate dealings in securities by Directors, key management personnel and other employees, and their associates. This is designed to ensure fair and transparent trading in accordance with both the law and best practice. The policy includes restrictions and clearance procedures in relation to when trading can and cannot occur during stated 'closed' and 'prohibited' periods and whilst in possession of price sensitive information. Otherwise, those persons may generally deal in securities during stated 'trading windows'.

2 COMPLIANCE WITH THE ASX CORPORATE GOVERNANCE COUNCIL RECOMMENDATIONS

The Board has assessed the Company's current practices against the Recommendations and outlines its assessment below:

Principle 1 – Lay solid foundations for management and oversight

The role of the Board and delegation to management have been formalised as described in this Statement and the Board Charter, and will continue to be refined, in accordance with the Recommendations, in light of practical experience gained in operating as a listed company.

Mastermyne ensures that appropriate checks are undertaken before it appoints a person, or puts forward to shareholders a new candidate for election, as a director. Information about a candidate standing for election or re-election as a director is provided to shareholders to enable them to make an informed decision on whether or not to elect or re-elect the candidate.

Directors are provided with a letter on appointment which details the terms and conditions of their appointment, provides clear guidance on what input is required by them, and includes materials to assist with induction into the Company. Directors also have the ability to attend internal workshops and other sessions run by the Company to enhance their skills and knowledge of the industry in order to perform their role as Directors effectively. The Company has a similar approach for all senior executives whereby they are provided with a formal letter of appointment setting out their terms of office, duties, rights and responsibilities as well as a detailed job description. The Board has delegated responsibilities and authorities to the CEO and other executives to enable management to conduct

the Company's day to day activities. Matters which exceed defined authority limits require Board approval.

The processes for evaluating the performance of senior executives, the Board and its Committees and individual directors, are set out in the Board Charter, Audit & Risk Management Committee Charter and Remuneration & Nomination Committee Charter. All reviews have taken place in accordance with these charters. During the financial year a performance evaluation of the Board was not undertaken, due to the significant refresh of the Board, however given those changes to the Board's composition the Company has scheduled a performance evaluation to take place before the end of the current year.

The Company Secretary who may only be appointed and removed through a decision of the Board, is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board.

Principle 2 – Structure the board to add value

The Board currently consists of four Non-Executive Directors, an Alternate Director (for Wayne Bull) and a Managing Director. The roles of Chair and CEO/MD are held by different persons. Profiles of each Director outlining their appointment dates, qualifications, experience and expertise, are detailed on the Company's website and in the Annual Report.

Ms Caroline Chan is considered independent in terms of the criteria detailed in the ASX Recommendations and the Board Charter.

Mr Andrew Watts, as founder of Mastermyne and holder of 4.8% of the Company's shares, is not considered independent.

Messrs Bull, Gargett and Kazakoff, who hold executive positions with of M Resources Group (a related party of the Company's largest and shareholder) are not considered independent.

Mr Jeffrey Whiteman, as Managing Director & Chief Executive Officer, is also not considered independent given his role in managing the Company.

There are procedures in place to allow Directors to seek, at Mastermyne's expense, independent advice concerning any aspect of Mastermyne's operations.

A Remuneration & Nomination Committee has been established with its own charter, as detailed above. The Board is committed to a performance evaluation process, with a self-assessment evaluation being undertaken during each year.

Principle 3 – Promote ethical and responsible decision making

To assist with guiding the culture of the Company, Mastermyne has adopted a set of performance benchmarks or values which appear on its website, which are the guiding principles that determines

the type of company which Mastermyne aspires to be and what it requires from its Directors, senior executives and employees to achieve that goal. These values or “The Mastermyne Way” can be found at: <https://mastermyne.com.au/who-we-are/the-mastermyne-way/>

The Board has also adopted detailed Codes of Conduct to guide Directors, executives and employees in the performance of their duties.

The codes have been designed with a view to ensuring the highest ethical and professional standards, as well as compliance with legal obligations, and therefore compliance with the Recommendations.

The Company recognises the benefits that can arise to the organisation from diversity in the workplace covering gender, age, ethnicity and cultural background and in various other areas. Accordingly, the Board has approved a Diversity Policy which details the Company’s approach to promoting a corporate culture that embraces diversity when selecting and appointing its employees and Directors.

This policy outlines measurable objectives for achieving gender diversity throughout the Company over the longer term, and progress towards achieving them has been assessed as follows:

- Female representation on the Board and in Senior Executive roles and succession plans where candidates are identified. Whilst no female representation was on the Board for FY25, the Directors are of the view that the current Board composition is in the best interests of shareholders and will continue to identify the best candidates for future appointments.
- Australian Government Certification of Compliance with the *Workplace Gender Equality Act*.
- Equal pay has been achieved in all positions regardless of gender.
- Flexible working arrangements to facilitate return to work arrangements after maternity leave.
- Executive and Senior Leadership participation in women mentoring programs.
- ‘Baby Benefit’ payment for male and female employees.
- Flexible working arrangements to support transition into retirement to extend working-life and retain capability.

