

28 August 2026

ROVER 1 SCOPING STUDY MINING SCHEDULE

Castile Resources Limited ("Castile" or the "Company") advises that it has retracted and replaced the mining schedule and outcomes of that schedule on pages v and xii and pages 12-17 of the Rover 1 Scoping Study released on 21st August 2026 as Castile did not have a reasonable basis for a disproportionate level of inferred resources in the last four years of the mining schedule. Consequently, investors should not rely on the retracted information. The Company has released a revised 2026 Rover 1 Scoping Study with the replacement mining schedule and outcomes on 28 August 2026.

The Company has also retracted the Castile Resources 2026 Rover 1 Scoping Study Presentation released on 21 August 2026 which was based on the Scoping Study referred to above and shareholders must not rely on the retracted information. The Company has released a revised 2026 Rover 1 Scoping Study Presentation.
