No	The Board Charter provides that the Board, with the assistance of a Group Corporate Governance & Nomination Committee, will review and evaluate the performance of the Board, each Board Committee and each individual Director, at least annually. The Board considers that the performance of the consolidated group of companies is performing well at the stage of its maturity. This is based principally on the financial metrics achieved for the first full year of the strategic change following the Aliwa acquisition. As part of this, and in particular through the Board Remuneration Committee process, the Board looks at its own performance, albeit subjectively and not independently, and has used certain industry proxies as a gauge. The Company continues to operate with a small team with experienced professionals charged with strategically building each Business Unit and, unless and until there is negative synergies from operating the Business Unit structure and/or significant underperformance by an individual Business Unit, we foresee this method (non-independent evaluation against industry metrics) as the most appropriate method to evaluate the Board’s performance.

There is currently no Chief Executive and we operate Business Units, each with executive leads.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