In addition to these measures the Company has adopted both a Whistleblower Policy and an Anti-Bribery and Corruption Policy. These policies provide inter-alia that any material incidents that are reported under these policies are referred to the Board for its consideration and, if necessary, action. Copies of these policies are also available on the Company’s website.

Principle 4 – Safeguard integrity in financial reporting

The Audit & Risk Management Committee, with its own charter which was recently reviewed and updated to incorporate its wider revised role which now includes overseeing the Company’s sustainability reporting, complied with the majority of the Recommendations for the year. All the members of this Committee are required to be financially literate.

Prior to authorising any of the Company’s financial statements, a declaration is received from the Company’s CEO/CFO in accordance with Sections 286 and 295(3)(b) of the Corporations Act 2001

(Cth), that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

The Company has in place a procedures that ensure that at every Annual General Meeting of the Company's shareholders, the Company's external auditor attends to answer questions in relation to the conduct of the audit.

Principle 5 – Make timely and balanced disclosure

Mastermyne Group's current practice on disclosure is consistent with the Recommendations. Policies for compliance with ASX Listing Rule disclosure requirements are included in the Company's Board Charter and Continuous Disclosure Policy.

Principle 6 – Respect the rights of shareholders

The Board recognises the importance of this principle and strives to communicate with Shareholders regularly and clearly, both by electronic means and using more traditional communication methods. Shareholders are encouraged to attend and participate at general meetings.

The Company's auditors are required to attend the annual general meeting and are available to answer Shareholder's questions relevant to the audit. Security holders are able to ask questions of the Company or the auditors electronically as detailed in the company's notice of meeting. Security holders can also request to receive communications electronically via the Company's share registry, Computershare Investor Services Pty Limited.

As part of the Company's management of investor relations the Chief Executive Officer and Chief Financial Officer does, at times, also undertake briefings with investors and analysts to assist their understanding of the Company and its operations and provide explanatory background and technical information.

The Company has not published a formal communications policy as its stated practices generally comply with the Recommendations and has covered a number of aspects of this principle in its Continuous Disclosure Policy, including in relation to briefings with investors and analysts.

Principle 7 – Recognise and manage risks

The Company operates under an enterprise-wide risk management framework summarised in the risk management policy adopted by the Board which can be found on the Company's website. The framework in place ensures the Company identifies and keeps an up-to-date understanding of areas where it may expose itself to risk and implement effective management of those risks.

Oversight of the risk management framework is undertaken by the Audit and Risk Management Committee which assists the Board in its oversight role by:

- the implementation and review of risk management and related internal control and compliance systems
- monitoring the Company's policies and procedures, ensuring compliance with the relevant laws and Company's code of conduct; and
- annual review of the risk management framework, to evaluate and continually look to improve the effectiveness of the Company's risk management and internal control processes.

As a reporting entity under Chapter 2M of the Corporations Act Mastermyne is required to prepare a "Sustainability Report" in accordance with AASB S2 Climate-related Disclosures as part of its annual report. The Company during the reporting period commenced the steps necessary to provide such a report and expects that it will deliver a compliant report for the year ending 30 June 2027.

The Company does not have a separate internal audit function due to its relatively small size and less complex financial and organisational structures. The Audit and Risk Management Committee discharges the function of evaluating and continually improving the effectiveness of the Company's risk management and internal control processes, and in doing so is subject to the overall supervision of the Board. The Company's external auditor performs procedures on the Company's internal controls as part of the annual audit.

The Board has received assurance from the Chief Executive Officer and the Chief Financial Officer that the declaration provided in accordance with section 295A of the Corporations Act is founded on a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks.

The Company and Directors recognise the importance of Environmental, Social and Governance matters. The Company operates in the mineral resources sector and is subject to a variety of risks that have the potential to have a material impact on its business. These risks include but are not limited to Environmental and Social risks.

As with most resource activities, the Company's actions have the potential to impact on the environment giving rise to substantial costs for environmental rehabilitation, damage, control and losses. The Company through the Audit & Risk Committee strives to conduct its activities to the highest standards of environmental and social obligation, including compliance with all environmental laws and developing strong relationships with the host communities and regions where the Company operates.

Principle 8 – Remunerate fairly and responsibly

Remuneration of Directors and executives is fully disclosed in the Remuneration Report (contained in the Directors' Report) and any material changes with respect to key management personnel will be announced in accordance with continuous disclosure principles. The Remuneration Report also provides details of the Company's equity-based remuneration scheme (Performance Rights).

The aggregate level of non-executive Directors' remuneration is currently set at \$600,000 approved on 14 November 2023 and any increase must be approved by shareholders. Non-executive Directors are not provided with any retirement benefits, other than statutory superannuation.
